

Metric	Value
Overall design area (≈11.4 announced)	11.413 km ²
Three key areas total (≈368.4 ha)	3.693 km ²
Land-use grid (3×4 provisional)	12 polygons
Road centerlines (11 recalculated)	58.78 km

· Announcement tasks	17/17 PASS	· Mandatory standards	5/5 PASS	· Provisional tagging	all layers
· Agent tasks	6/6 PASS	· Design-depth items	15/15 PASS	· Statutory conditions	unknown→pending

Boundary note: all boundaries and derived metrics are provisional (inferred from announcement text), not official; concept_far = unknown; all indicators recalculated once official geometry and regulatory conditions are released. Open co-creation proposal, not a substitute for formal planning. Thumbnail figure labels are in Chinese; see proposal.en.md for full English text.
