

Three key areas retain distinct roles; walking, accessibility, rail interchange and blue-green continuity come first.

KEY AREAS | THREE ROLES, THREE IMPLEMENTATION CONDITIONS

Not three generic parks: a trusted source, an open exchange and an urban interface

ZHONGZHI | TRUSTED AI GARDEN

PUBLIC LOOP

OPEN LINK

STOP NODE

T01 trusted-model lab

Qinghe ecology + standards workshop

bounded test + physical stop + human owner

FLOOD | FIRE | RIGHTS | SECURITY | INSURANCE

AI ORIGIN | 10-MIN KNOWLEDGE EXCHANGE

PUBLIC LOOP

OPEN LINK

STOP NODE

T02 human-backed agent evaluation

open table + release room + services

ordinary service + quiet hours + no-account access

CAMPUS | RIGHTS | ACCESS | NIGHT NOISE

DAZHONGSI | AI-NATIVE URBAN LIVING ROOM

PUBLIC LOOP

OPEN LINK

STOP NODE

station + four-quadrant crossing audit

small public rooms + bilingual reception

no preset bridge, capacity or programme

RAIL | TRAFFIC | FIRE | UTILITIES | NOISE

PROVISIONAL BOUNDARY / CONCEPTUAL SUGGESTION / FULL RECOMPUTATION REQUIRED

geometry + metrics + proposal

MOBILITY + BLUE-GREEN PUBLIC SPACE | ORDINARY ROUTE FIRST

Audit gaps, retain detours, use non-imaging sensing, bound every test

RAIL INTERCHANGE AUDIT

BLUE-GREEN CONTINUITY

ORDINARY WALKING + ACCESS

BOUNDED TEST WINDOW

PROVISIONAL BOUNDARY / CONCEPTUAL SUGGESTION / FULL RECOMPUTATION REQUIRED

geometry + metrics + proposal

01

SPATIAL ROLES

Trusted source, open exchange and urban interface.

02

ORDINARY ROUTE

Walking, cycling and accessible routes remain usable.

