

Jingzhang LEARNLINE

Before AI enters the city, make responsibility, human takeover, and exit visible.

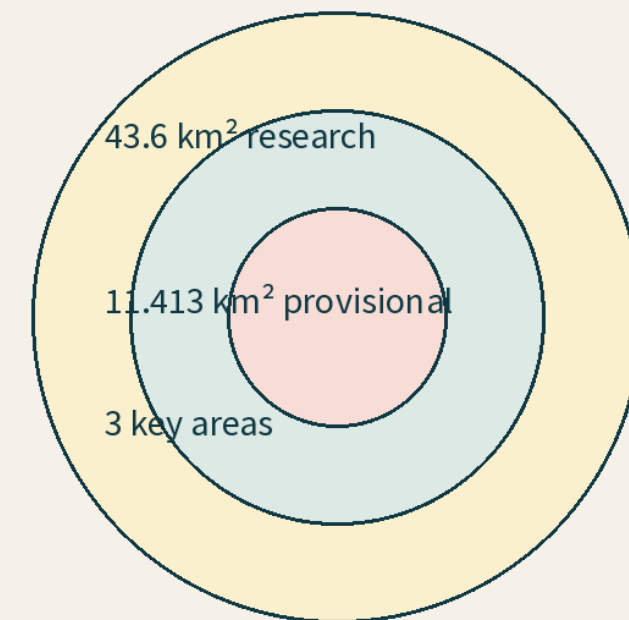

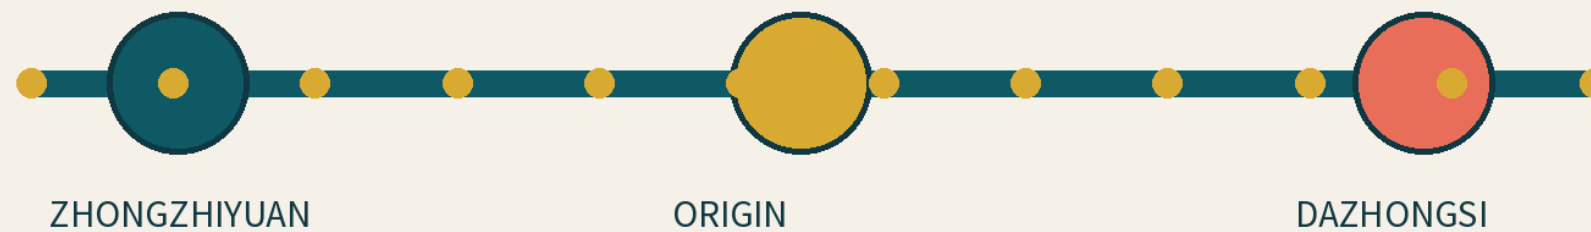

Three scopes and overall framework

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

01 / OVERVIEW

One line, three courts, twelve course points

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

9.54 km

Teach-Back Line

3

handover courts

12

course points

6

renewal projects

Three areas, two wings, five functions, differentiated key areas

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

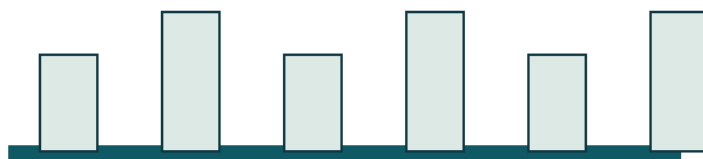

03 / KEY AREAS + LANDMARKS

Three key areas, three reversible learning landmarks

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

01

L01 Transparent Test Workshop

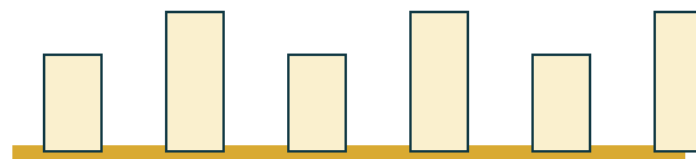

Zhongzhiyuan

test / takeover / stop

02

L02 Open-source Receipt Arcade

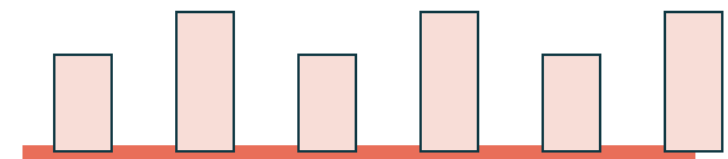

Origin Community

reproduce / withdraw / correct

03

L03 Four-quadrant City Room

Dazhongsi

route / question / receipt

Honours: reproducible contribution / responsible takeover / public correction

Evidence ID + named reviewer + expiry + appeal | removable components | professional review before development

