

THE JING-ZHANG AI MERIDIAN

京张智脉 · Open-source urban design for the Centennial Jing-Zhang AI Innovation Belt · Board 1 · The Line

Herringbone double track
AI begins from the human origin

One-line proposal

Upgrade the rail-left linear space into a ridable, testable, memorable urban meridian: six loops stitch the city, three hubs drive innovation, ten stations carry memory and scenarios.

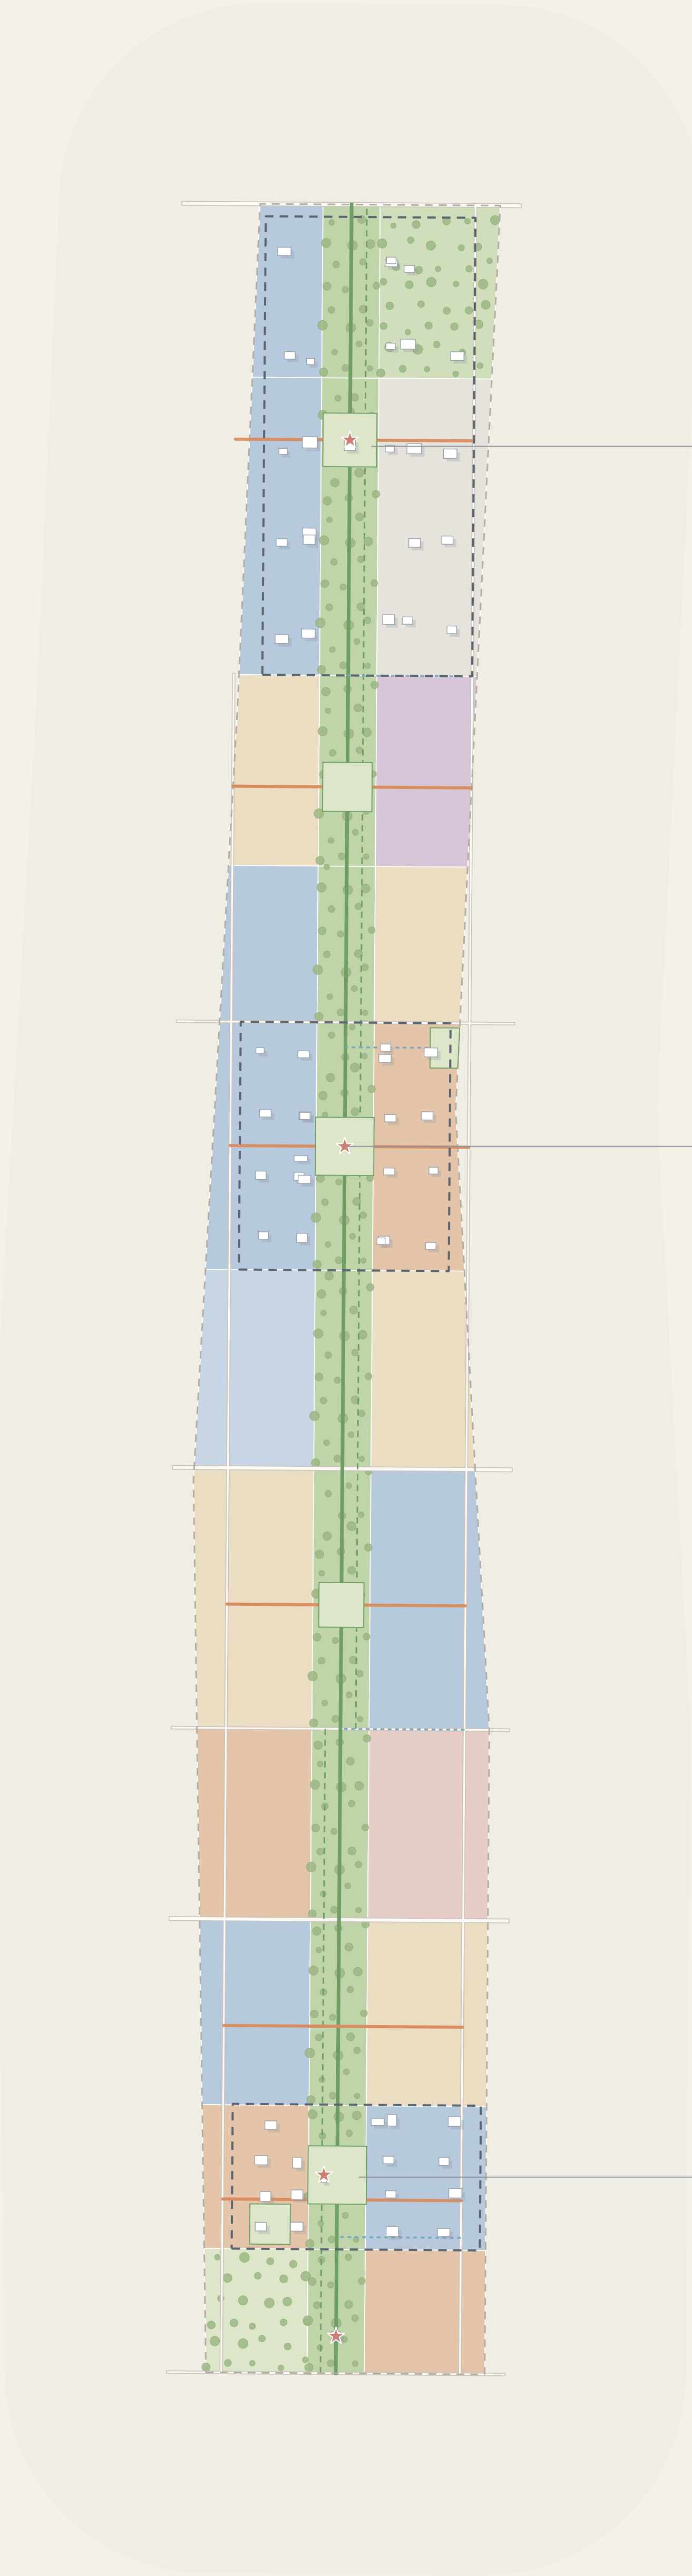

Three positionings

Centennial culture belt · urban AI life-experience belt · AI fusion-innovation belt — heritage on one track, scenarios on the other, a bell for milestones.

Five-function loop

Source (Origin) → accelerate & govern (Zhongzhiyuan) → commercialize (Dazhongsi) → feedback (Xiaoyue wing) → allocate (Zhongguancun wing)

- Legend
- Park green (tree texture)
 - Research & education
 - Housing & community
 - Commercial
 - Concept massing
 - Meridian greenway
 - Suture loops
 - Key areas (provisional)

