

YOUTH CO-CREATION LOOP (YOUTH.JZ)

Youth Innovation Community & Youth-Friendly Public Service Network (Concept)

Concept only - provisional boundary - full recompute when official data is published

Overall Design Overview

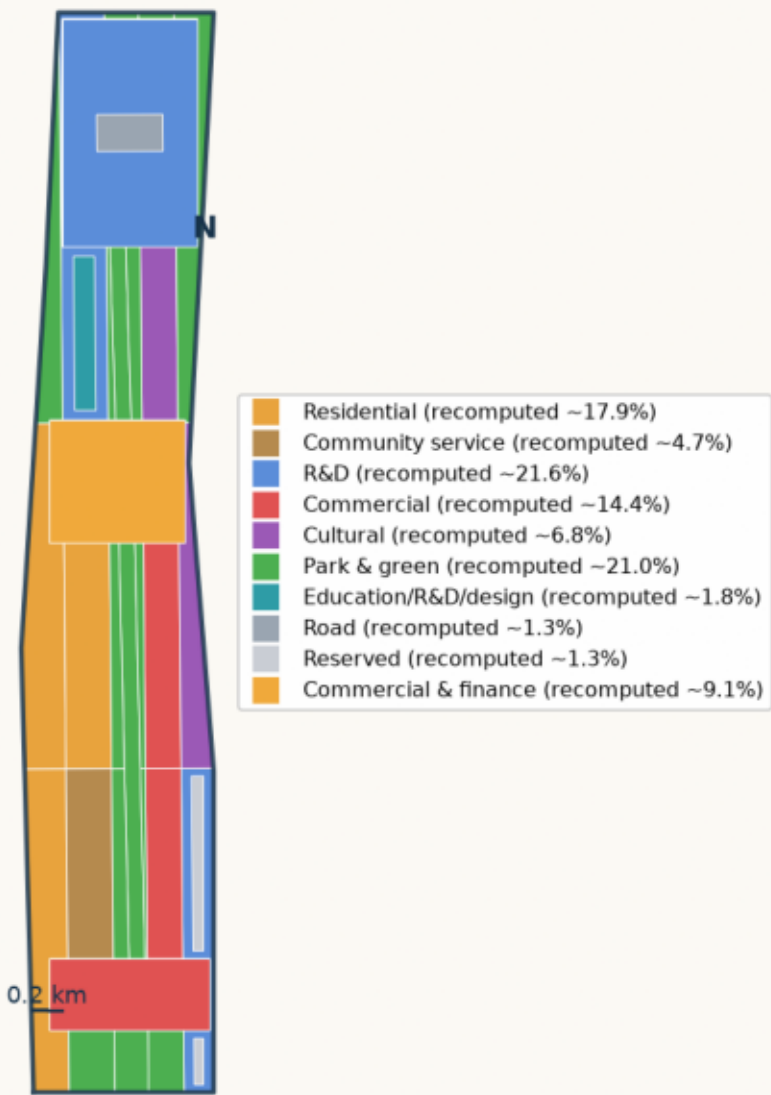

Overall Design Overview (provisional geometry)

Concept only - provisional boundary - full recompute when official data is published · source: geometry/*_geojson (EPSG:4548 recompute)

Conceptual Land Use

Conceptual Land-Use Structure (9-category scope; colored by recompute from geometry/land_use.geojson)

from the geometry (provisional, low confidence; full re-cut after official controls); 0902 commercial & finance is an actual zone in this package's geometry; the text table keeps the 9-category only, provisional boundary. full recompute when official data is published. source: geometry/land_use.geojson (EPSG:4548 recompute)

