

Site overview - three nodes - land-use structure (concept, provisional)

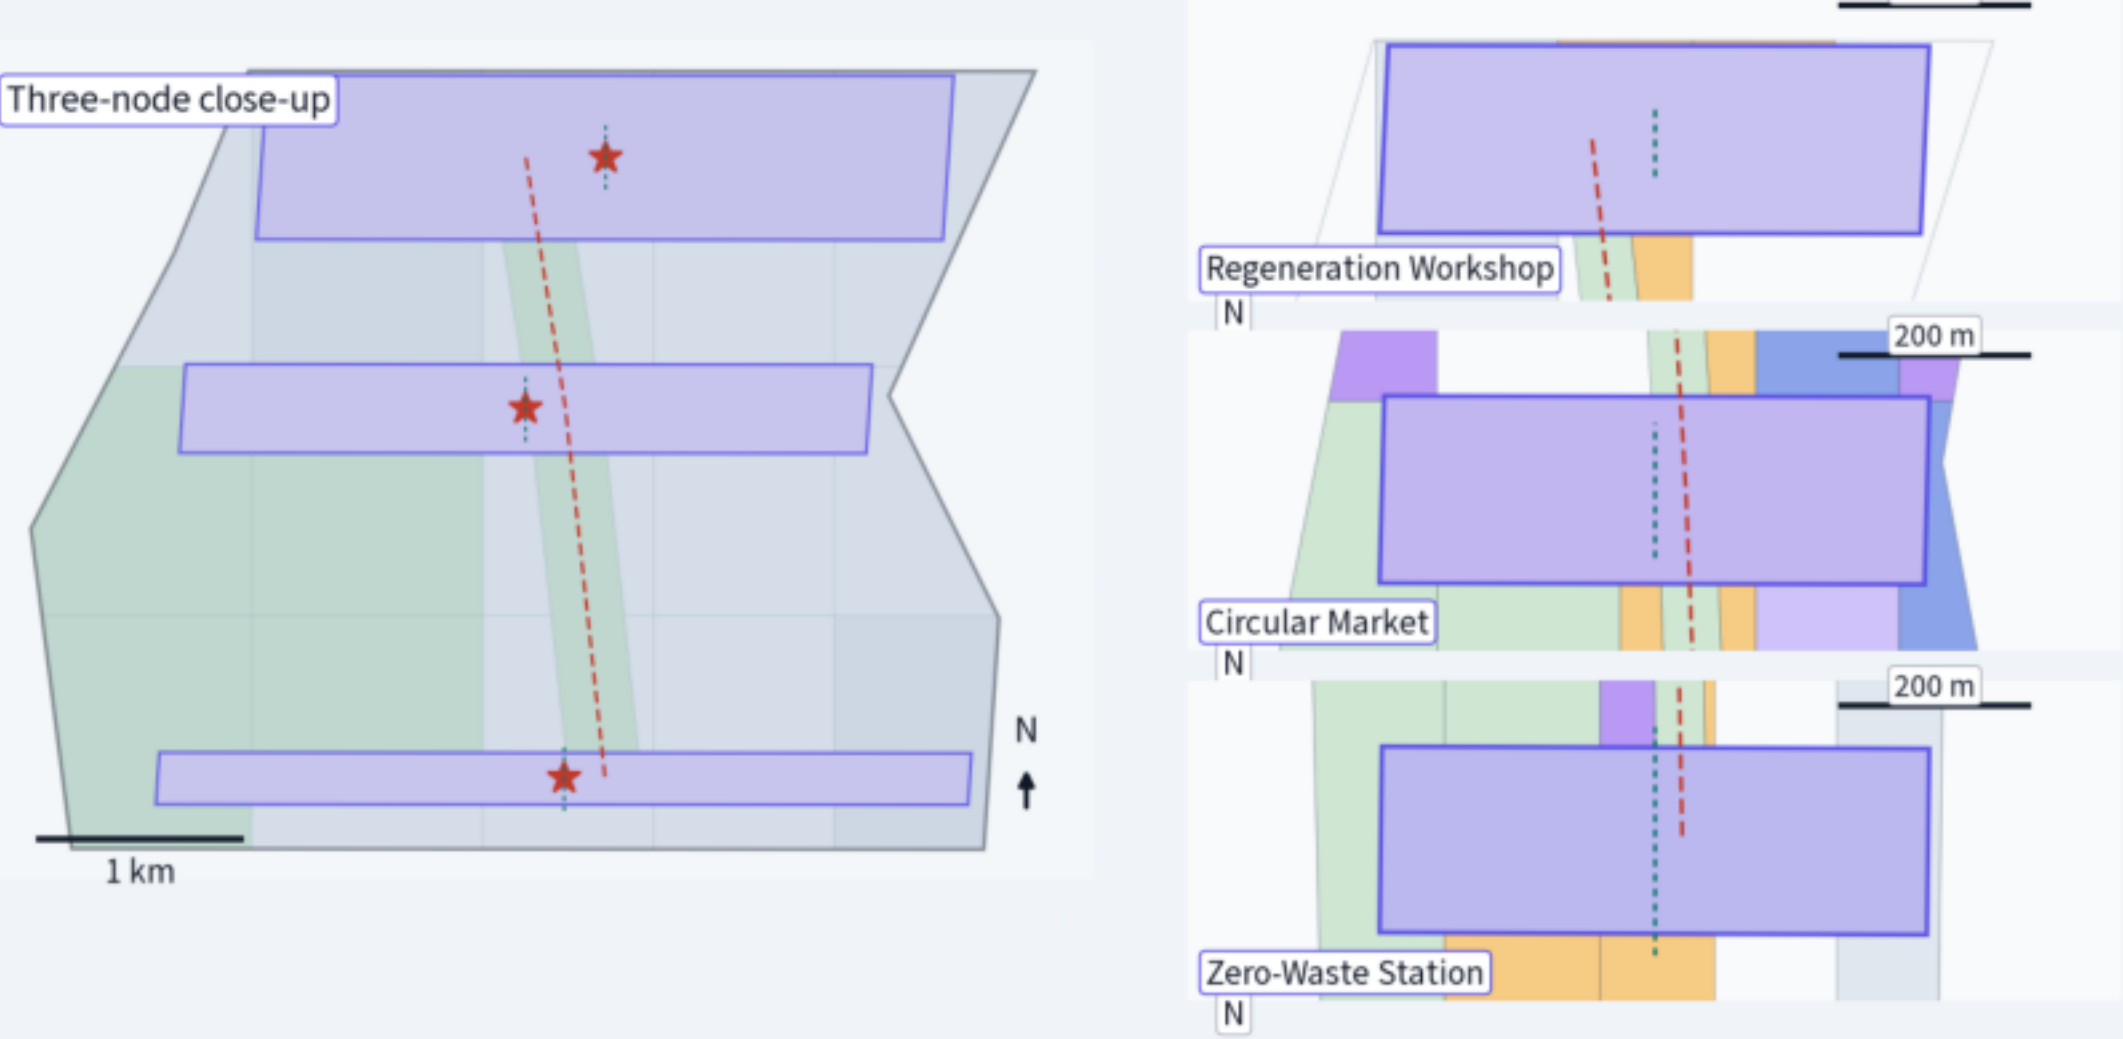

Overall Design Overview (provisional geometry • concept)

Overall design area ~11.4 km^2 (announcement) - one corridor, two belts, three nodes (concept)

Three Key Areas - Concept Locations and Design Tasks

One belt, three nodes - long-term operation loop (concept, provisional)

