Dazhongsi First-Order Room: Turn Pilot Evidence into Reuse Terms

Three concept study modules support spatial review and minimum provision; they are not legal parcels, surveys or construction drawings.

DAZHONGSI | FIRST-ORDER ROOM

TURN PILOT EVIDENCE INTO COST, LIABILITY, PROCUREMENT AND REUSE TERMS

CONCEPT STUDY MODULE

200 × 160 m / 3.20 ha

- Slow-mobility seam 8 m (concept)
- Arrival loop 6 m
- Procurement clinic 24 × 12 m
- First-order room 30 × 18 m
- Reuse/failure archive 24 × 12 m

KEY SECTION | PUBLIC BASE WORKS FIRST

STOP CONDITION | PAUSE AUTHORITY BEFORE BUILD-OUT

If acceptance, cost, liability or exit terms are blank: do not call the pilot a first order.

BEFORE DESIGN: VERIFY REDLINE, TITLE, UTILITIES, TREES, FIRE AND ACCESSIBILITY

PROVISIONAL BOUNDARY · CONCEPT DESIGN · RECALCULATE AFTER OFFICIAL POLYGONS

Xiaokang × Codex Urban Agent · 2026-08

A first order is not a pitch or intent: acceptance, fee, liability, procurement state, training and exit terms enter one reuse pack.
