

THE JING-ZHANG AI MERIDIAN

京张智脉

Centennial Jing-Zhang AI Innovation Belt · Open-source urban design proposal · A3 booklet

One meridian, three hubs · two wings, six loops · AI begins from the human origin

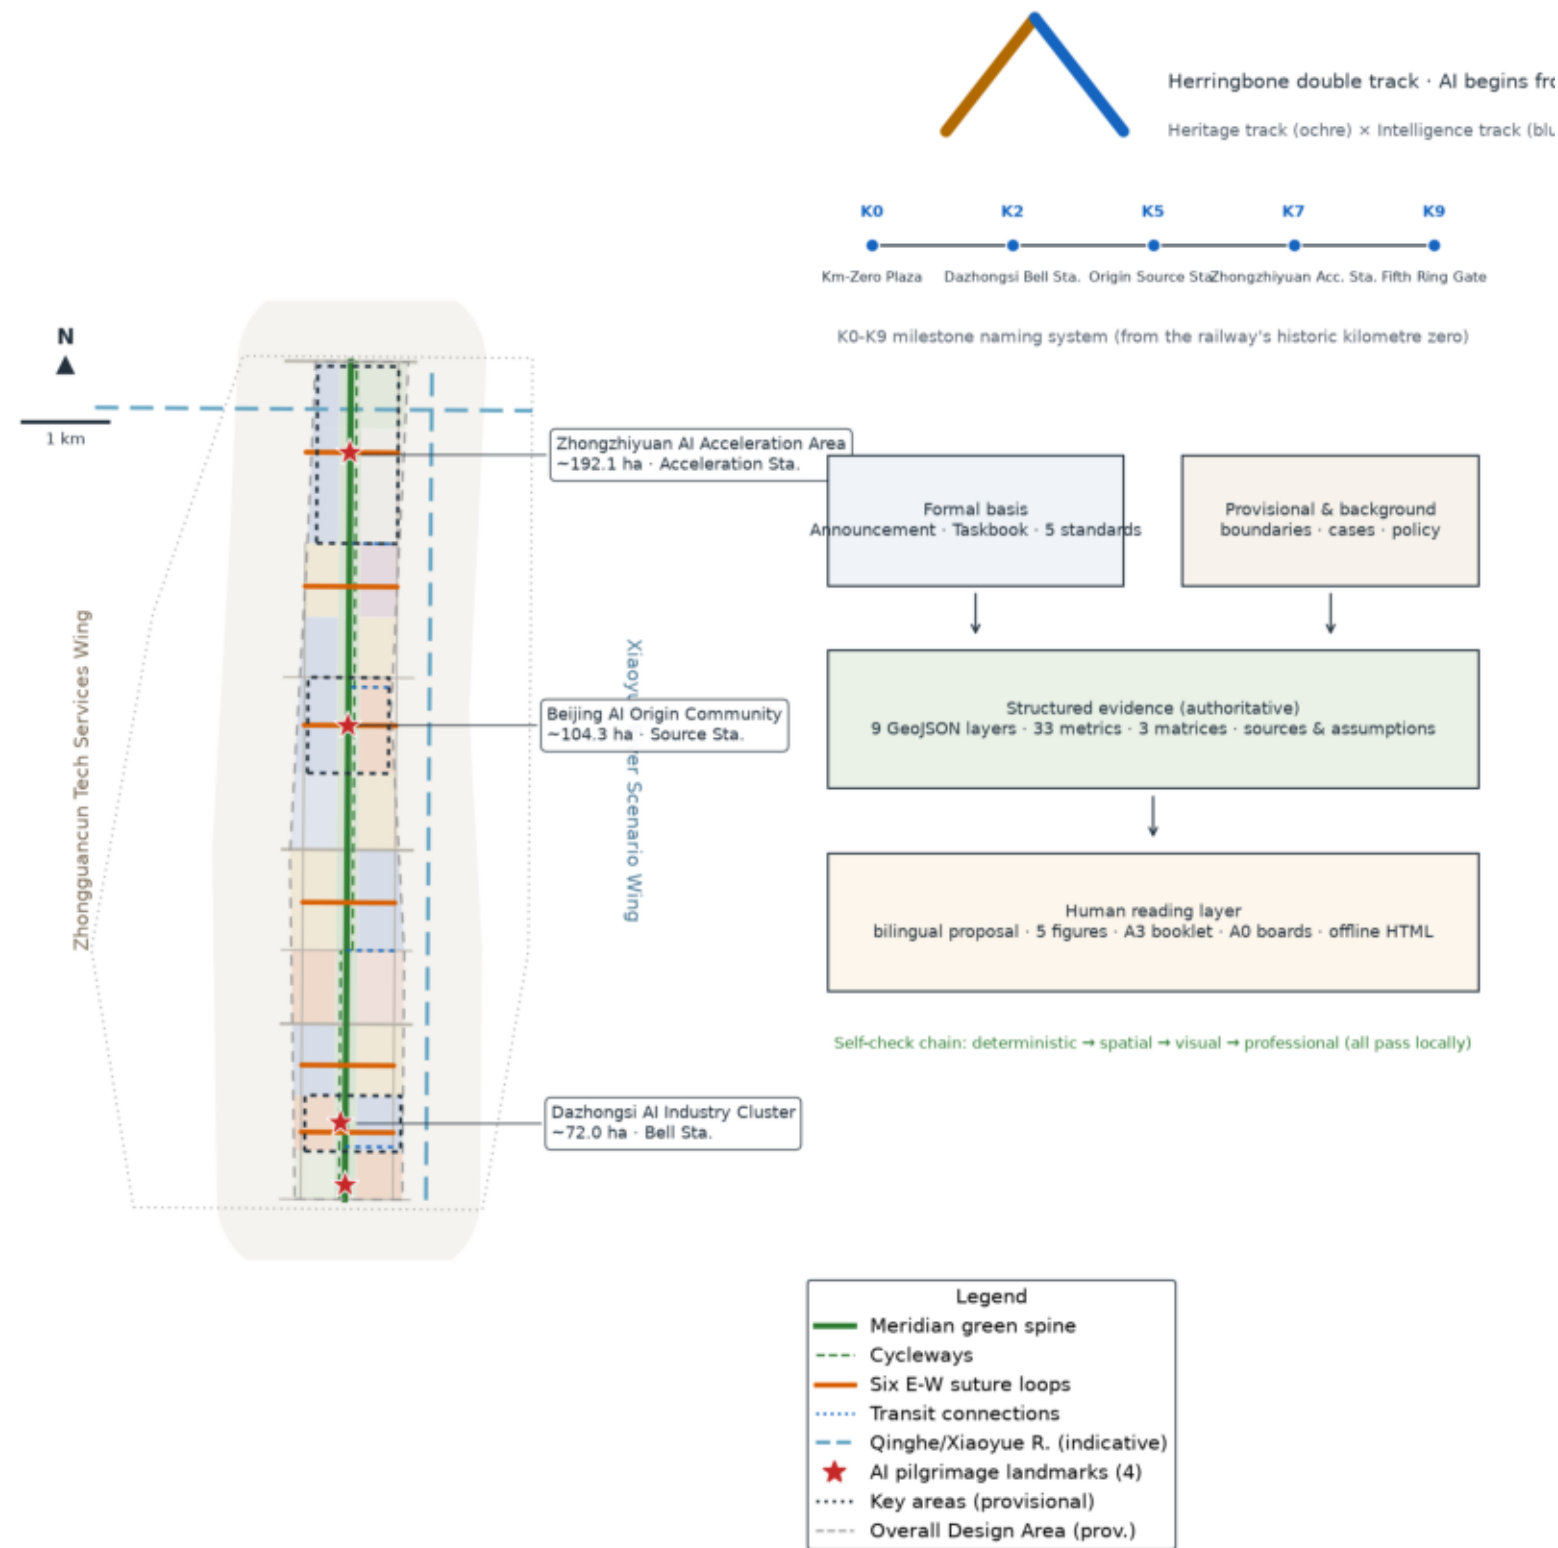

By Claude Agent × sofizhang (GitHub open-call submission) · 2026-08-10 · v1.0

Presentation booklet; structured data (GeoJSON/JSON) is authoritative. All spatial content is conceptual, for professional deepening; provisional rough boundaries only; no government approval or commitment implied.

01 · Concept & evidence: one meridian, three hubs, two wings, six loops

Fig.1 Concept & evidence overview: one meridian, three hubs, two wings, six loops

The Jing-Zhang AI Meridian · Conceptual recommendation, for professional deepening

Data: package geometry/*.geojson + metrics.json (recomputed in EPSG:4548) · self-drawn basemap, no external map data
Provisional rough boundary (dashed): not an official redline, not for precise areas; full recalculation once official data arrives

Key judgments

- the rail-left linear space is the artery
- three key areas = innovation hubs
- six loops re-stitch east & west fabric
- two wings allocate factors & validate

Brand direction

- name: The Jing-Zhang AI Meridian
- logo: herringbone double track
- K0-K9 milestone naming
- motto: AI begins from the human origin

