

Jingzhang Everyday Commons | 01

Formal concept board / provisional

Jingzhang Everyday Commons

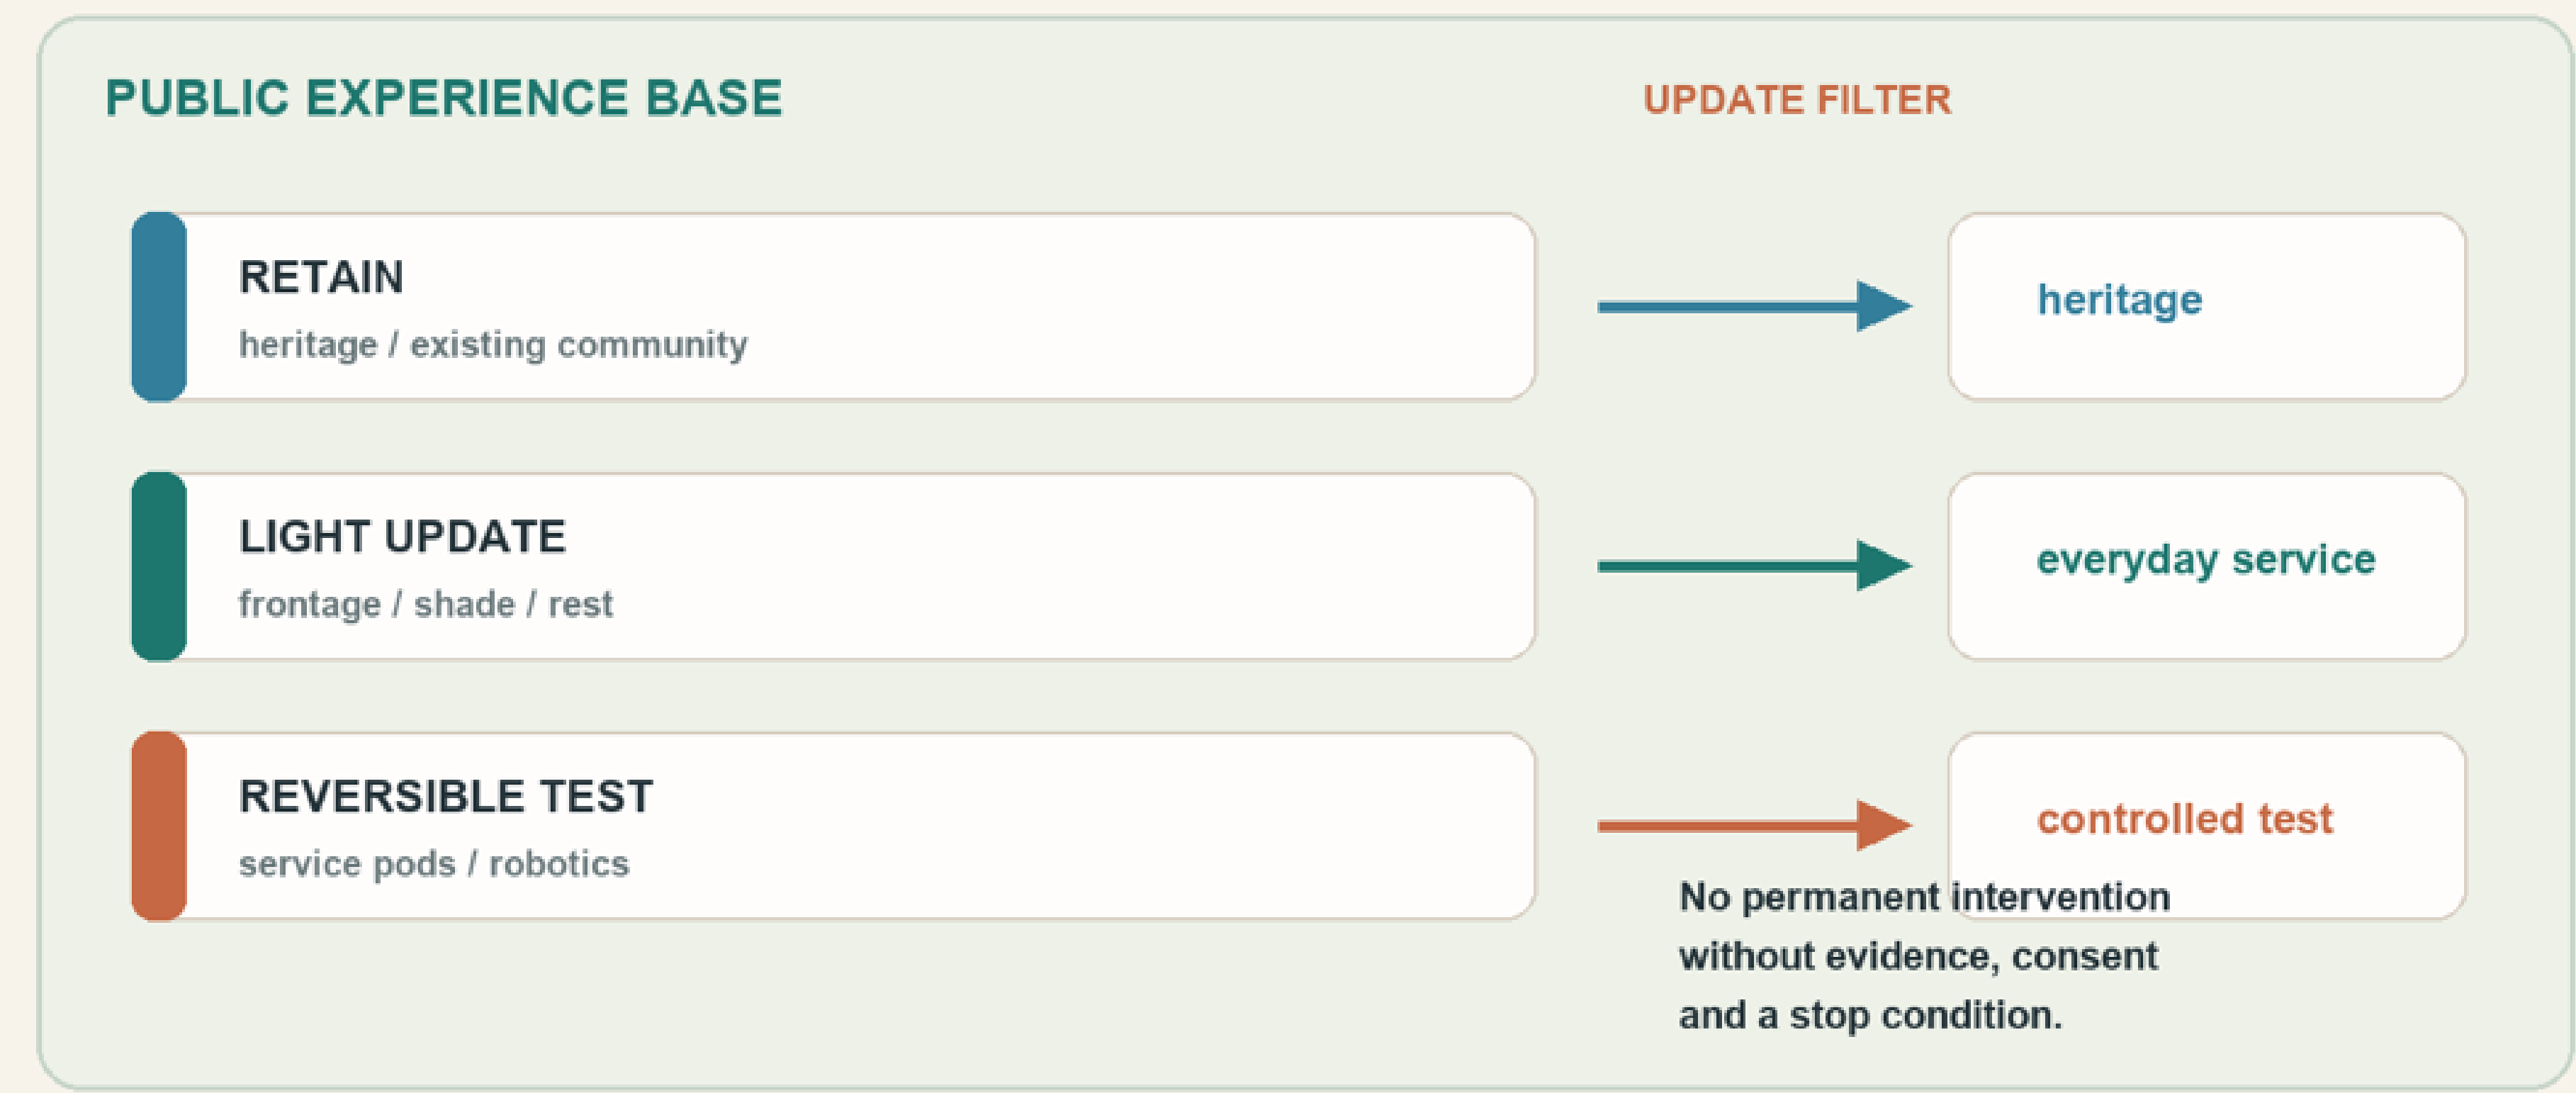

