

YOUTH CO-CREATION LOOP (YOUTH.JZ)

Youth Innovation Community & Youth-Friendly Public Service Network (Concept)

Concept proposal - provisional boundary - full recompute after official data release

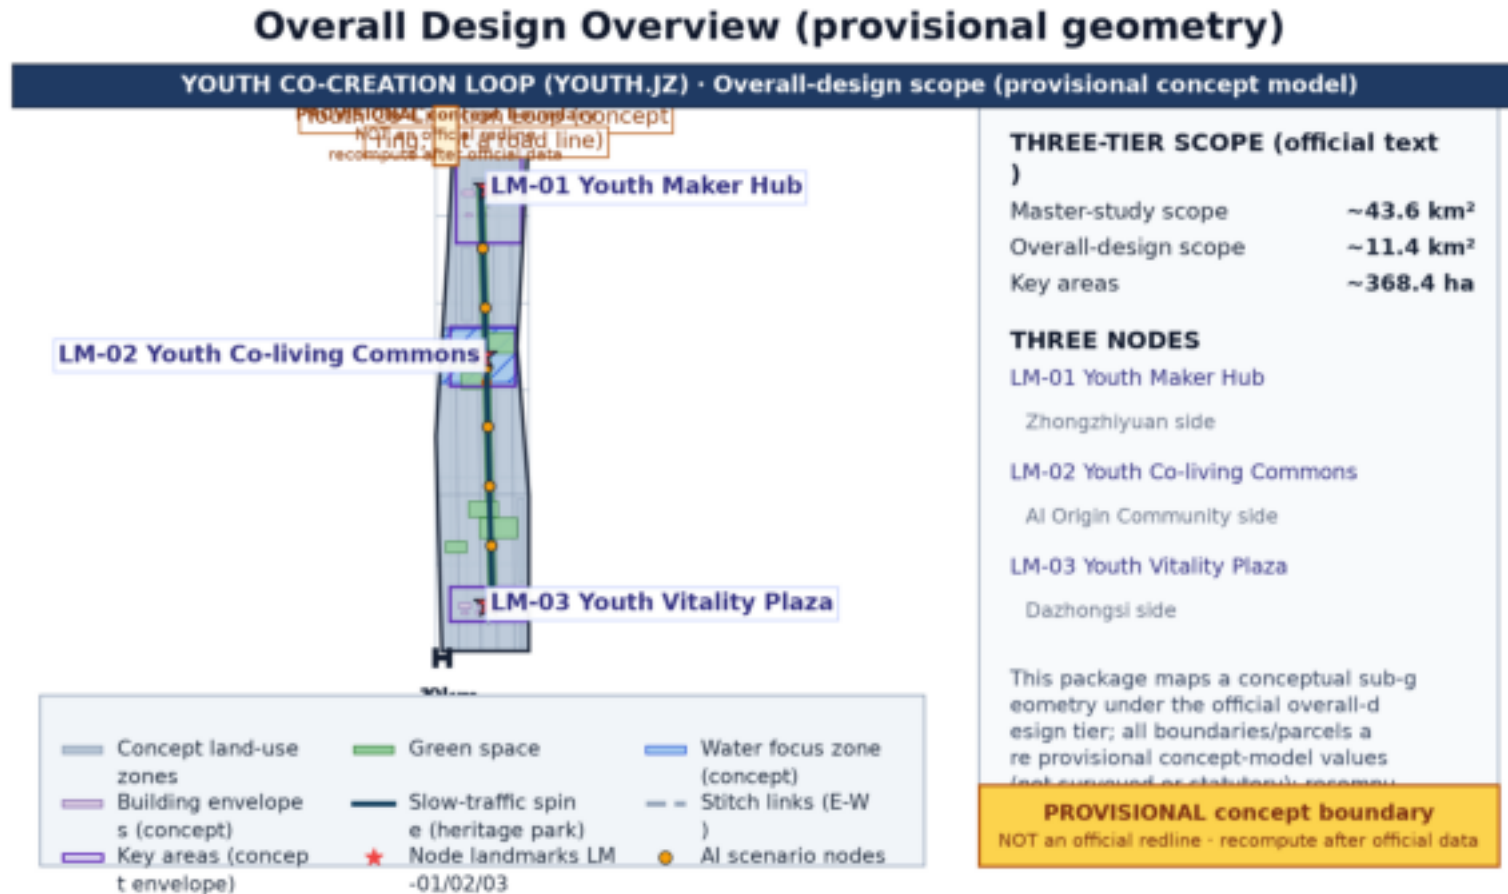

Three nodes: Youth Maker Hub - Youth Co-living Commons - Youth Vitality Plaza

All geometry in this booklet is provisional concept-model value (not surveyed or statutory); names and marks are internal working codenames (NAME-CLEAR-01). PROVISIONAL concept boundary - NOT an official redline - recompute after official data release.

Overall design overview (provisional geometry)

This map is a provisional concept illustration: boundary, network and parcels are a temporary design model, not an official red line, ownership, permit or engineering location; recompute from official geometry once published.