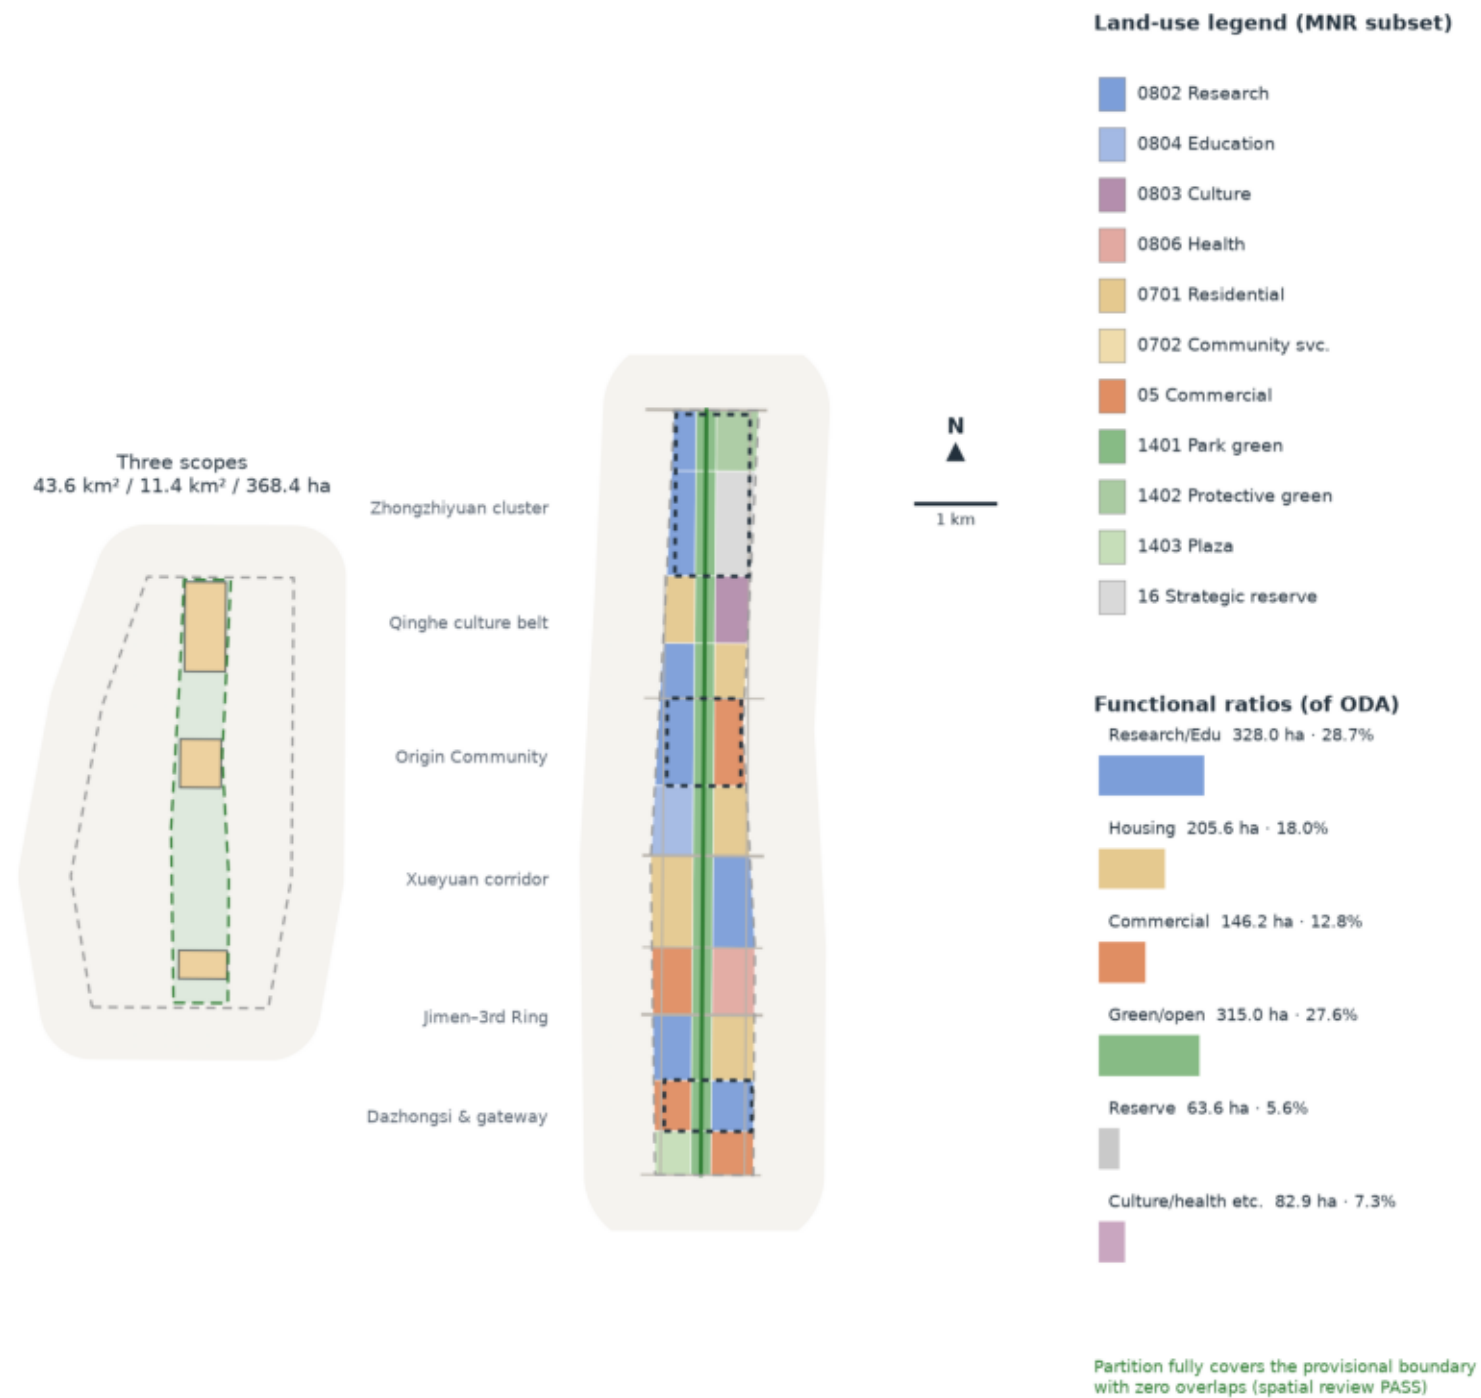

Evidence architecture

- narrative = human layer
- GeoJSON/metrics/matrices = audit layer
- four local reviews all pass

