

JING-ZHANG OPEN INTELLIGENCE COMMONS

Professional baseline for human review - not an approved plan

ONE SPINE, TWO LOOPS, THREE ORIGINS

One evidence chain links 43.6 km² regional coordination, 11.4 km² overall design and 368.4 ha of key areas.

COORDINATED
43.6 km²
official text area;
exact polygon
pending

OVERALL
11.4 km²
submitted
provisional extent:
11.41 km²

KEY AREAS
368.4 ha
sum of official text
areas; polygons
provisional

THREE AREAS + TWO WINGS × SPINE + LOOPS

Zhongzhiyuan trusted full-stack validation origin

AI Origin Community talent and open-source transfer origin

Dazhongsi intelligent terminals and urban-life origin

Zhongguancun service wing cutting professional services and global transfer

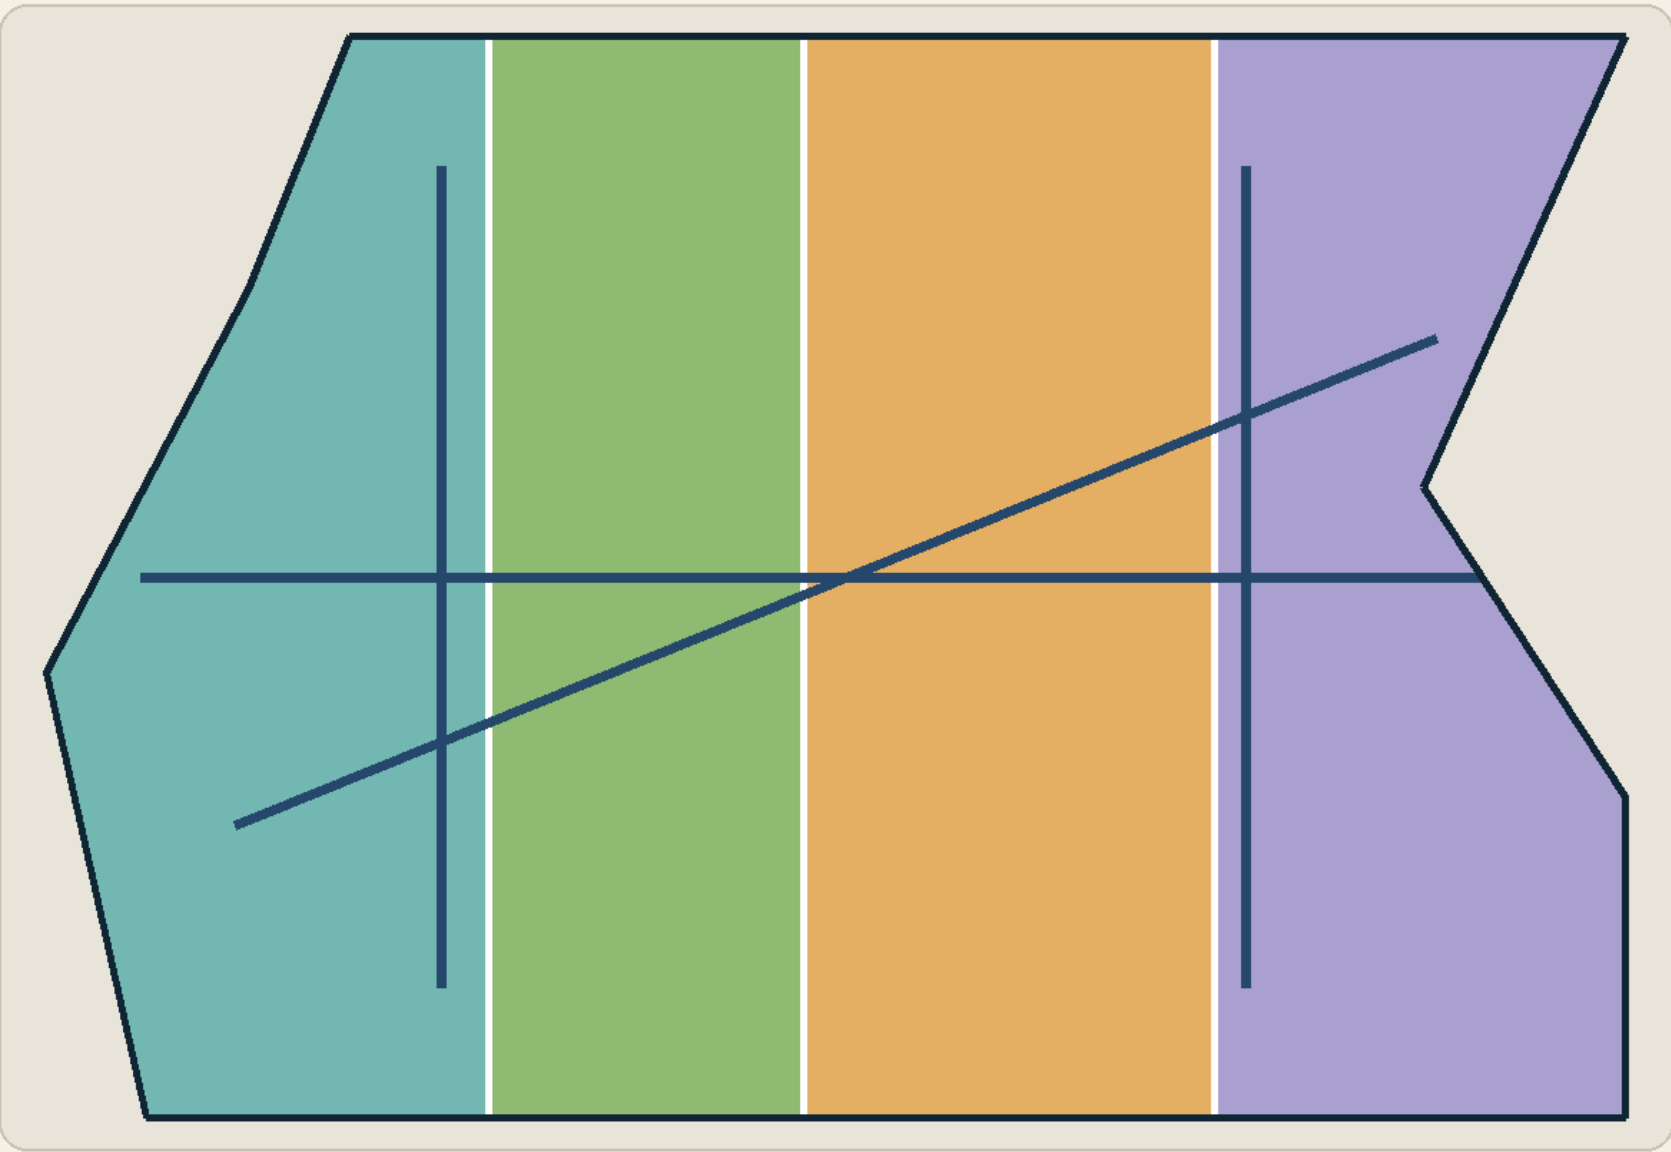

Xiaoyuehe scenario wing origin scenarios, public experience and feedback

PROGRAMME PROTOCOL, NOT ASSUMED ZONING

Four programme bands coordinate R&D, heritage park, industry services and talent living; statutory use and intensity remain pending.

FOUR SPATIAL ROLES

- Open R&D and validation district** 23.4%
concept share; not a statutory metric
- Jing-Zhang heritage park and Open Walk** 22.7%
concept share; not a statutory metric
- Industry services and international collaboration** 29.5%
concept share; not a statutory metric
- Community services and talent living district** 24.4%
concept share; not a statutory metric

