

JING-ZHANG FOR PEOPLE

City for people. AI for use.

Centennial Jing-Zhang AI Innovation Belt Open Call for Urban Design

A people-first concept proposal that turns the historic railway into a shared public-life spine and makes AI useful, optional and accountable.

JING-ZHANG FOR PEOPLE

City for people. AI for use.

- Innovation resources are concentrated; everyday life deserves more attention.
- The railway becomes a shared public-life spine for everyone.
- AI remains useful, optional, accountable and supported by human service.

THREE SCALES, ONE PUBLIC-LIFE SPINE

Regional capability → corridor structure → three implementable key areas

43.6 km²

COORDINATED RESEARCH

Industry ecosystem, regional interfaces and future-city mechanisms

11.4 km²

OVERALL DESIGN

One spine, cross-links, three areas, six gateways and three nodes

368.4 ha

KEY AREAS

Zhongzhiyuan, AI Origin and Dazhongsi

EVERYONE

PUBLIC TEST

Reachable, usable, accountable and optional

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

Provisional work base · conceptual planning evidence · not a statutory control

DESIGN BASIS AND SOURCE LIST

Evidence before precision

- Official announcement and AI-agent taskbook define tasks.
- Current polygons are provisional constraints frozen as the work base.
- No diagram is presented as a statutory boundary or approval.

PUBLIC TEST

Reachable, usable, accountable and optional

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

Provisional work base · conceptual planning evidence · not a statutory control

THREE-LEVEL SCOPE FRAMEWORK

43.6 km² · 11.4 km² · 368.4 ha

- Regional ecosystem, corridor-wide renewal and three detailed areas form one chain.
- The three scales share geometry, metrics and review matrices.

THREE SCALES, ONE PUBLIC-LIFE SPINE

PUBLIC TEST

Reachable, usable, accountable and optional

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

Provisional work base · conceptual planning evidence · not a statutory control

COORDINATED RESEARCH AREA

Industry and future-city strategy

- Public question research open collaboration testing transfer feedback.
- Six international cases are converted into local operating disciplines.

ONE SPINE, CROSS-LINKS, THREE AREAS, SIX GATEWAYS

Functional mix, capacity scenarios and public space jointly control growth

MIX FIVE USE GROUPS

40/20/20/10/10 is the starting mix for new and released renewal floor area; daily and shared capacity cannot be displaced.

CAP CAPACITY COMBINATION

Balanced uplift is primary; optimise sensitive heritage, waterfront and mature-community edges; intensify only selected rail nodes.

CTRL STEP-DOWN RULE

Any non-compensable overload in transport, utilities, services, climate, heritage or housing returns the unit to a lower scenario.

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

One public-life spine, multiple east-west stitches

- ## ONE SPINE, CROSS-LINKS, THREE AREAS, SIX GATEWAYS

Functional mix, capacity scenarios and public space jointly control growth

功能分区图从三处重点区域的差异化定位、新增与更新空间按产业、生活、公共和基础支撑共同核算。

邻近交通、社区服务与安静绿地、河流沿岸

CAP **CAPACITY COMBINATION**

CTRL STEP-DOWN RULE

Any non-compensable overload in transport, utilities, services, climate, heritage or housing returns the unit to a lower scenario.

DETAILED DESIGN OF KEY AREAS

Zhongzhiyuan · AI Origin · Dazhongsi

- Garden-based full-stack innovation.
- Campus-city conversion and public learning.
- Four-quadrant hub and AI life services.

