JINGZHANG RESONANCE LOOP | A HUMAN-CENTRED AI CITY HERITAGE-PARK NETWORK

THREE ZONES, TWO WINGS & REGIONAL INTERFACES

CONCEPT / PROVISIONAL

Suggested interfaces only; not existing partnerships, public commitments or delivery arrangements.

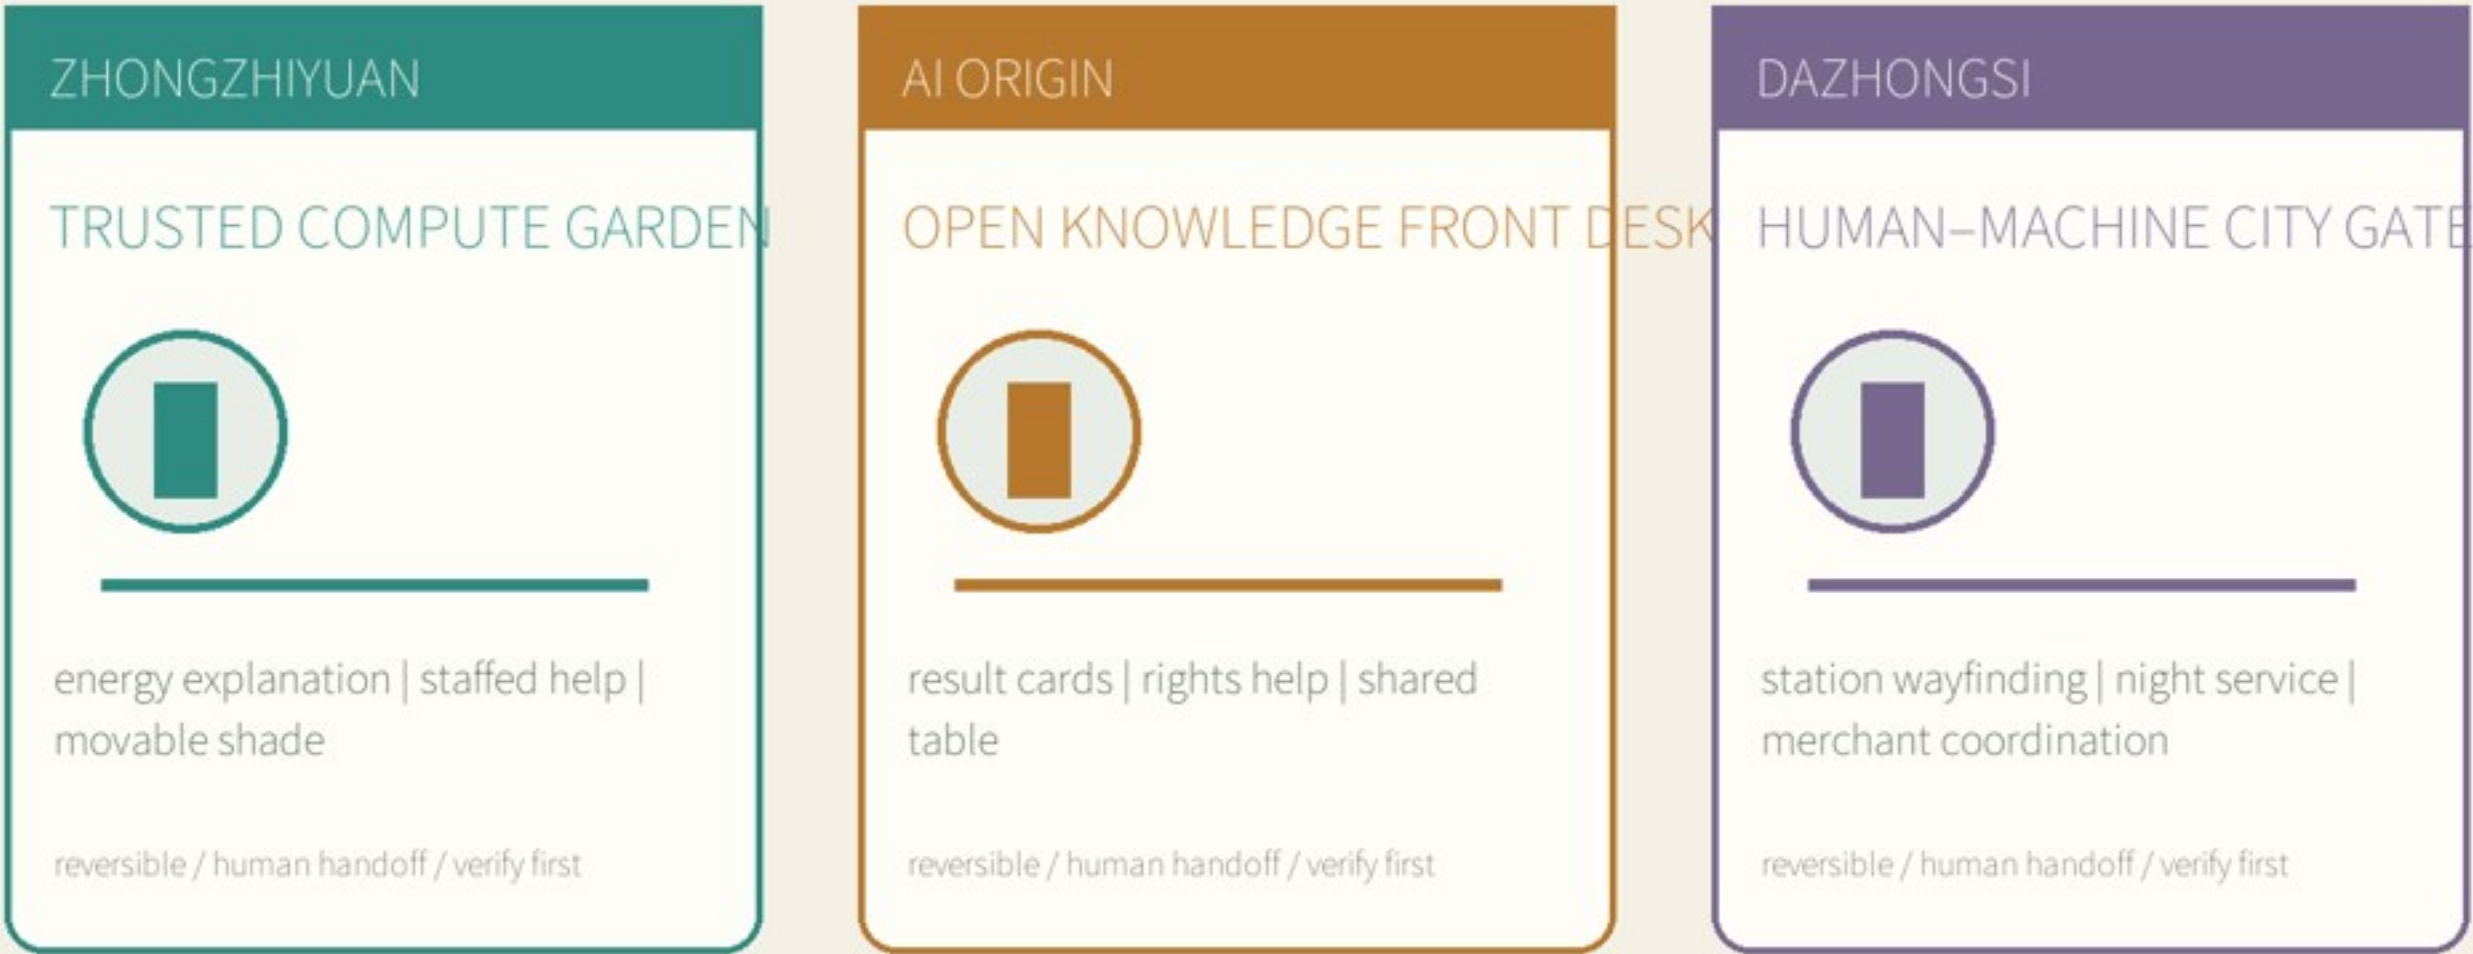

Any interface requires later tenure, mobility, municipal, fire, heritage, accessibility and data-compliance review before delivery discussion.

CONCEPTUAL ONLY | NOT SURVEYED, NOT CONSTRUCTION, SUBJECT TO FORMAL DATA & SPECIALIST REVIEW

THREE ANCHORS | PUBLIC-INTERFACE CARDS

CONCEPT / PROVISIONAL

AI service follows an everyday civic baseline, not a repeated “demo zone” .