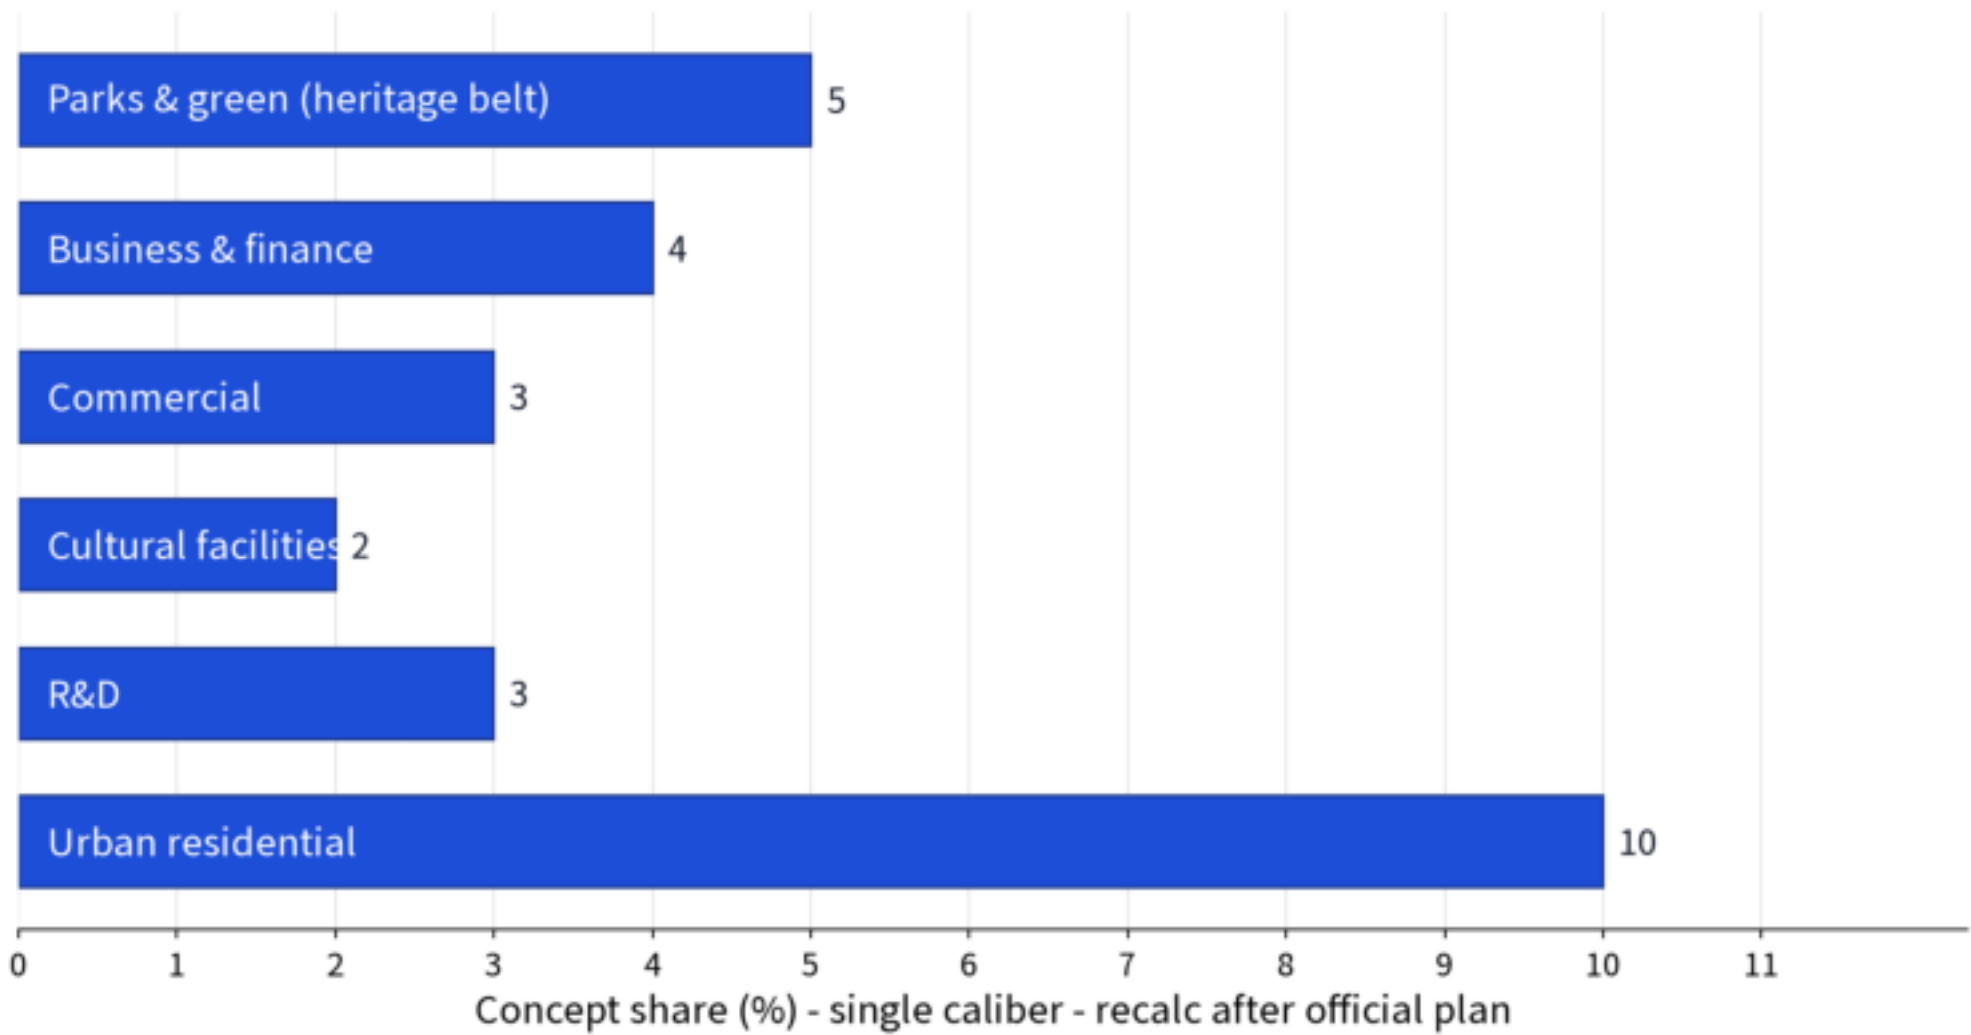

Regeneration Workshop	Circular Market	Zero-Waste Station
Park-level resource-circularity node	Community exchange, repair, second-life reuse	Community service: collection, compost, education
- Dismantle-Sort-Regenerate - Sample wall + prototyping - Low-glare lighting	- Reversible + time-shared - Repair corner + storage - Item-story tags	- Closed sorting room - Compost room - Service counter, offline

Key areas are concept envelopes from announcement clues; final siting follows organizer boundaries and field survey.

Conceptual Land-Use Structure (Single Caliber)

Provisional concept boundary • Not an official redline • Recalculate after official data

