

Twin-Track Jing-Zhang

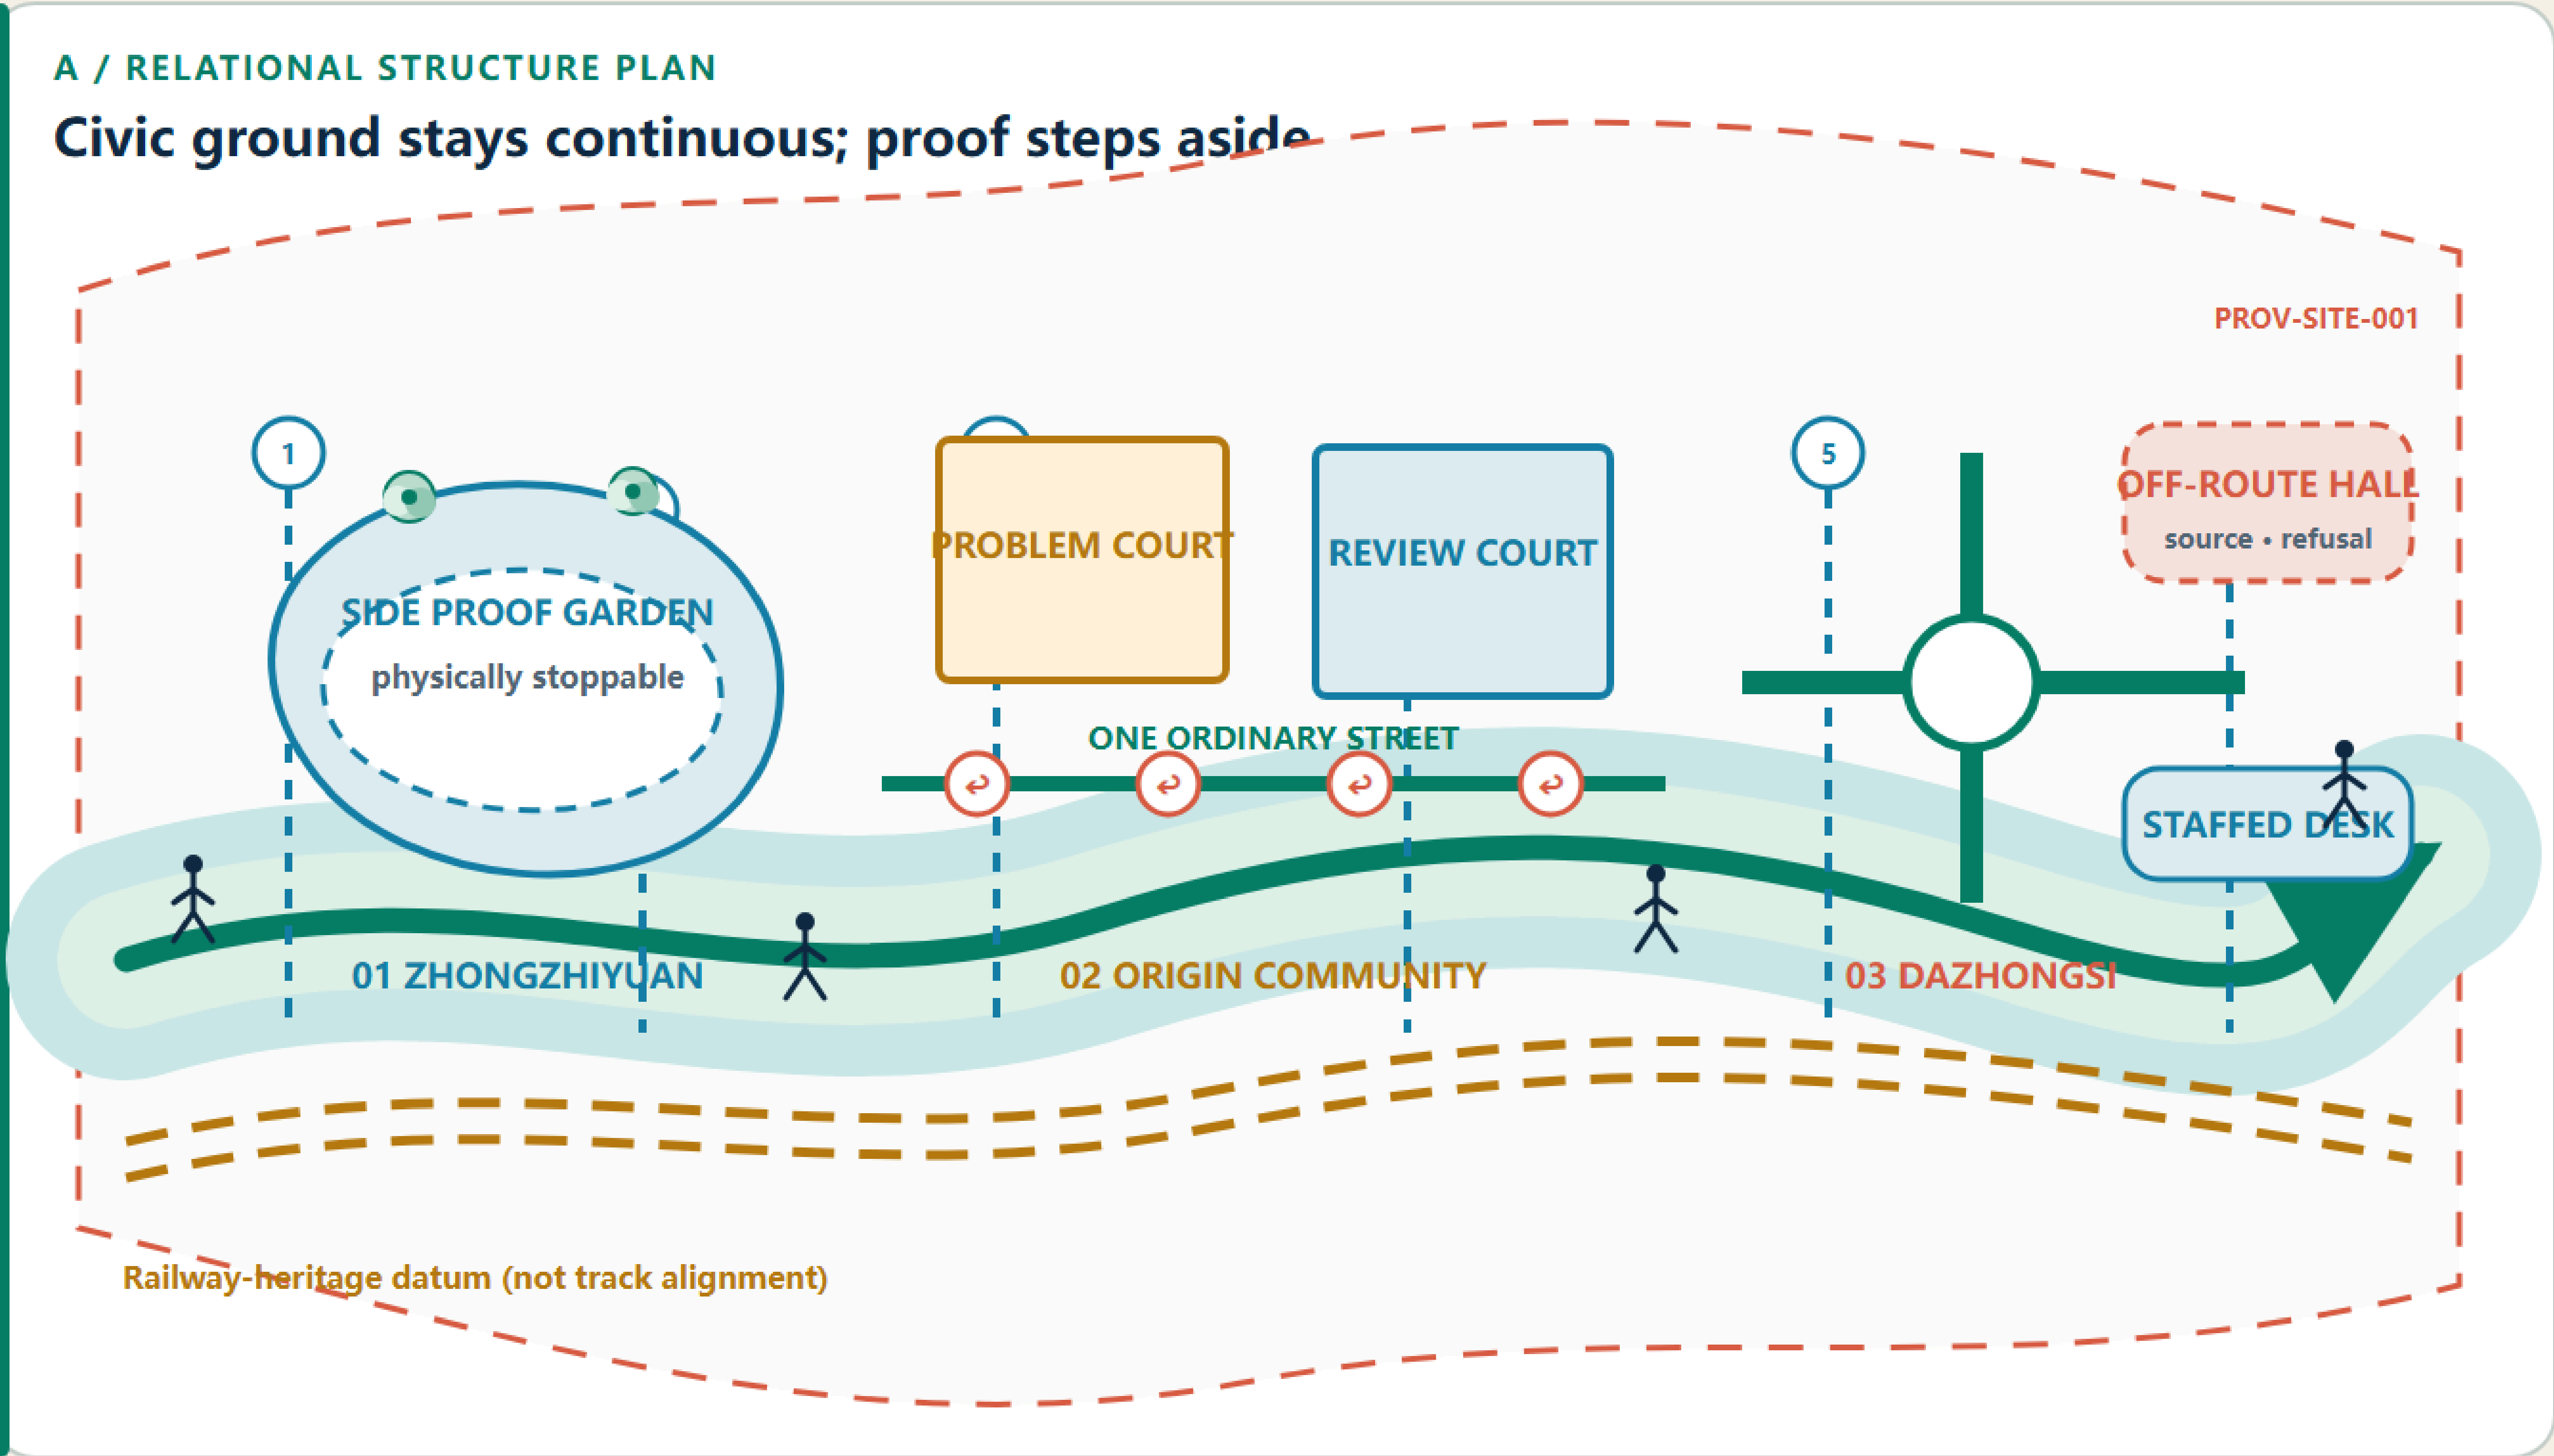

Ordinary ground first; verification steps aside

S01 / CIVIC-GROUND STRUCTURE / SITE OVERVIEW

G0 • PROVISIONAL • NOT TO SCALE

One civic-ground spine links three distinct prototypes

Read the ordinary route and six cross-links first; proof, staffed handoff and failure siding stay beside it.
Provisional relationship diagram, not a precise masterplan.

B / READ THE GROUND

Read civic ground first

- ordinary
- 6 cross-links
- heritage datum

ORDINARY

enter • move • pause
ask • leave

FAILURE OBJECT

proof overlay stops
ordinary life continues

Recalculate on official inputs

no coordinates, distances or station anchors

G0 spatial relations • provisional geometry • not to scale • proves no official redline, exact alignment, station, dimension, footfall, approval, built state, recovery time, or G1