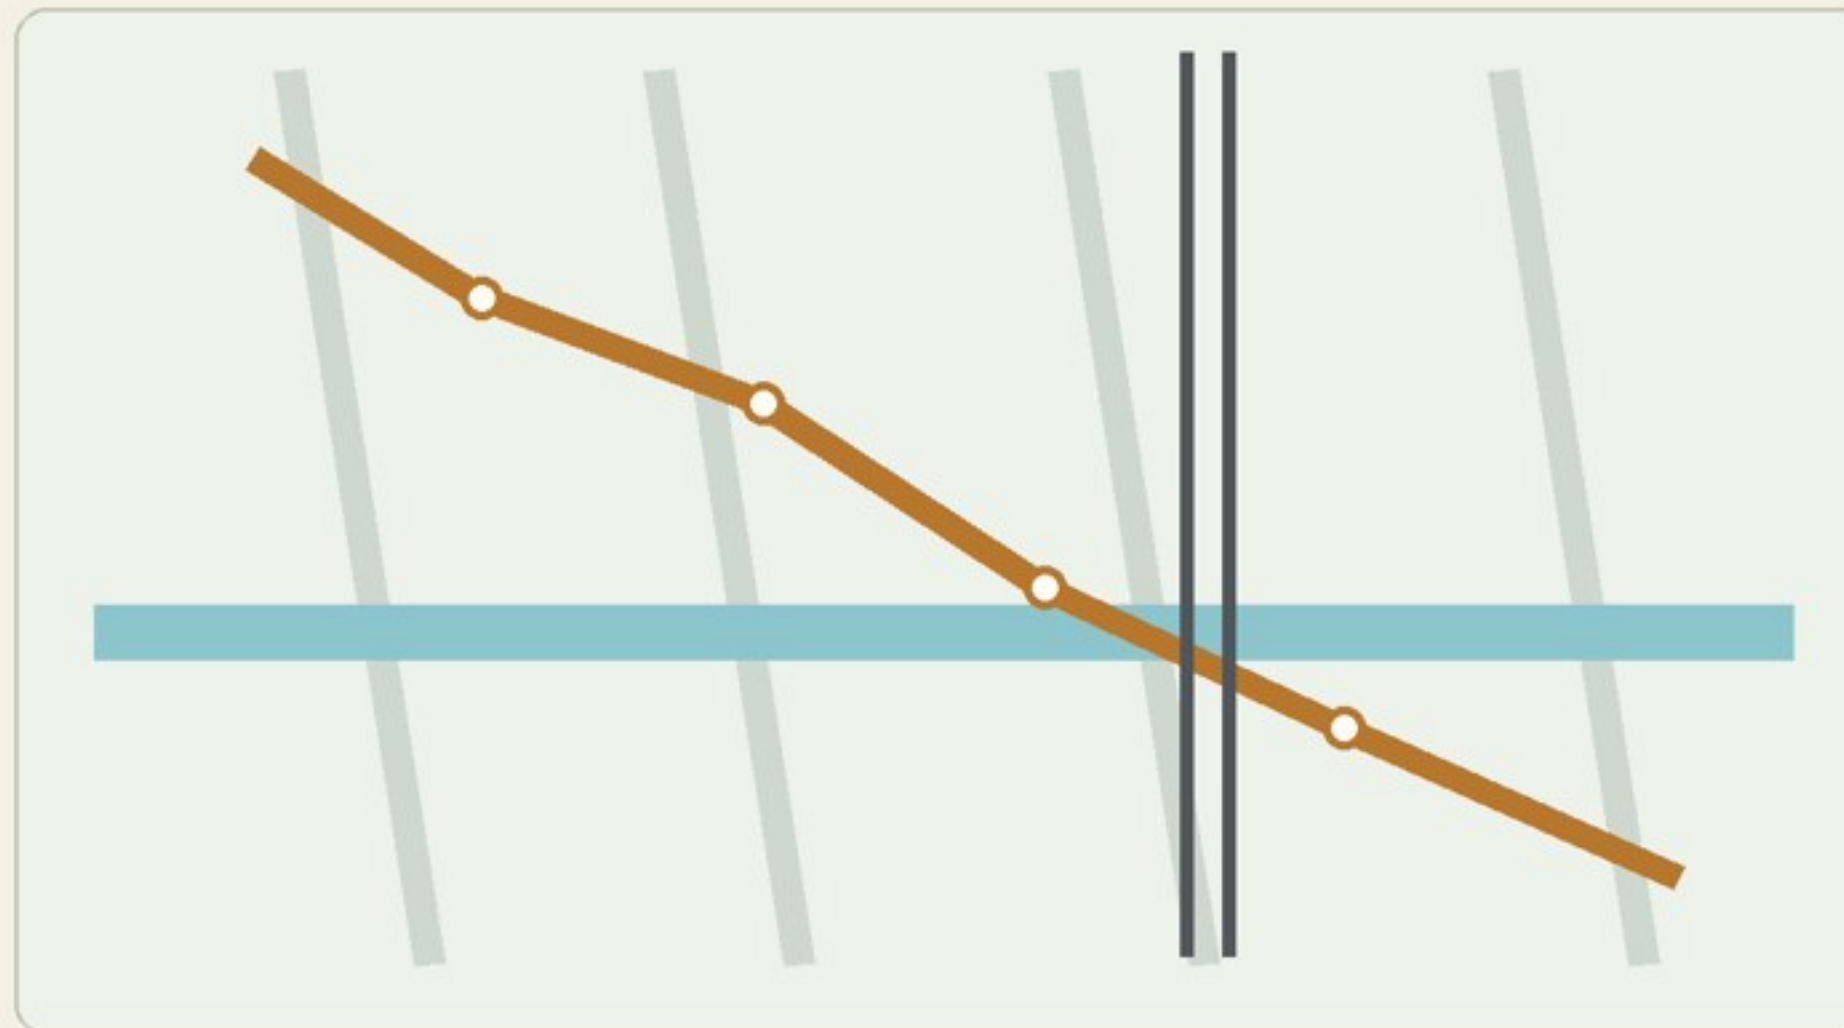

Roles are suggested interfaces only; delivery entity, scale, boundary and approvals remain to be verified.

WALKING, BLUE-GREEN & HERITAGE | CIVIC BASELINE

CONCEPT / PROVISIONAL

A continuous public line that exists before, and remains useful without, digital service.

