

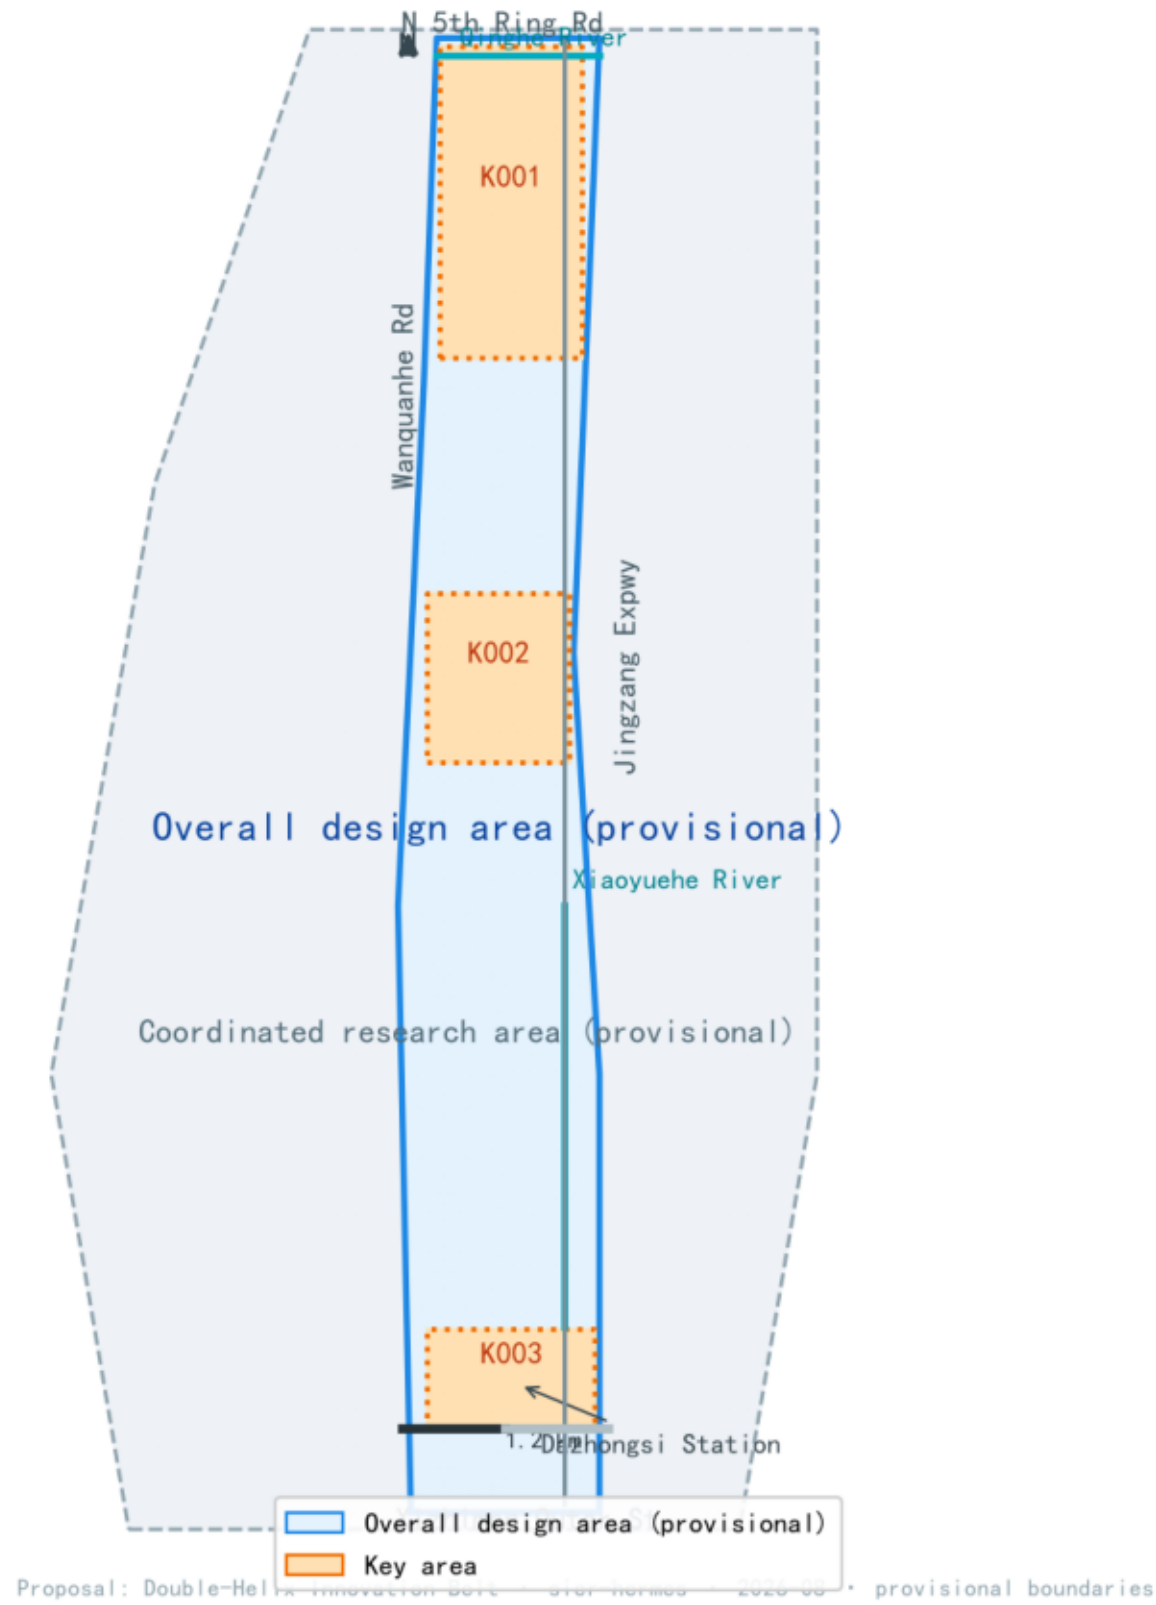

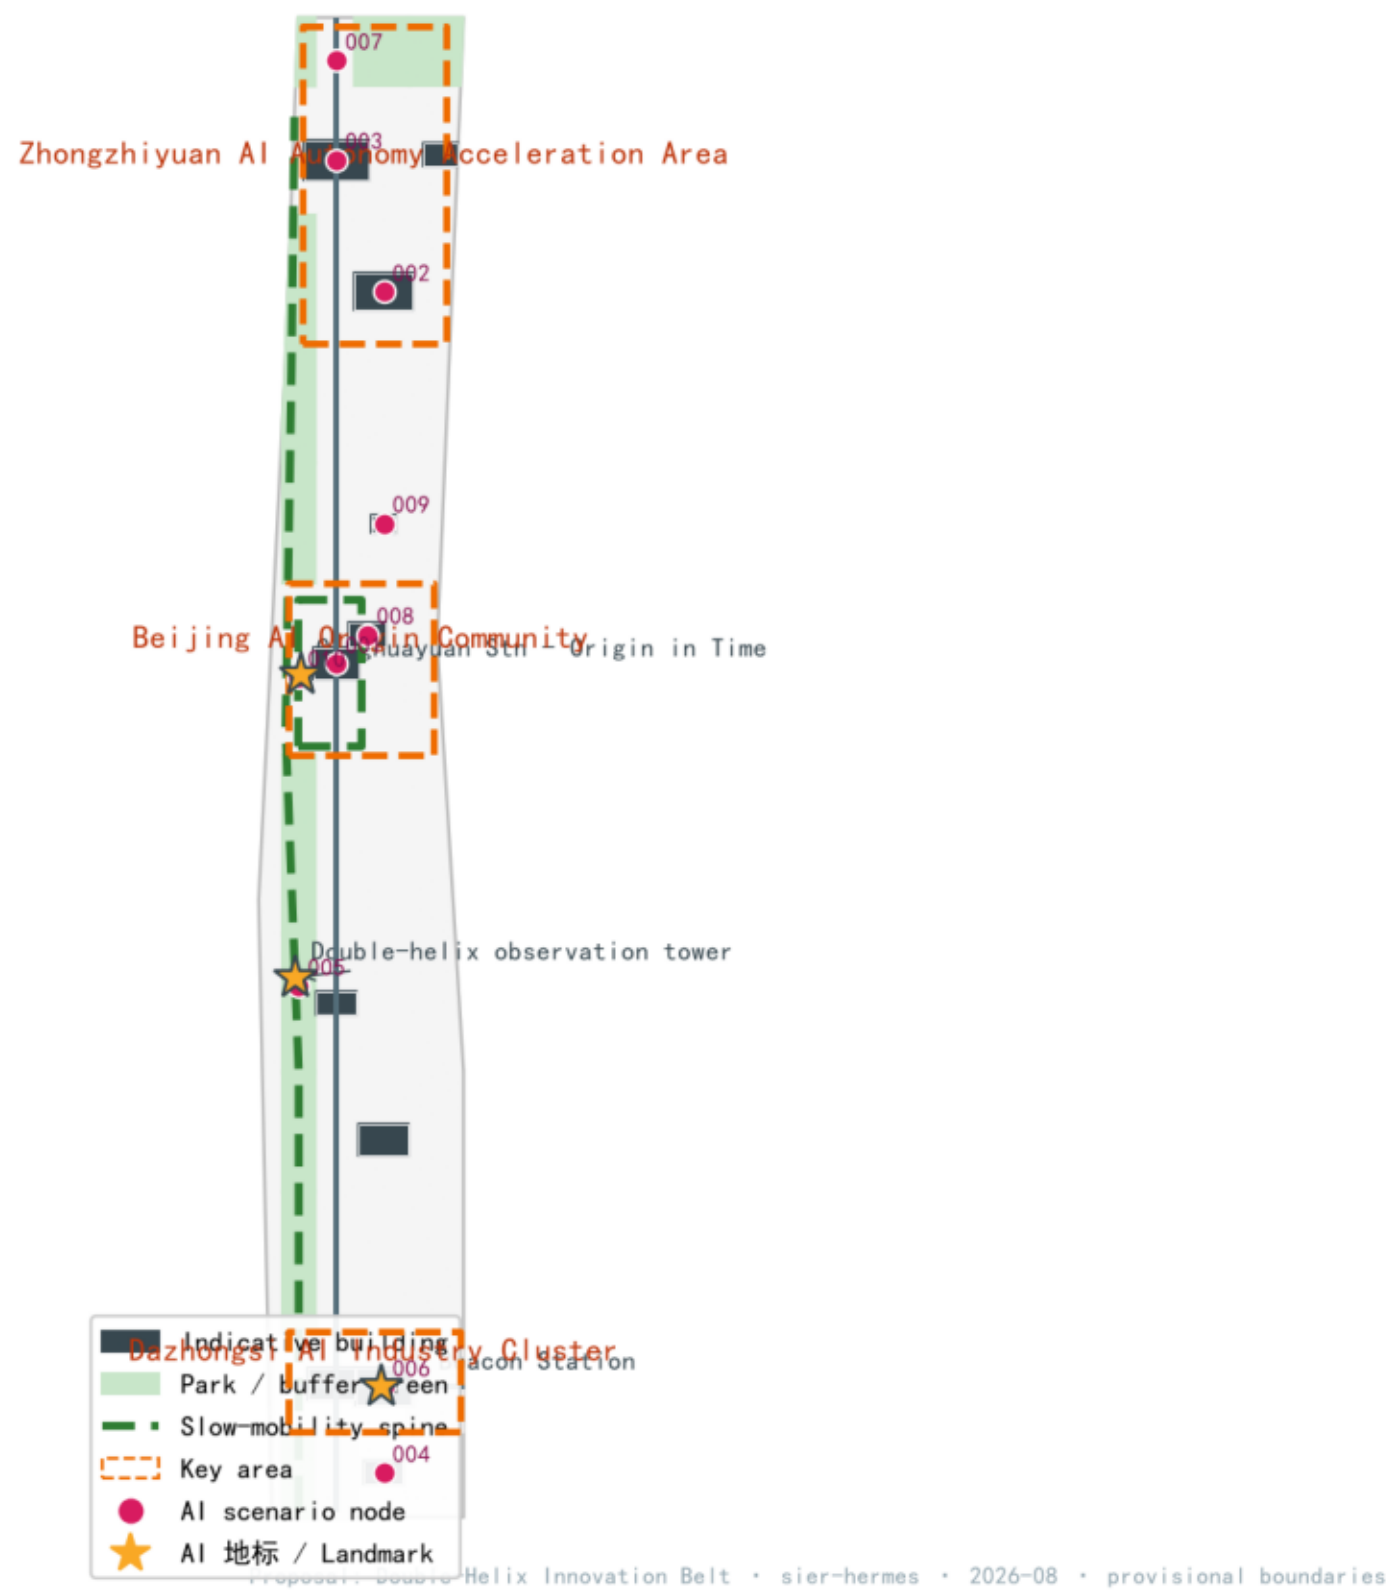

