

# JINGZHI Avenue — Concept Design Boards (A0)

PROVISIONAL BOUNDARY • NOT AN OFFICIAL RED LINE • RECOMPUTE AFTER OFFICIAL DATA

## LAND USE STRUCTURE

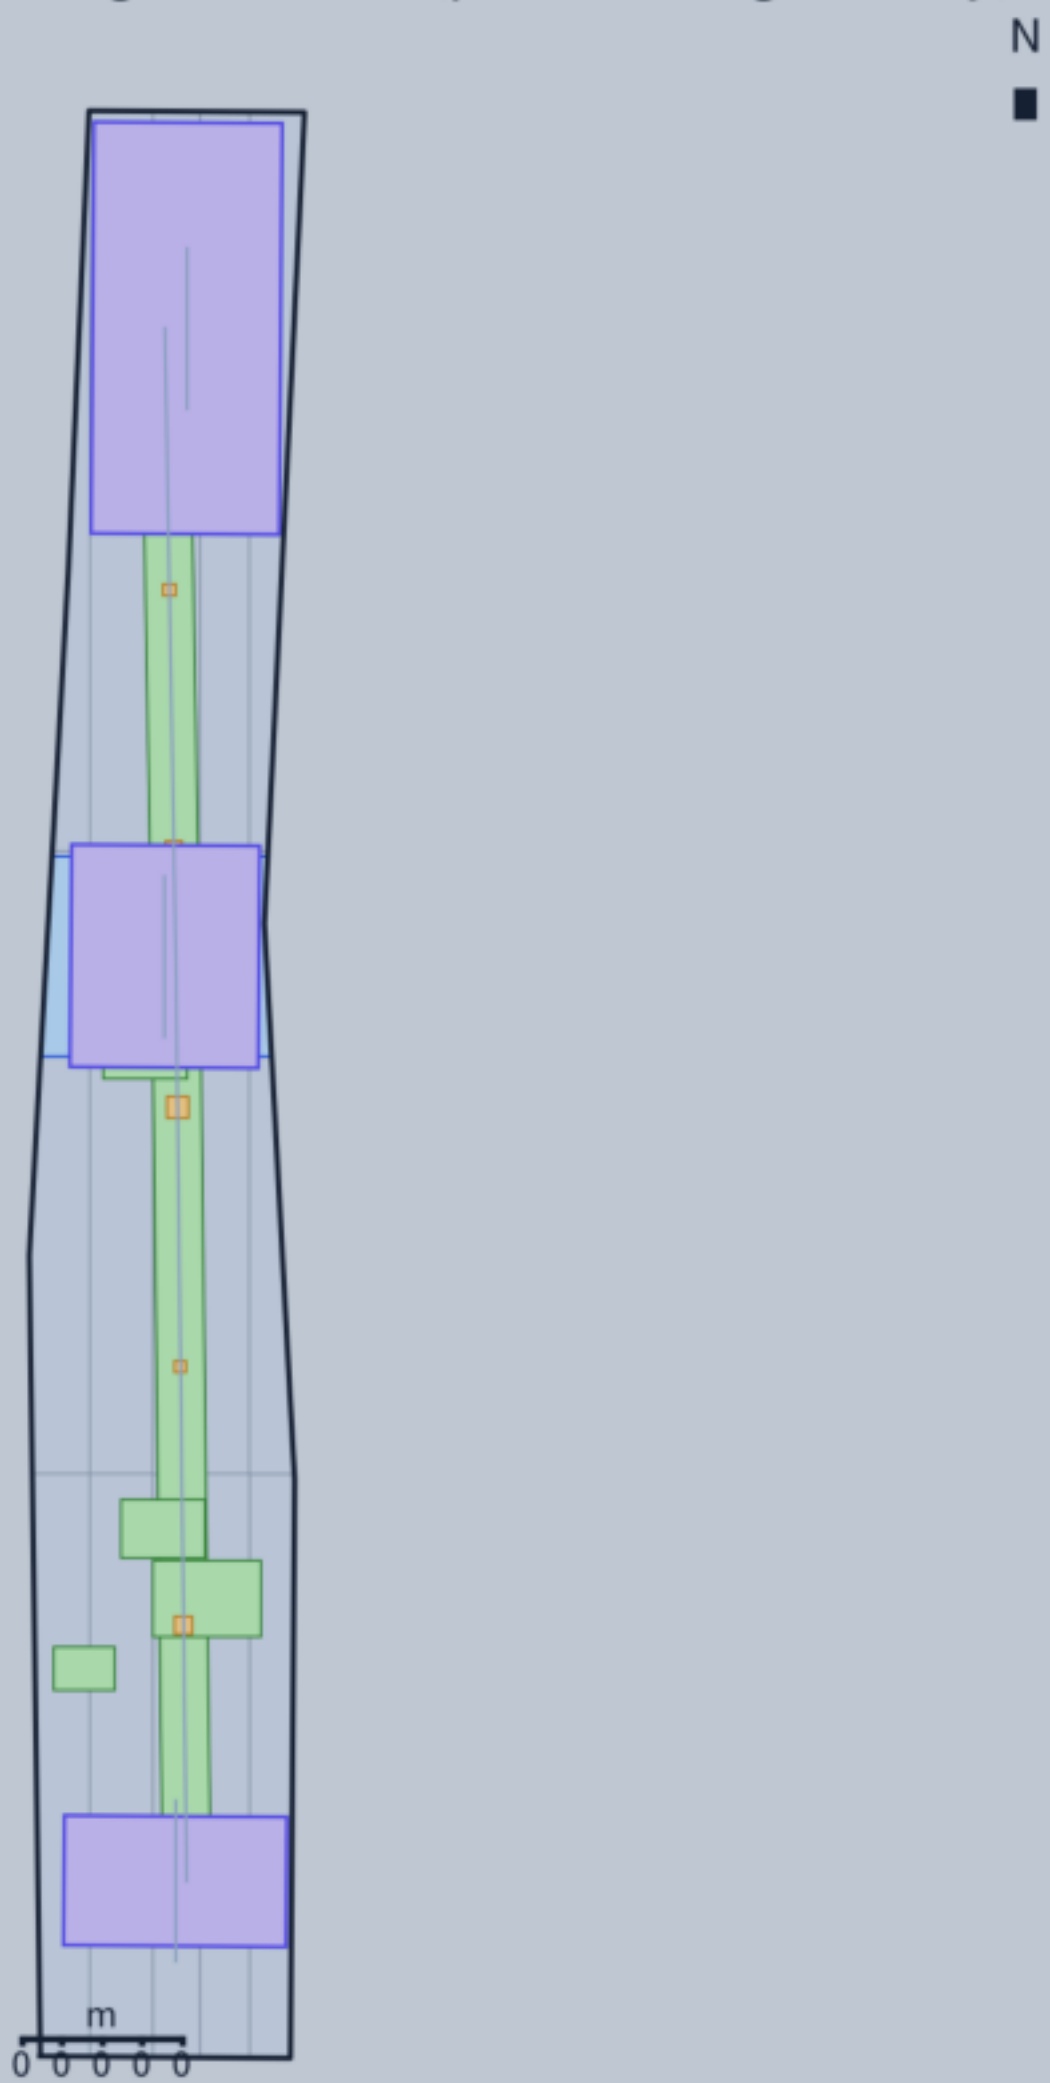

Land-use structure (concept) — 24 concept zones; official calibers pending

## SITE OVERVIEW

PROVISIONAL BOUNDARY • NOT AN OFFICIAL RED LINE • RECOMPUTE AFTER OFFICIAL DATA

JINGZHI Avenue — overall design overview (provisional geometry)

