

Jing-Zhang Symbiotic Everyday Loop

Everyday public life first | governed AI | continuous heritage and blue-green space

Concept proposal; provisional boundaries are not official redlines

PUBLIC VALUE

usable / explainable / exitable

GOVERNANCE

human review + public record

BOUNDARY

concept • awaits official data

Evidence and three-level scope

Coordination: regional interfaces | overall design: one spine, three loops, nine stations | three named key areas

01 Coordination scope

about 43.6 km² | regional interface + 8 factors

02 Overall design scope

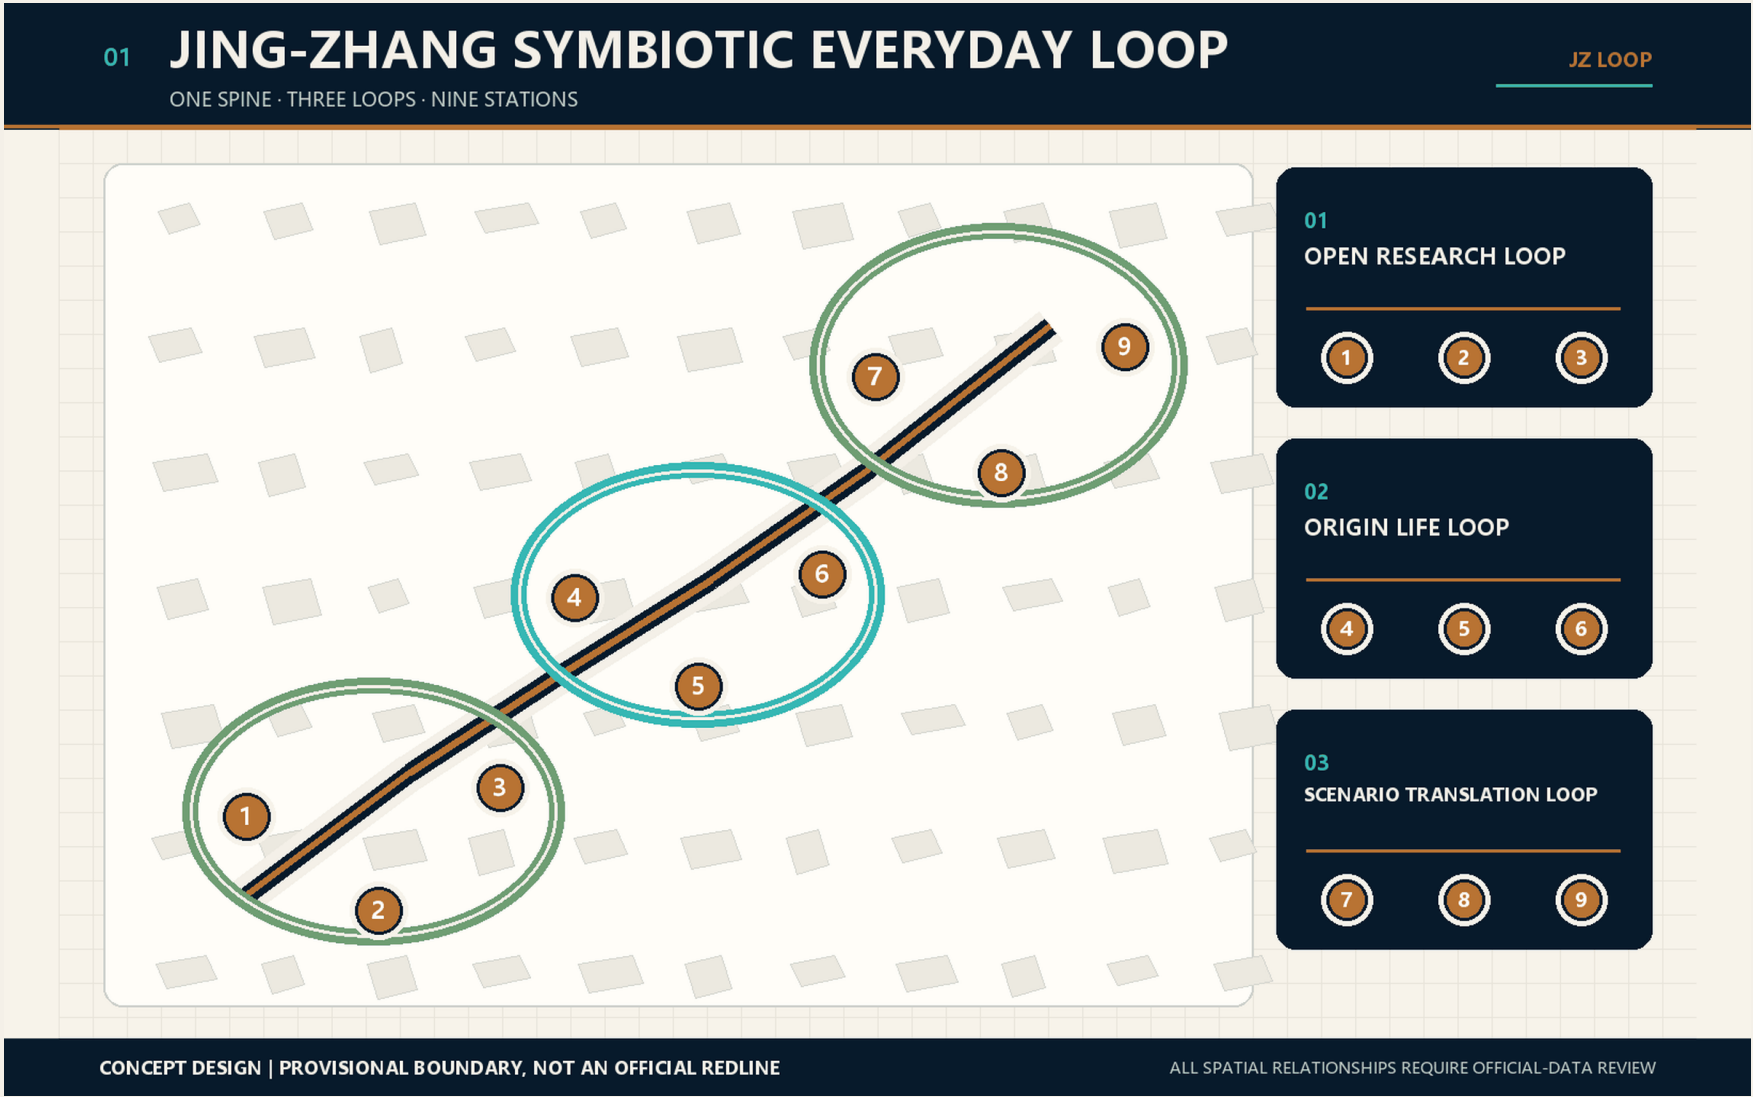

about 11.41 km² | 1 spine + 3 loops + 9 stations

03 Three key areas

about 368.4 ha | ground floors, stations, pilots

