

This map is a provisional concept illustration: boundary and parcels are a temporary design model, not an official redline, ownership, permit or engineering location; recompute from official geometry once published.

Overall design overview (provisional geometry)

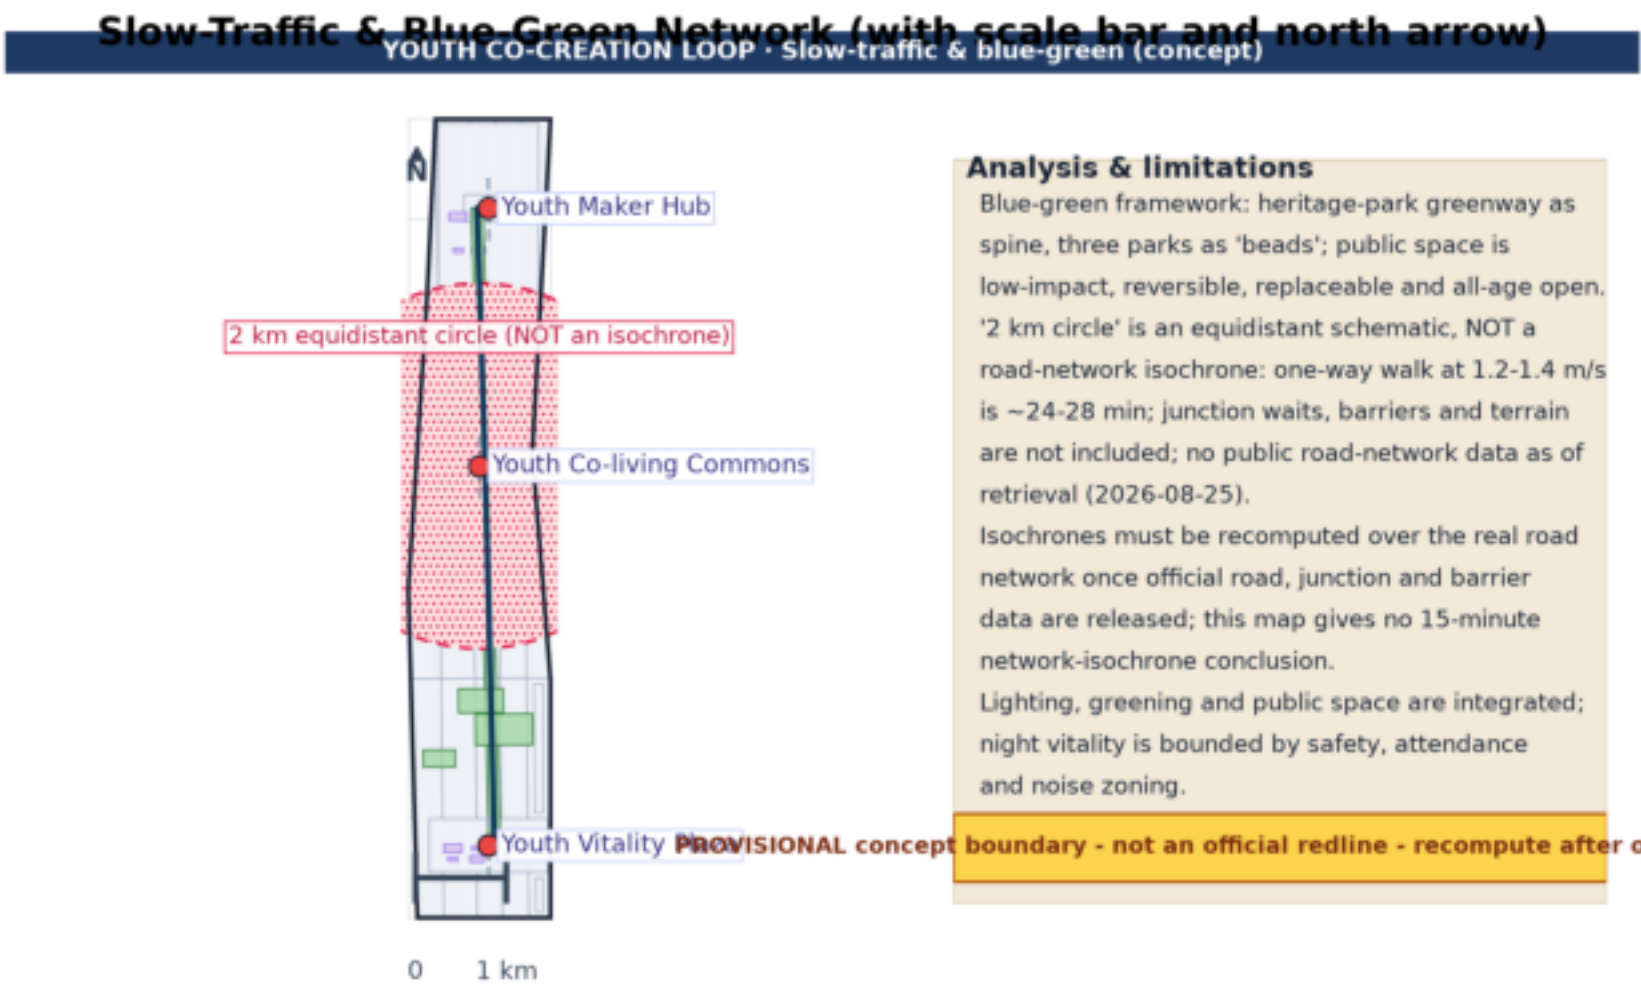

Conceptual land-use structure

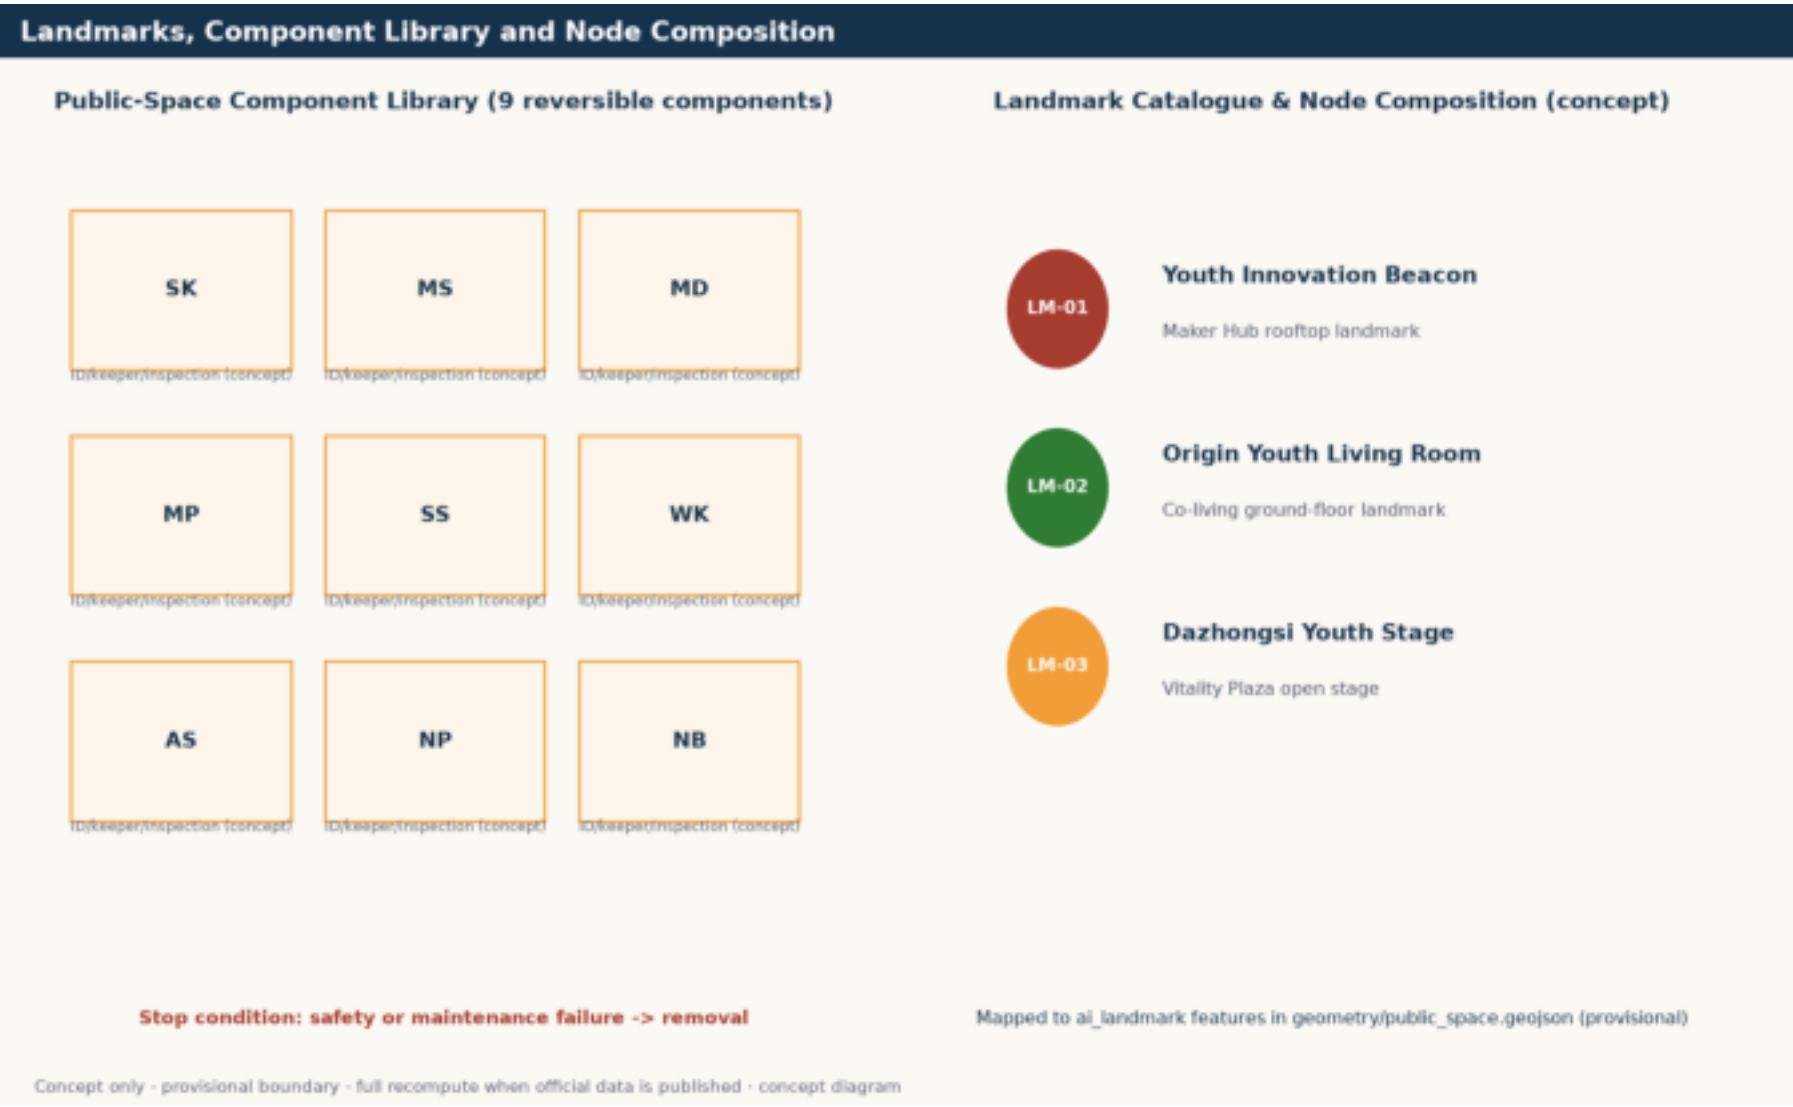

