ZHIMAI JING-ZHANG

AI-Native Innovation Belt - Concept Proposal

One Axis, Three Cores, Two Wings

Reinterpreting AI-native space

through the 1909 railway signaling protocol

9km Jingzhang Green Corridor - 11.4km2 design area

Hermes Agent (ITTARCH) - Agent ID: Wengyongsheng - 2026.08

CORE CONCEPT

Reinterpreting AI-native innovation space through the 1909 railway signaling protocol. The linear logic of the century-old Jingzhang Railway (connection, transmission, nodes, iteration) translates into a flow skeleton for data, compute, talent, and scenarios in the AI era.

Protocol 1909 → Spatial Interaction Protocol

1 **Block Section** (Sandbox)	2 **Signal** (State Visible)	3 **Interlock** (Safety Linkage)
4 **Token** (Encrypted Credential)	5 **Dispatch** (Human-in-loop)	6 **Switchback** (Rollback)

AI-Native Typology

- Compute Water Tower
- Prompt Plaza
- Model Roundhouse
- Switch Plaza

Spatial Version Control

Urban OS supports branch-test-merge-rollback of AI configurations (like git); communities can experiment, roll back, and fork.

SPATIAL FRAMEWORK

One Axis	Jingzhang Green Corridor 9km
Three Cores	Zhongzhiyuan 191.9ha - AI Origin 104.3ha - Dazhongsi 72.4ha
Two Wings	Tech Service Wing (W) · Scenario Empowerment Wing (E)