One spine • three loops • nine stations

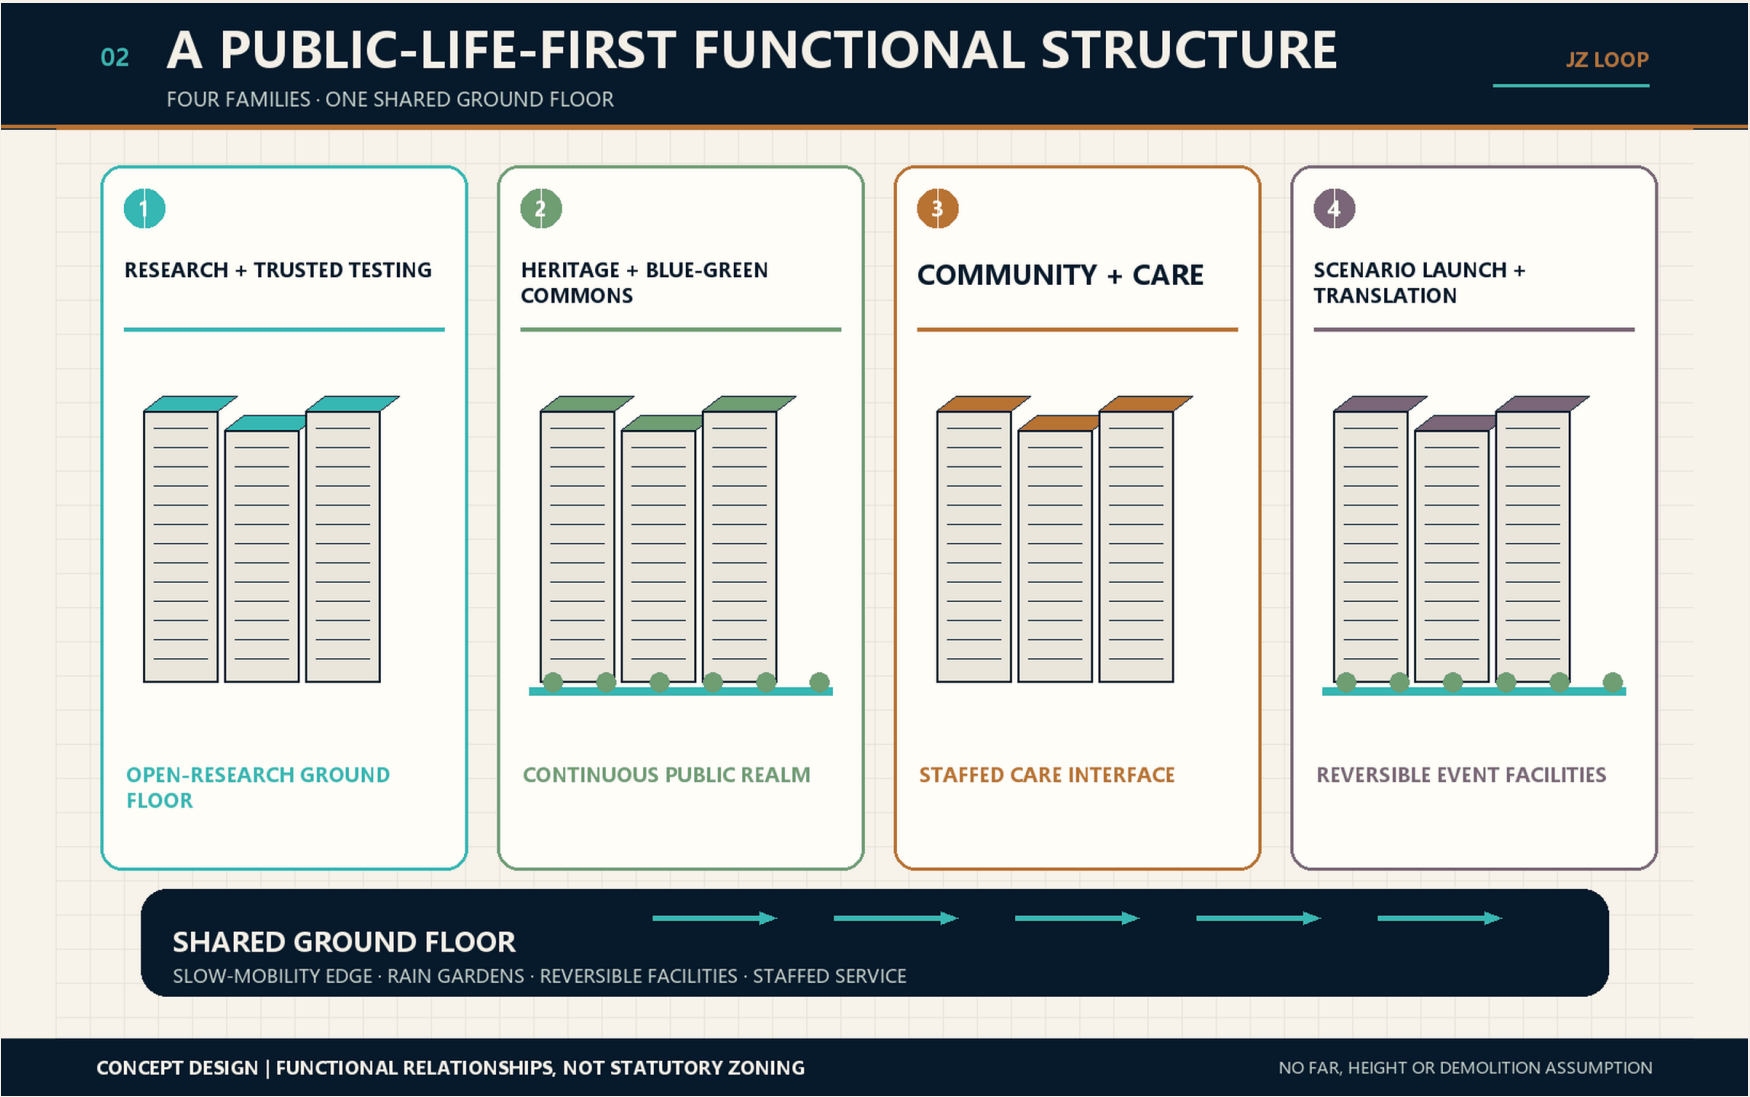

A heritage civic spine links the Open R&D,
Origin Living and Scenario Translation loops;
sites and operators remain unconfirmed

Four functions and eight ecosystem factors

Trusted R&D | heritage and blue-green |
community and care | scenario launch and
translation

Land, space, industry, capital, talent,
compute, data and scenarios connect through
governance gates

Three key areas and three landmarks

Open Model Workshop | Origin Urban Commons |

Centennial Jing-Zhang Memory Gateway

Three stations per area; spatial views do not

depict approved conditions

04

THREE KEY AREAS • THREE EVERYDAY ROLES

DIFFERENT PLACES • ONE PUBLIC-SERVICE PROTOCOL

JZ LOOP

1

ZHONGZHIYUAN AI AUTONOMOUS INNOVATION ACCELERATION ZONE

OPEN RESEARCH • TRUSTED EVALUATION

1

Open Model Workshop

2

Care Transfer Station

3

Heritage Learning Court

3 SERVICE STATIONS

3

DAZHONGSI AI INDUSTRY CLUSTER

SCENARIO LAUNCH • CULTURAL GATEWAY & TRANSFER

1

Scenario Launch Hall

2

Jing-Zhang Memory Gateway

3

Multilingual City Station

3 SERVICE STATIONS

CONCEPT DESIGN | ALL THREE KEY-AREA BOUNDARIES ARE PROVISIONAL

IMAGERY IS NOT AN EXISTING-CONDITION OR OFFICIAL-PLAN CLAIM

Five personas and twelve scenarios

Older and disabled users | caregivers and children | commuters | researchers and entrepreneurs | visitors and cultural users

