

Overall framework and key areas

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

01 / OVERVIEW

One line, three courts, twelve course points

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

9.54 km

Teach-Back Line

3

handover courts

12

course points

6

renewal projects

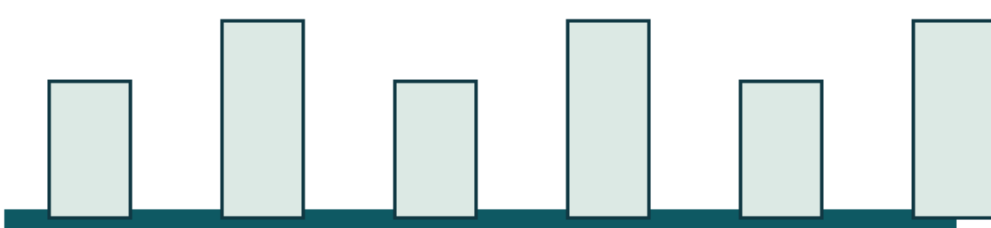

03 / KEY AREAS + LANDMARKS

Three key areas, three reversible learning landmarks

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

01

L01 Transparent Test Workshop

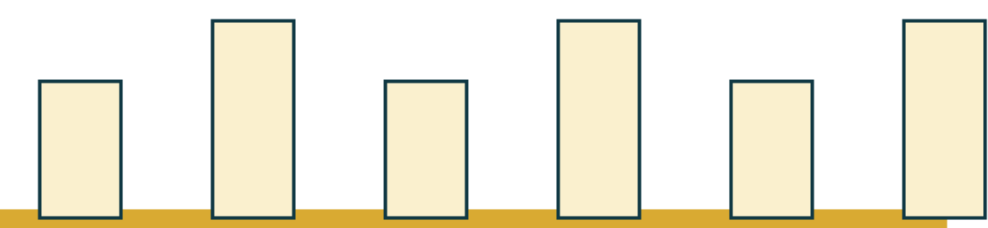

Zhongzhiyuan

test / takeover / stop

02

L02 Open-source Receipt Arcade

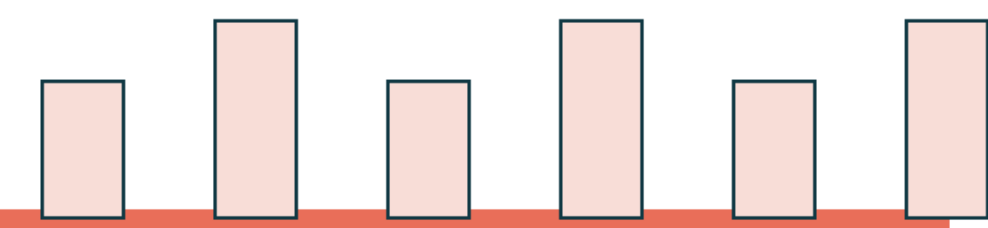

Origin Community

reproduce / withdraw / correct

03

L03 Four-quadrant City Room

Dazhongsi

route / question / receipt

Honours: reproducible contribution / responsible takeover / public correction

Evidence ID + named reviewer + expiry + appeal | removable components | professional review before development

Before AI enters the city, make responsibility, human takeover, and exit visible.