One public experience loop connecting heritage, AI services and everyday life

Conceptual layer only | provisional | not an official redline or approval basis

Land-use and update logic

Retain first, update lightly, test reversibly

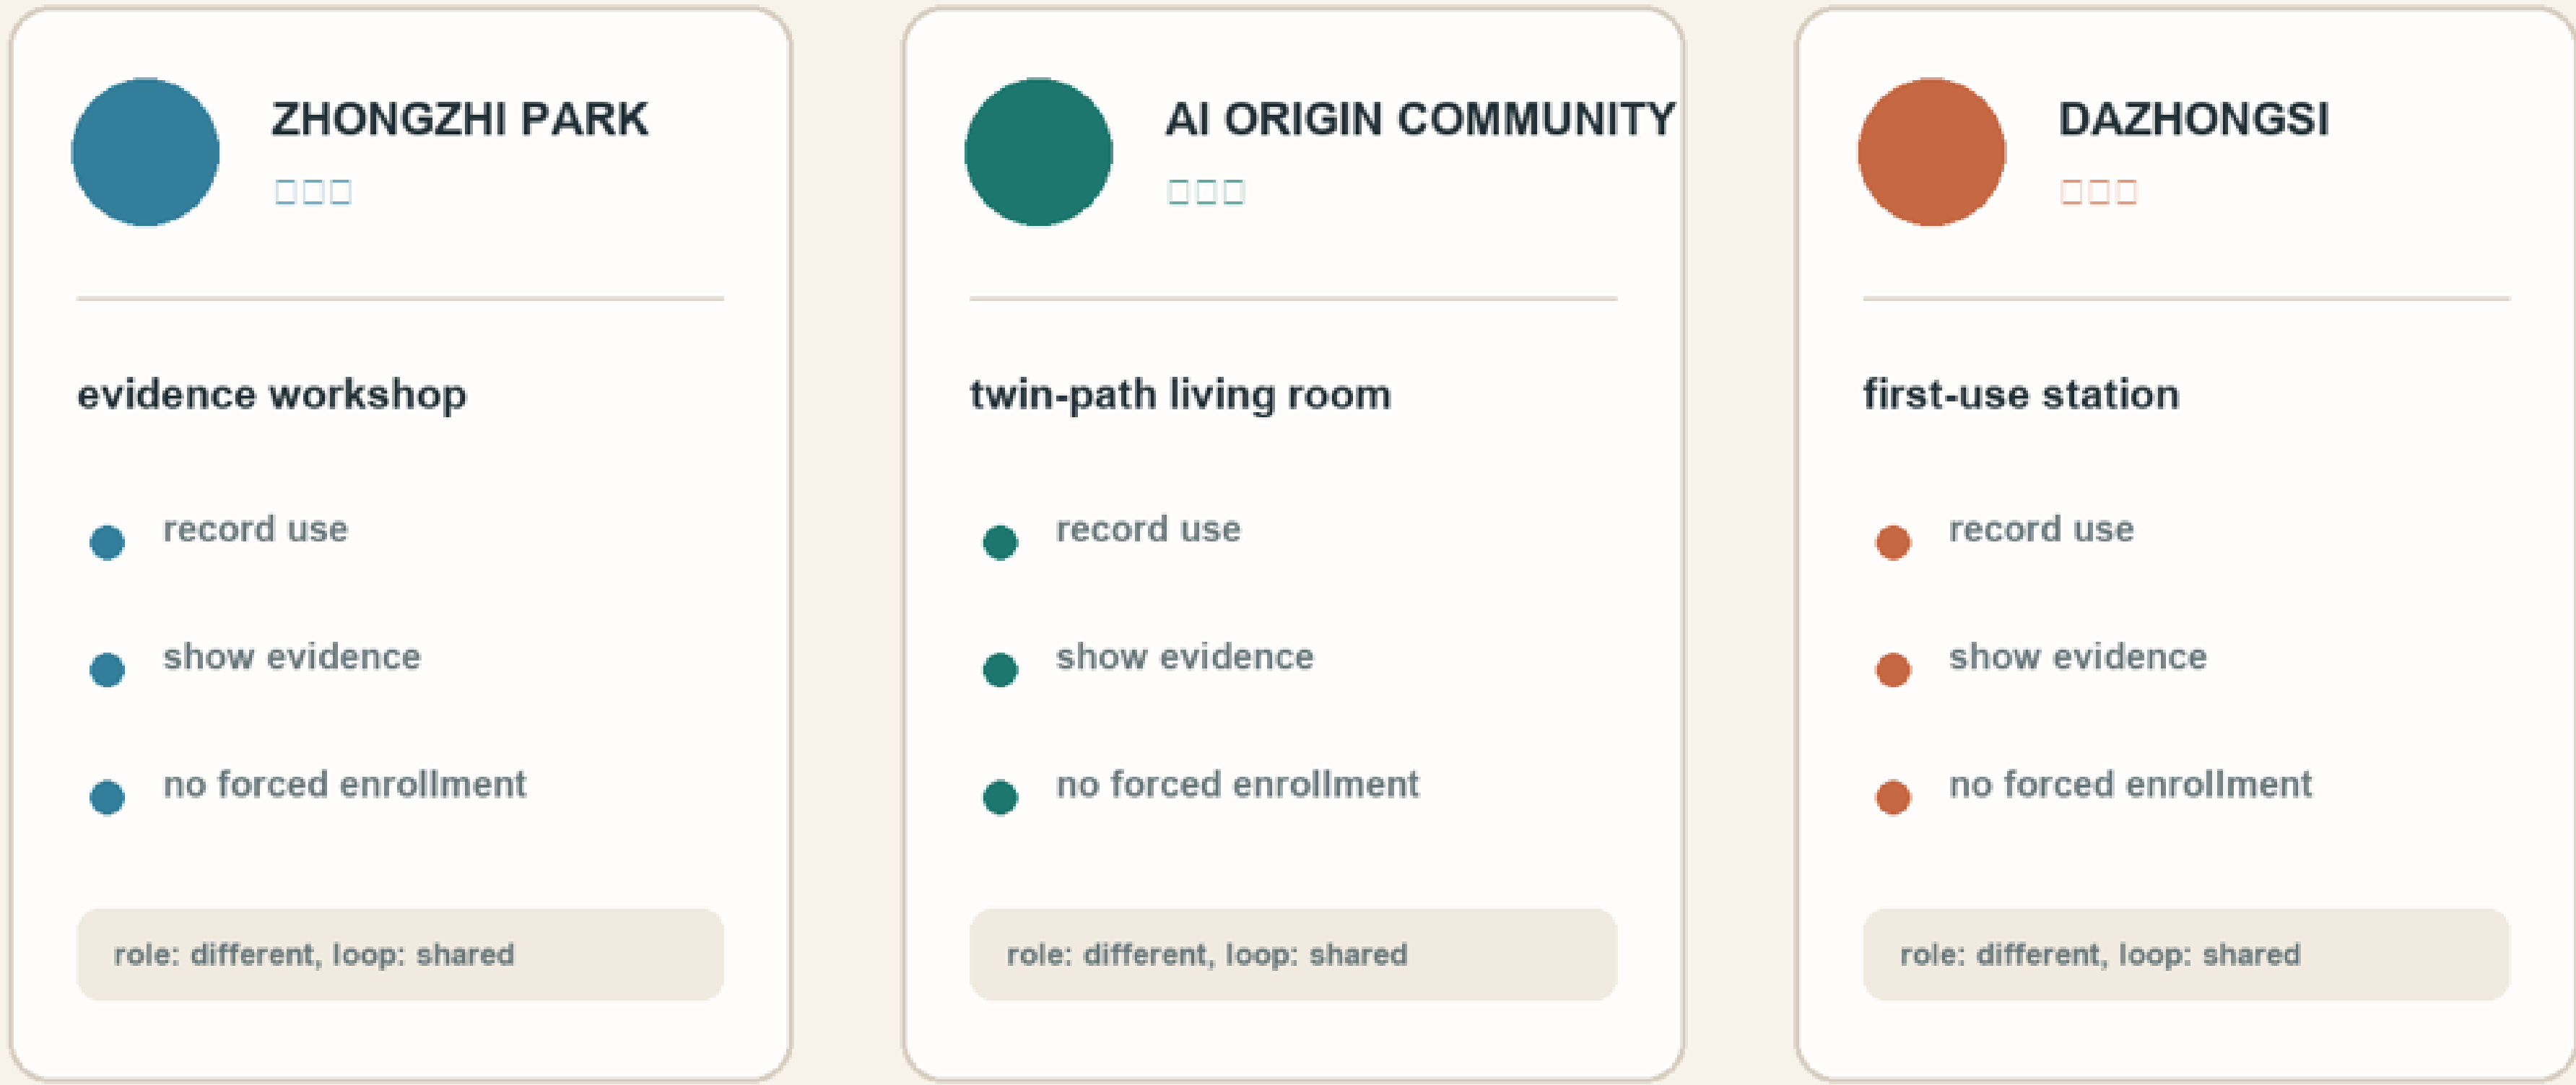

Conceptual layer only | provisional | not an official redline or approval basis

Jingzhang Everyday Commons | 02

Formal concept board / provisional

Three key areas, three jobs

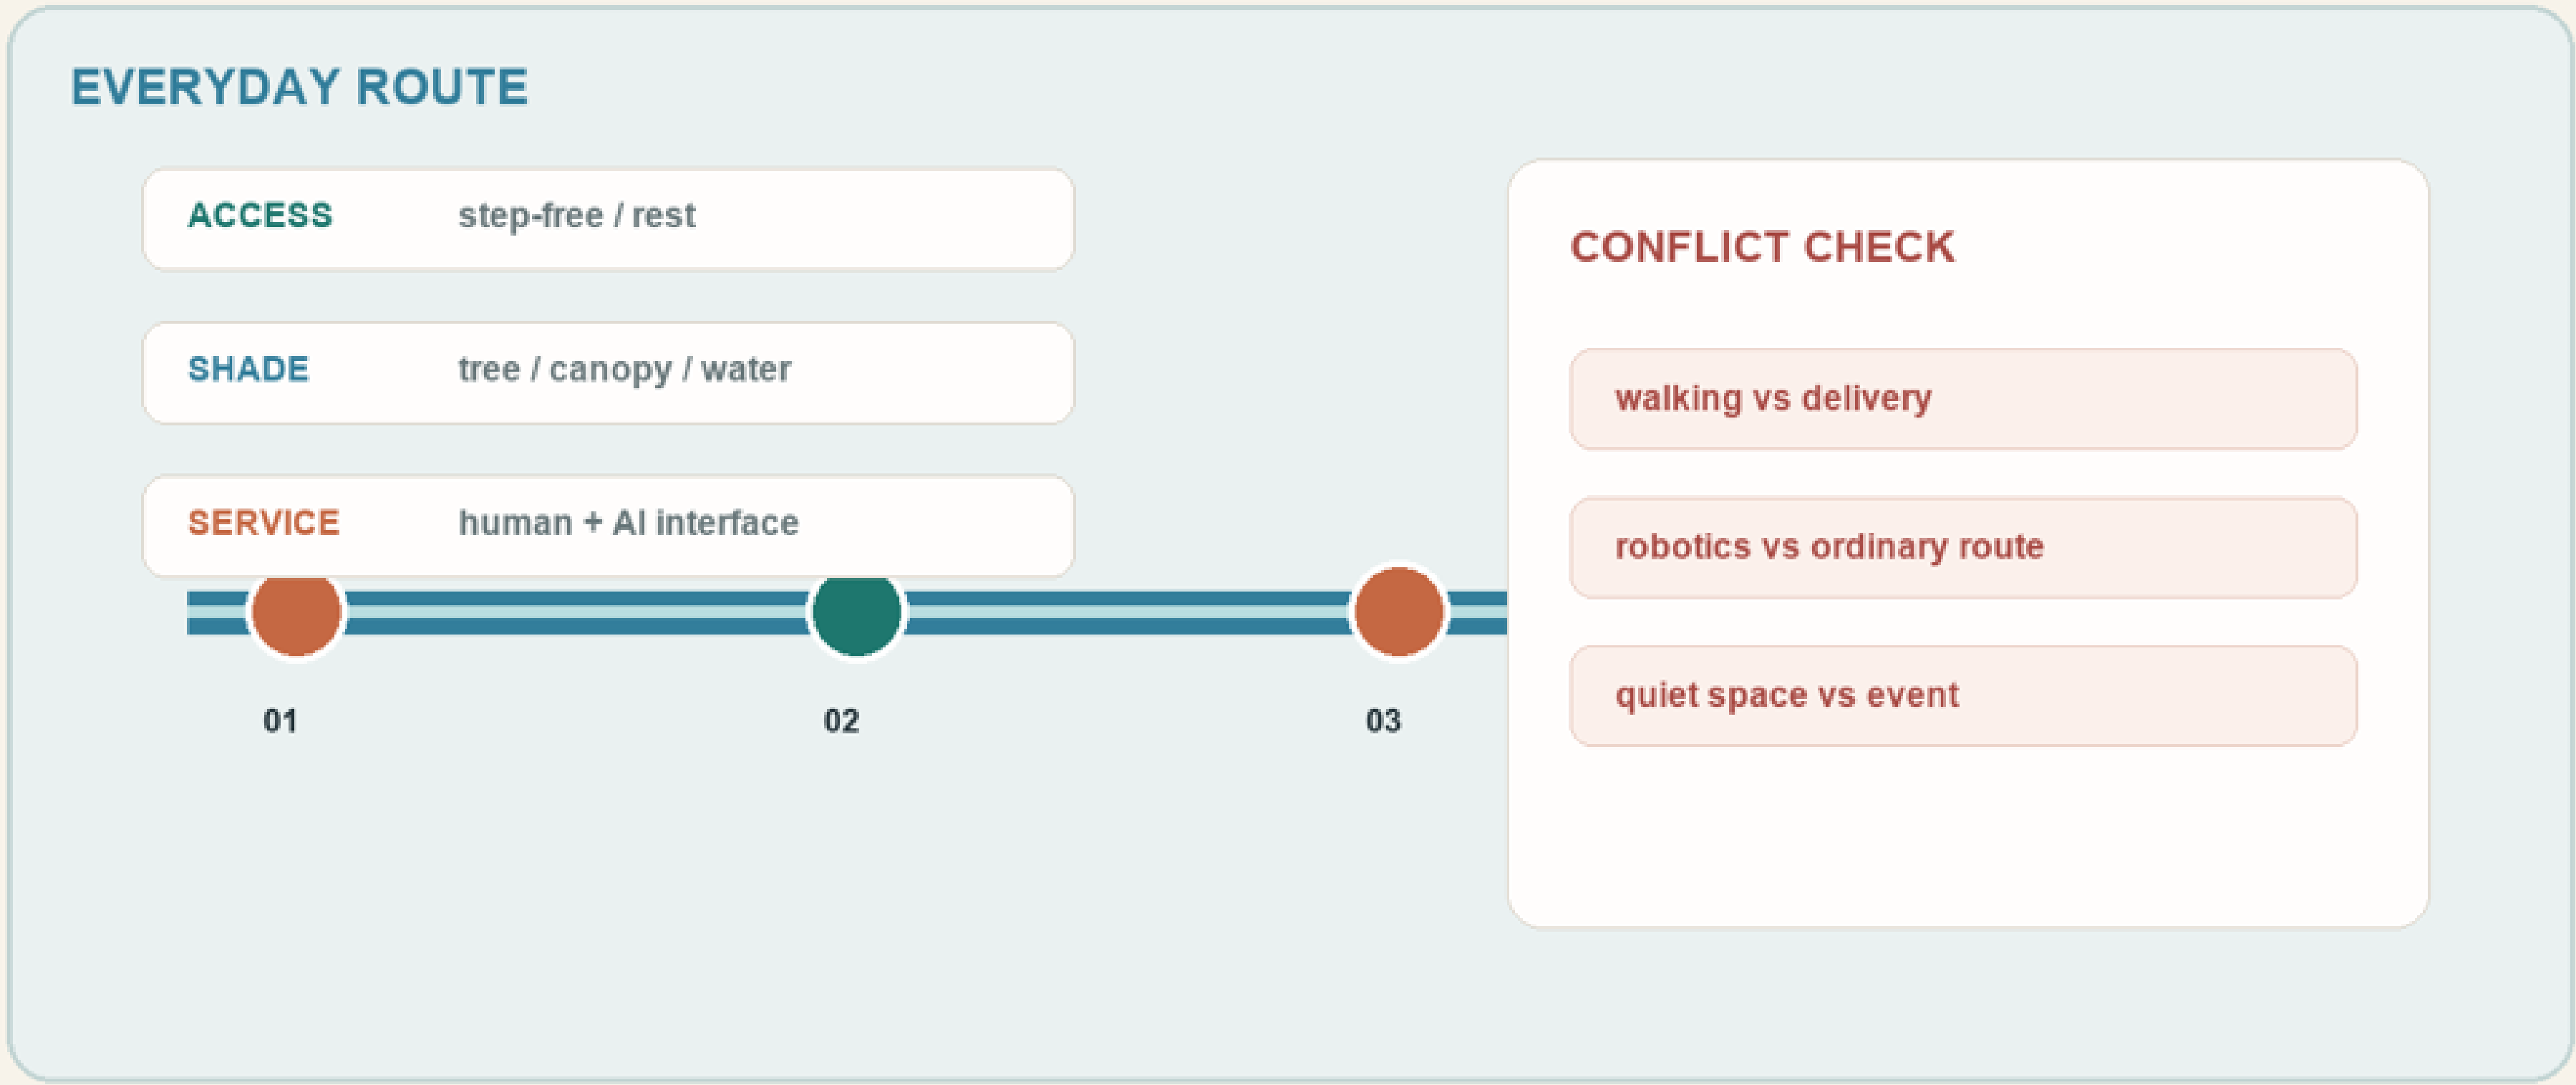

Same loop, different evidence and experience at each node

Conceptual layer only | provisional | not an official