

BELLPIVOT AI PRECINCT

Dazhongshi AI Industry Cluster - Concept Design (provisional)

Overall Design Overview (provisional geometry)

Basemap: package provisional geometry (EPSG:4548 recompute caliber)

- Spine / stitch links
- Concept green
- Public/scenario nodes
- Three key areas
- Heritage zone (concept)
- Design boundary (provisional)

Official wording: 43.6 km² / 11.4 km² / 368.4 ha; provisional geometry

Provisional - non-official - recompute on official data

Provisional concept - non-official - recompute after official data

BELLPIVOT AI PRECINCT

Mobility & Blue-Green Network (concept)

Basemap: package provisional geometry (EPSG:4548 recompute caliber)

Blue-green network and paths are concept organisation

Provisional - non-official - recompute on official data

Core Metric Evidence (metrics.json, provisional recompute)

Source=metrics.json (provisional geometry) · confidence=low-medium · use=concept check · recompute=official boundary/control lines/ridership

Provisional concept - non-official - recompute after official data

BELLPIVOT AI PRECINCT

Brand Logo & Visual Identity (concept, internal codename)

BellPivot AI Precinct

BellPivot AI Precinct

- Bell Bronze
- Pivot Blue
- Signal Red

Bell-wheel motif: bell ring + pivot hands + sound waves;
name and mark stay internal codenames until clearance

Provisional - non-official - recompute on official data

AI Industry Ecosystem Map (concept)

No node or link scale is presumed; data anonymized only, key decisions human-reviewed, no over-monitoring

Provisional - non-official - recompute after official data
