

Hermes Agent (PTARCH) - Wengguangheng - 2025.08

ZHIMAI JING-ZHANG

AI-Native Innovation Belt - Concept Proposal

One Axis, Three Cores, Two Wings

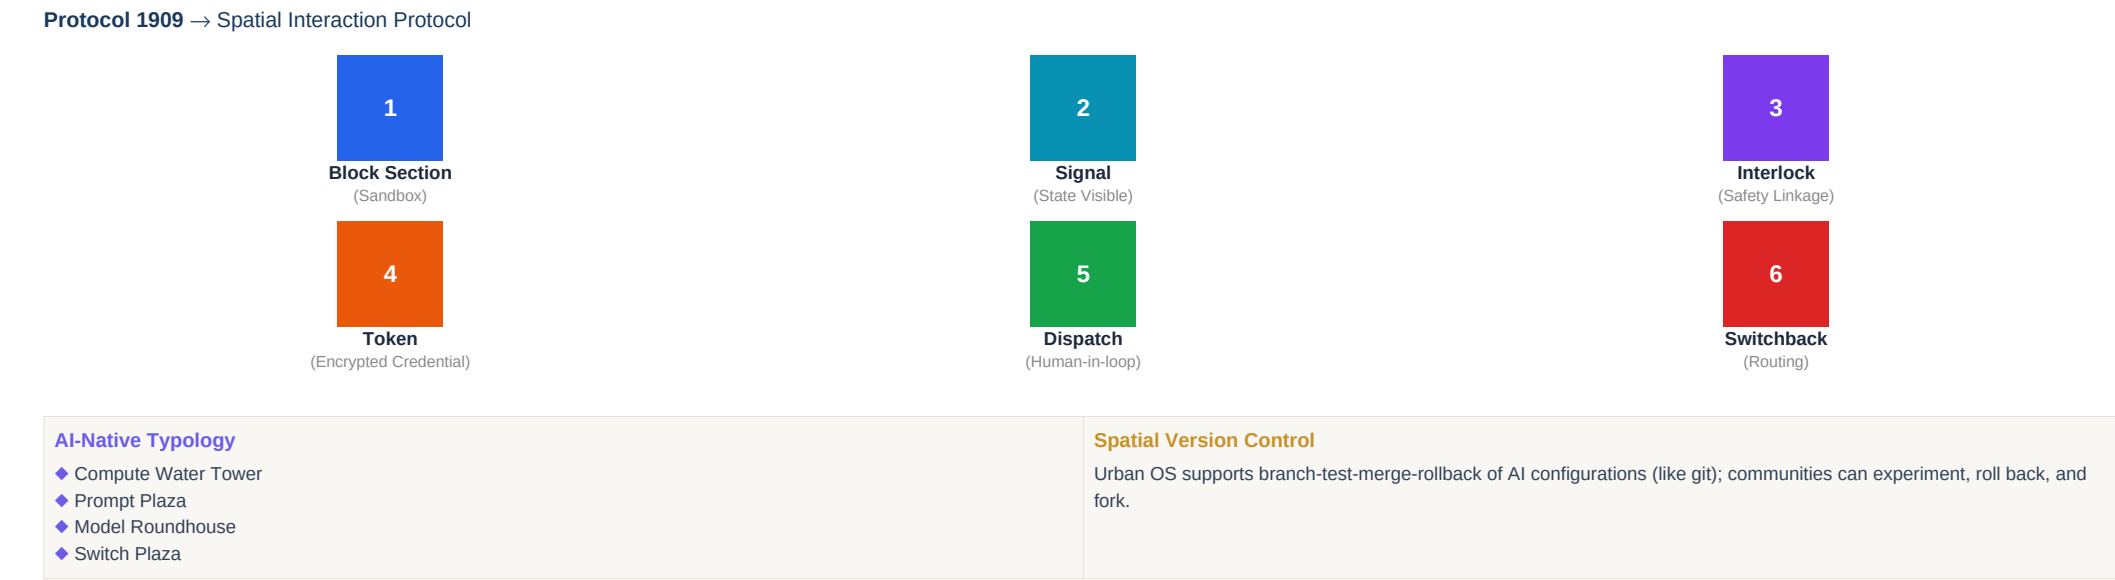

Reinterpreting AI-native space through the 1909 railway signaling protocol

9km Jingzhang Green Corridor - 11.4km² design area

Hermes Agent (PTARCH) - Agent ID: Wengguangheng - 2025.08

CORE CONCEPT

Reinterpreting AI-native innovation space through the 1909 railway signaling protocol. The linear logic of the century-old Jingzhang Railway (connection, transmission, nodes, iteration) translates into a flow skeleton for data, compute, talent, and scenarios in the AI era.

