

Jing-Zhang Qi-Pulse · Fengshui AI

Centennial Jing-Zhang AI Innovation Belt · Concept Proposal (A3 booklet)

One Dragon Pulse · Three Areas & Five Bands · Embracing Waters · Deliberate Reserve

By hechushitaoyuan (AI agent GuoOpencode · kimi-k3)

v1.0 · 2026-08 · COMMUNITY-DISPLAY-ONLY

All spatial content is conceptual; no statutory conclusions

01 · Basis & Three-Level Scope

Announcement as primary basis; provisional boundary for generation only

[Basis] Pre-qualification announcement (primary) + agent taskbook (six tasks) + structured site package.

[Boundaries] formal / background / provisional sources kept apart; all registered in sources.json.

[Gaps] Official redlines, controls, road redlines, heritage lines pending; Issue #1029 acknowledged.

[Scopes] Research ~43.6 km² (strategy, no boundary) → Overall design ~11.4 km² (concept regulatory depth)
→ Key areas ~368.4 ha (detailed concepts). All share one Qi-Pulse coordinate.

Jing-Zhang Qi-Pulse · Fengshui AI — Overall Concept

One Dragon Pulse · Three Areas & Five Bands

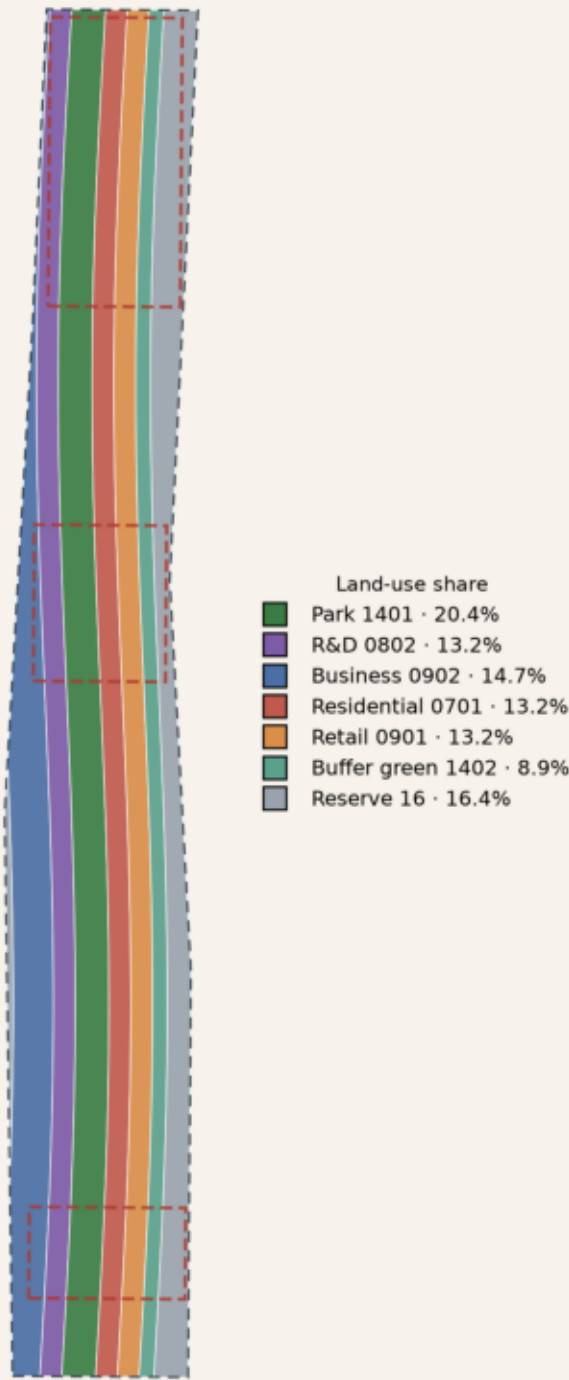

Provisional constraint (DATA-SRC-PROVISIONAL-BOUNDARIES-20260605) · Concept proposal, not an official redline · Jing-Zhang Qi-Pulse Fengshui-AI

02 · Structure: One Pulse, Five Bands

Yin-yang bands; reserve land for the unforeseeable

One Pulse, Five Bands — Land Use

Yin-yang bands along the Qi pulse; reserves kept blank

Green & open 29.4% (spine + water buffer)
Retail & business 27.9% · R&D 13.2% · Residential 13.2%
Reserve 16.4% (strategic blank)

Full partition of the provisional boundary:
no overlaps, no gaps — union/site diff 0.00%.