02 · Three-level scopes & land-use structure

Fig.2 Three-level scope & land-use structure (33 conceptual units, full partition)

Conceptual land-use recommendation, not a statutory approval · areas in EPSG:4548

Data: package geometry/*.geojson + metrics.json (recomputed in EPSG:4548) · self-drawn basemap, no external map data
Provisional rough boundary (dashed): not an official redline, not for precise areas; full recalculation once official data arrives

Three scopes (announced)

- research 43.6 km²
- overall design 11.4 km² (11.41 recomputed)
- key areas 368.4 ha (369.3 recomputed)

Land-use ratios (33 units)

- research/education 28.7%
- housing/community 18.0%
- commercial 12.8%
- green/open 27.6%
- strategic reserve 5.6%

Nature

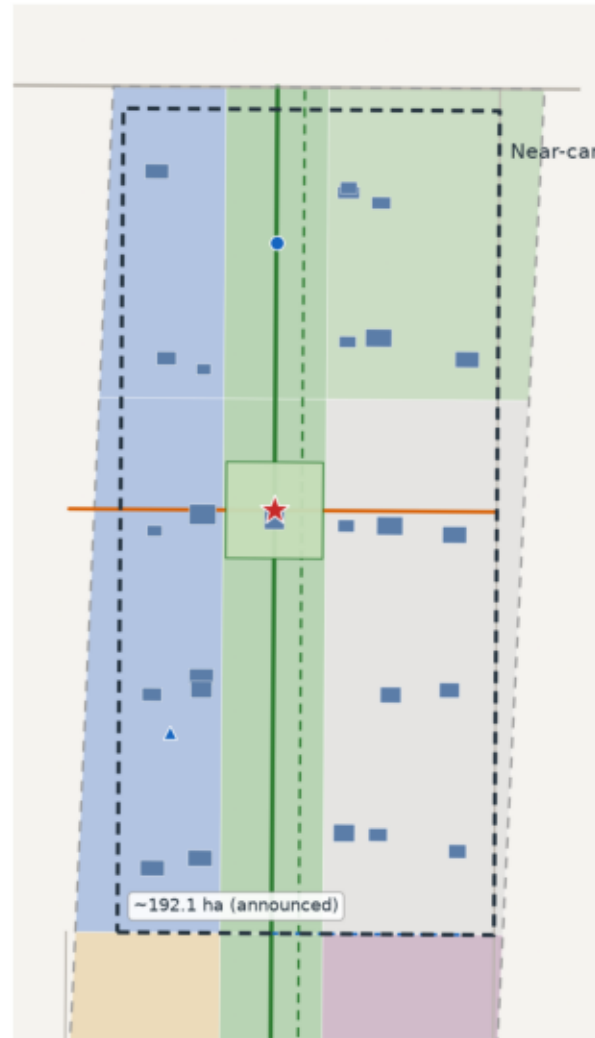

- conceptual ratios, not statutory
- full cover, zero overlap (PASS)
- provisional boundary, recalculated later

03 · Key-area detailed design index

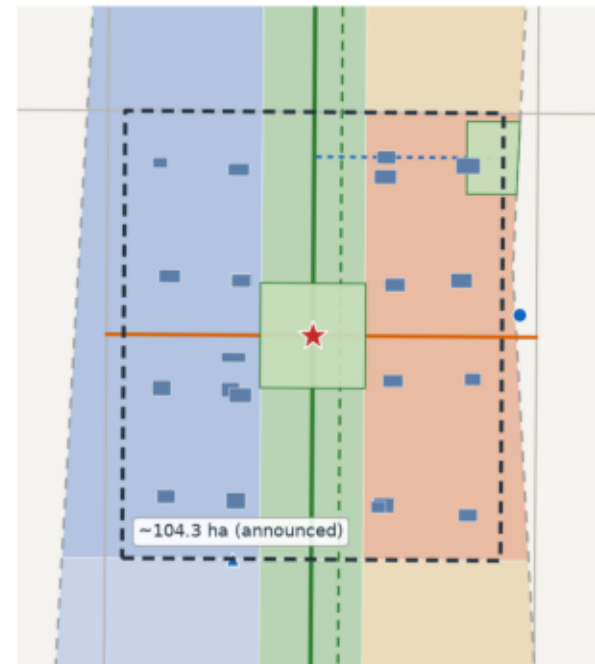

Fig.3 Detailed-design index of the three key areas (concepts within provisional boundaries)