Three-node index and node composition

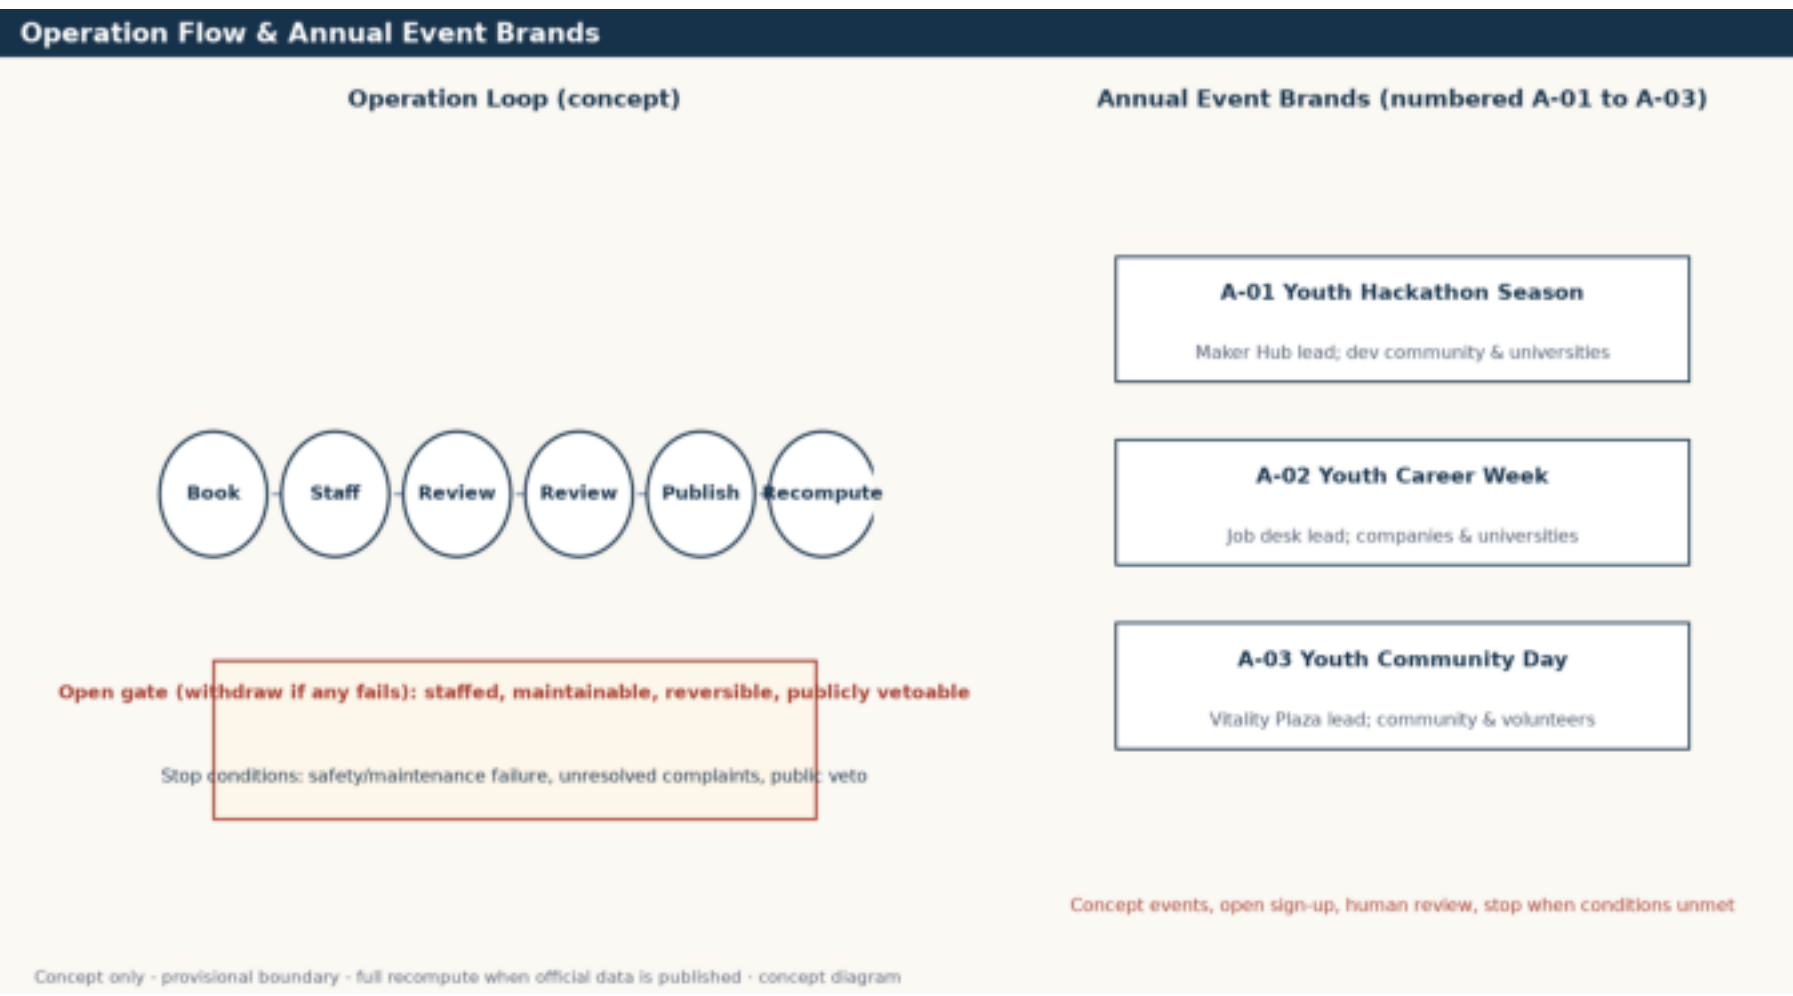

& Youth-Friendly Public Service Network (Concept)

Provisional concept analysis: boundary and network are a concept model, not an official redline or road-engineering plan; indicators and isochrones are superseded by the full recompute after official data release.