SC-01

Accessible continuous route

older and disabled users • spine + AOC-02

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-02

Night safety companion

night users • spine stations

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-03

Care transfer

caregivers • AOC-02

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-04

Heritage storytelling

visitors • AOC-03 + DZS-02

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-05

Low-carbon trip

commuters • spine

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-06

Thermal comfort

all public-space users • ZZY-03

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-07

Facility booking

research teams • ZZY-01

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-08

Venture collaboration

entrepreneurs • ZZY-01 + DZS-01

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-09

Community deliberation

residents • AOC-01

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-10

Multilingual guidance

visitors • DZS-03

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-11

Emergency information

all users • all stations

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

SC-12

Event co-creation

community + developers • all areas

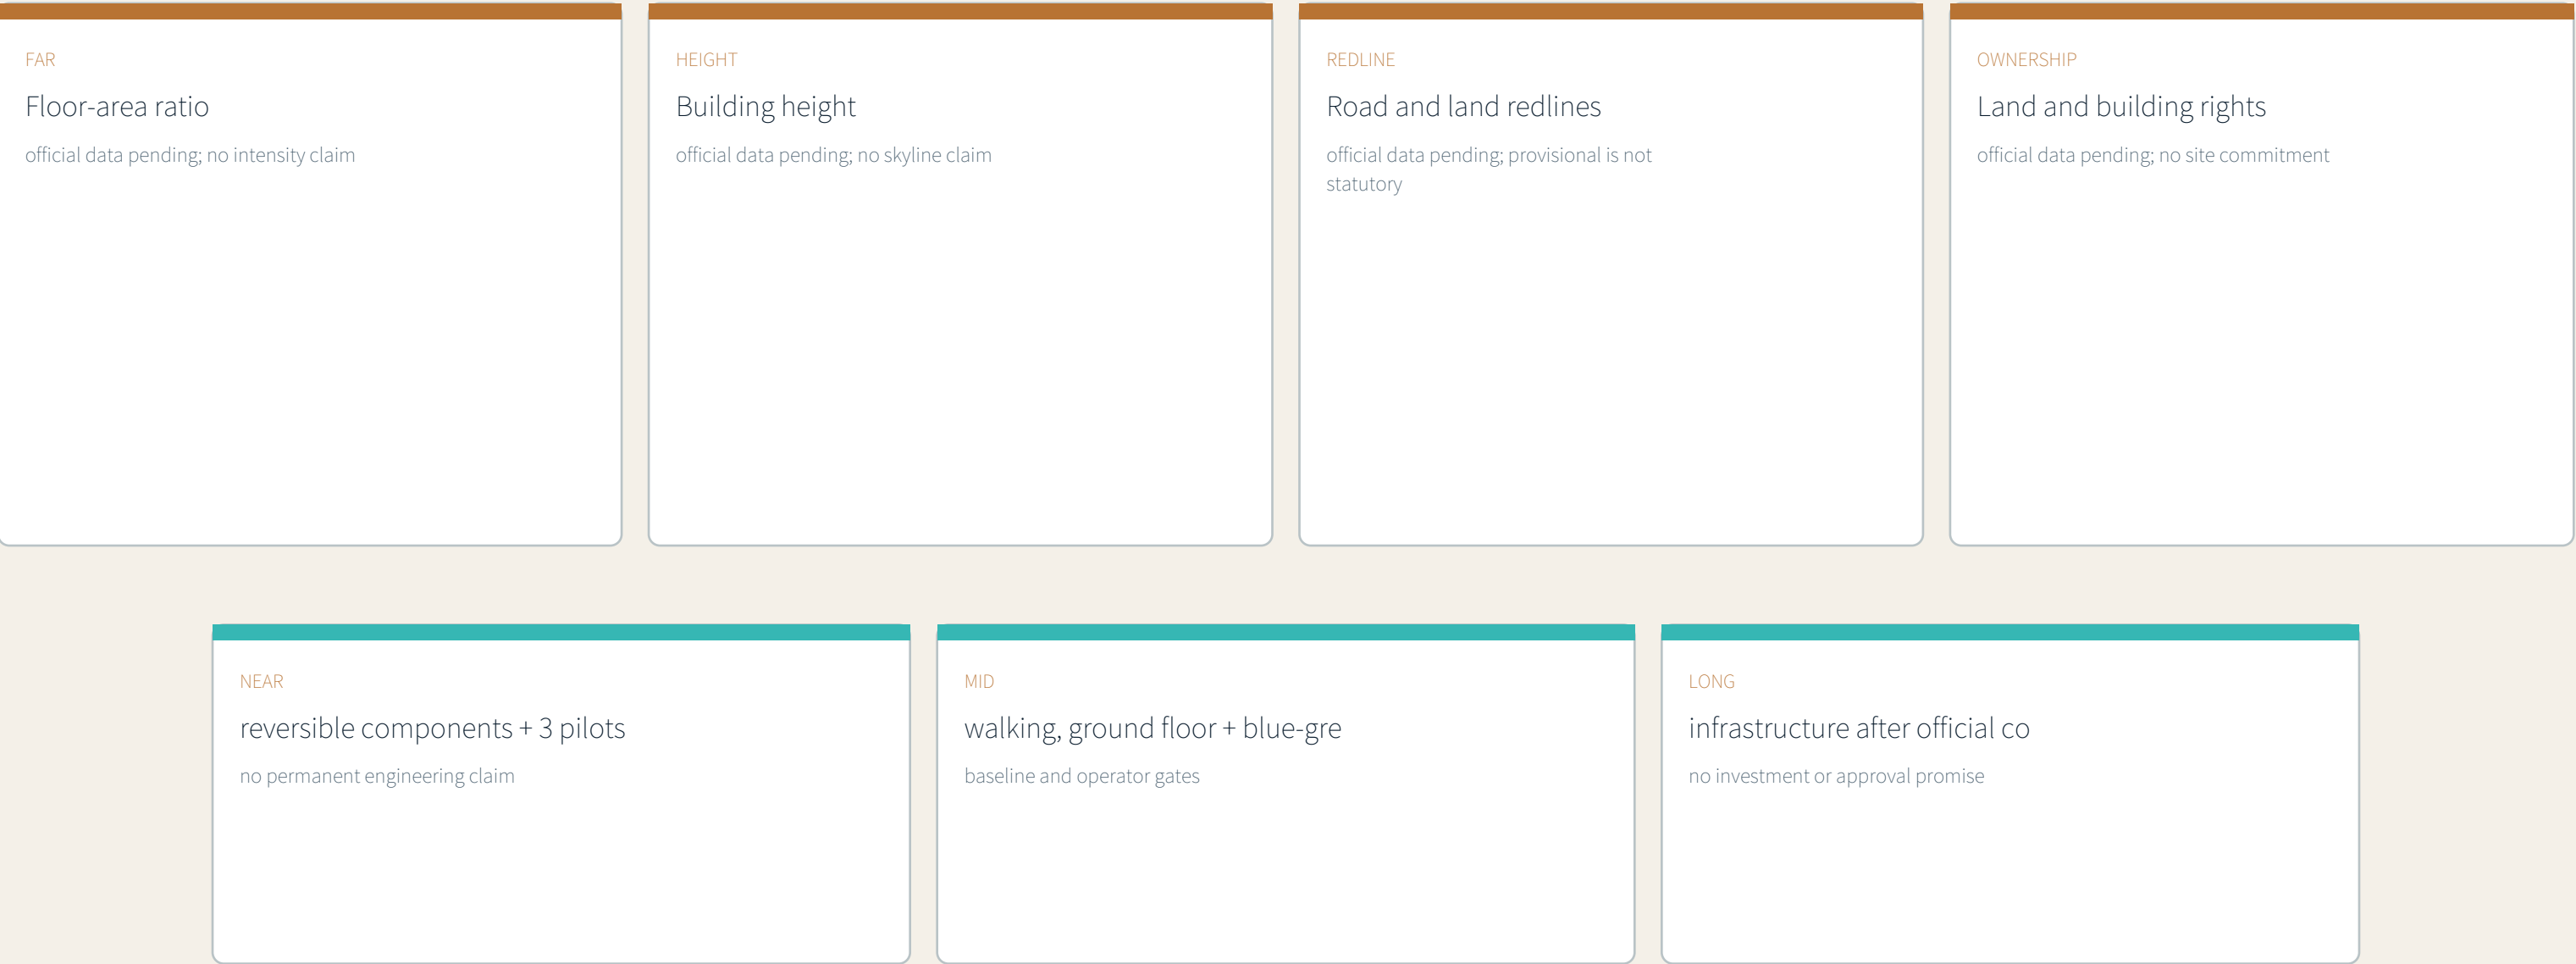

MODEL: Ranks or explains options; it does not make an administrative or professional decision.

HUMAN: Staff review high-risk suggestions, handle appeals and can revert to a manual process

Spatial strategy and unknowns

Shared ground floor, reversible facilities, heritage interface and blue-green repair; FAR, height, redlines and ownership await official data