Seven-part depth: positioning · structure · renewal · mobility · public space · AI scenarios · risk

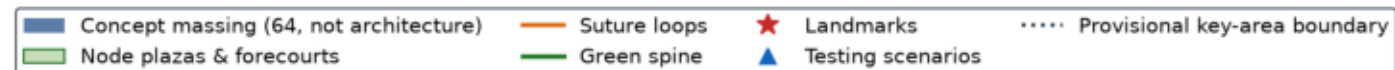

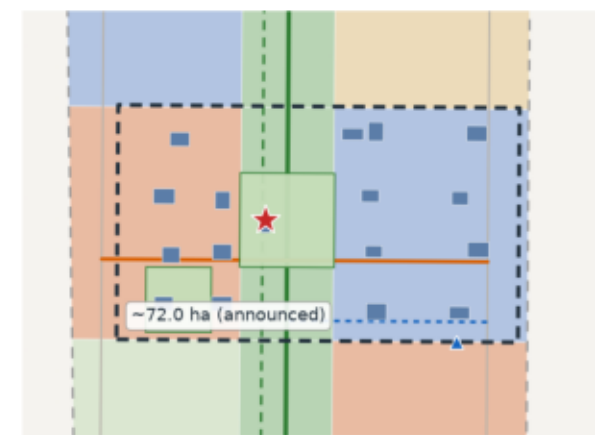

Zhongzhiyuan · Acceleration
Garden-type full-stack district: the Ring, reserve units, micro-grid pilot

Origin Community · Source
Near-campus district: Herringbone Gate, low-disturbance renewal, station integration

Dazhongsi · Bell
Urban district: four-quadrant links, AI-native formats, AV pilot

Data: package geometry/*.geojson + metrics.json (recomputed in EPSG:4548) · self-drawn basemap, no external map data
Provisional rough boundary (dashed): not an official redline, not for precise areas; full recalculation once official data arrives

Zhongzhiyuan · Acceleration (192.1 ha)

- garden-type full-stack district
- the Ring + reserve + micro-grid pilot

Origin Community · Source (104.3 ha)

- near-campus, Herringbone suture
- low-disturbance renewal + stations
- heritage gallery (pending approval)

Dazhongsi · Bell (72.0 ha)