Landmarks, component library & node spatial sequence

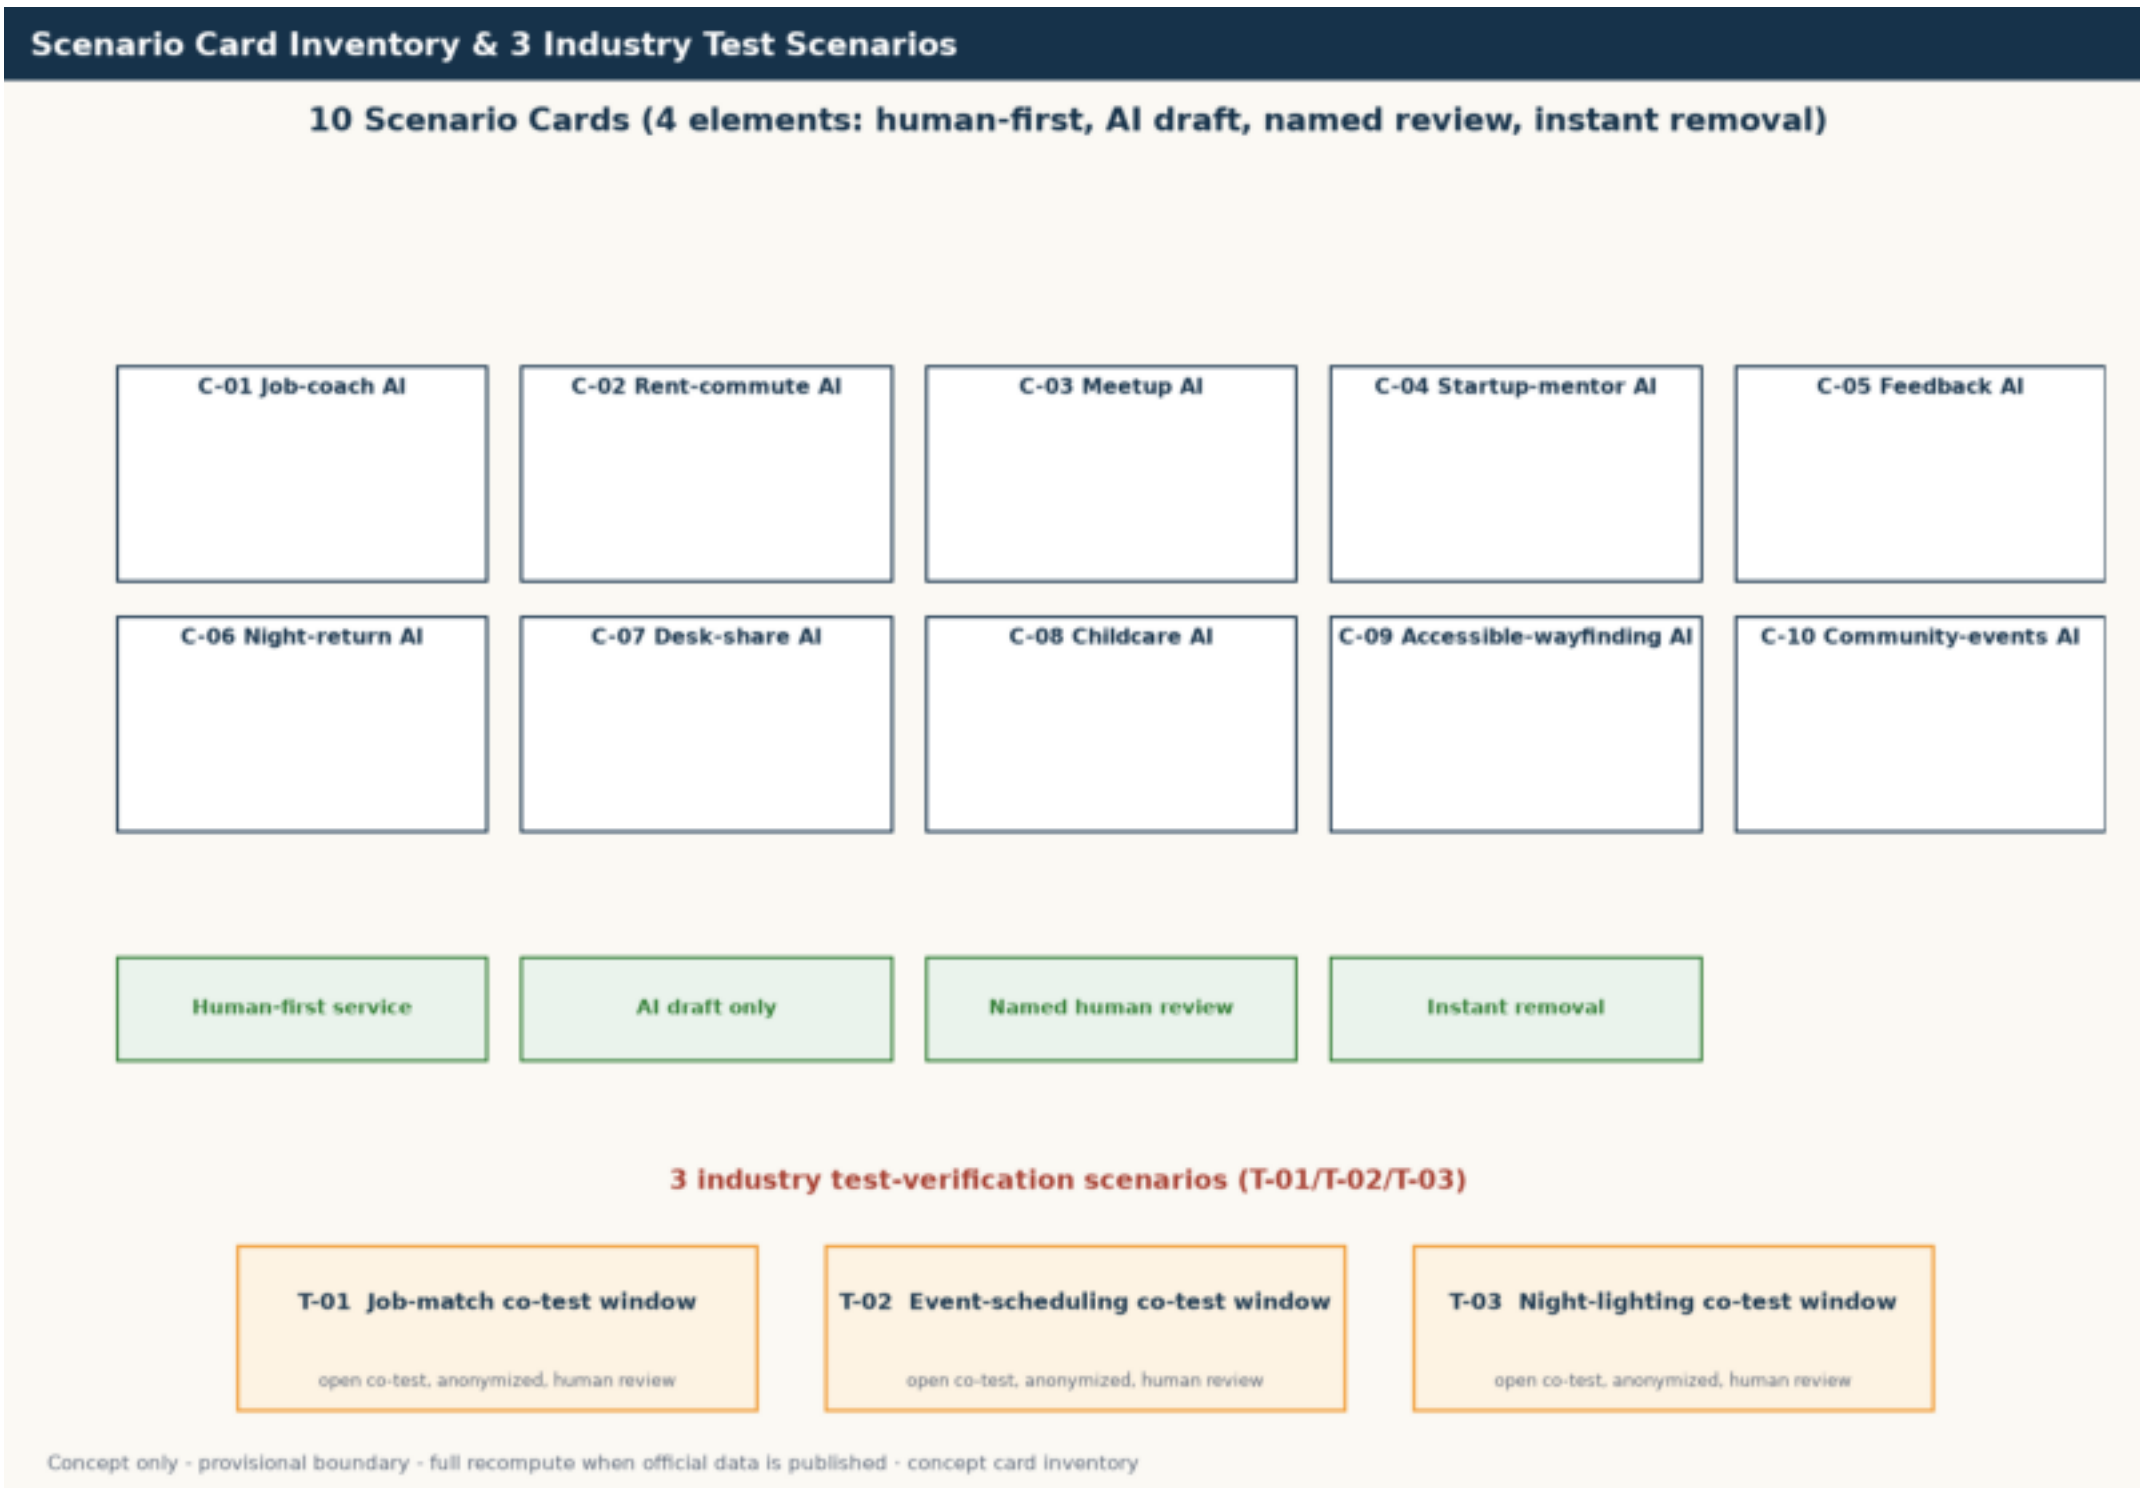

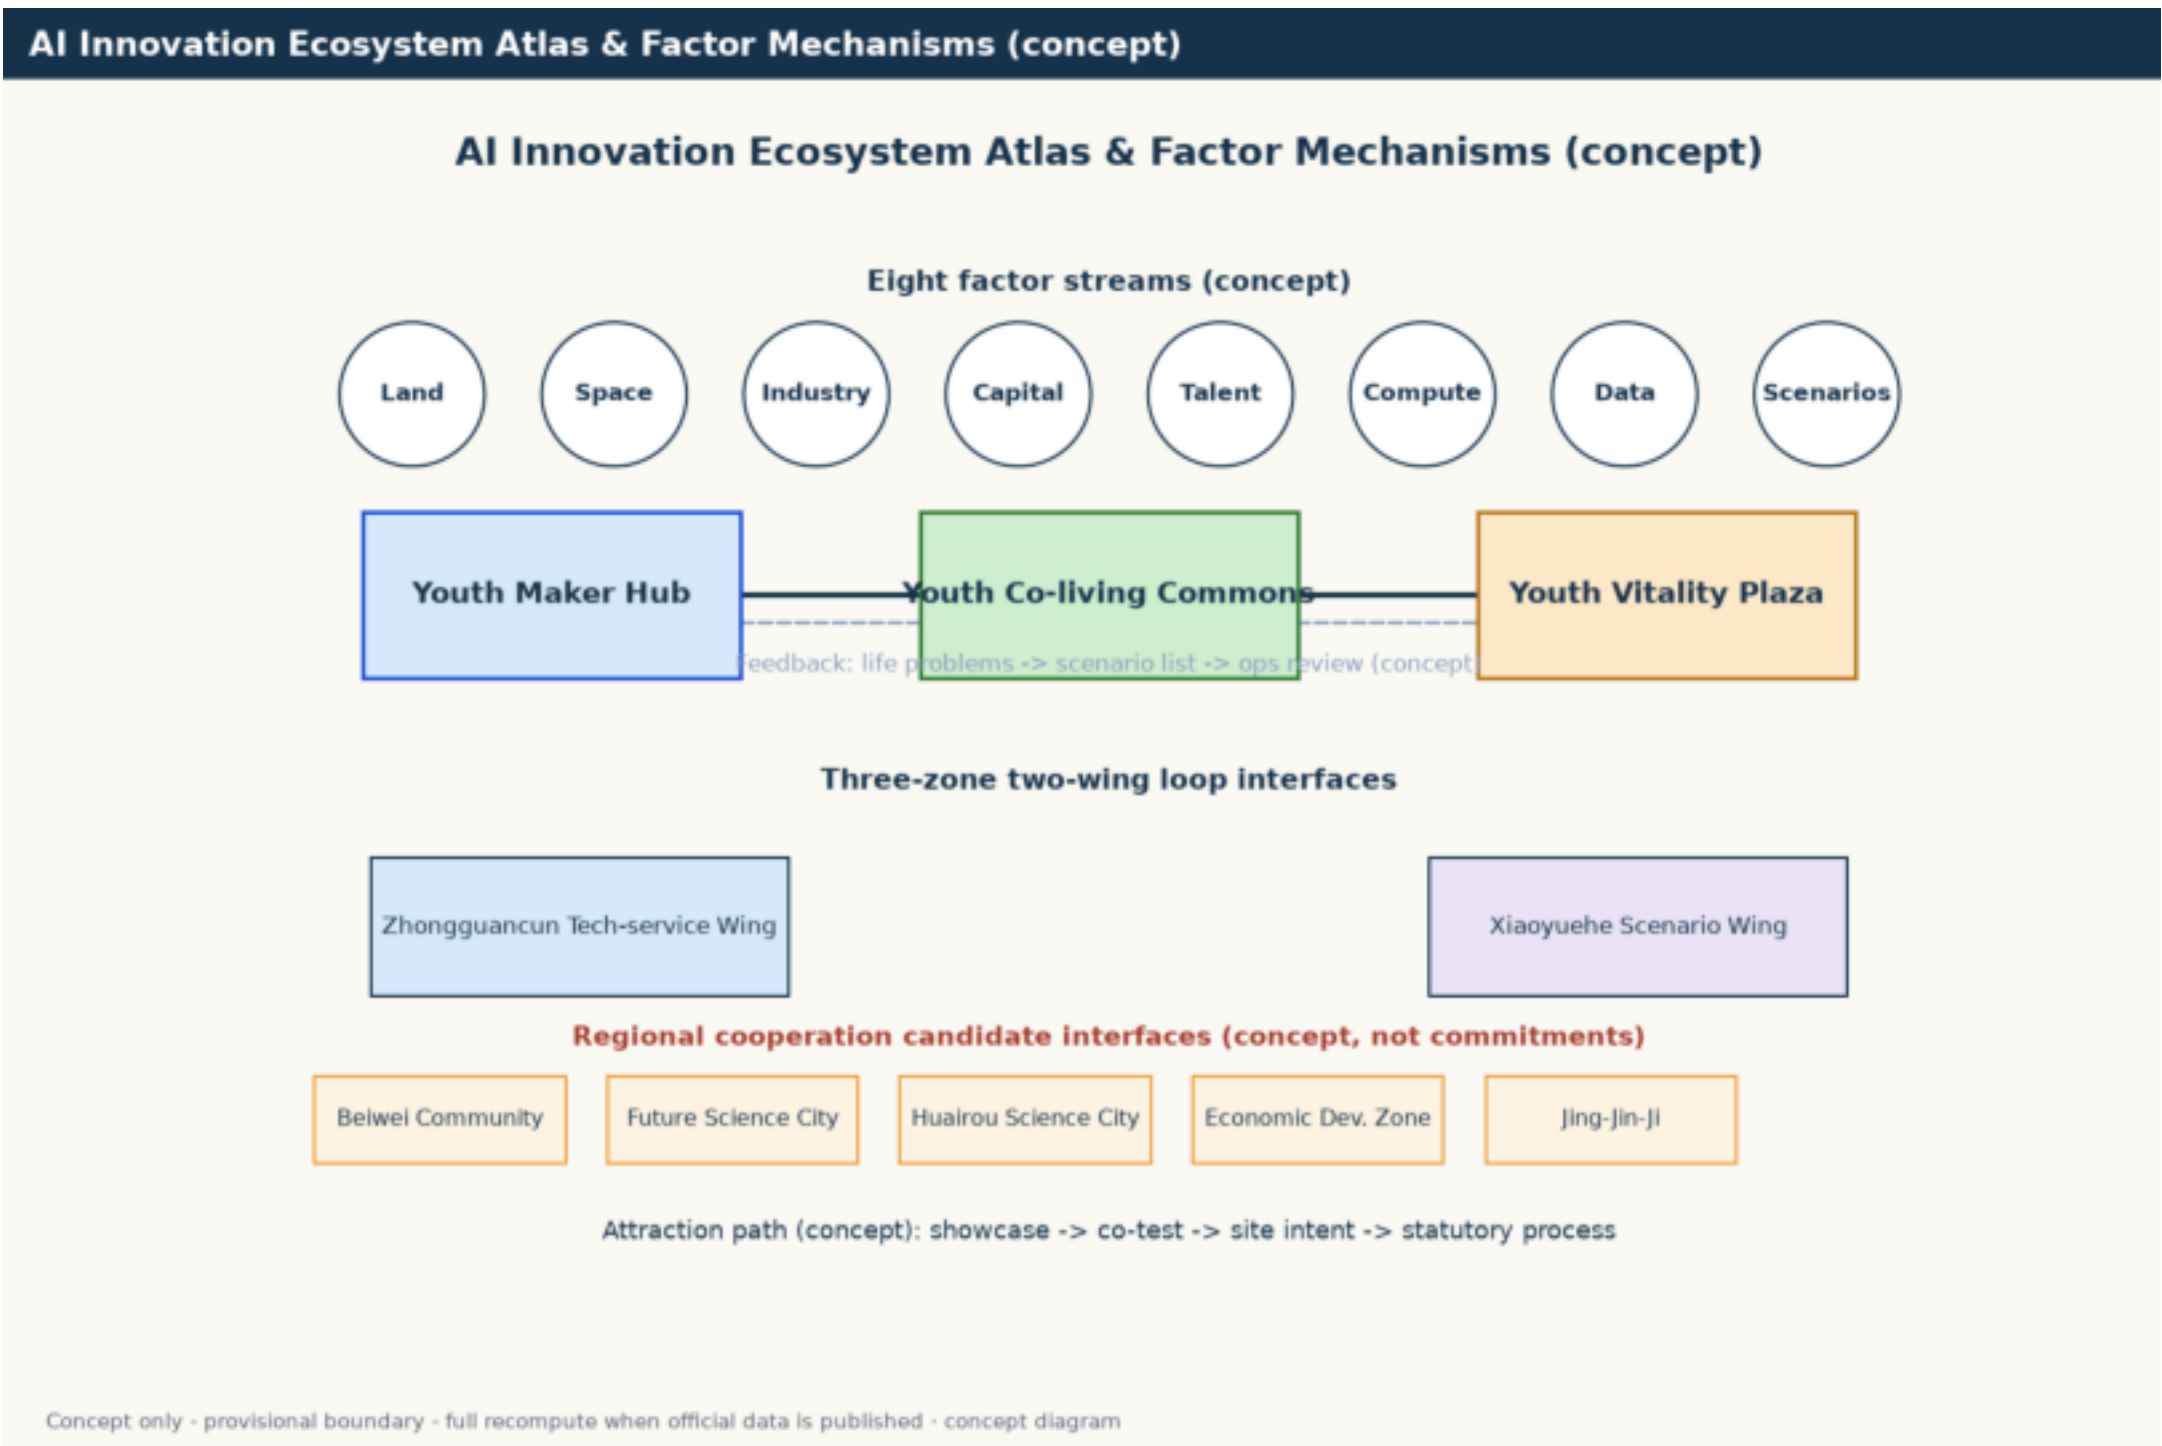

Slow-traffic & blue-green analysis (scale bar and north arrow)