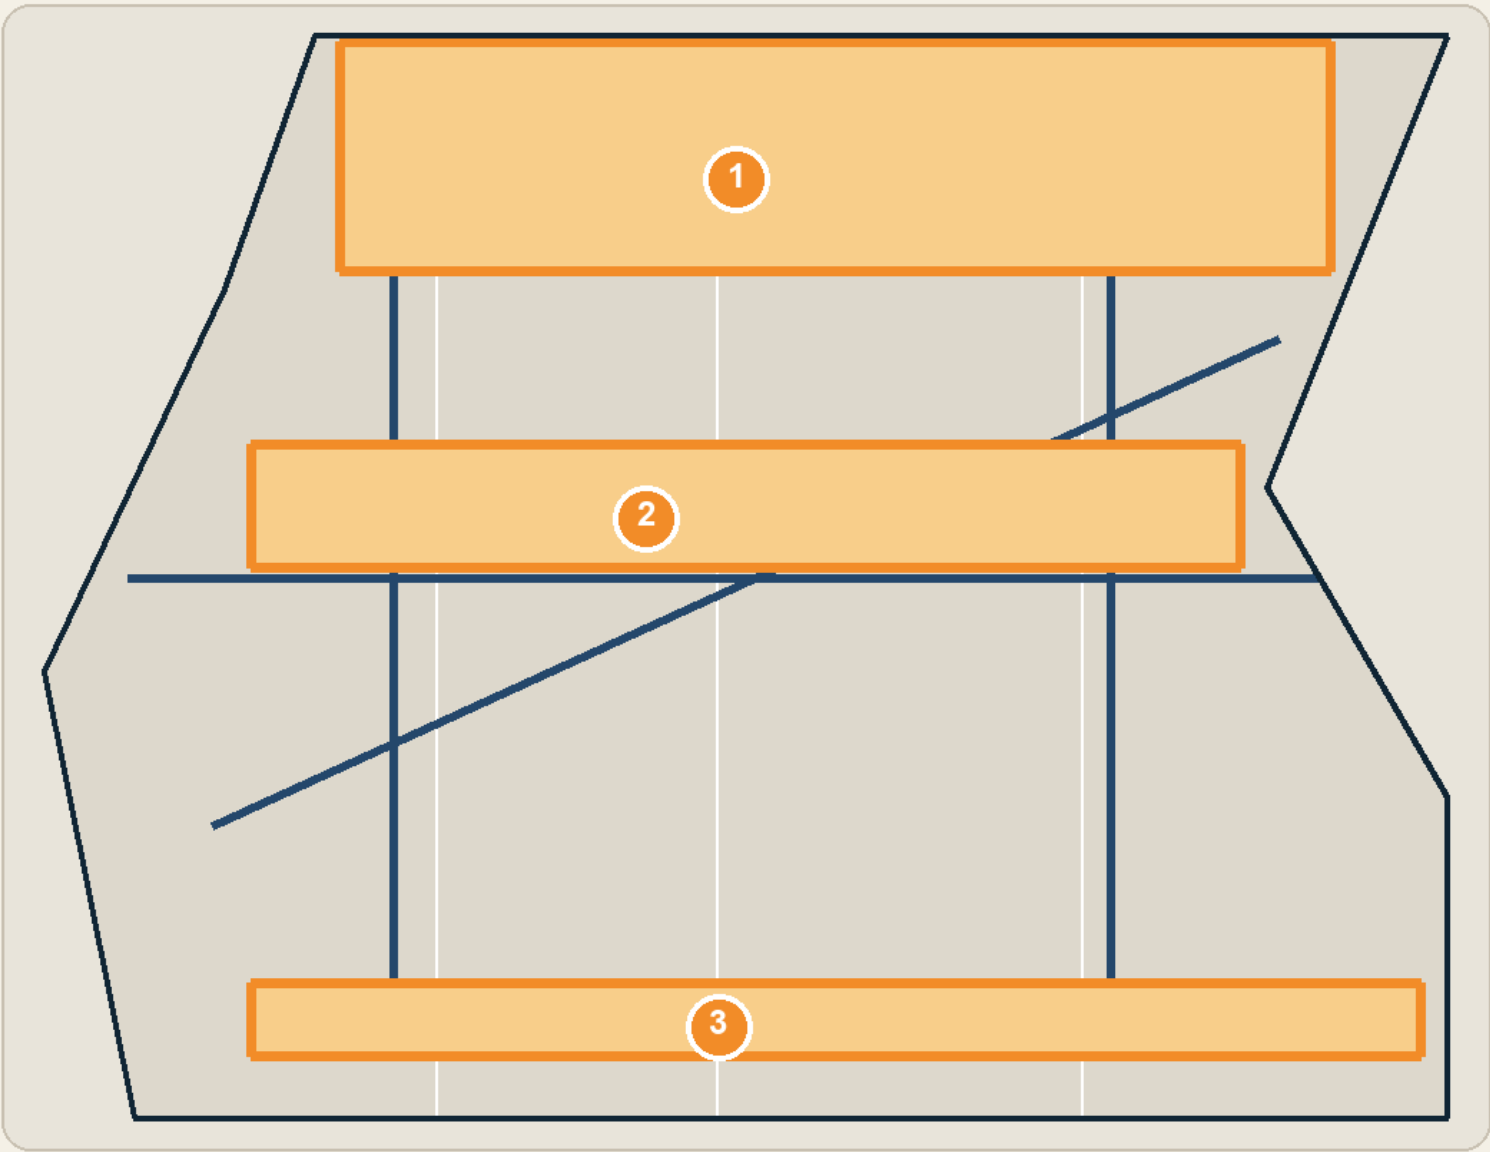

Professional follow-up: ownership, statutory land use, FAR, height, renewal actions, subsurface and utility capacity.

