

CARE • JZ Yilao Zhihuan: Barrier-Free & Age-Friendly

Environment System (Concept) - Jingzhang AI Belt, Haidian

Scope hierarchy (official caliber)

Overall study scope approx. 43.6 km2

Overall design scope approx. 11.4 km2

Key areas total approx. 368.4 ha

This package: sub-topic inside the

overall design scope - barrier-free

and age-friendly system (concept)

Boundaries/points are provisional:

not official redlines; full recompute

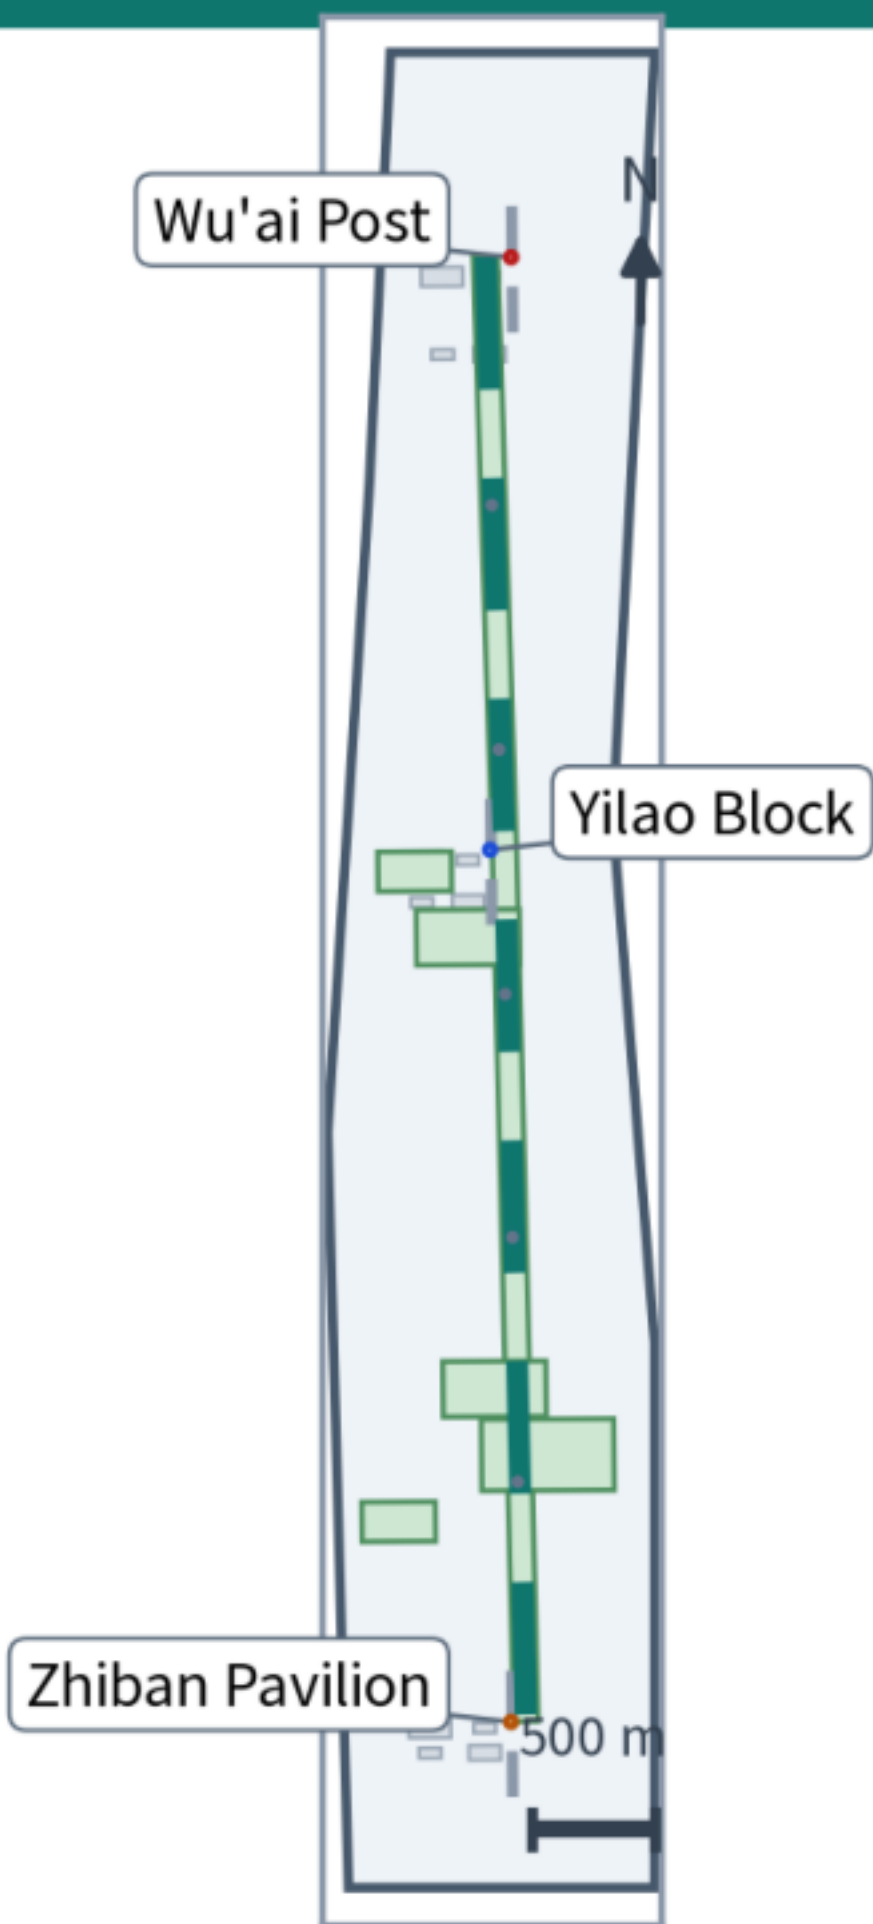

after official geometry release.

Overall Design Overview: Scope Hierarchy and Node System (Provisional Geometry)

CARE • JZ Yilao Zhihuan | Concept proposal

Legend

- Overall scope (provisional)
- Heritage park green belt
- Key area outlines (concept)
- Building volumes (retention)
- Accessible spine (concept)
- Stitching links (concept)
- Wu'ai / Yilao / Zhiban nodes
- AI scenario nodes (5)