One spatial decision

Three non-interchangeable answers

S03 / THREE PLAN PROTOTYPES / KEY AREAS

G0 • PROVISIONAL • NOT TO SCALE

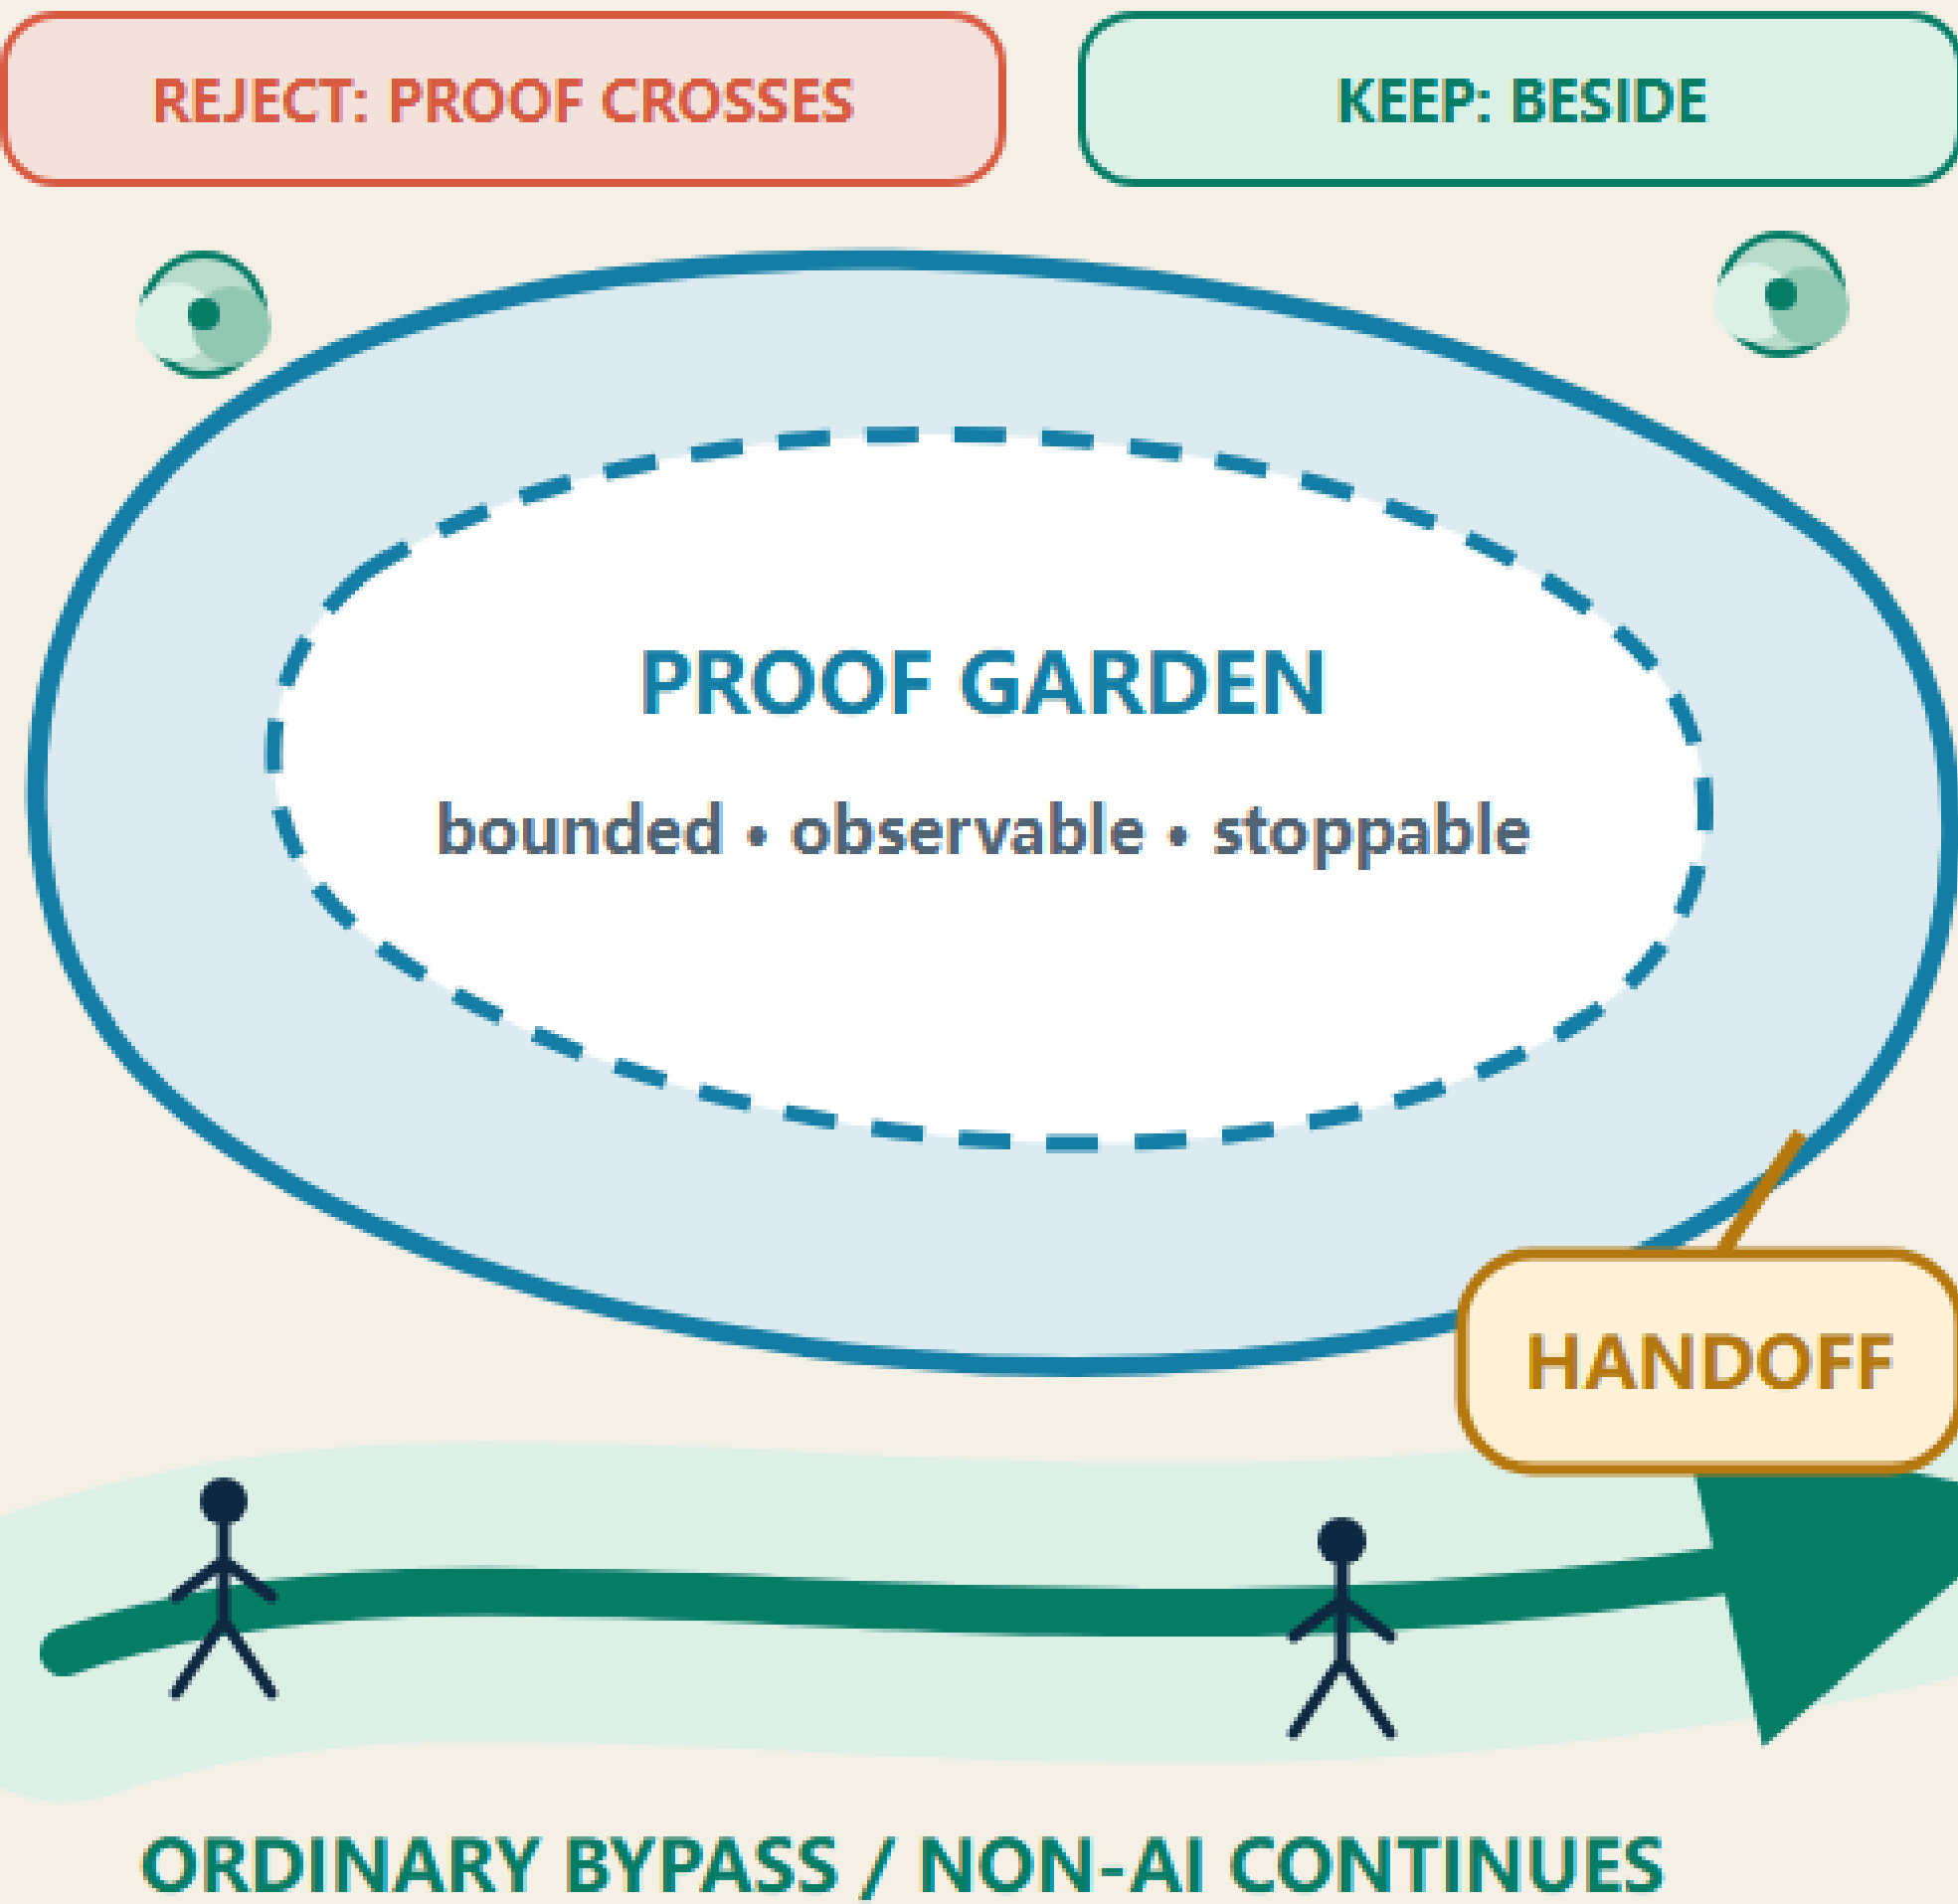

One spatial decision, three non-interchangeable answers

Common ruling: proof may not take ordinary ground. Each place answers with beside, stepped-back courts or off-route service. G0 • provisional • not approved.

