STATUS

not surveyed, not construction,
subject to formal data and
review

Conceptual spatial relationship diagram; not a statutory boundary, field survey or construction approval.

THREE ZONES, TWO WINGS & REGIONAL INTERFACES

CONCEPT / PROVISIONAL

Suggested interfaces only; not existing partnerships, public commitments or delivery arrangements.

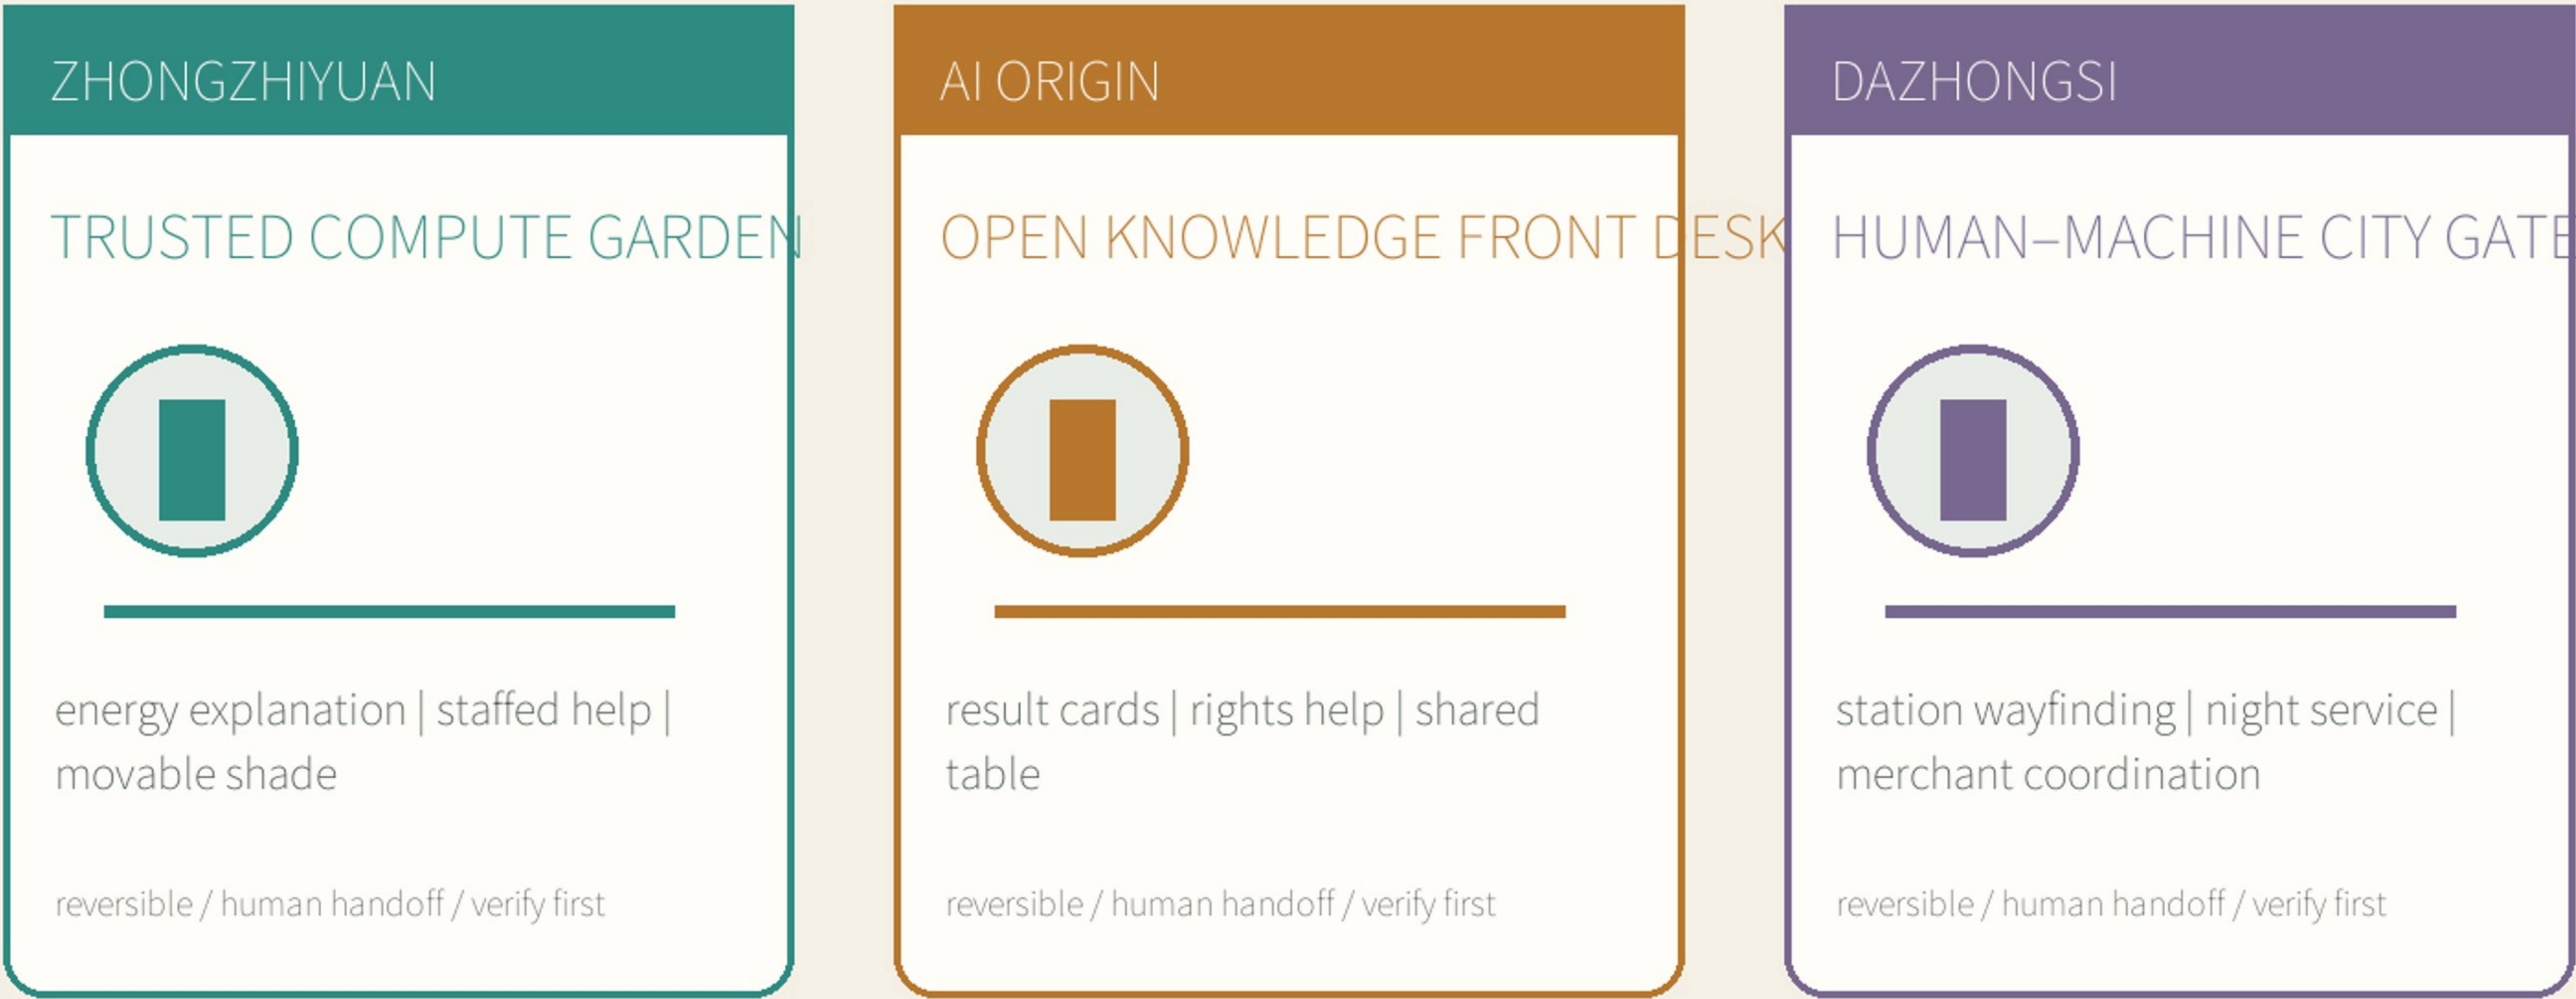

Any interface requires later tenure, mobility, municipal, fire, heritage, accessibility and data-compliance review before delivery discussion.

THREE ANCHORS | PUBLIC-INTERFACE CARDS

CONCEPT / PROVISIONAL

AI service follows an everyday civic baseline, not a repeated “demo zone” .

Roles are suggested interfaces only; delivery entity, scale, boundary and approvals remain to be verified.
