

Twin-Track Jing-Zhang: Ordinary Life Continuous, Verification Beside

Ordinary civic ground works first; verification appears only beside it

30 / 3 / 15

Read the spatial ruling—follow an ordinary task—trace evidence and professional handoff.

Present-day Haidian and Overall Spatial Structure

Published material reports an open Phase II and about nine kilometres of continuous green corridor. The proposal does not claim another park; it considers reversible public-service additions that do not interrupt existing daily life.

Three Non-interchangeable Spatial Prototypes

S03 / THREE PLAN PROTOTYPES / KEY AREAS

G0 · PROVISIONAL · NOT TO SCALE

One spatial decision, three non-interchangeable answers

Common ruling: proof may not take ordinary ground. Each place answers with beside, stepped-back courts or off-route service. G0 · provisional · not approved.

01 VERIFY · ZHONGZHIYUAN

Parallel bypass + side proof garden

ordinary route never crosses proof edge

staffed handoff sits between routes

02 CO-CREATE · ORIGIN COMMUNITY

Street + two courts + four withdrawals

resident street stays open

proof enters from the edge, never takes the street

03 PUBLISH · DAZHONGSI

Four-way cross + off-route service

clear centre carries no proof

hall and staffed desk sit off-route

All three keep ordinary paths and non-AI entry first · failure stops proof objects only · restoration returns the ground before recheck and is not approval, authorization or G1 · FIELD / GO / RIGHTS remain gated

S04 / GROUND-THRESHOLD SECTIONS / KEY AREA SECTIONS

G0 · PROVISIONAL · NOT TO SCALE

Three sections clarify stop objects, staff positions and restoration

Sections express spatial responsibility only and claim no unverified dimensions, materials, slopes, fire safety, railway protection or accessibility acceptance.

01 VERIFY · ZHONGZHIYUAN / PARALLEL SECTION

Bypass below / proof court above

FAILURE: enclosure and equipment force: bypass stays
RESTORE: clear court, then recheck; not G1

02 CO-CREATE · ORIGIN / STREET-COURT SECTION

Street through / two courts back

FAILURE: proof withdraws to the edge; street and courts continue
RESTORE: paper/spoken/staffed first; restart remains a decision

03 PUBLISH · DAZHONGSI / COMMUTE SECTION

Commute clear / service aside

FAILURE: close the service side only; commute remains
RESTORE: correct sources and retest; not authorization or approval

G0/conceptual sections · not to scale · levels, dimensions, materials, structure, fire safety, railway protection, accessibility outcomes, staffing and recovery duration remain unverified / unknown / 0

Three Ground—Threshold—Ordinary-task Relations

ZHONGZHIYUAN

CONDITIONAL FIT

Continuous bypass first; equipment-side court isolatable.

ORIGIN COMMUNITY

CONDITIONAL FIT

Resident street first; two courts and four nodes withdraw independently.

DAZHONGSI

CONDITIONAL FIT

Four-way commute first; information and staff stay off-route.

Human Scale and Four-state Civic Signals

RECOVERY ≠ AUTHORIZATION

Official redline, exact anchors, real thresholds, responsible parties, approvals and independent clearance remain 0 or unknown. Restoring ordinary use is not authorization, approval, restart or G1.

Eight Projects, Climate and Year-round Operations

8 PROJECTS

CLIMATE

OPERATIONS

STOP / RETURN

The eight existing projects state preconditions, duty combinations, concept acceptance and exit. Missing ordinary baseline, staff takeover or accepted duty retains G0 / NO-GO.

STOP / RETURN

Ordinary blue-green path, static notice, staffed inspection and maintenance clearance work first; extreme weather or maintenance conflict closes the optional layer.

STOP / RETURN

The timetable records opening, stopping, place return and review conditions only; it invents no roster, shift, budget or event commitment.

Metrics, Risk, Rights and Professional Handoff

One Conclusion: Ordinary Life Does Not Yield to Verification

ORDINARY FIRST

Complete the meta-task without account, device or AI.

VERIFICATION BESIDE

Voluntary, announced, bounded, stoppable and removable.

FAILURE STOPS THE OVERLAY

Staff, ordinary route, correction and exit continue.

RECOVERY DOES NOT AUTHORIZE

Return the place before review; material gaps retain G0 / NO-GO.
