02 / STRUCTURE

ONE SPINE / THREE YARDS / TWO WINGS

Complete conceptual coverage without false statutory precision

- RESEARCH + LEARNING**
SMALL CELLS

Clustered around the three yards
- LIVING + SERVICE**
EVERYDAY FIRST

Trials never crowd out daily life
- GREEN + PLAZA**
PUBLIC BUFFER

Quiet fallback remains open
- RESERVE + MIX**

01 SPACE MARGIN

Small cells, adaptable ground floors and mobile elements: borrow, evaluate, then retain.

02 TIME MARGIN

Every pilot has a start, review and exit time; failed trials never renew by default.

03 HUMAN AUTHORITY

Notice, refusal, appeal and takeover; every scenario keeps a no-AI equivalent service.

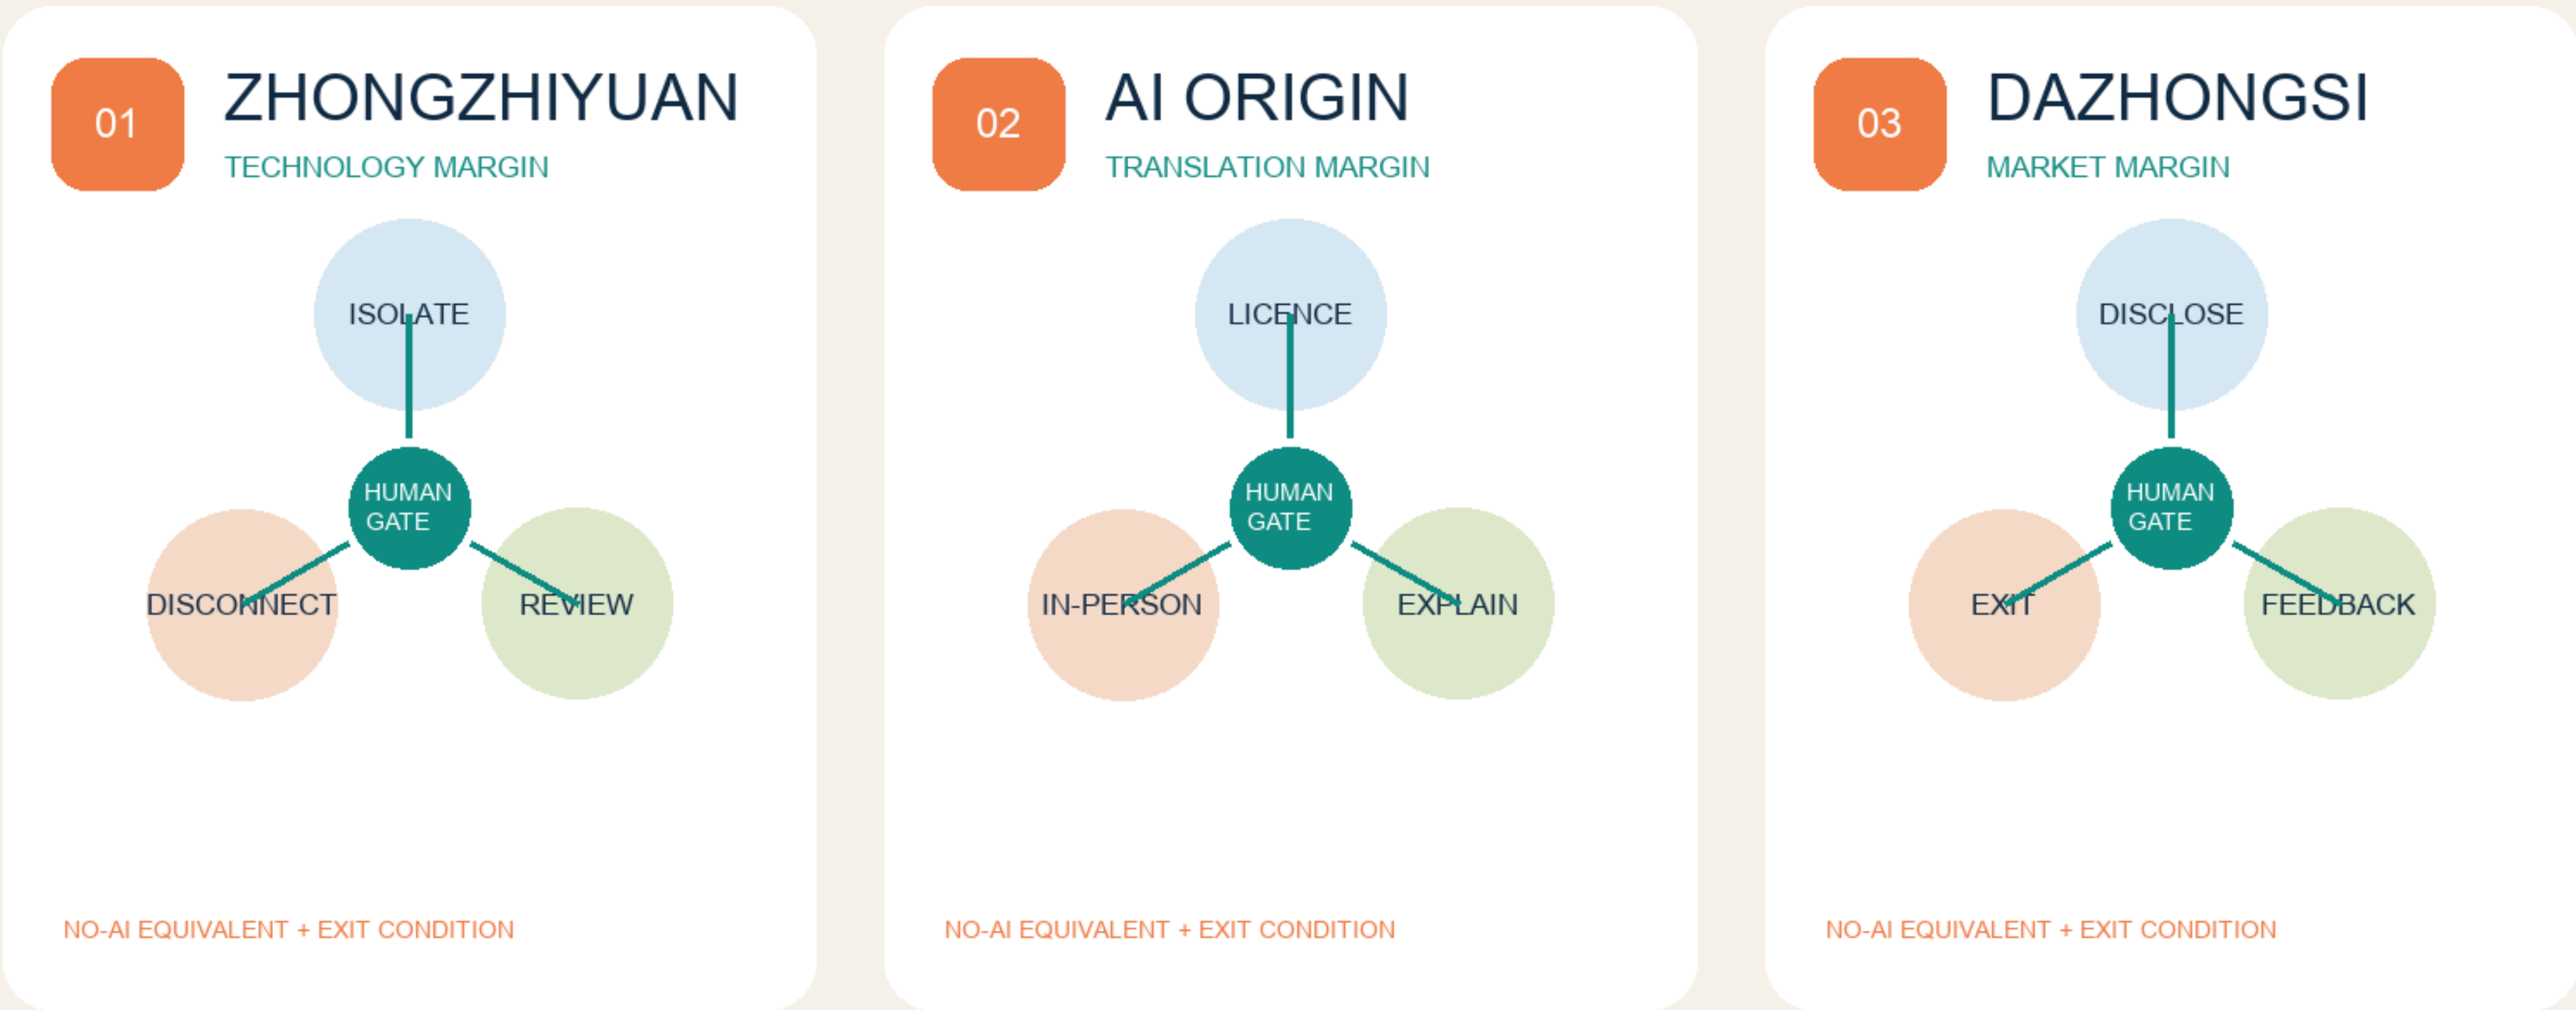

PROVISIONAL SCOPE · FULL RECALCULATION ON OFFICIAL POLYGONS

01 EVIDENCE GATE

Compute only areas, ratios, lengths and counts supported by the current GeoJSON.

02 RECALCULATE

When official polygons arrive, recompute layers, metrics, figures, PDFs and HTML as one package.

03 EXIT GATE

Every pilot publishes its pause threshold, accountable person and removal time; failure means closure.
