

JING-ZHANG FOR PEOPLE

City for people. AI for use.

Centennial Jing-Zhang AI Innovation Belt Open Call for Urban Design

A people-first concept proposal that turns the historic railway into a shared public-life spine and makes AI useful, optional and accountable.

THREE-LEVEL SCOPE FRAMEWORK

43.6 km² · 11.4 km² · 368.4 ha

- Regional ecosystem, corridor-wide renewal and three detailed areas form one chain.
- The three scales share geometry, metrics and review matrices.

THREE SCALES, ONE PUBLIC-LIFE SPINE

Regional capability → corridor structure → three implementable key areas

43.6 km²

COORDINATED RESEARCH

Industry ecosystem, regional interfaces and future-city mechanisms

11.4 km²

OVERALL DESIGN

One spine, cross-links, three areas, six gateways and three nodes

368.4 ha

KEY AREAS

Zhongzhiyuan, AI Origin and Dazhongsi

EVERYONE

PUBLIC TEST

Reachable, usable, accountable and optional

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

Provisional work base · conceptual planning evidence · not a statutory control

One public-life spine, multiple east-west stitches

- ### Functional mix, capacity scenarios and public space jointly control growth

功能分区从三处重点区域的差异化定位, 新增与更新空间按产业、生活、公共和基础支撑类同核算。

JING-ZHANG FOR PEOPLE | P06

DETAILED DESIGN OF KEY AREAS

Zhongzhiyuan · AI Origin · Dazhongsi

- Garden-based full-stack innovation.
- Campus-city conversion and public learning.
- Four-quadrant hub and AI life services.

