

JING-ZHANG BREAKS NEW GROUND

V0.10 / ONE TASK / REVOCABLE CONTRACT

ONE MASTER · FIVE FLAGSHIPS · THREE LANDMARKS · SIX REVERSIBLE COMPONENTS · CONCEPT ONLY

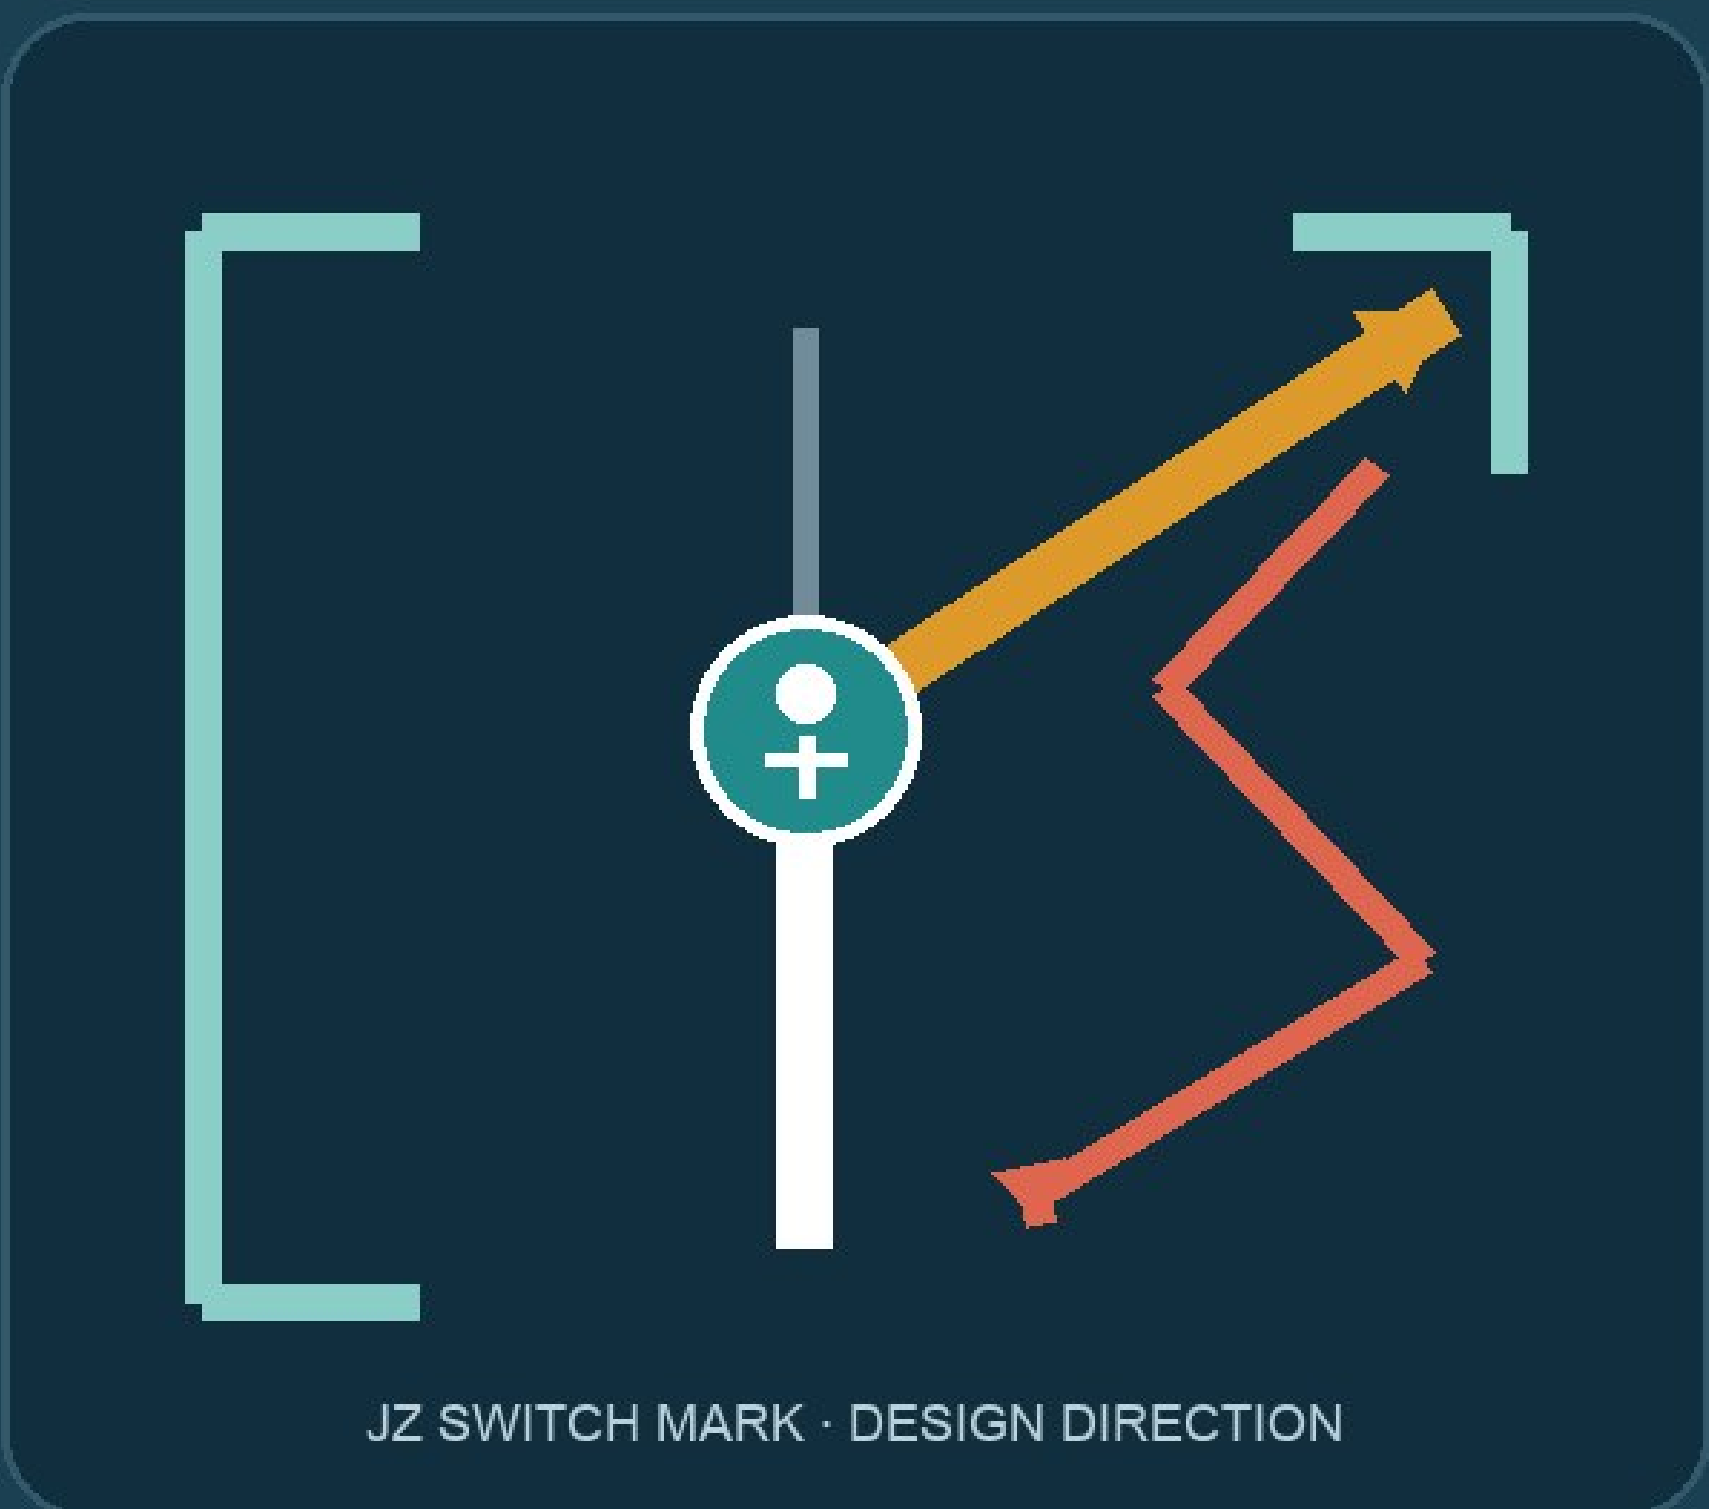

ONE MASTER BRAND, ONE REUSABLE FAMILY OF CIVIC INTERFACES

01

The master brand governs five flagships, operating cadence, contribution recognition, three landmarks and six reversible components; AI City API / Trusted Compact runs across them

01 / MASTER BRAND

ACTUAL MARK DIRECTION