01 VERIFY • ZHONGZHIYUAN

Parallel bypass + side proof garden

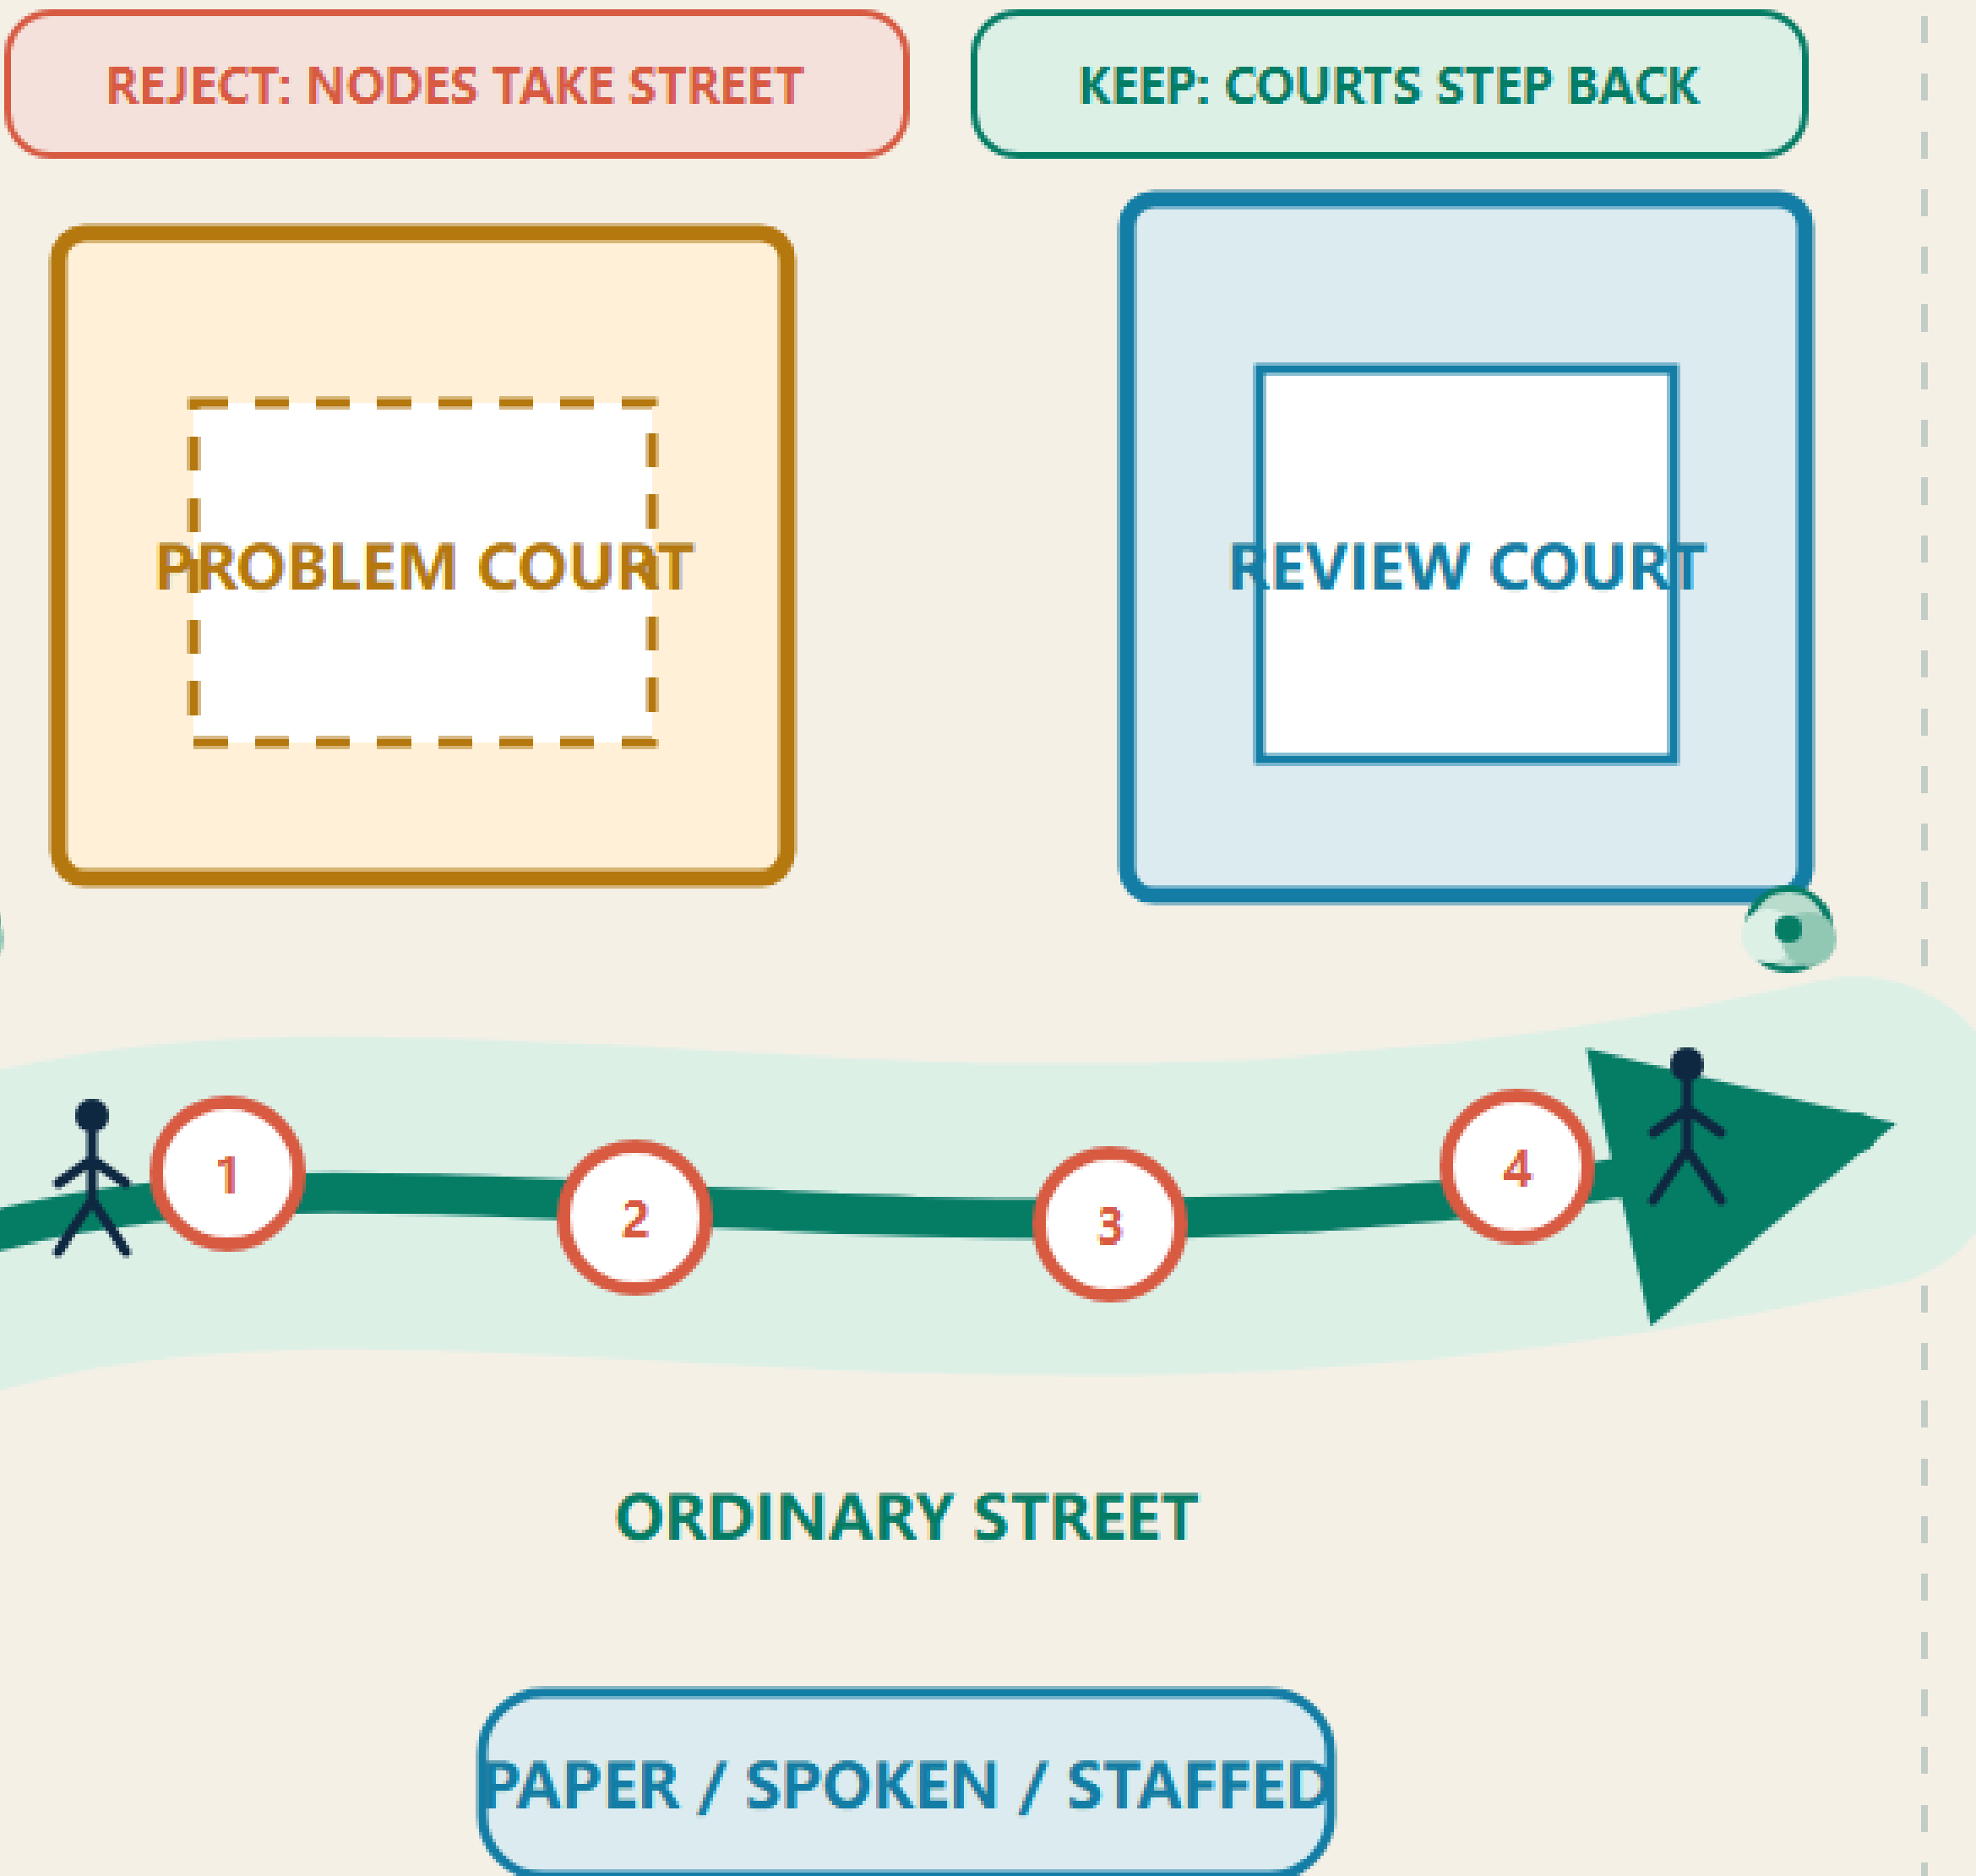

ordinary route never crosses proof edge
staffed handoff sits between routes

02 CO-CREATE • ORIGIN COMMUNITY

Street + two courts + four withdrawals

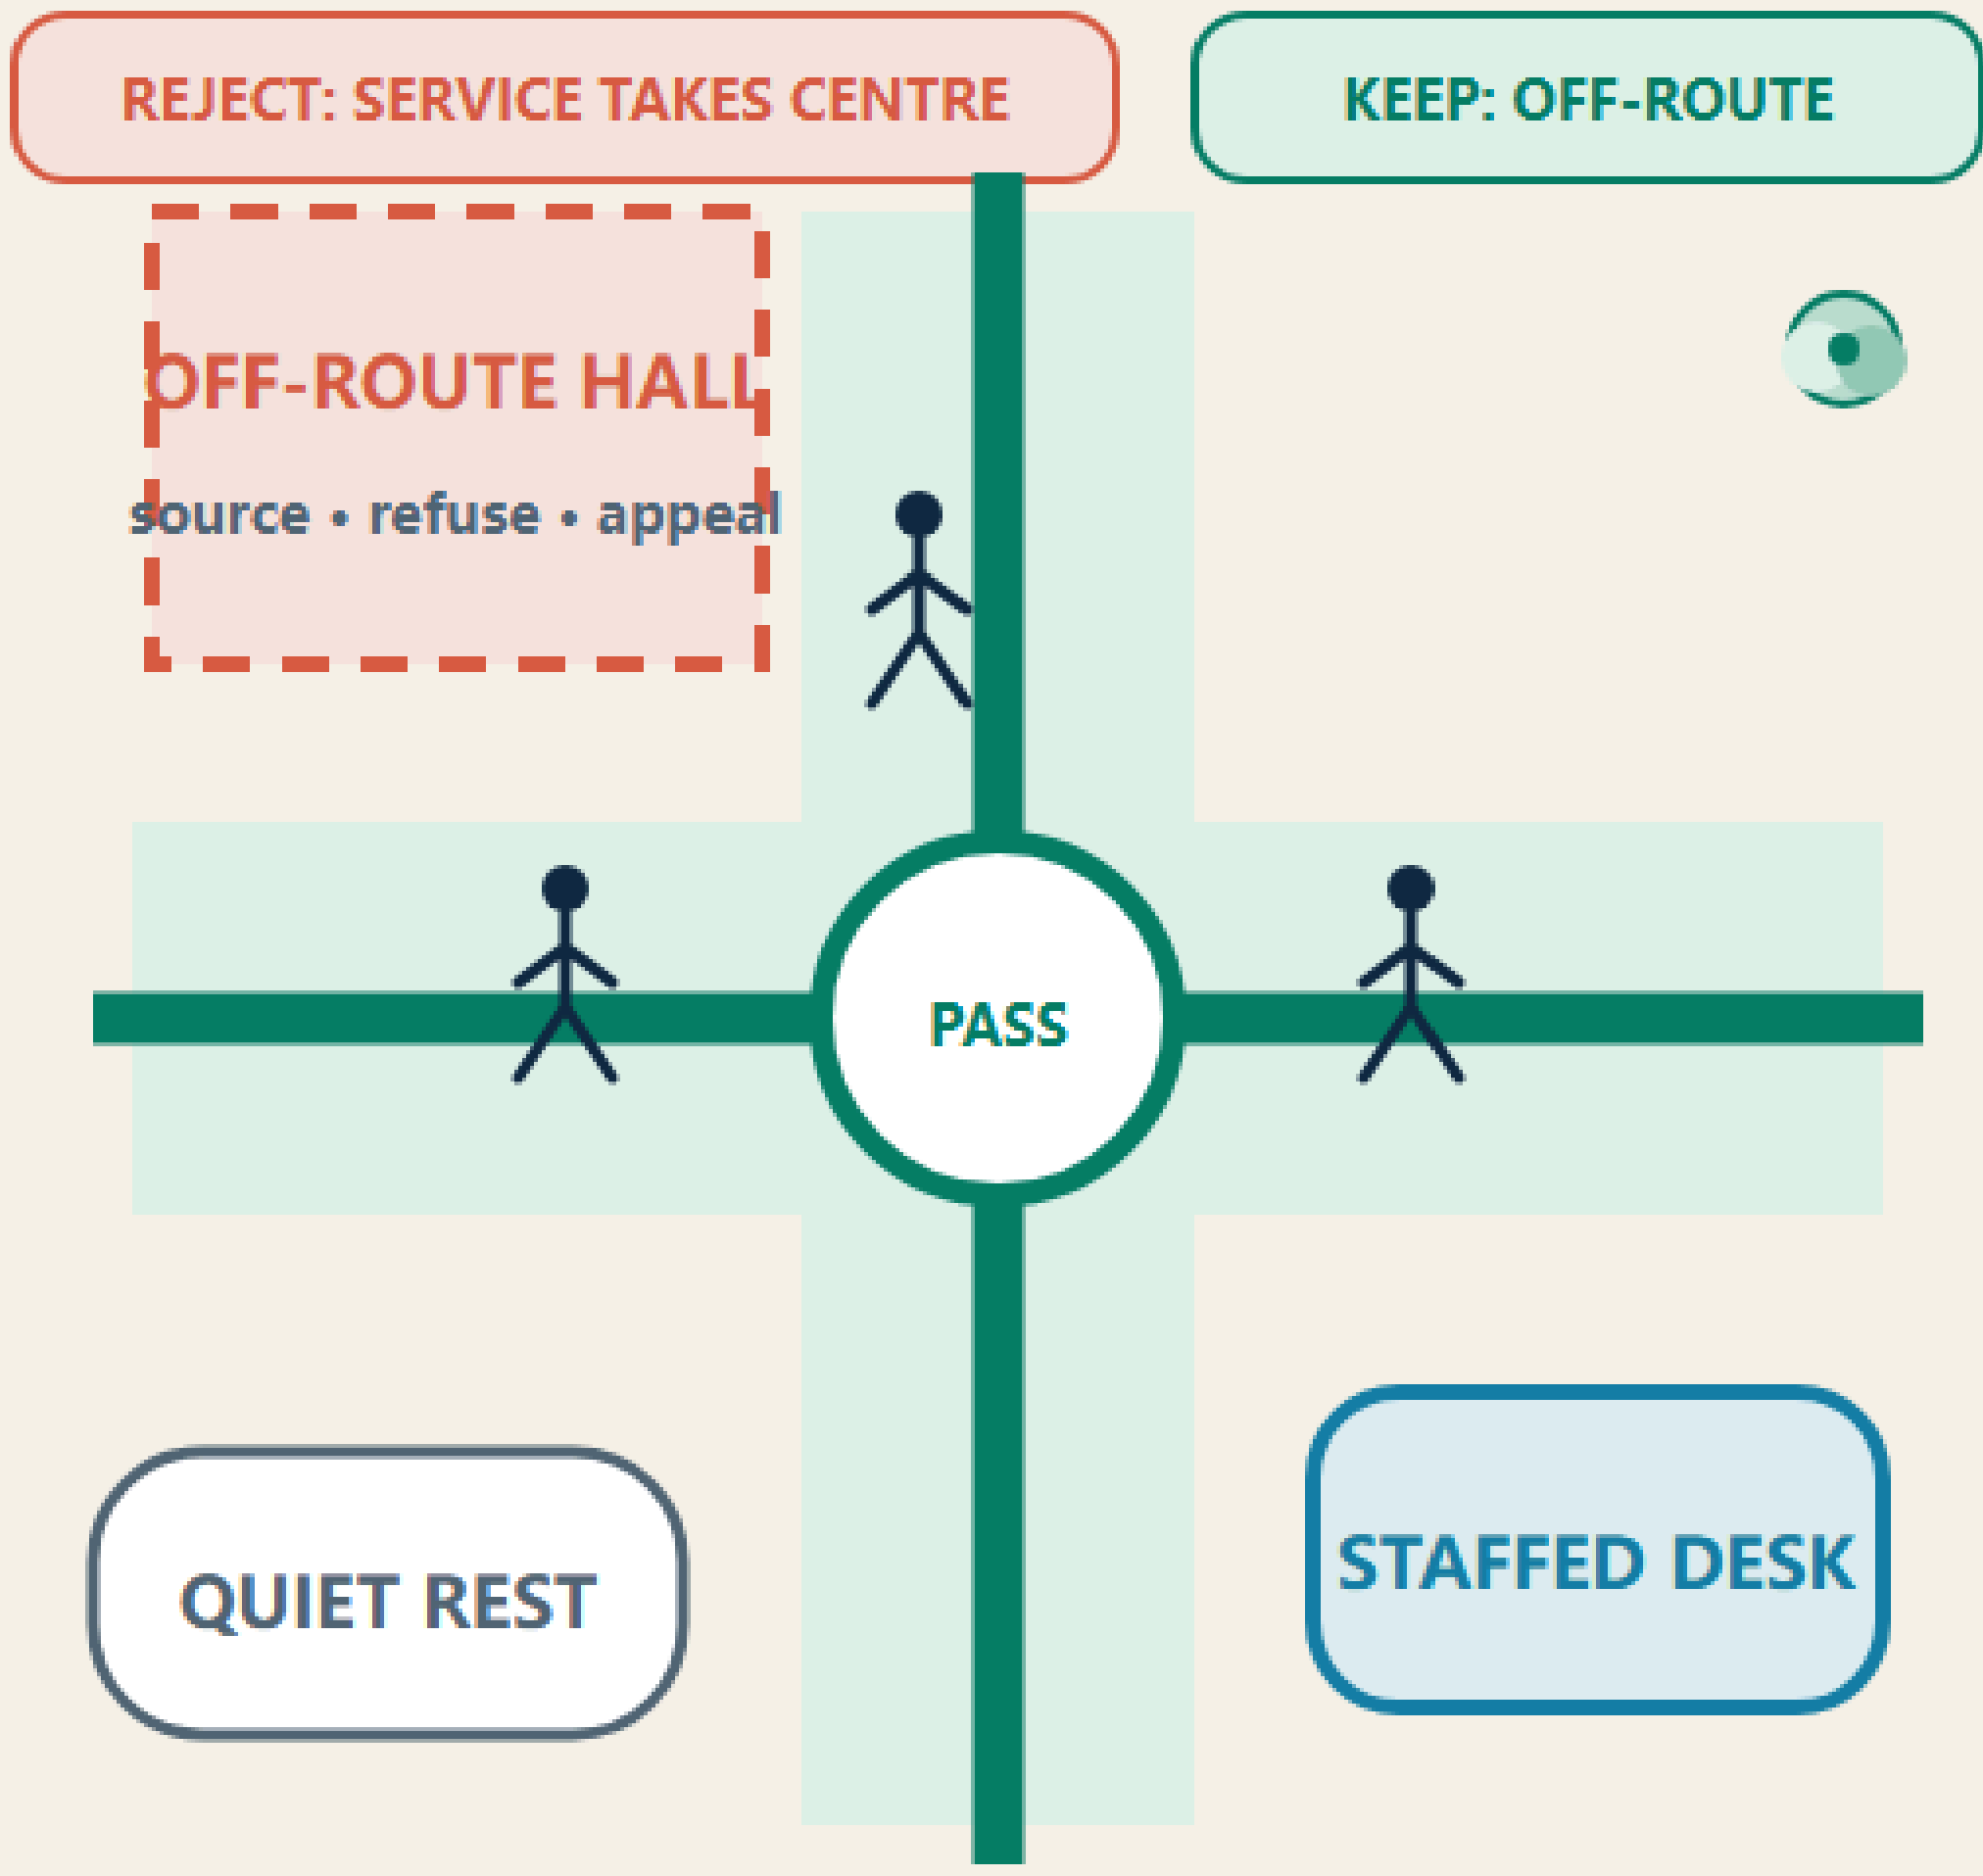

resident street stays open
proof enters from the edge, never takes the street

03 PUBLISH • DAZHONGSI

Four-way cross + off-route service

clear centre carries no proof
hall and staffed desk sit off-route

All three keep ordinary paths and non-AI entry first • failure stops proof objects only • restoration returns the ground before recheck and is not approval, authorization or G1 • FIELD / GO / RIGHTS remain gated