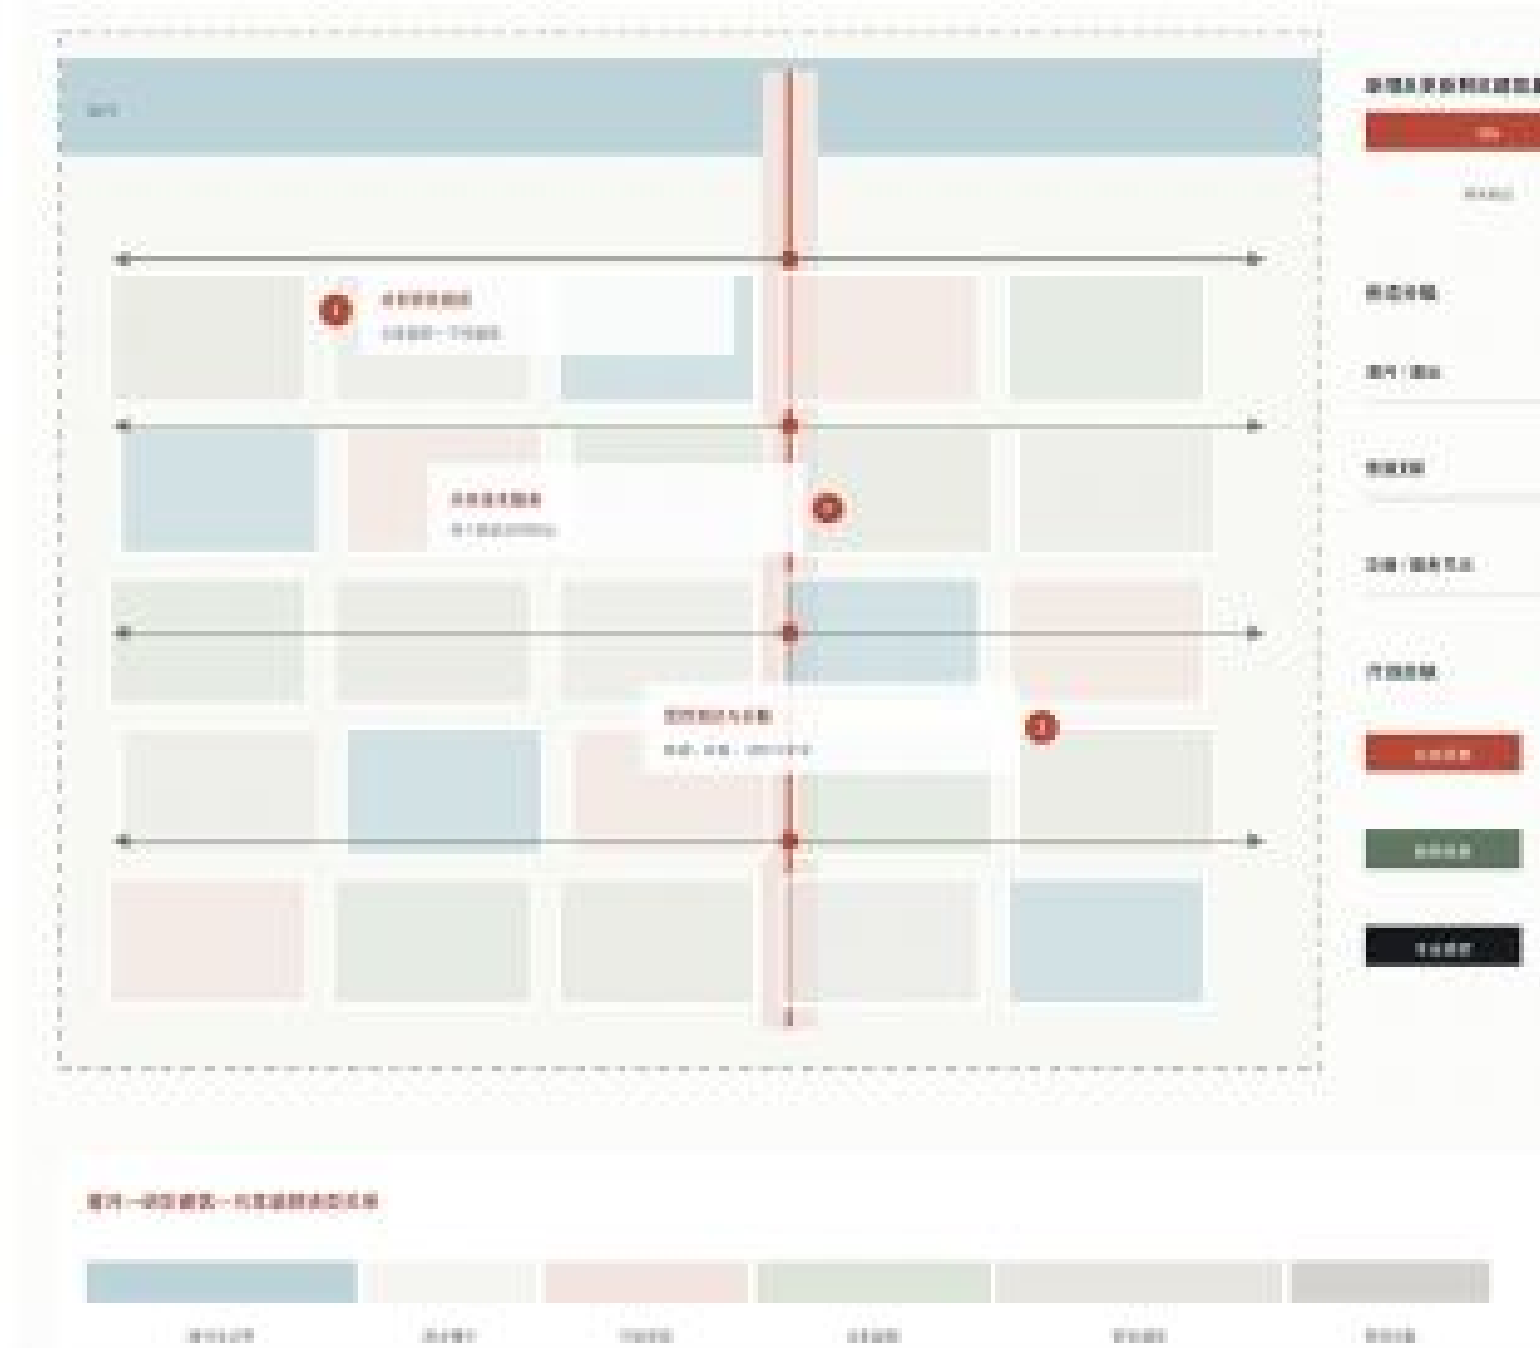

THREE KEY AREAS, THREE INNOVATION PROCESSES

Plans, functional ratios, implementation nodes and public scenes shown together

01 ZHONGZHIYUAN