JZ SWITCH MARK · DESIGN DIRECTION

JING-ZHANG BREAKS NEW GROUND

From independent railway engineering to trusted AI at city scale: prove one urban AI capability first under public conditions of choice, takeover, appeal, and exit.

switch · forward branch · return zig-zag · open bracket · human node

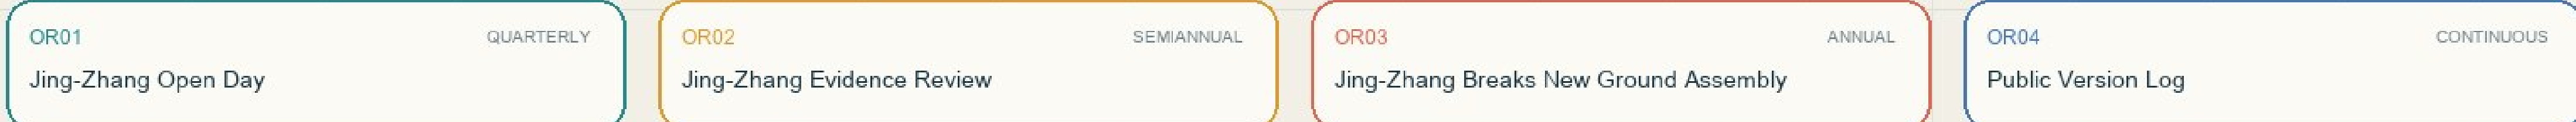

Unified endorsement grammar: every flagship, event, honor and landmark carries the master signature instead of becoming a competing sub-brand.

