JingZhang Open Spine v2.2
Protocol Edition | MikuFuwa
Provisional · conceptual · deepen-ready
Interface / Permission / Rollback / Audit

Basis · Diagnosis · Mechanism · Scope · Structure · Land use · Mobility · Blue-green · Three key areas · Scenarios · Metrics · Risks · Appendix

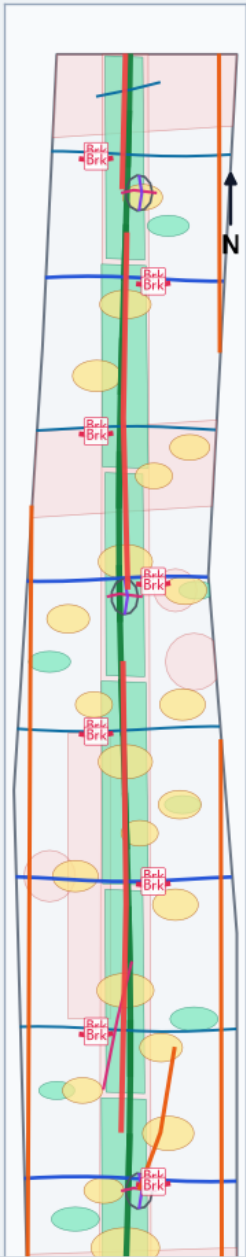

Basis & boundary

A3 booklet · JingZhang Open Spine v2.2

Announcement + site-package + taskbook + standards.
CRS: store 4326 / area 4548. SITE-001 provisional non-redline.
Metrics aligned to spatial_review.

Mobility & blue-green network

Spine continuity · seams · station pockets · reversible robot pilots · severance constraints

Legend

- Greenway spine
- Secondary seams
- Pedestrian
- Cycleway
- Transit link
- Reversible robot pilot
- Break diagnosis
- Break repair
- Blue-green
- Public pockets
- Severance constraints

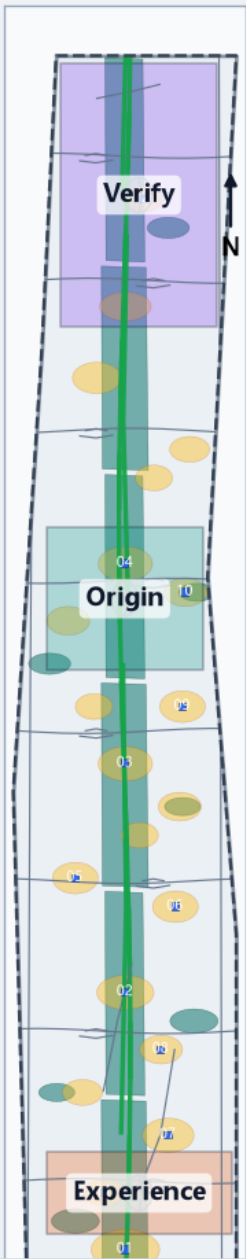

示意非测绘 · provisional
EPSG:4326 存储 / 4548 面积
非官方红线

Ten clusters P01–P10 mapped to OS/SCN and assumptions.
Constraints CON-001...008 pending_confirmation.
Break-diagnosis vs repair pairs on mobility figure.

Publish→Verify→Rollback→Audit lifecycle.
Pilots at SCN-01 or SCN-02 with explicit offline path.
Case transfers: Kendall / King’ s Cross / one-north — mechanisms not climate kits.

非官方红线

One spine, three cores, dual wings, twelve nodes.
Courtyard clusters + interface bars; classed roads with break/repair narrative.

Three-level scope & land-use structure

Block units · central spine · not five-band paint

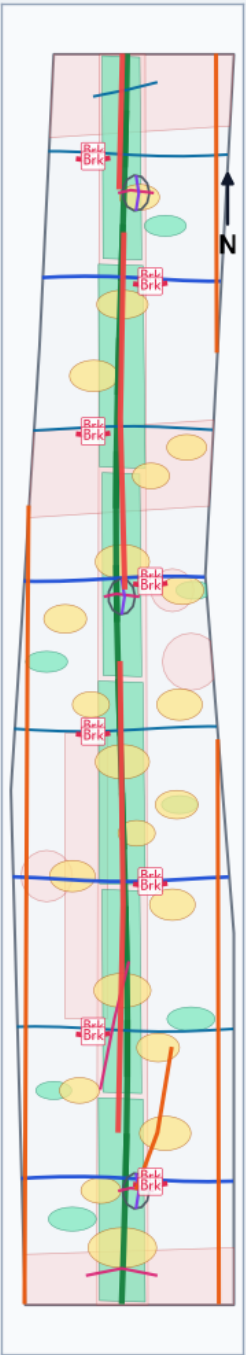

Legend

Core metrics recalculation & evidence chain

EPSG:4548 · known/unknown · four gates · provisional medium confidence

Geometry evidence base

Metrics table (= metrics.json)

Site area m²	11,412,825.386	known · medium
Green ratio	0.2248	known · medium
Public ratio	0.0933	known · medium
Buildings	156	known · medium
Road segs	54	known · medium
Land units	30	known · medium
Footprint dens.	0.0143	known · medium
FAR	unknown	unknown · low

Chain: EPSG:4548 area → sum(layer) → ratio
Gates: deterministic / spatial / visual / professional
Statutory FAR remains unknown

medium confidence matches provisional boundaries; figures are not approval areas

Provisional precision, ownership, utilities, heritage, noise, privacy, robot/accessibility conflicts. Conceptual only.
