Three-Level Scope Framework

Coordinated 43.6 km² | Overall 11.4 km² | Key Areas 3.68 km²

Three-Level Scope Framework

Three scopes cascade from industrial strategy to overall urban design to key-area detailed design.

Three Key Areas Detailed Design

Three Key Areas & Design Tasks

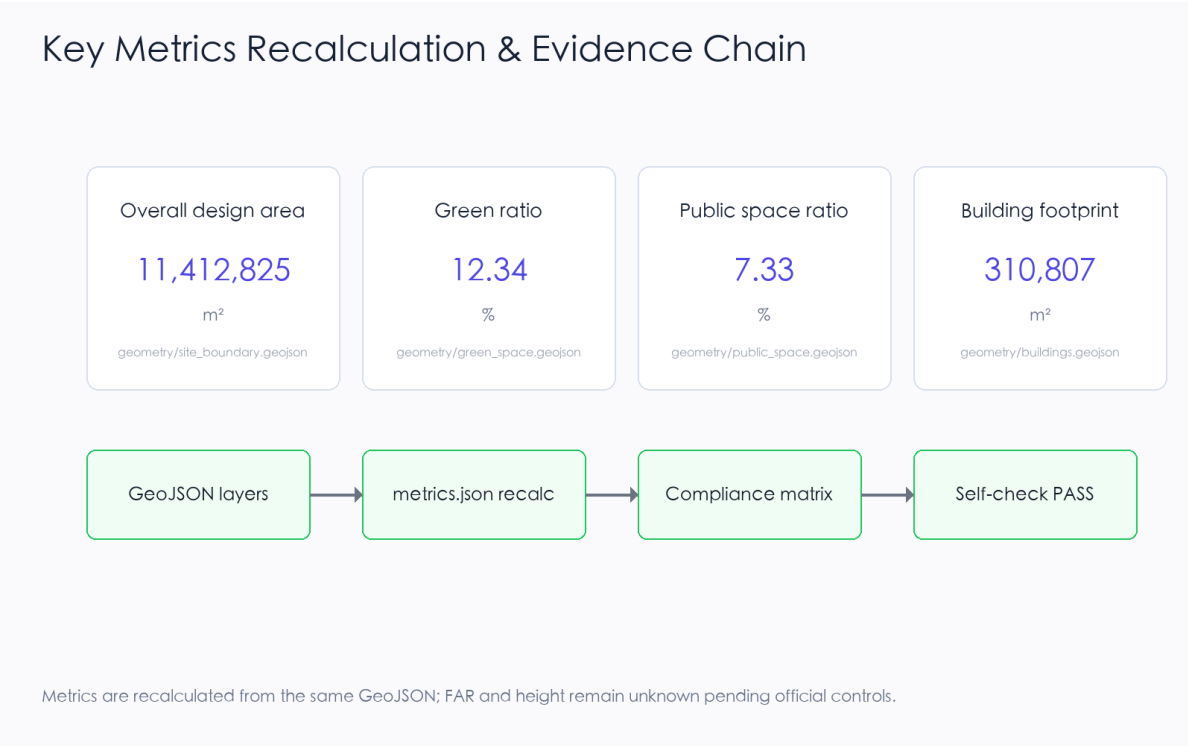

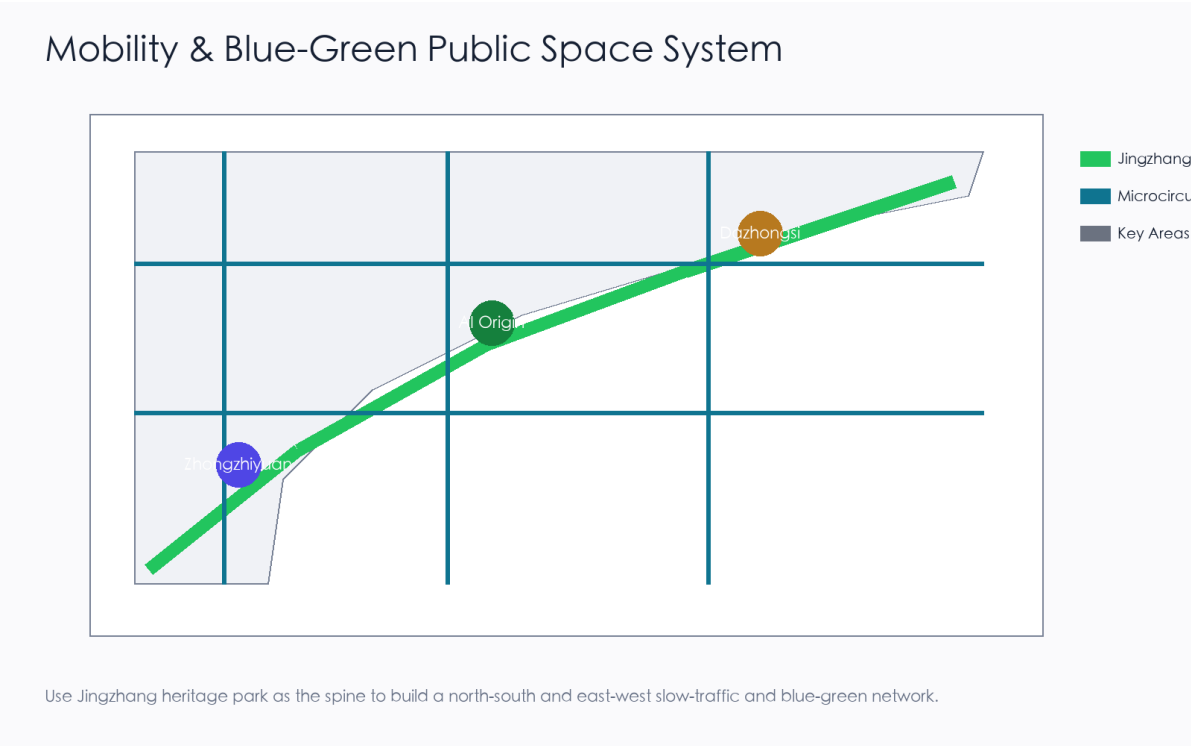

Zhongzhiyuan AI
Acceleration Area
Garden-type innovation district

Beijing AI Origin
Community
Campus-linked conversion district

Dazhongsi AI
Industry Cluster
Urban smart-economy district

Each key area needs function, building renewal, public space, traffic organization and implementation risks.

Mobility, Blue-Green Space & Metrics

Note: All metrics are recalculated from provisional boundary and will be updated when official boundary is released.