50/15/20/5/10

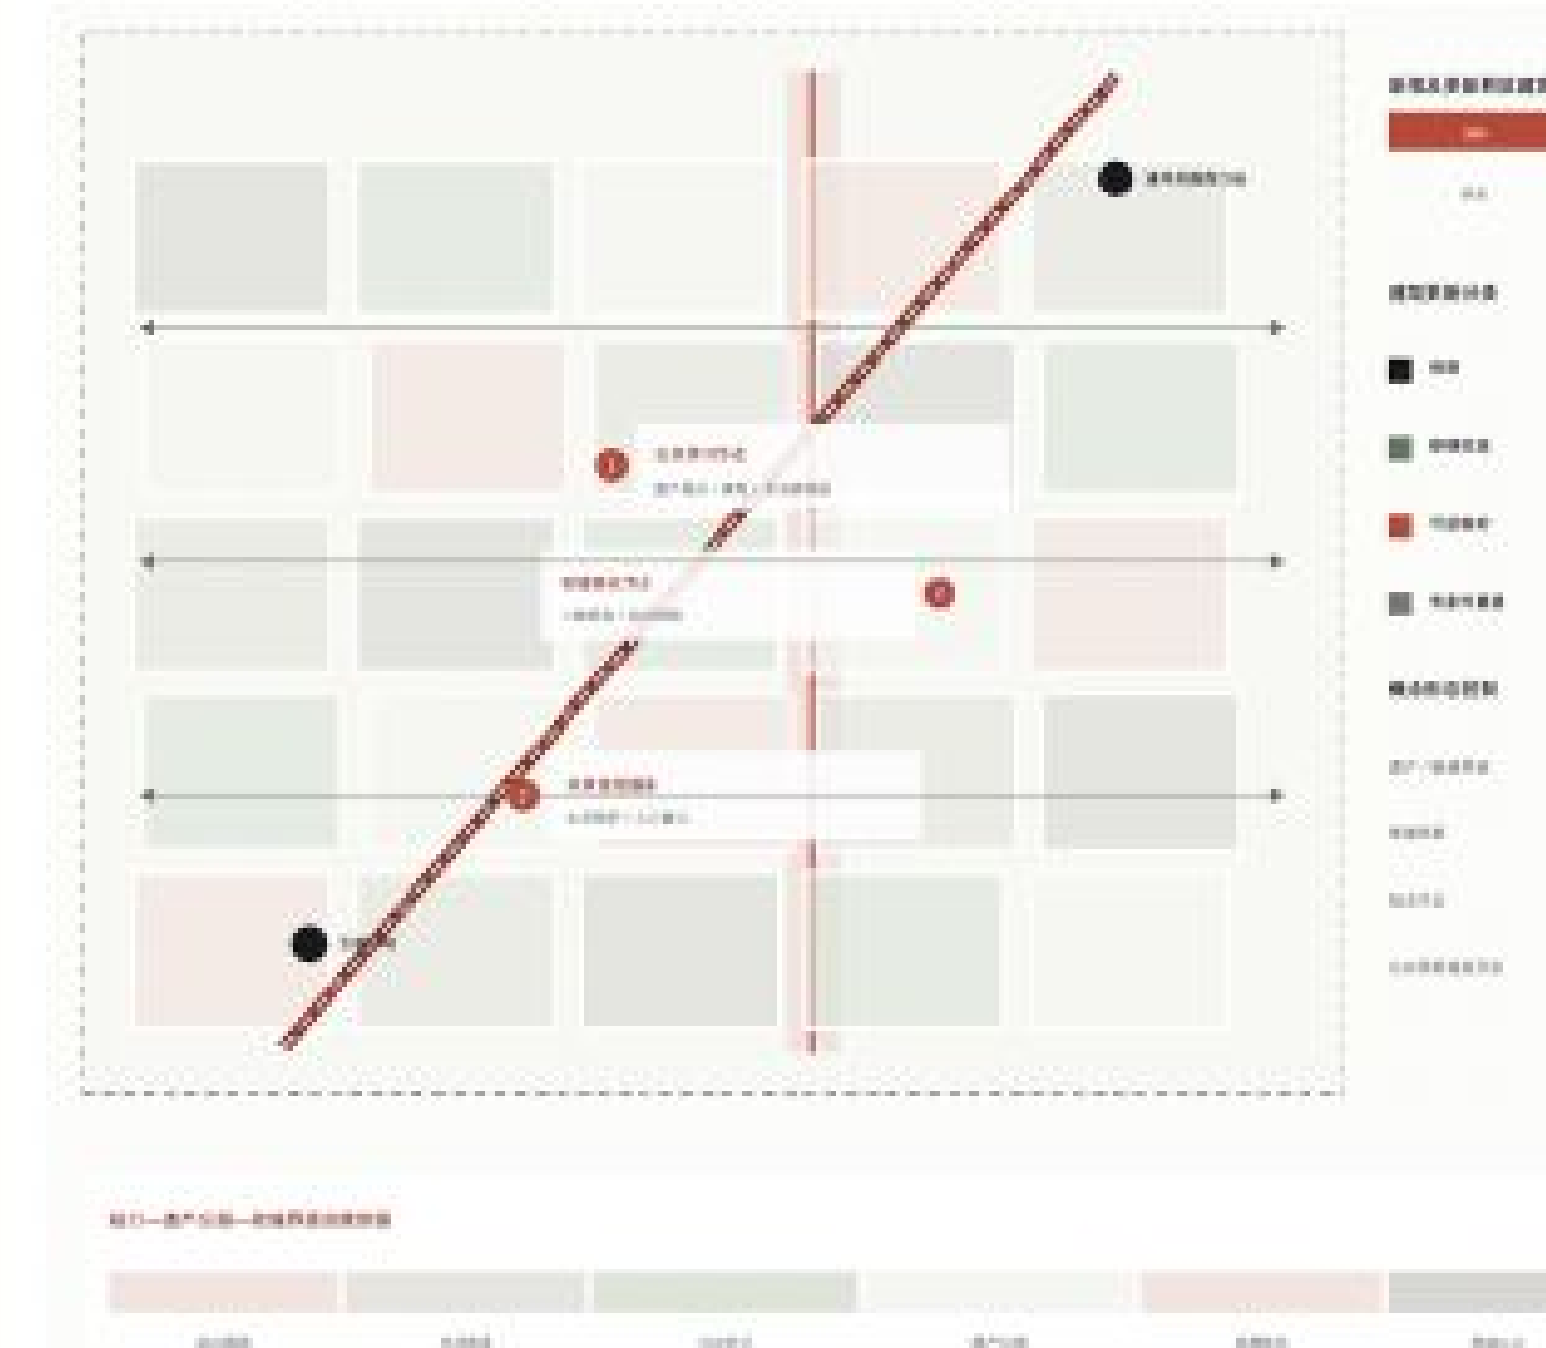

Qinghe public-innovation reach + shared technical service

02 AI ORIGIN

35/25/20/15/5

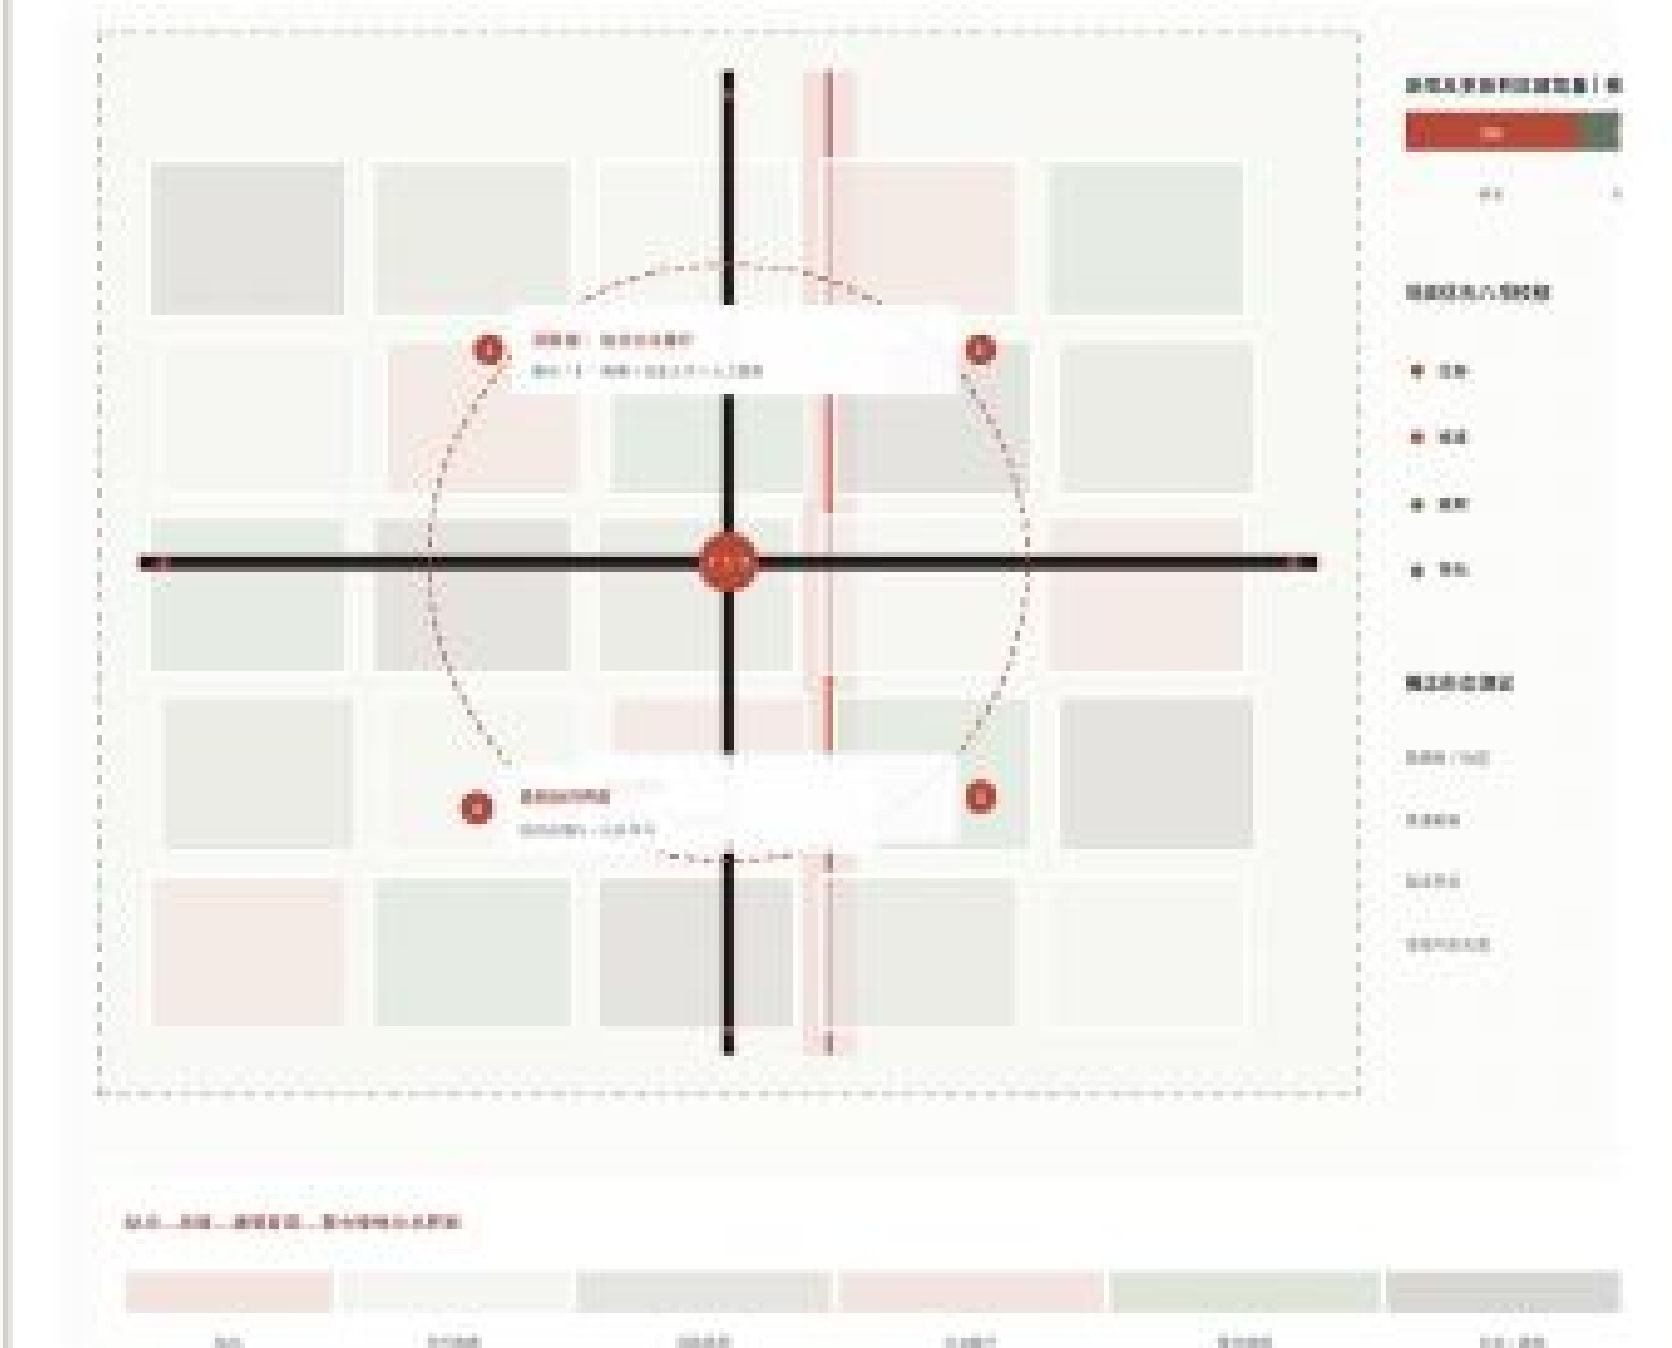

