

JuicyWind AI Commons Belt

A3 booklet summary of site overview, land use, key areas and metrics.

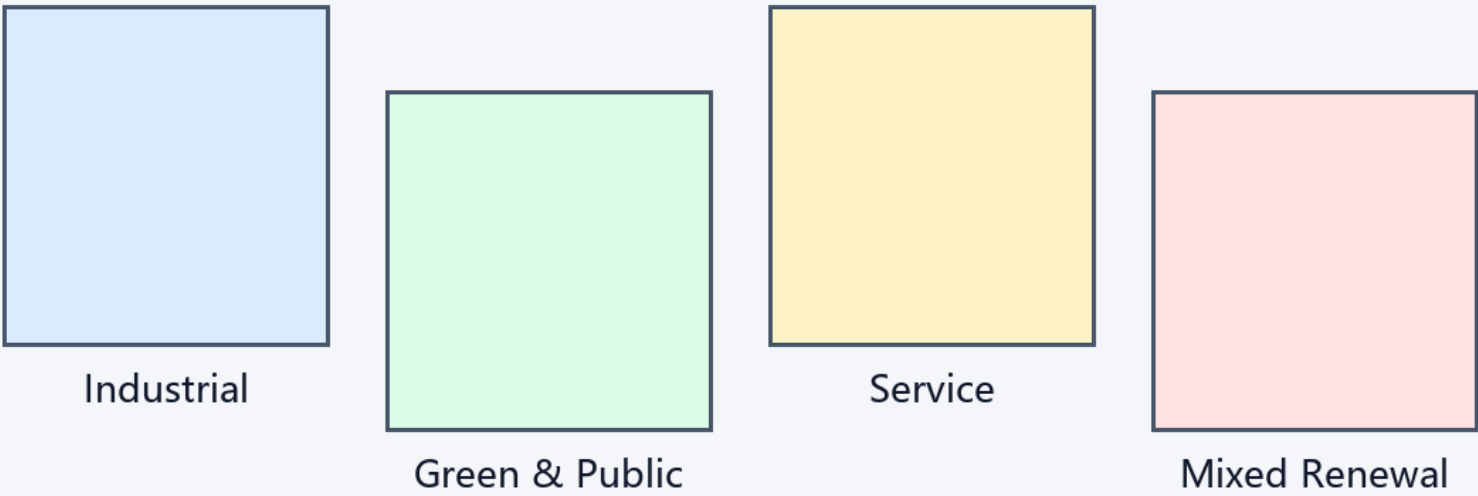

Key visual evidence from the submission package. The images are derived from the same geometry and metrics sources.