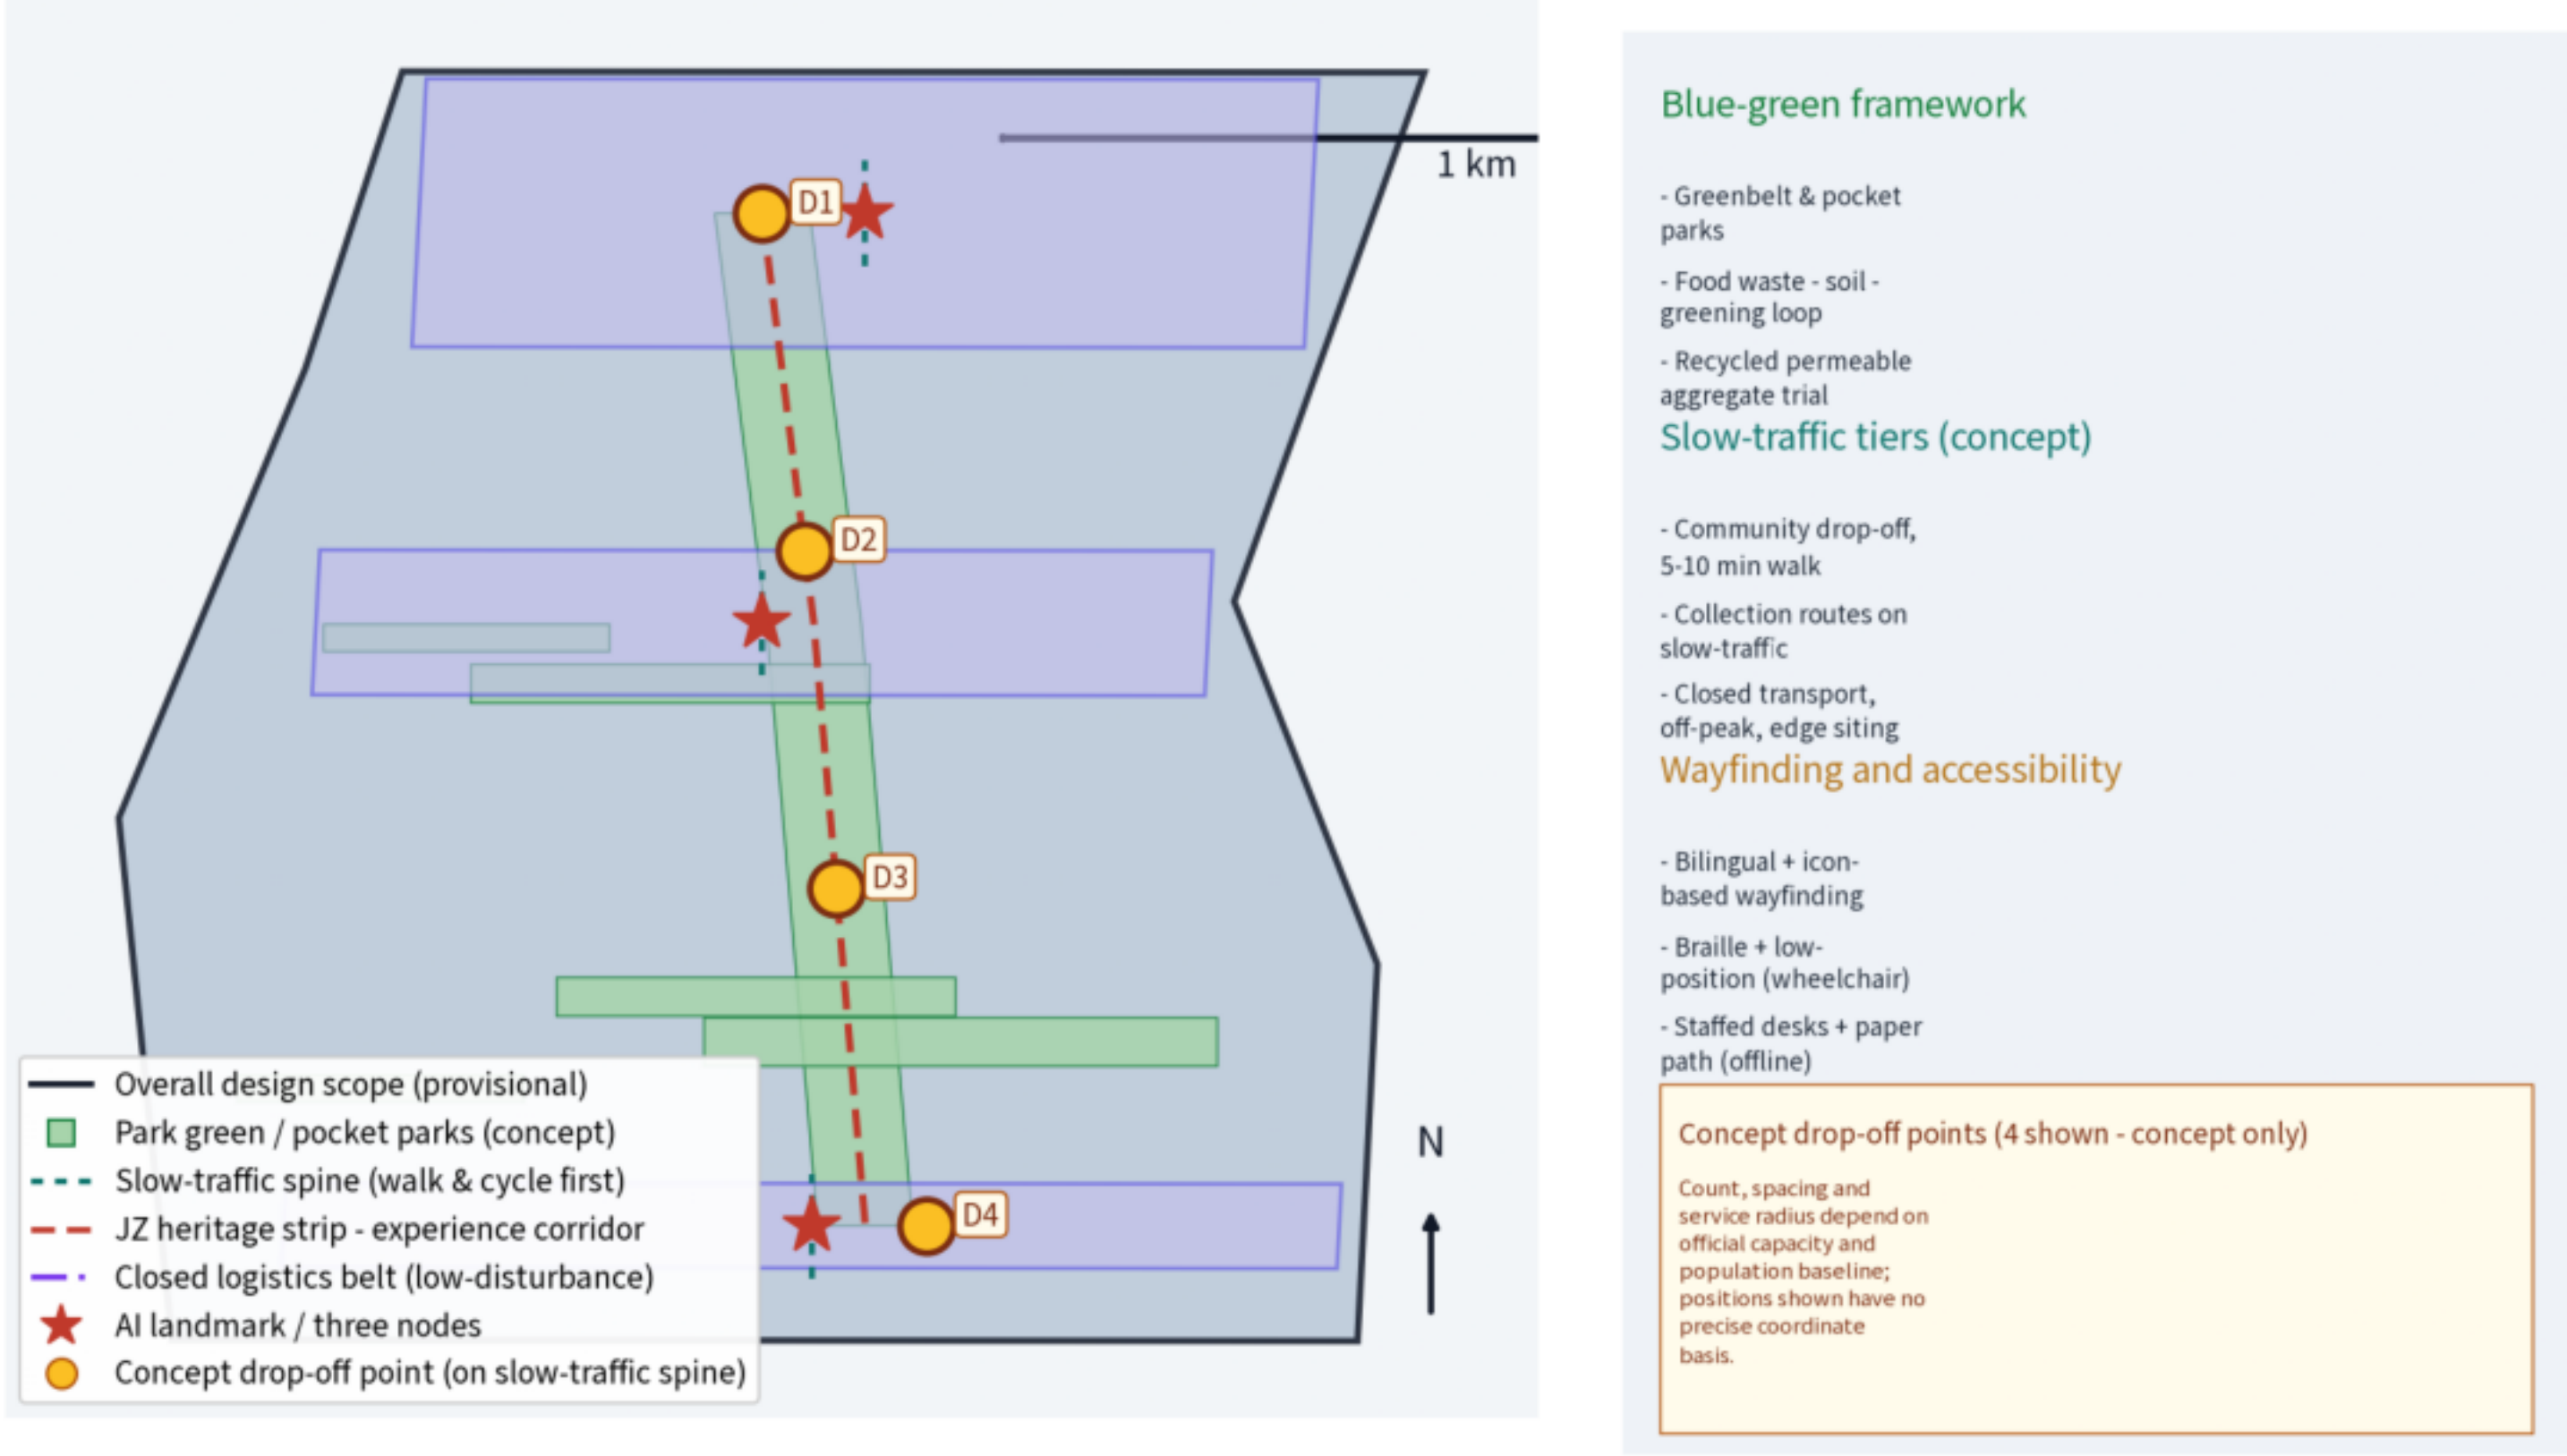

Class names follow the 2023 Land-Use & Sea Classification Guide; shares sum to 100%, single-caliber recompute after official data is published; not current or statutory.