- urban AI-native district
- four-quadrant links + AV pilot

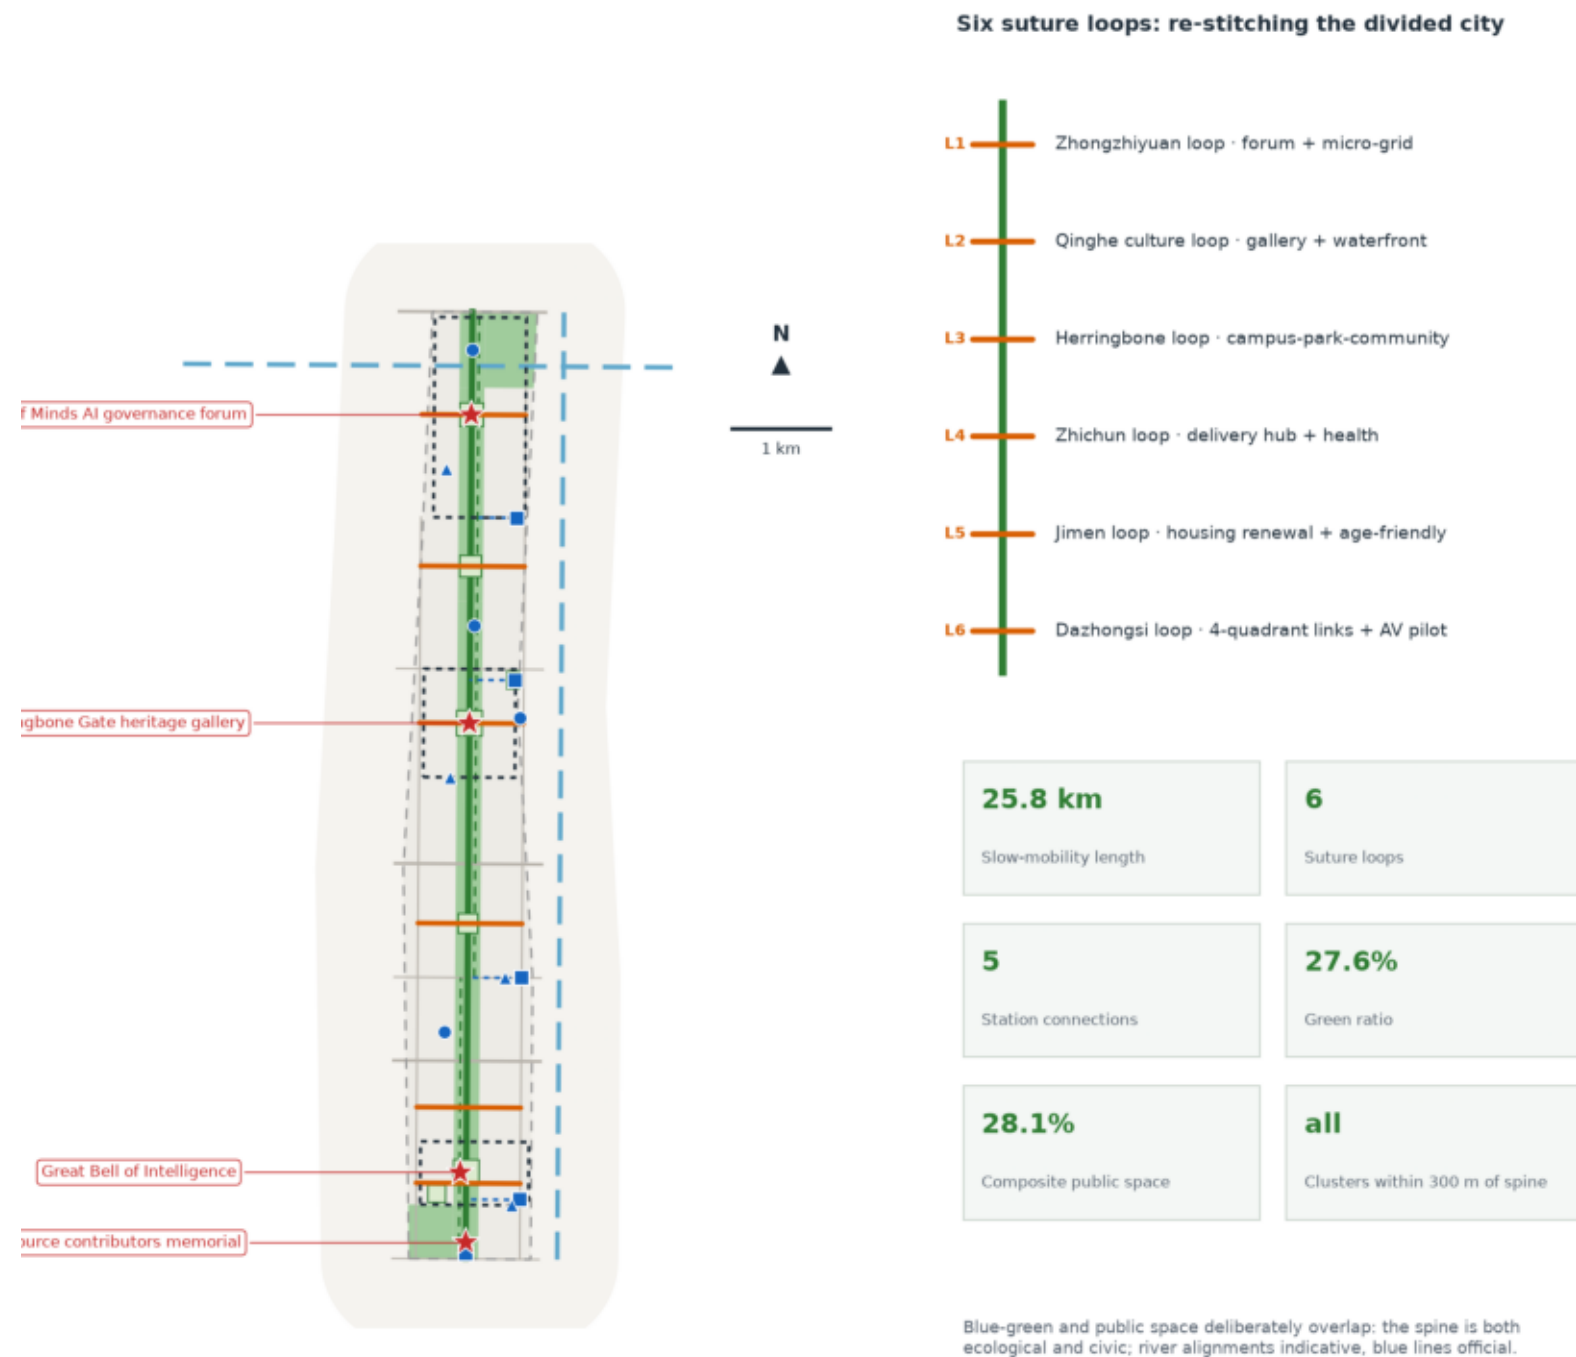

Depth: positioning/structure/renewal/
mobility/public space/scenarios/risk

04 · Mobility & blue-green composite system

Fig.4 Composite system of slow mobility and blue-green public space

JZ·AI MERIDIAN

Slow network ~25.8 km · six suture loops · five station links · green 27.6% · composite public space 28.1%

Slow network 25.8 km

- through-greenway + two cycleways
- six suture loops (the key move)
- five station connections

Blue-green

- green ratio 27.6%
- composite public space 28.1%
- river corridors (indicative)

Landmarks & honor system

- K0 plaza (contributors wall)
- Herringbone Gate
- Great Bell of Intelligence
- Ring of Minds (governance forum)