Zhongzhiyuan · Acceleration
192.1 ha

Origin · Source
104.3 ha

Dazhongsi · Bell
72.0 ha

11.41 km²

Overall Design Area · Δ0.11%

369.3 ha

three key areas · Δ0.24%

27.6% / 28.1%

green / composite public space

25.8 km · 6🏠

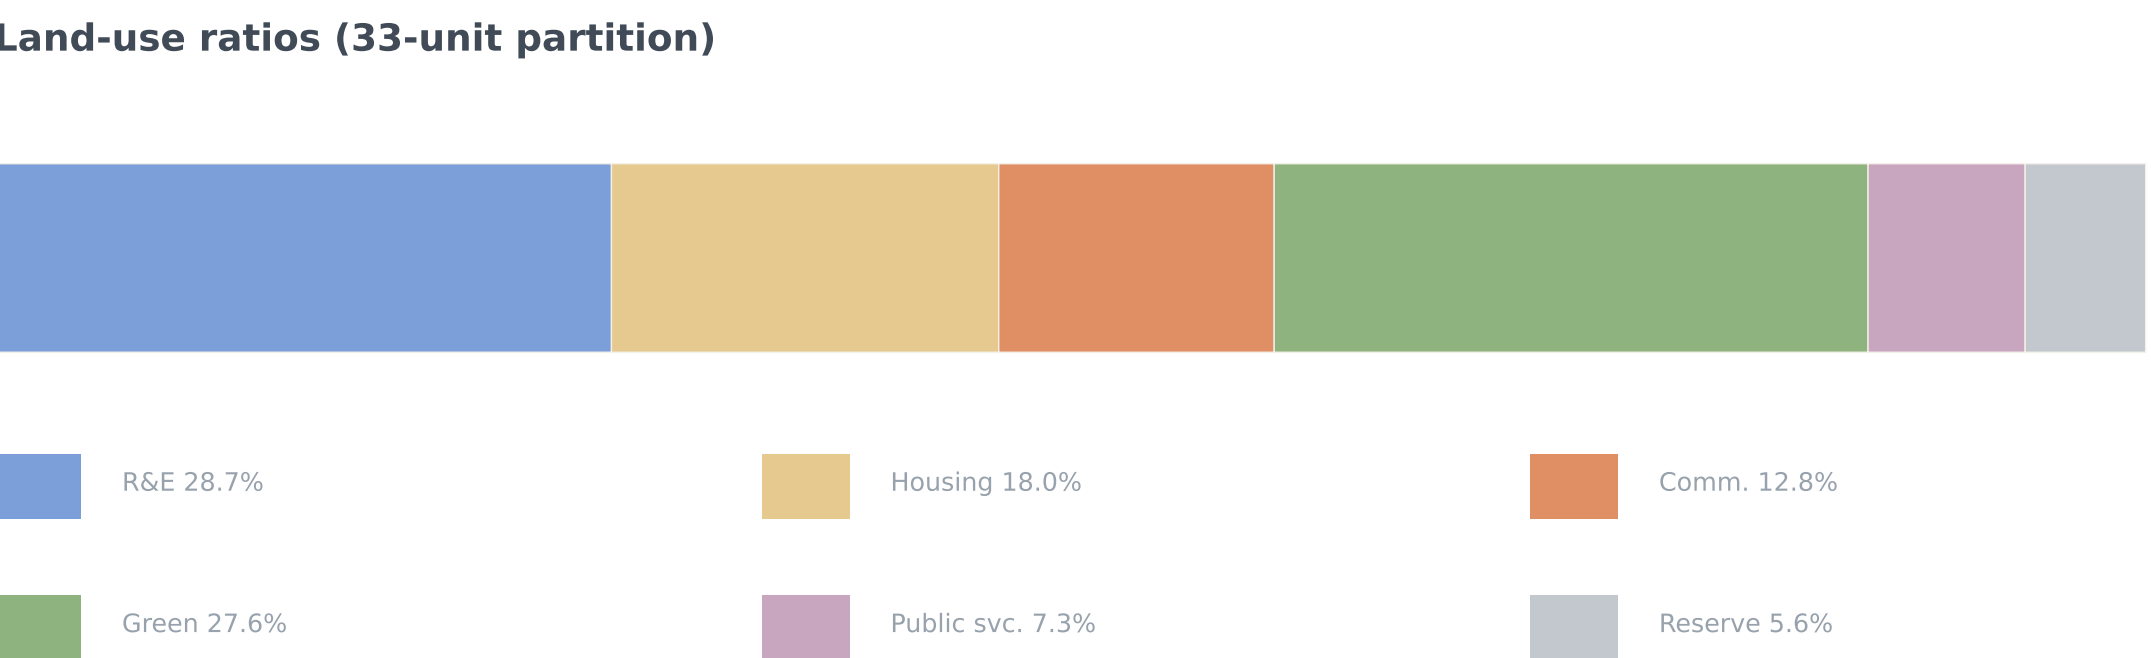

slow network & loops

12🏠 · 6🏠 · 4🏠

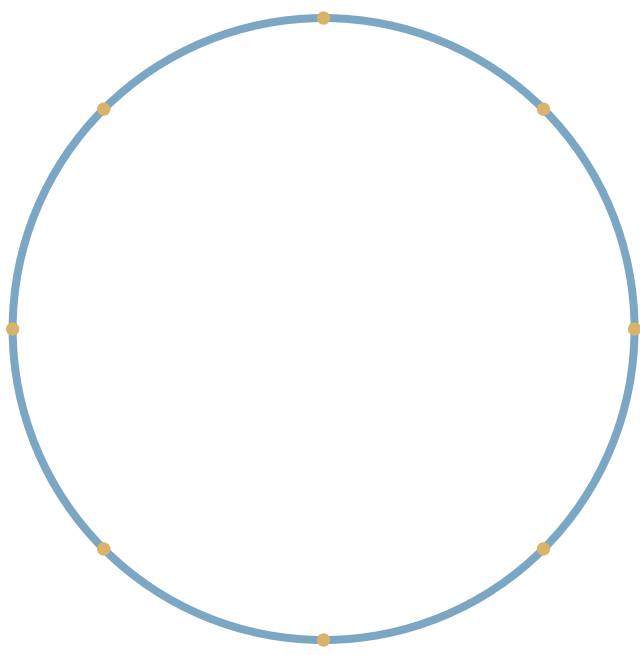

cards / personas / landmarks

23/23 · PASS

coverage · four local reviews

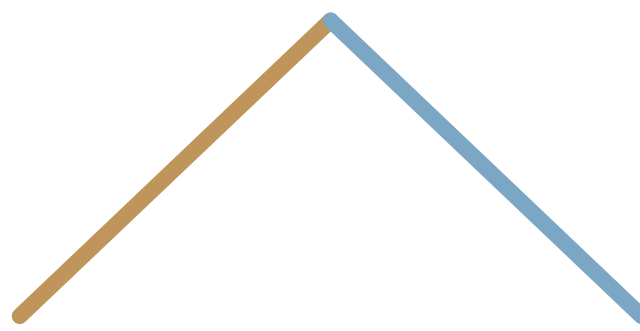