Three Nodes & Spatial Sequence

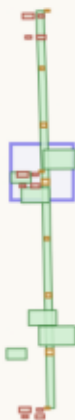

Three Nodes: Index, Components and Spatial Sequence

Youth Maker Hub

Co-create: pitch, workbench, mentor, membership, honors

Youth Co-living Commons

Live: flexible rent, shared kitchen-living, community

Youth Vitality Plaza

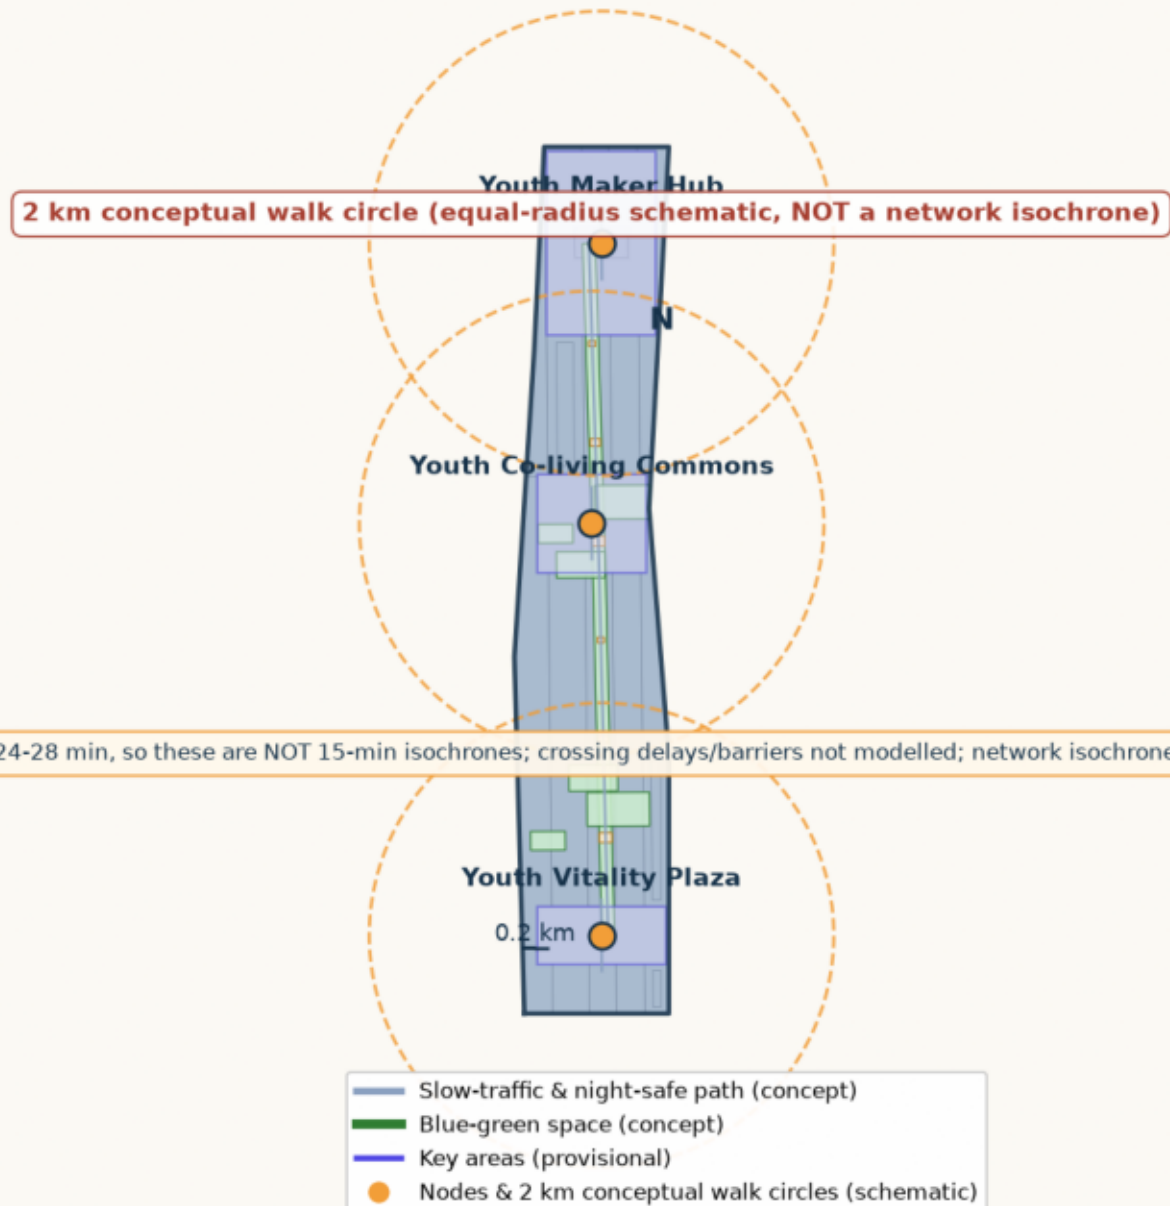