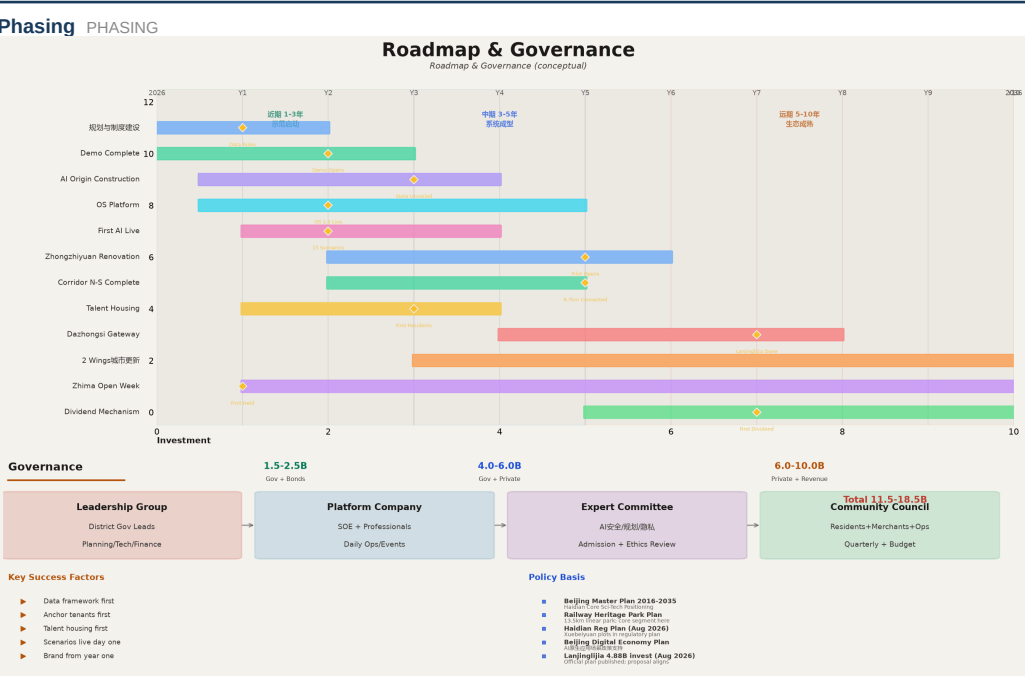

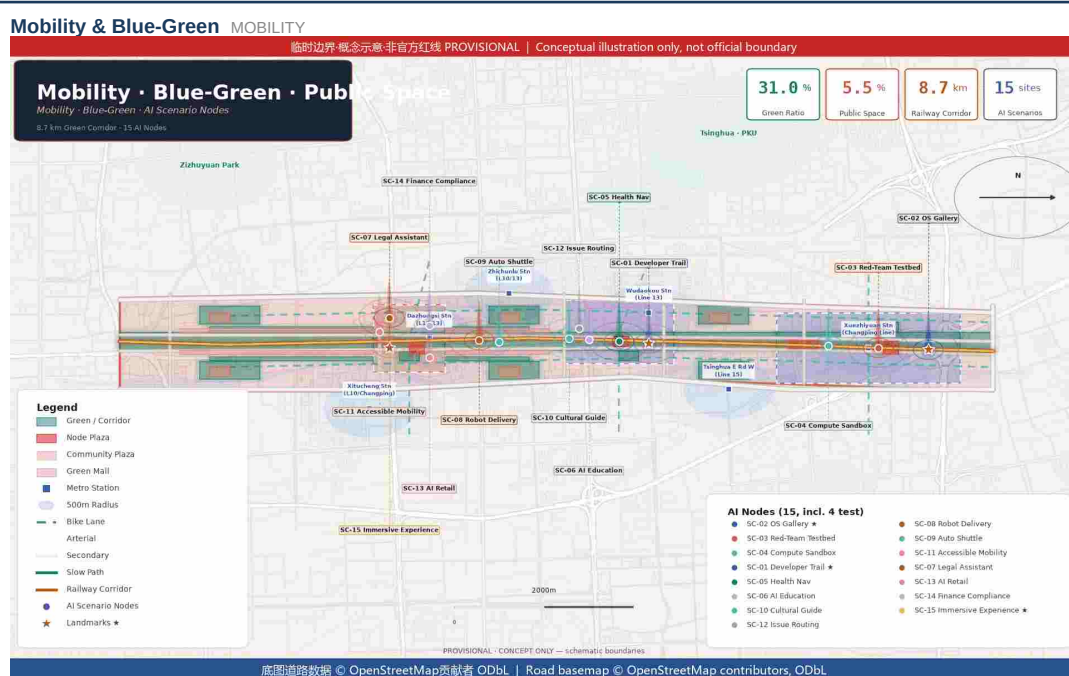

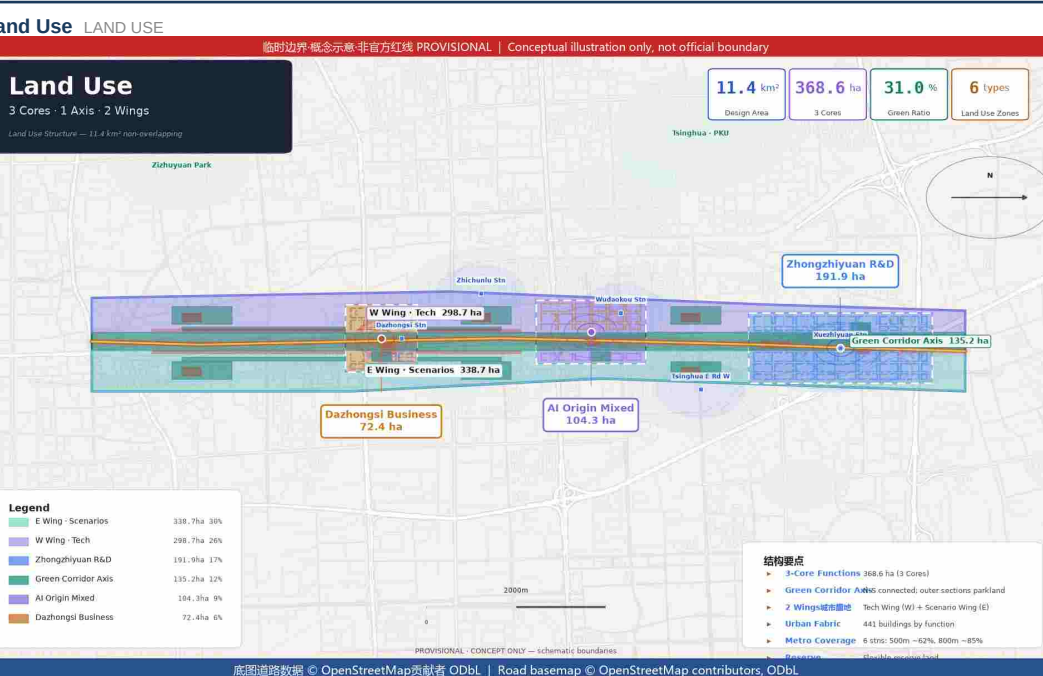

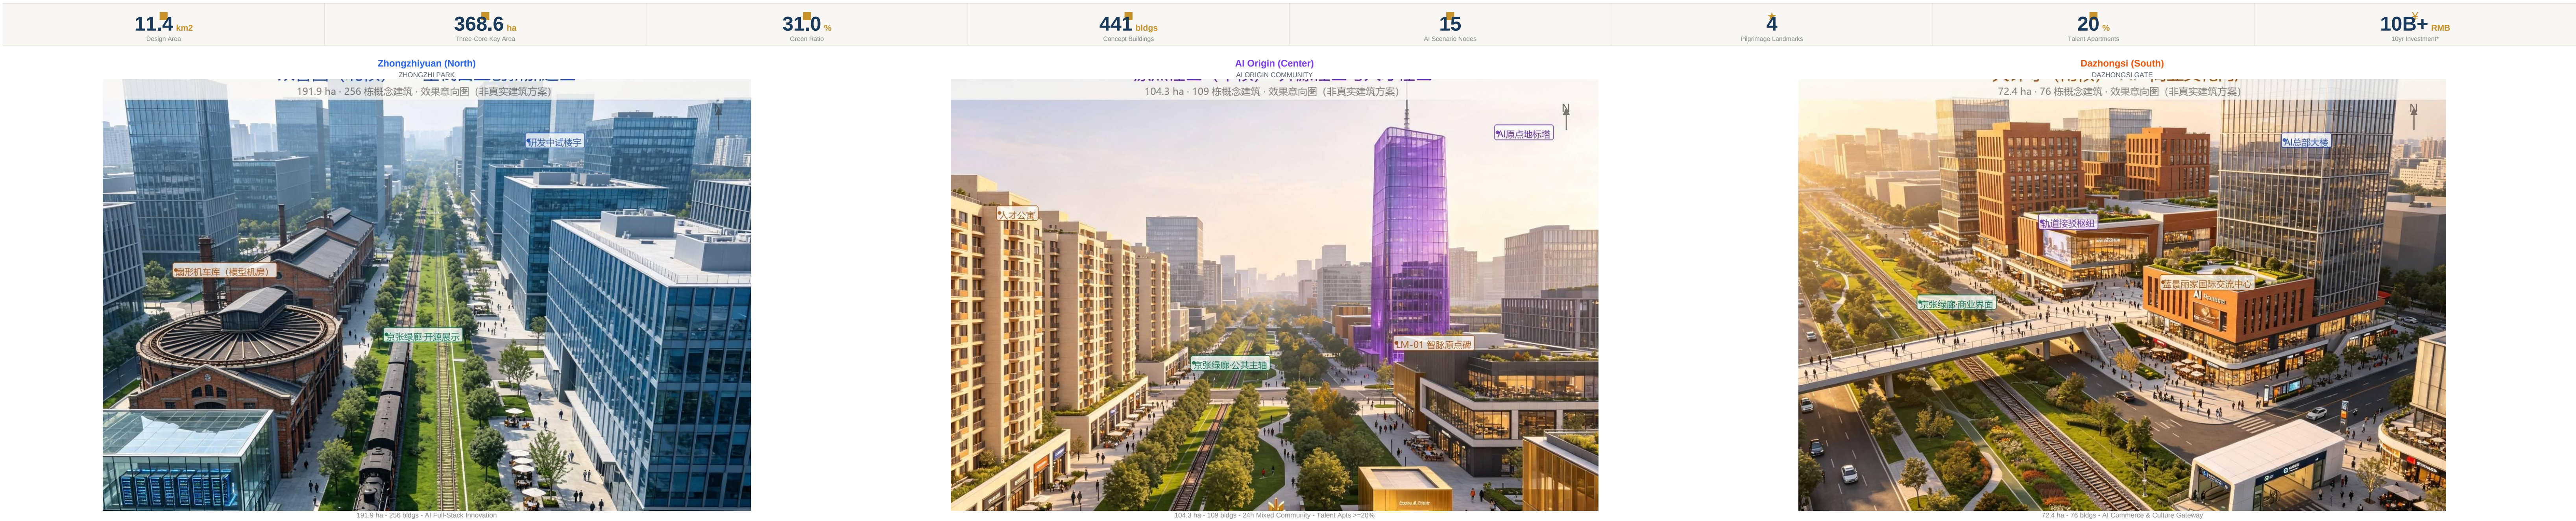