PUBLIC WALKING SPINE

continuous, no-login, dwellable

RAIL HERITAGE EDGE

interpretation and safety boundary

RAIN & SHADE

non-digital rest and microclimate baseline

NIGHT SERVICE

staffed enquiry first; automation can pause

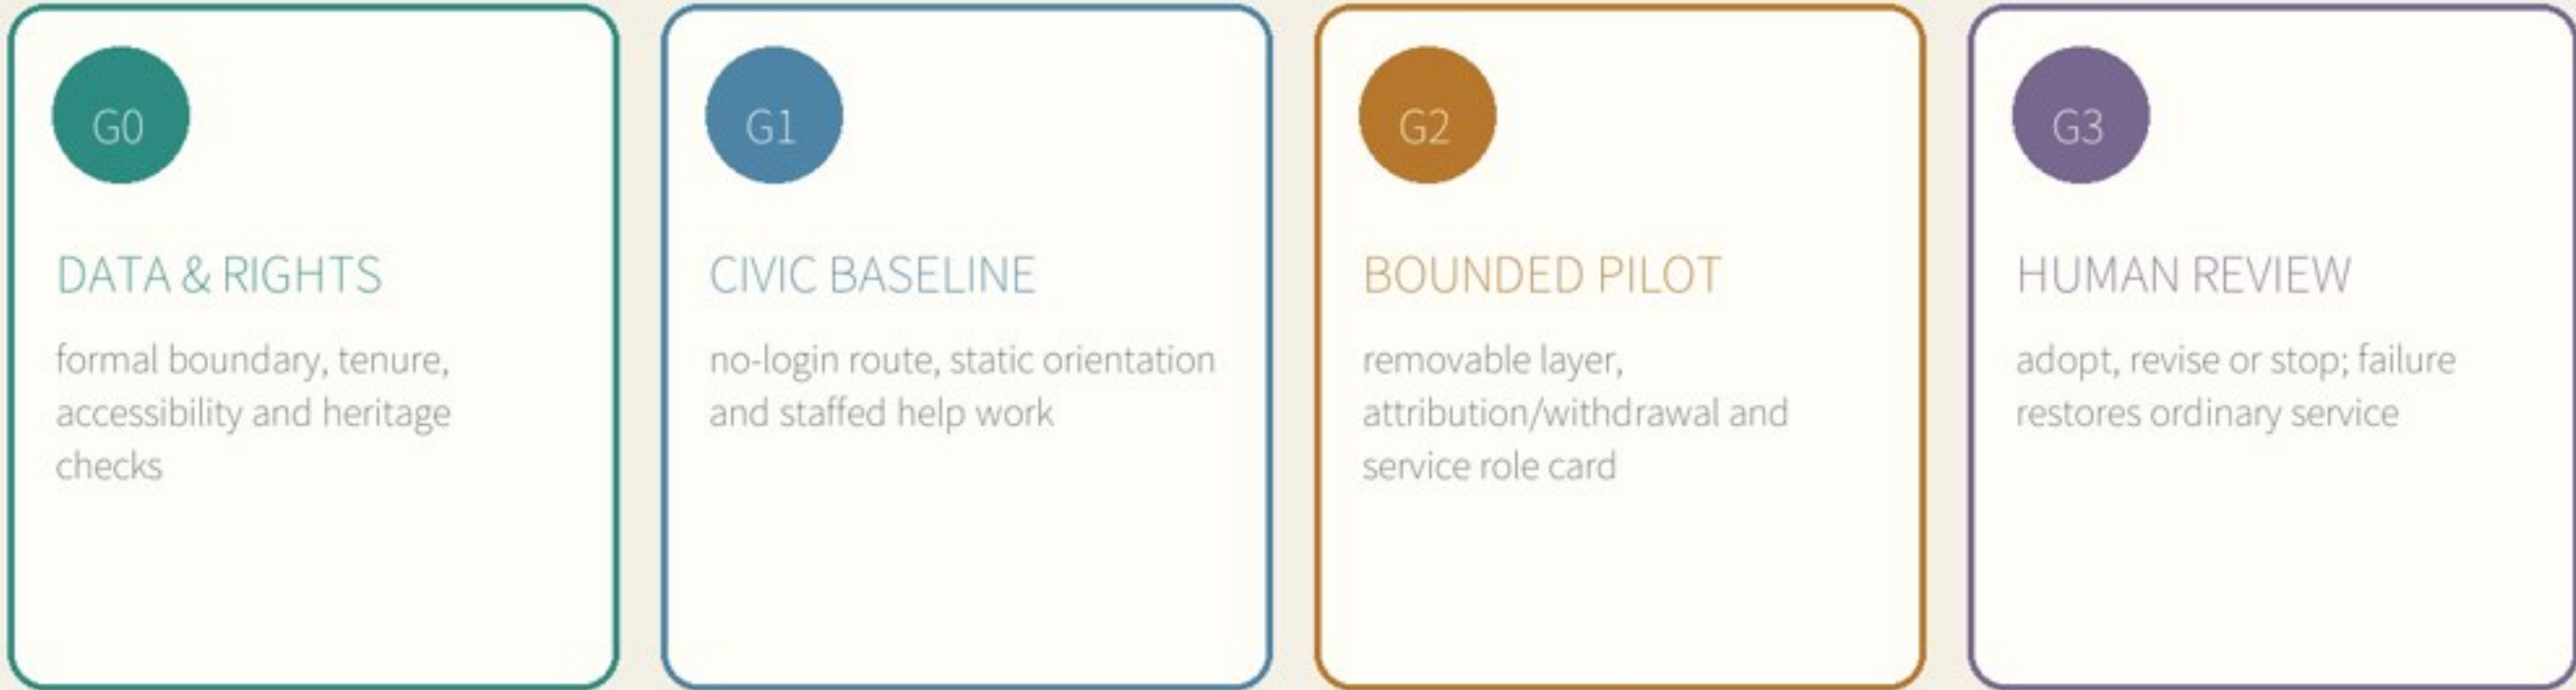

Alignment, section, trees, water, traffic organisation and accessibility are conceptual only; formal data and site-specialist review are required.

CONCEPTUAL ONLY | NOT SURVEYED, NOT CONSTRUCTION, SUBJECT TO FORMAL DATA & SPECIALIST REVIEW

EVIDENCE & DECISION GATES | FROM CLAIM TO CHECK

CONCEPT / PROVISIONAL

Any expansion must first pass minimum evidence for public legibility, human handoff and reversibility.

FIELD RESULTS: 0 / NOT FIELD-RUN | This submission records concept relations and future verification tasks; it claims no built, permitted or achieved

Metrics, sources, assumptions and compliance matrices are packaged locally; displayed values carry confidence and recomputation duties.

CONCEPTUAL ONLY | NOT SURVEYED, NOT CONSTRUCTION, SUBJECT TO FORMAL DATA & SPECIALIST REVIEW