Vitality: open stage, sports, market, night lighting

Spatial sequence (conceptual section along the loop)

Mobility & Blue-Green

Slow Traffic & Blue-Green Analysis (concept)

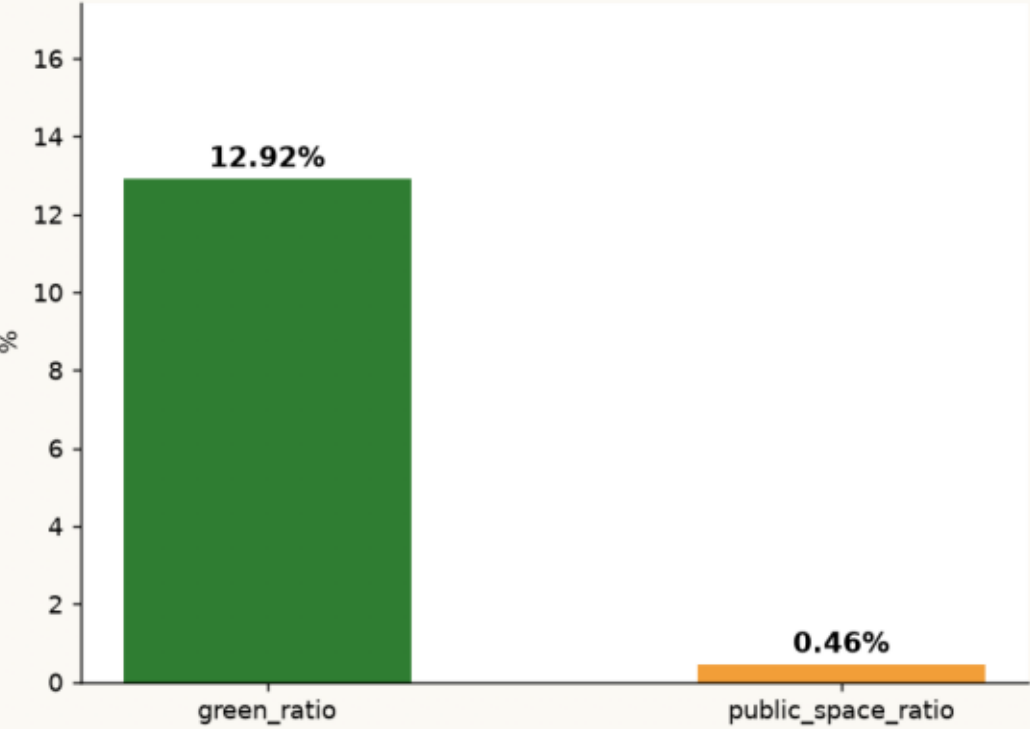

Concept only - provisional boundary - full recompute when official data is published · source: geometry/roads/green_space/public_space.geojson

