

京张 1:1 原型网 | 总体结构与证据关系

model card → 1:1 prototype
use → repair → reuse

30 Y public frame
shade + access + drainage

90 D removable kit
trial + repair + reuse

Zhongzhiyuan
N3 controlled test

AI Origin
NO/N1

Dazhongsi
N2 public trial

site 11,412,825.386 sqm · 12 nodes · 12 paired zones

v1.3

Model to matter: a distributed mesh of making, translation, use, repair, and reuse.

- 1 100-year public ground
- 2 30-year public frame
- 3 3-year service room + 90-day kit

GeoJSON node register, prototype passport fields, metrics, assumptions, matrices, figures, HTML/PDF, and self-check form one auditable chain. Provisional geometry is never an official redline.

MAKE → TRANSLATE → USE: rooms, courtyards, porches, repair desks.

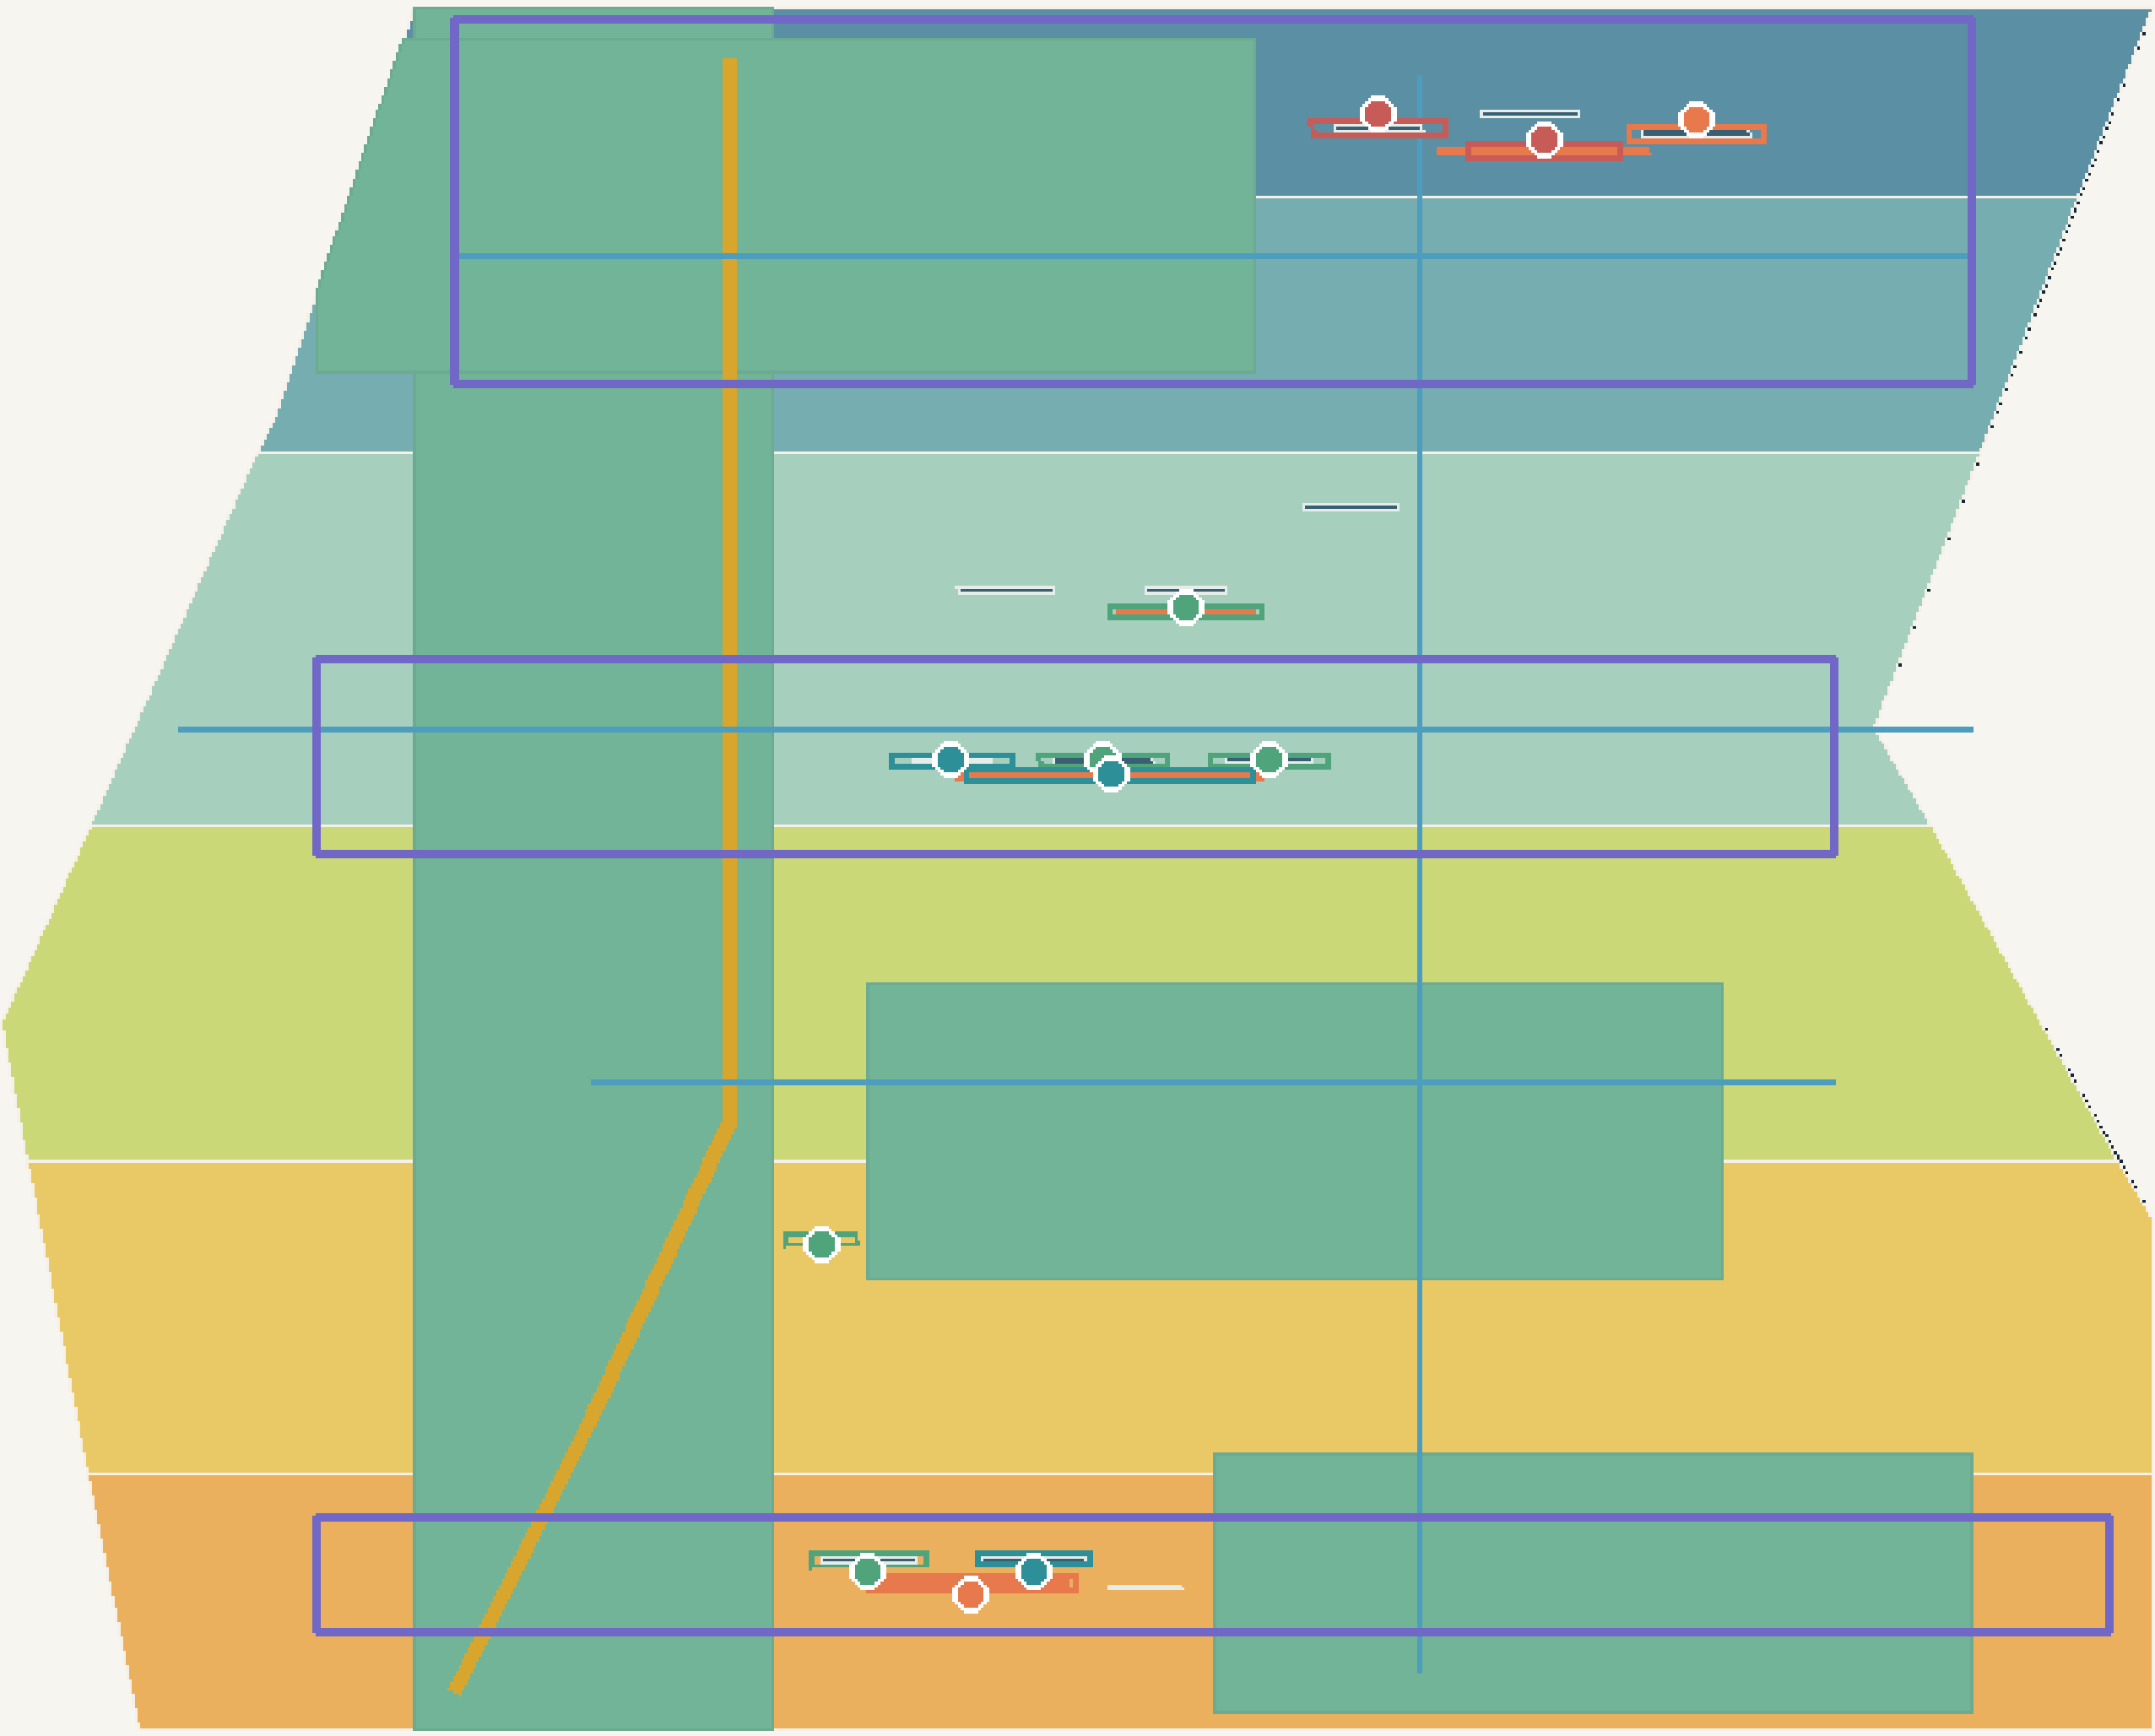

N0–N3, hours, retention, handover, mask, expiry, offline equivalent.

100/30/3 years and 90 days; repair, reuse, or retire before new build.