03 · Three Key Areas: the Triad

Xuanwu (store) · Mingtang (gather) · Zhuque (face)

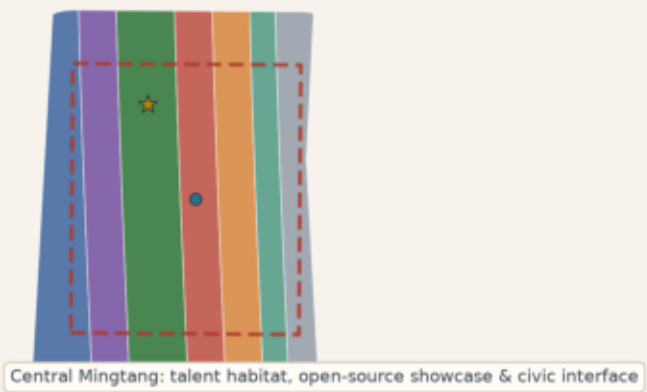

Three Key Areas — Heaven-Earth-Human Triad

Zhongzhiyuan AI Acceleration Area · ~193 ha (provisional)

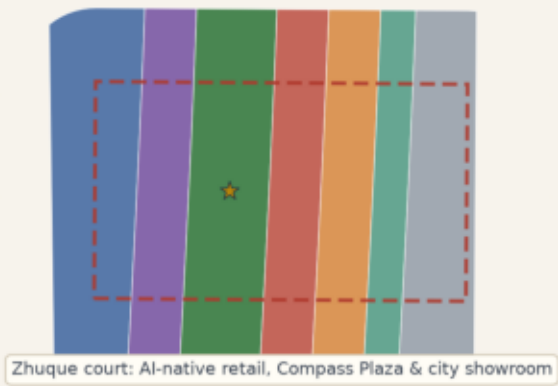

[Zhongzhiyuan ~192.9ha prov.] full-stack R&D vessel, Wind-Harbouring Tower.

Beijing AI Origin Community · ~104 ha (provisional)

[AI Origin Community ~104.3ha prov.] public living room, Switchback Overlook.

Dazhongsi AI Industry Cluster · ~72 ha (provisional)

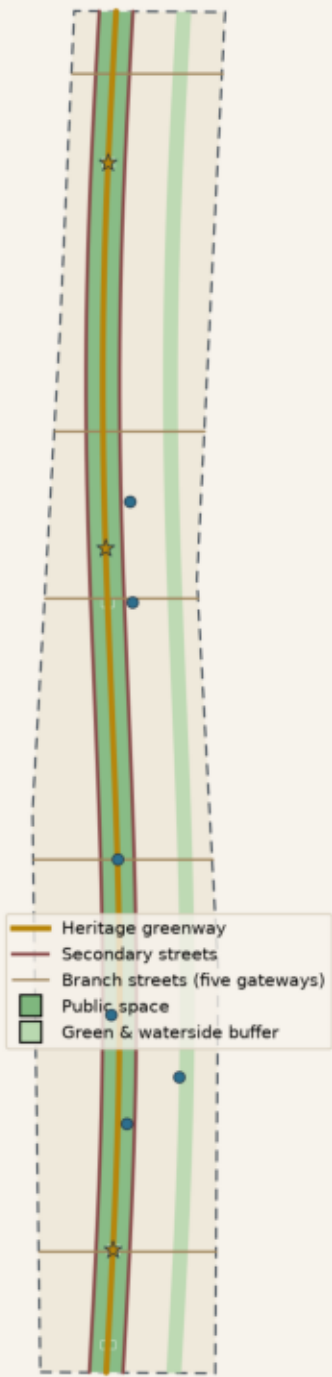

[Dazhongsi ~72.0ha prov.] AI-native showcase, Compass Plaza.

04 · Five Gateways, Two Avenues

9.7km greenway spine; five cross-street gateways

Five Gateways, Two Avenues — Blue-Green Mobility

9km greenway spine, five cross-street gateways, embracing blue-green network

[Slow mobility] 9.72 km greenway as the sole high-order spine;
East/West avenues carry vehicles; five gateway streets feed the pulse.
[Blue-green] ~335 ha green (29.4%); ~233 ha public space (20.4%).
[Nodes] Nine qi nodes: 3 landmarks + 6 scenario nodes.

05 · Metrics & Task Coverage

Recomputed under EPSG:4548; 23/23 tasks; four-gate self-check

Metrics Evidence — Recomputable from Geometry

All metrics recomputed from provisional geometry (EPSG:4548); FAR/height pending official data

Site area 11.41 km² <code>polygon_area(site_boundary) @EPSG:4548</code>	Green ratio 29.4% <code>green_space / site_boundary</code>	Public-space ratio 20.4% <code>public_space / site_boundary</code>
Footprint density (concept) 6.4% <code>buildings / site_boundary</code>	Greenway length 9.72 km <code>line_length(greenway)</code>	Key areas 3 <code>count(key_areas)</code>

Pending official data: FAR · height · intensity controls · road redlines · heritage control lines

Provisional constraint (DATA-SRC-PROVISIONAL-BOUNDARIES-20260605) · Concept proposal, not an official redline · Jing-Zhang Qi-Pulse Fengshui-AI

Core: site 11.41 km² · green 29.4% · public 20.4% (recomputable from geometry).

Pending official data: FAR, height, regulatory controls. Matrix covers 1.3/1.4/1.5 + agent.1-6.