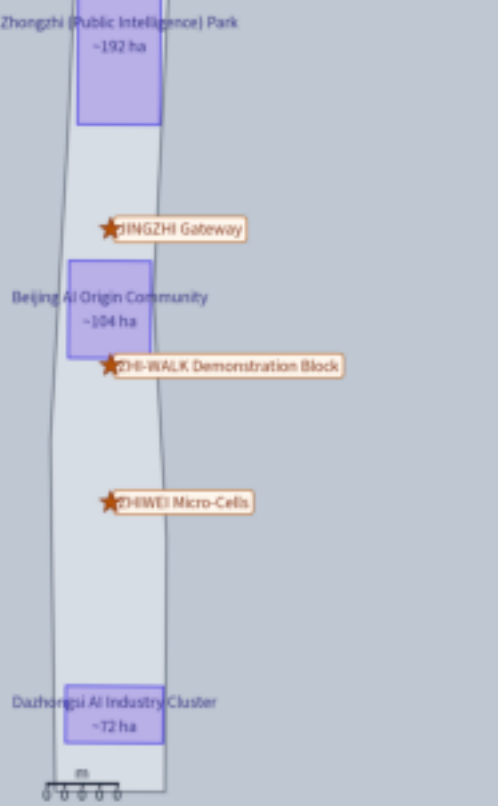

- Land-use parcels (24 concept zones)
- Green space (concept)
- Public-space nodes (concept)
- Key areas: official text names/area calibers; provisional concept geometry
- Street network (public reference)
- Provisional overall-design boundary

Concept proposal on provisional geometry; not a statutory drawing.

## KEY AREAS

PROVISIONAL BOUNDARY • NOT AN OFFICIAL RED LINE • RECOMPUTE AFTER OFFICIAL DATA

Three key areas — official text names & area calibers; provisional concept geometry (NOT official red lines) — and three concept nodes (independent small-scale concept points)

- Key areas — official text names & area calibers; provisional concept geometry (NOT official red lines)
- Concept nodes / landmarks — independent small-scale concept points (not key area boundaries)
- Provisional overall-design boundary

Concept proposal on provisional geometry; not a statutory drawing.

Concept proposal on provisional geometry — not a statutory drawing.

Source: package geometry (provisional) + metrics.json; concept only.