Five personas and twelve scenarios

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

02 / AI+ SCENARIOS

Five personas × twelve scenarios × four industry validations

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

P01 Open-source

P02 Startup

P03 Enterprise/visitor

P04 Resident/accessibility

P05 University

C01 Open release + reproduction

Place: Origin Community

P01 P02 P05

C02 Safety-governance sandbox

Place: Zhongzhiyuan

P01 P02 P03 P05

C03 Edge compute + data boundary

Place: Zhongzhiyuan/Court 1

P01 P02 P03

C04 First-user validation clinic

Place: Origin/Dazhongsi

P02 P03 P05

C05 Teach-Back walking navigation

Place: Line/Xiaoyue River

P03 P04 P05

C06 Accessible handover court

Place: Three courts

P01-P05

C07 Older-adult public service

Place: Community course point

P04

C08 Jingzhang Park maintenance

Place: Green spine/course points

P04 P05

C09 Public-safety operations review

Place: Dazhongsi/JZ-06

P01-P05

C10 Historical-source verification

Place: Verified heritage nodes

P03 P04 P05

C11 Multilingual human fallback

Place: City room/three courts

P01 P02 P03 P05

C12 Global route + receipt passport

Place: 12 points/3 courts

P01-P05

C01-C04 scenario contracts

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

C01 Open release + reproduction

Problem/place | Open release + reproduction; Origin Community
Data/permission | Code/licence/model cards
Human review/operator | Open-source ops R; licence/IP/reproduction C
Non-AI | Human reproduction
KPI/receipt | Reproduction and withdrawal time; public reproduction receipt
Exit | Withdraw if rights or reproduction fail
Personas | P01 P02 P05

C02 Safety-governance sandbox

Problem/place | Safety-governance sandbox; Zhongzhiyuan
Data/permission | Authorised tests/threat model
Human review/operator | Sandbox ops R; safety/privacy/domain C
Non-AI | Fixed sheet + human judgement
KPI/receipt | Tests, takeover, residual risk; public risk receipt
Exit | Isolate for data overreach or severe risk
Personas | P01 P02 P03 P05

C03 Edge compute + data boundary

Problem/place | Edge compute + data boundary; Zhongzhiyuan/Court 1
Data/permission | Aggregated energy/latency/deletion
Human review/operator | Technical ops R; data/safety/energy C
Non-AI | Static cache + human desk
KPI/receipt | Energy, latency, retention, deletion; exception receipt
Exit | Power down after exceedance or failed deletion
Personas | P01 P02 P03

C04 First-user validation clinic

Problem/place | First-user validation clinic; Origin/Dazhongsi
Data/permission | Problem/rights/voluntary feedback
Human review/operator | Translation service R; IP/user-research C
Non-AI | Human consultation + interview
KPI/receipt | Named feedback and continue/exit; validation receipt
Exit | Exit if marketing exceeds evidence
Personas | P02 P03 P05

C05-C08 scenario contracts

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

C05 Teach-Back walking navigation

Problem/place | Teach-Back walking navigation; Line/Xiaoyue River
Data/permission | Human survey/anonymous feedback
Human review/operator | Public-space ops R; transport/accessibility C
Non-AI | Fixed signs + paper map
KPI/receipt | Non-AI completion, complaints, fixes; quarterly receipt
Exit | Stop after unsafe route or missing fallback
Personas | P03 P04 P05

C06 Accessible handover court

Problem/place | Accessible handover court; Three courts
Data/permission | Facility check/anonymous feedback
Human review/operator | Court ops R; accessibility/user representatives C
Non-AI | Large text + service desk
KPI/receipt | Alternative media for critical instructions; opening receipt
Exit | Do not open an AI-only critical step
Personas | P01-P05