Conceptual land-use structure (geometry-recomputed)

Conceptual Land-Use Structure (geometry-recomputed, 10 classes)

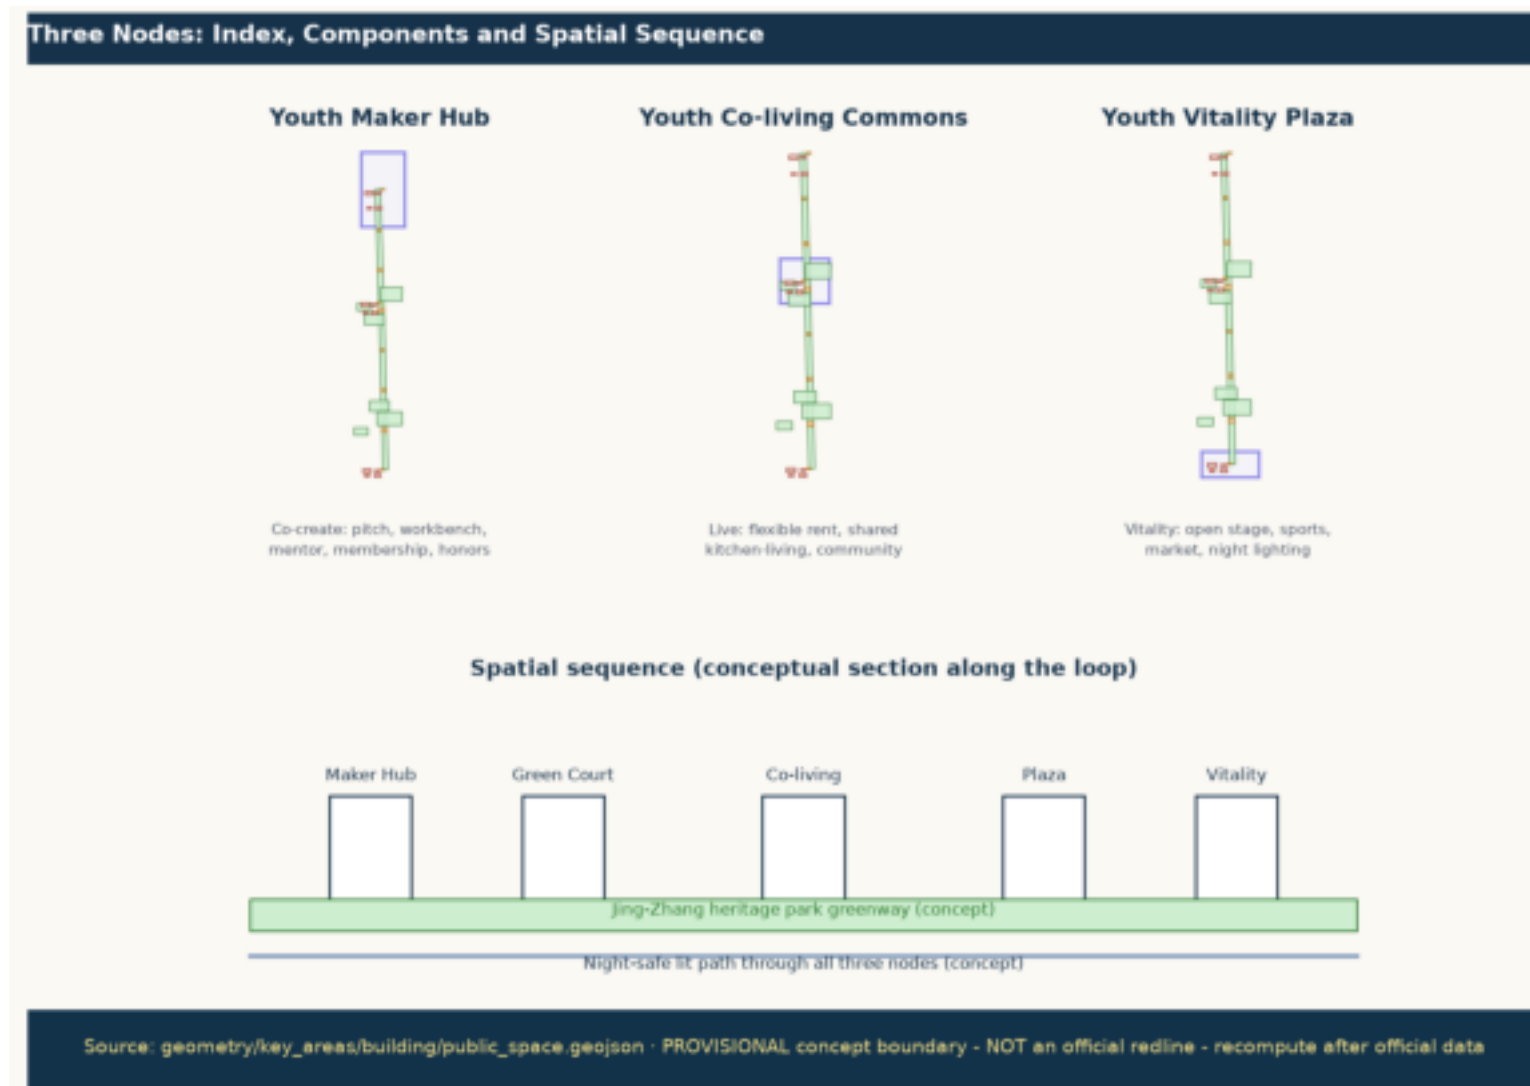

Percentages are rounded provisional concept-model values (neither surveyed nor statutory); exact recomputable zone counts and shares live in metrics.json and geometry/land_use.geojson.

Source: package geometry (EPSG:4548 recompute) + metrics.json; concept illustration only, not a statutory drawing.

PROVISIONAL concept boundary - NOT an official redline - recompute after official data