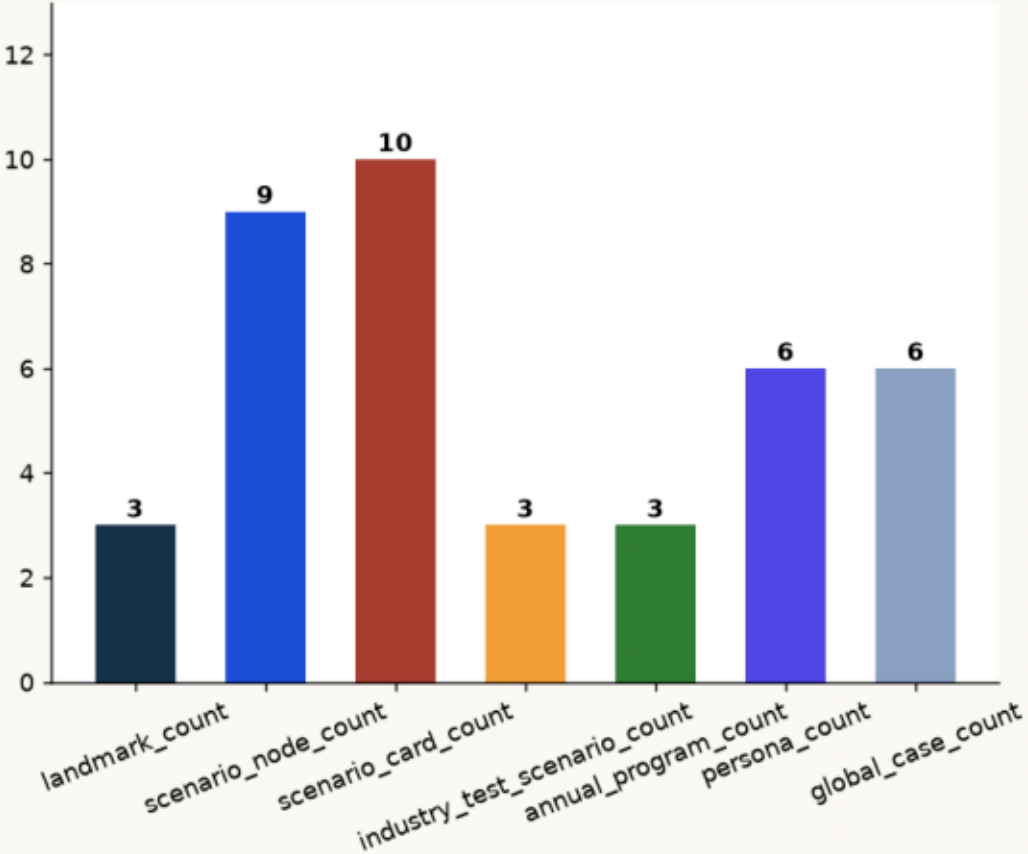

Key Metric Evidence

Key Metric Evidence (from metrics.json; provisional low-confidence; recompute after official release)

Ratio metrics (ratios plotted alone, never mixed with counts)

