

JINGZHI NEXUS

Joint Intelligence Nexus for Global AI Innovation
LuffyJay/jingzhang-ai-vision | v1.0 | August 2026

Design Basis & Sources

1	Official Pre-qualification Announcement (May 2026)
2	Agent Open Call Task Book (user-cleared)
3	MOHURD Urban Design Measures (2023)
4	MNR Land-Sea Classification Guide (2023)
5	6 Global AI Ecosystem Case Studies
6	Repository Provisional Boundary (Aug 2026)

Three-Level Scopes

1	Coordinated Research: 43.6 km2 (N5 Ring - Xizhimen)
2	Overall Design: 11.4 km2 (Jing-Zhang Park corridor)
3	Key Areas: 3.68 km2 (Three zones)
4	All spatial data uses provisional boundaries
5	Official boundaries pending - recalibration required

Master Concept

1

Naming: JINGZHI NEXUS / Jing-Zhi Shunu

2

Three Rings: Knowledge / Living / Culture

3

Five Arteries: Innovation / Mobility / Ecology / Culture / Community

4

Logo: Herringbone track + Neural node

5

Colors: Tech Blue / Railway Grey / Innovation Orange

Key Areas Design

1	Zhongzhiyuan (192.1 ha): Computing Ark
2	AI Origin (104.3 ha): Open Source Plaza
3	Dazhongsi (72.0 ha): AI Bazaar
4	12 km connecting greenway spine
5	8 plaza nodes + 13 green features

Land Use & DRR

1	Research & Innovation: ~25% (~285 ha)
2	Residential: ~25% (~285 ha)
3	Green & Plaza: ~10% (~114 ha)
4	DRR: Retain 30% / Renovate 40% / Demolish 20% / New 10%
5	All ratios conceptual - pending regulatory data

Transport & Infrastructure

1	12 km continuous greenway (N-S axis)
2	3 TOD stations
3	Target road density: 8.0 km/km2
4	AI computing pipeline corridor (underground)
5	Distributed energy stations (target PUE <=1.2)

AI Scenarios & Landmarks

1	10 AI scenario cards (3 test & validation)
2	5 user personas
3	3 AI pilgrimage landmarks
4	AI Public Space Component Library
5	All scenarios with human review + privacy

Phasing & Operations

1	Near-term 26-28: Dazhongsi + Greenway Phase 1
2	Mid-term 28-31: AI Origin Community
3	Long-term 31-35: Zhongzhiyuan
4	Annual events: Summit / Camp / Open Day / Hackathon
5	Developer community: JINGZHI DevHub

Metrics & Compliance

1	Site Area: 1,140 ha (known)
2	Green Ratio: ~23% (estimated)
3	Public Space Ratio: ~18% (estimated)
4	23 mandatory requirements covered
5	15 depth items complete

Risk & Copyright

1	All spatial data: provisional boundaries
2	Land use ratios: conceptual suggestions
3	Not a statutory plan
4	AI-generated content with public data sources
5	License: COMMUNITY-DISPLAY-ONLY