Data: package geometry/*.geojson + metrics.json (recomputed in EPSG:4548) · self-drawn basemap, no external map data
Provisional rough boundary (dashed): not an official redline, not for precise areas; full recalculation once official data arrives

05 · AI ecosystem: cases, factors, personas

Global cases (background)	Eight-factor mechanisms	Six personas
Station F (Paris) → themed pods	land/space: renewal + 63.6 ha reserve	P1 researchers: transfer space
Kendall Sq → near-campus mixing	industry/capital: Zhongguancun wing	P2 engineers: compute + access
one-north → phased land supply	talent: apartments + intl community	P3 operations: one-stop services
Zhangjiang AI Island → scenario lists	compute/data: edge pilot + circulation	P4 residents/elderly: human channels
MaRS → non-profit operator	scenarios: quarterly access list	P5 visitors: bilingual narrative
Pangyo → station-city + content	(all conceptual recommendations)	P6 operations staff: reviewable tools

06 · Twelve AI scenario cards (four validations ▲)

S01 greenway AI companion	S07 operations-review agent	One privacy/review boundary
S02 suture smart crossing ▲	S08 agent-native retail	· public or authorized data only
S03 robot delivery hub ▲	S09 transfer matchmaking	· no identification or profiling
S04 AI cultural guide	S10 edge-compute micro-grid ▲	· on-site anonymized aggregation
S05 enterprise copilot	S11 AV shuttle loop ▲	· human review of key decisions
S06 health navigation	S12 honor & city memory	· testing ≠ approved operation
		Mapping: scenario→anchor→operator
		→metrics→risk register

