

BOARD 01

CO-WALK JINGZHANG

A century ago, the Jingzhang Railway taught machines to follow rails. In the AI era, Jingzhang should teach machines to yield in the city.

Machines yield. The city connects.

CO-WALK JINGZHANG / 01

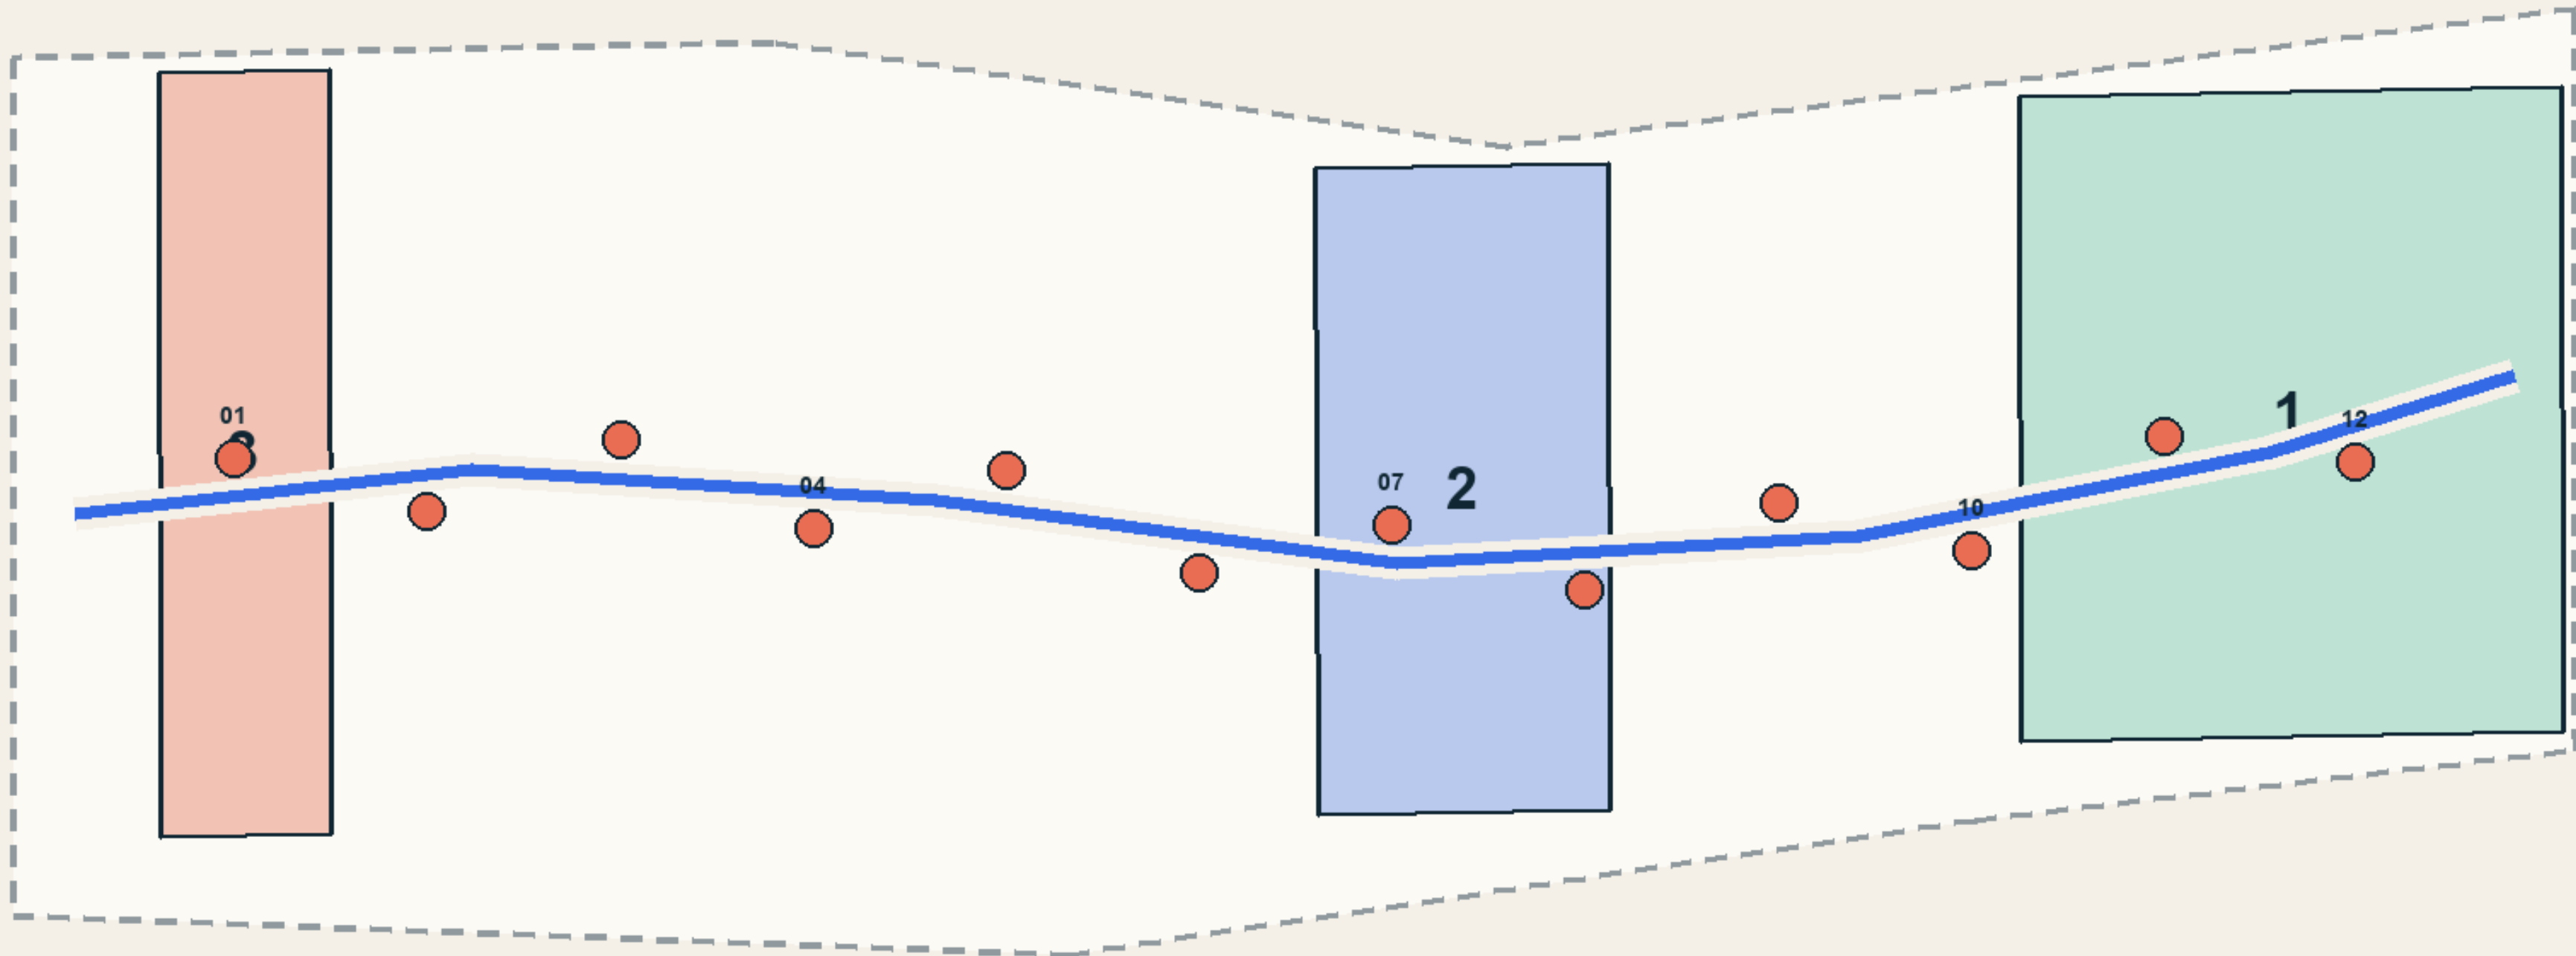

A HUMAN-FIRST SHARED GROUND

Machines yield. The city connects.

PROVISIONAL EXTENT · TRANSVERSE SCALE EXAGGERATED

SOUTH

NORTH

01 ONE GROUND
9.25 km human-priority path

03 THREE GARDENS
test · learn · last metre

02 TWO WINGS
community + enterprise

12 12 STATIONS
3 industry + 9 public

A century ago, Jingzhang taught machines to follow a track.
Now it teaches machines to yield in the city.

PEOPLE > ACCESSIBILITY > ESSENTIAL SERVICE > LOW-SPEED MACHINES

Proxy geometry is not an official redline; all spatial outputs must be recalculated with official data.

BOARD 02

Three gardens, twelve everyday entry points

Three tests validate industry capability; nine services translate it into public value with staffed equivalents.

BOARD 03

Services launch only when machines yield

The protocol turns ethics into street rules; five gates turn street rules into stoppable, reviewable permission.