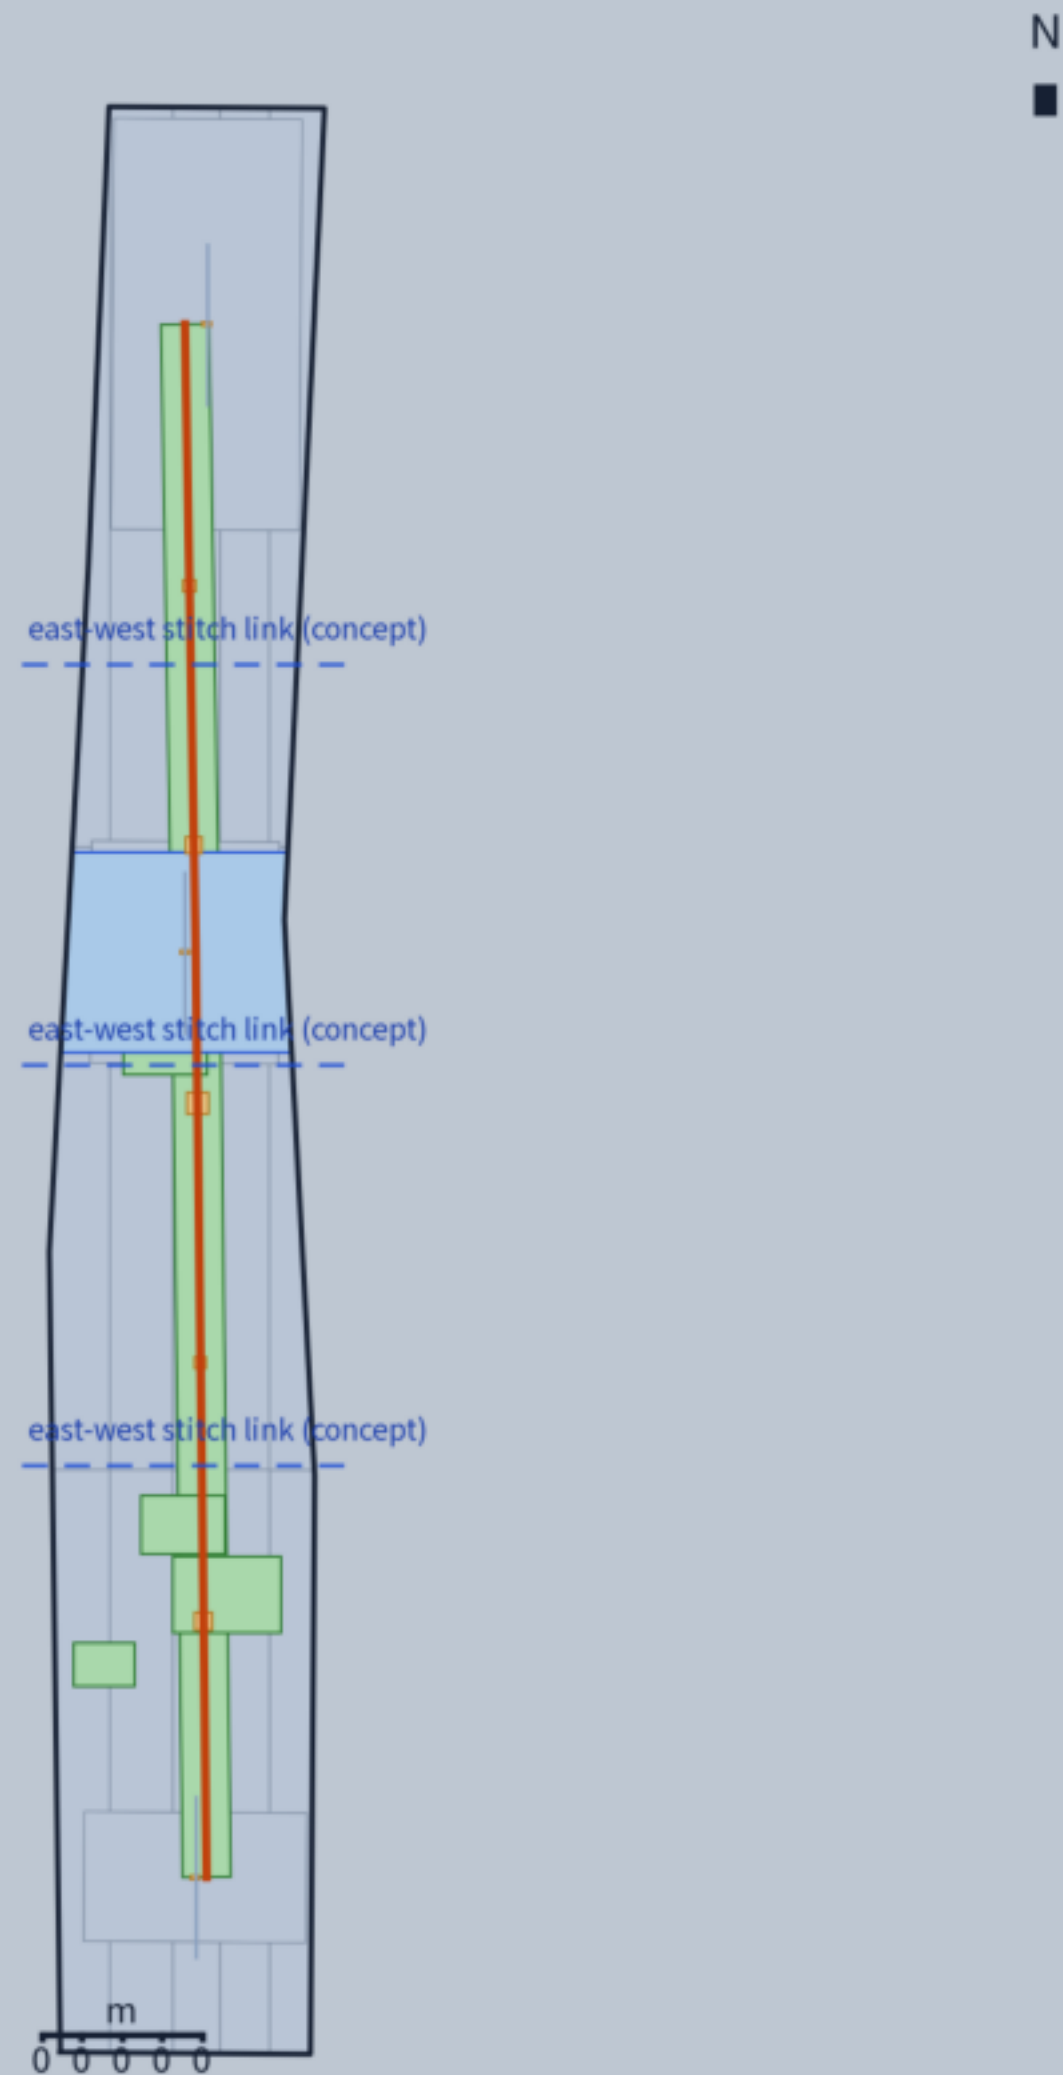

# JINGZHI Avenue — Concept Design Boards (A0)

PROVISIONAL BOUNDARY • NOT AN OFFICIAL RED LINE • RECOMPUTE AFTER OFFICIAL DATA

## MOBILITY BLUEGREEN

PROVISIONAL