

# JING-ZHANG CoMind LOOP

## Translating Lab Capability into Optional City Services

One spine · three stations · two wings · twelve interfaces

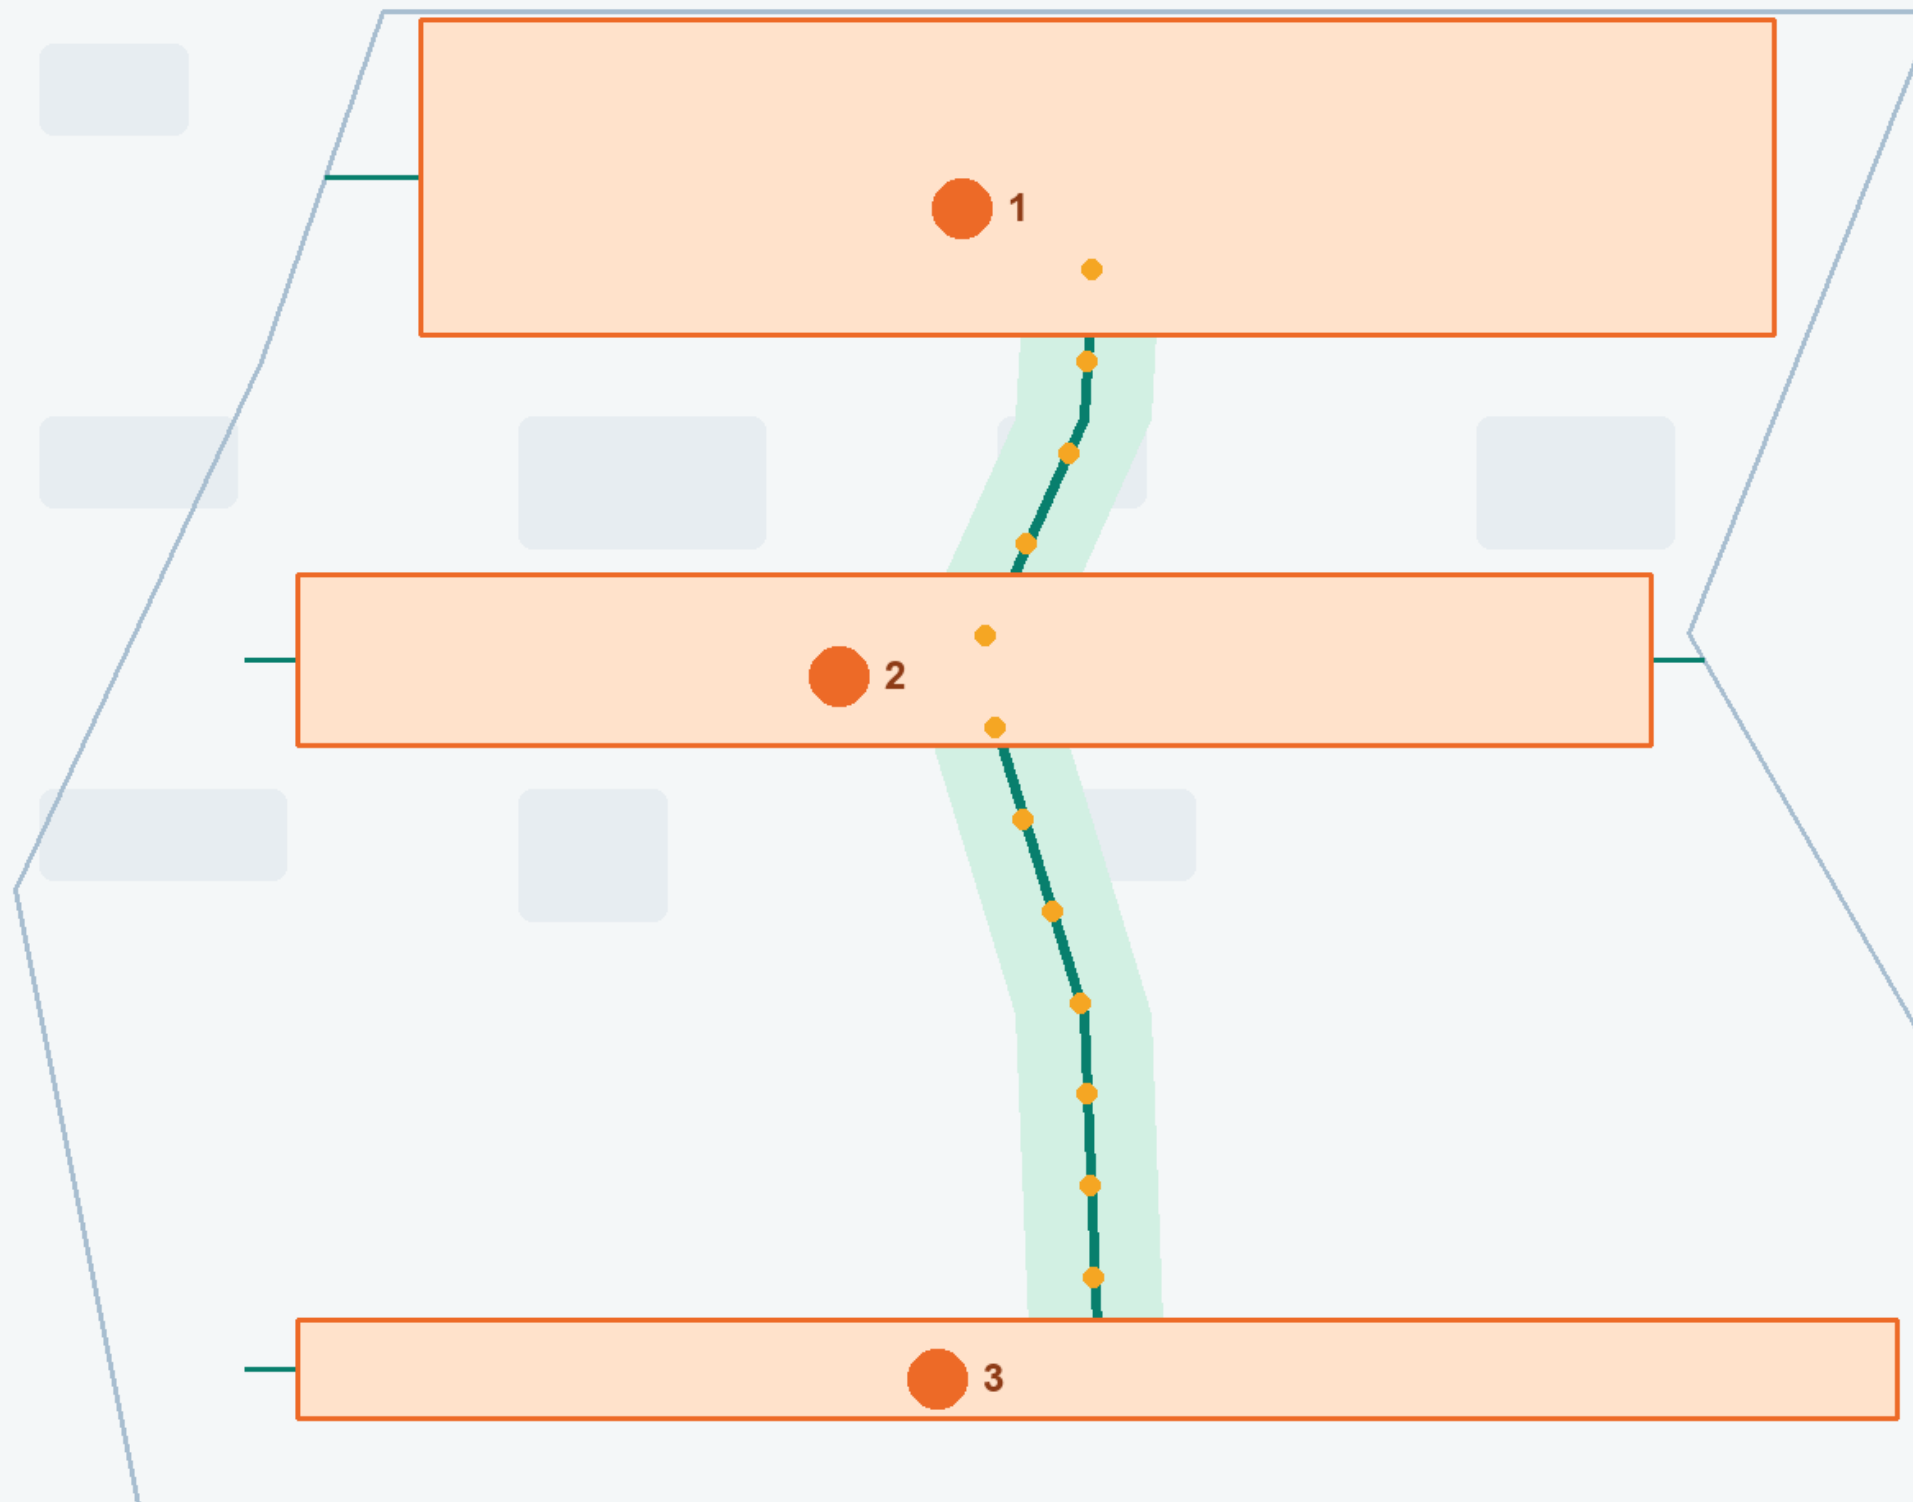