C07 Older-adult public service

Problem/place | Older-adult public service; Community course point
Data/permission | Current request/voluntary contact
Human review/operator | Community service R; ageing/privacy/accessibility C
Non-AI | Human counter + phone/paper
KPI/receipt | Takeover, non-AI completion, deletion; service receipt
Exit | Stop if human transfer or rights fail
Personas | P04

C08 Jingzhang Park maintenance

Problem/place | Jingzhang Park maintenance; Green spine/course points
Data/permission | Facility ID/de-identified image
Human review/operator | Park maintenance R; landscape/ecology/flood C
Non-AI | Human patrol + paper ticket
KPI/receipt | Human confirmation, false positives, tickets; quarterly receipt
Exit | Stop after excessive false positives
Personas | P04 P05

C09-C12 scenario contracts

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

C09 Public-safety operations review

Problem/place | Public-safety operations review; Dazhongsi/JZ-06
Data/permission | Exercise/environment counts
Human review/operator | Event-safety ops R; fire/privacy/accessibility C
Non-AI | Manual plan + public address
KPI/receipt | Confirm, act, revoke, shut down; drill receipt
Exit | Stop identity use or automated enforcement
Personas | P01-P05

C10 Historical-source verification

Problem/place | Historical-source verification; Verified heritage nodes
Data/permission | Government sources/cleared metadata
Human review/operator | Culture-course ops R; rail history/heritage/copyright C
Non-AI | Bilingual label + human guide
KPI/receipt | Source, human review, correction; history receipt
Exit | Remove disputed or uncleared content
Personas | P03 P04 P05

C11 Multilingual human fallback

Problem/place | Multilingual human fallback; City room/three courts
Data/permission | Public info/approved glossary
Human review/operator | Multilingual service R; translation/safety/accessibility C
Non-AI | Fixed bilingual + interpreter
KPI/receipt | Human-reviewed text, versions, complaints; correction receipt
Exit | Stop after safety mistranslation
Personas | P01 P02 P03 P05

C12 Global route + receipt passport

Problem/place | Global route + receipt passport; 12 points/3 courts
Data/permission | Anonymous stamp/event status
Human review/operator | Event ops R; transport/safety/privacy/international C
Non-AI | Paper passport + volunteers
KPI/receipt | Non-AI completion, capacity, exit; route receipt
Exit | Shorten or cancel for capacity/safety
Personas | P01-P05

agent.4 | Landmarks, honours, and components

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

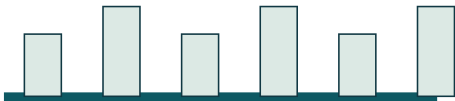

03 / KEY AREAS + LANDMARKS

Three key areas, three reversible learning landmarks

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

01

L01 Transparent Test Workshop

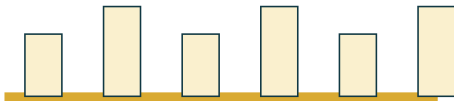

Zhongzhiyuan

test / takeover / stop

02

L02 Open-source Receipt Arcade

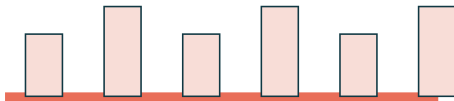

Origin Community

reproduce / withdraw / correct

03

L03 Four-quadrant City Room

Dazhongsi

route / question / receipt

Honours: reproducible contribution / responsible takeover / public correction

Evidence ID + named reviewer + expiry + appeal | removable components | professional review before development

L01-L03

Three reversible learning landmarks with operating and professional boundaries.

荣誉

Reproducible contribution / responsible takeover / public correction; evidence, expiry, appeal.

K01-K05

Six-field board, test bench, fallback desk, receipt rail, safe-exit signs.