03

IMPLEMENTATION CONDITIONS

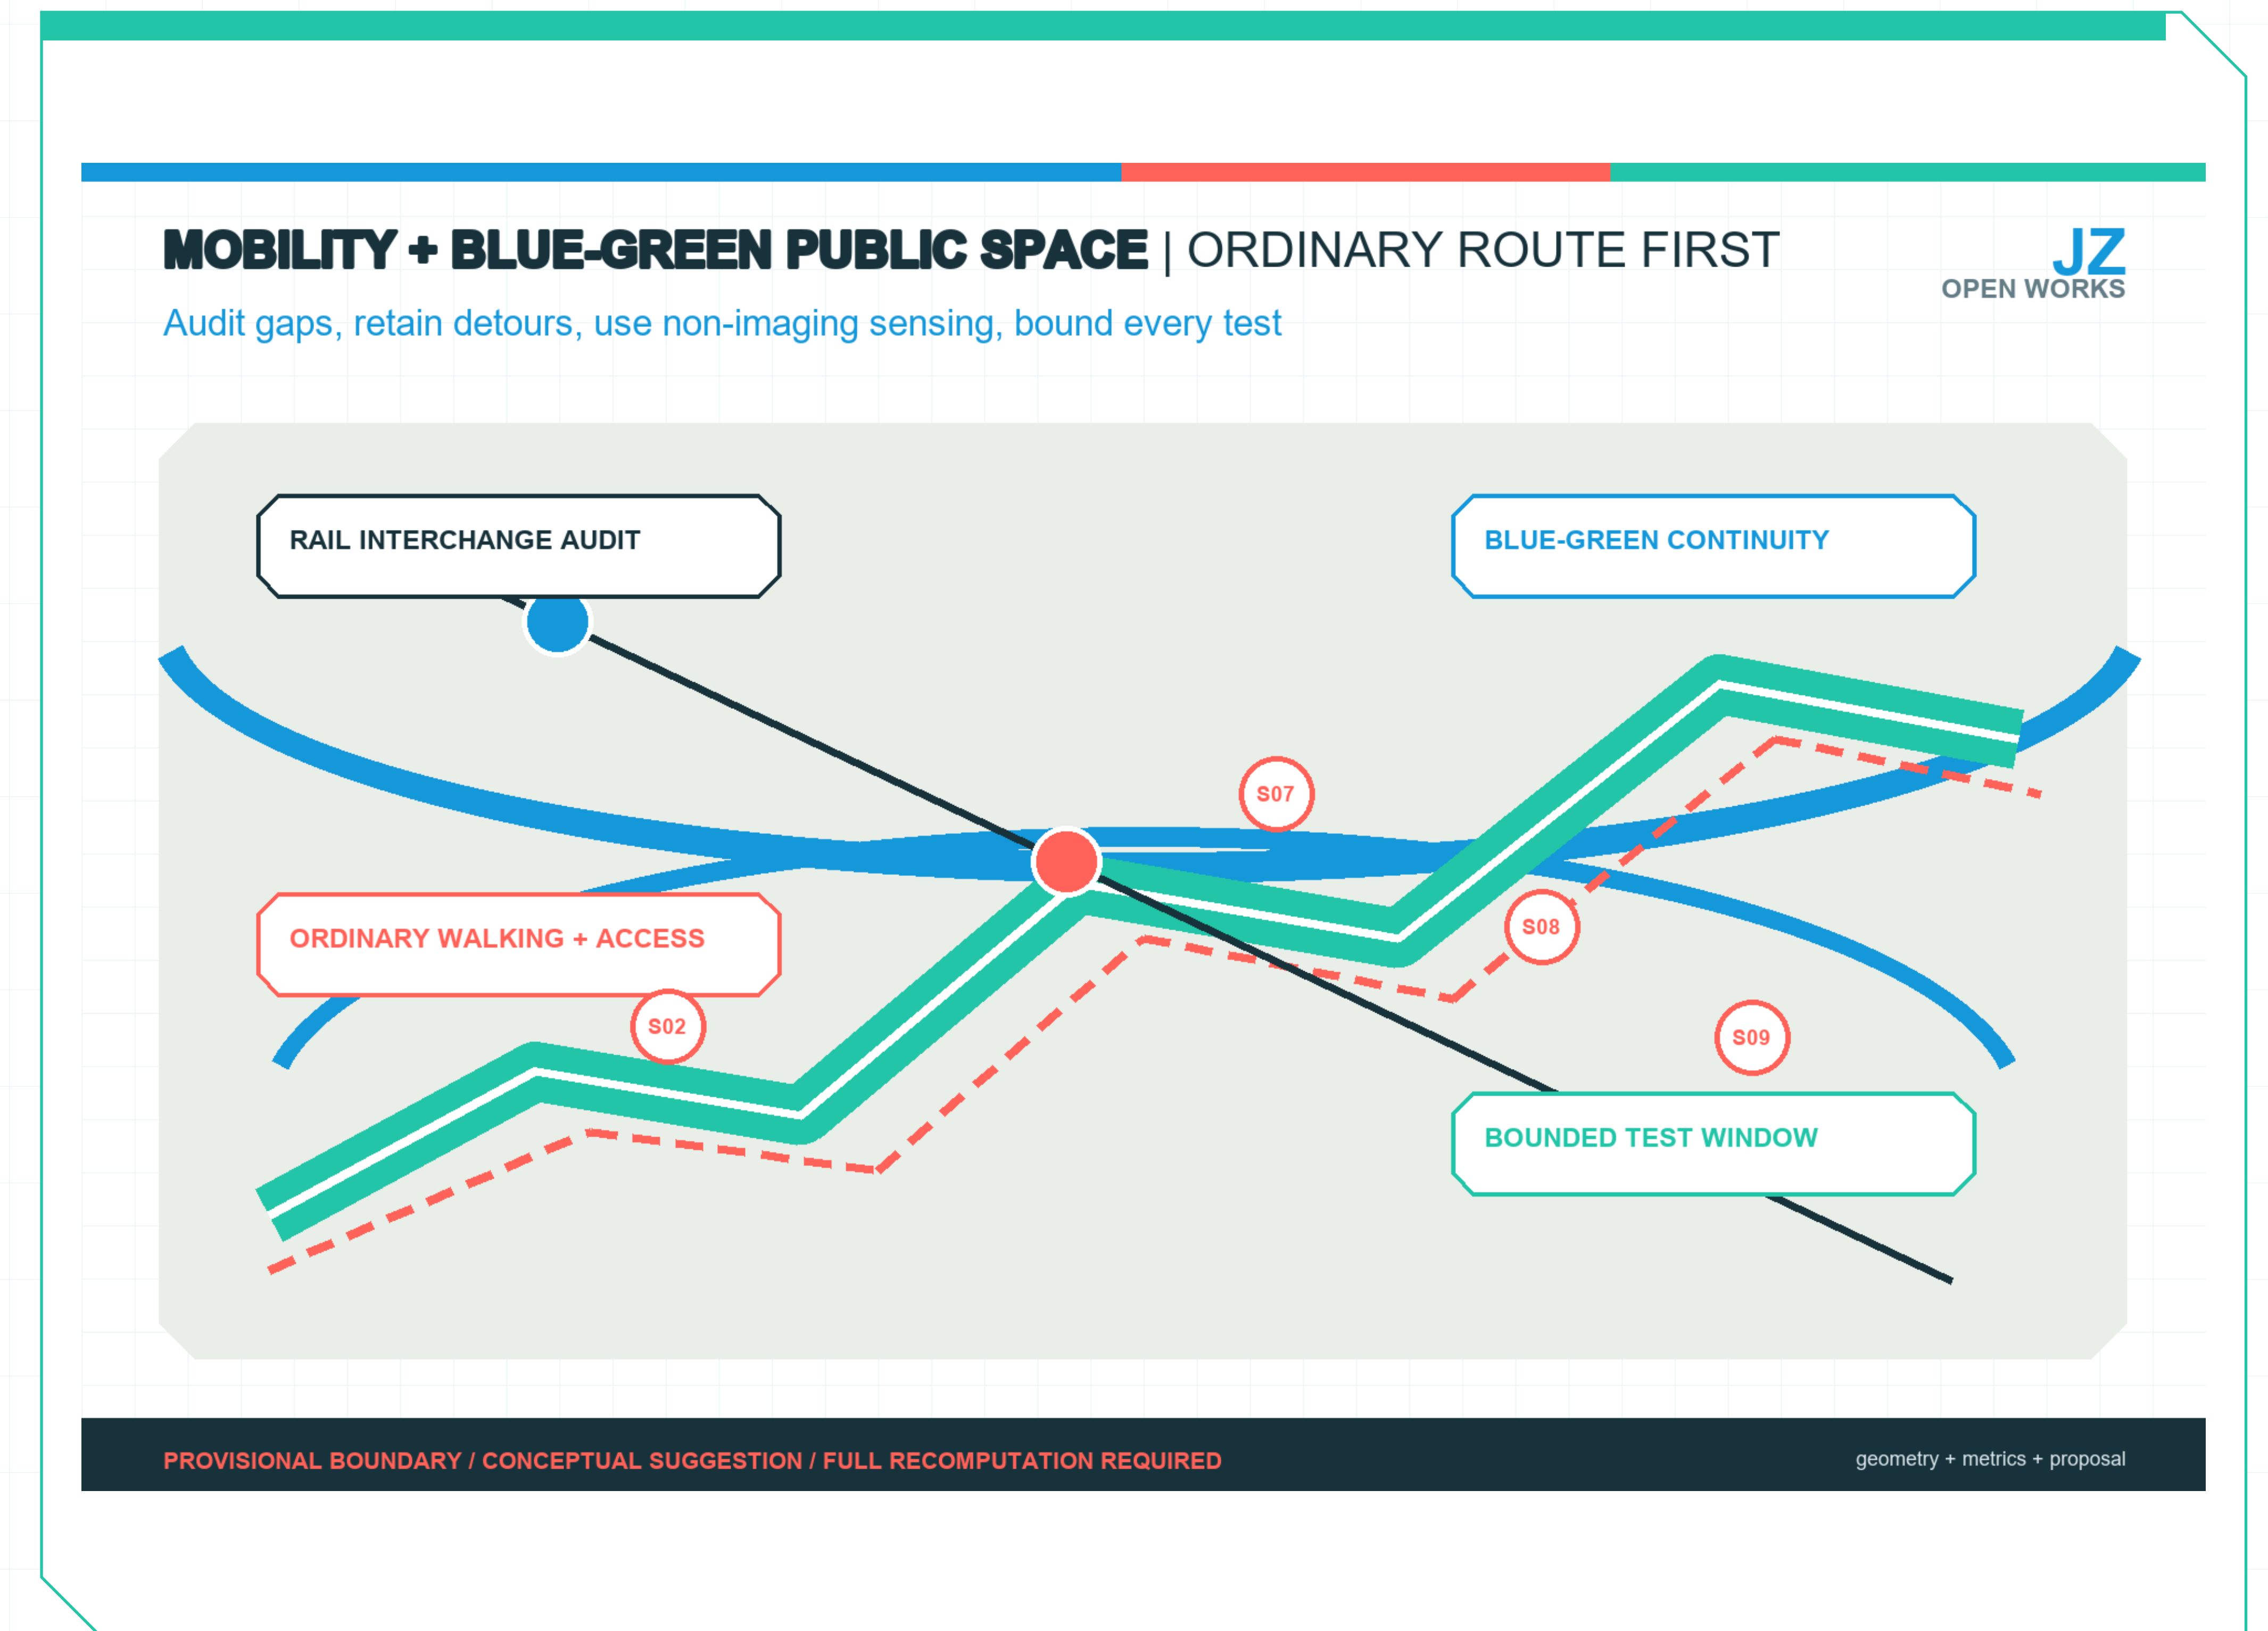

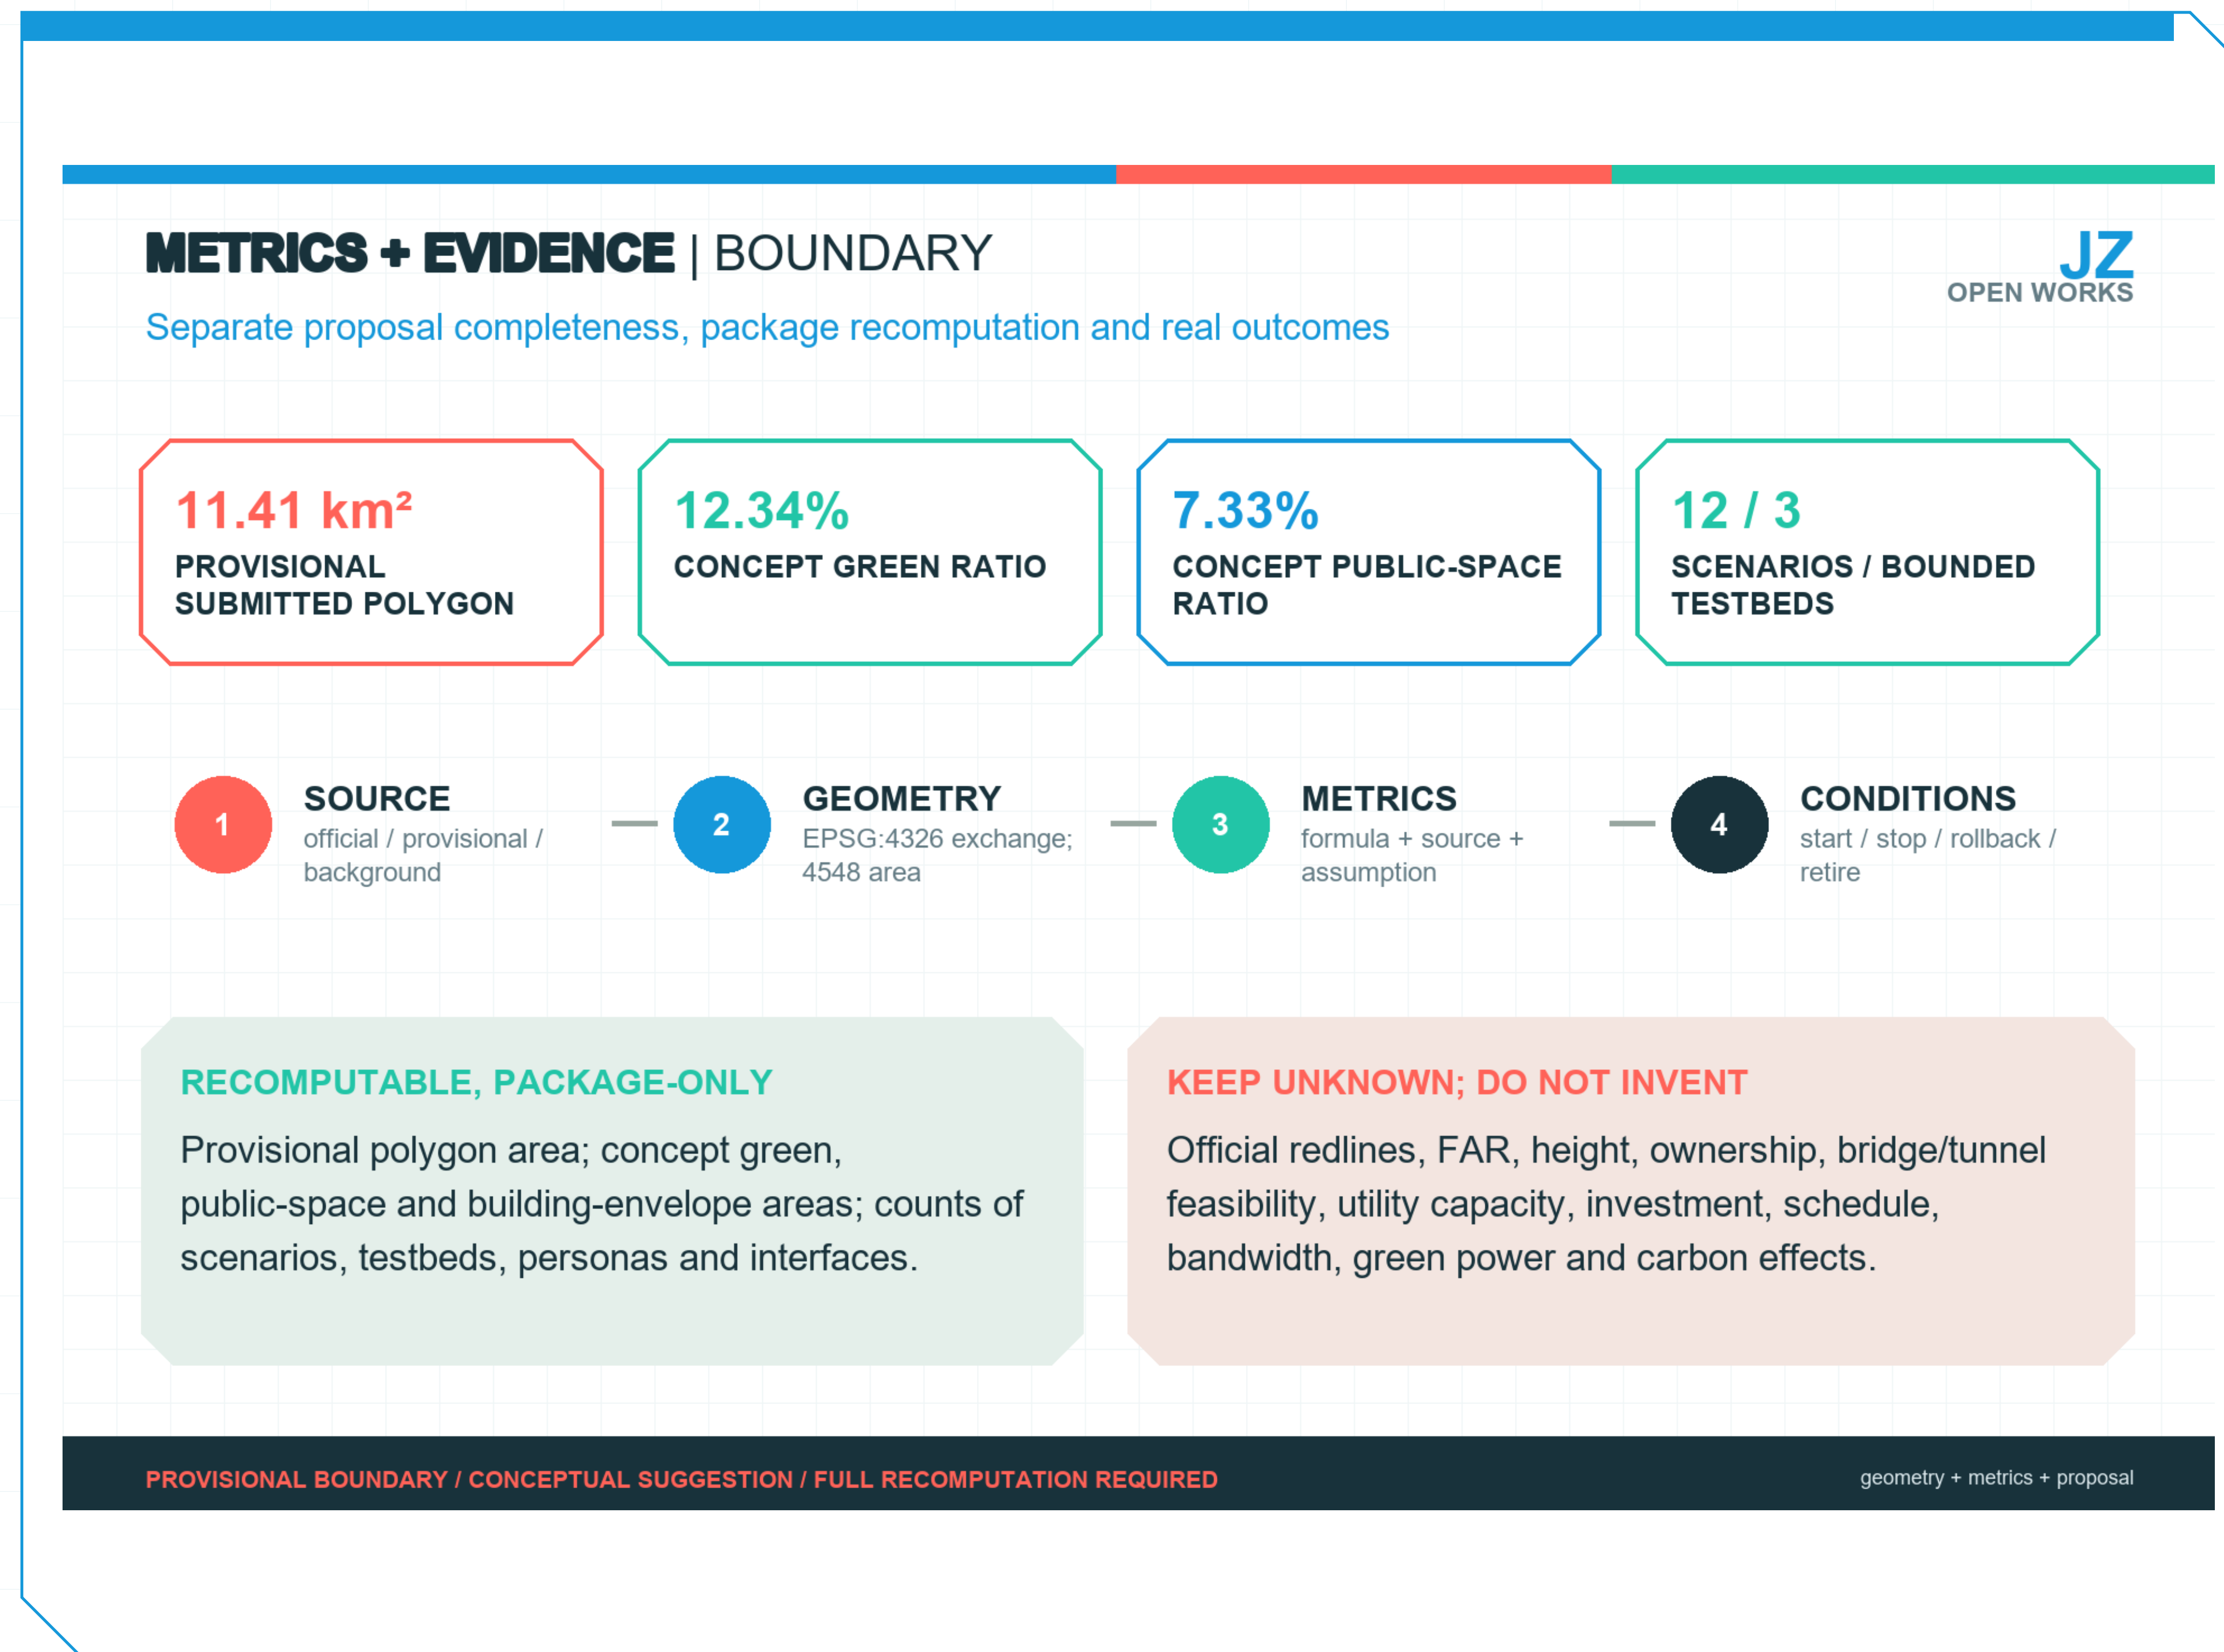

No fixed project without rights, traffic, utilities and operator.

SOURCE: PROPOSAL · GEOMETRY · METRICS · STRUCTURED PACKAGE

PROVISIONAL BOUNDARY · CONCEPTUAL SUGGESTION · NOT A STATUTORY PLAN

PROVISIONAL BOUNDARY · CONCEPTUAL SUGGESTION · NOT A STATUTORY PLAN

Recomputable package metrics remain separate from statutory knowledge; delivery begins with official evidence.

01

RECOMPUTABLE

Concept green, public and building geometry remain consistent.

02

KEEP UNKNOWN

FAR, height, rights, crossings, utilities, cost and schedule.

03

NEXT STEP

Rebuild space and metrics after official evidence and field logs.