Two-station link + heritage learning + talent living

03 DAZHONGSI

35/20/30/10/5

Four-quadrant access + station living room + active ground floors

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

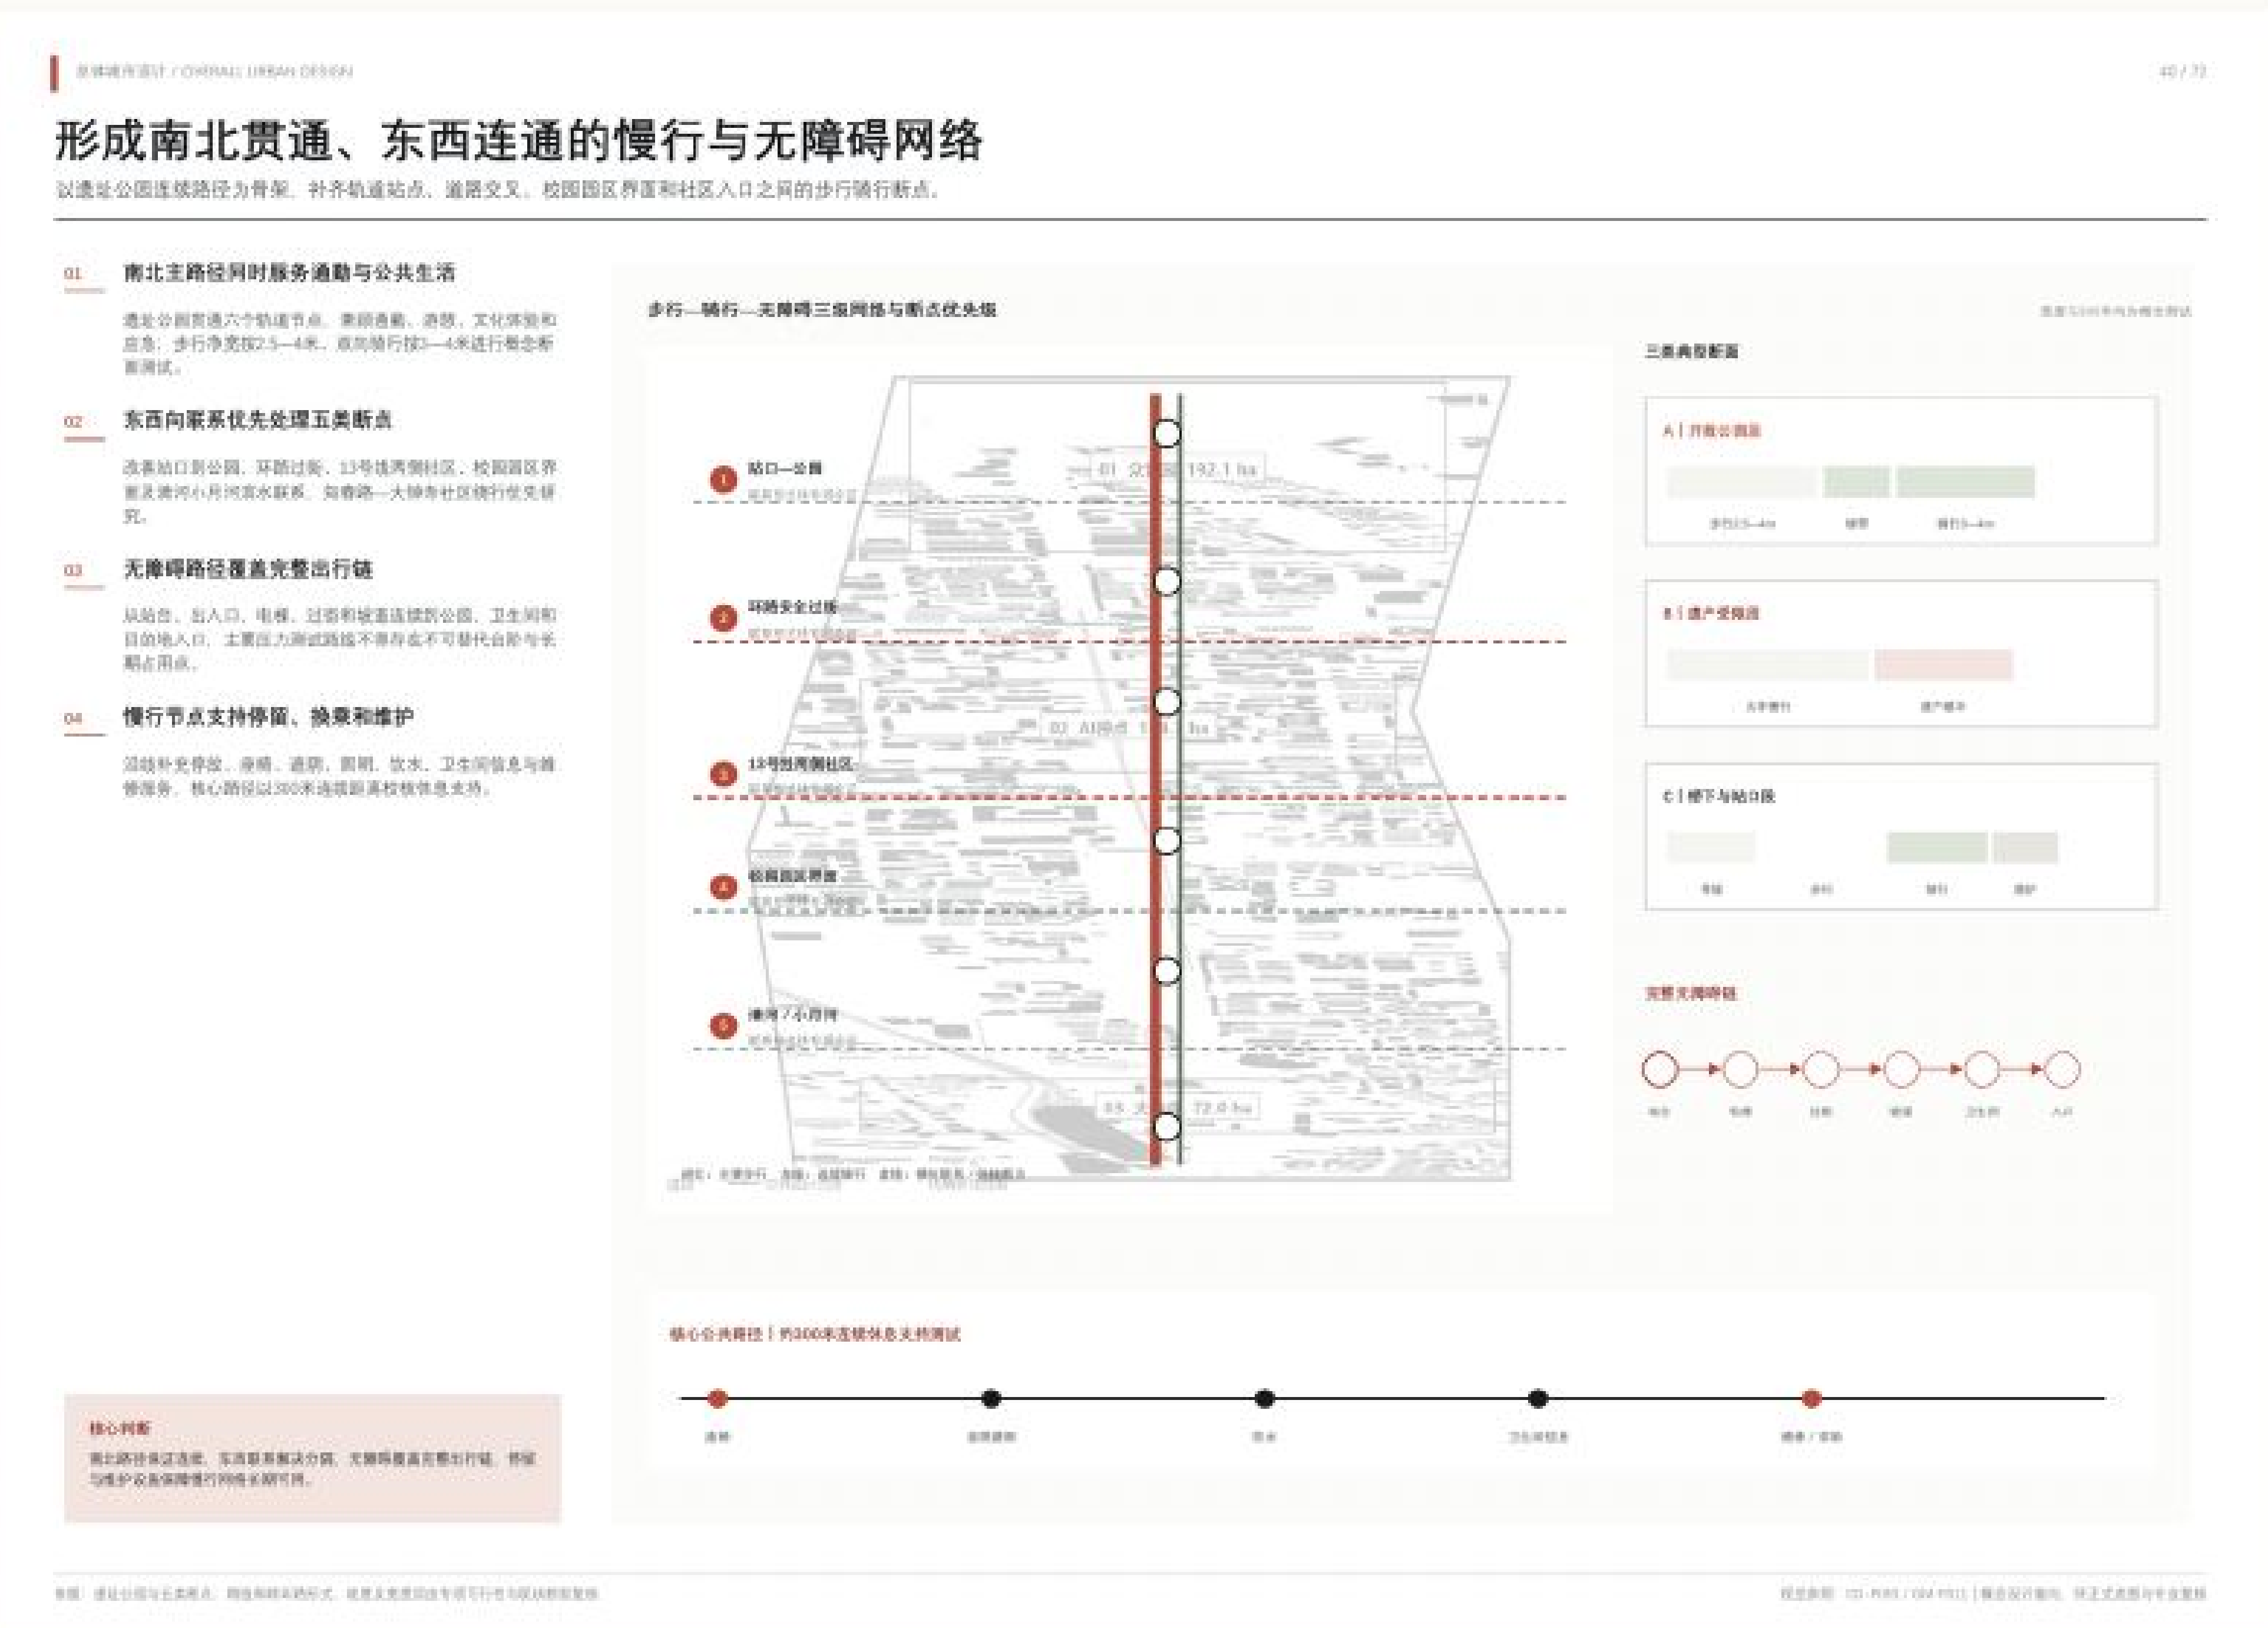

TRANSPORT, INFRASTRUCTURE AND SERVICES

Access first; technology second

- Continuous cross-corridor journeys and station integration.
- Offline and human fallback remain available during failure.

A WALK-FIRST MOBILITY, BLUE-GREEN AND SERVICE NETWORK

Six rail gateways, five cross-link types and the Qinghe–Xiaoyue stormwater system

ORDER MOBILITY PRIORITY

Walk and universal access—cycle—transit—cars.
Repair surface connections before grade separation.

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

Reproducible concept values, explicit limits

- Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

Every project has a place, owner and prerequisite; metrics trigger spatial and operational changes