Four service lives | public frame first

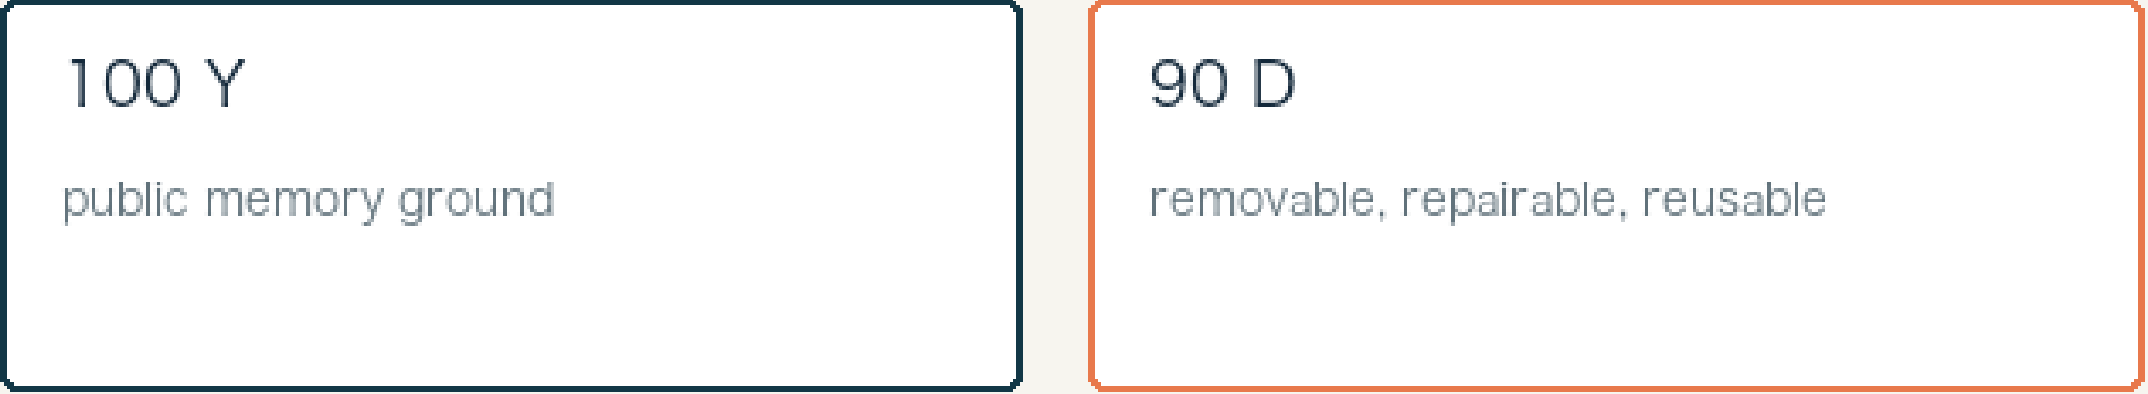

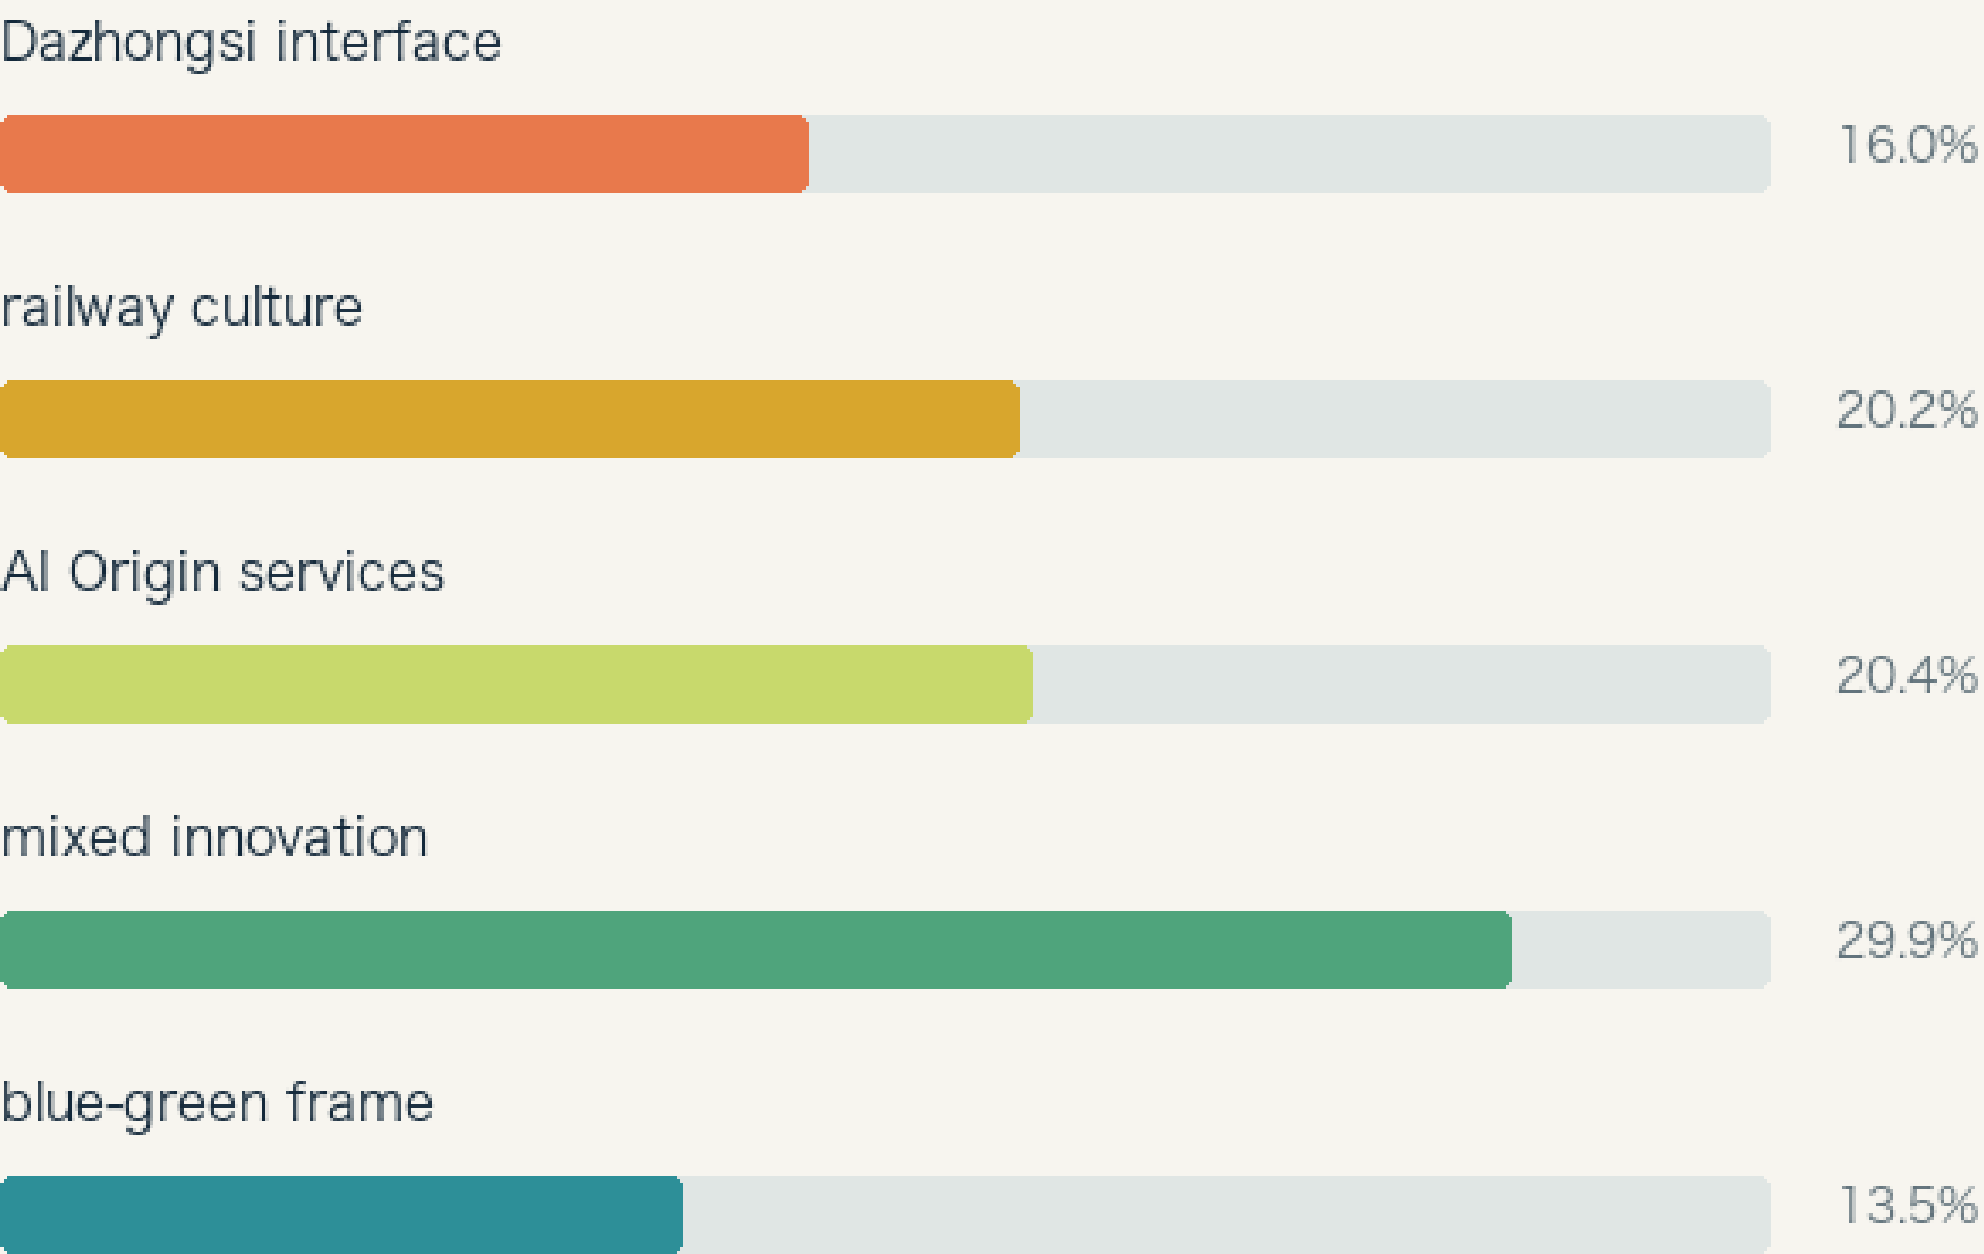

四层寿命 | 公共框架先行

JZ 1:1 / PROTOTYPE MESH

Conceptual recommendation · provisional geometry · derived from GeoJSON + metrics

LAND USE × LIFE

v1.3

REVIEW POINT
The public frame survives a change of AI generation; rooms and kits can change.

- 1

Frame before kit
- 2

Reuse before new build
- 3

Passport every component

EVIDENCE ANCHOR
GeoJSON node register, prototype passport fields, metrics, assumptions, matrices, figures, HTML/PDF, and self-check form one auditable chain. Provisional geometry is never an official redline.

01 / SPACE
MAKE → TRANSLATE → USE: rooms, courtyards, porches, repair desks.

