

RAIL • JZ | Transit-City Integration Coordination System (Concept)

Centennial Jingzhang AI Innovation Belt - concept proposal: stations, interchanges, public space and blue-green network as one system
Coordinated research area ~43.6 km ² (official)
Overall design area ~11.4 km ² (provisional)
Key areas ~368.4 ha (official)

Three nodes: Transit-City Nexus (Zhongzhiyuan) / Mobility Loop (AI Origin Comm.) / Co-Built Gallery (Dazhongsi)

AI governance: anonymised aggregation only / human review of key decisions / no over-monitoring

Core metrics: green_ratio≈0.11 • public_space_ratio≈0.003 • zones 27 • buildings 12 • scenario nodes 8 • cases 6 • phases 3 (concept basis; recalc after official data)

Five AI+ scenarios: interchange dispatch / station-city operations / slow-mode planning / deck-property O&M / public feedback

Annual brands: Rail Open Day / Co-Build Workshop / Slow-Mode Experience Season | mechanisms: co-build covenant, points, disclosure, registration, dev community

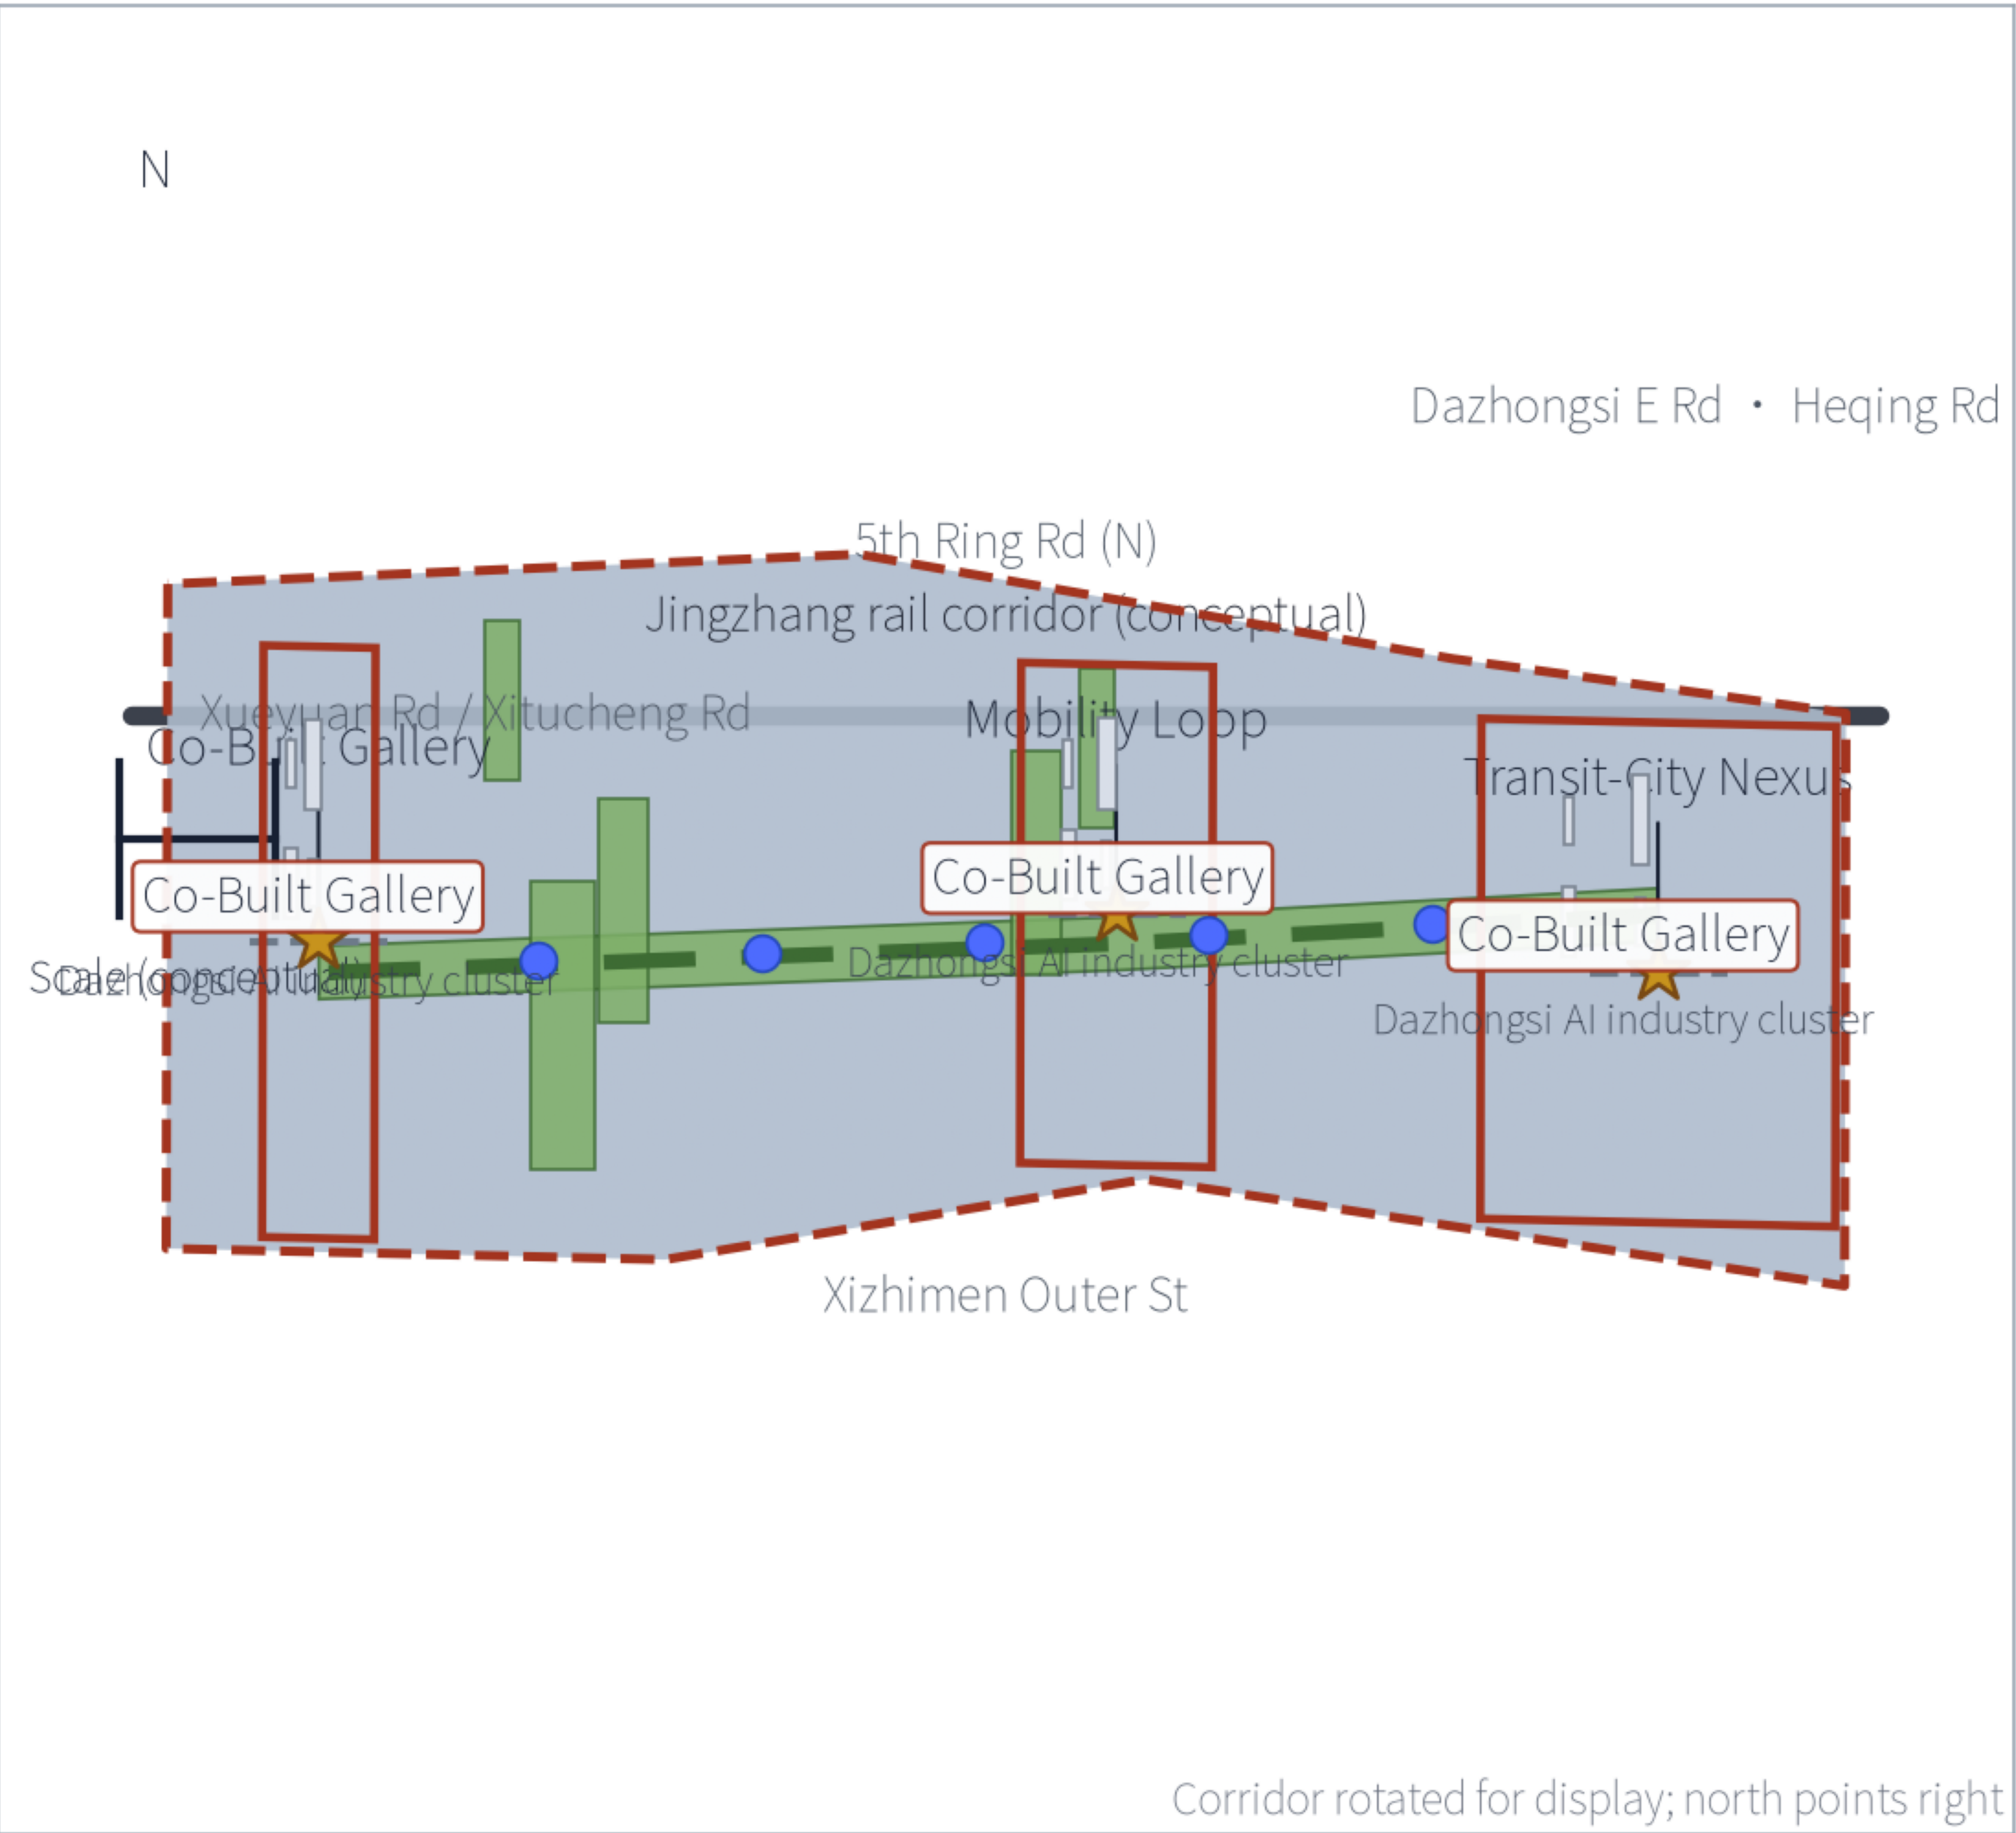

Risks & gaps: provisional boundary; statutory controls unpublished; ridership/ownership/heritage ledgers not obtained; all conclusions conceptual

Overall Design Overview (three-tier scopes & three nodes)

Coordinated research area ~43.6 km ² (official announcement)
Overall design area ~11.4 km ² (this package, provisional)
Legend
Jingzhang rail corridor (conceptual)
Key areas ~368.4 ha (official announcement)
Jingzhang heritage-park greenway (conceptual)
Overall design area (provisional)
Nexus / Loop / Gallery (conceptual layout)
AI scenario nodes