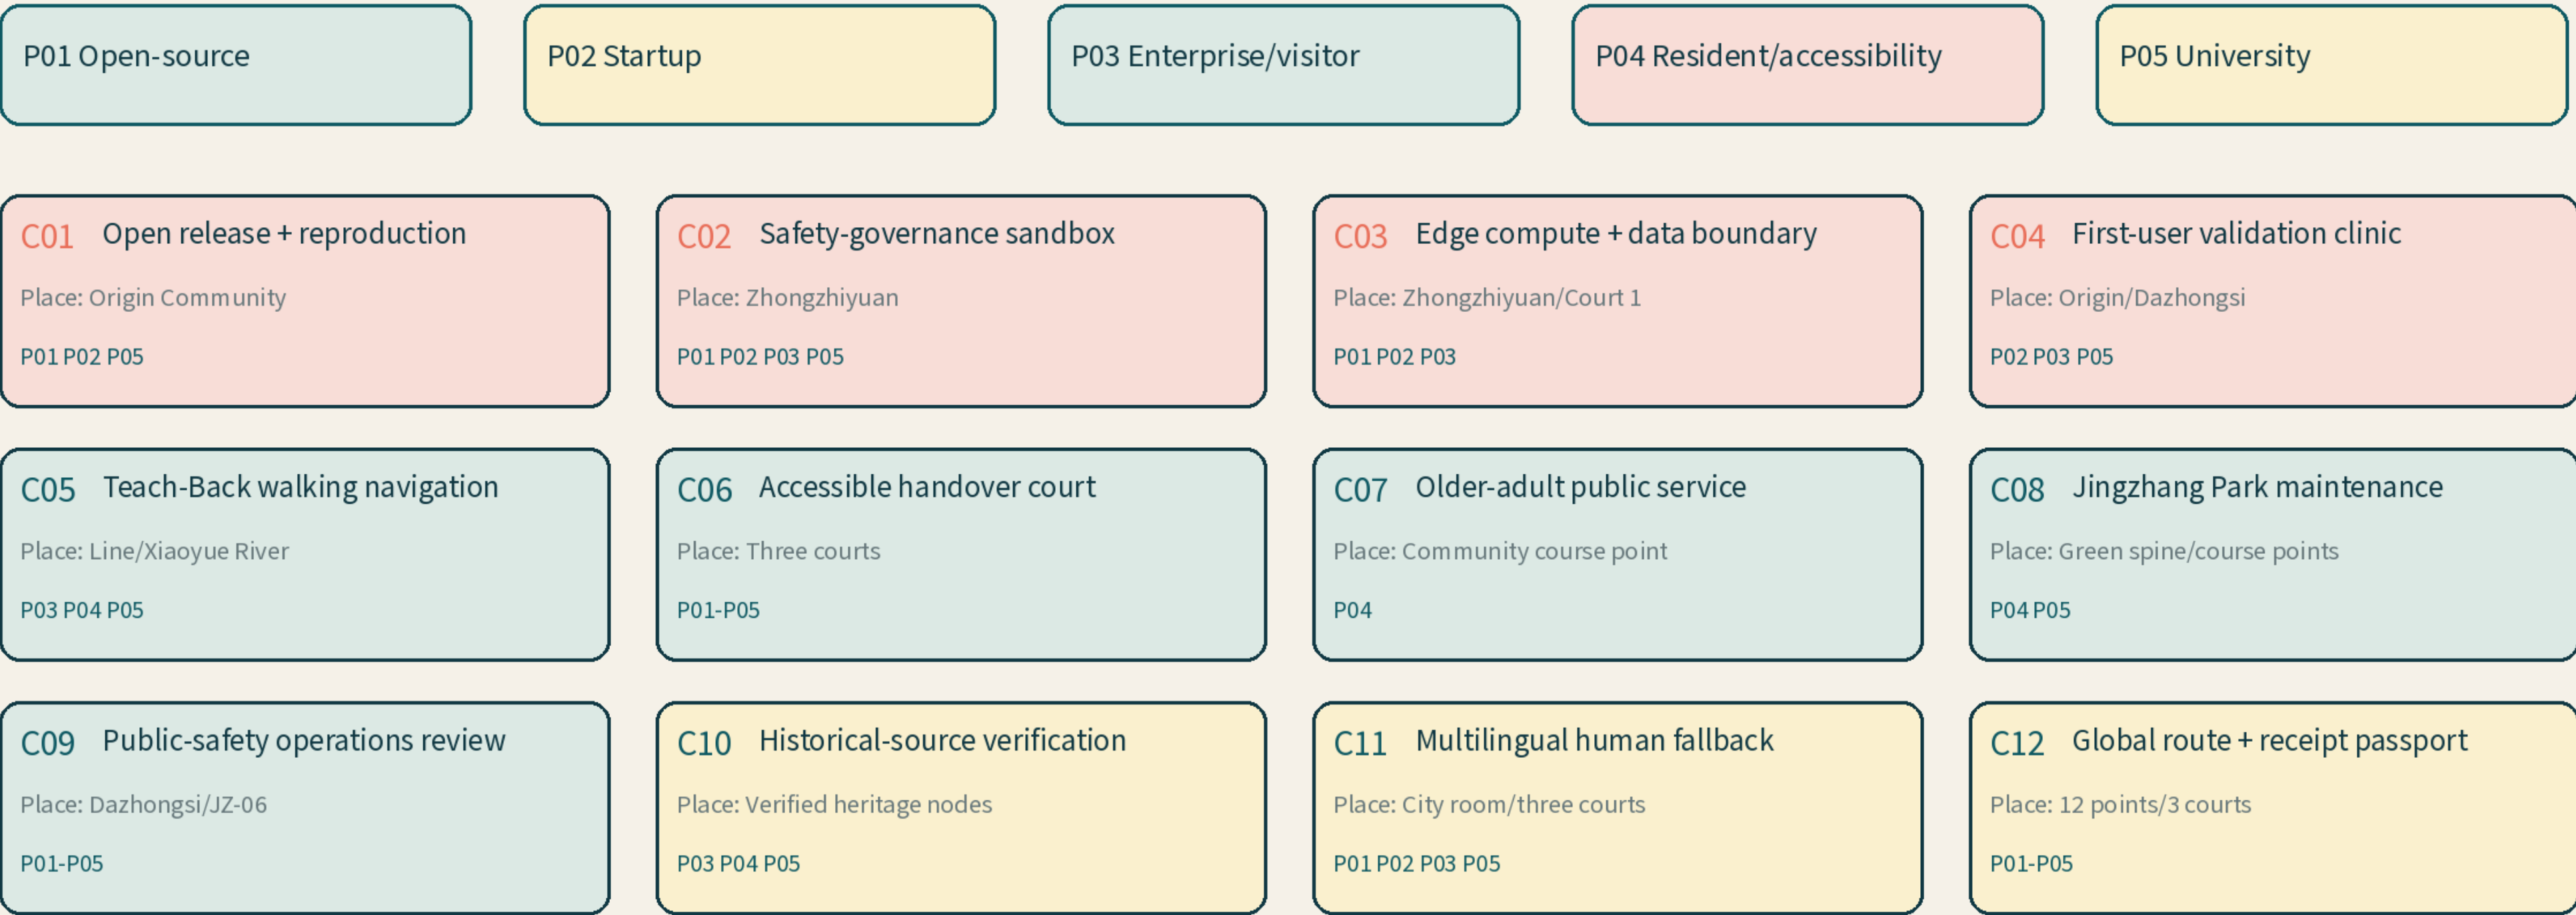

Scenarios, landmarks, and culture

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