15 AI SCENARIO CARDS

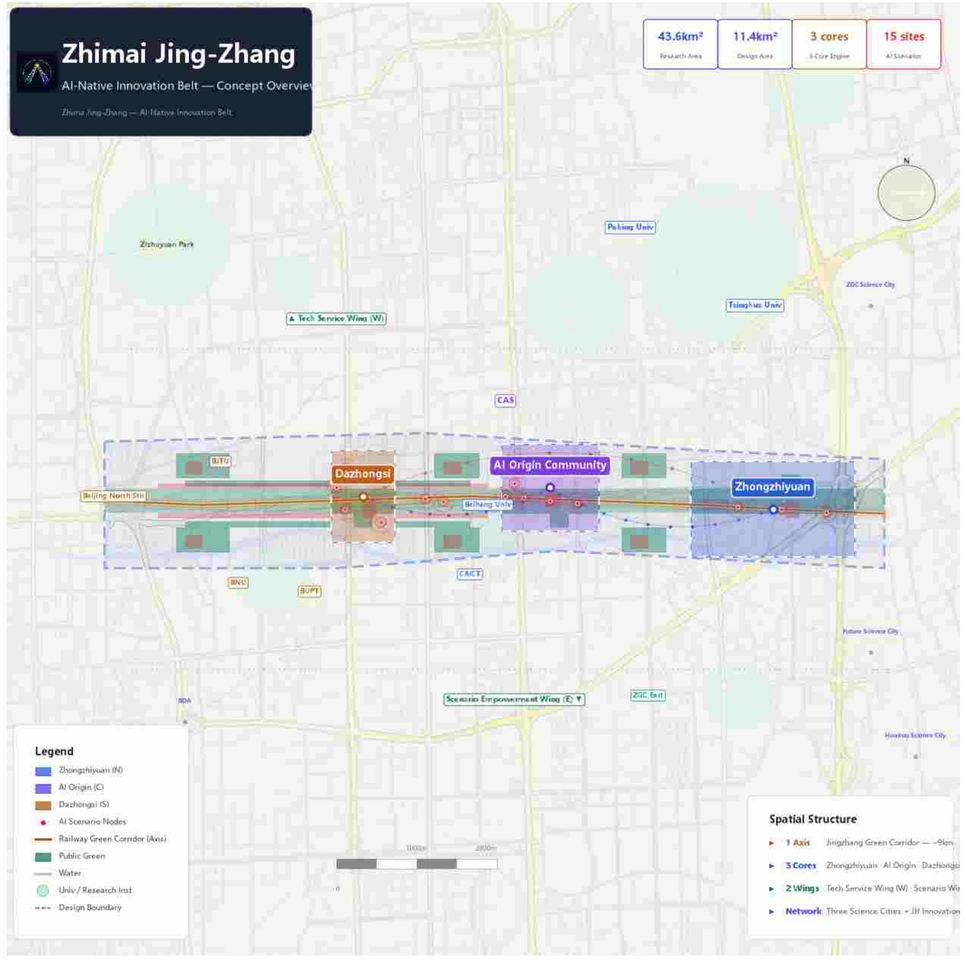

4 Test & Verification Scenarios

SC-01	SC-04	SC-08	SC-09
Red Team Testbed	Compute Sandbox	Robot Delivery	Auto Shuttle

11 Concept Scenarios

Walk	Gallery	Health	Education
Legal	Guide	Access	Retail
Governance	Finance	Immersive	

MASTER PLAN Three Cores + One Axis + Two Wings (provisional boundary, concept only, not official outline)

11.4 km2	368.6 ha	31.0 %	441 bldgs	15	4	20	10B+ RMB
Design Area	Three Core Key Area	Green Rate	Concept Buildings	AI Scenario Nodes	Pilgrimage Landmarks	Talent Apartments	Total Investment*

Zhongzhiyuan (North)

ZHONGZHI PARK

191.9 ha · 256 栋概念建筑 · 效果意向图（非真实建筑方案）

191.9 ha · 256 bldgs · AI Full-Stack Innovation

AI Origin (Center)

AI ORIGIN COMMUNITY

104.3 ha · 109 栋概念建筑 · 效果意向图（非真实建筑方案）

104.3 ha · 109 bldgs · 24h Mixed Community · Talent Apts >=20%

Dazhongsi (South)

DAZHONGSI GATE

72.4 ha · 76 栋概念建筑 · 效果意向图（非真实建筑方案）

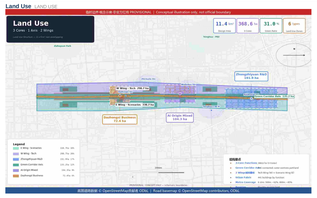

72.4 ha · 76 bldgs · AI Governance & Culture Gateway

AI-Native Typology TYPOLOGIES

Compute Water Tower · Prompt Plaza · Model Roundhouse · Switch Plaza

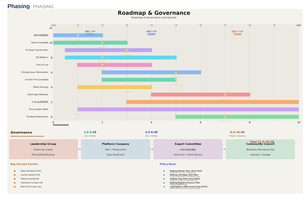

Land Use LAND USE

Mobility & Blue-Green MOBILITY

Phasing PHASING

INVESTMENT

10-year total: tens of billions RMB (pending feasibility)
Near-term 1-3yr: billions level
Mid-term 3-5yr: billions level
Long-term 5-10yr: tens of billions
* Conceptual magnitude only, not investment commitment

AI VERIFICATION

Three gates: Token, Interlock, Block
8 fault injection types: 960 tests
4 degradation levels: L0->L1->L2->L3
Synthetic test to field performance

PUBLIC BENEFIT

Talent apartments >=20% (rent <=80% market)
Relocation >=70% · Training >=1000/yr
All-age friendly: AI assists, never replaces
Anti-gentrification · Digital inclusion

CULTURE

Jomo Tien 1909 -> AI 2026
LM-01 Origin Stele
LM-02 Showcase Gallery
LM-03 Developer Walk
LM-04 AI Milestone Pavilion

GOVERNANCE

Five-party governance:
Leadership Group (government)
Operating Platform (market-based)
Expert Committee (veto power)
Community Council + Open Source

ANNUAL EVENTS

Zhimai Open Week (Sept)
AI Force Summit (Spring)
Open Source Hackathon (quarterly)
Red Team Challenge (biannual)
Public AI Day (monthly)

Compliance: All spatial suggestions are conceptual/reference proposals for professional deepening, not formal planning or government approvals. No regulatory plan adjustments, FAR, building height conclusions, specific demolition/relocation, road alignments, or investment commitments. All provisional geometries have official_boundary=false. All base maps are programmatically drawn; no aerial/satellite imagery used. Chinese HTML embeds Noto Sans SC (SIL OFL 1.1).