Land use and mobility overview

Land Use Structure

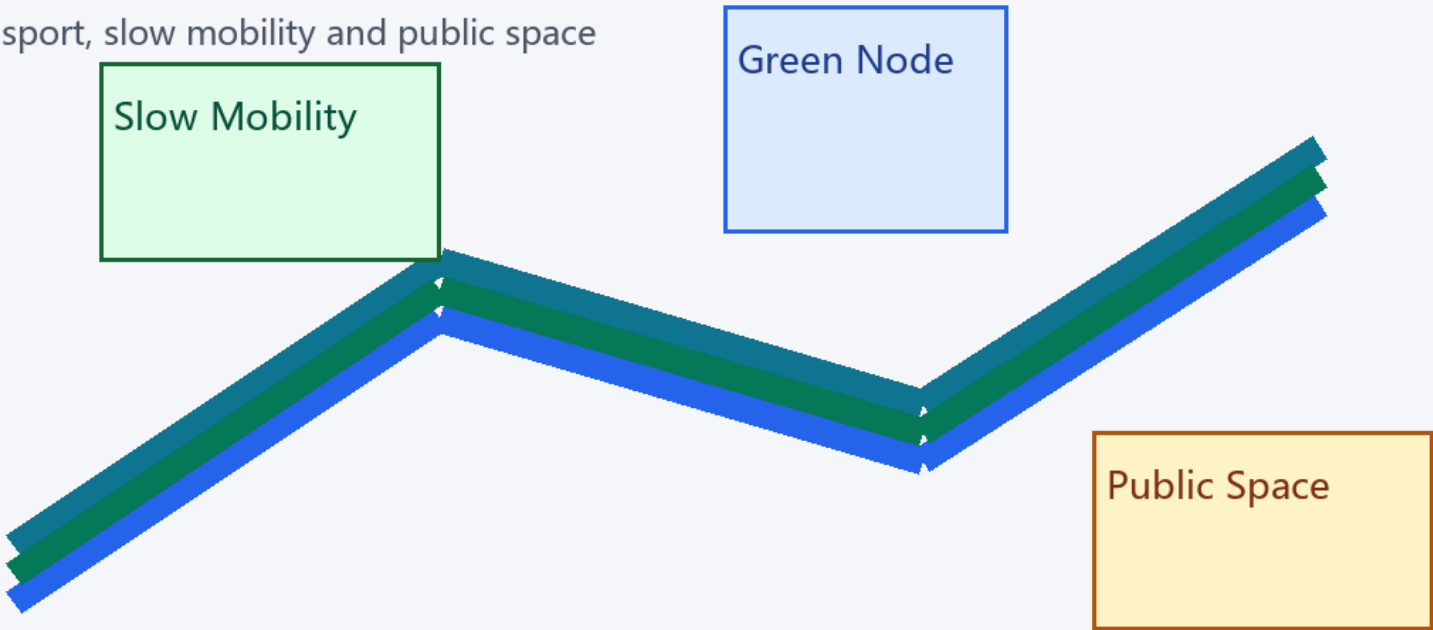

Three-layer spatial organization and land use

Derived from submitted geometry, metrics and evidence mapping; suitable for review narrative and visual storytelling.

