

PROTO • JZ | A0 board 1/2

Structure: learn—prototype—review—return

one spine • three nodes • two wings • reversible parts

CONCEPT / PROVISIONAL

Participant model; not an official redline; recompute after official data.

PROTO • JZ

Three nodes and spatial actions

prototype school • reversible test yard • service loop station

CONCEPT / PROVISIONAL

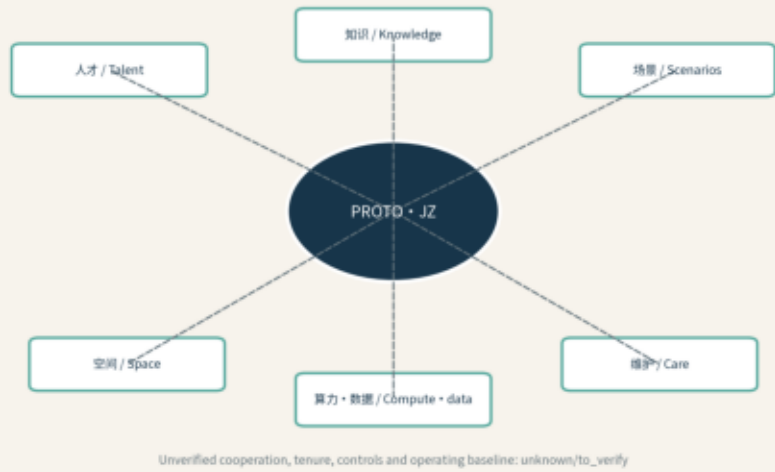

Participant model; not an official redline; recompute after official data.

PROTO • JZ

AI prototype ecology and element interfaces

issues • knowledge • talent • compute/data • maintenance

CONCEPT / PROVISIONAL

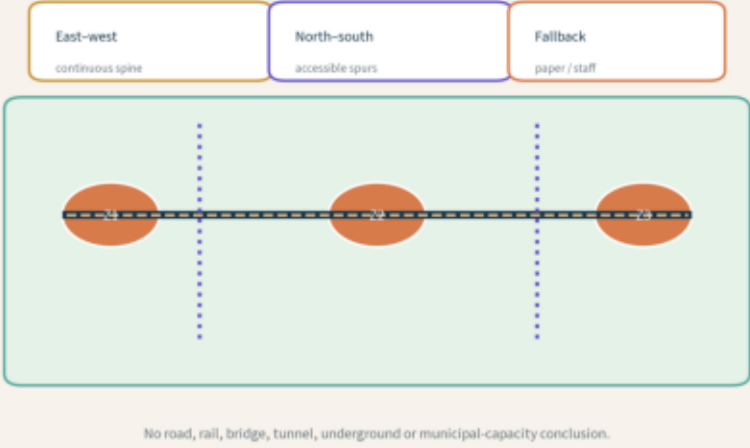

Participant model; not an official redline; recompute after official data.

PROTO • JZ

Slow route and test corridor

east-west continuity • north-south access • staffed fallback

CONCEPT / PROVISIONAL

Participant model; not an official redline; recompute after official data.

PROTO • JZ | A0 board 2/2

Metrics and phase gates

geometry-derived provisional values

CONCEPT / PROVISIONAL

Temporary bands; recompute after official boundary and operating baseline.

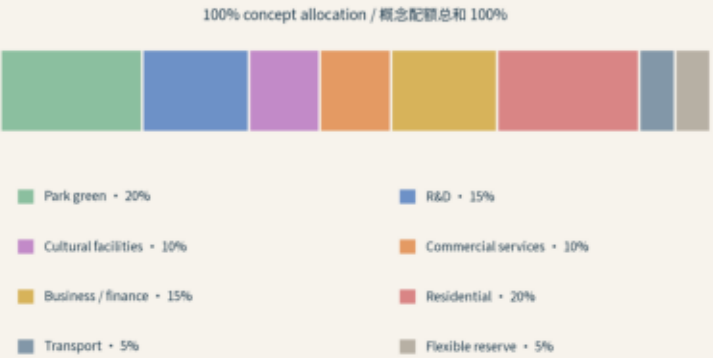

Participant model; not an official redline; recompute after official data.

PROTO • JZ

Concept land-use interfaces (not official classification)

Eight reversible test allocations • for concept communication only

CONCEPT / PROVISIONAL

Percentages are participant test allocations, not statutory land use, survey findings or approval conclusions.

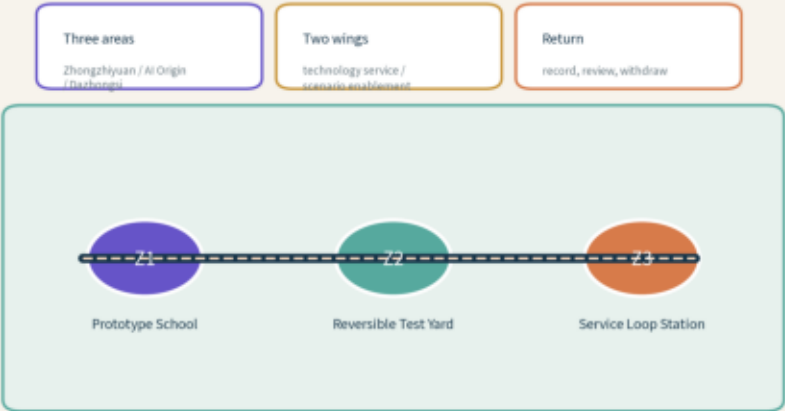

Participant model; not an official redline; recompute after official data.

PROTO • JZ

Structure: learn—prototype—review—return

one spine • three nodes • two wings • reversible parts

CONCEPT / PROVISIONAL

Unverified cooperation, tenure, controls and operating baseline: unknown/to_verify

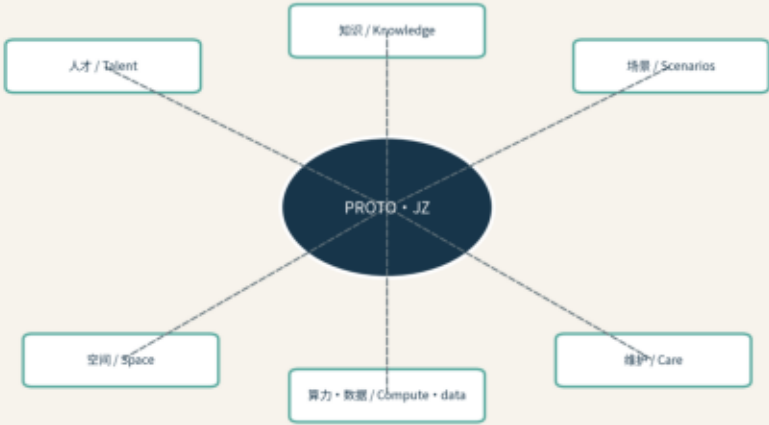

Participant model; not an official redline; recompute after official data.