Three sections

Ground floor, handoff and failure scope

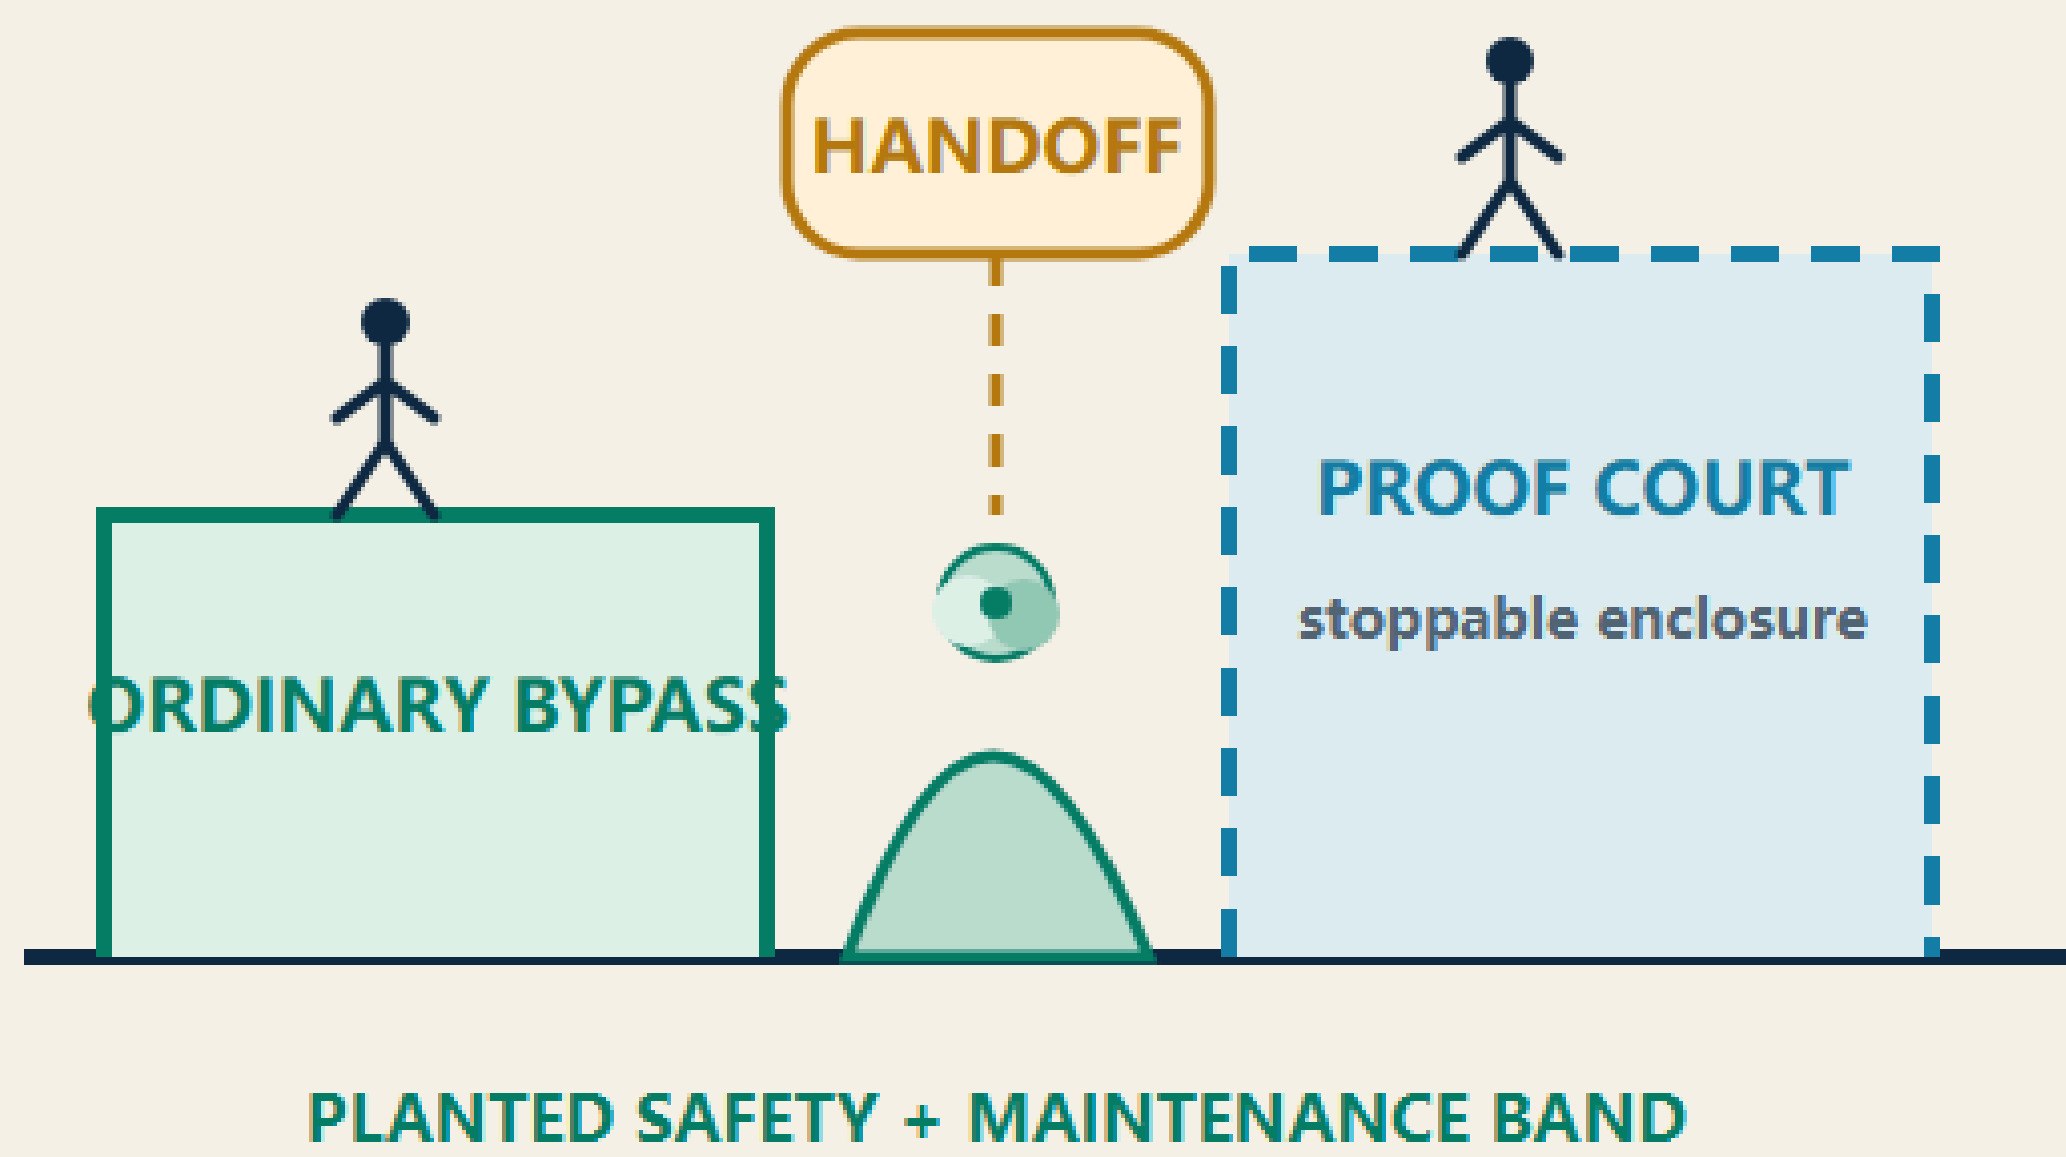

S04 / GROUND-THRESHOLD SECTIONS / KEY-AREA SECTIONS

G0 • PROVISIONAL • NOT TO SCALE

Three sections clarify stop objects, staff positions and restoration

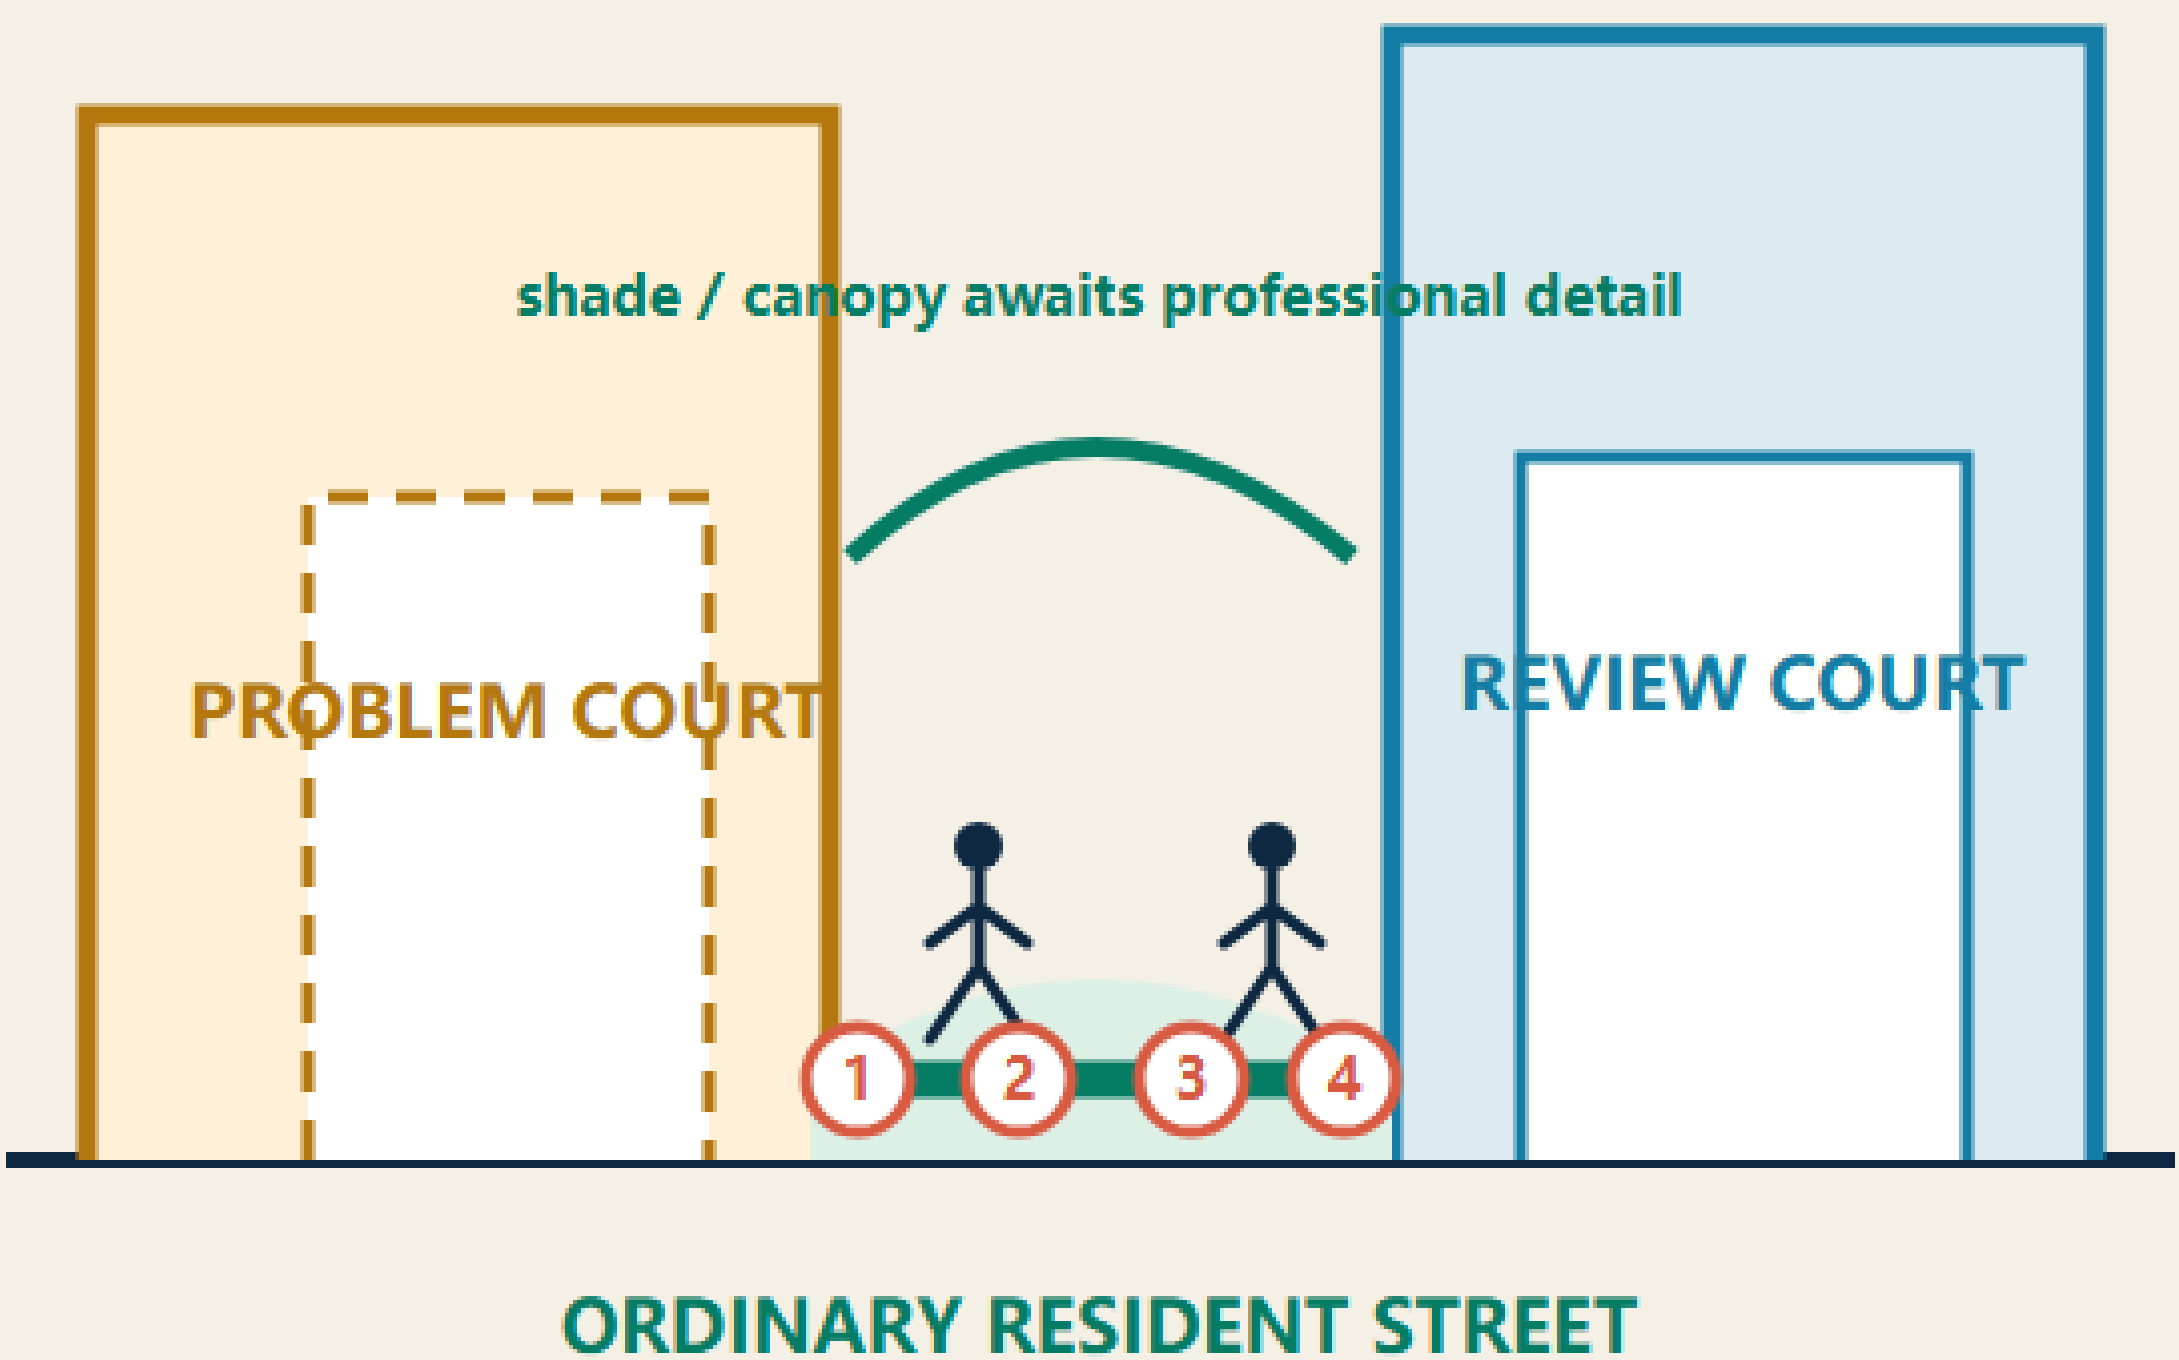

Sections express spatial responsibility only and claim no unverified dimensions, materials, slopes, fire safety, railway protection or accessibility acceptance.

01 VERIFY • ZHONGZHIYUAN / PARALLEL SECTION
Bypass below / proof court above

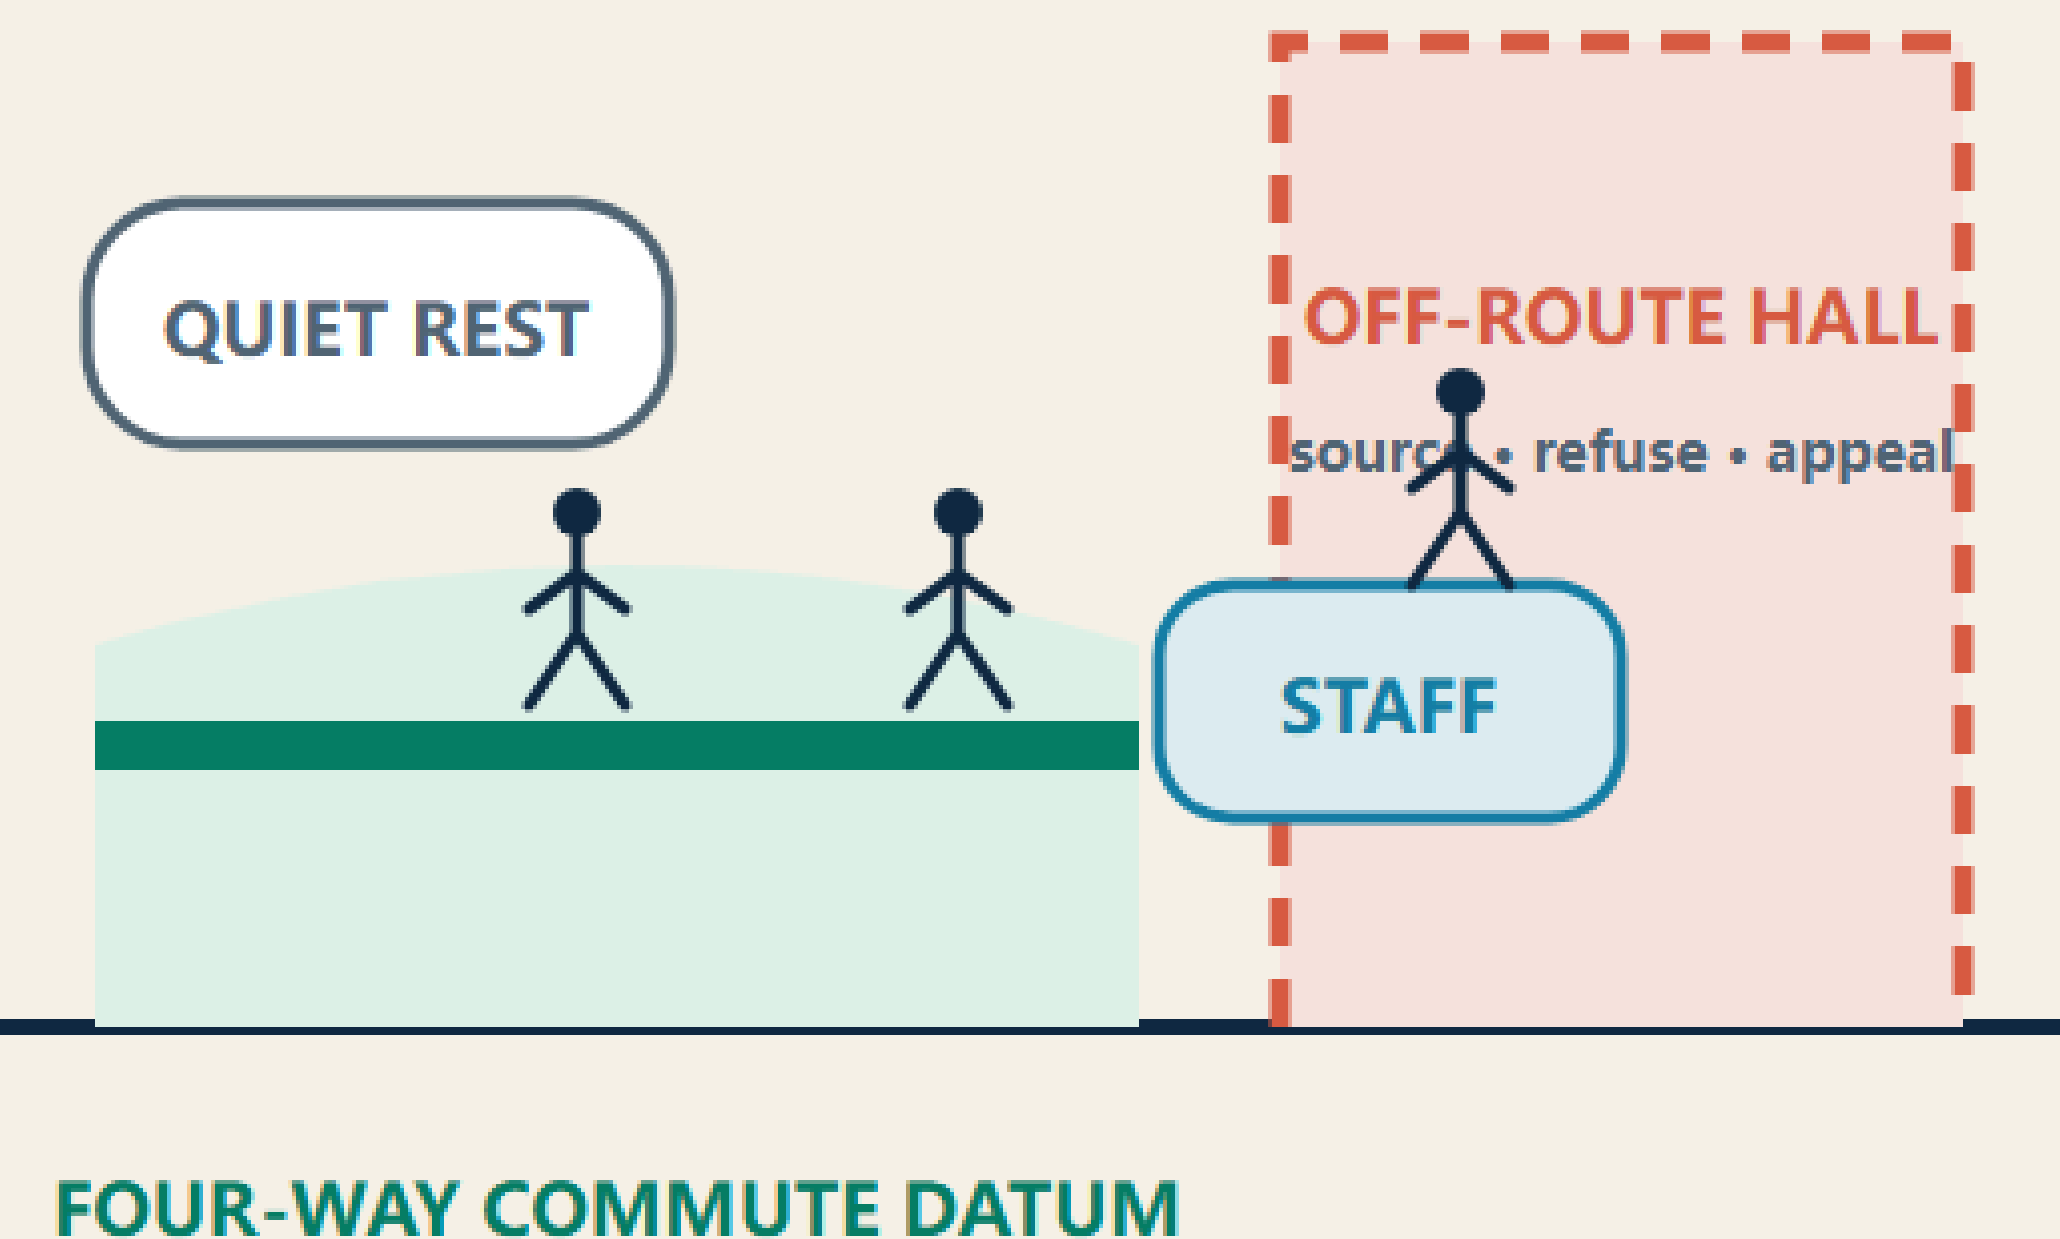

FAILURE: enclosure and equipment leave; bypass stays
RESTORE: clear court, then recheck; not G1

02 CO-CREATE • ORIGIN / STREET-COURT SECTION
Street through / two courts back

FAILURE: proof withdraws to the edge; street and courts continue
RESTORE: paper/spoken/staffed first; restart remains a decision

03 PUBLISH • DAZHONGSI / COMMUTE SECTION
Commute clear / service aside

FAILURE: close the service side only; commute remains
RESTORE: correct sources and retest; not authorization or approval

G0 conceptual sections • not to scale • levels, dimensions, materials, structure, fire safety, railway protection, accessibility outcomes, staffing and recovery duration remain unverified / unknown / 0