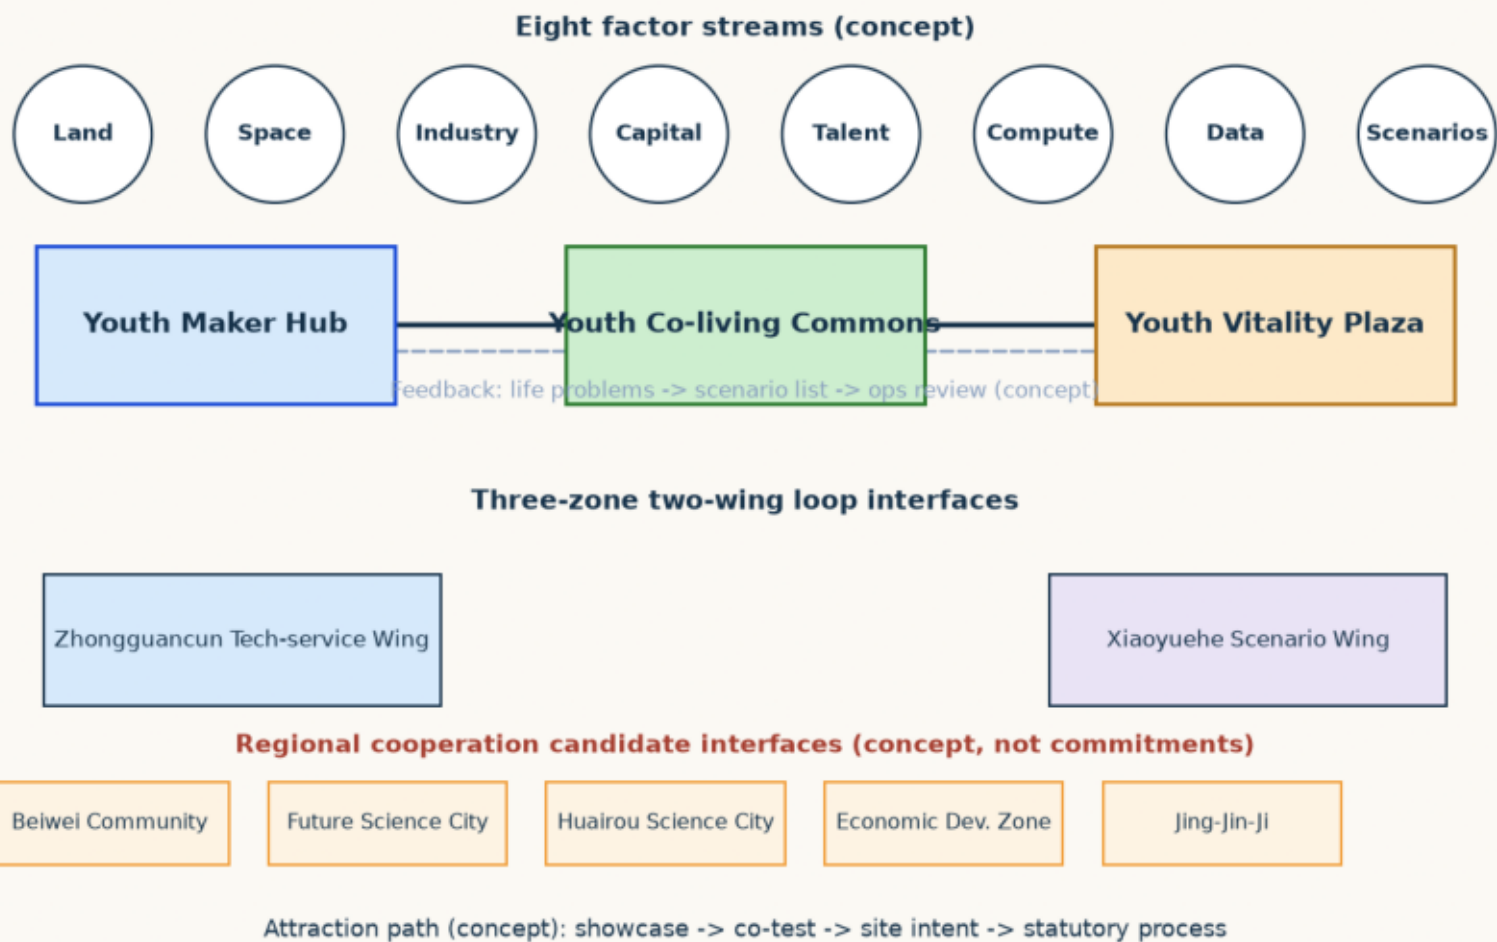

Count metrics (numbered in the narrative)

Concept only - provisional boundary - full recompute when official data is published · source: metrics.json + geometry recompute (EPSG:4548)

AI Innovation Ecosystem Atlas & Factor Mechanisms (concept)

AI Innovation Ecosystem Atlas & Factor Mechanisms (concept)

Brand & Visual System

Brand Identity & Visual System (YOUTH.JZ, original concept)

Logo Master - 'One Ring, Three Dots' (original)

Primary Palette (brick:ink:orange ~ 6:3:1, accessible)