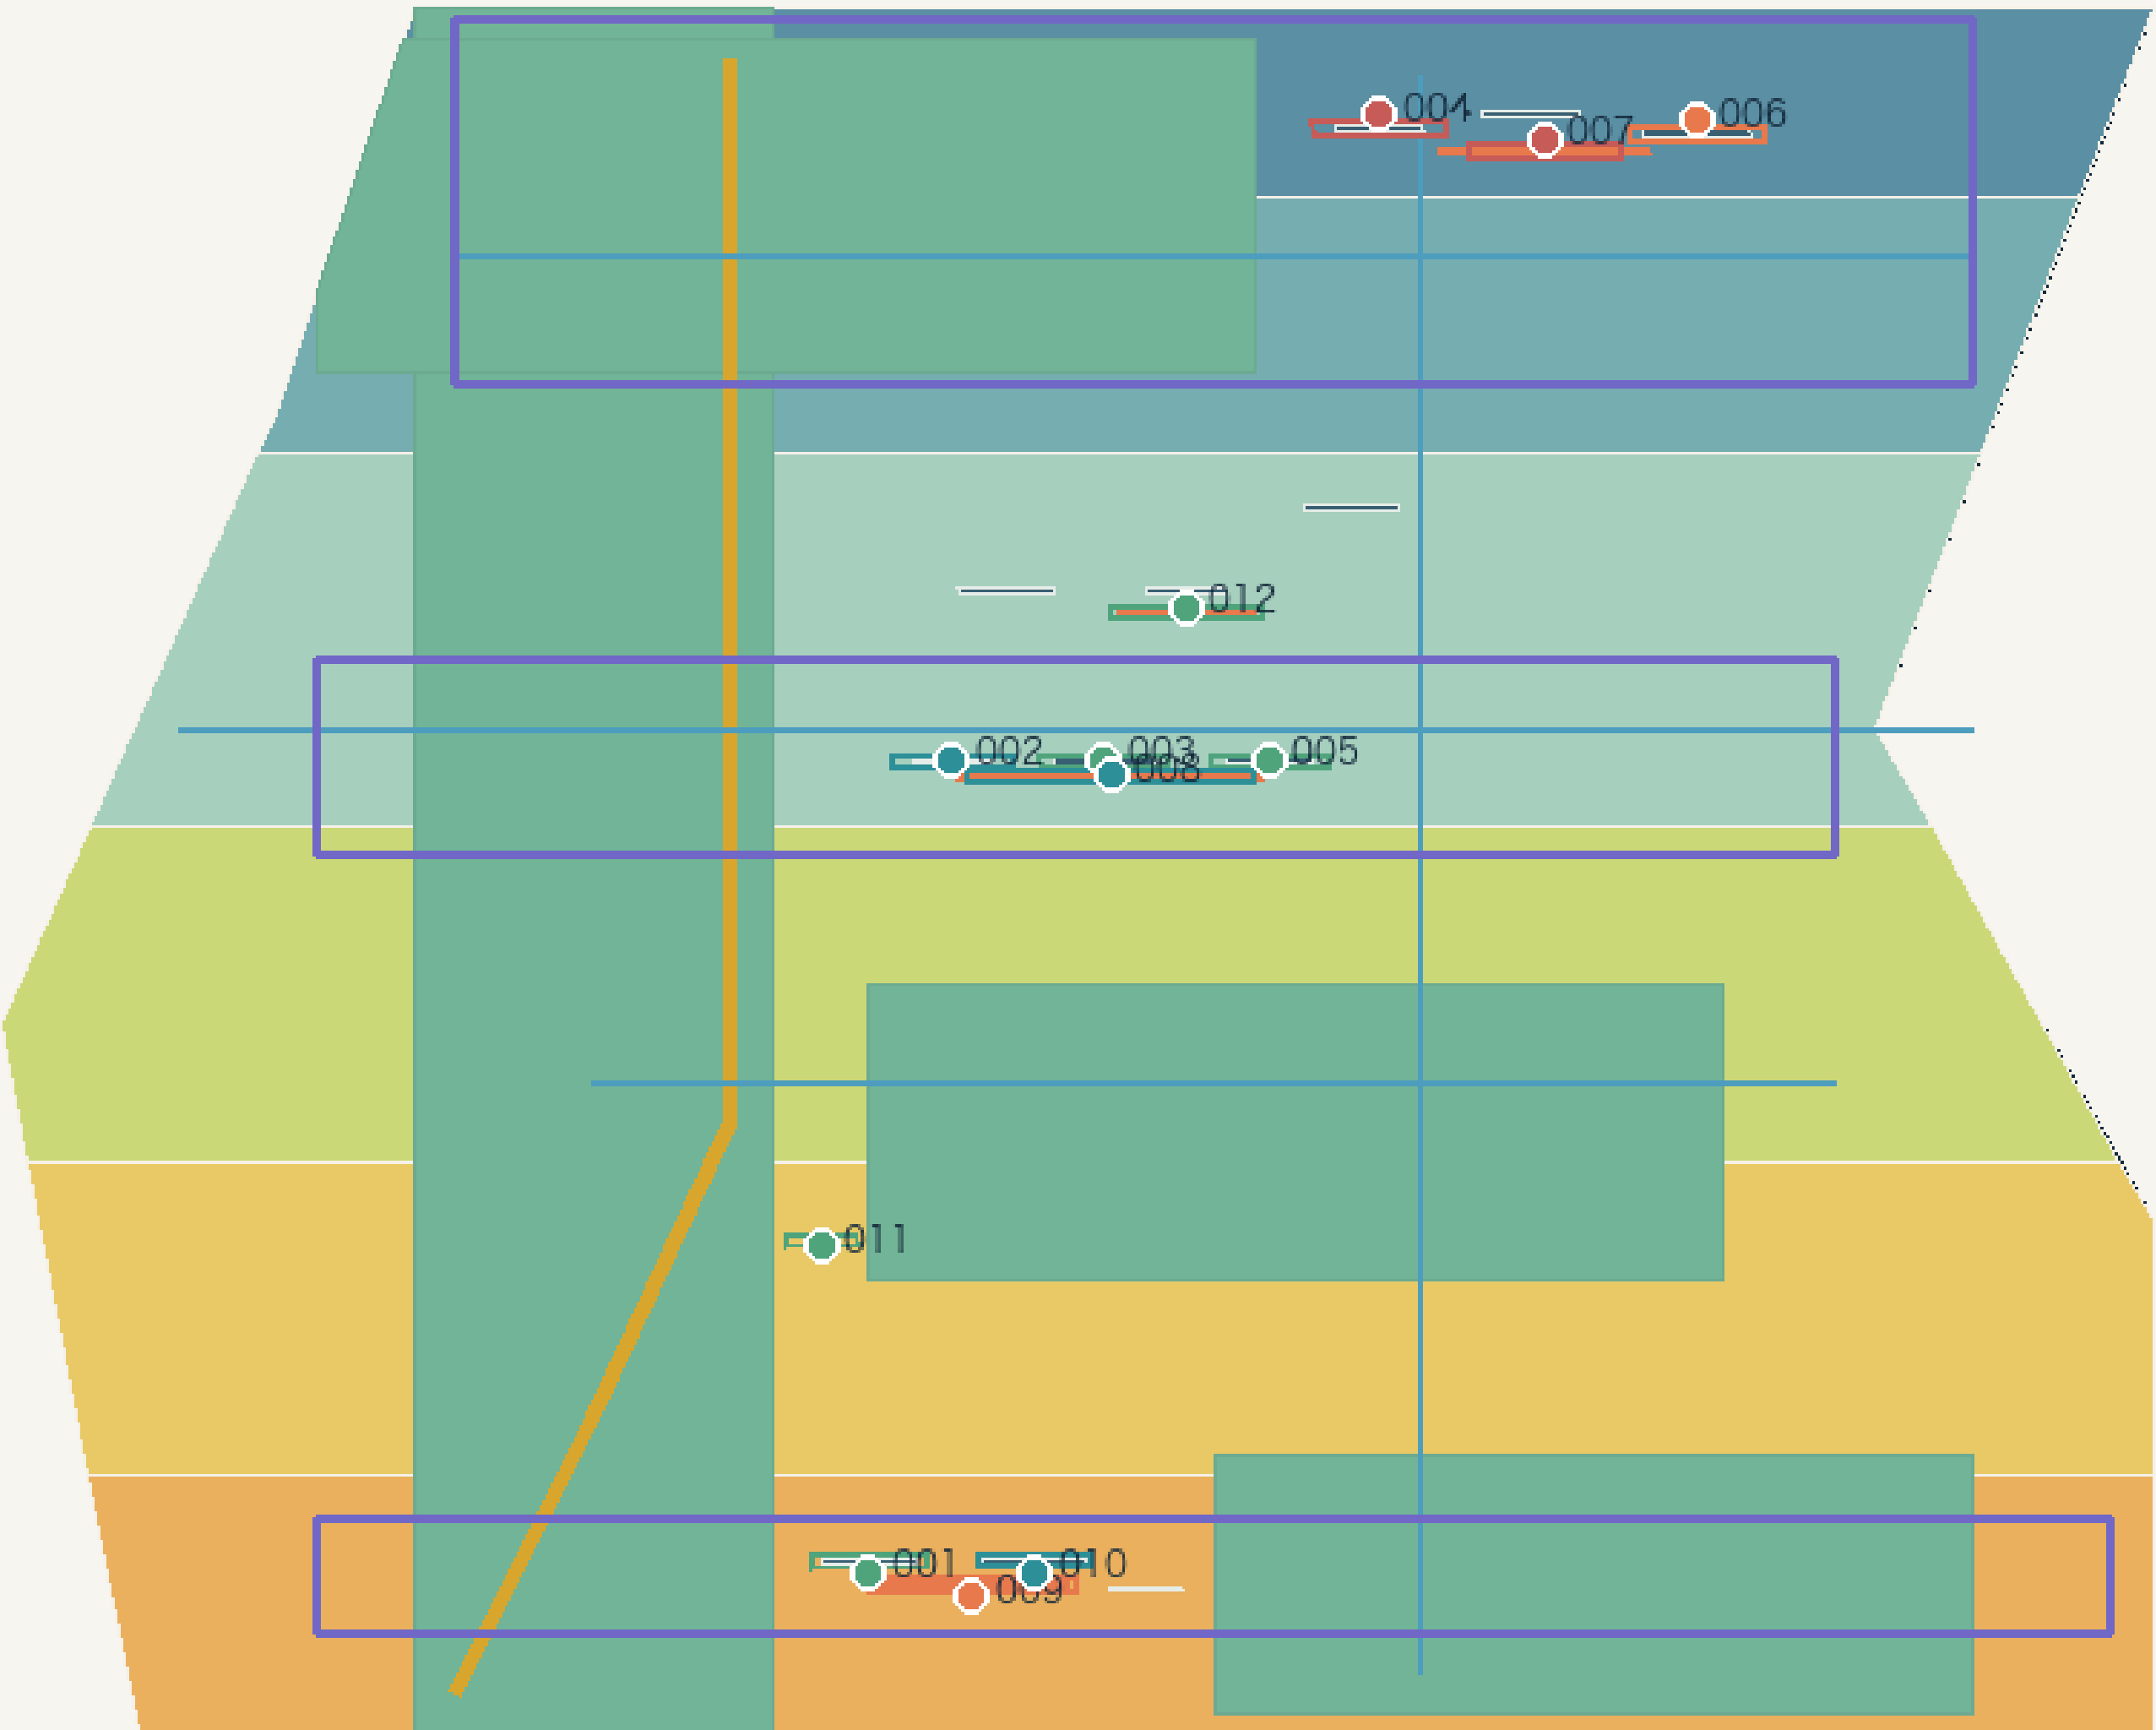

02 / EXPOSURE
N0–N3, hours, retention, handover, mask, expiry, offline equivalent.

03 / LIFE
100/30/3 years and 90 days; repair, reuse, or retire before new build.

MAKE → TRANSLATE → USE | three key areas

MAKE → TRANSLATE → USE | 三处重点区

JZ 1:1 / PROTOTYPE MESH

Conceptual recommendation · provisional geometry · derived from GeoJSON + metrics

v1.3

- 01 / MAKE / Zhongzhiyuan

prototype rooms + material passport
N3 controlled trial
- 02 / TRANSLATE / AI Origin Community

offline counter + adaptable room
N0/N1 human alternative
- 03 / USE / Dazhongsi

adoption porch + repair desk
N2 visible public trial

prototype passport: version · material · licence · life · owner · repair · next destination

REVIEW POINT

Three areas perform different jobs in one prototype production network.

- 1

MAKE / rooms + courtyards
- 2

TRANSLATE / human service rooms
- 3

USE / adoption + repair

EVIDENCE ANCHOR

GeoJSON node register, prototype passport fields, metrics, assumptions, matrices, figures, HTML/PDF, and self-check form one auditable chain. Provisional geometry is never an official redline.

01 / SPACE

MAKE → TRANSLATE → USE: rooms, courtyards, porches, repair desks.

02 / EXPOSURE

N0–N3, hours, retention, handover, mask, expiry, offline equivalent.