Ordinary life

Complete non-AI task in every place

S05 / HUMAN-SCALE ORDINARY LIFE

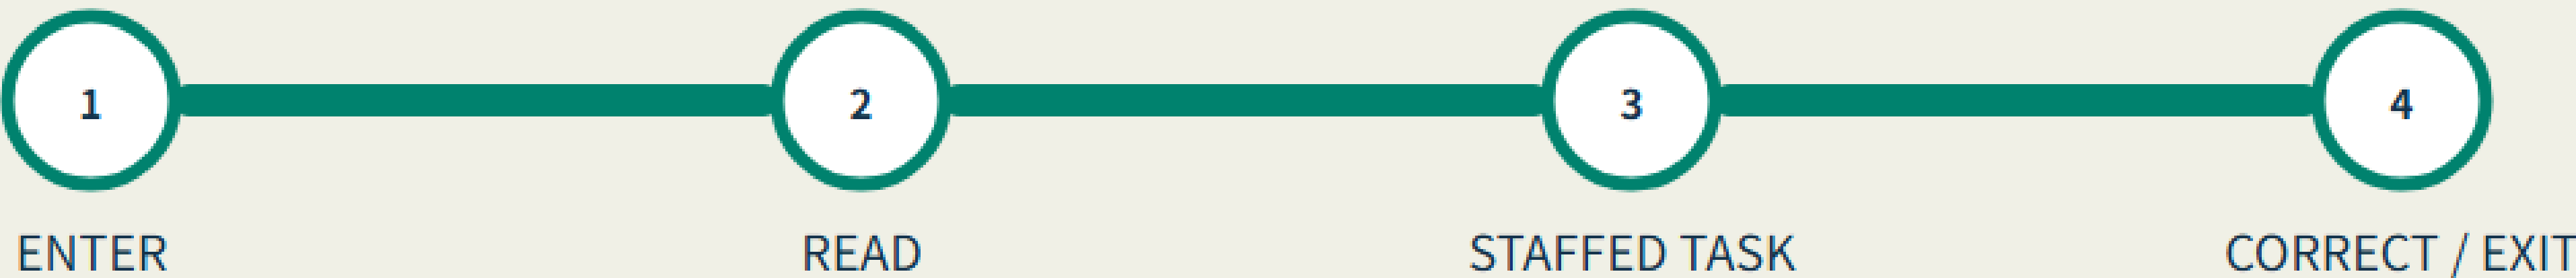

One ordinary task remains complete in every place

01 VERIFY • ZHONGZHIYUAN
PARALLEL BYPASS

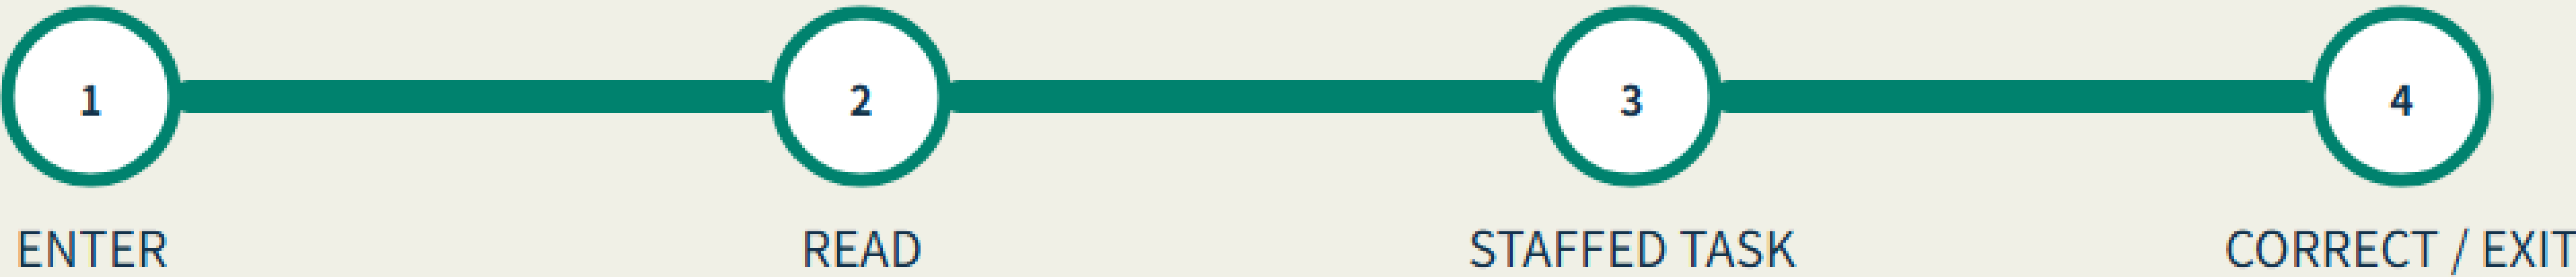

OPTIONAL G0
STOPPABLE

02 CO-CREATE • ORIGIN
STREET + TWO COURTS

OPTIONAL G0
STOPPABLE

03 PUBLISH • DAZHONGSI
FOUR-WAY COMMUTE

OPTIONAL G0
STOPPABLE

G0 concept • non-AI path first • no account / device required • not field evidence or an accessibility result

Four states

Failure stops only the optional overlay

S06 / FOUR-STATE JOURNEY

Ordinary - Verify - Fault - Recover

Recovery is not authorization, approval, restart, a duration claim, or G1.

Static sequence, not elapsed time • complete non-AI path and staffed handoff remain

Land-use structure

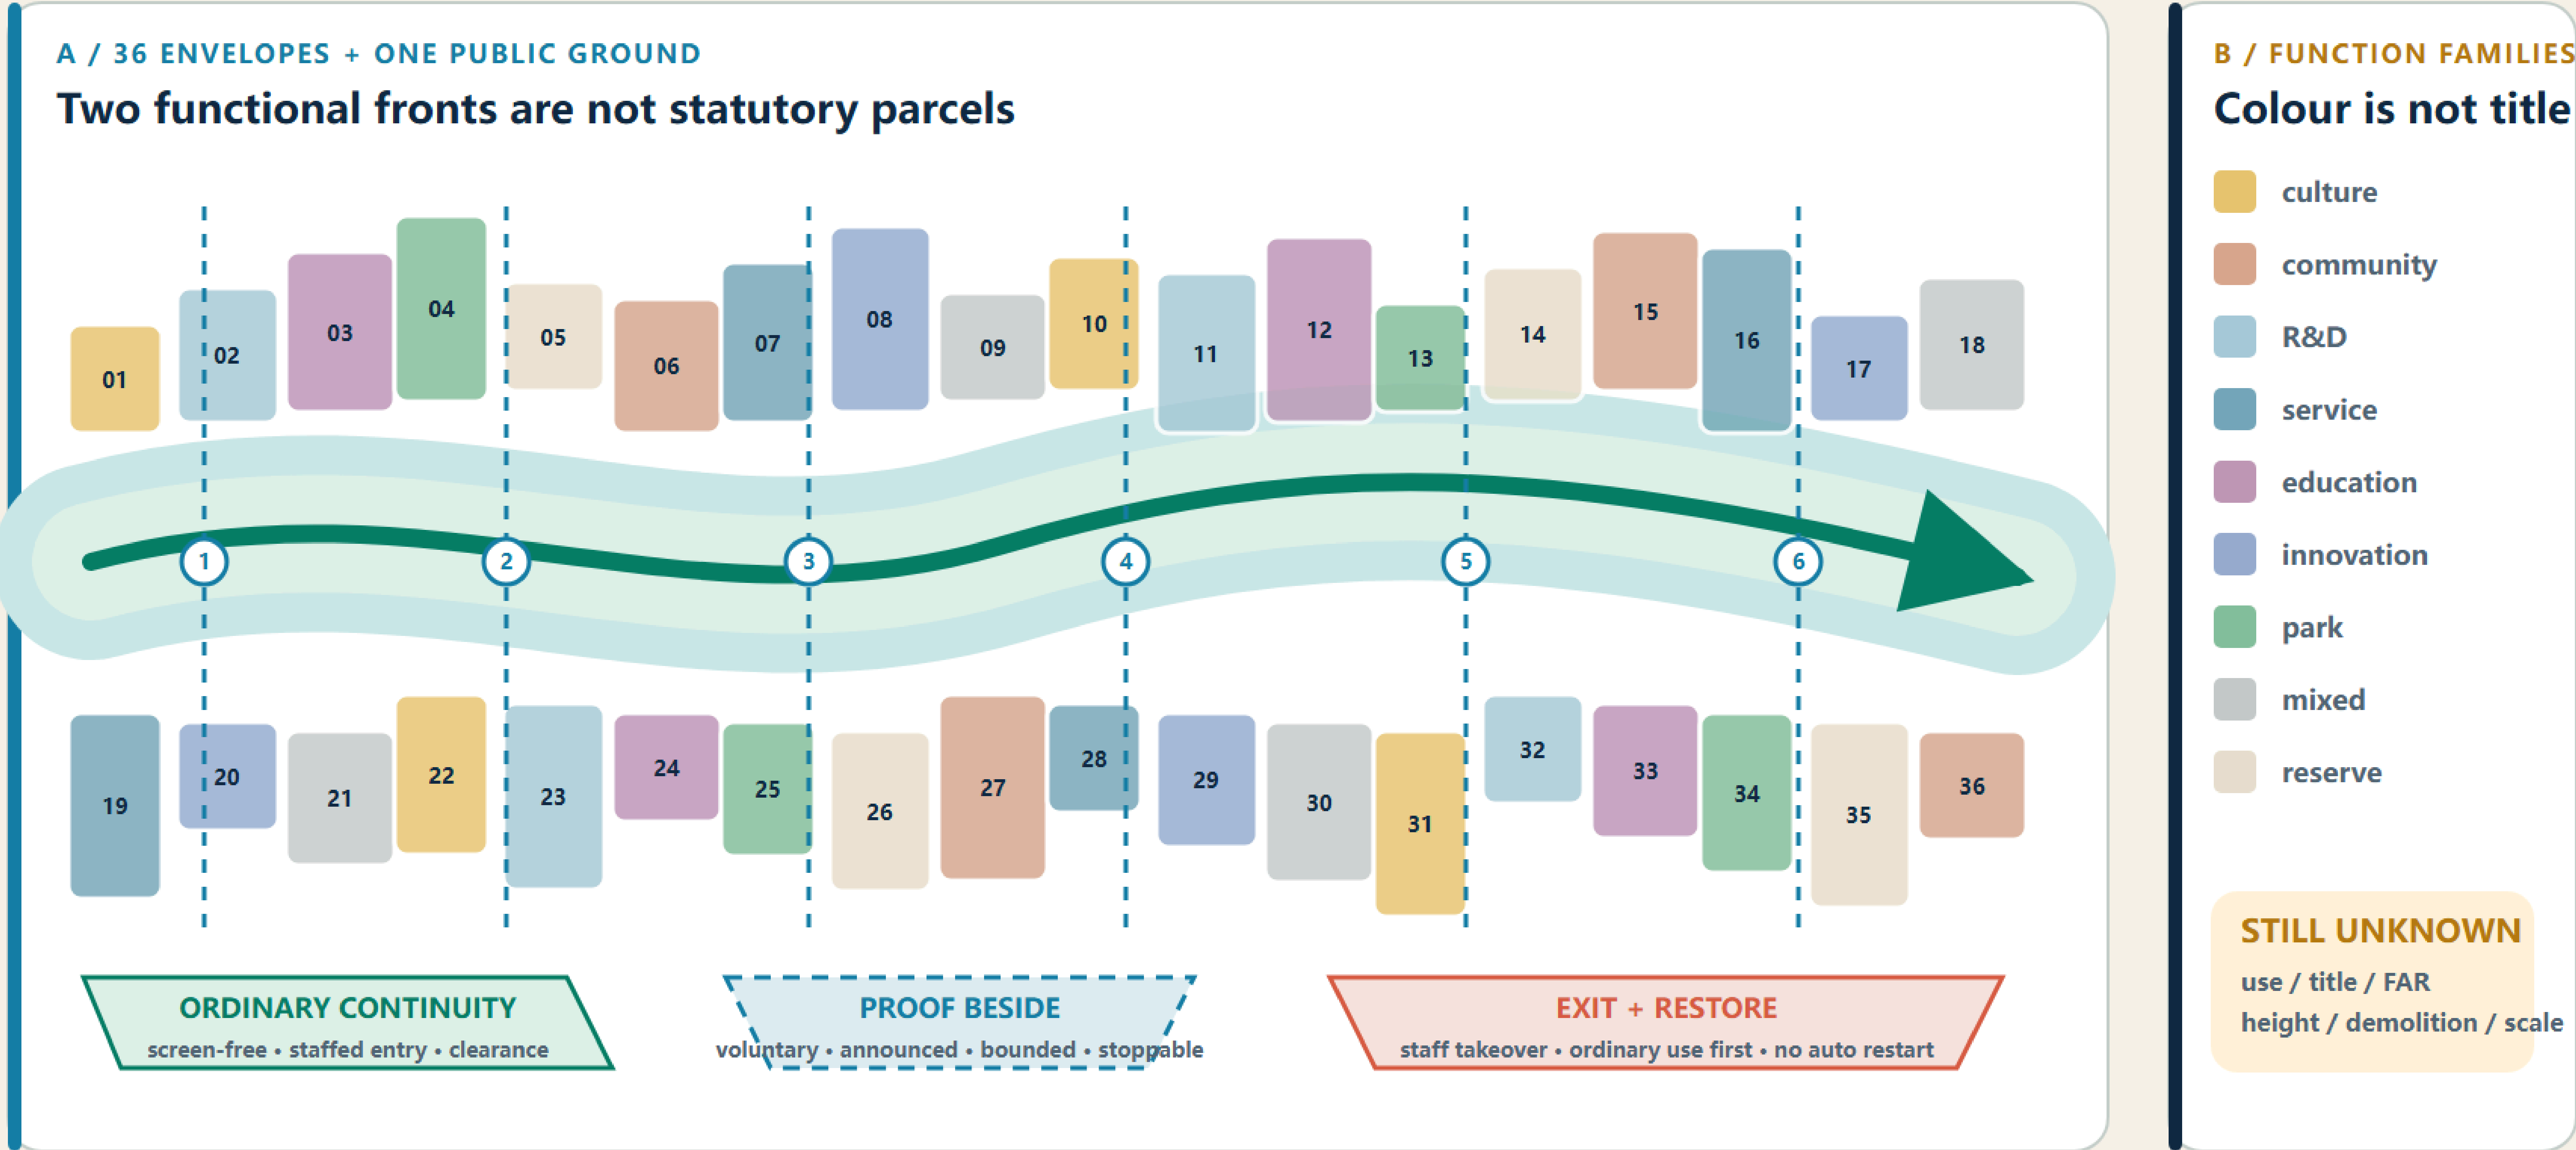

Conceptual partition; not statutory control

S02 / FUNCTIONAL CORRIDOR / LAND-USE STRUCTURE

G0 • PROVISIONAL • NOT TO SCALE

Thirty-six concept envelopes grow along civic ground instead of forming a parcel checklist

Colours denote function families only; irregular envelopes, six cross-links and three ground-level duties describe urban structure without creating statutory land use

G0 functional envelopes • 36 concept units frozen • six cross-links are relational • creates no statutory use, precise area, FAR, height, demolition decision, or implementation conclusion