Nine-station operating ledger

ZZY-01—03 | AOC-01—03 | DZS-01—03

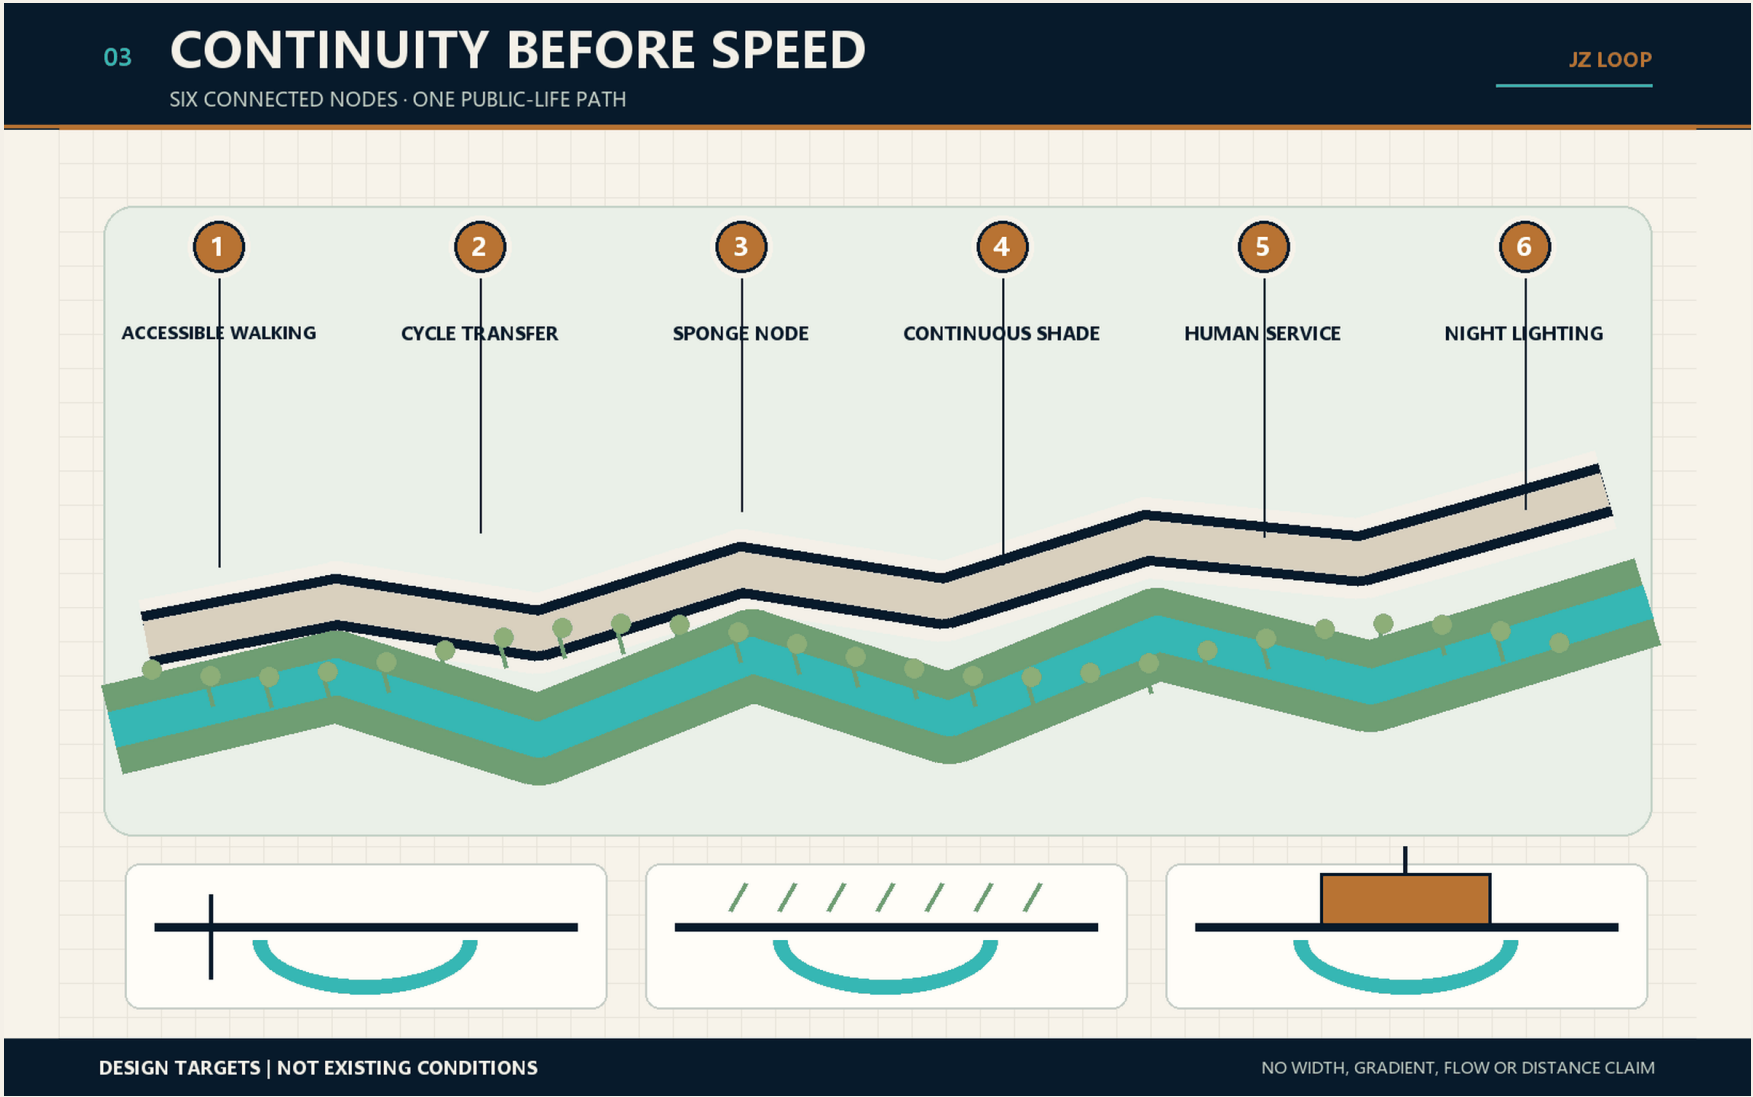

Space, services, facilities, human fallback, cost, maintenance, acceptance and removal are auditable