Mobility - metrics - ecosystem - brand identity (concept, provisional)

Slow-Traffic & Blue-Green Network (concept, with connected drop-off points)

Provisional concept boundary • Not an official redline • Recalculate after official data

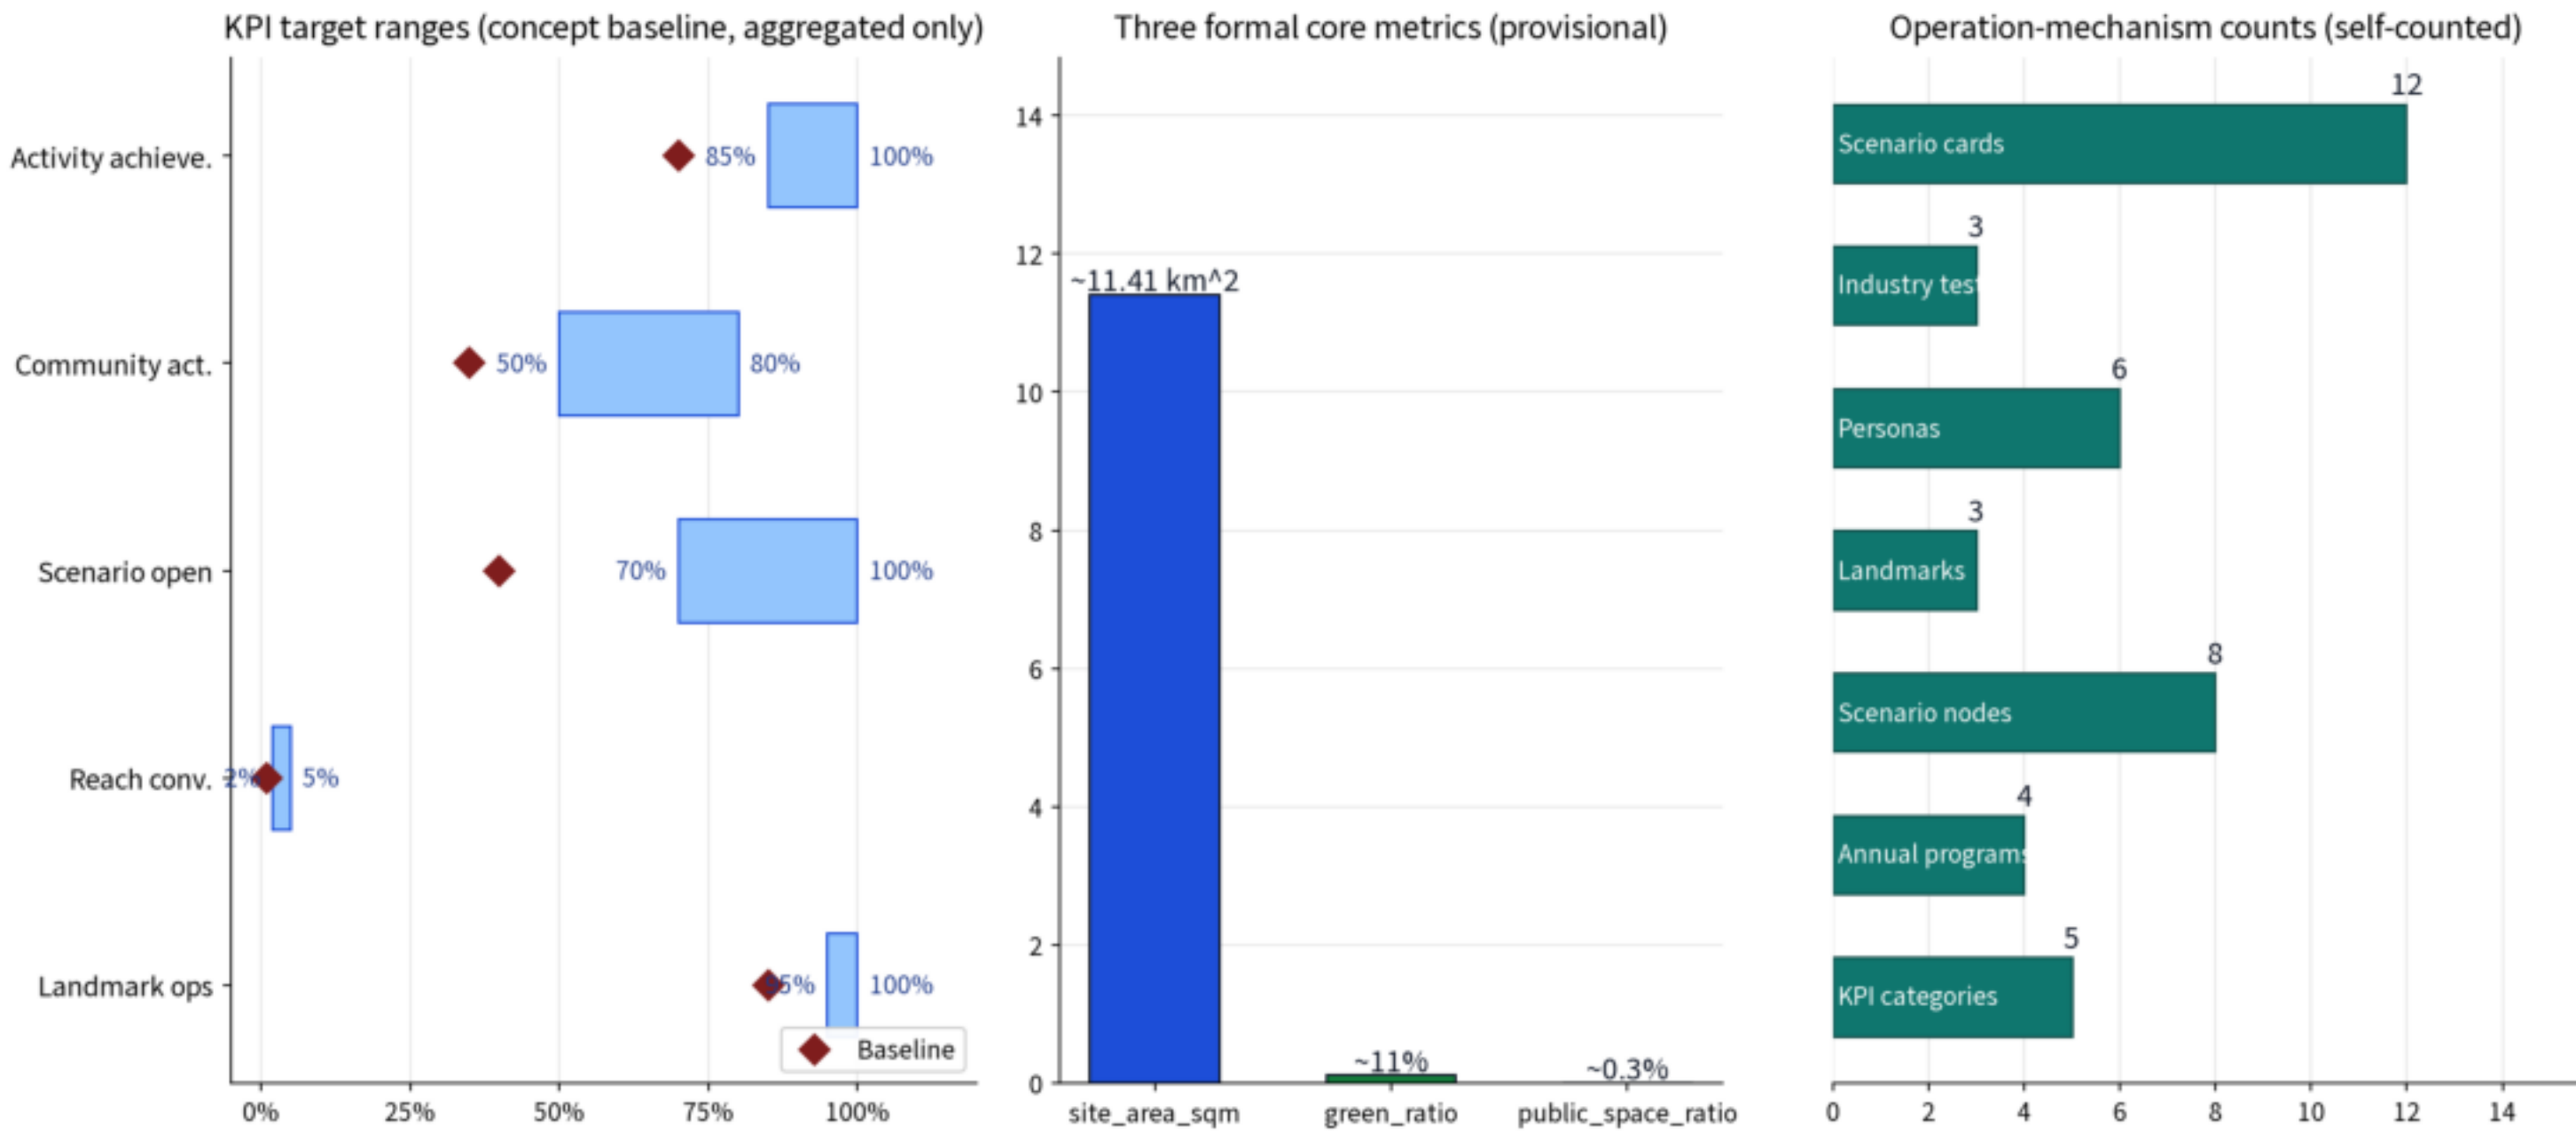

Collection routes integrated with slow-traffic - blue-green along the greenbelt - reversible low-impact facilities

Core Metric Evidence (KPI ranges + formal metrics + counts on separate charts)

Provisional concept boundary • Not an official redline • Recalculate after official data