Mobility and blue-green

Continuity before technology

S06 / CIVIC-GROUND NETWORK / MOBILITY + BLUE-GREEN

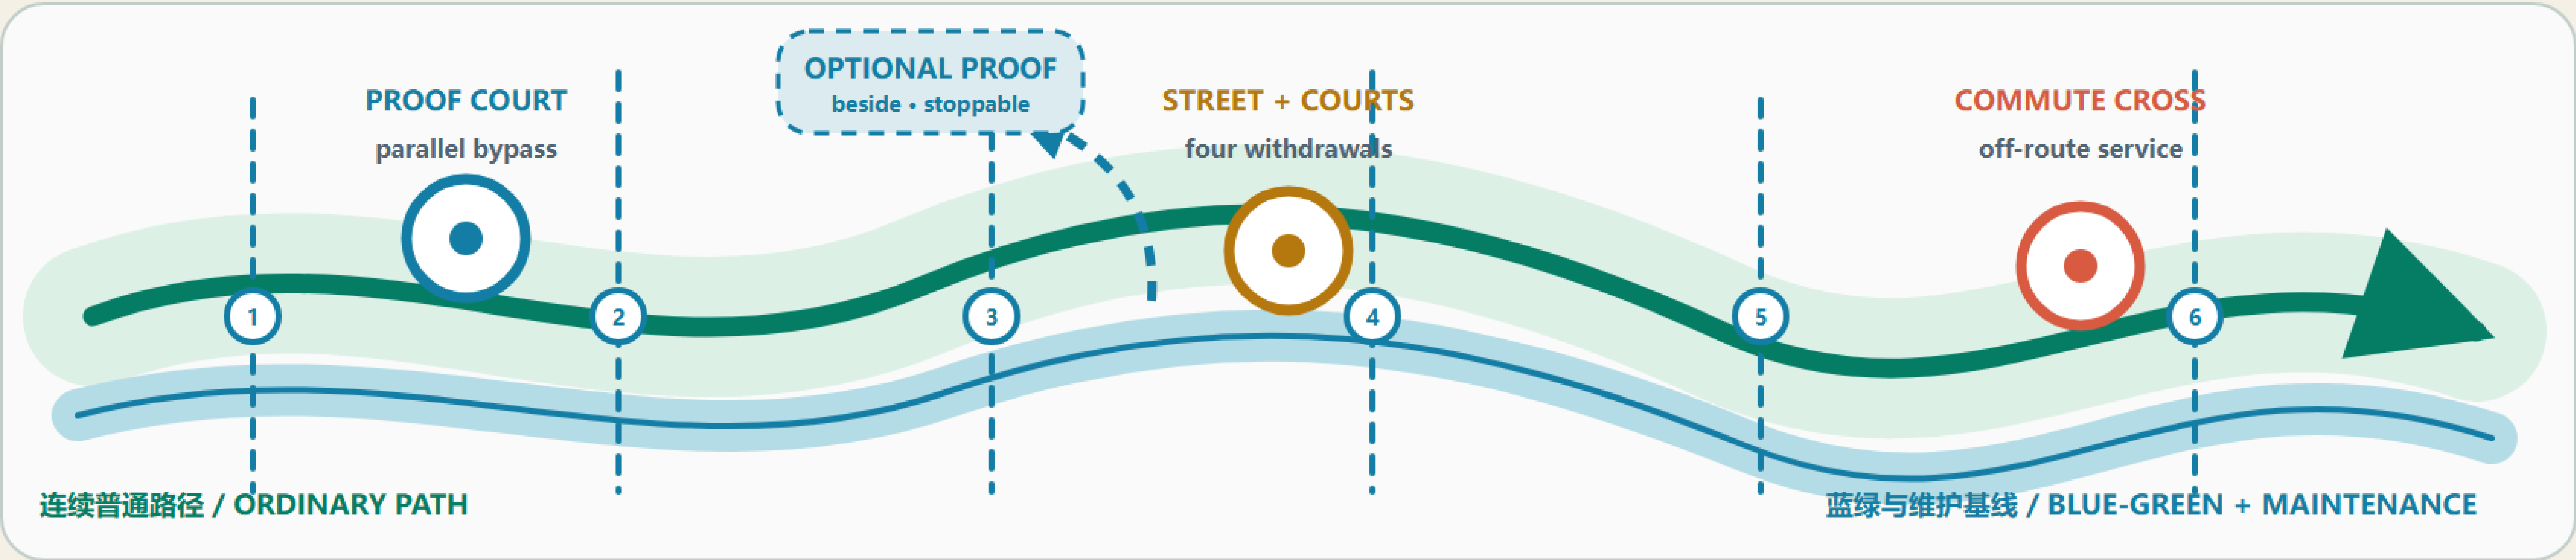

G0 • PROVISIONAL • NOT TO SCALE

One continuous civic ground, six cross-links, proof only in side pockets

Overall walking-blue-green structure, human section and failure boundary share one drawing; alignments, dimensions and site registration remain unknown.

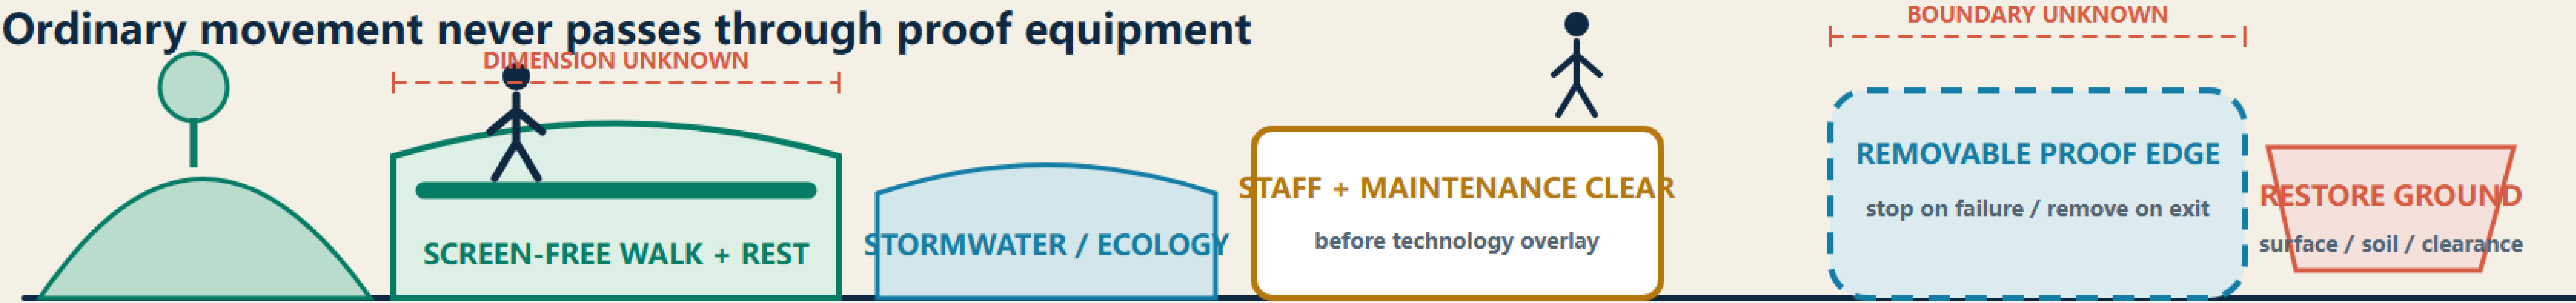

A / OVERALL RELATION

Read continuous ground before the three interfaces

B / HUMAN-SCALE SECTION

Ordinary movement never passes through proof equipment

G0 RELATIONAL ONLY • Non-AI continuity is intent, not acceptance • route, width, slope, ecology, railway safety, staff and recovery time remain unknown / 0