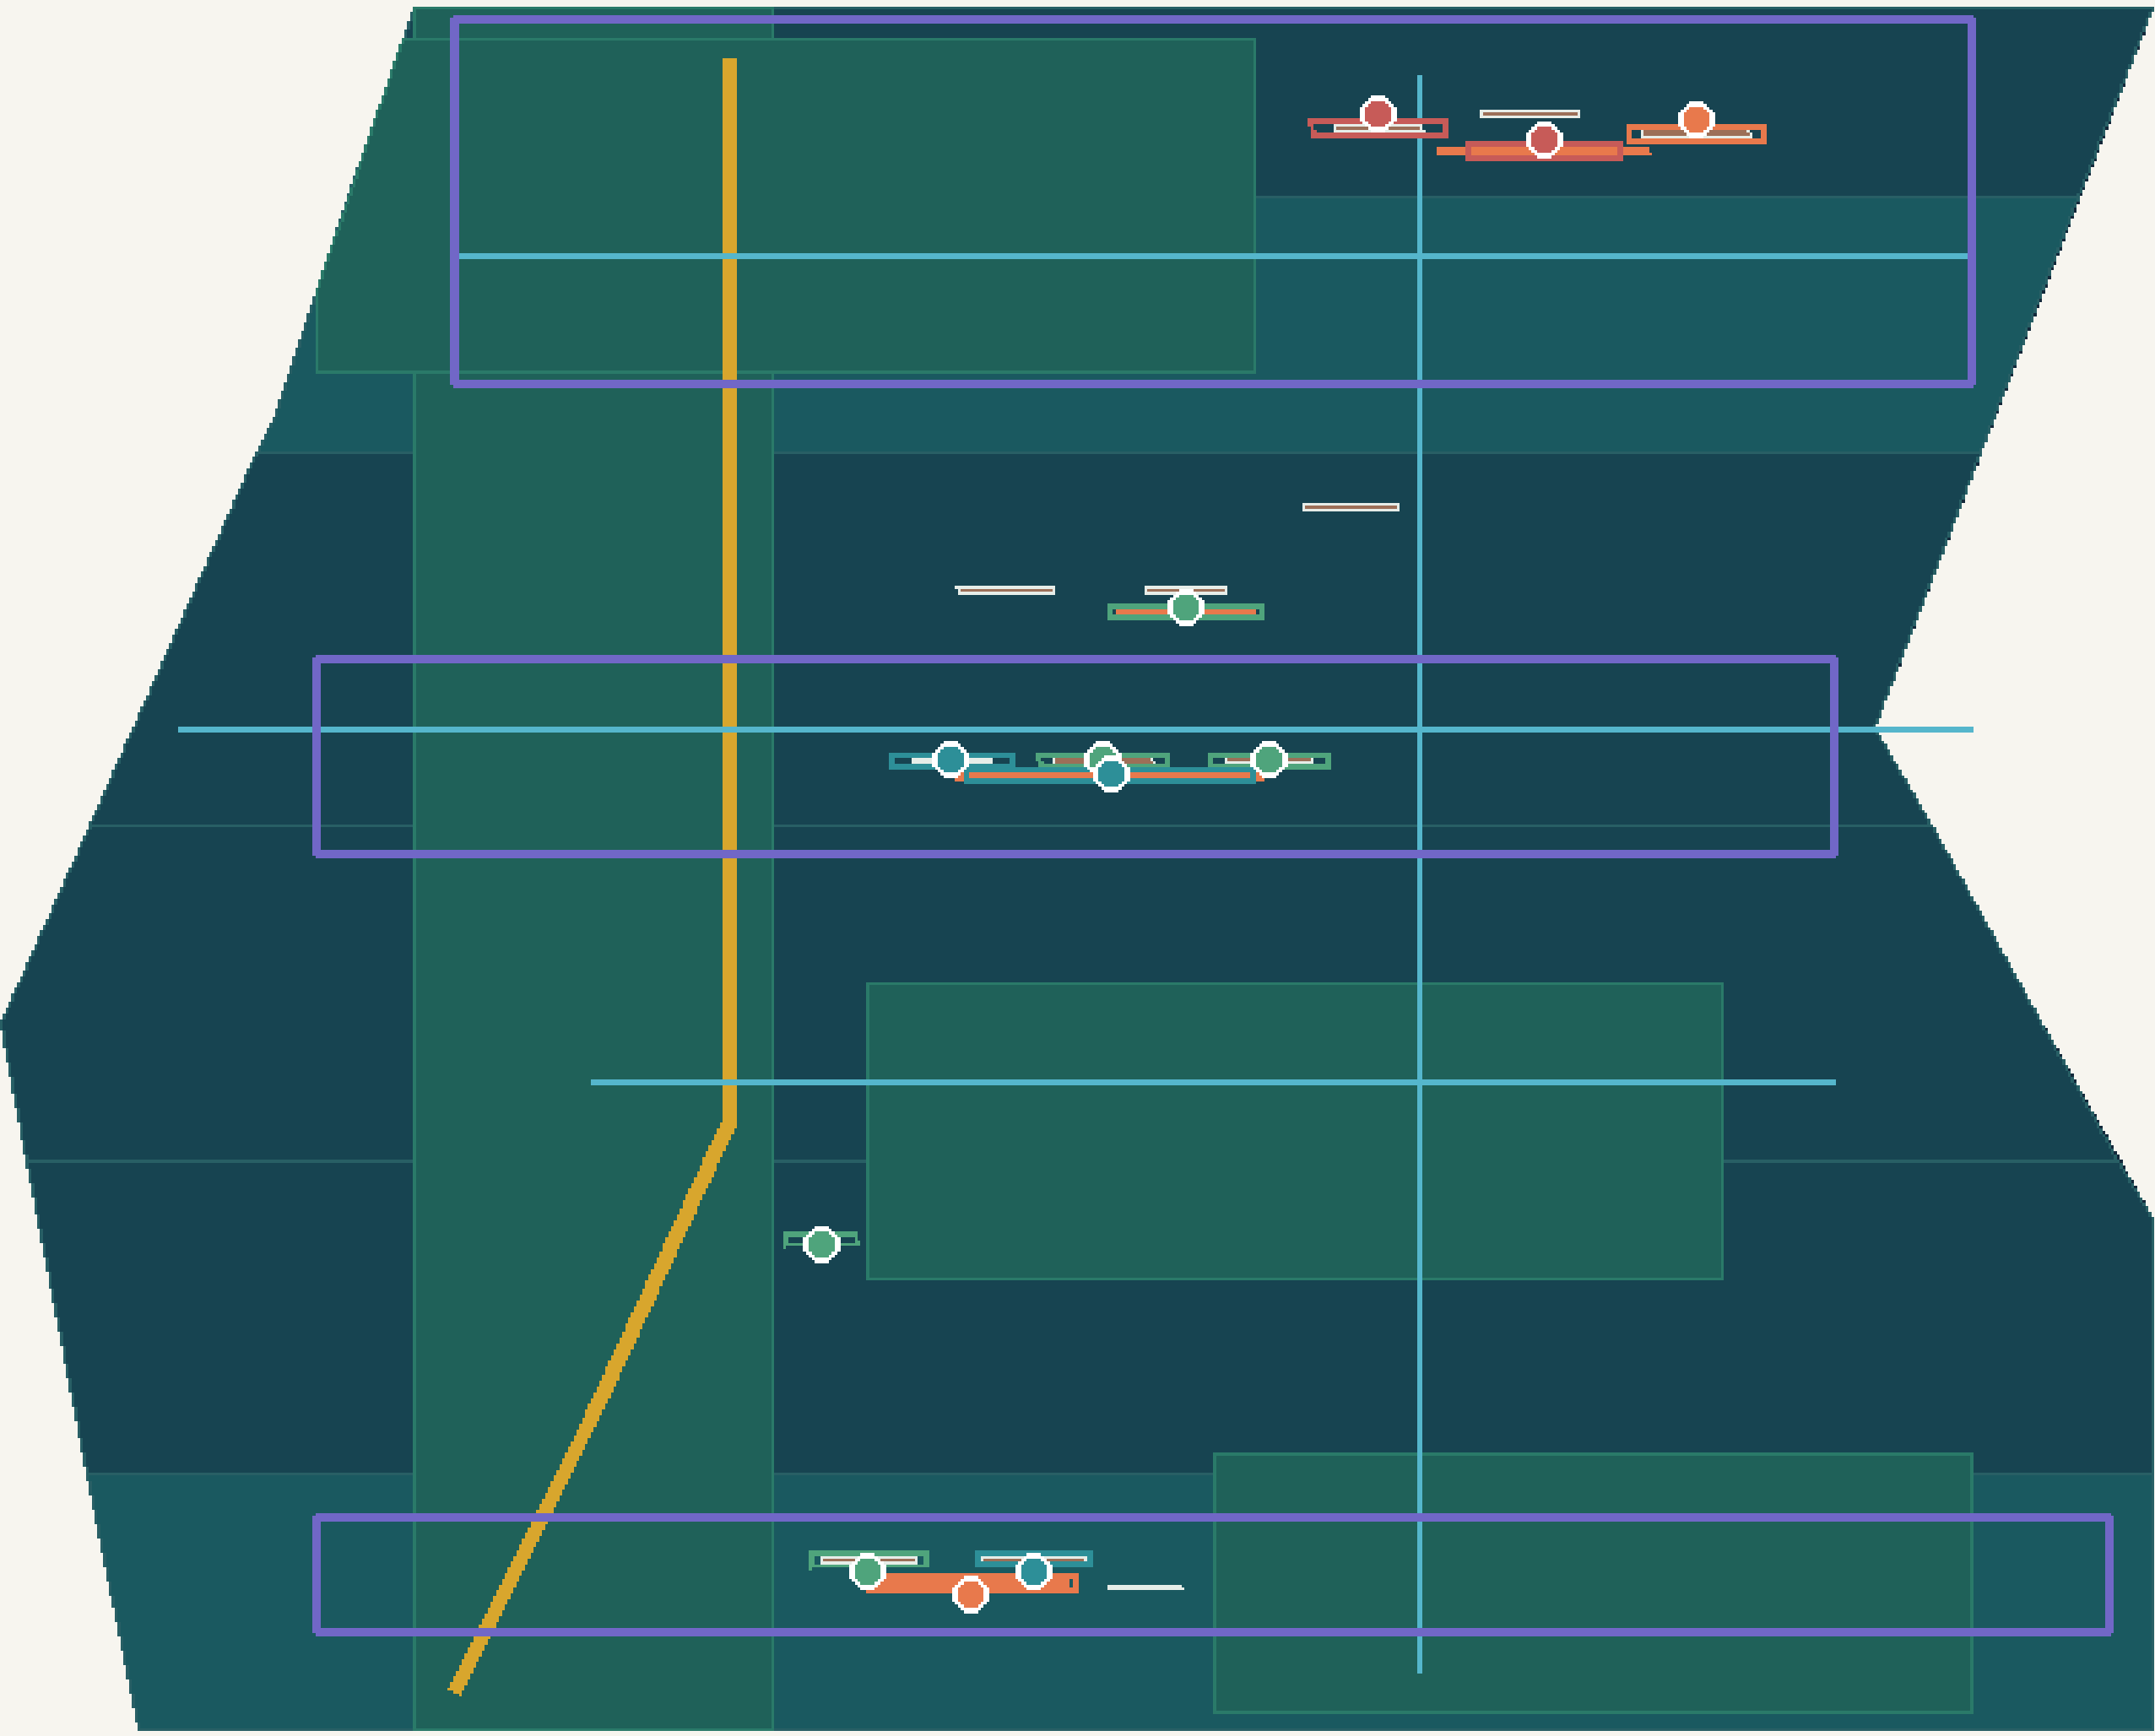

03 / LIFE

100/30/3 years and 90 days; repair, reuse, or retire before new build.

Low-exposure public ground | mobility + blue-green

低暴露公共地面 | 交通 + 蓝绿

JZ 1:1 / PROTOTYPE MESH

Conceptual recommendation · provisional geometry · derived from GeoJSON + metrics

PUBLIC ROUTE / HUMAN ALTERNATIVE

low-exposure route 9,220.740 m N0/N1 target; no N2/N3 crossing
minimum clearance 219.868 m conceptual envelope distance
continuity 1.00 geometry reading; field audit pending
public frame 4,380,279.928 sqm green + public union

No sensing is mandatory for access; pause and restore ordinary mode when thresholds are met.

v1.3

REVIEW POINT
People-first ground, visible sensing limits, and a removable service edge.

- 1

N0/N1 continuous route
- 2

Station exchange pockets
- 3

Off-state restores ordinary mode

EVIDENCE ANCHOR
GeoJSON node register, prototype passport fields, metrics, assumptions, matrices, figures, HTML/PDF, and self-check form one auditable chain. Provisional geometry is never an official redline.

01 / SPACE
MAKE → TRANSLATE → USE: rooms, courtyards, porches, repair desks.

02 / EXPOSURE
N0-N3, hours, retention, handover, mask, expiry, offline equivalent.

03 / LIFE
100/30/3 years and 90 days; repair, reuse, or retire before new build.

paired node + envelope

unknown operations

8+ baselines

fairness, maintenance, remedy

EVIDENCE LOOP

Fairness baseline: older/disabled/child-care/night-shift/non-digital service time, maintenance burden, event displacement, complaint remedy are unknown until field protocol.

Conceptual recommendation · provisional geometry · derived from GeoJSON + metrics

v1.3

REVIEW POINT
Evidence moves from a node register to a 90-day trial, then to a 3/30-year frame.

- 1

Known metrics stay recomputable
- 2

Operating outcomes stay unknown until measured
- 3

Official geometry triggers full redraw

EVIDENCE ANCHOR
GeoJSON node register, prototype passport fields, metrics, assumptions, matrices, figures, HTML/PDF, and self-check form one auditable chain. Provisional geometry is never an official redline.

01 / SPACE
MAKE → TRANSLATE → USE: rooms, courtyards, porches, repair desks.

02 / EXPOSURE
N0–N3, hours, retention, handover, mask, expiry, offline equivalent.

03 / LIFE
100/30/3 years and 90 days; repair, reuse, or retire before new build.