JING-ZHANG OPEN INTELLIGENCE COMMONS

Professional baseline for human review - not an approved plan

THREE ORIGINS, ONE CONTRIBUTION PROTOCOL

Official text areas answer the brief; all three polygons remain provisional envelopes pending professional refinement.

01 ZHONGZHIYUAN 192.1 ha

Trusted full-stack validation | model evaluation, bounded embodied-AI tests, AI safety | landmark: Origin Stage

Area: official brief text; polygon: provisional envelope

02 AI ORIGIN COMMUNITY 104.3 ha

Talent and open-source transfer | launch, venture support, youth living | landmark: Merge Forum

Area: official brief text; polygon: provisional envelope

03 DAZHONGSI 72.0 ha

Intelligent terminals and urban life | rail access, global demos, civic-service tests | landmark: Commit Garden

Area: official brief text; polygon: provisional envelope

Open co-creation proposal | provisional geometry only; not an official redline or approval basis

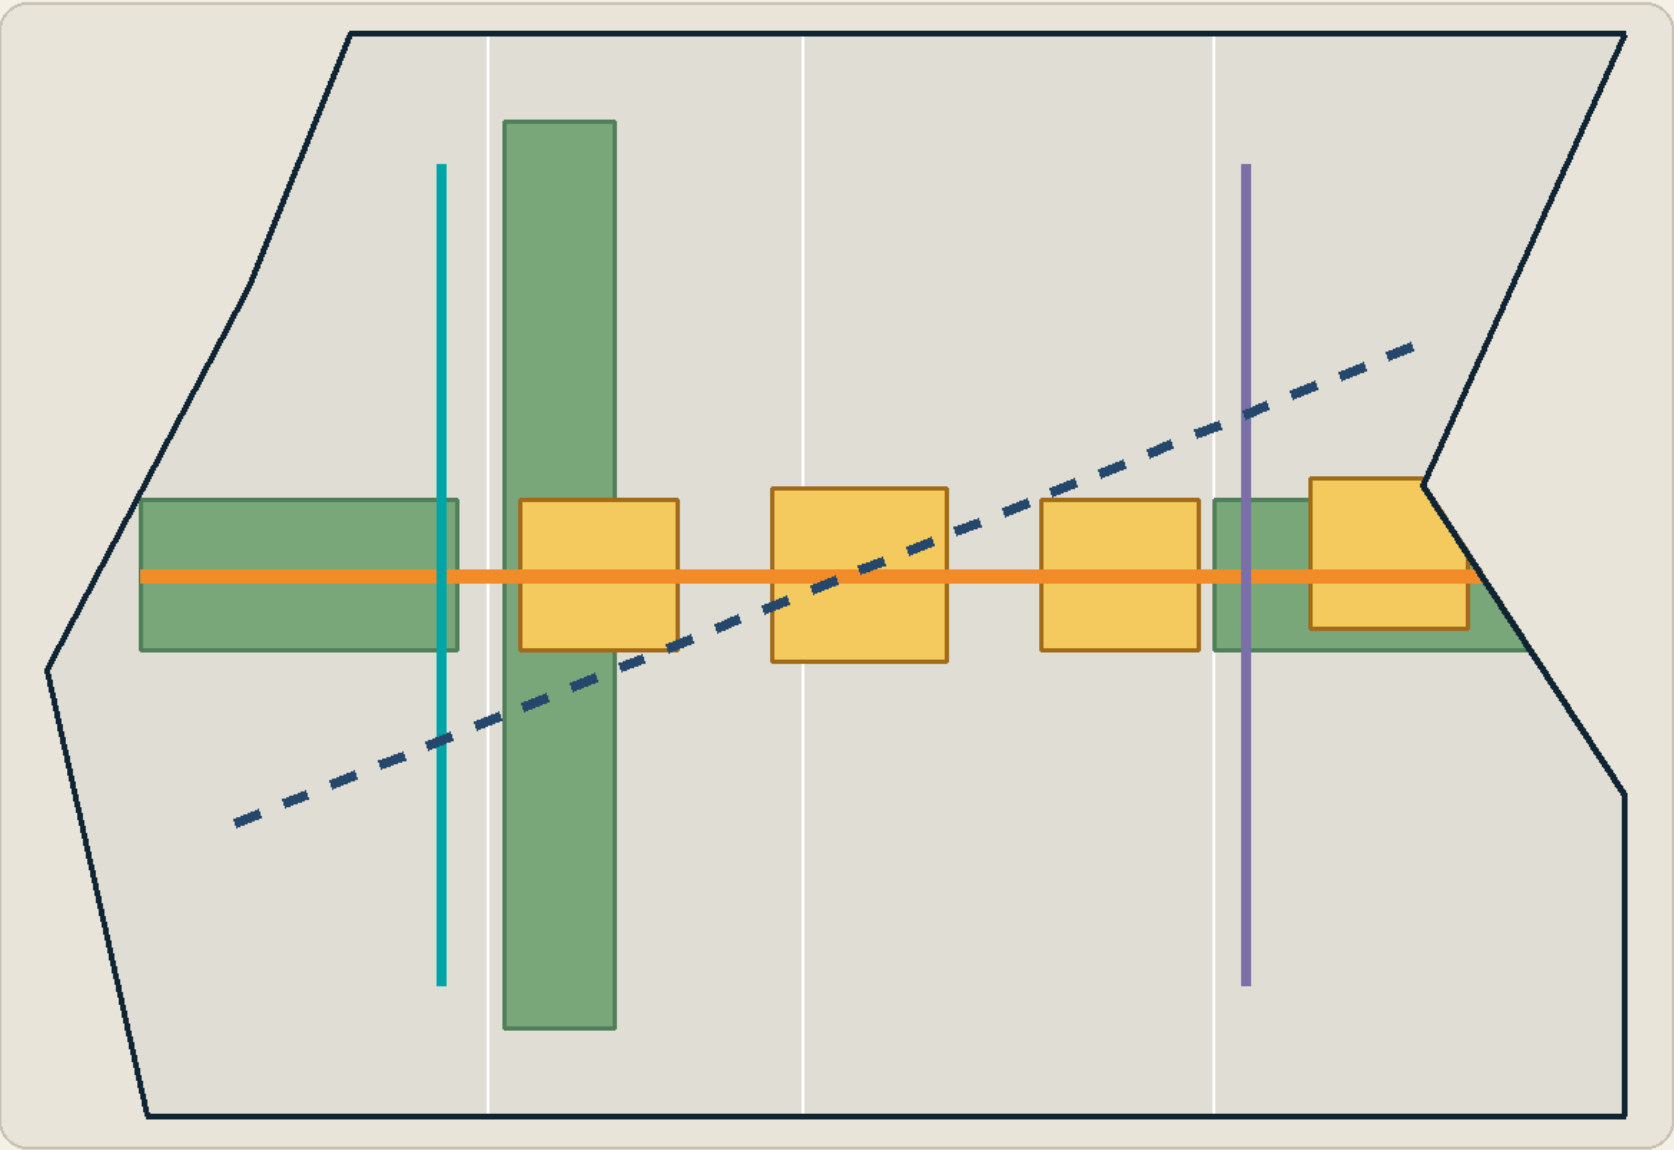

03 / 05

Professional baseline for human review - not an approved plan

FROM STATION TO DOOR: ACCESS, DWELL, EXIT

