

JINGZHANG LEDGER LINE / Board 1

Public AI verification line - provisional geometry, evidence-led urban design

/ Evidence Overview

Source registry, provisional boundary, metrics, and submission package chain. Provisional geometry for intake review only.

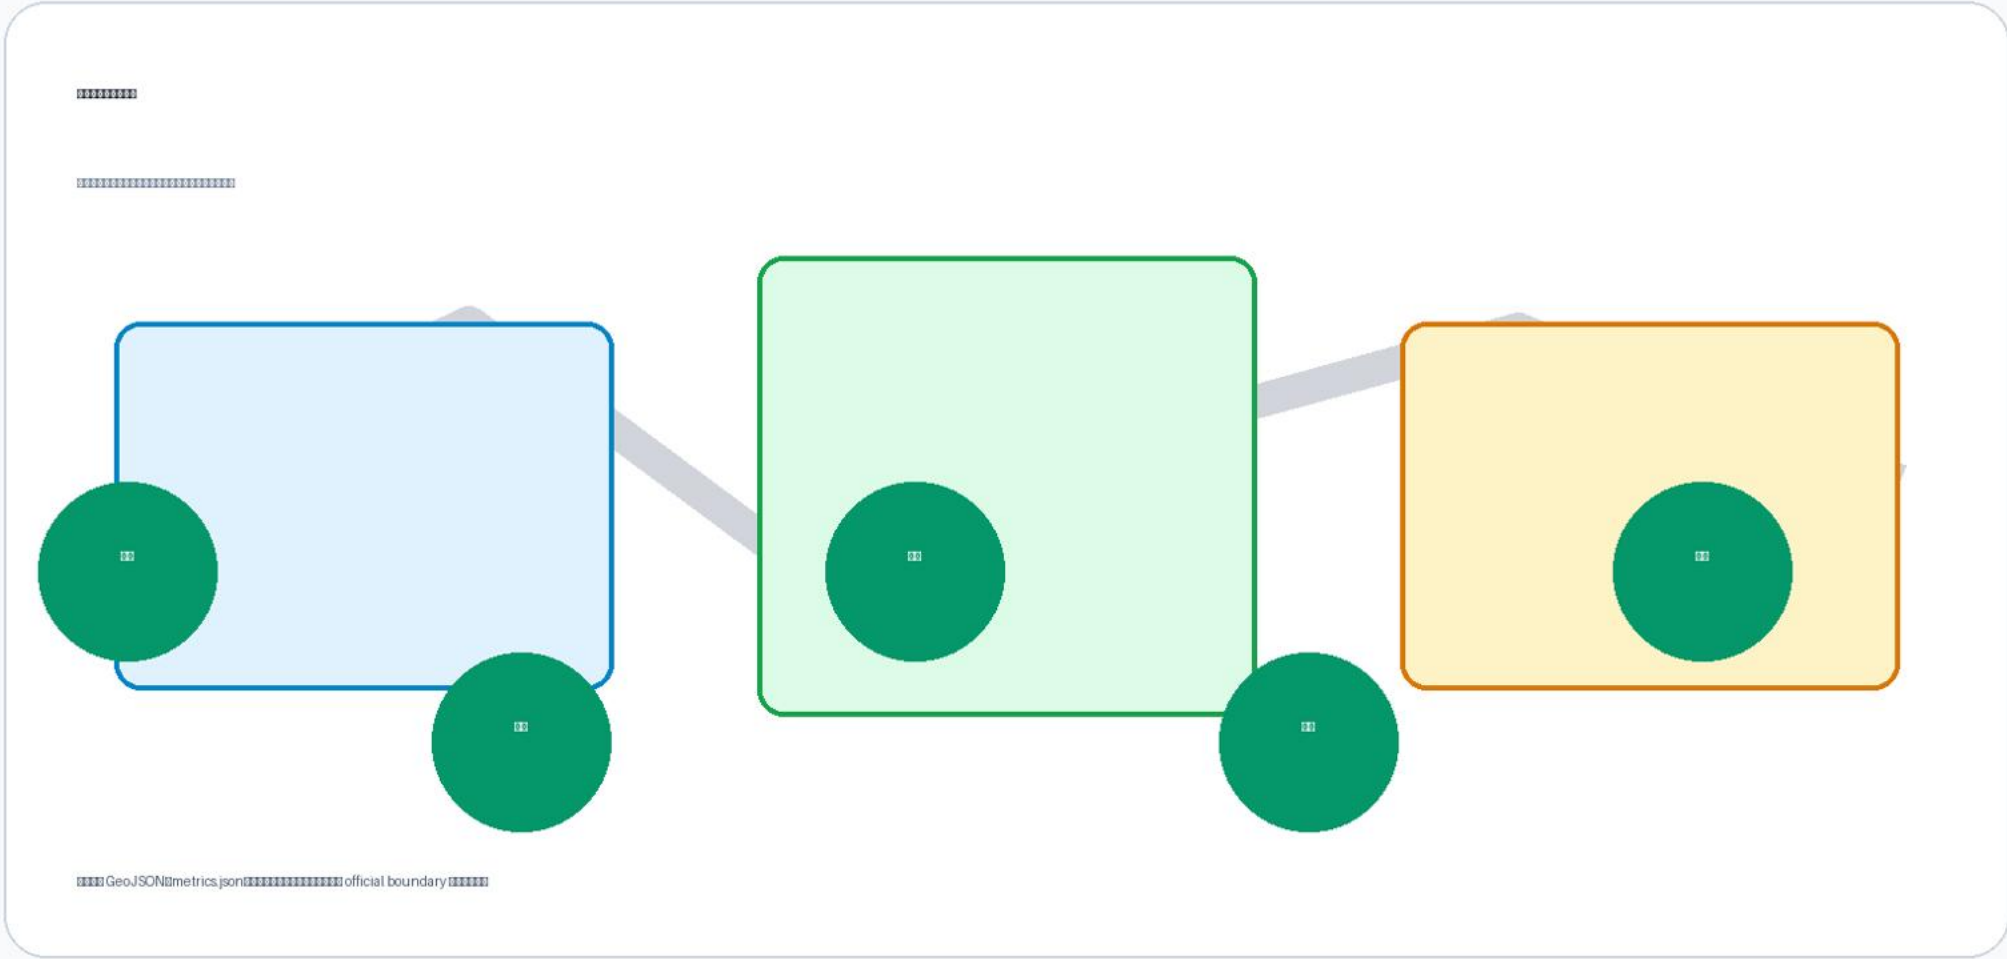

JINGZHANG LEDGER LINE / Board 2

Public AI verification line - provisional geometry, evidence-led urban design

Scope + Land Use

Three work scopes translated into a topology-safe design partition. Provisional geometry for intake review only.