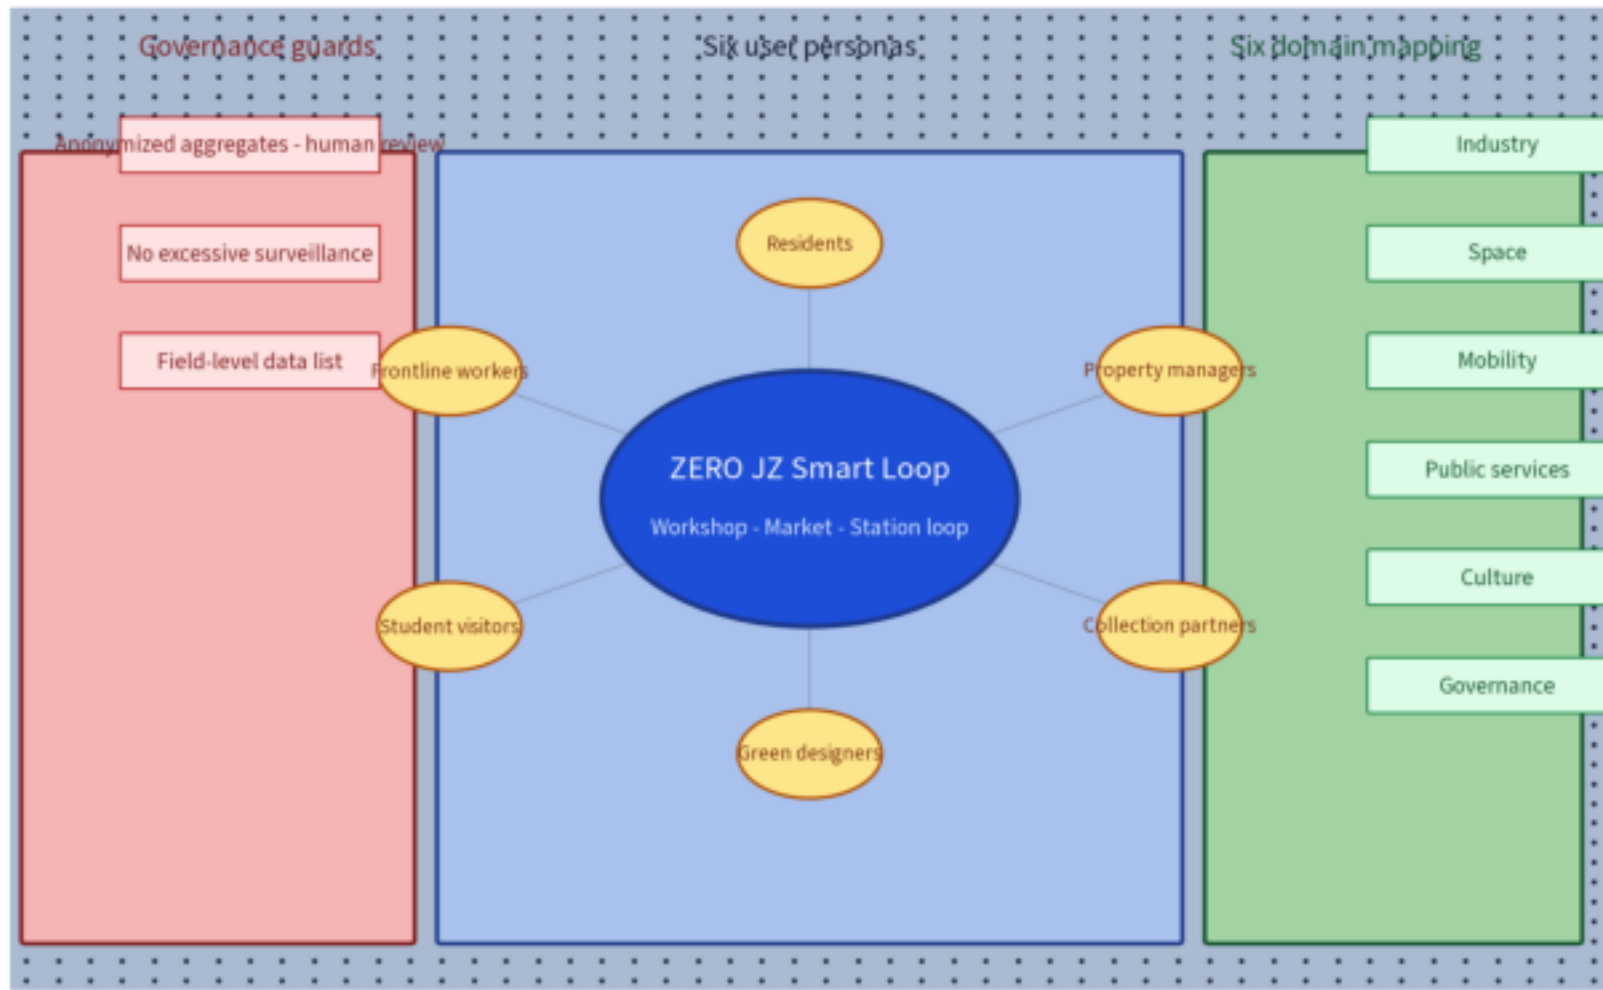

Recomputed from package geometry; concept values, recalculate after official data.

All displayed values are reduced-precision concept figures (participant temporary model data, not authoritative); ratios and counts on separate axes; not a numerical comparison.

AI Innovation Ecosystem Atlas (Elements, Flows, Open Interfaces)

Provisional concept boundary • Not an official redline • Recalculate after official data

Brand Identity Concept: ZERO JZ Smart Loop

Provisional concept boundary • Not an official redline • Recalculate after official data