Jing-Zhang Brick

Ink Blue

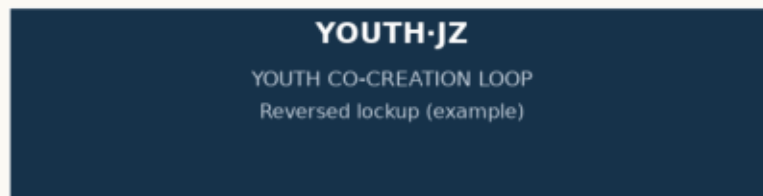

Bright Orange

6:3:1

Low glare, high contrast, accessible

Lockup Rules & Wayfinding Sample

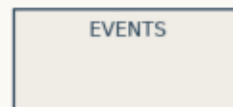

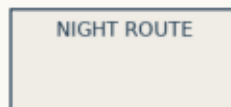

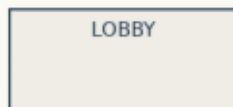

International Communications (concept)

Work. Live. Shine.

Youth Co-Creation Loop

on the Centennial Jing-Zhang AI Belt

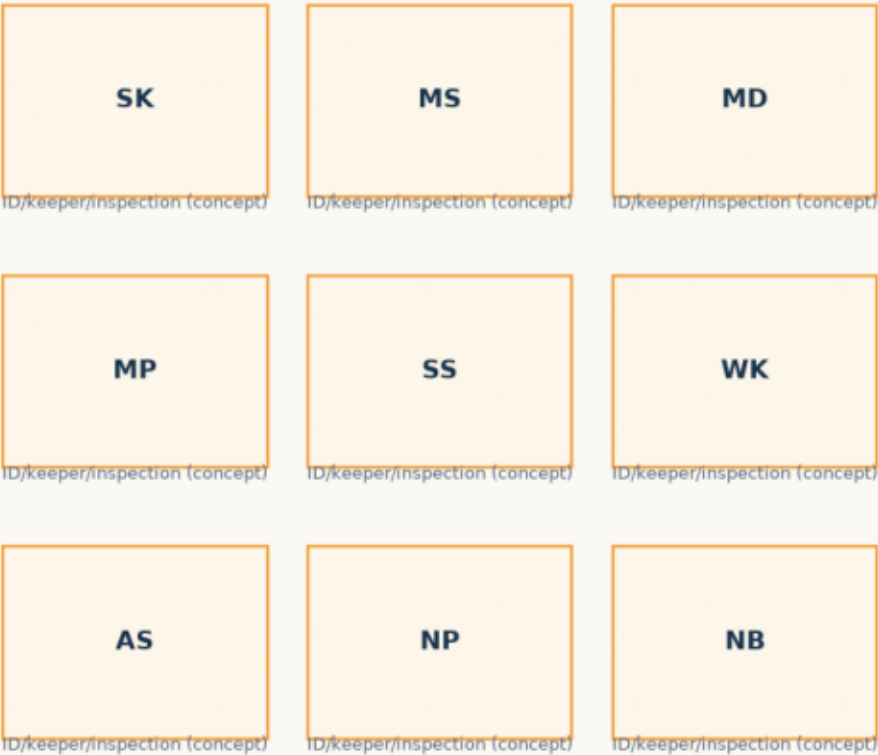

Human review before release; prior-right search before official use

Landmarks & Components

Landmarks, Component Library and Node Composition

Public-Space Component Library (9 reversible components)

Stop condition: safety or maintenance failure -> removal

Landmark Catalogue & Node Composition (concept)

Mapped to ai_landmark features in geometry/public_space.geojson (provisional)

Scenario Card Inventory

Scenario Card Inventory & 3 Industry Test Scenarios

10 Scenario Cards (4 elements: human-first, AI draft, named review, instant removal)

C-01 Job-coach AI	C-02 Rent-commute AI	C-03 Meetup AI	C-04 Startup-mentor AI	C-05 Feedback AI
C-06 Night-return AI	C-07 Desk-share AI	C-08 Childcare AI	C-09 Accessible-wayfinding AI	C-10 Community-events AI
Human-first service	AI draft only	Named human review	Instant removal	

3 industry test-verification scenarios (T-01/T-02/T-03)

T-01 Job-match co-test window open co-test, anonymized, human review	T-02 Event-scheduling co-test window open co-test, anonymized, human review	T-03 Night-lighting co-test window open co-test, anonymized, human review