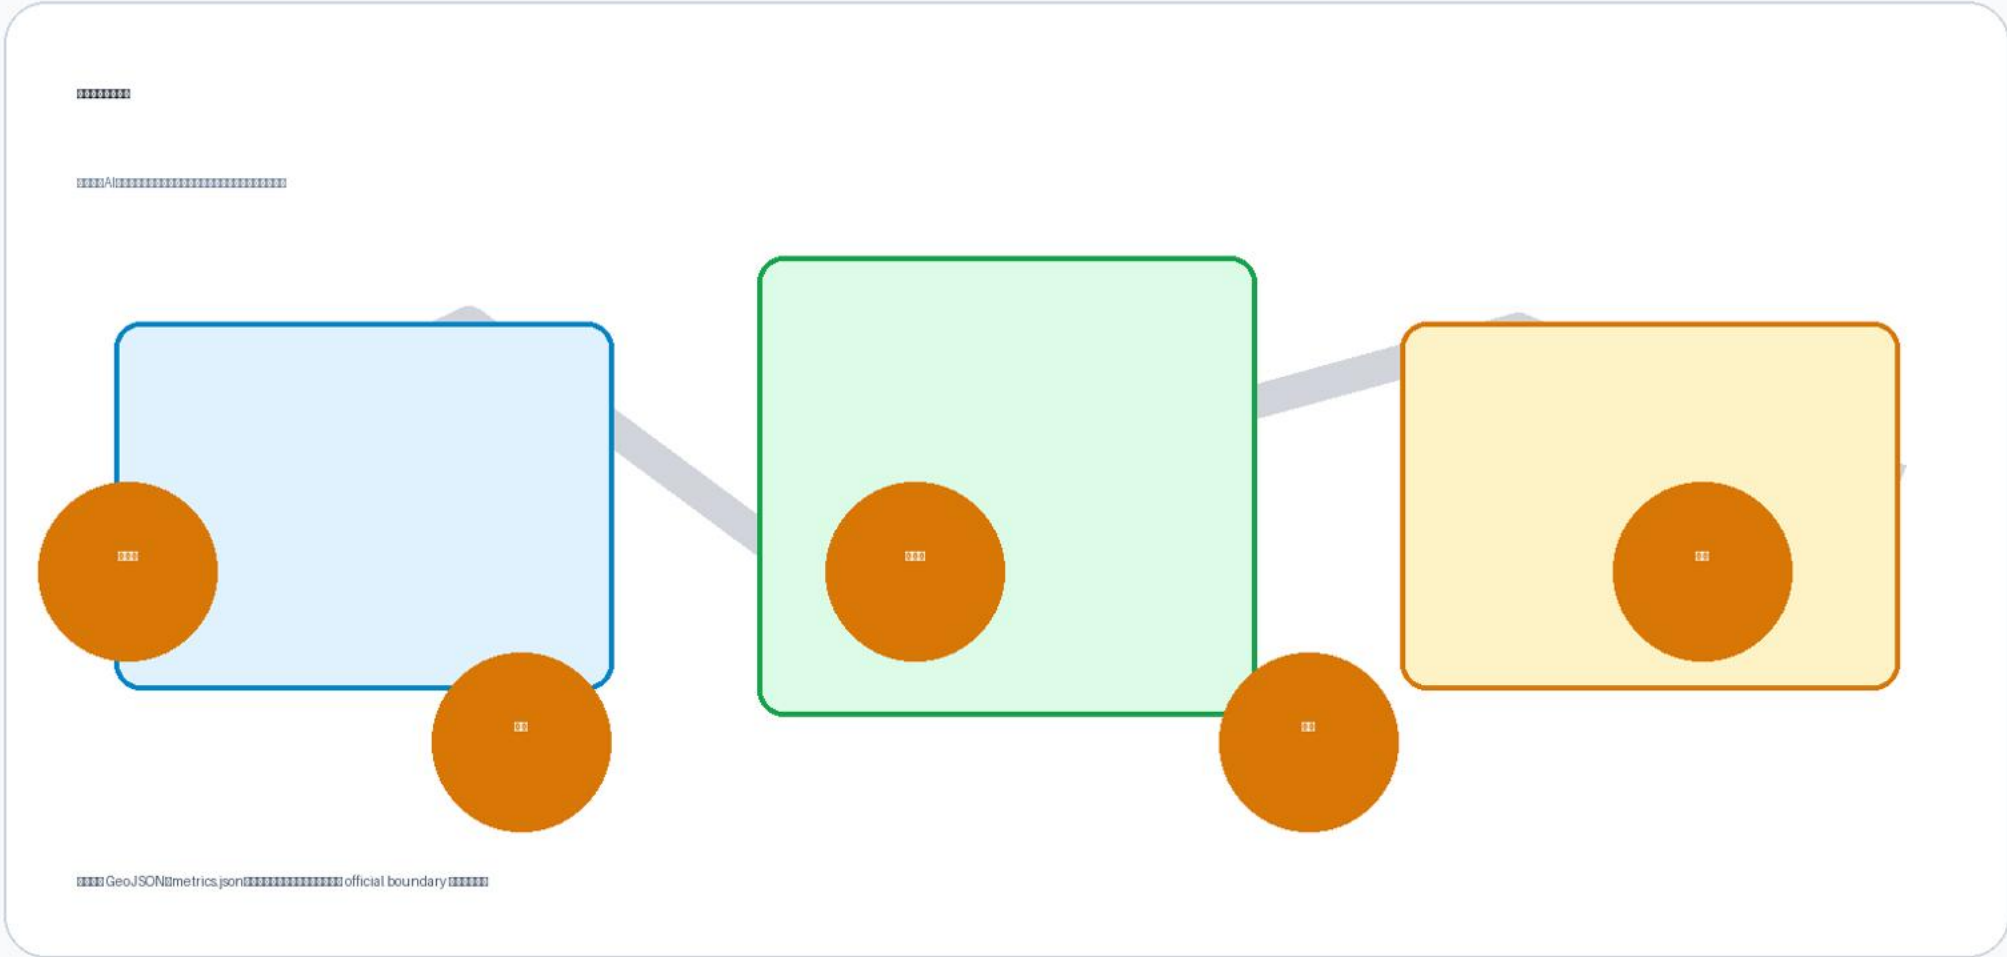

JINGZHANG LEDGER LINE / Board 3

Public AI verification line - provisional geometry, evidence-led urban design

Key Areas

Three provisional key areas with design roles and recalculation note. Provisional geometry for intake review only.