Key areas and alignments are provisional ranges inferred from official data

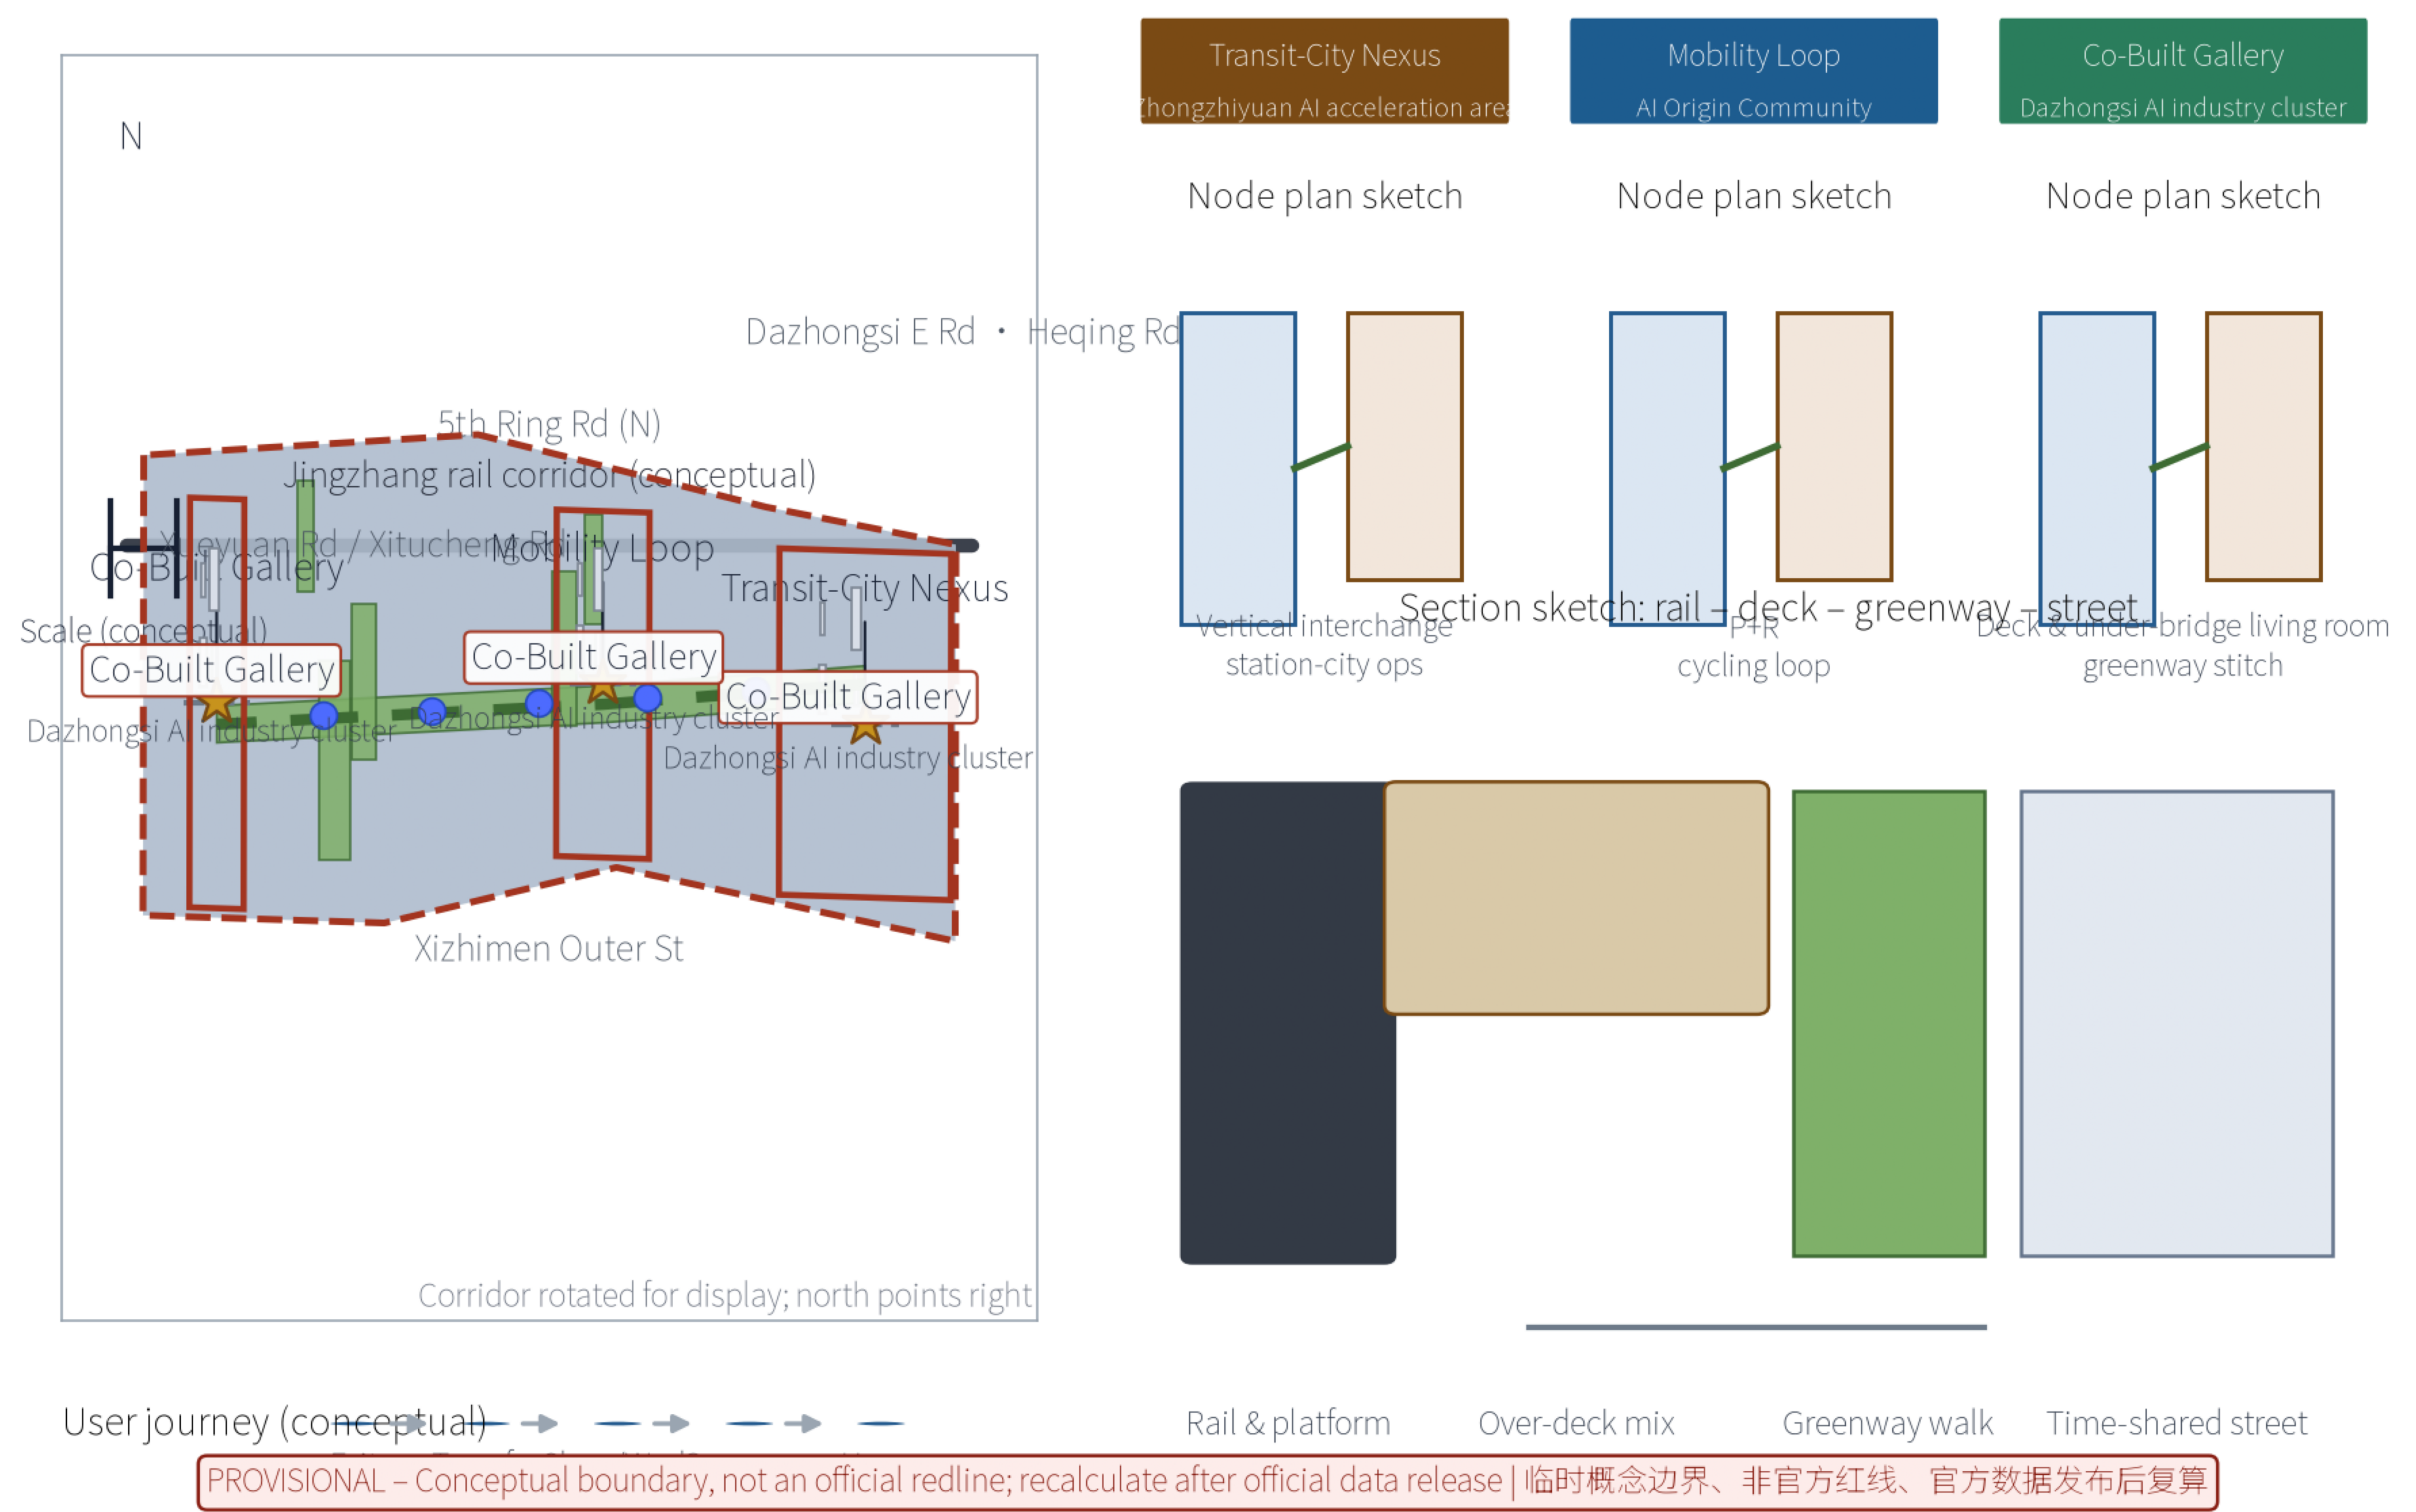

Geometry: package geometry layers (provisional)