07 · Renewal projects (18) & phasing

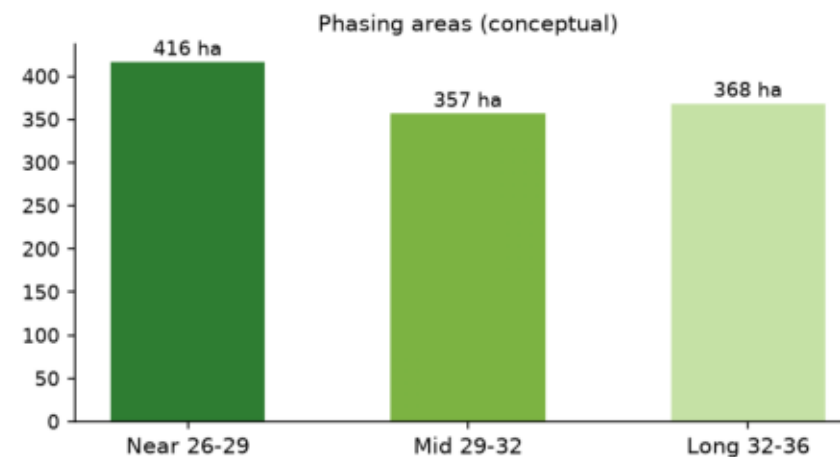

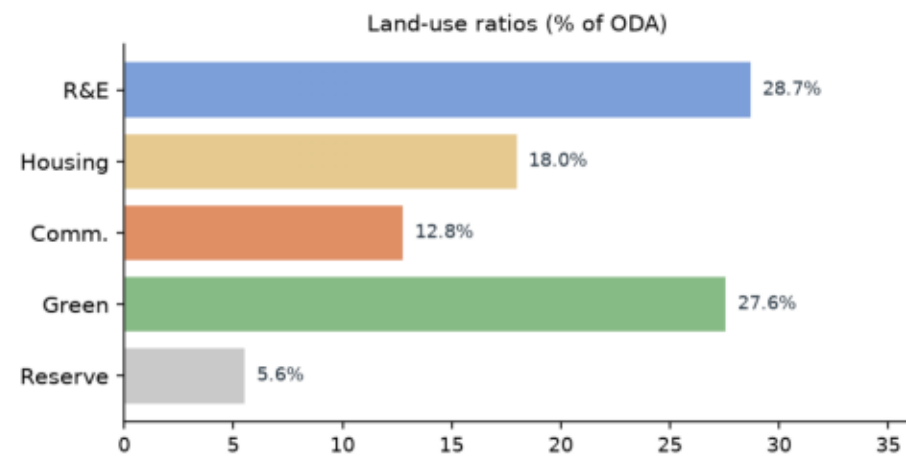

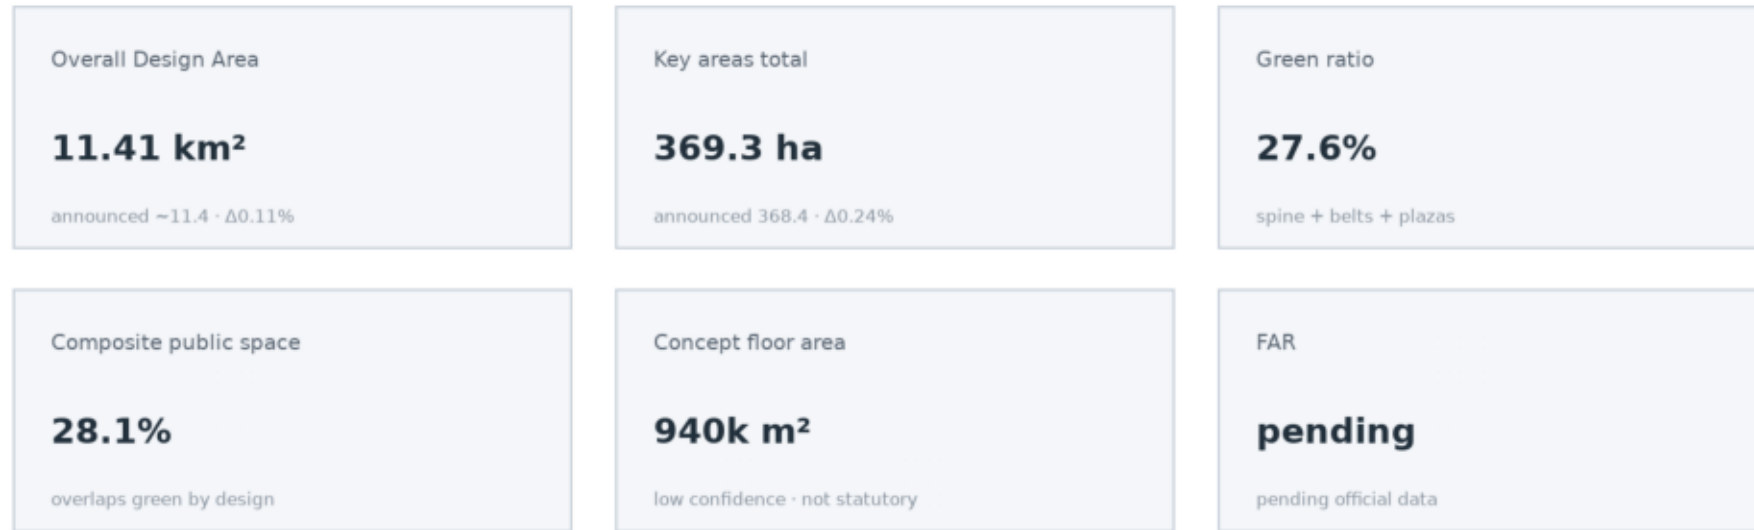

Near 2026-29 · 416.3 ha	Mid 2029-32 · 356.6 ha	Policy suggestions
JZ-01 K0 plaza	JZ-09 Qinghe culture belt	· institutionalized scenario access
JZ-02 Herringbone loop	JZ-10 talent apartments	· reserve: trigger-assess-approve
JZ-03 Dazhongsi 4-quadrant	JZ-11 Jimen R&D cluster	· renewal revenue feeds public space
JZ-04 Ring of Minds grounds	JZ-12 Fifth Ring Gate stage	· standing open co-creation intake
JZ-05 greenway + cycle loops	JZ-13 smart-terminal cluster	
JZ-06 Wudaokou retail street	JZ-14 Zhichun delivery hub	(sequence decided by government
JZ-07 Origin transfer cluster		and implementers; no commitment)
JZ-08 micro-grid pilot	Long 2032-36 · 368.4 ha	
	JZ-15 Xueyuan software cluster	
	JZ-16 organic + age-friendly renewal	
	JZ-17 health-care cluster	
	JZ-18 reserve activation mechanism	

08 · Metrics, task coverage & operations

Fig.5 Core metric recomputation and evidence chain (EPSG:4548)

All metrics recomputed from package geometry · compared with announced values · provisional calibre

JZ·AI MERIDIAN

Evidence chain: per-chapter anchors → full index in sources/metrics/matrices → authoritative GeoJSON → four local reviews pass

Data: package geometry/*.geojson + metrics.json (recomputed in EPSG:4548) · self-drawn basemap, no external map data
 Provisional rough boundary (dashed): not an official redline, not for precise areas; full recalculation once official data arrives

Metrics (EPSG:4548)

- ODA 11.41 km² (Δ0.11%)
- key areas 369.3 ha (Δ0.24%)
- green 27.6% / public 28.1%
- FAR: pending official data

Coverage 23/23

- 17 announcement + 6 agent tasks
- 5 mandatory standards addressed
- 15 depth items complete

Annual events (6)

- Summit / Hackathon / Bell Day
- Run Festival / Open Day / Residency
- contribute-recognize-convert loop

09 · Risk, copyright & compliance

Data gaps (largest uncertainty)	Copyright & generation	Status boundary
· boundaries/controls/inventory/ heritage/municipal all missing · all downgraded to concepts · recalculation triggers registered	· generated by an AI agent (Anthropic Claude via Claude Code) · public/cleared sources only · font: WQY Zen Hei (GPL+exception) · toolchain: open-source Python · cases marked "not verified offline"	· conceptual recommendation / reference scheme for deepening · no approval or commitment · submitted ≠ selected ≠ built · structured data authoritative · COMMUNITY-DISPLAY-ONLY
Privacy & ethics · no identifiable data collection · anonymized aggregation + review · elderly: parallel human services