redline or approval basis

Mobility, blue-green and public-space relationship

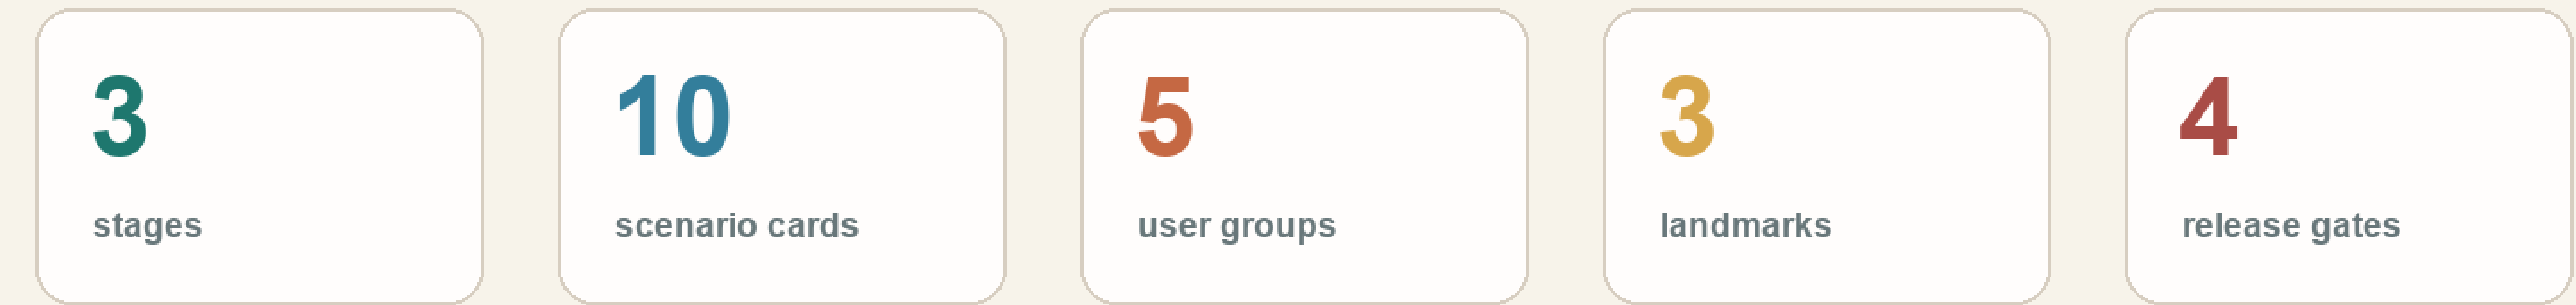

A readable route before a beautiful rendering