Concept proposal | provisional geometry | not an approved rendering

# Concept Framework | One Spine, Three Stations

01 · OVERALL CONCEPT

PROVISIONAL

CoMind Loop

1 Responsible Test

2 Open Translation

3 Urban Experience

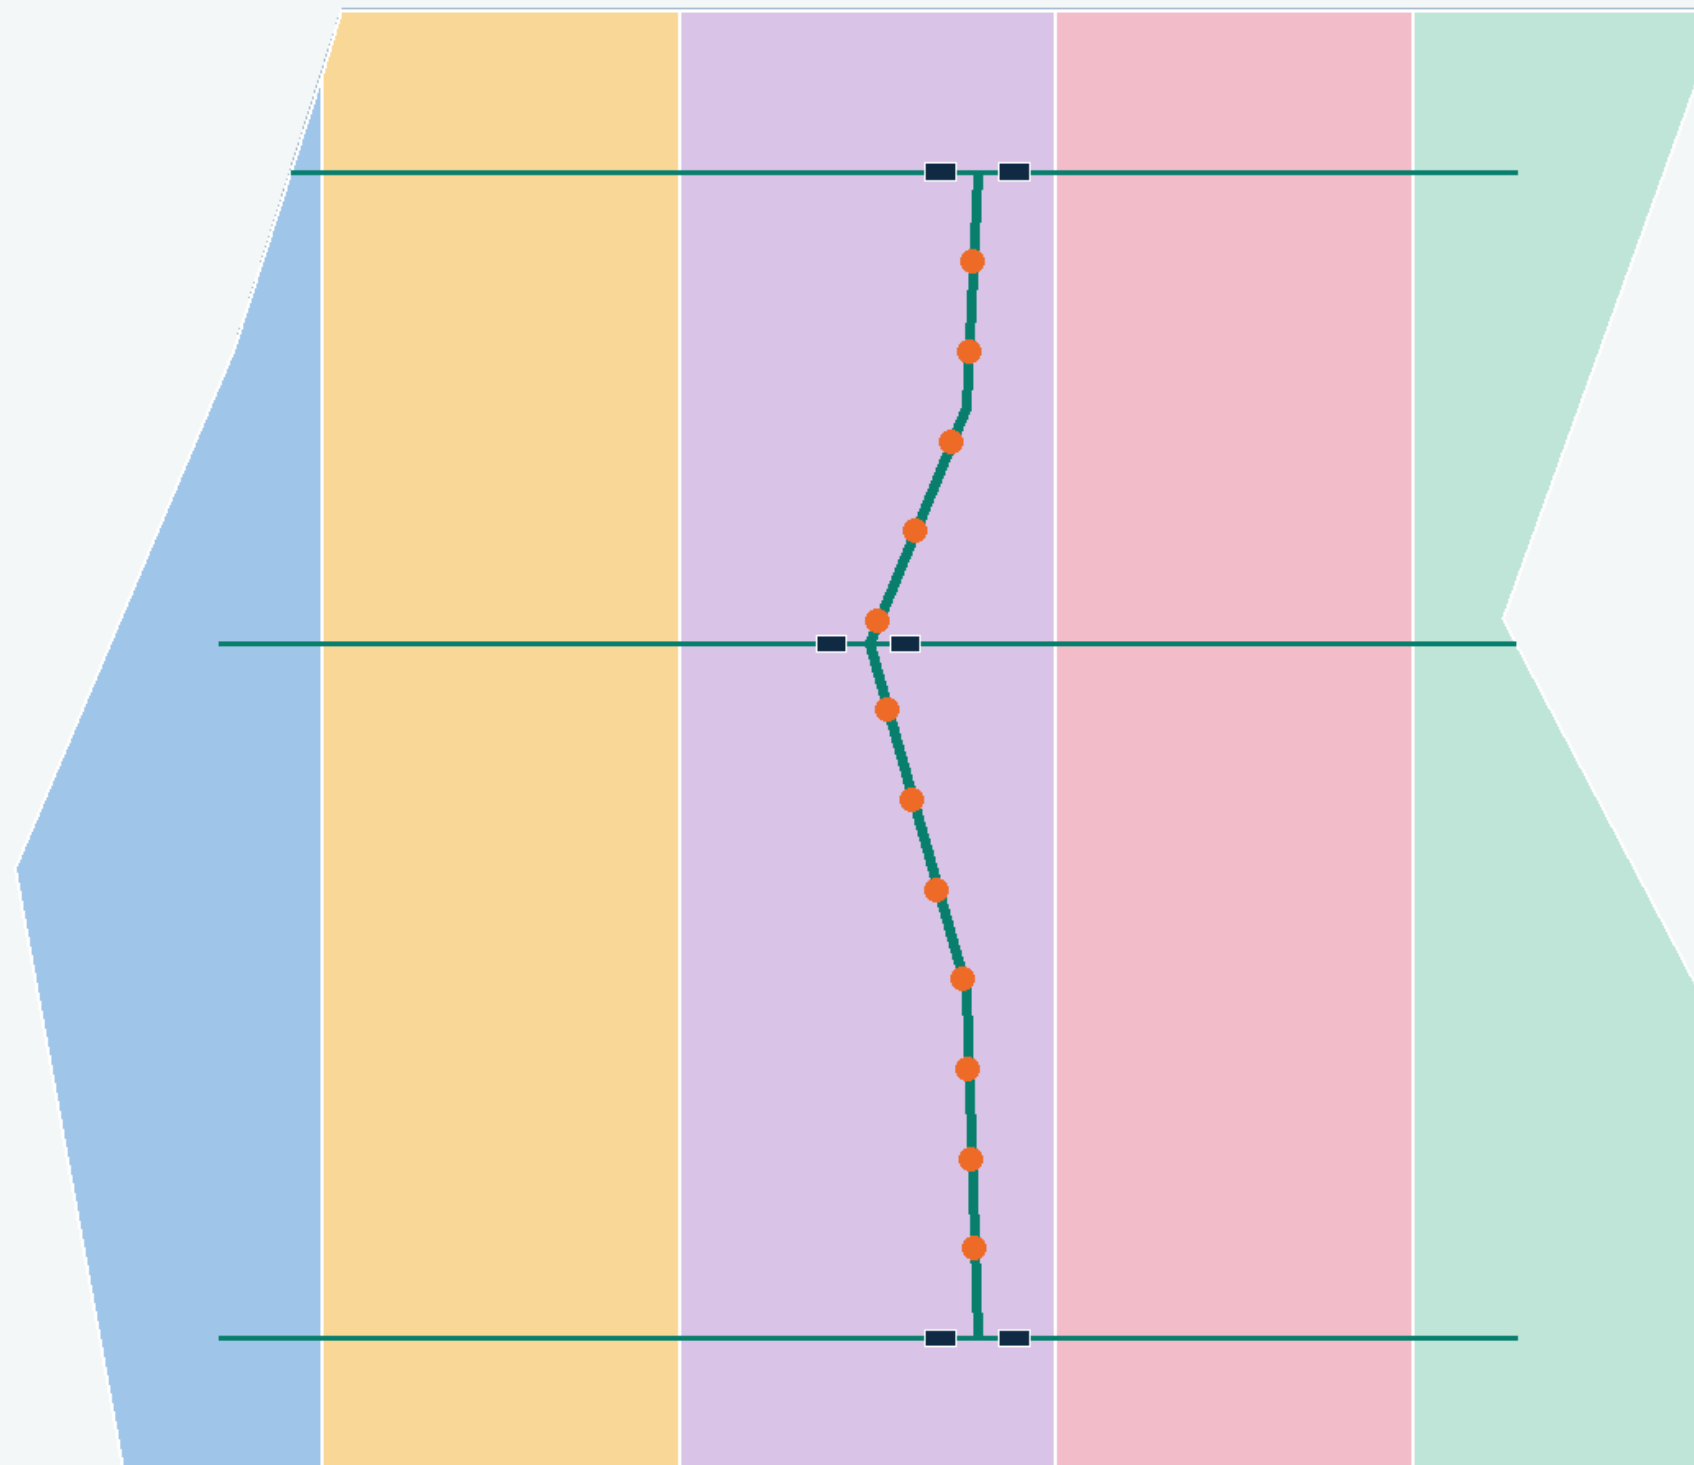

**12 urban-service interfaces**

Research → test → public return

# Spatial Structure | Five Commons + Two-way Loop

02 · LAND USE + ECOSYSTEM

PROVISIONAL

- Heritage commons
- Open R&D testing
- Translation services
- Community + talent
- Public learning