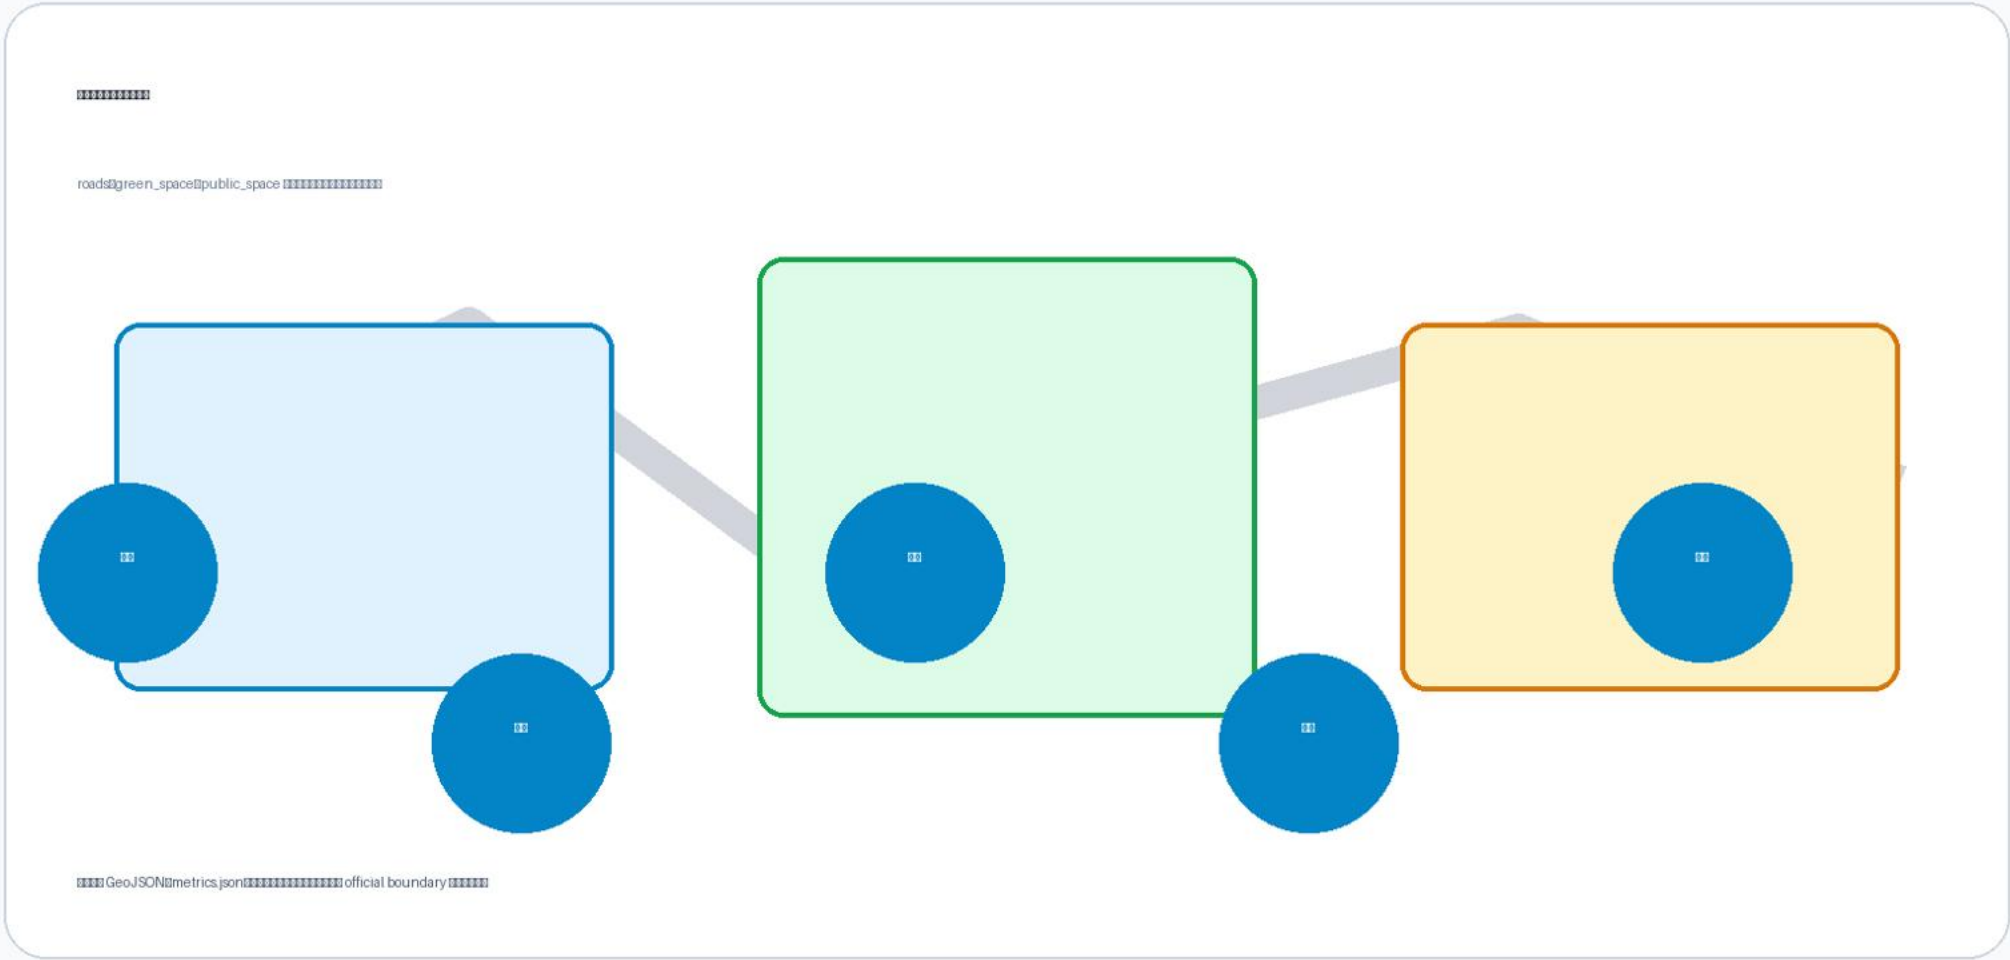

JINGZHANG LEDGER LINE / Board 4

Public AI verification line - provisional geometry, evidence-led urban design

/ Mobility + Blue-Green

Slow mobility, park spine, public space, and service interfaces. Provisional geometry for intake review only.

JINGZHANG LEDGER LINE / Board 5

Public AI verification line - provisional geometry, evidence-led urban design

/ Metrics Evidence

Known metrics, unknown controls, formulas, and source files. Provisional geometry for intake review only.
