Shared principle: AI is not an eighth land-use category, it creates spatial interfaces that can start, stop and be replaced.

All alignments remain conceptual relationships; no road/roadline, bridge/tunnel scheme, station exit, feasibility or approved control plan is claimed.

*Design-component library only; not construction drawings, a procurement list, facility permit, or official engineering seal.*

Concept proposal • design-first • provisional geometry is not an official redline

This table states conceptual quantity bases, roles and maintenance cadence only. Currency budgets, total FTE, procurement entities, insurance contracts and approvals remain UNKNOWN.

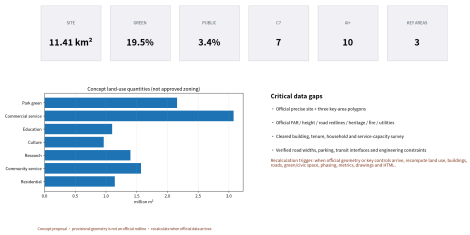

Shared decision gate: PRECONDITION – TEST – RECEIPT – DECISION

```

graph TD
    A[Shared decision gate: PRECONDITION – TEST – RECEIPT – DECISION] --> B[1 PRECONDITION evaluated  
no exception – decision state]
    B --> C[2 Test (both receipt  
and/or liability can be tested)]
    C --> D[3 END / REJECT / STOP  
nothing to review the proposal]
  
```

Shared liability: if receivable parties, periods, liability, insurance, or vice versa in 50% conditions cannot be verified, the proposal remains a concept proposal, no Sale Budget, partnership or shareholder file is gap.

*Concept only implementation framework. Provisional geometry is non-official and is not a procurement, approval, contract or construction basis.*

Concept proposal • design-first • provisional geometry is not an official redline
