

JINGZHANG TOOLROOM: A Borrowable, Understandable, Returnable Public AI Toolkit

FORMAL OPEN CALL · CONCEPTUAL PACKAGE · PROVISIONAL GEOMETRY

01

工具检验台 / TEST

Standards, safety and device tools are trialled with people in the loop.

02

方法借阅室 / BORROW

Turn capability into learnable, repeatable—and declinable—public methods.

03

归还反馈台 / RETURN

Trials return actionable feedback, not irreversible personal data.

04

三重保障 / GUARANTEES

Data minimisation, human review, analogue fallback and a pause mechanism.

05

十张场景卡 / SCENARIOS

Mobility, learning, service, accessibility, repair and public display.

06

实施前提 / CONDITIONS

Does not replace professional verification of boundaries, ownership, controls, engineering or approvals.

Aspatialandoperationalprototype:movefromdisplayingAltoborrowing,understandingandreturningpublicAItools.