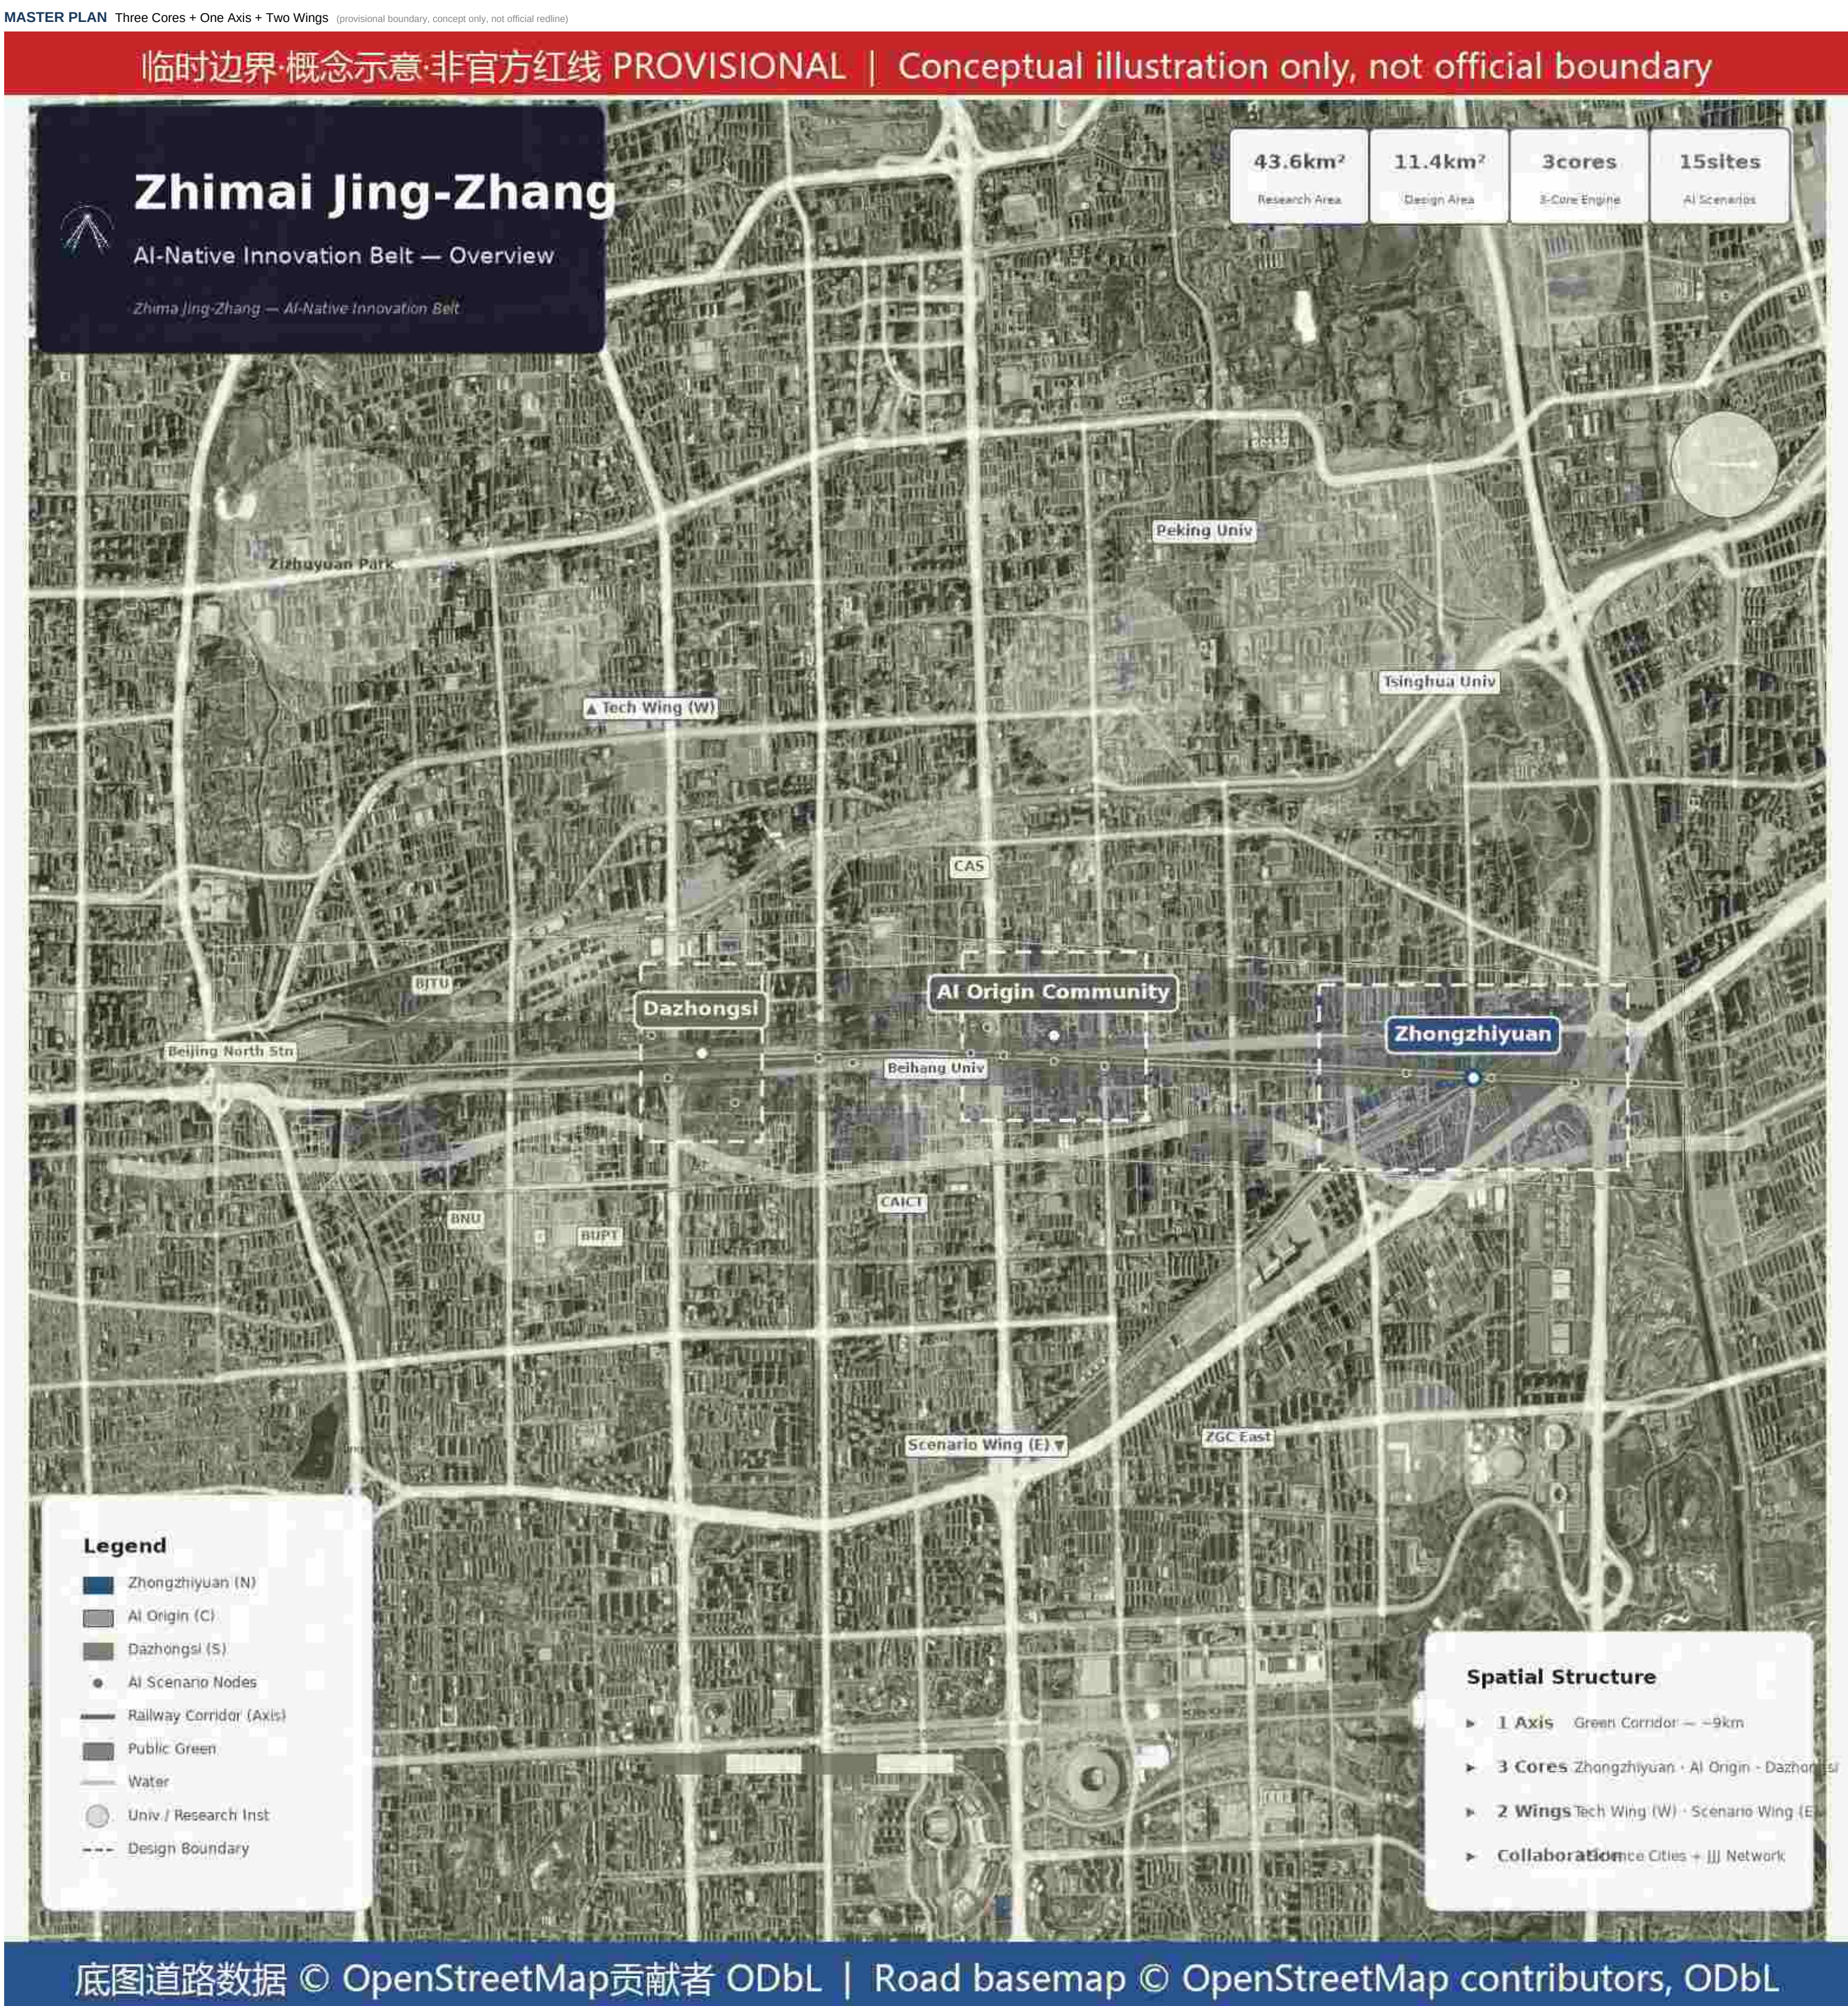

SPATIAL FRAMEWORK

One Axis	Jingzhang Green Corridor 9km
Three Cores	Zhongzhizhuan 151.9ha - AI Origin 104.3ha - Dazhongsi 72.4ha
Two Wings	Tech Service Wing (W) - Scenario Empowerment Wing (E)

15 AI SCENARIO CARDS

SC-01 Real Team Testbed	SC-04 Compute Sandbox	SC-08 Robot Delivery	SC-09 Auto Shuttle
SC-02 AI Scenario	SC-03 AI Scenario	SC-05 AI Scenario	SC-06 AI Scenario

Compliance: All spatial suggestions are conceptual/preliminary proposals for professional design/development, not formal planning or government approvals. No regulatory plan adjustments, FMR, building height considerations, specific development/development, road alignment, or investment commitments. All provisional boundaries have official, boundary/shape. All base maps are geographically down to satellite/built imagery used. Chinese Pinyin, includes Near Space SC-01, CP, L1, L2.