Operation flow & annual event brands

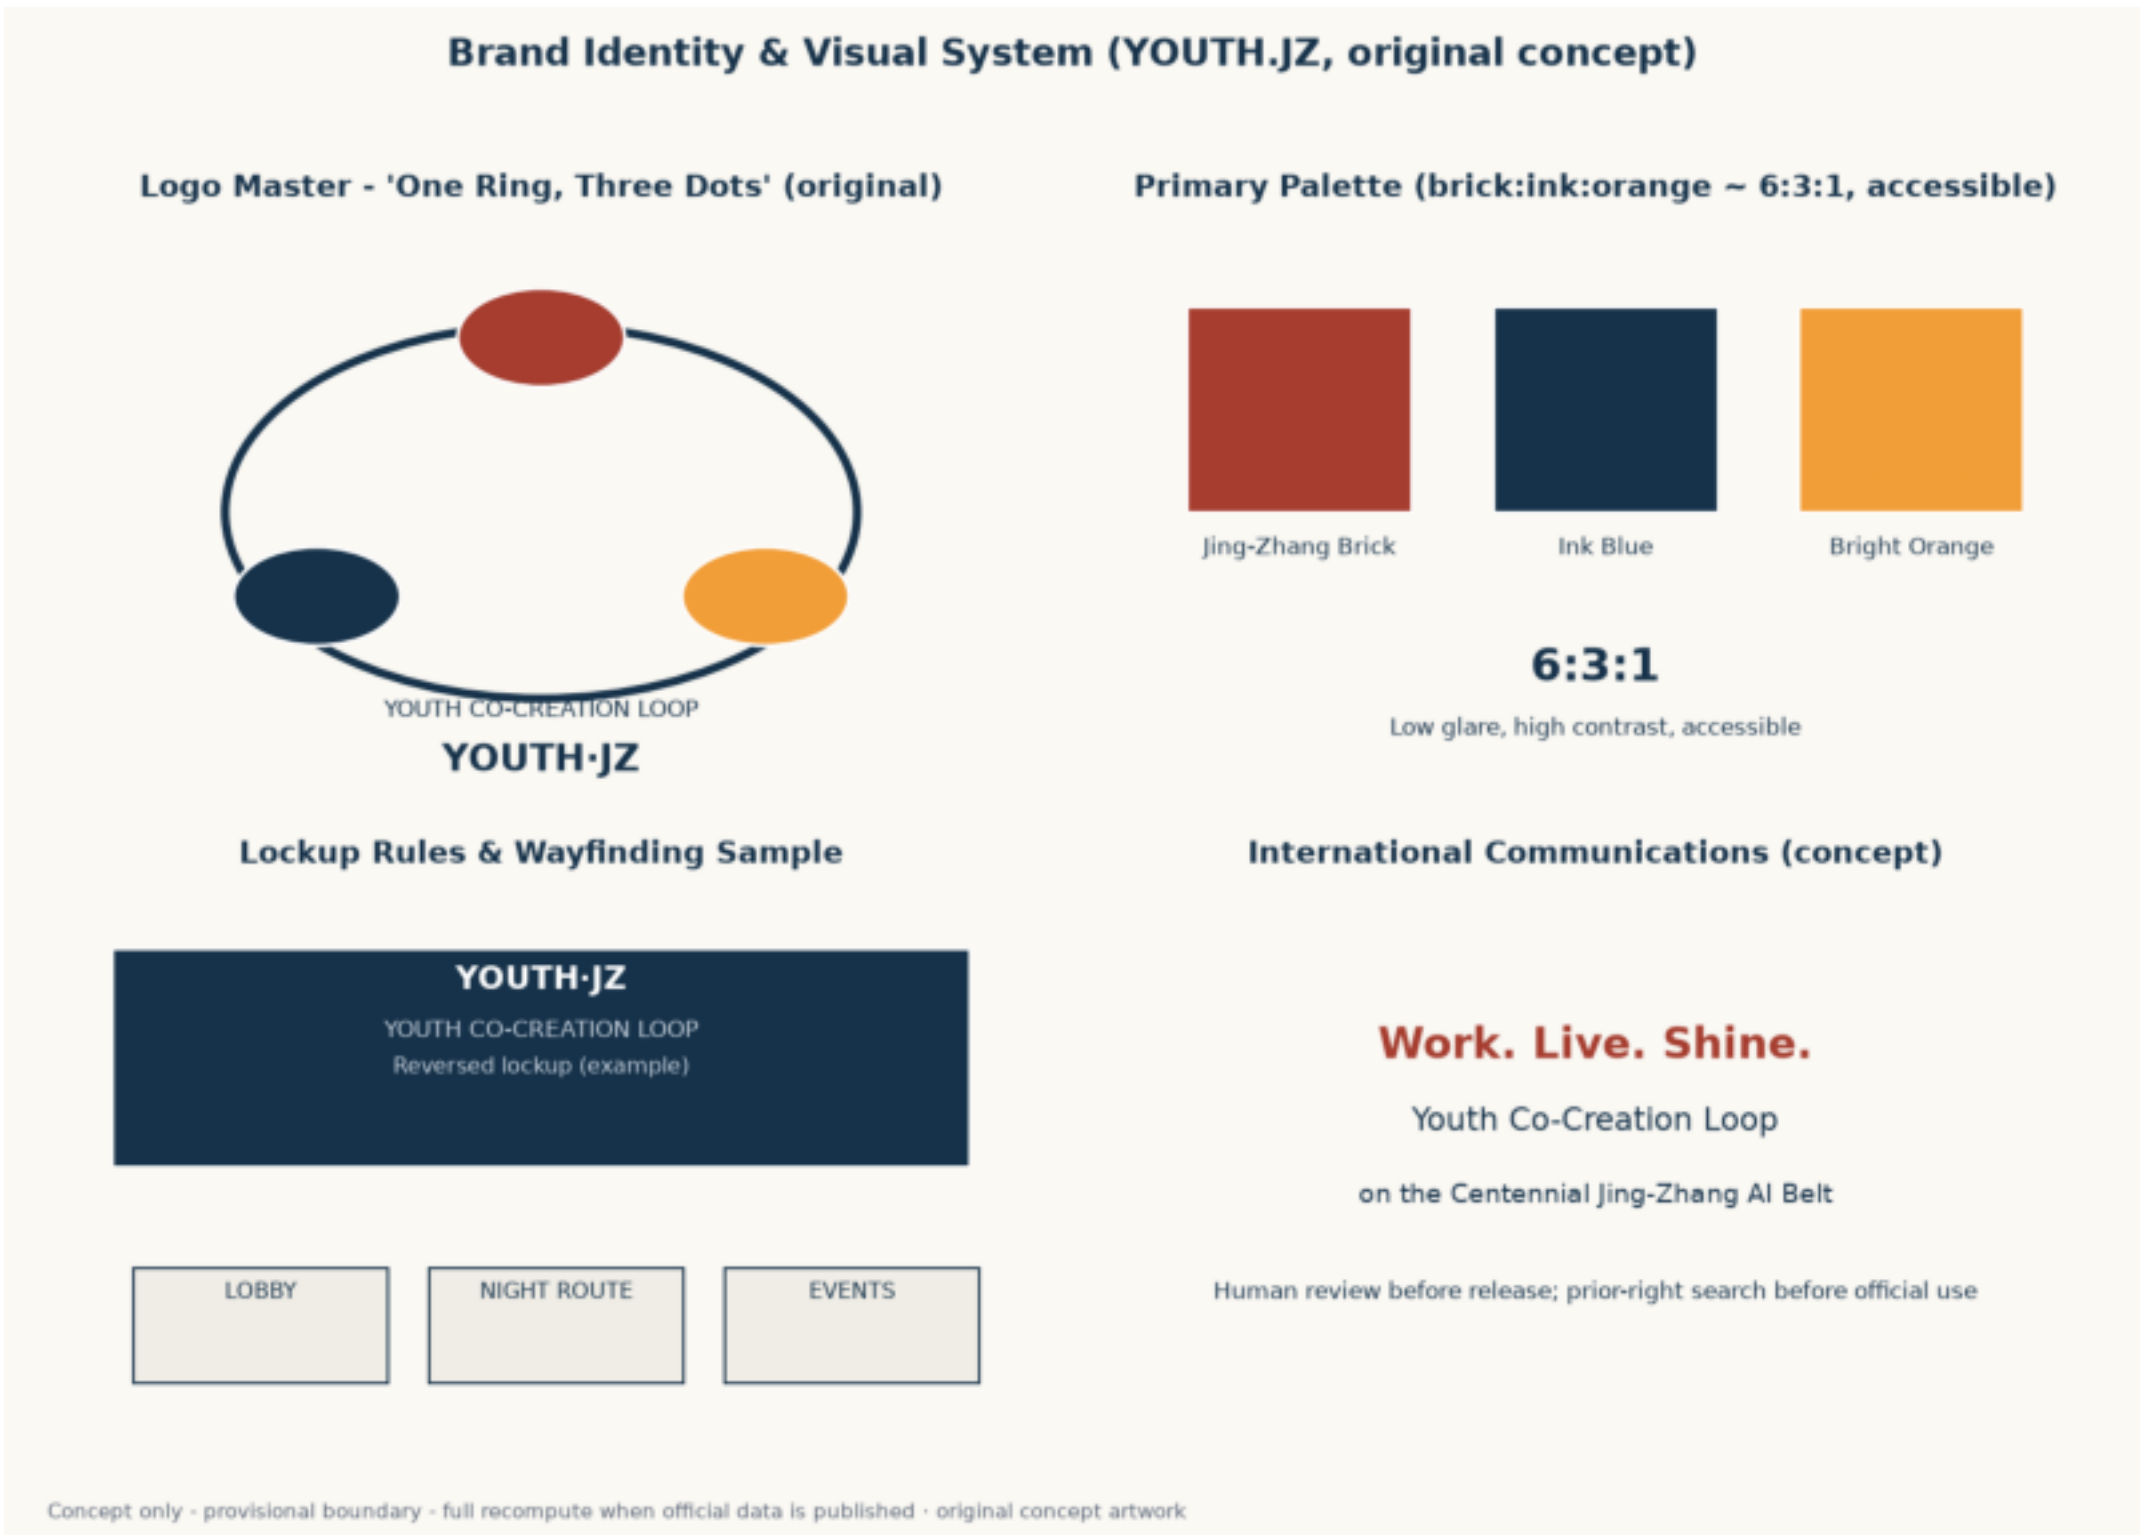

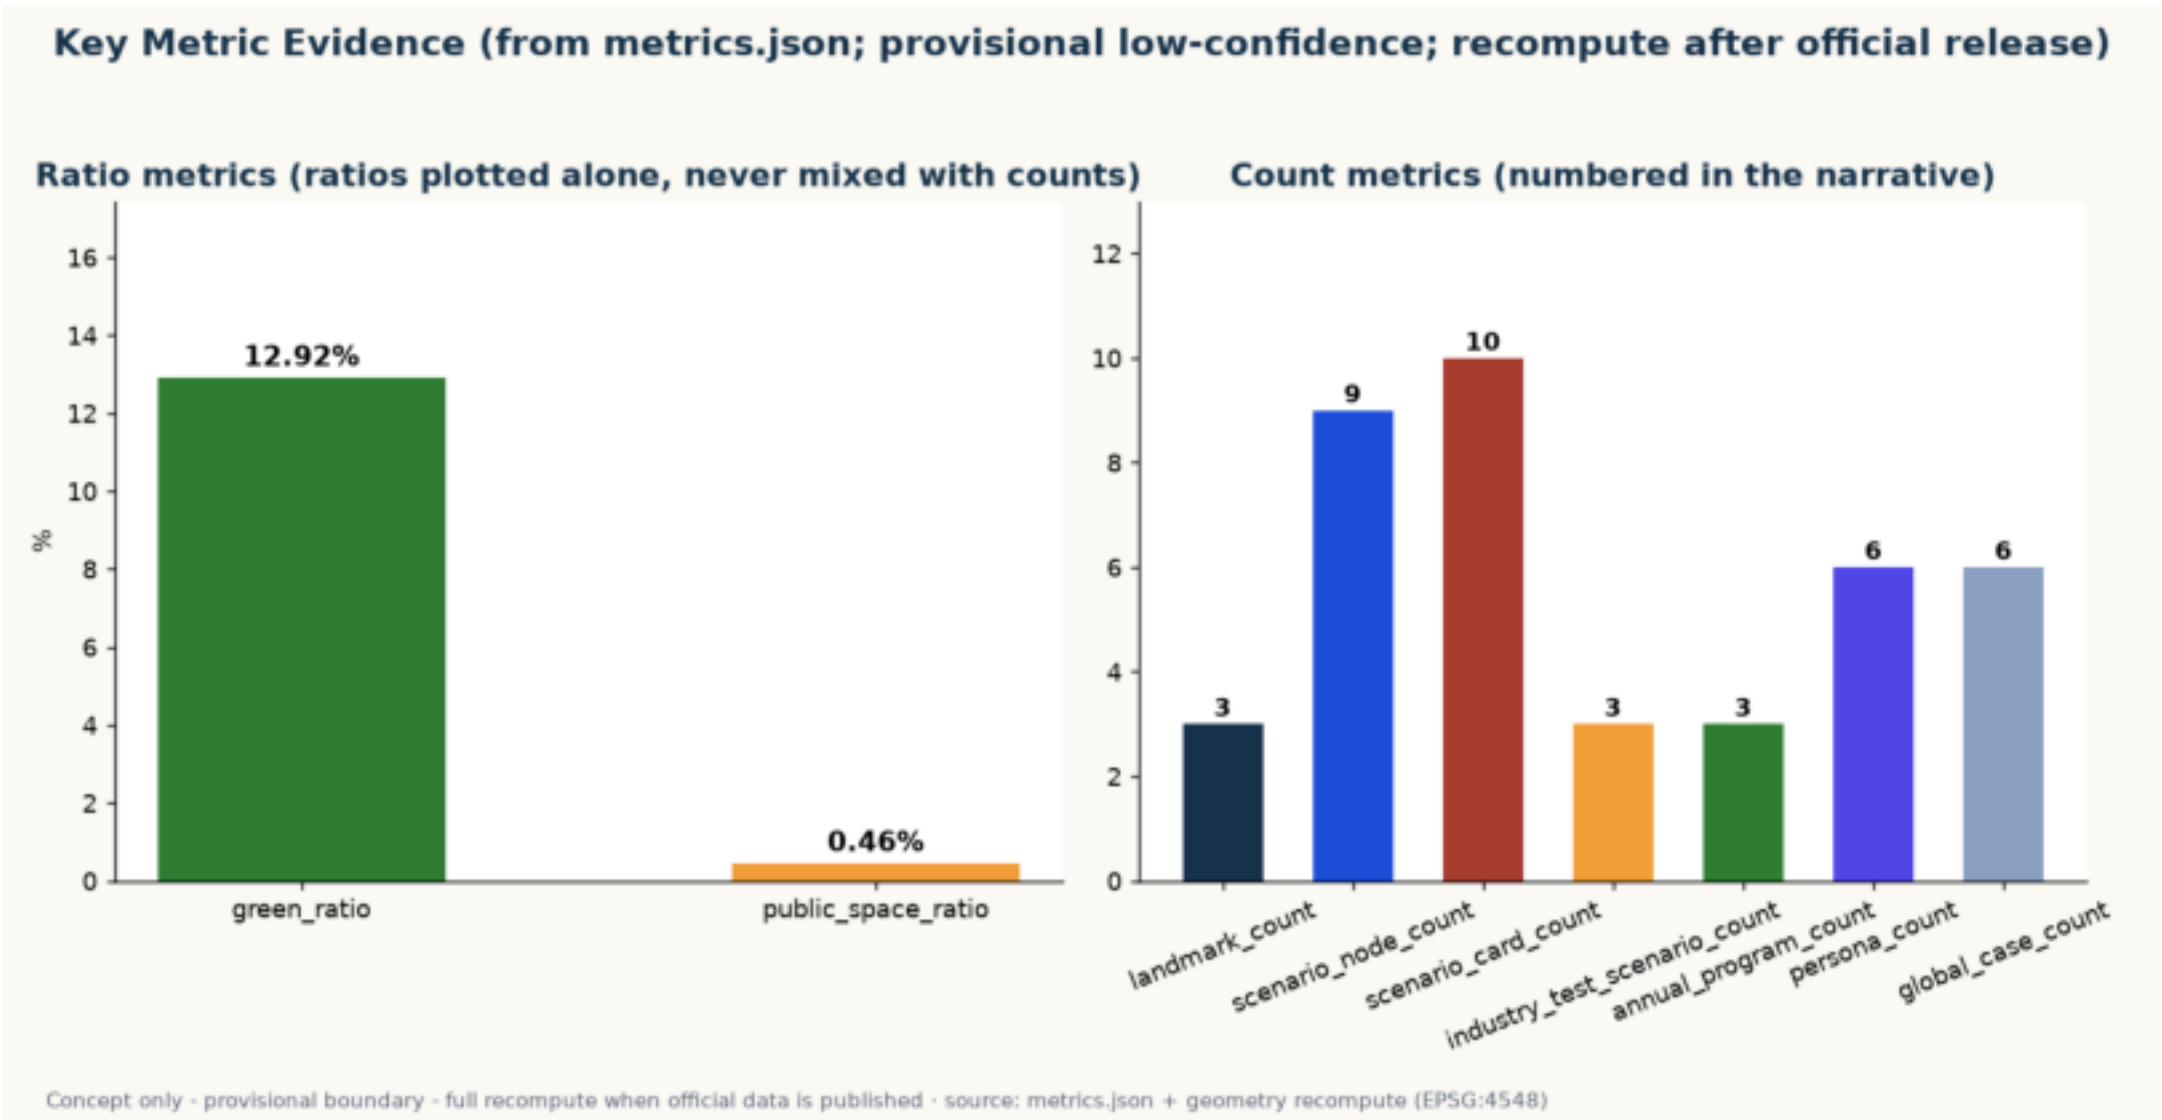

Source: package geometry (EPSG:4548 recompute) + metrics.json; concept illustration only, not a statutory drawing. PROVISIONAL concept boundary - not an official redline - recompute after official data release.