Evidence and metrics

Provisional values remain recomputable

E01 / EVIDENCE LADDER / METRICS + EVIDENCE

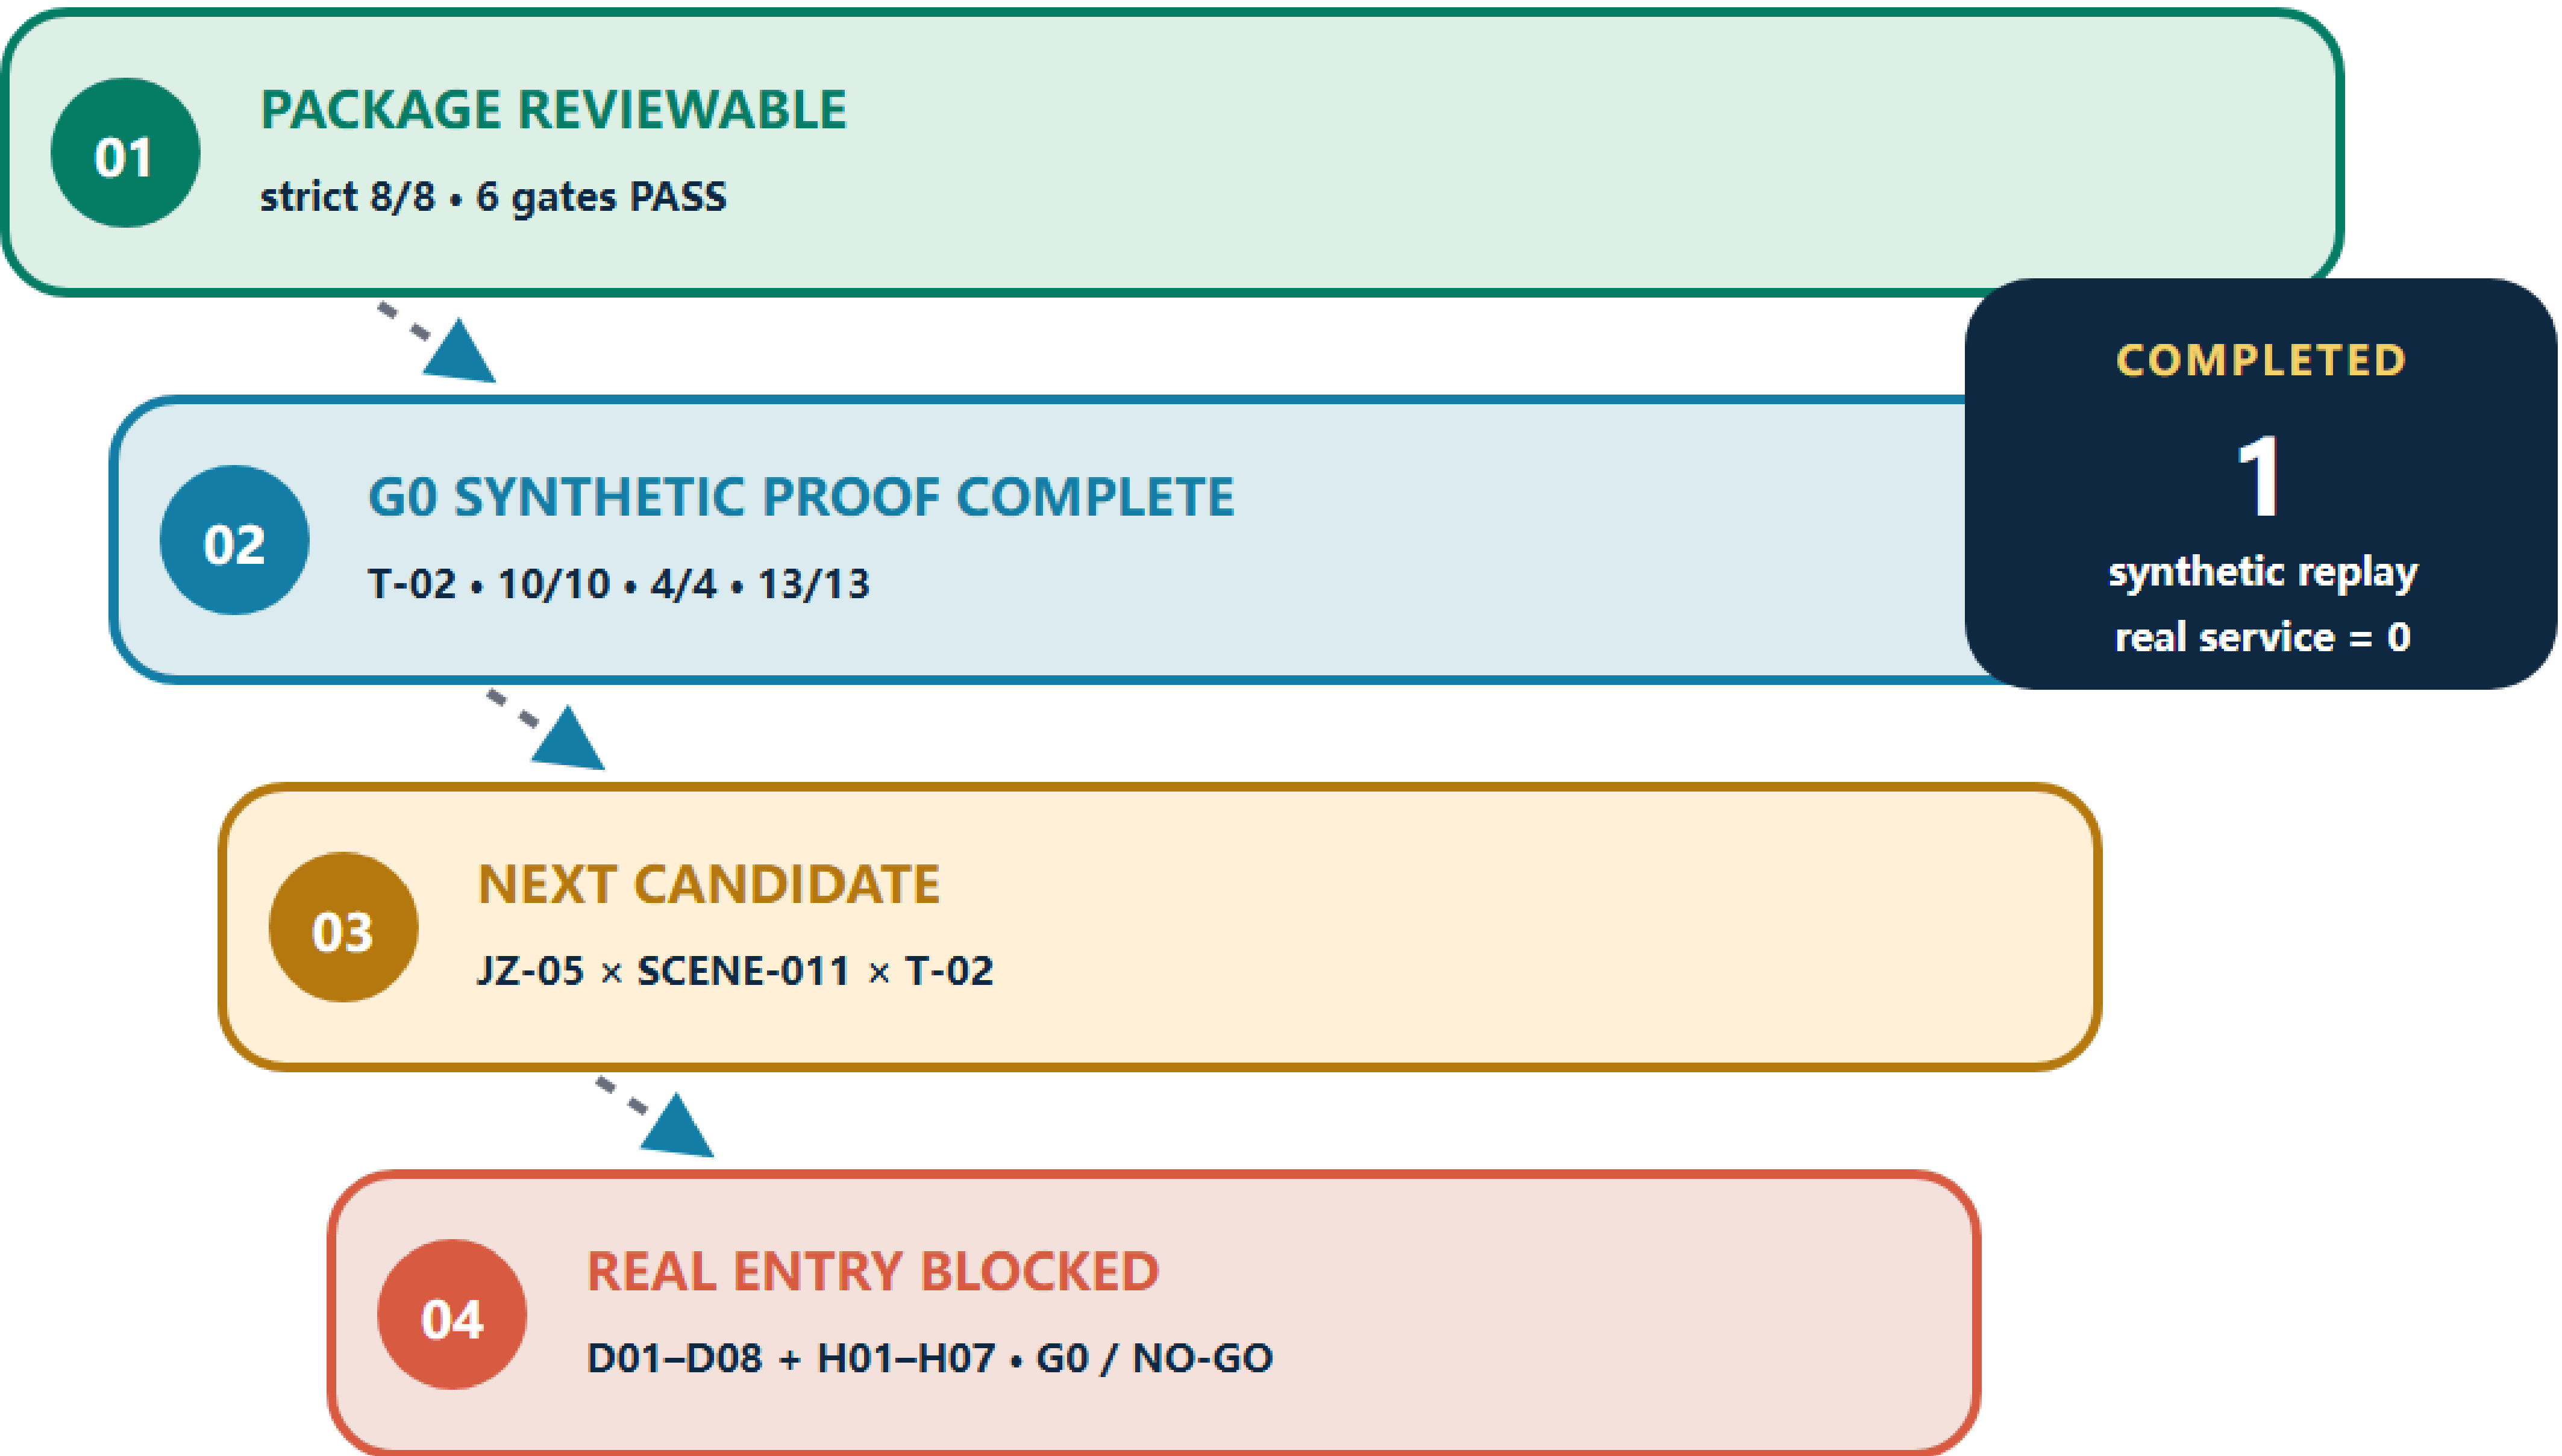

G0 • PROVISIONAL • NOT TO SCALE

One G0 proof is complete; the next candidate remains blocked by real-evidence gates

Separate package reviewability, reproducible synthesis, real entry, and professional sign-off so PASS cannot skip a level.

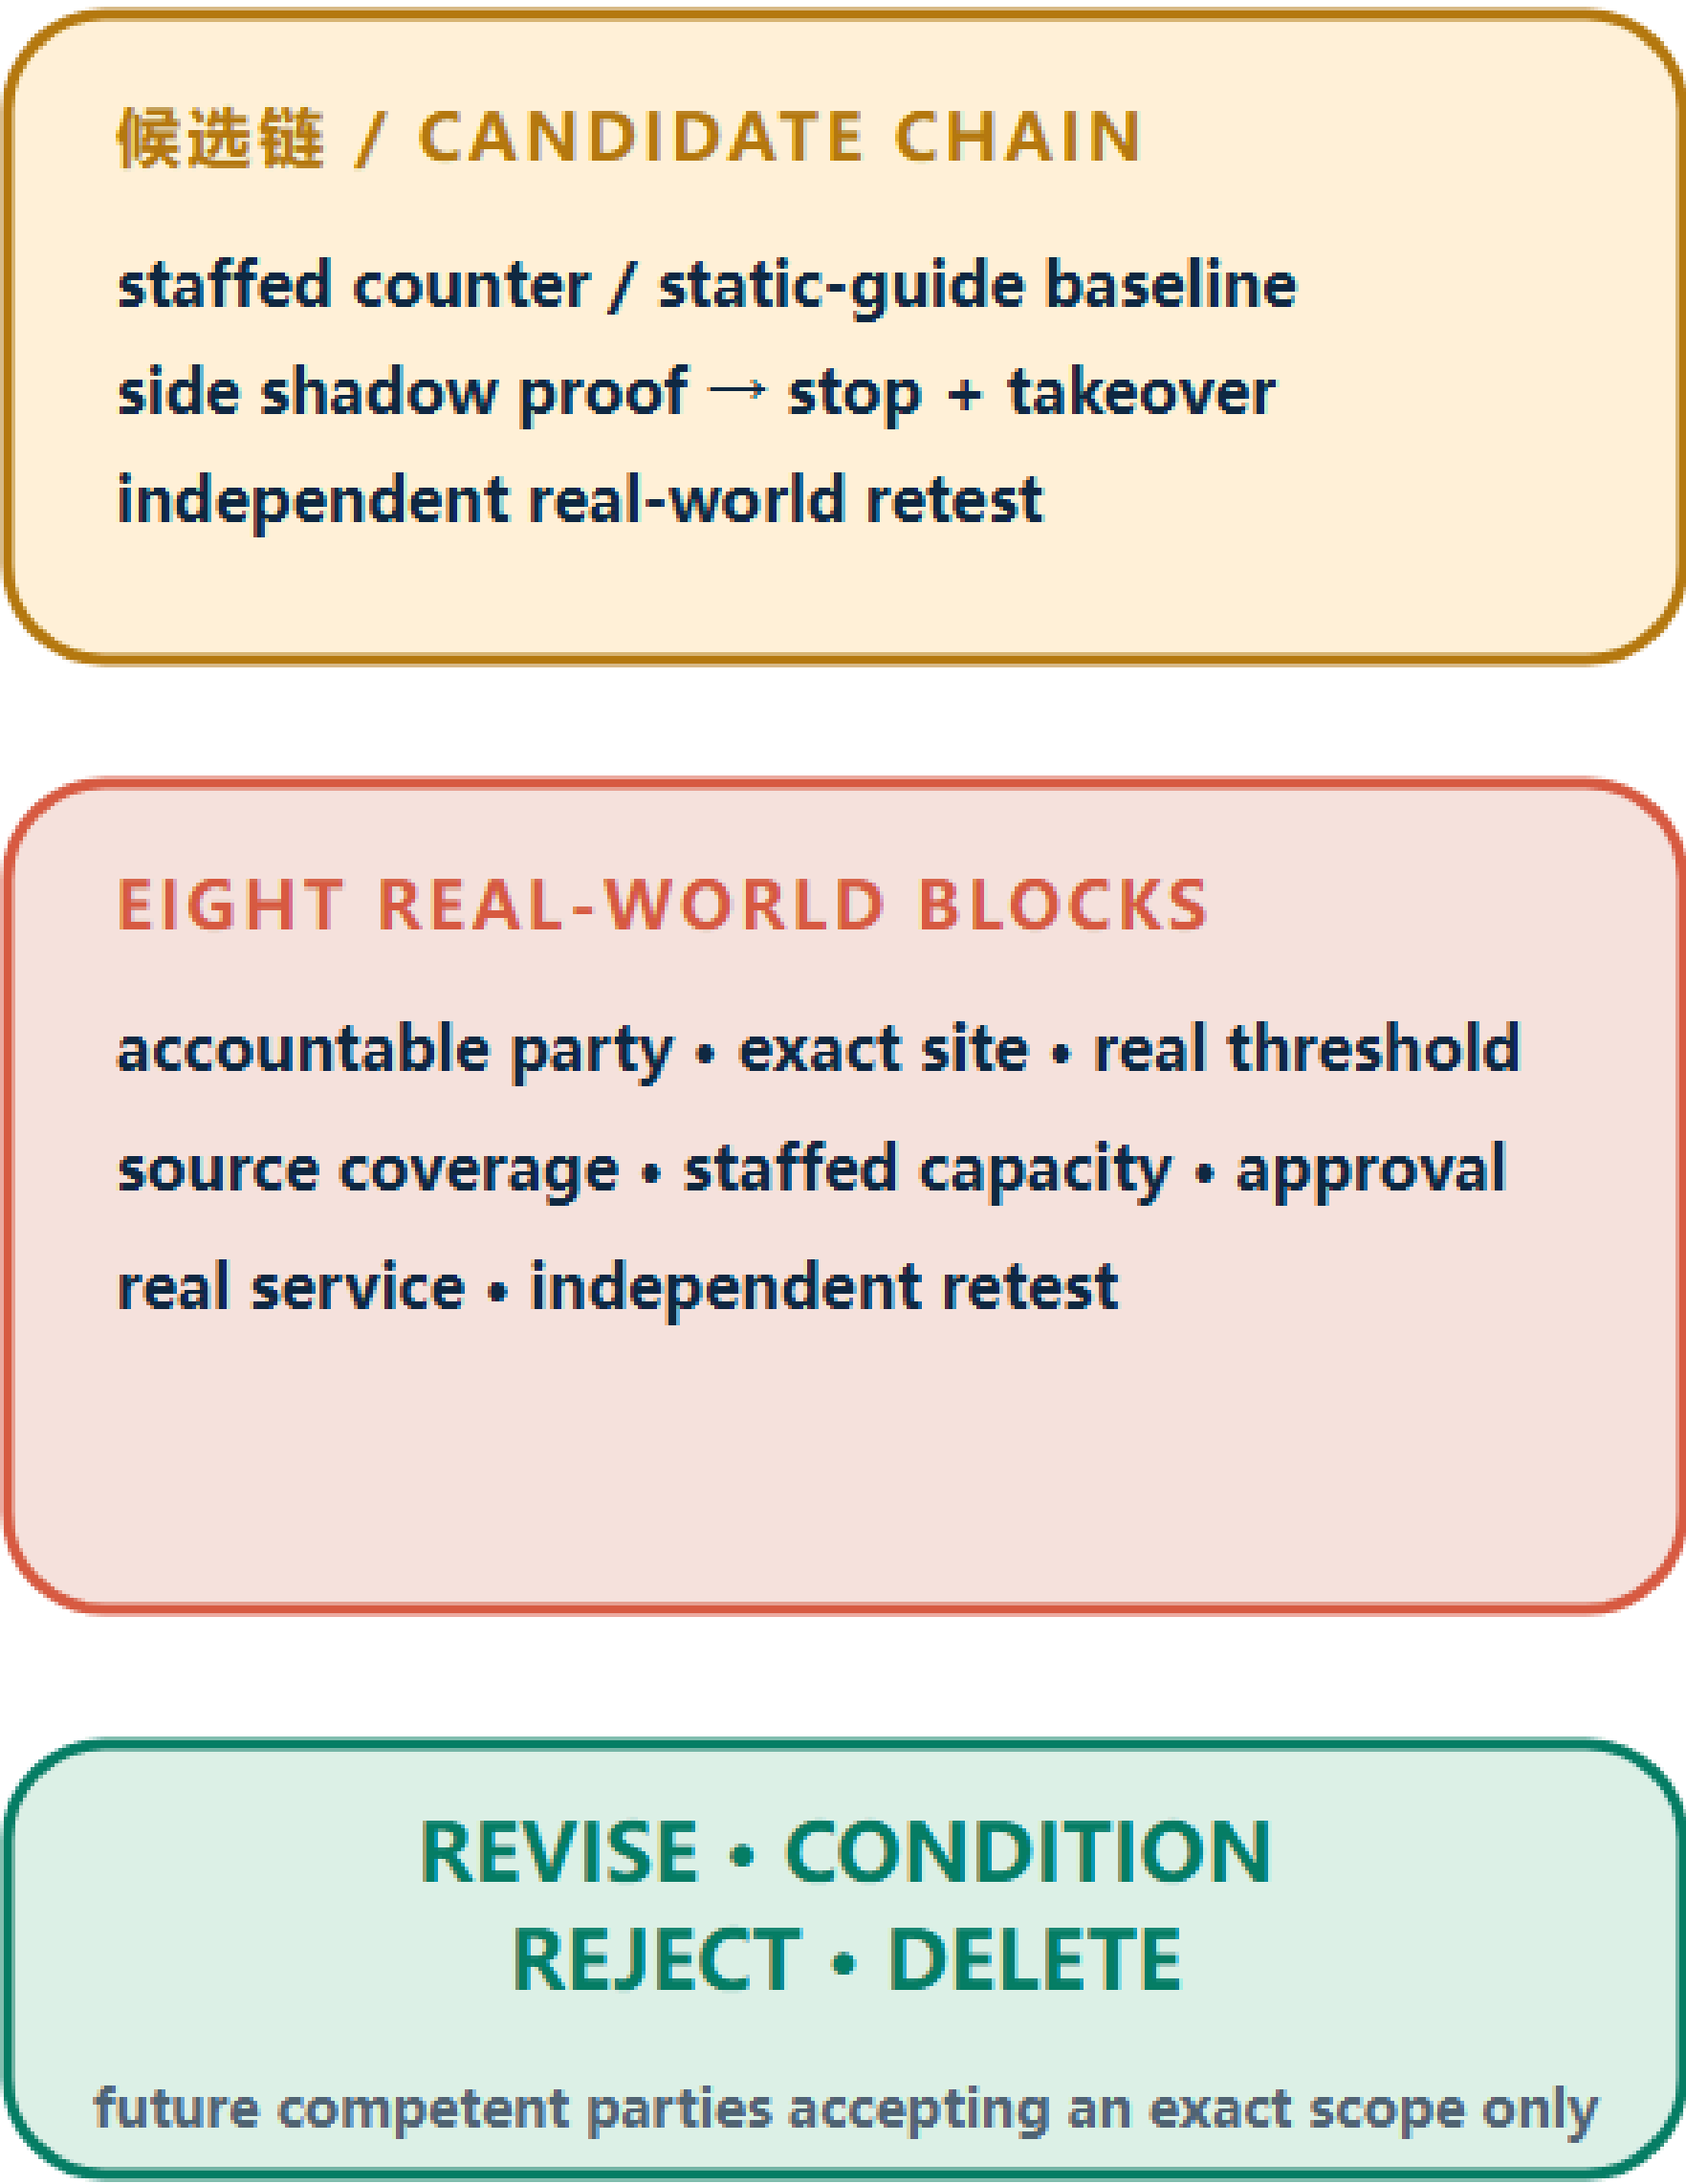

A / FROM COMPLETED TO BLOCKED

Four evidence levels; no skipping

B / PROFESSIONAL DECISION

Who may let it continue?

Machine PASS is not content quality, field evidence, rights clearance, professional duty, or approval • restoring ordinary use is not restart, authorization, or G1