ZZY-01 Open Model Workshop open-research ground floor • COST M SERVICES: open release / model explanation / staffed enquiry HUMAN: Staffed enquiry, printed information and telephone referral during opening hours DATA: No face or individual trace is	ZZY-02 Trusted Evaluation Court reversible test courtyard • COST M SERVICES: small tests / risk log / public review HUMAN: Staffed enquiry, printed information and telephone referral during opening hours DATA: No face or individual trace is	ZZY-03 Qinghe Co-creation Deck blue-green public edge • COST S SERVICES: ecology observation / co-creation / thermal-comfort rest HUMAN: Staffed enquiry, printed information and telephone referral during opening hours DATA: No face or individual trace is
AOC-01 Origin Urban Commons shared community ground floor • COST M SERVICES: community deliberation / learning / staffed wayfinding HUMAN: Staffed enquiry, printed information and telephone referral during opening hours DATA: No face or individual trace is	AOC-02 Care Transfer Station care and transfer node • COST M SERVICES: care referral / access assistance / family waiting HUMAN: Staffed enquiry, printed information and telephone referral during opening hours DATA: No face or individual trace is	AOC-03 Heritage Learning Court everyday heritage court • COST S SERVICES: rail memory / multilingual story / intergenerational learning HUMAN: Staffed enquiry, printed information and telephone referral during opening hours DATA: No face or individual trace is

Six walking and blue-green nodes

Accessible walking | Cycle transfer | Sponge node | Continuous shade | Human service | Night lighting

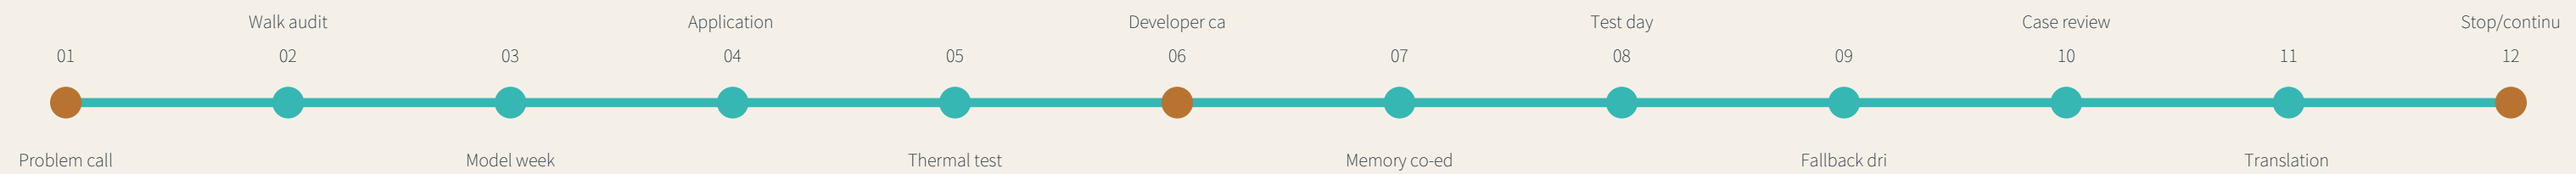

Design target, not built status

Phasing, annual programme and exit

Near term: three reversible pilots | mid term: walking, ground floor and blue-green repair | long term: after official data

