

JINGZHANG CODE OPEN-JZ

Centennial Jing-Zhang AI Innovation Belt • Open-Source City Operating System

The city as a codebase: one MAIN line (Jing-Zhang Heritage Park green corridor) + three core repositories (Zhongzhiyuan TRAIN-REPO / Origin Community COMMUNITY-REPO / Dazhongsi APP-REPO) + three protocol layers (data flow / scenario testing / ethics governance). Urban renewal = commit, review, merge, revert. Citizens are reviewers, developers are contributors, government is maintainer.

Scope: research 43.6 km² / overall design 11.4 km² / key areas 368.4 ha. All geometry is based on provisional boundary; recalculate after official redline. Conceptual proposal only, not a statutory plan.

OPEN-JZ • Site Overview (provisional boundary)

Spatial Structure

MAIN line: 9-km green corridor, slow-traffic first, heritage narrative, AI experience. TRAIN-REPO: computing, model training, standards. COMMUNITY-REPO: open-source collaboration, incubation, talent. APP-REPO: agents, smart terminals, data elements. PROTOCOL: three east-west stitching lines for data, testing and governance.

Key Areas

Zhongzhiyuan (192.1 ha): computing cluster, model evaluation, AI standards lab; landmark "Zhongzhi Computing Tower". Origin Community (104.3 ha): open-source square, incubators, Qinghuayuan station heritage "Origin Station" landmark. Dazhongsi (72.0 ha): smart terminal experience, data exchange, "AI Bell Tower" landmark.

Scenarios & Operations

10 AI scenario cards, 3 industrial test scenarios (autonomous shuttle loop, robot delivery corridor, civic AI sandbox), 5 user profiles, 3 pilgrimage landmarks. Event system: JZ-CON annual conference, quarterly hackathons, monthly Open-PR public review days.

Phasing: Phase 1 (2026-2028) Origin Community first commit; Phase 2 (2028-2030) main-branch merge, green corridor + Zhongzhiyuan; Phase 3 (2030-2035) Dazhongsi + city-wide operation, continuous delivery.

Important: AI-generated conceptual proposal for professional deepening; not an approved plan; official redline triggers full recalculation.