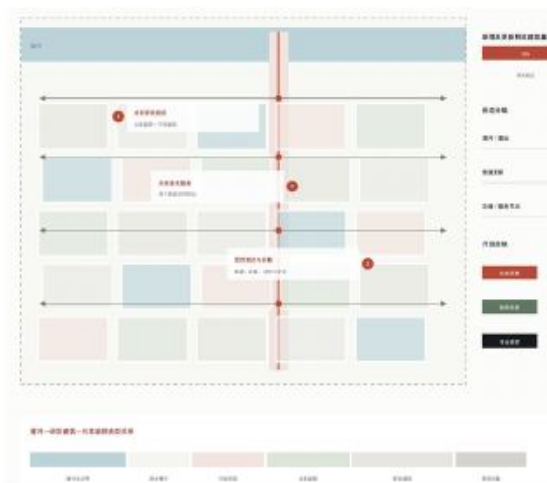

THREE KEY AREAS, THREE INNOVATION PROCESSES

Plans, functional ratios, implementation nodes and public scenes shown together

01 ZHONGZHIYUAN

50/15/20/5/10

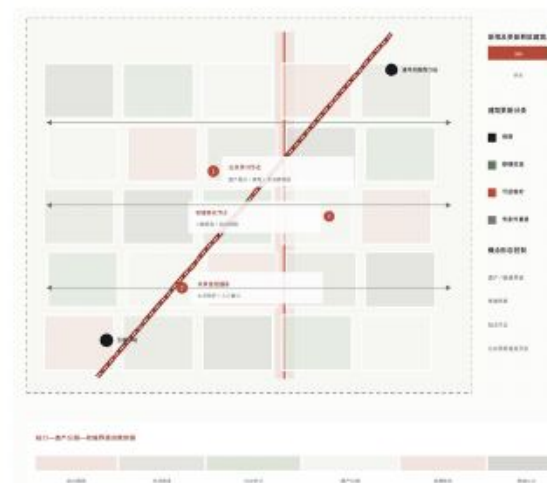

Qinghe public-innovation reach + shared technical service

02 AI ORIGIN

35/25/20/15/5

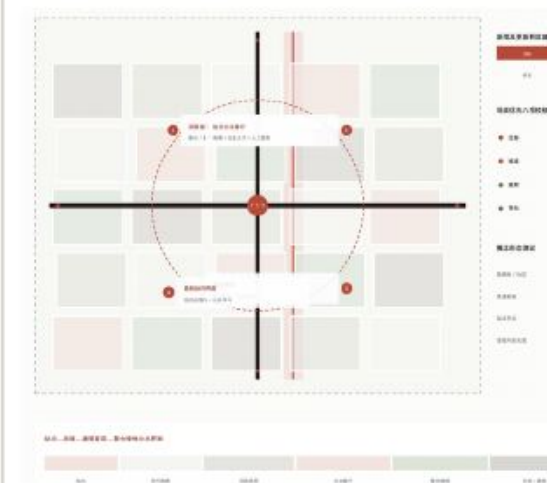

Two-station link + heritage learning + talent living

03 DAZHONGSI

35/20/30/10/5

Four-quadrant access + station living room + active ground floors

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

AI ECOSYSTEM, PERSONAS AND SCENARIOS

Eight user groups · ten daily cards · three industry tests

- Every scenario declares data minimum, human review, refusal and stopping conditions.
- Public space is not a passive laboratory.

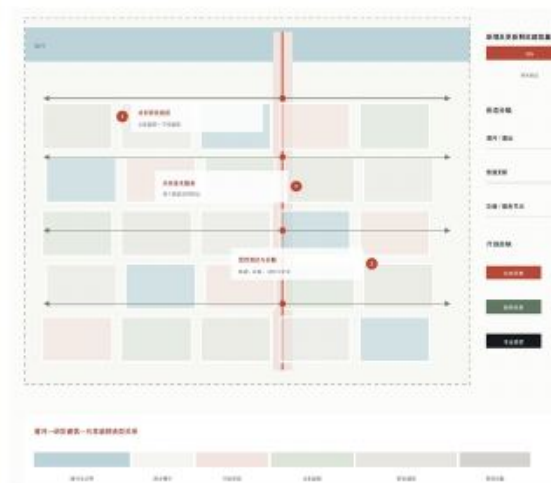

THREE KEY AREAS, THREE INNOVATION PROCESSES

Plans, functional ratios, implementation nodes and public scenes shown together

Retain value, adapt structures, test infill

- ### Functional mix, capacity scenarios and public space jointly control growth

40/20/20/10/10 is the starting mix for new and released renewal floor area; daily and shared capacity cannot be displaced.