BOUNDARY • NOT AN OFFICIAL RED LINE • RECOMPUTE AFTER OFFICIAL DATA

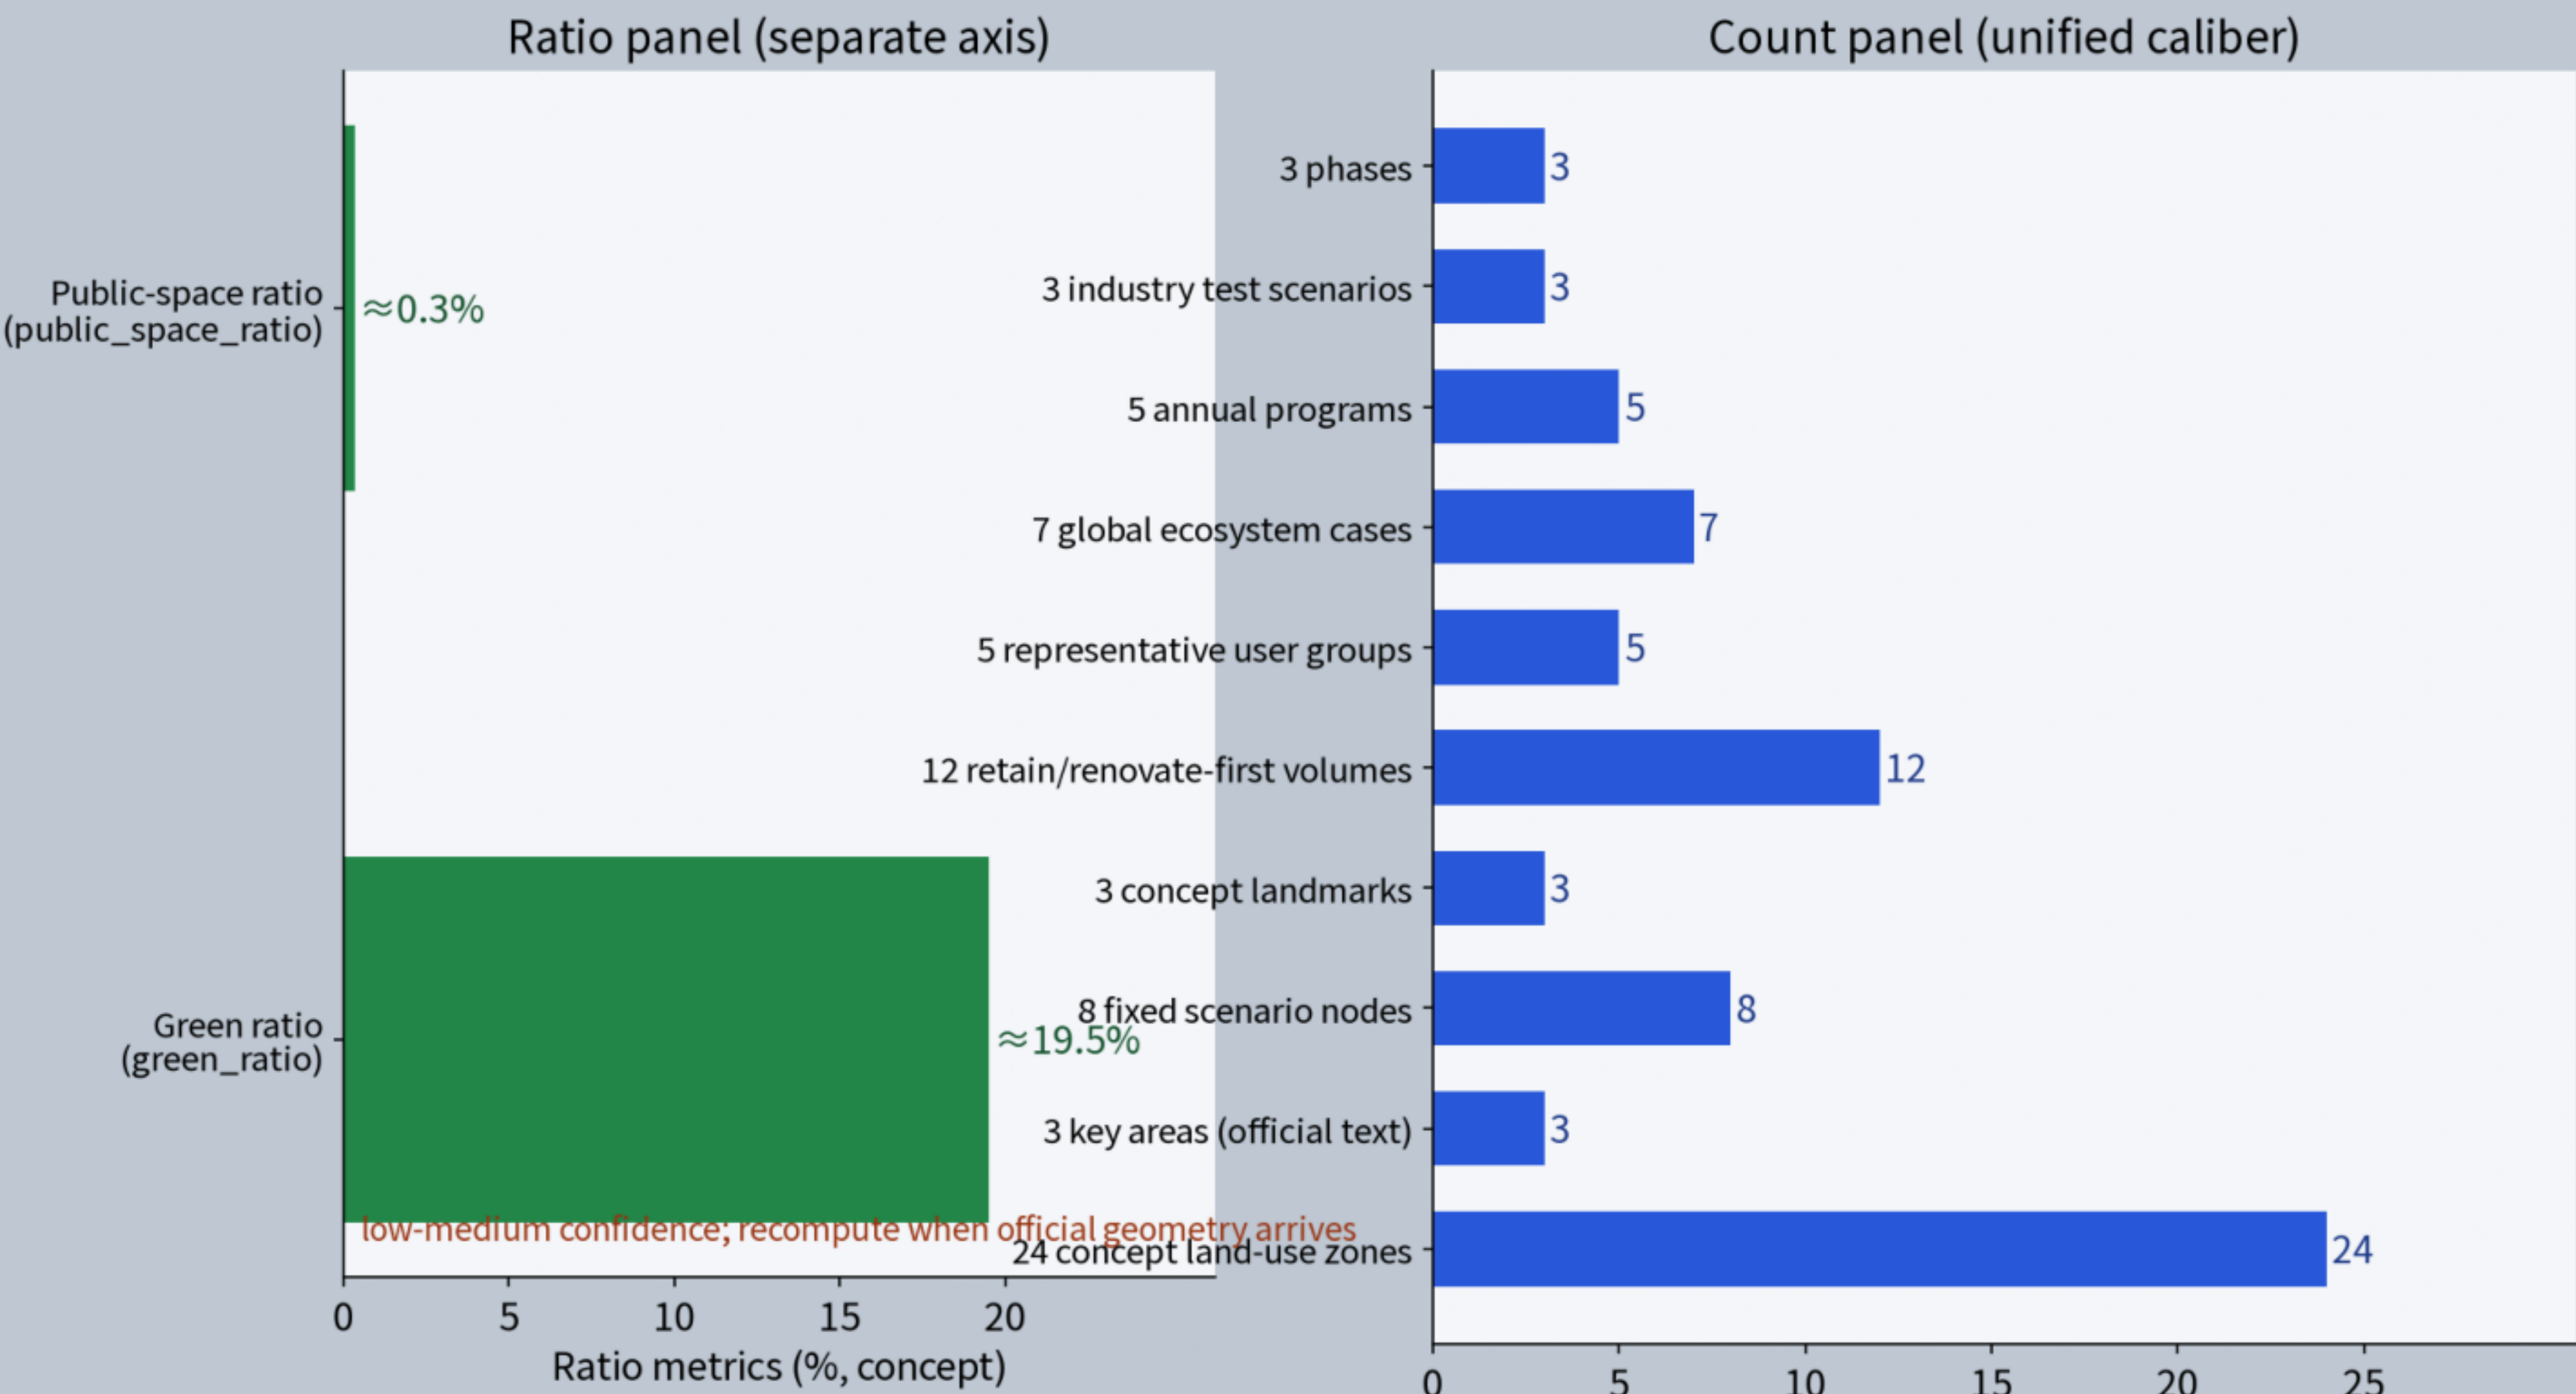

Slow-traffic-first network & blue-green public space (concept)

Concept proposal on provisional geometry; not a statutory drawing.

## METRICS EVIDENCE

Key metrics evidence — ratios & counts on separate panels (provisional)

Unified caliber: land\_use\_zone\_count = 24 (consistent with metrics.json, figures and text); recompute after official data release.

Concept proposal on provisional geometry — not a statutory drawing.

Source: package geometry (provisional) + metrics.json; concept only.