02 / AI+ SCENARIOS

Five personas × twelve scenarios × four industry validations

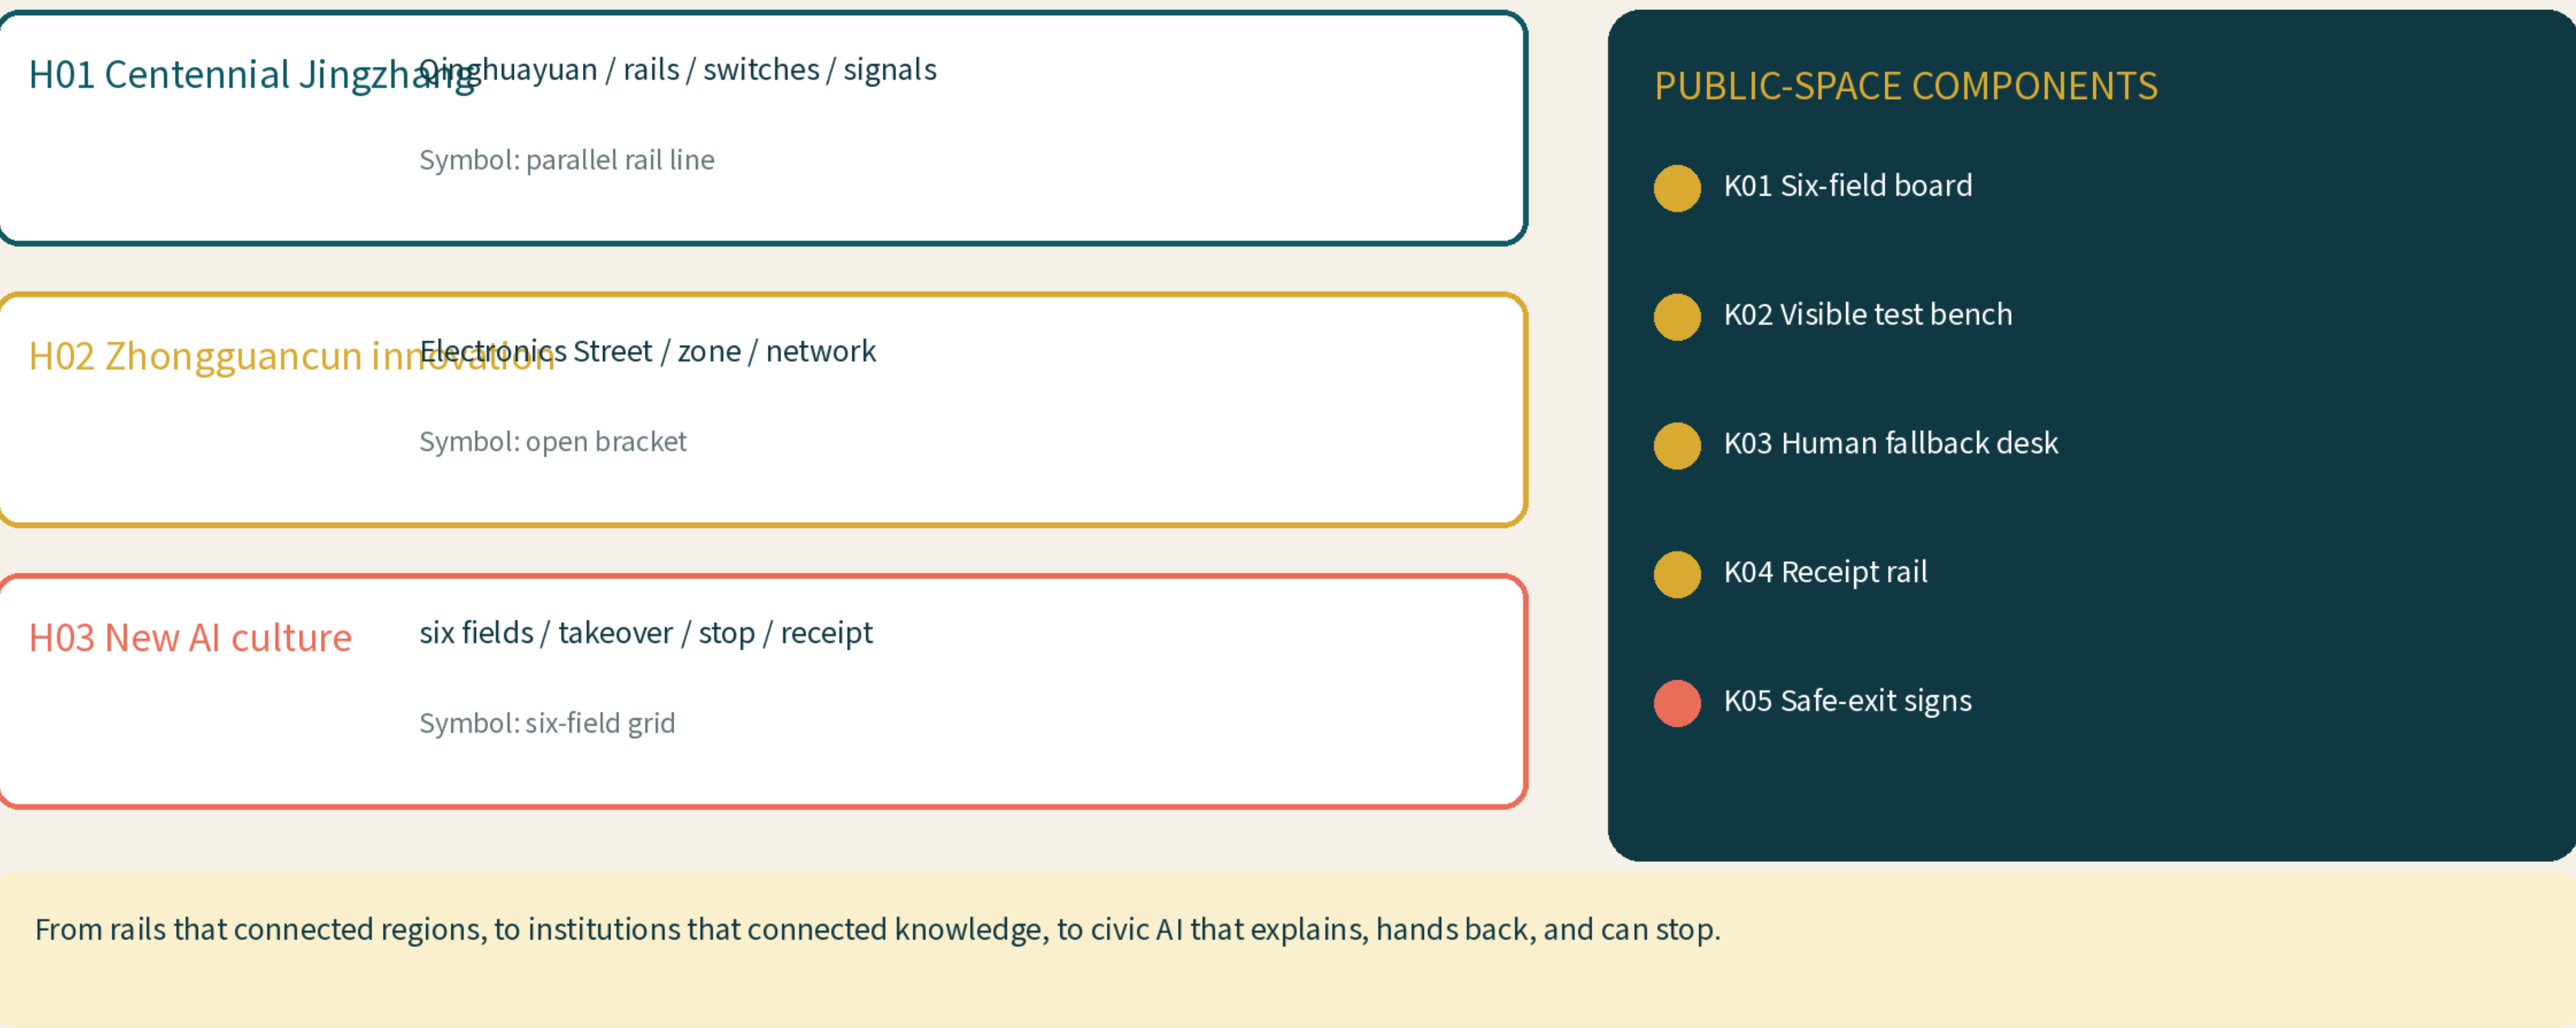

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

04 / CULTURE + COMPONENTS

Railway memory—institutional innovation—civic AI that hands back

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

Before AI enters the city, make responsibility, human takeover, and exit visible.