Balanced uplift is primary; optimise sensitive heritage, waterfront and mature-community edges; intensify only selected rail nodes.

Any non-compensable overload in transport, utilities, services, climate, heritage or housing returns the unit to a lower scenario.

JING-ZHANG FOR PEOPLE | P09

TRANSPORT, INFRASTRUCTURE AND SERVICES

Access first; technology second

- Continuous cross-corridor journeys and station integration.
- Offline and human fallback remain available during failure.

A WALK-FIRST MOBILITY, BLUE-GREEN AND SERVICE NETWORK

Six rail gateways, five cross-link types and the Qinghe–Xiaoyue stormwater system

京雄城际设计 / JINGXIONG RAILWAY DESIGN

40 / 73

形成南北贯通、东西连通的慢行与无障碍网络

以遗址公园连续路径为骨架，补齐轨道交通、道路交叉、校园园区界面和社区入口之间的步行骑行断点。

01 南北主路径同时服务通勤与公共生活

遗址公园贯通六个轨道交通节点，串联通勤、游憩、文化体验和应急；步行净宽按2.5—4米，夜间步行按3—4米进行概念断面测试。

02 东西向联系优先处理五类断点

改善站口到公园、环路过街、13号线两侧社区、校园园区界面及滨河小片河滨水联系，如春晓—大杨桥社区慢行优先研究。

03 无障碍路径覆盖完整出行链

从站台、出入口、电梯、过街和接驳连接步行、卫生间和目的地入口，主要压力测试路径不存存在不可替代台阶与长期占用点。

04 慢行节点支持停留、换乘和维护

沿线补充驿站、座椅、遮阳、照明、饮水、卫生间信息与服务。核心路径以300米连续距离设置休息节点。

步行—骑行—无障碍三维网络与断点优先级

三维网络断面

完整无障碍链

核心公共路径 | 约300米连续休息无热测试

核心网络
南北路径连续贯通，东西联系解决断点，无障碍覆盖完整出行链，持续维护及服务保障慢行网络长期可用。

来源：遗址公园与五类断点，网络网络策略形式，修复及完善网络步行骑行与无障碍网络

视觉来源：101-PR01 / 004-PR01 | 概念设计输出，非正式图纸与专业复核

ORDER MOBILITY PRIORITY

Walk and universal access—cycle—transit—cars.
Repair surface connections before grade separation.

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

BLUE-GREEN SPACE AND URBAN CHARACTER

Shade, storm safety, heritage and everyday use

- Climate performance is measured through real journeys and bodily experience.
- Railway heritage stays alive through learning, care, small businesses and public discussion.

ORDER MOBILITY PRIORITY

Walk and universal access—cycle—transit—cars.
Repair surface connections before grade separation.

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

Sixteen concept packages with stage gates

- Every project has a place, owner and prerequisite; metrics trigger spatial and operational changes

* Recomputed from provisional work geometry; not statutory controls

JING-ZHANG FOR PEOPLE | P12

METRICS AND COMPLIANCE

Reproducible concept values, explicit limits

- 17 announcement tasks plus six agent tasks are covered.
- Fifteen design-depth items connect text, drawings, geometry, metrics and review.

SIXTEEN PROJECTS AND ACTION-TRIGGERING METRICS

Every project has a place, owner and prerequisite; metrics trigger spatial and operational changes

* Recomputed from provisional work geometry; not statutory controls

Conceptual design evidence using the current provisional work base. It is not a statutory control, approved project or government commitment.

Concept proposal, not statutory approval

- All source, standard and license records remain traceable.

Every project has a place, owner and prerequisite; metrics trigger spatial and operational changes