FINAL LOGO = FALSE · OFFICIAL EMBLEM = FALSE

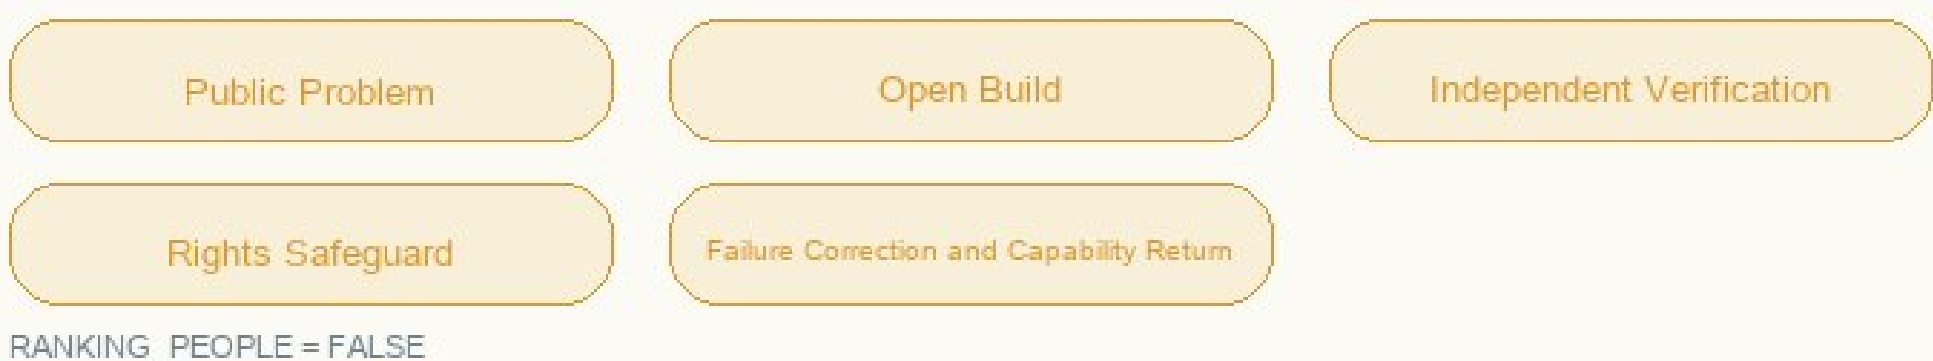

02 / FIVE-FLAGSHIP PROGRAM FAMILY

03 / FOUR OPERATING RITUALS

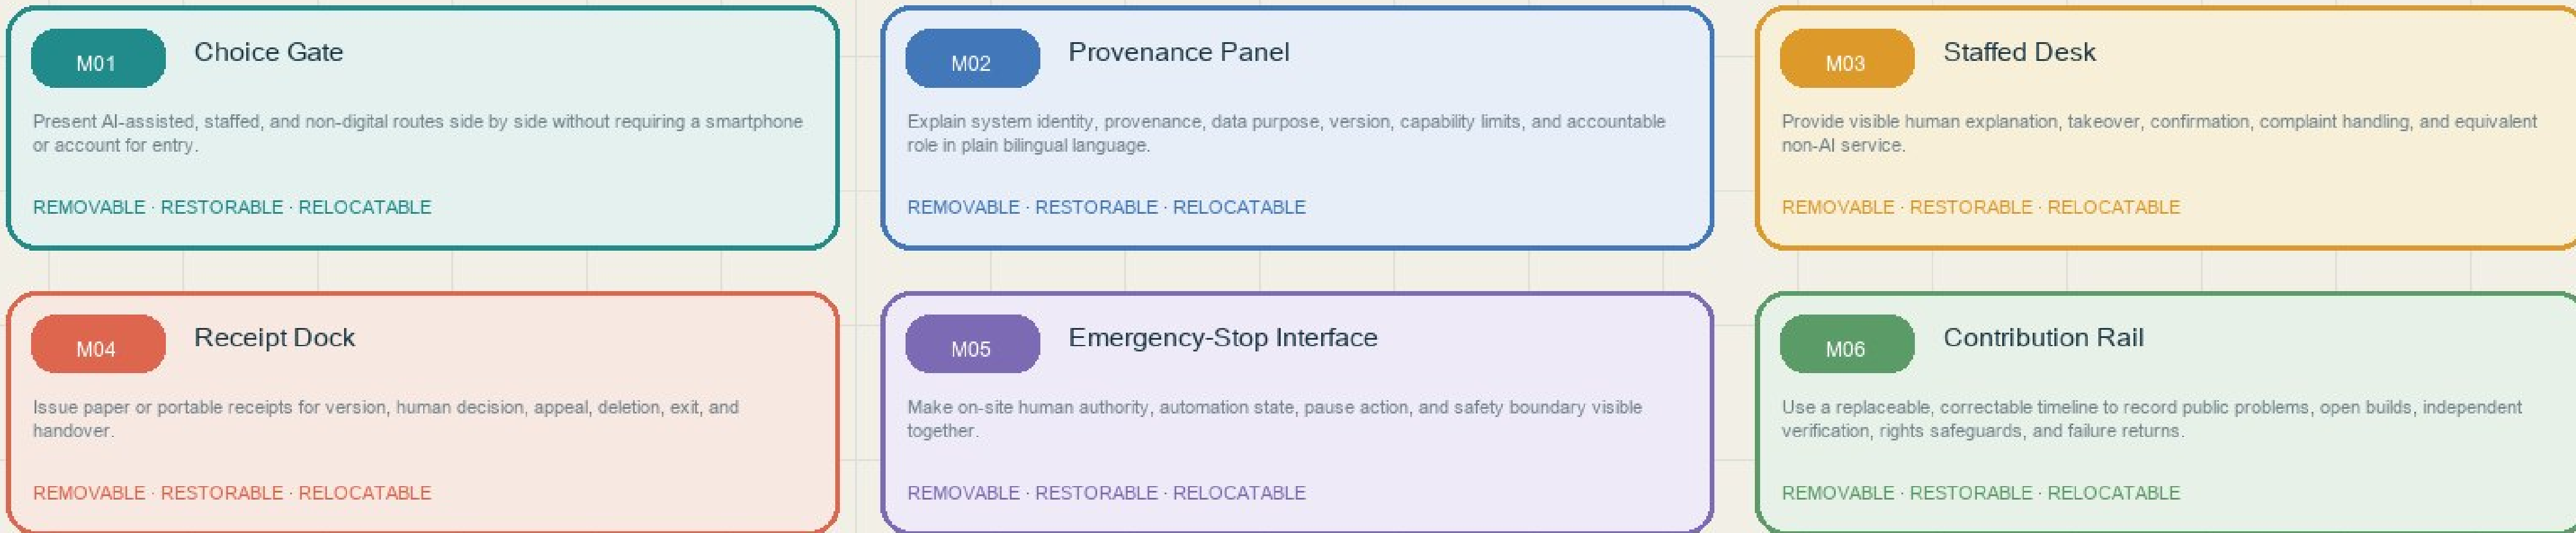

04 / FIVE CONTRIBUTION RECORDS | EVIDENCE, NOT PEOPLE RANKING

05 / THREE AI LANDMARKS

06 / SIX REVERSIBLE PUBLIC-SPACE COMPONENTS

CROSS-CUTTING OPERATING LAYER

AI CITY API + TRUSTED COMPACT · provenance / purpose / limits · human takeover · appeal · exit / capability return

H0-H4: problem baseline → carrier accountability → data + safety → independent evidence → separate authorization / exit handover

CONCEPT ONLY | Not a final logo, government emblem, confirmed facility or approved construction. Operator, budget, procurement, survey and professional reviews remain pending.

V0.10 CURRENT SUBMISSION · PROVISIONAL DESIGN BASE · NON-STATUTORY

Local generation | visual/assets/brand-component-architecture.json · structure-only evidence

Three Supporting Areas

CONCEPT PROPOSAL - NOT A NATIONAL PILOT DESIGNATION - NOT GOVERNMENT ENDORSEMENT - NOT AN APPROVED PLAN - NOT A DELIVERED OUTCOME -
PROVISIONAL GEOMETRY AND TEST DIMENSIONS

ZHONGZHIYUAN

INTEGRATE + PROVE

Public observation, safety boundaries, staffed control, physical emergency stop and visible energy support the contract.

AI ORIGIN

FP01 / S07 + S03 + S04

S07 is the only user-facing service; S03 evaluates independently; S04 provides interface/API support only.