Operations, metrics, and review boundaries

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

05 / OPERATIONS + EVIDENCE

From entry to exit: handover-ready, pausable, reviewable

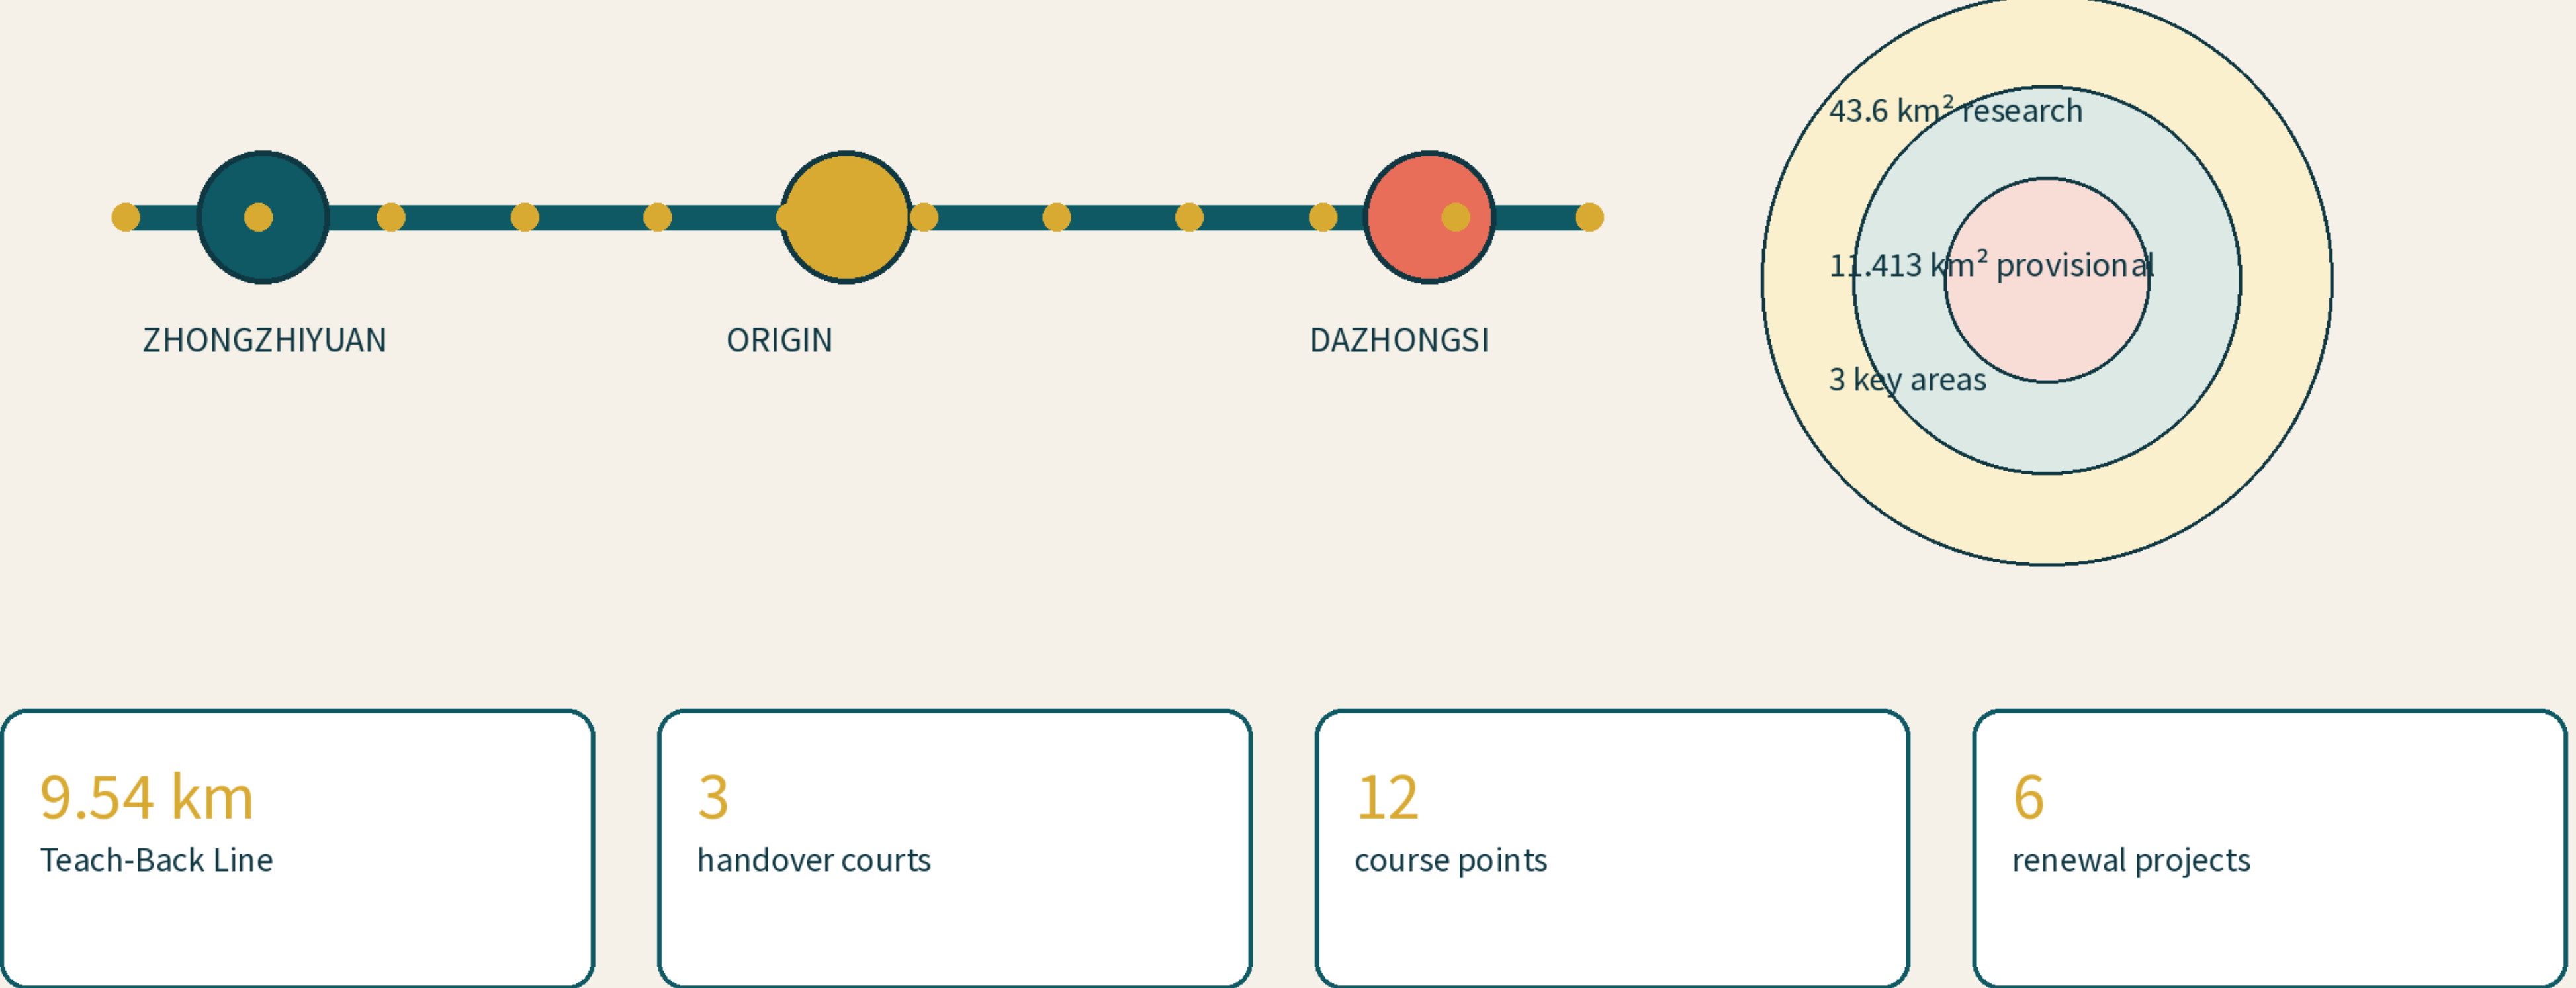

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

01 / OVERVIEW

One line, three courts, twelve course points

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

Before AI enters the city, make responsibility, human takeover, and exit visible.
