6—6—4 OPERATING GATES

6 START · ALL MUST BE VERIFIED

1.

Entrance, actual routes, and right-of-way availability verified

unknown
2.

Continuous accessible route and reasonable accommodation verified

unknown
3.

Ownership, heritage, utilities, fire, and safety boundaries verified

unknown
4.

Accountable operator and field lead confirmed in writing

unknown
5.

Only synthetic, paper, or permitted minimum-necessary material is used

unknown
6.

Both main lines, human takeover, and emergency stop are testable

unknown

6 STOP · ANY TRIGGER PAUSES/STOPS

1.

Provenance or permission is unproven, or the rehearsal requires live payment, personal trajectory, or covert identifiers

not_observed
2.

The entrance, accessible route, or either main line is not safely passable

not_observed
3.

Human takeover is unavailable or does not respond within the recorded time

not_observed
4.

An unresolved gap appears between the two lines in time, price, failure, basic output, or safety

not_observed
5.

Derivative mapping is incomplete, residual effects are undisclosed, or staffed/offline withdrawal is unavailable

not_observed
6.

Public return lacks beneficiary, due date, acceptance, or non-delivery status, or is framed as payment for consent

not_observed

4 RESUME · SAME-METHOD RETEST + JOINT SIGN-OFF

1.

Stop cause, affected scope, and responsible role recorded

unknown
2.

Corrective action completed and retested with the same method

unknown
3.

All start conditions are re-verified and no new stop trigger is present

unknown
4.

Site operator, safety reviewer, and field lead jointly sign the resume decision

unknown

OFFICIAL PROCESS

2025-02-08 participation notice

A 2022-2035 draft was displayed from 2024-12-19 to 2025-01-19 with feedback decisions recorded. It does not prove approval, a statutory drawing, or a polygon.

REPORTED APPROVAL

2026-08-12 Beijing Daily / People.cn

A 2024-2035 version was reported approved: textual bounds, nine blocks, about 1,668.2 ha, and a one-belt one-axis two-centres structure. Not the approval document.

OFFICIAL PUBLICATION

2026-08-17 Haidian gov portal

The public-version text page states the bounds, nine block codes, 16.7 km2 and 75 functional zones, and declares the results statutory approval documents. No approval number; full-text PDF returned 404.

DESIGN RESPONSE

Retain the Co-op Line as a public-interest service layer; official provisions confirm the combined build

STOP INFERENCE

Not official adoption or a new statutory belt

02

DAZHONGSI CENTRE (REPORTED)

DESIGN RESPONSE

Retain DAZHONGSI-MVP-01 as the single rehearsal focus

STOP INFERENCE

The provisional key area is not the official centre boundary

03

N-S / E-W WALK+CYCLING (REPORTED)

DESIGN RESPONSE

Retain the no-data line and public stitches as priorities

STOP INFERENCE

No entrance, right-of-way, or accessibility result is confirmed

04

STOCK RENEWAL (OFFICIAL)

DESIGN RESPONSE

Survey first; adaptively reuse; reversible test fits; official provisions confirm stock renewal as primary

STOP INFERENCE

No real building, owner, capacity, or timing is confirmed

EVIDENCE BOUNDARY

The official publication page was retrieved. The approval document number, exact approval date, complete plan text (PDF 404), statutory drawings, and rights-cleared vector were not. No figure enters metrics; textual bounds are not digitized; official publication is not approval, endorsement, partnership, or implementation of this submission. GeoJSON, metrics, licence, and the core value proposition remain unchanged.