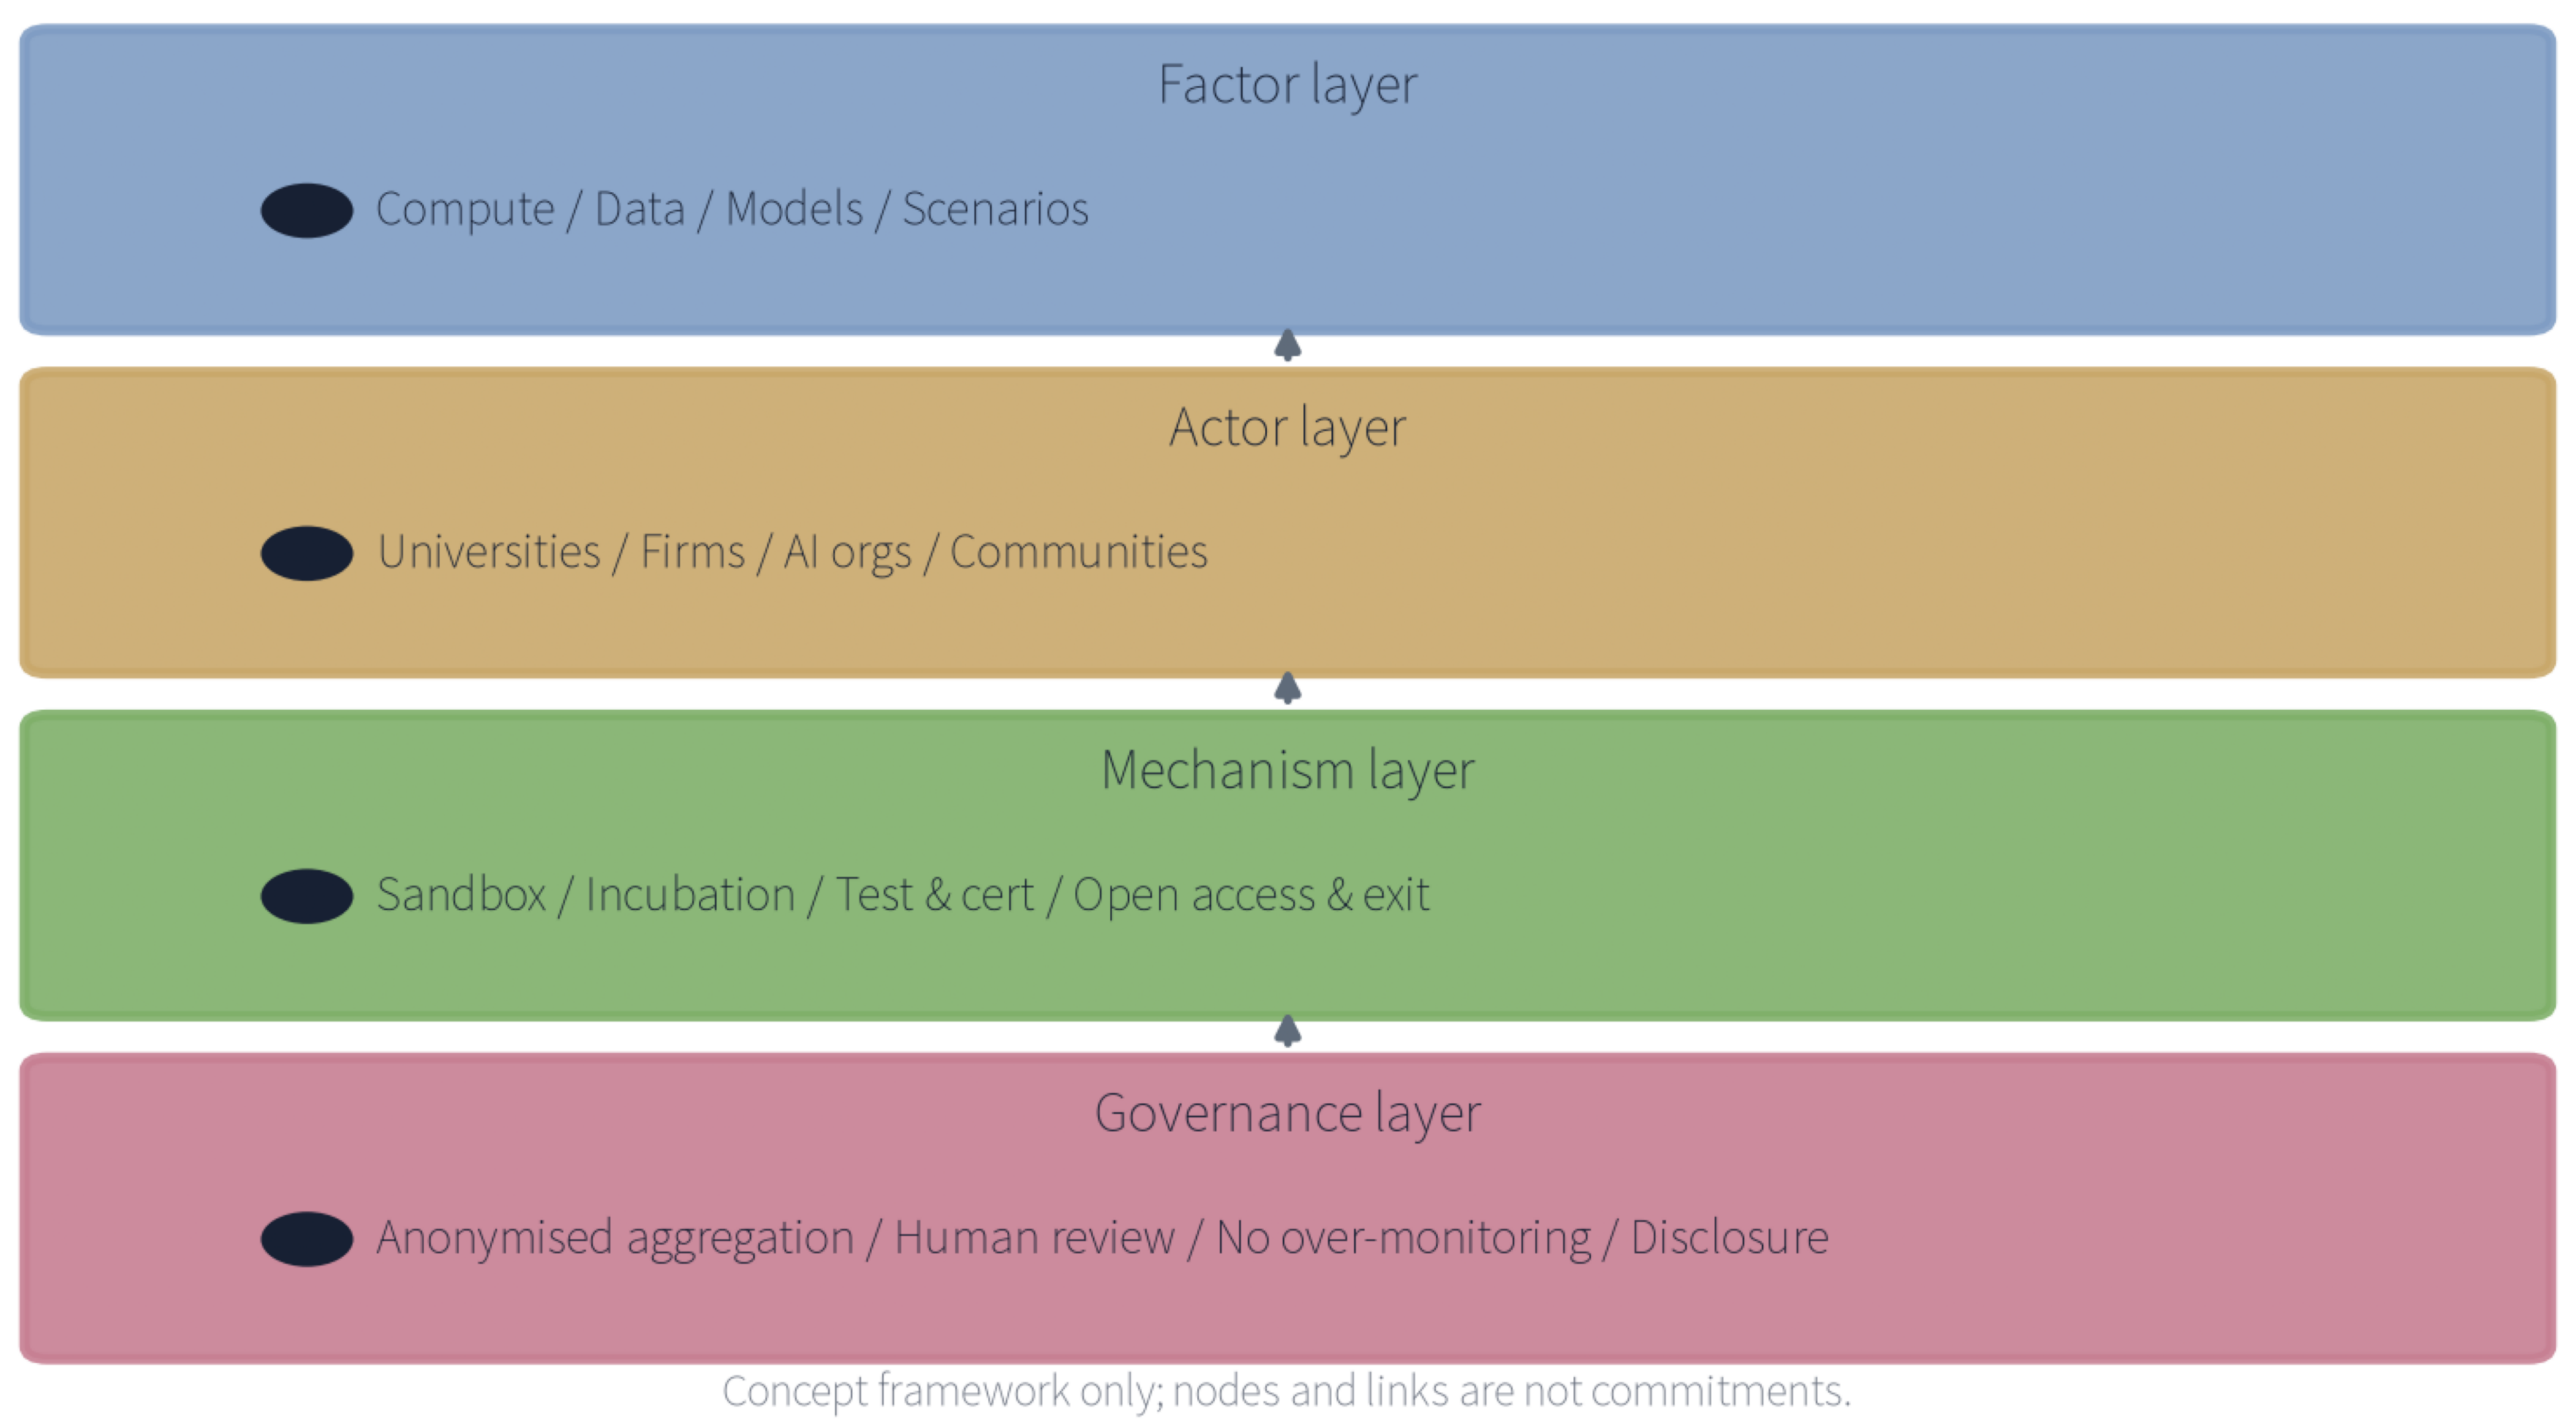

PROVISIONAL – Conceptual boundary, not an official redline; recalculate after official data release | 临时概念边界、非官方红线、官方数据发布后复算

Key-area design tasks & AI innovation ecosystem

Three-Node Index & Design Tasks (key-area detailed design)

AI Innovation Ecosystem Map (factors–actors–mechanisms–governance)

PROVISIONAL – Conceptual boundary, not an official redline; recalculate after official data release | 临时概念边界、非官方红线、官方数据发布后复算

PROVISIONAL – Conceptual boundary, not an official redline; recalculate after official release