Mobility & Blue-Green

Transport, slow mobility and public space

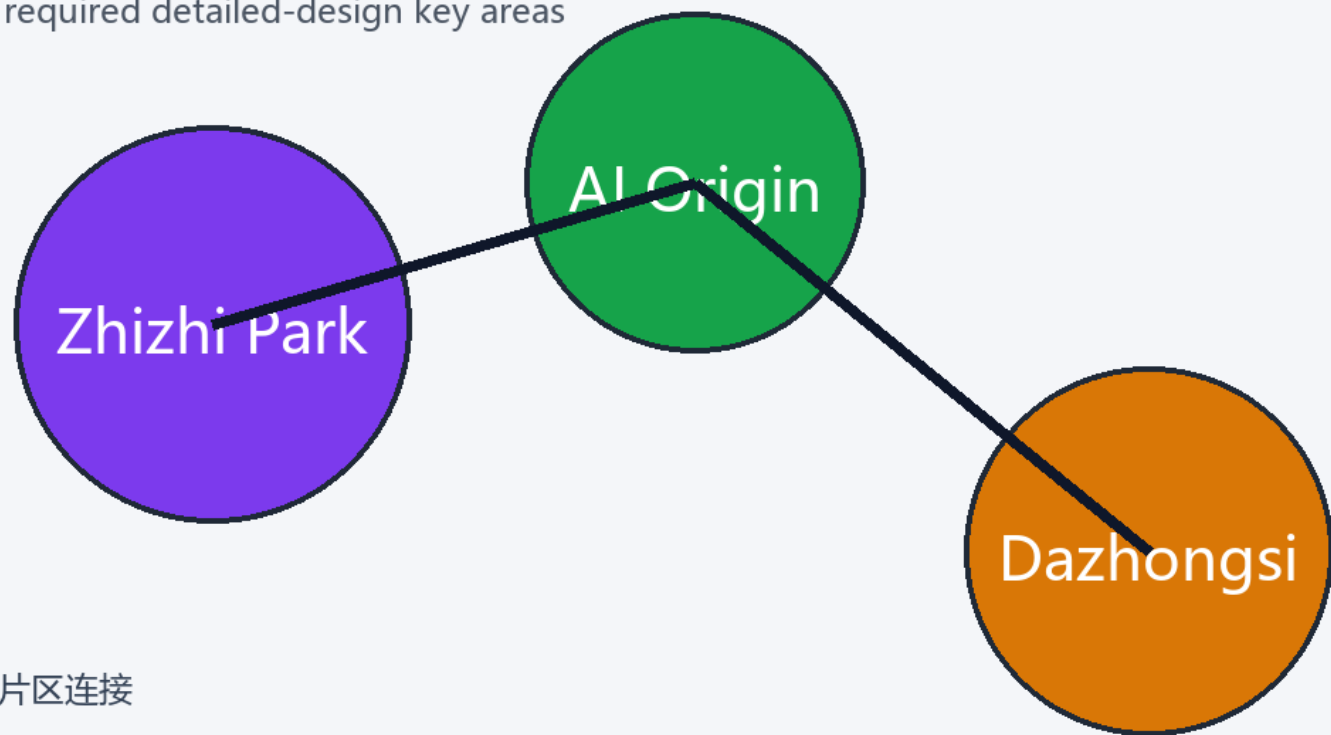

Derived from submitted geometry, metrics and evidence mapping; suitable for review narrative and visual storytelling.

Key areas and metrics

Key Areas

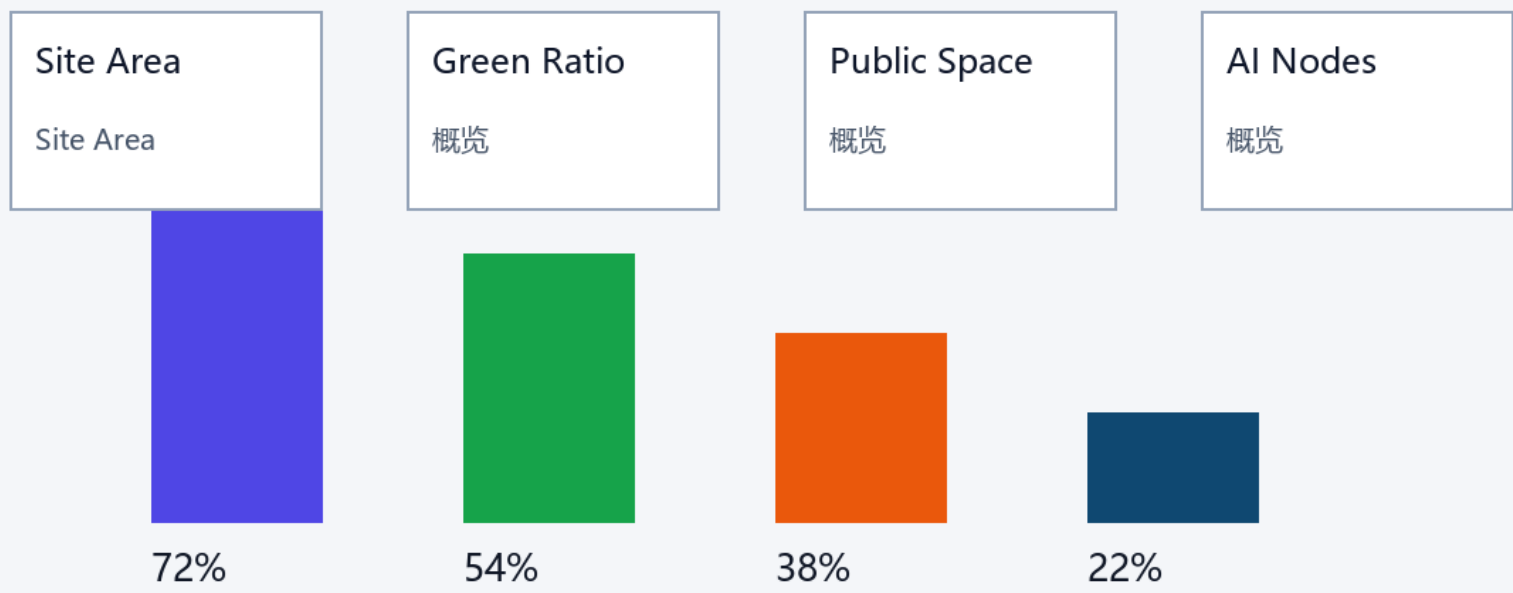

Three required detailed-design key areas

Derived from submitted geometry, metrics and evidence mapping; suitable for review narrative and visual storytelling.

Metrics Evidence

Core indicator evidence and metrics summary

Derived from submitted geometry, metrics and evidence mapping; suitable for review narrative and visual storytelling.