agent.5 | Three-layer culture and international expression

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

04 / CULTURE + COMPONENTS

Railway memory—institutional innovation—civic AI that hands back

Provisional design model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

H01 Centennial Jingzhang Qinghuayuan / rails / switches / signals

Symbol: parallel rail line

H02 Zhongguancun innovation Electronics Street / zone / network

Symbol: open bracket

H03 New AI culture six fields / takeover / stop / receipt

Symbol: six-field grid

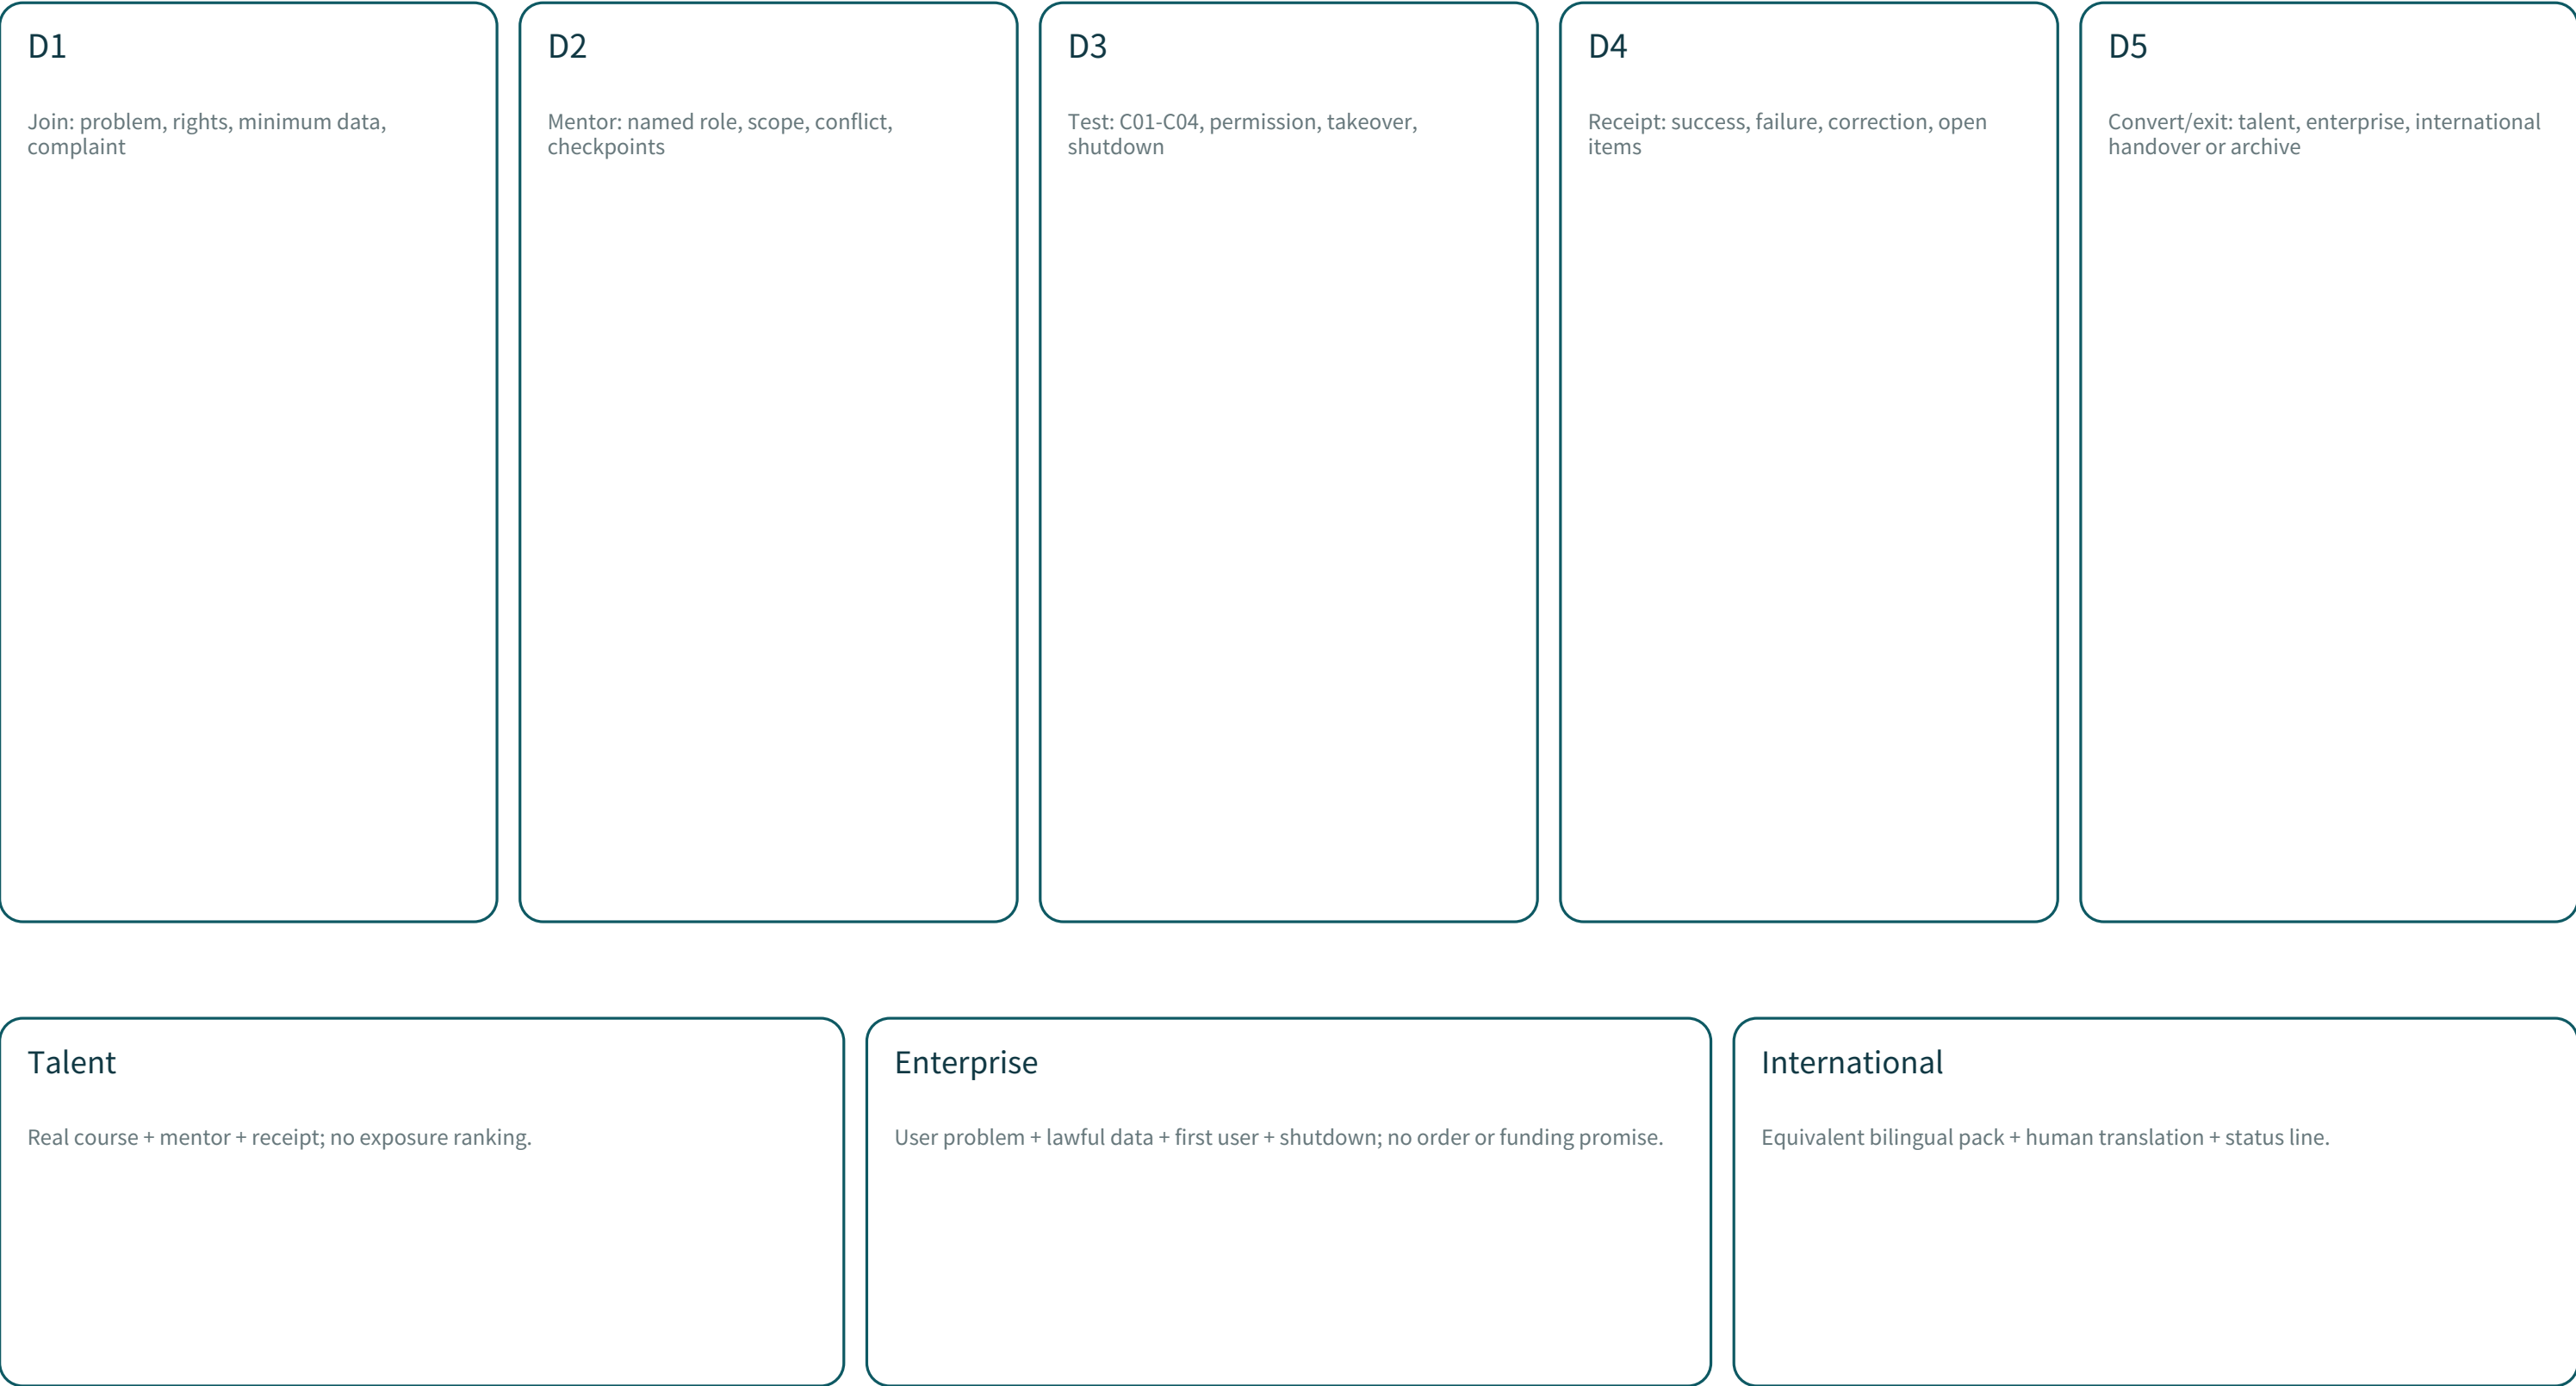

PUBLIC-SPACE COMPONENTS

- K01 Six-field board
- K02 Visible test bench
- K03 Human fallback desk
- K04 Receipt rail
- K05 Safe-exit signs

From rails that connected regions, to institutions that connected knowledge, to civic AI that explains, hands back, and can stop.

agent.6 | Five-step developer chain

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

Seasonal events and seven scenario-opening gates

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

Spring Open Course

non-AI completion, takeover, complaint closure; course receipt

Summer Test Week

coverage, residual risk, deletion; risk receipt

Autumn Forum

failures/corrections, open-item closure; forum receipt

Winter Shutdown Drill

takeover, non-AI completion, misleading points; shutdown review

SEVEN GATES

problem owner | data permission | human review | non-AI route | safety/accessibility | complaint | immediate stop

Metrics, sources, and next triggers

Provisional model | not an official redline, statutory plan, or engineering basis | rebuild with official geometry

Metrics

11.413 km² provisional | 32.75% concept green | 4.33% course public space | 9.54 km line

Sources

brief/taskbook | 6 ecosystem cases | Jingzhang planning/phases | Zhongguancun culture/history | OFL font

Official-data trigger

Rebuild all geometry, metrics, figures, HTML, and PDFs after official boundaries and professional inputs arrive.

Current status boundary

Concept proposal; no approval, funding, engineering-feasibility, or legal-clearance claim.