Masterplan (concept · provisional boundary)

Zhongzhiyuan · Acceleration

K7-K8 · 192.1 ha

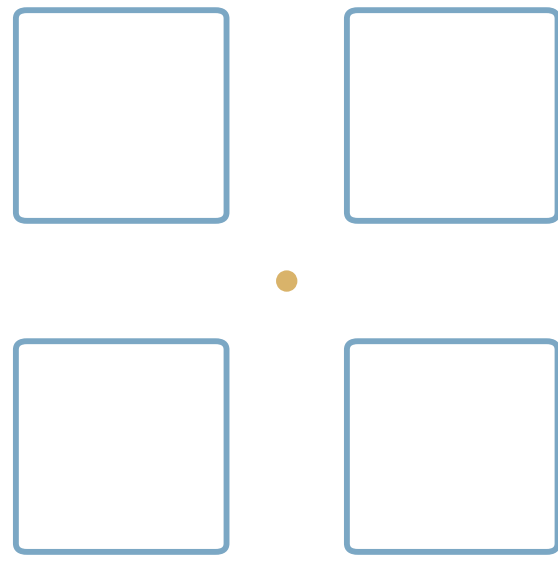

- the Ring: forum + full-stack clusters
- 63.6 ha reserve, flexible activation
- edge compute × energy micro-grid ▲
- Fifth Ring Gate launch stage

Origin · Source

K5 · 104.3 ha

- Herringbone Gate sutures campus-park-community
- low-disturbance renewal keeps the grain
- Wudaokou agent-native street
- heritage gallery (pending approval)

