

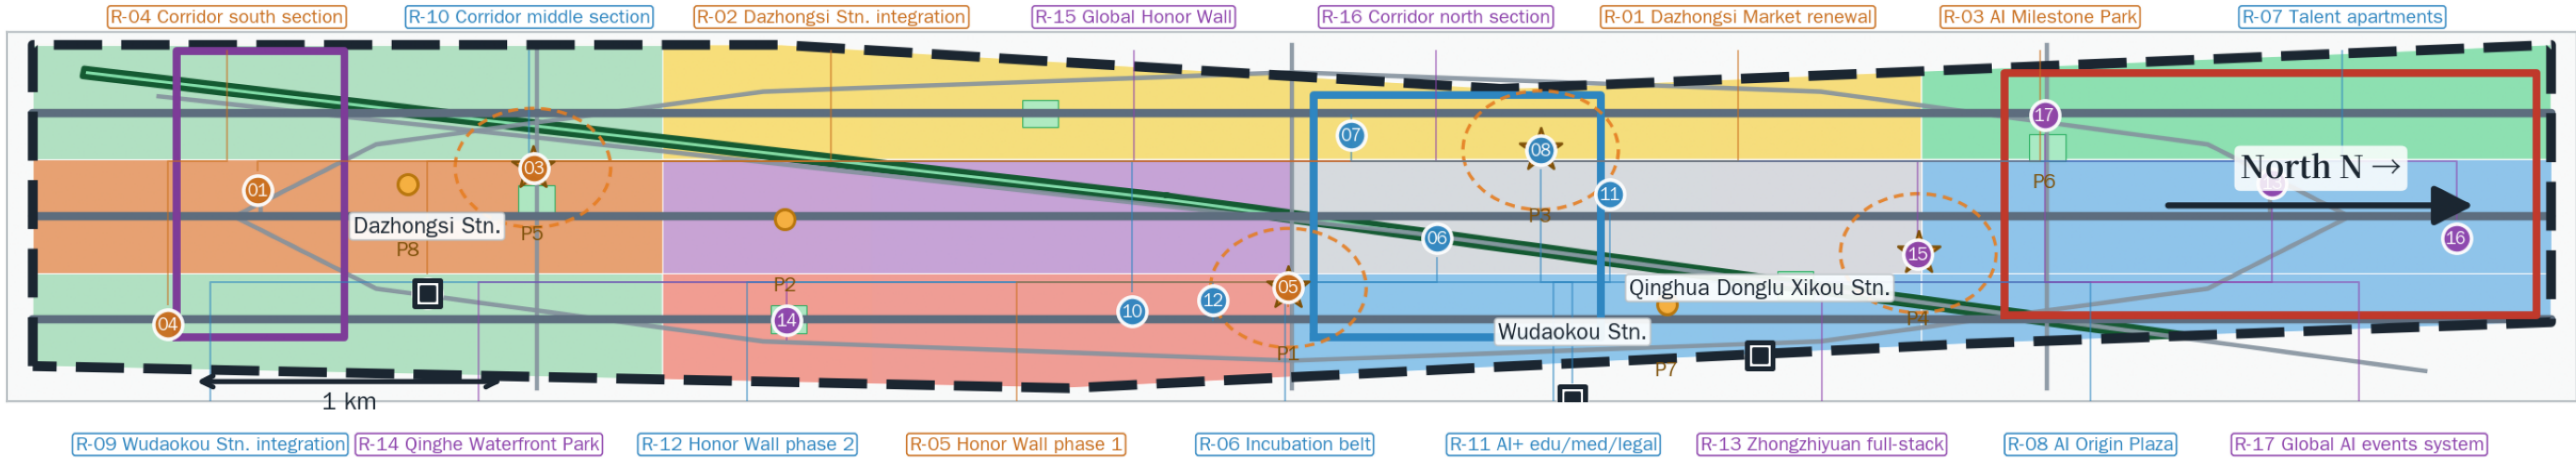

# Fig.6 Composite Index — Seven Element Classes (north to the right)

Projects / Heritage Corridor / Road Hierarchy / Key Areas / Nodes / AI 

All boundaries are provisional (inferred from announcement text), not official; recompute all indicators once official geometry is released

## Legend · Seven index element classes

- Short-term 2026-2028

Mid-term 2028-2030

Long-term 2030-2035
- KA-1 Zhongzhiyuan

KA-2 AI Origin Community

KA-3 Dazhongsi
- Jingzhang Heritage Corridor (~7 km)

Arterial roads ×3

Secondary roads ×3

Blue-green slow-traffic loop
- ★ AI pilgrimage landmarks ×4 (touchpoints)

● Public space nodes ×8

○ AI scenario service radius (300 m conceptual)

□ Rail stations ×3 (indicative)

■ Conceptual footprints ×34
- Overall design boundary (provisional)

## Project index R-01 ~ R-17 (17 items, all conditional)

Short-term 2026-2028

Mid-term 2028-2030

Long-term 2030-2035

- 01 Dazhongsi Market renewal

02 Dazhongsi Stn. integration

03 AI Milestone Park

04 Corridor south section

05 Honor Wall phase 1
- 06 Incubation belt

07 Talent apartments

08 AI Origin Plaza

09 Wudaokou Stn. integration

10 Corridor middle section

11 AI+ edu/med/legal

12 Honor Wall phase 2
- 13 Zhongzhiyuan full-stack

14 Qinghe Waterfront Park

15 Global Honor Wall

16 Corridor north section

17 Global AI events system

Source: six provisional layers (announcement-derived) | Overall design 11.413 km<sup>2</sup> · Key areas 3.693 km<sup>2</sup> · 12 land-use polygons · Roads 58.78 km · Green ratio 2.8958% (recalculated) aplaybox / jingzhang-ai-artery · P13 · 2026-08

## Core metrics (metrics.json recalculation)

|                                                                 |                                                            |
|-----------------------------------------------------------------|------------------------------------------------------------|
| 11.413 km <sup>2</sup><br>Overall design area (~11.4 announced) | 3.693 km <sup>2</sup><br>Three key areas total (~368.4 ha) |
| 12 polygons<br>Land-use grid (3×4 provisional)                  | 58.78 km<br>Road centerlines (11 recalculated)             |
| 2.8958%<br>Green ratio                                          | 0.80%<br>Public space ratio                                |
| 4 landmarks<br>AI pilgrimage landmarks (≥3 required)            | 17 projects<br>Conditional renewal projects                |

## Validation & evidence chain

|                        |                 |
|------------------------|-----------------|
| · Announcement tasks   | 17/17 PASS      |
| · Agent tasks          | 6/6 PASS        |
| · Mandatory standards  | 5/5 PASS        |
| · Design-depth items   | 15/15 PASS      |
| · Provisional tagging  | all layers      |
| · Statutory conditions | unknown—pending |

Boundary note: all boundaries and derived metrics are provisional (inferred from announcement text), not official; concept\_fair = unknown; all indicators recalculated once official geometry and regulatory conditions are released. Open on creation proposal, not a substitute for formal planning. Thumbnail figure labels are in Chinese; see proposal.en and top full English text.