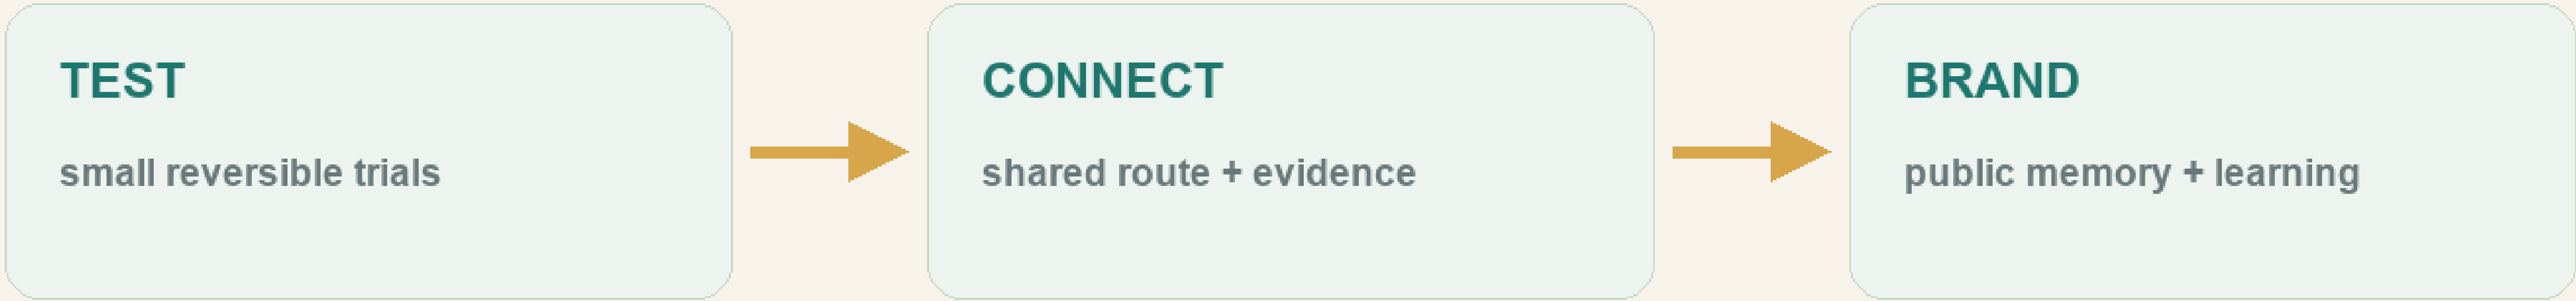

Conceptual layer only | provisional | not an official redline or approval basis

Metrics and evidence chain

Targets are provisional until formal data and human review are available

THREE-STAGE LOOP

AI path → human exit → correction → stop