Twelve-month programme, public record and stop rules

PILOT-01

Accessible route

review at 4/8/12 weeks; remove if gates fail

PILOT-02

Thermal comfort

review at 4/8/12 weeks; remove if gates fail

PILOT-03

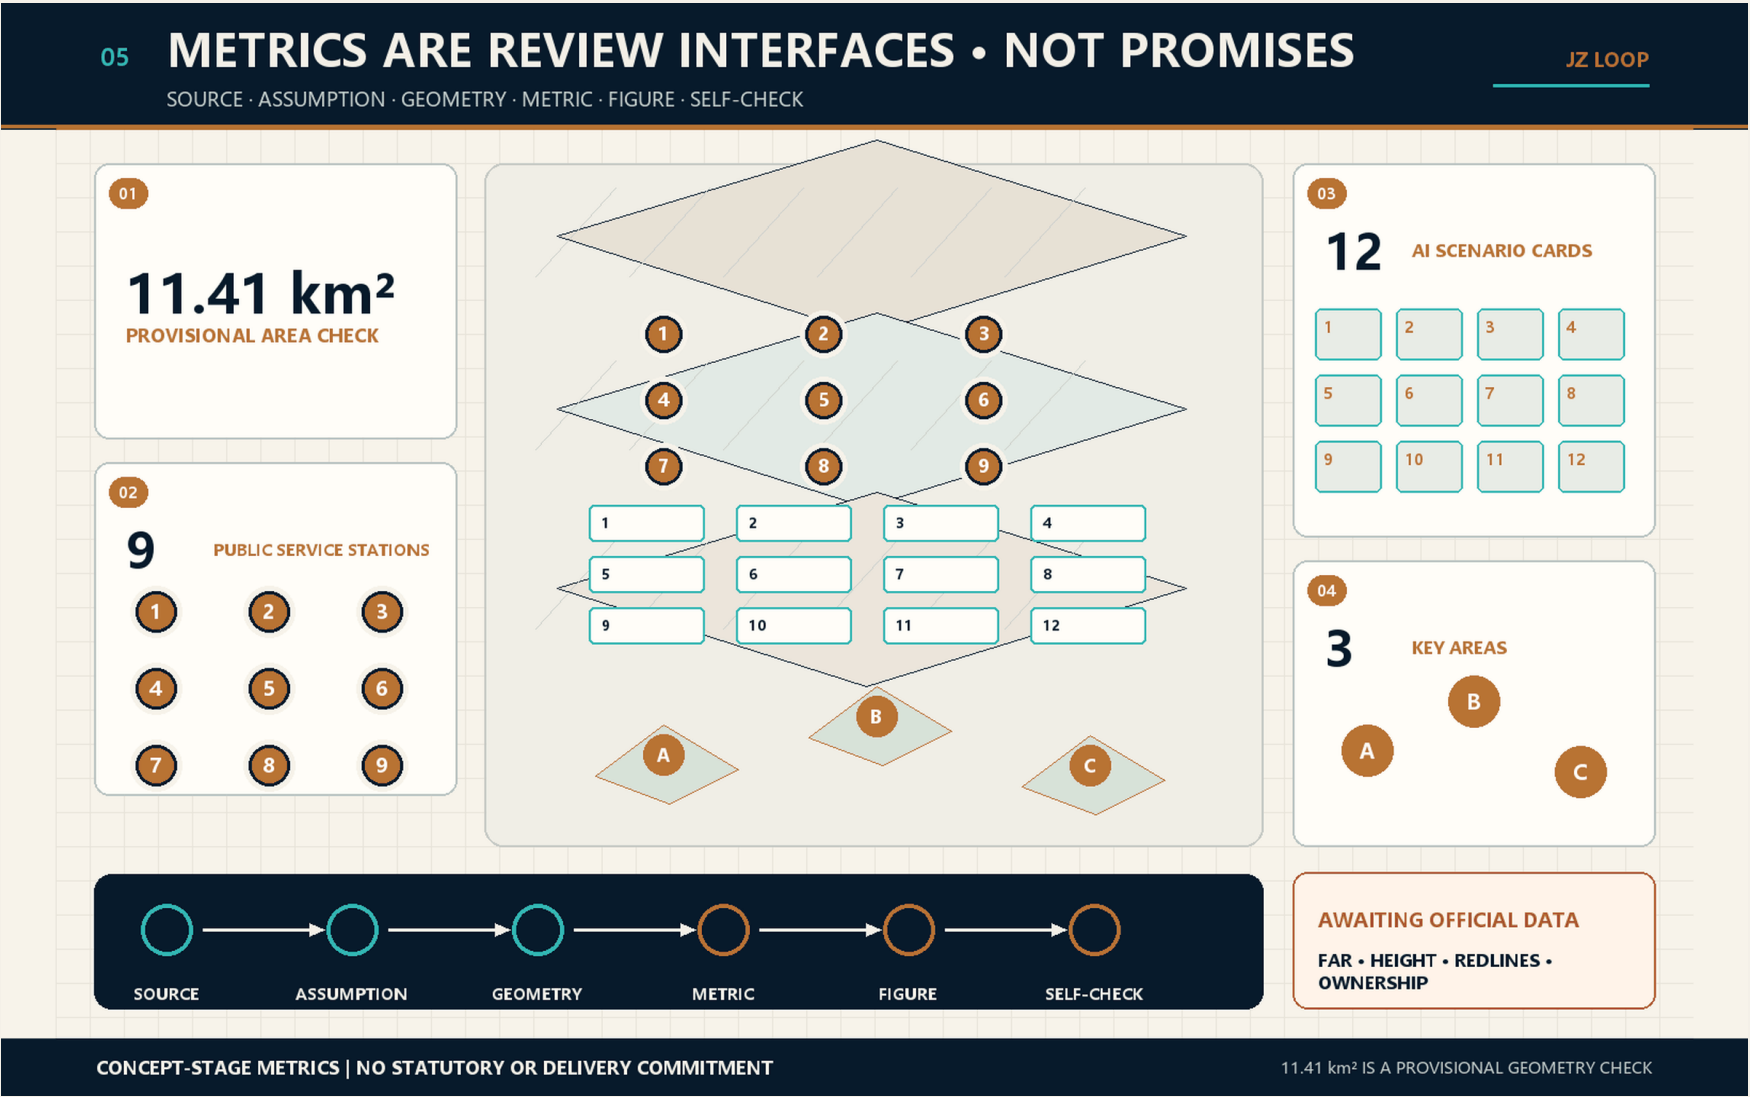

Multilingual culture

review at 4/8/12 weeks; remove if gates fail

Metrics, cases and audit chain

about 11.41 km² (provisional geometry) | 9 stations | 12 cards | 3 key areas

Six cases translate mechanisms; sources → assumptions → geometry → metrics → boards → self-check

Risk, sources, rights and access

Asset rights ledger | human bilingual equivalence | offline font, keyboard, reading order, 200% zoom and text extraction
