

Overall Design Overview (provisional geometry)

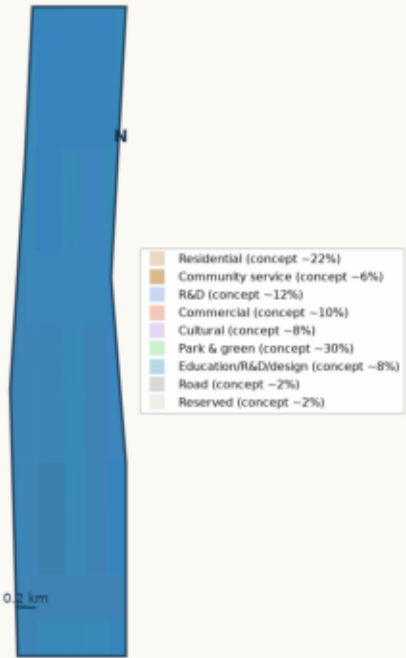

Concept only - provisional boundary - full recompute when official data is published · source: geometry/* .geojson (EPSG:4548 recompute)

Key Metric Evidence (from metrics.json; provisional low-confidence; recompute after official release)

Concept only - provisional boundary - full recompute when official data is published · source: metrics.json + geometry recompute (EPSG:4548)

Conceptual Land-Use Structure (concept shares; recompute after official controls)

Concept only - provisional boundary - full recompute when official data is published · source: geometry/land_use.geojson

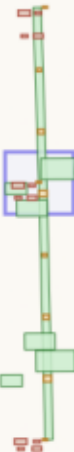

Three Nodes: Index, Components and Spatial Sequence

Youth Maker Hub

Co-create: pitch/workbench/mentor/membership/honorsLive: flexible rent/shared kitchen-living/community

Youth Co-living Commons

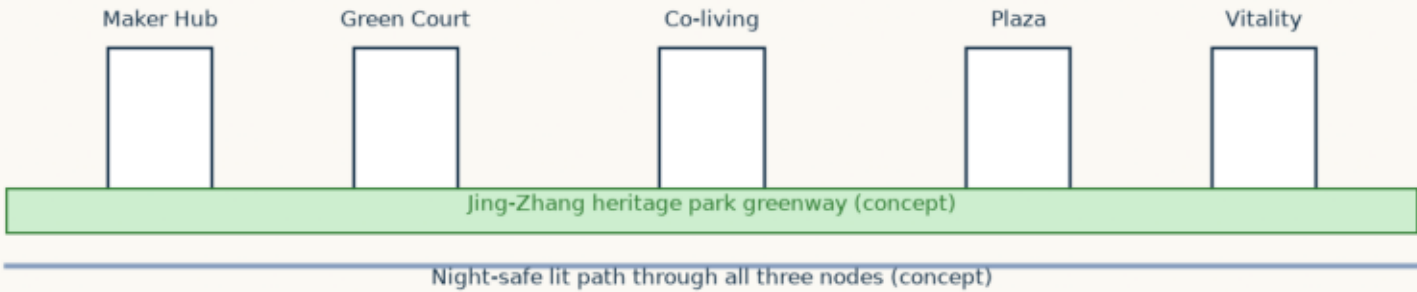

Youth Vitality Plaza

Vitality: stage/sports/market/night lighting

Spatial sequence (conceptual section along the loop)

Concept only - provisional boundary - full recompute when official data is published · source: geometry/key_areas/building/public_space.geojson

AI Innovation Ecosystem Atlas & Factor Mechanisms (concept)

AI Innovation Ecosystem Atlas & Factor Mechanisms (concept)

Eight factor streams (concept)

Three-zone two-wing loop interfaces

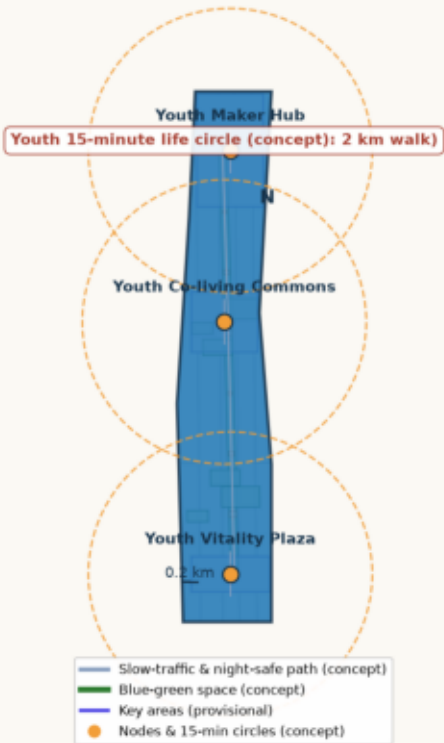

Regional cooperation candidate interfaces (concept, not commitments)

Attraction path (concept): showcase -> co-test -> site intent -> statutory process

Concept only - provisional boundary - full recompute when official data is published - concept diagram

Slow Traffic & Blue-Green Analysis (concept)

Concept only - provisional boundary - full recompute when official data is published - source: geometry/roads/green_space/public_space.geojson

YOUTH CO-CREATION LOOP (YOUTH.JZ) | Board 3/3 (concept only, provisional boundary, full recompute when official data is published)
