KUN-SAL Spatial Quant Lab · THE EMERGENT BELT (conceptual: provisional boundary dashed only)

KUN-SAL Spatial Quant Lab · THE EMERGENT BELT (conceptual; provisional boundary dashed only)

Fig C20 · Investment budget and return estimation (conceptual magnitude, not an investment commitment)

Basis: conceptual estimation (public unit-price magnitudes + demand computed in this proposal); rents and occupancy are market-reference assumptions, not a return commitment; precise estimation follows the official redline, regulatory plan, and status-quo data.