## TWO-WAY LOOP

Public questions → R&D

Lab capability → services

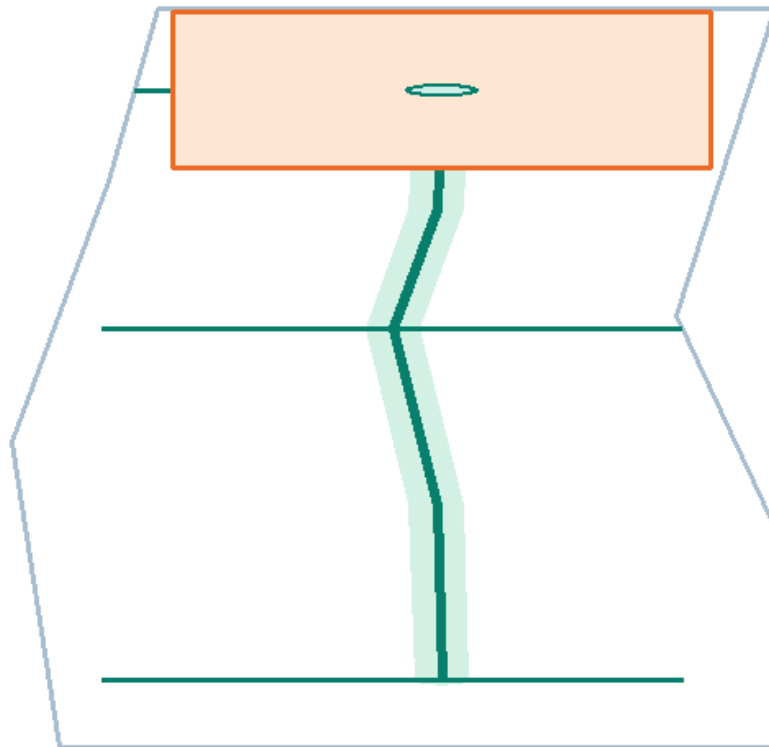

# Three Key Areas | Operable Spatial Prototypes

03 · DETAILED DESIGN

PROVISIONAL

## 01 Zhongzhiyuan · Responsible Test

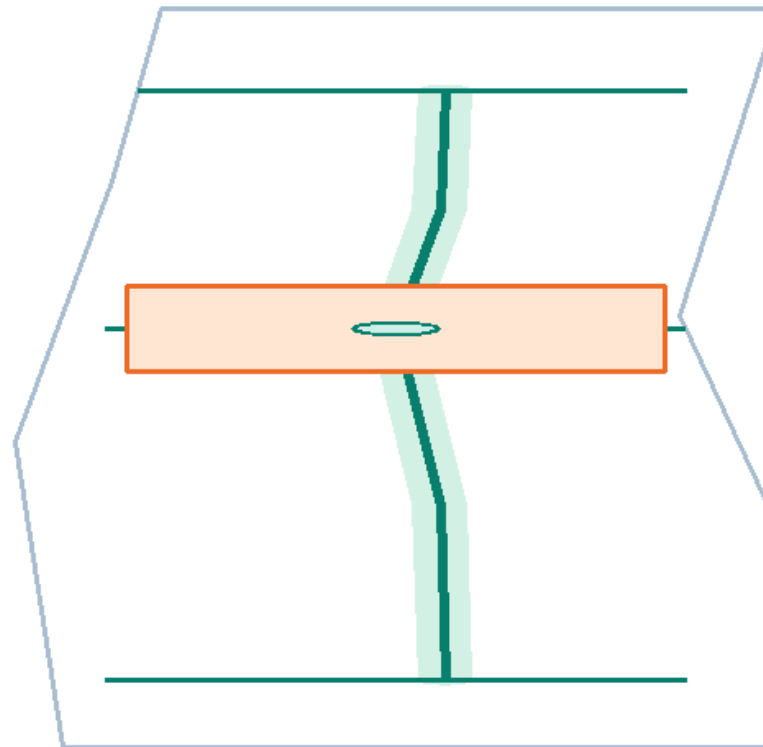

Qinghe edge | test court | standards hall

1 Open interface

2 Adapt buildings

3 Operate + audit

## 02 AI Origin · Open Translation

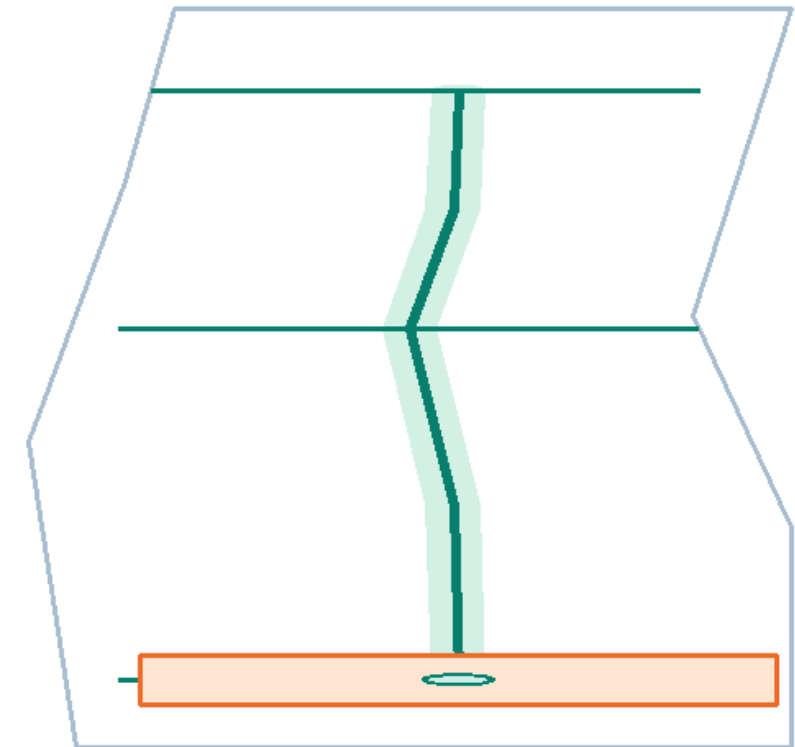

Campus-park seam | shared ground floor | credit ring

1 Open interface

2 Adapt buildings

3 Operate + audit

## 03 Dazhongsi · Urban Experience

Transit quadrants | consent lounge | demos

1 Open interface

2 Adapt buildings

3 Operate + audit

# Metrics + Delivery | Evidence + Stage Gates

05 · METRICS + IMPLEMENTATION

PROVISIONAL

## PUBLIC-VALUE METRICS

**11.413 km<sup>2</sup>** provisional submitted geometry

**6.4%** concept green coverage

**0.4%** designated civic courts

## THREE STAGE GATES

### 01 OPEN

#### Low-cost public interfaces

Owner + accessibility confirmed

### 02 ADAPT

#### Shared ground floors + links

Structure + mobility reviewed

### 03 OPERATE

#### Scenario seasons + handover

Data + operator + exit audited

# Delivery and Accountability Handover

**Open interfaces** Ownership, access, operator Continuous access; human option visible

**Adapt buildings** Structure, fire, mobility review Shared hours and reversible retrofit

**Operate scenarios** Data owner, maintenance, exit Publish failure, pause, next owner

All spatial and operational content is conceptual and awaits professional and stakeholder development.