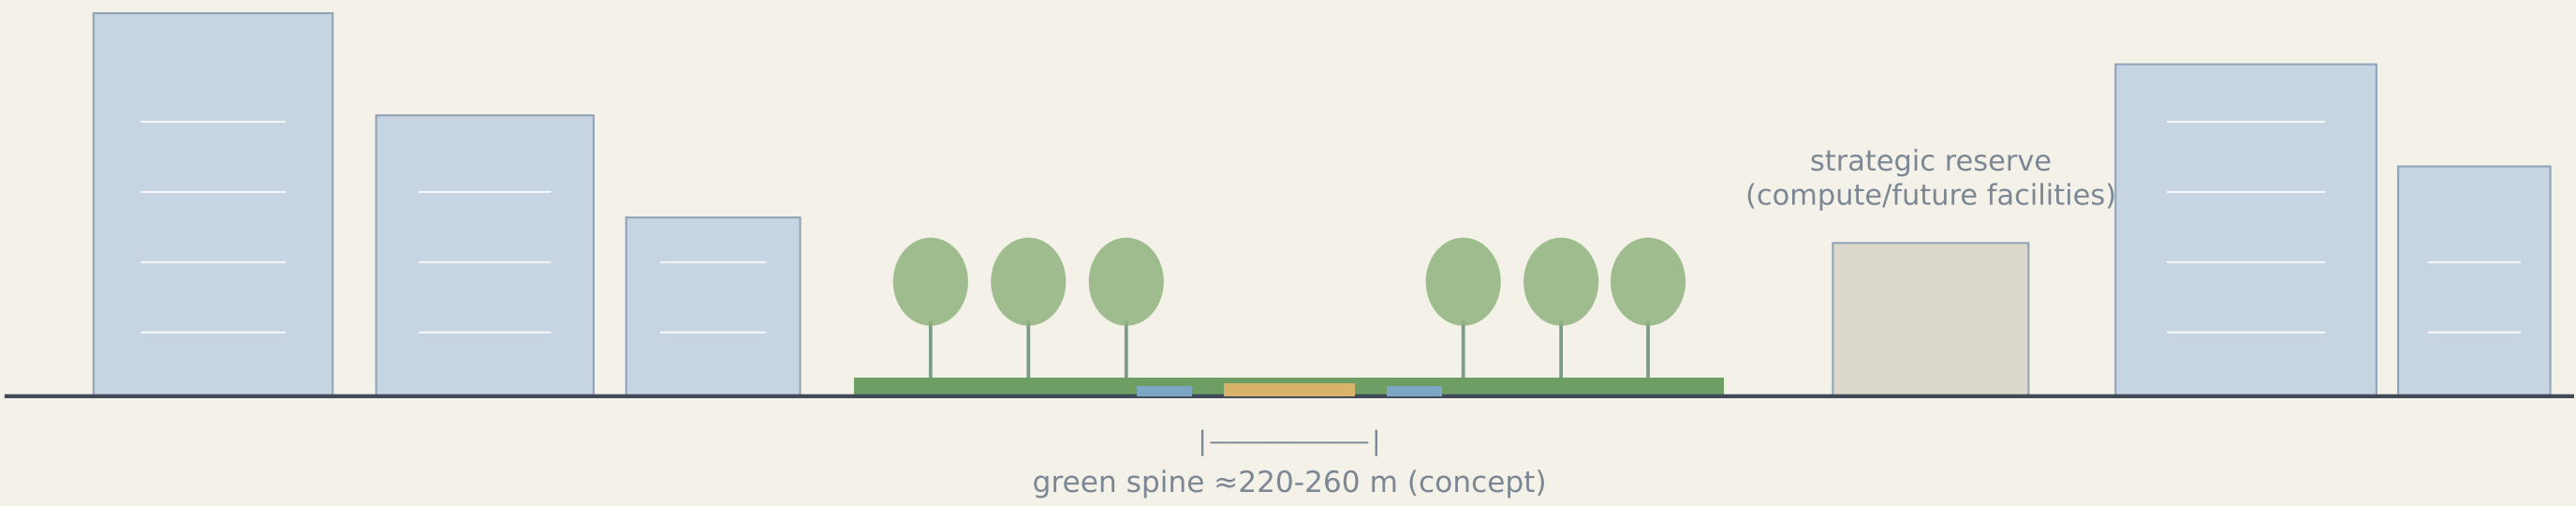

Dazhongsi · Bell

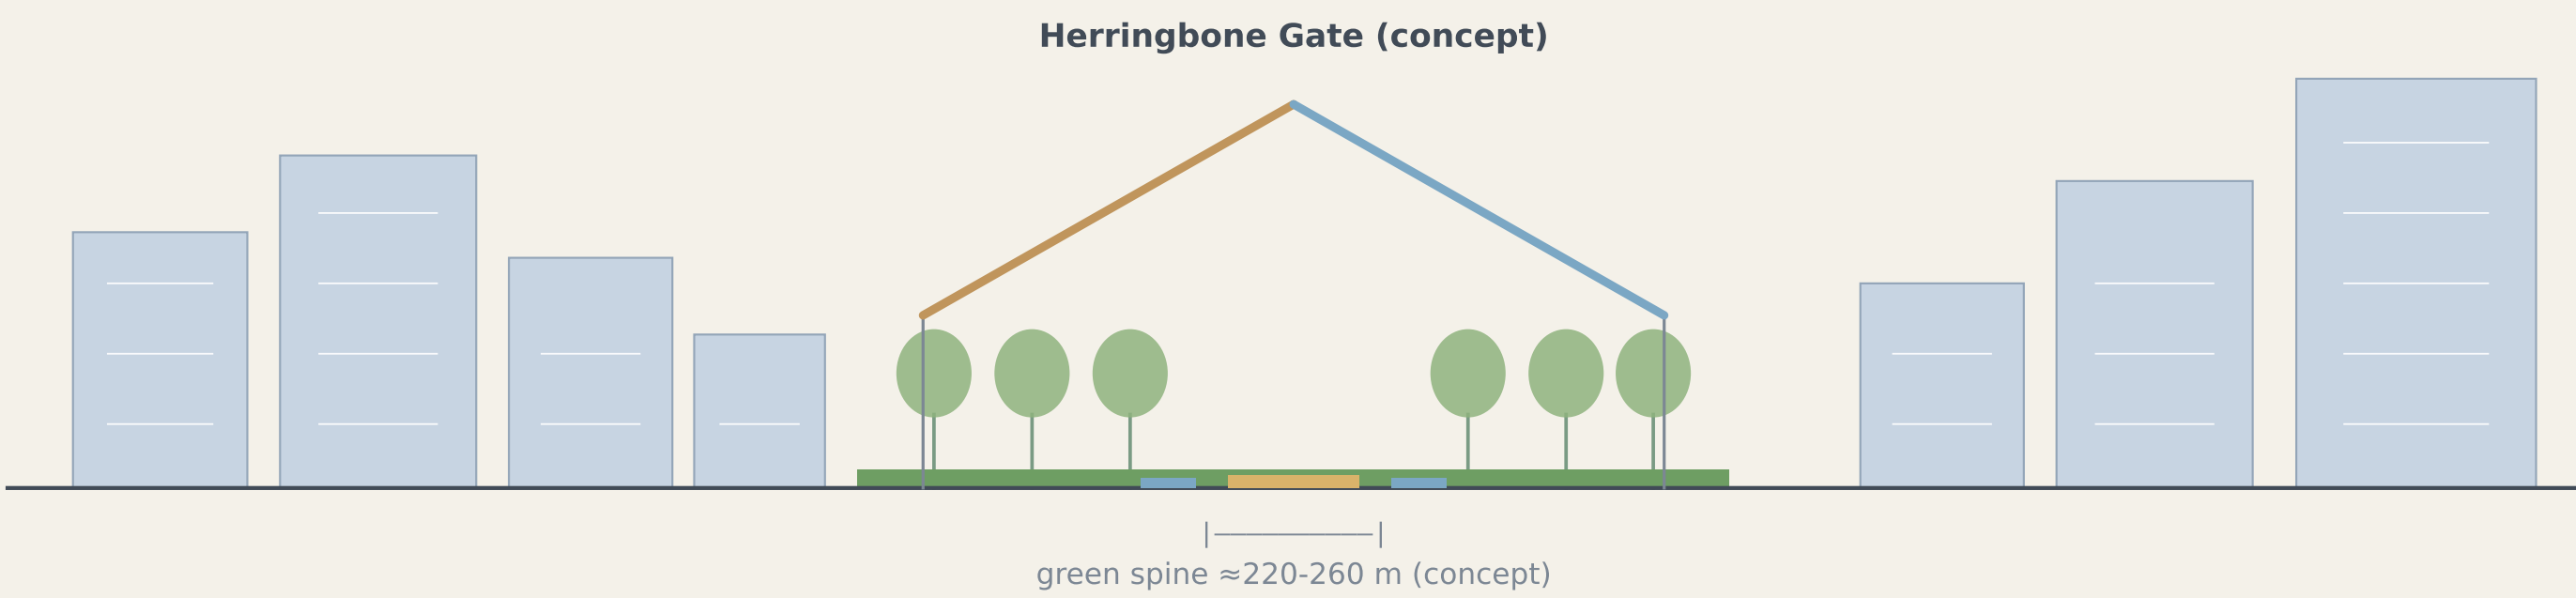

K2 · 72.0 ha

- four-quadrant station links
- intelligent retrofit of stock
- AV shuttle pilot line ▲
- the Bell tolls for open-source milestones