The Open Walk and two loops carry different speeds and access levels; alignments express intent, not road or engineering decisions.

FOUR-LEG CONTINUITY AUDIT

01 ARRIVE rail information, transfer and event-day flow

02 CROSS detour, signal, tactile route and lighting

03 ENTER PARK shade, seating, water and non-digital option

04 ENTER BUILDING threshold, wheelchair turn, human service and exit

Device tests remain in marked low-speed zones with human takeover.

METRICS, EVIDENCE AND FIVE PILOT GATES

Known values come from GeoJSON or explicit lists; unknown controls stay unknown. Every AI scenario must be explainable, reviewable, appealable and stoppable.

PROVISIONAL EXTENT

11.41 km²

GeoJSON union

CONCEPT GREEN

12.5%

geometry

CONCEPT PUBLIC SPACE

6.6%

geometry

SCENARIOS / TESTS

12 / 4

explicit list

FIVE GATES

- 1 INTAKE
- 2 ETHICS + DATA
- 3 BOUNDED TEST
- 4 PUBLIC REVIEW
- 5 SCALE OR EXIT

EVIDENCE CHAIN

- BRIEF scope + tasks
- GEOMETRY GeoJSON + CRS
- METRICS formula + status
- FIGURES five bilingual figures
- REVIEW deterministic + professional

FAR / floor area / density / official redlines = UNKNOWN