DAZHONGSI

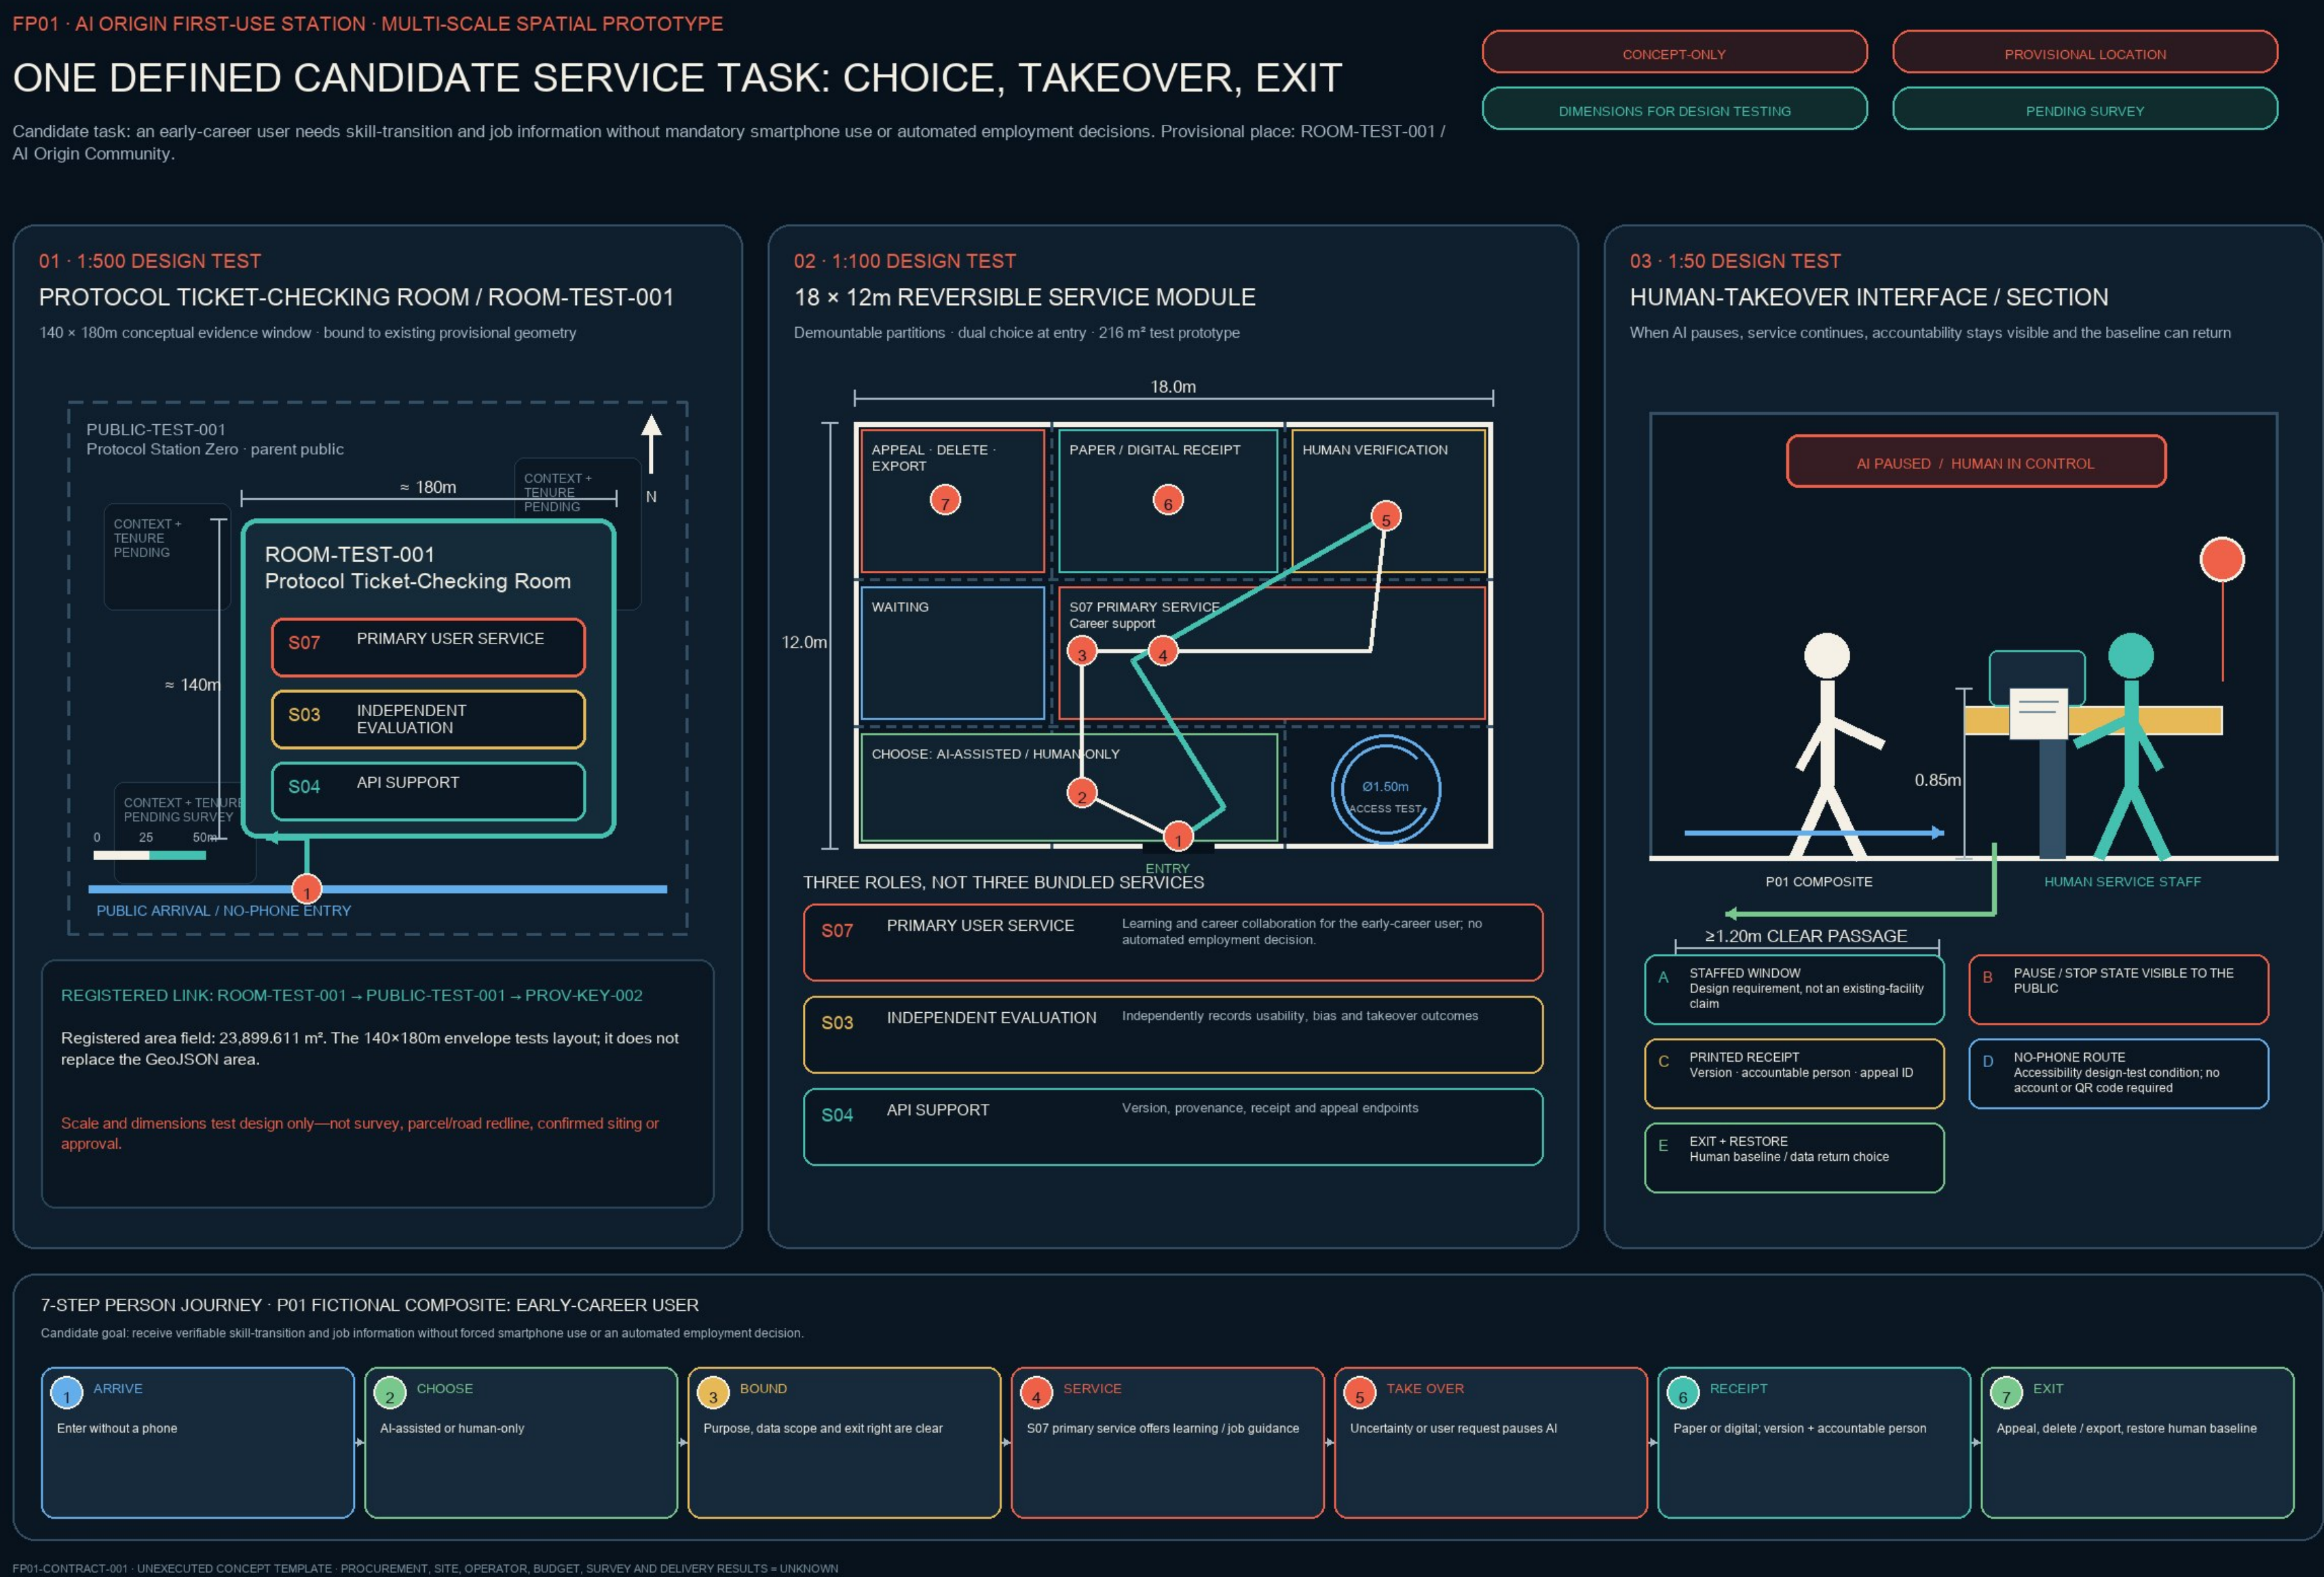

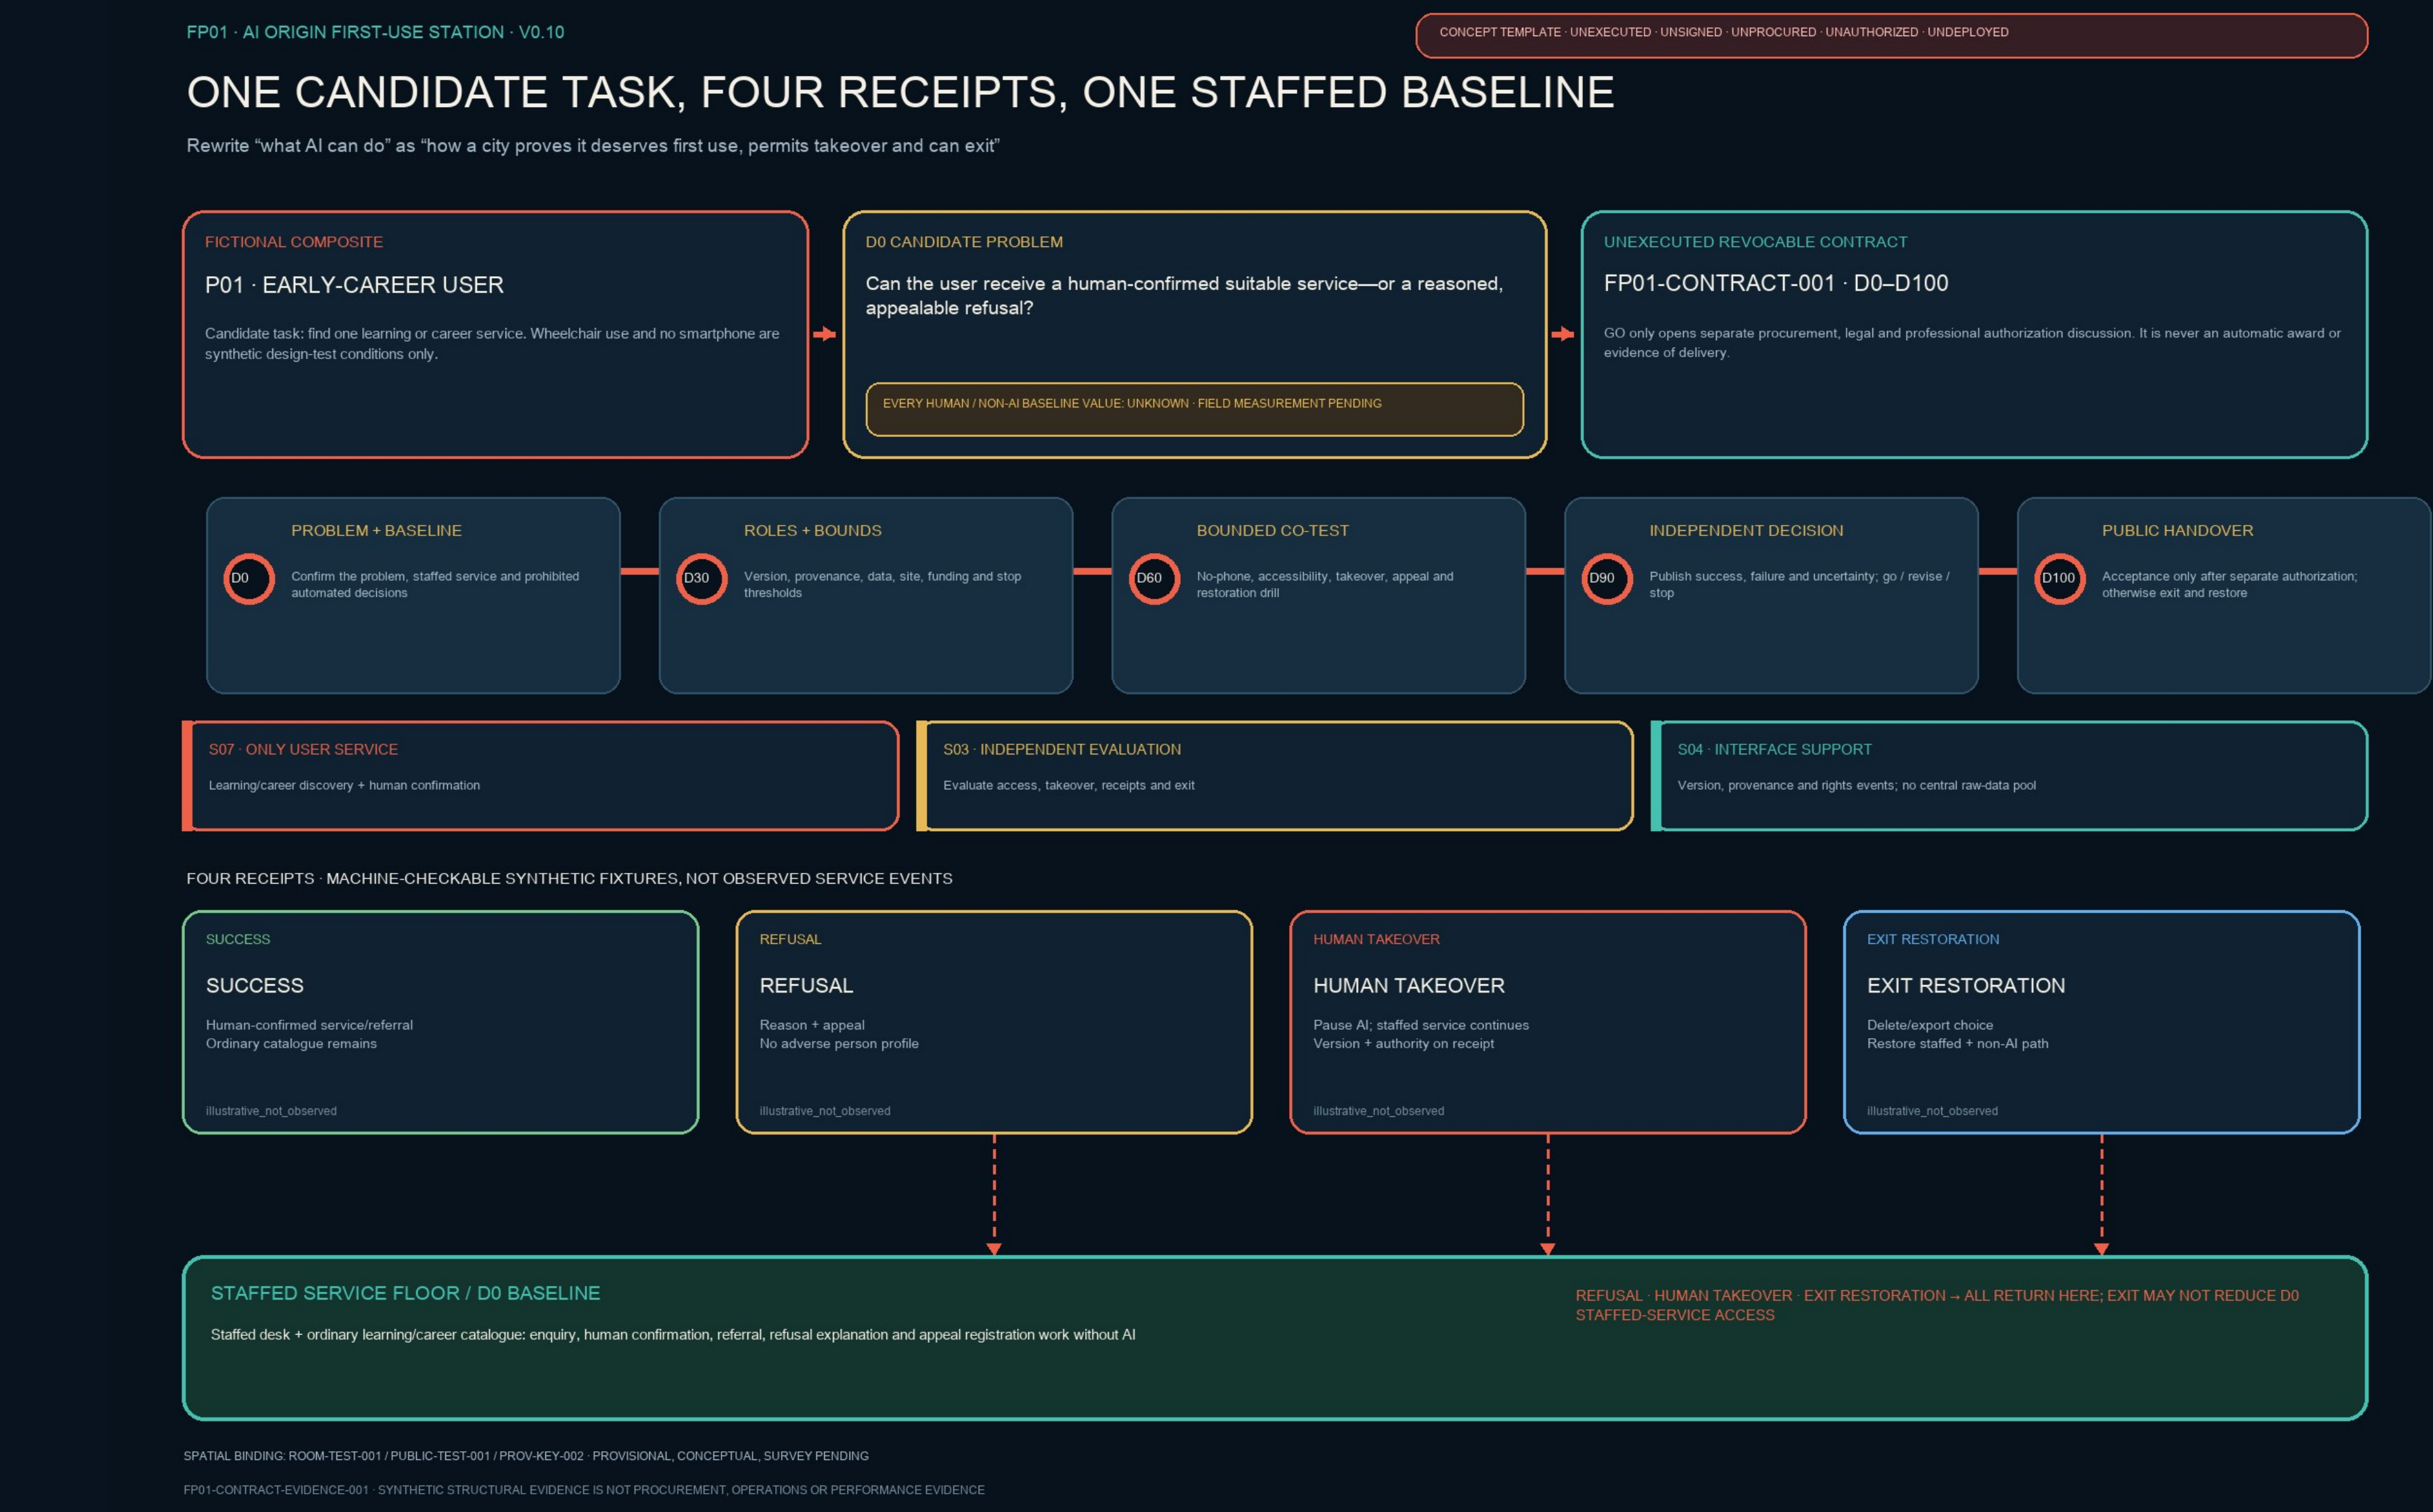

DEPLOY + SCALE

Small merchants and creators stay frontstage; staffed service, dispute review and contribution records remain continuous.

SITE-001, ROOM-TEST-001, PUBLIC-TEST-001 and all three key areas are provisional concept geometry. Official boundaries, survey, operations, fire, accessibility and professional review trigger whole-package recalculation.

Revocable First-Use Contract

Conceptual, unauthorized, provisional geometry and test dimensions; siting and dimensions await survey, operations, accessibility, fire and professional review.

ONE REVOCABLE CONTRACT / FIVE GATES / FOUR RECEIPTS

1:500 / 1:100 / 1:50 CONCEPT SPATIAL PROTOTYPE

P01 / FICTIONAL COMPOSITE

An early-career user. Wheelchair use and no smartphone are design-test conditions, not a real resident.

FP01-S07-PROBLEM-001 / CANDIDATE PROBLEM

At a staffed window, find one human-confirmed learning or career service—or receive a reasoned, appealable refusal. No-smartphone and non-AI paths remain; D0 is unknown.

S07 / S03 / S04 / SEPARATE DUTIES

S07 is the only user-facing service; S03 performs independent evaluation only; S04 provides interface/API support only.

FOUR SYNTHETIC RECEIPTS / NOT OPERATING EVIDENCE

SUCCESS · REFUSAL · HUMAN TAKEOVER · EXIT + RESTORATION