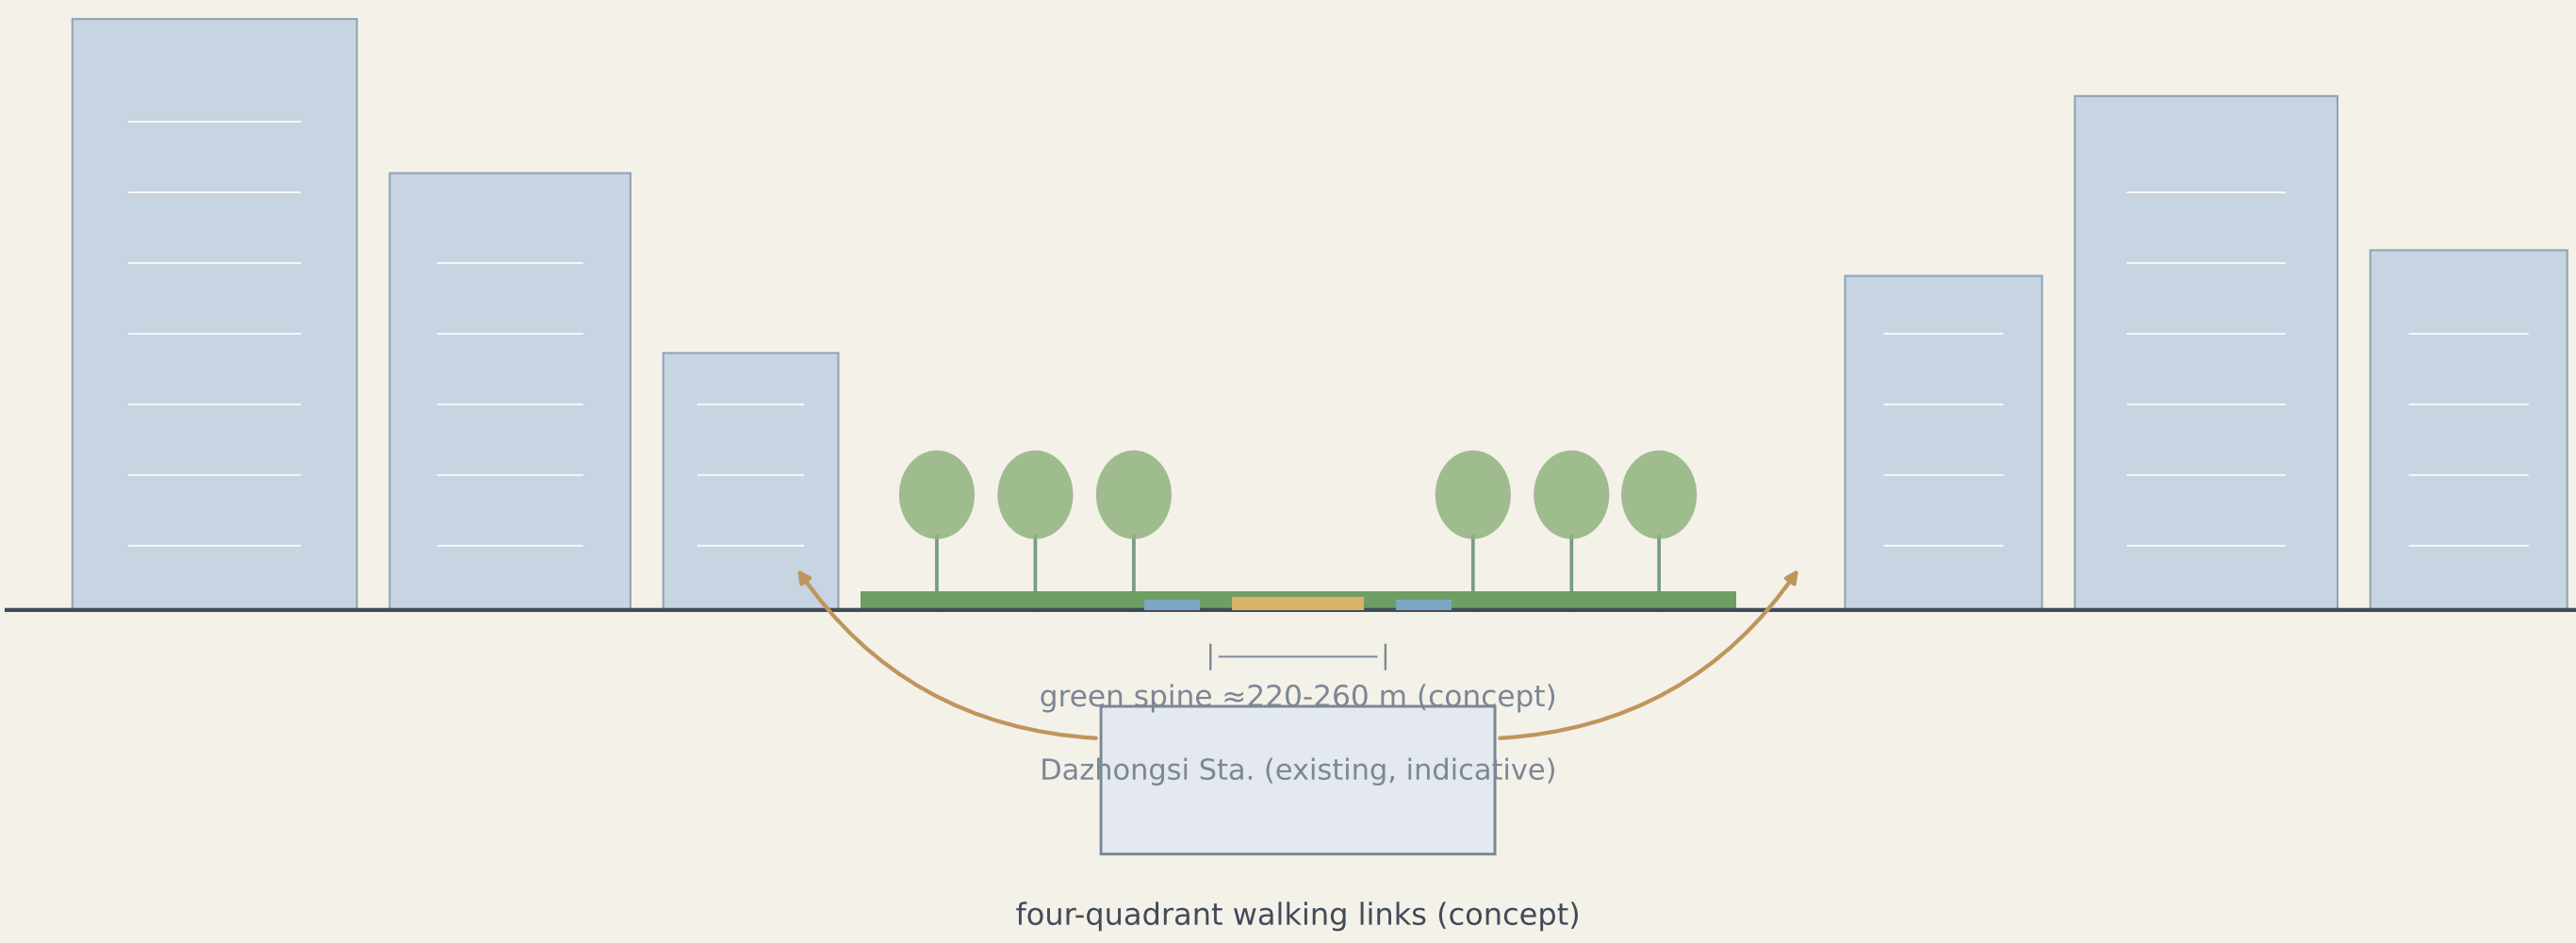

Section A-A · Zhongzhiyuan (K7-K8): low-rise R&D courts × 240 m green spine × reserve units

Section B-B · Origin Community (K5): fine-grain courts × Herringbone suture × station integration

Section C-C · Dazhongsi (K2): retrofitted stock × four-quadrant station links

Scenario ticket wall (stamped = validation)
