

Centennial Jing-Zhang AI Innovation Belt • RENZI BELT / THE SWITCHBACK

One spine | three cores · two wings · Ascend—Switchback—Descend—Extend

Centennial Jing Zhang AI Innovation Belt • RENZI BELT / THE SWITCHBACK

24 zones • line land-use classes • ascend/switchback/descend sequence

All spatial proposals are conceptual / reference schemes for professional deepening; not statutory planning or government conclusions. Boundary is a provisional constraint, not an official redline.

Centennial Jing Zhang AI Innovation Belt • RENZI BELT / THE SWITCHBACK

Green spine • three lateral connectors + one transit link • 12 scenario cards + 3 test scenarios

Core metrics
Green ratio 35.7% • Public space 7.9%
R&D land 195 ha • Commercial 154 ha

12 scenario cards: AI Origin plaza • open-source hall •
test field • smart commercial street • standards workshop •
developer walk • culture narrative hall • river lab •
service station • contributor gallery • edge compute • signal screens

Centennial Jing-Zhang AI Innovation Belt • RENZI BELT / THE SWITCHBACK

Switchback point ignition • dual cores follow • full network