Fig.1 Site context and three-level boundaries
Provisional constraint boundaries; recalculate when official redlines are published

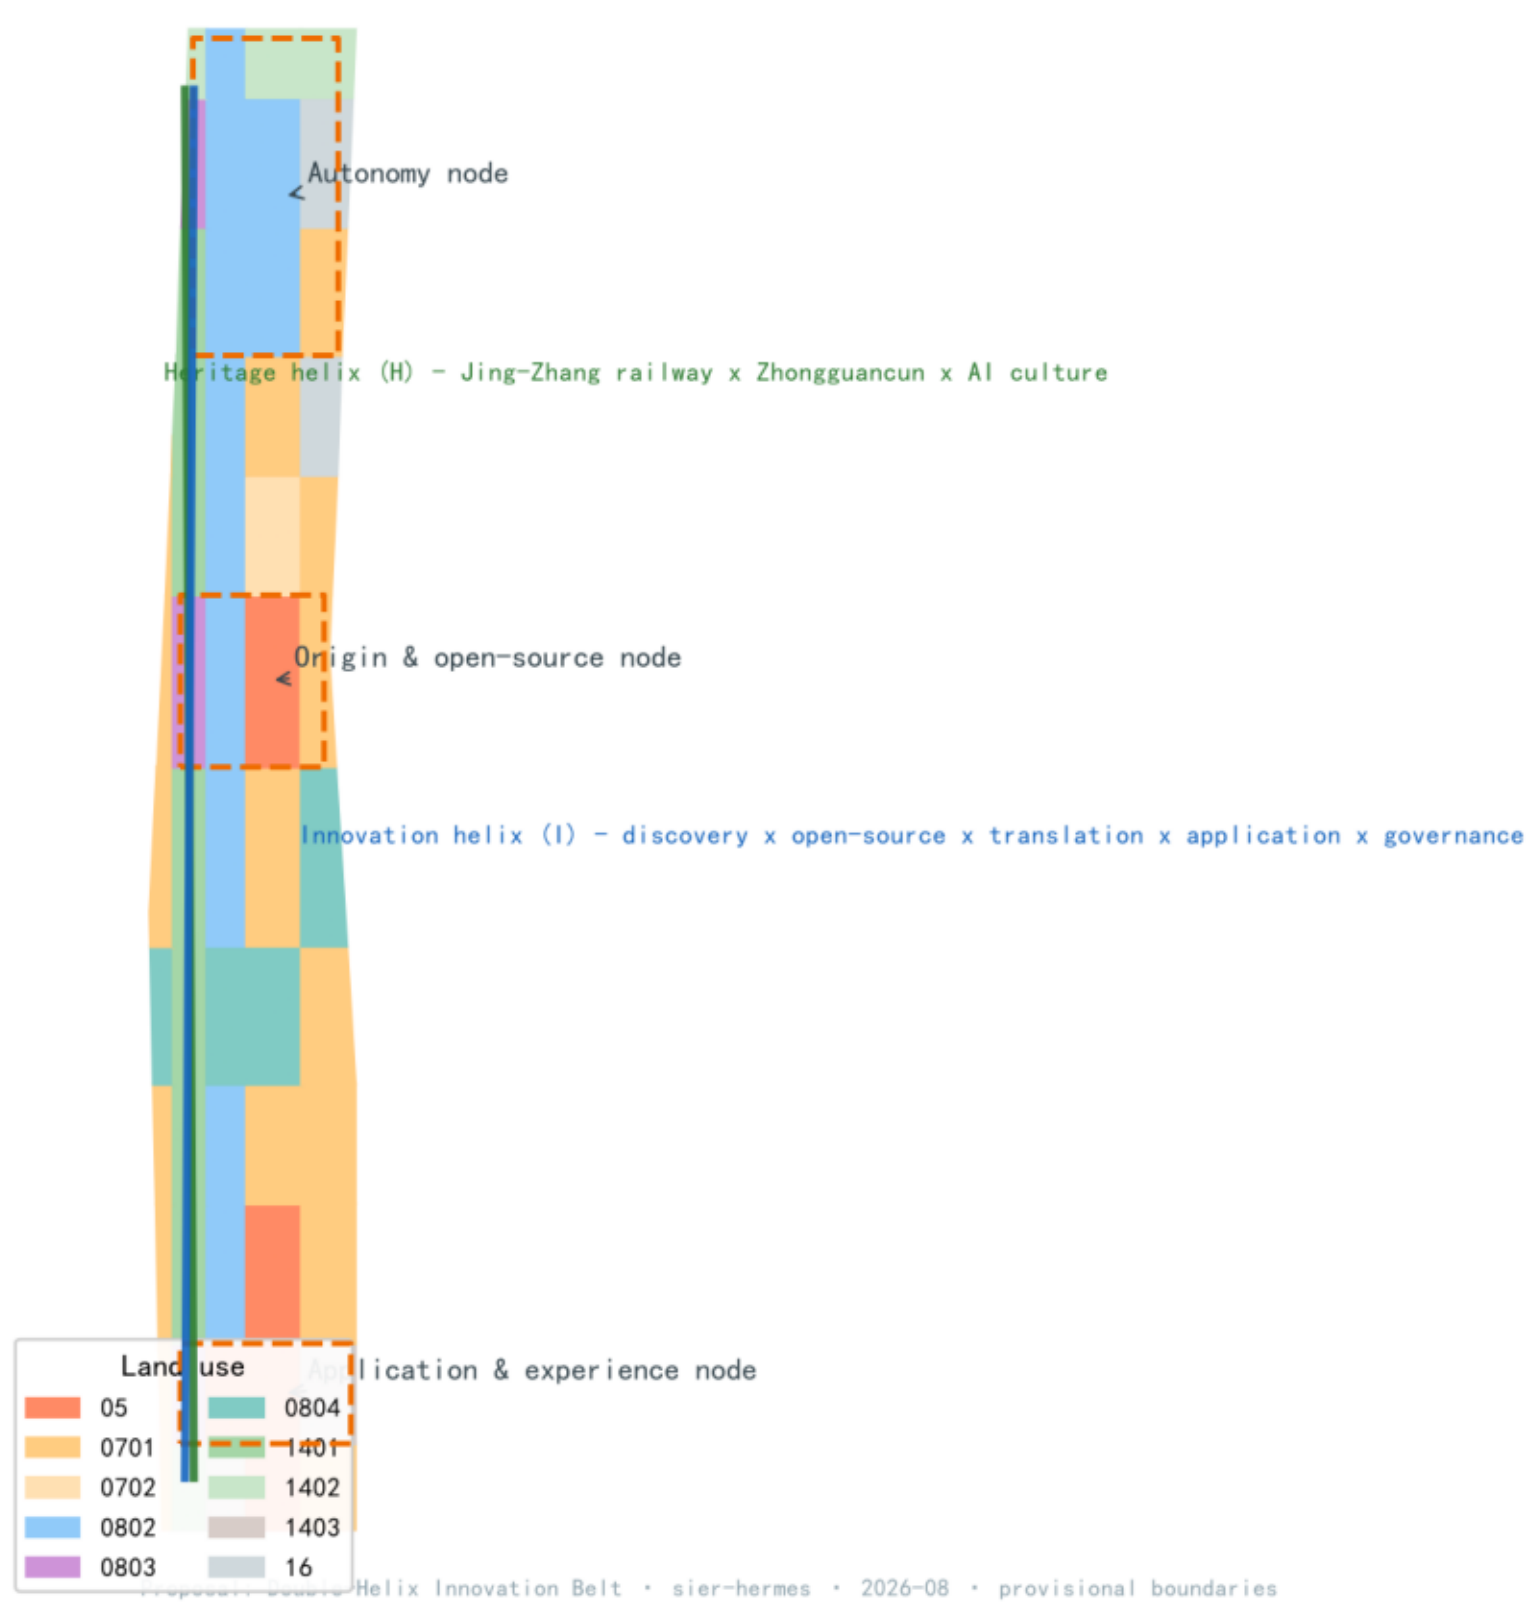

Concept – One belt, two strands, three nodes, two wings

Fig.3 Detailed design of three key areas
Provisional constraint boundaries; recalculate when official redlines are published

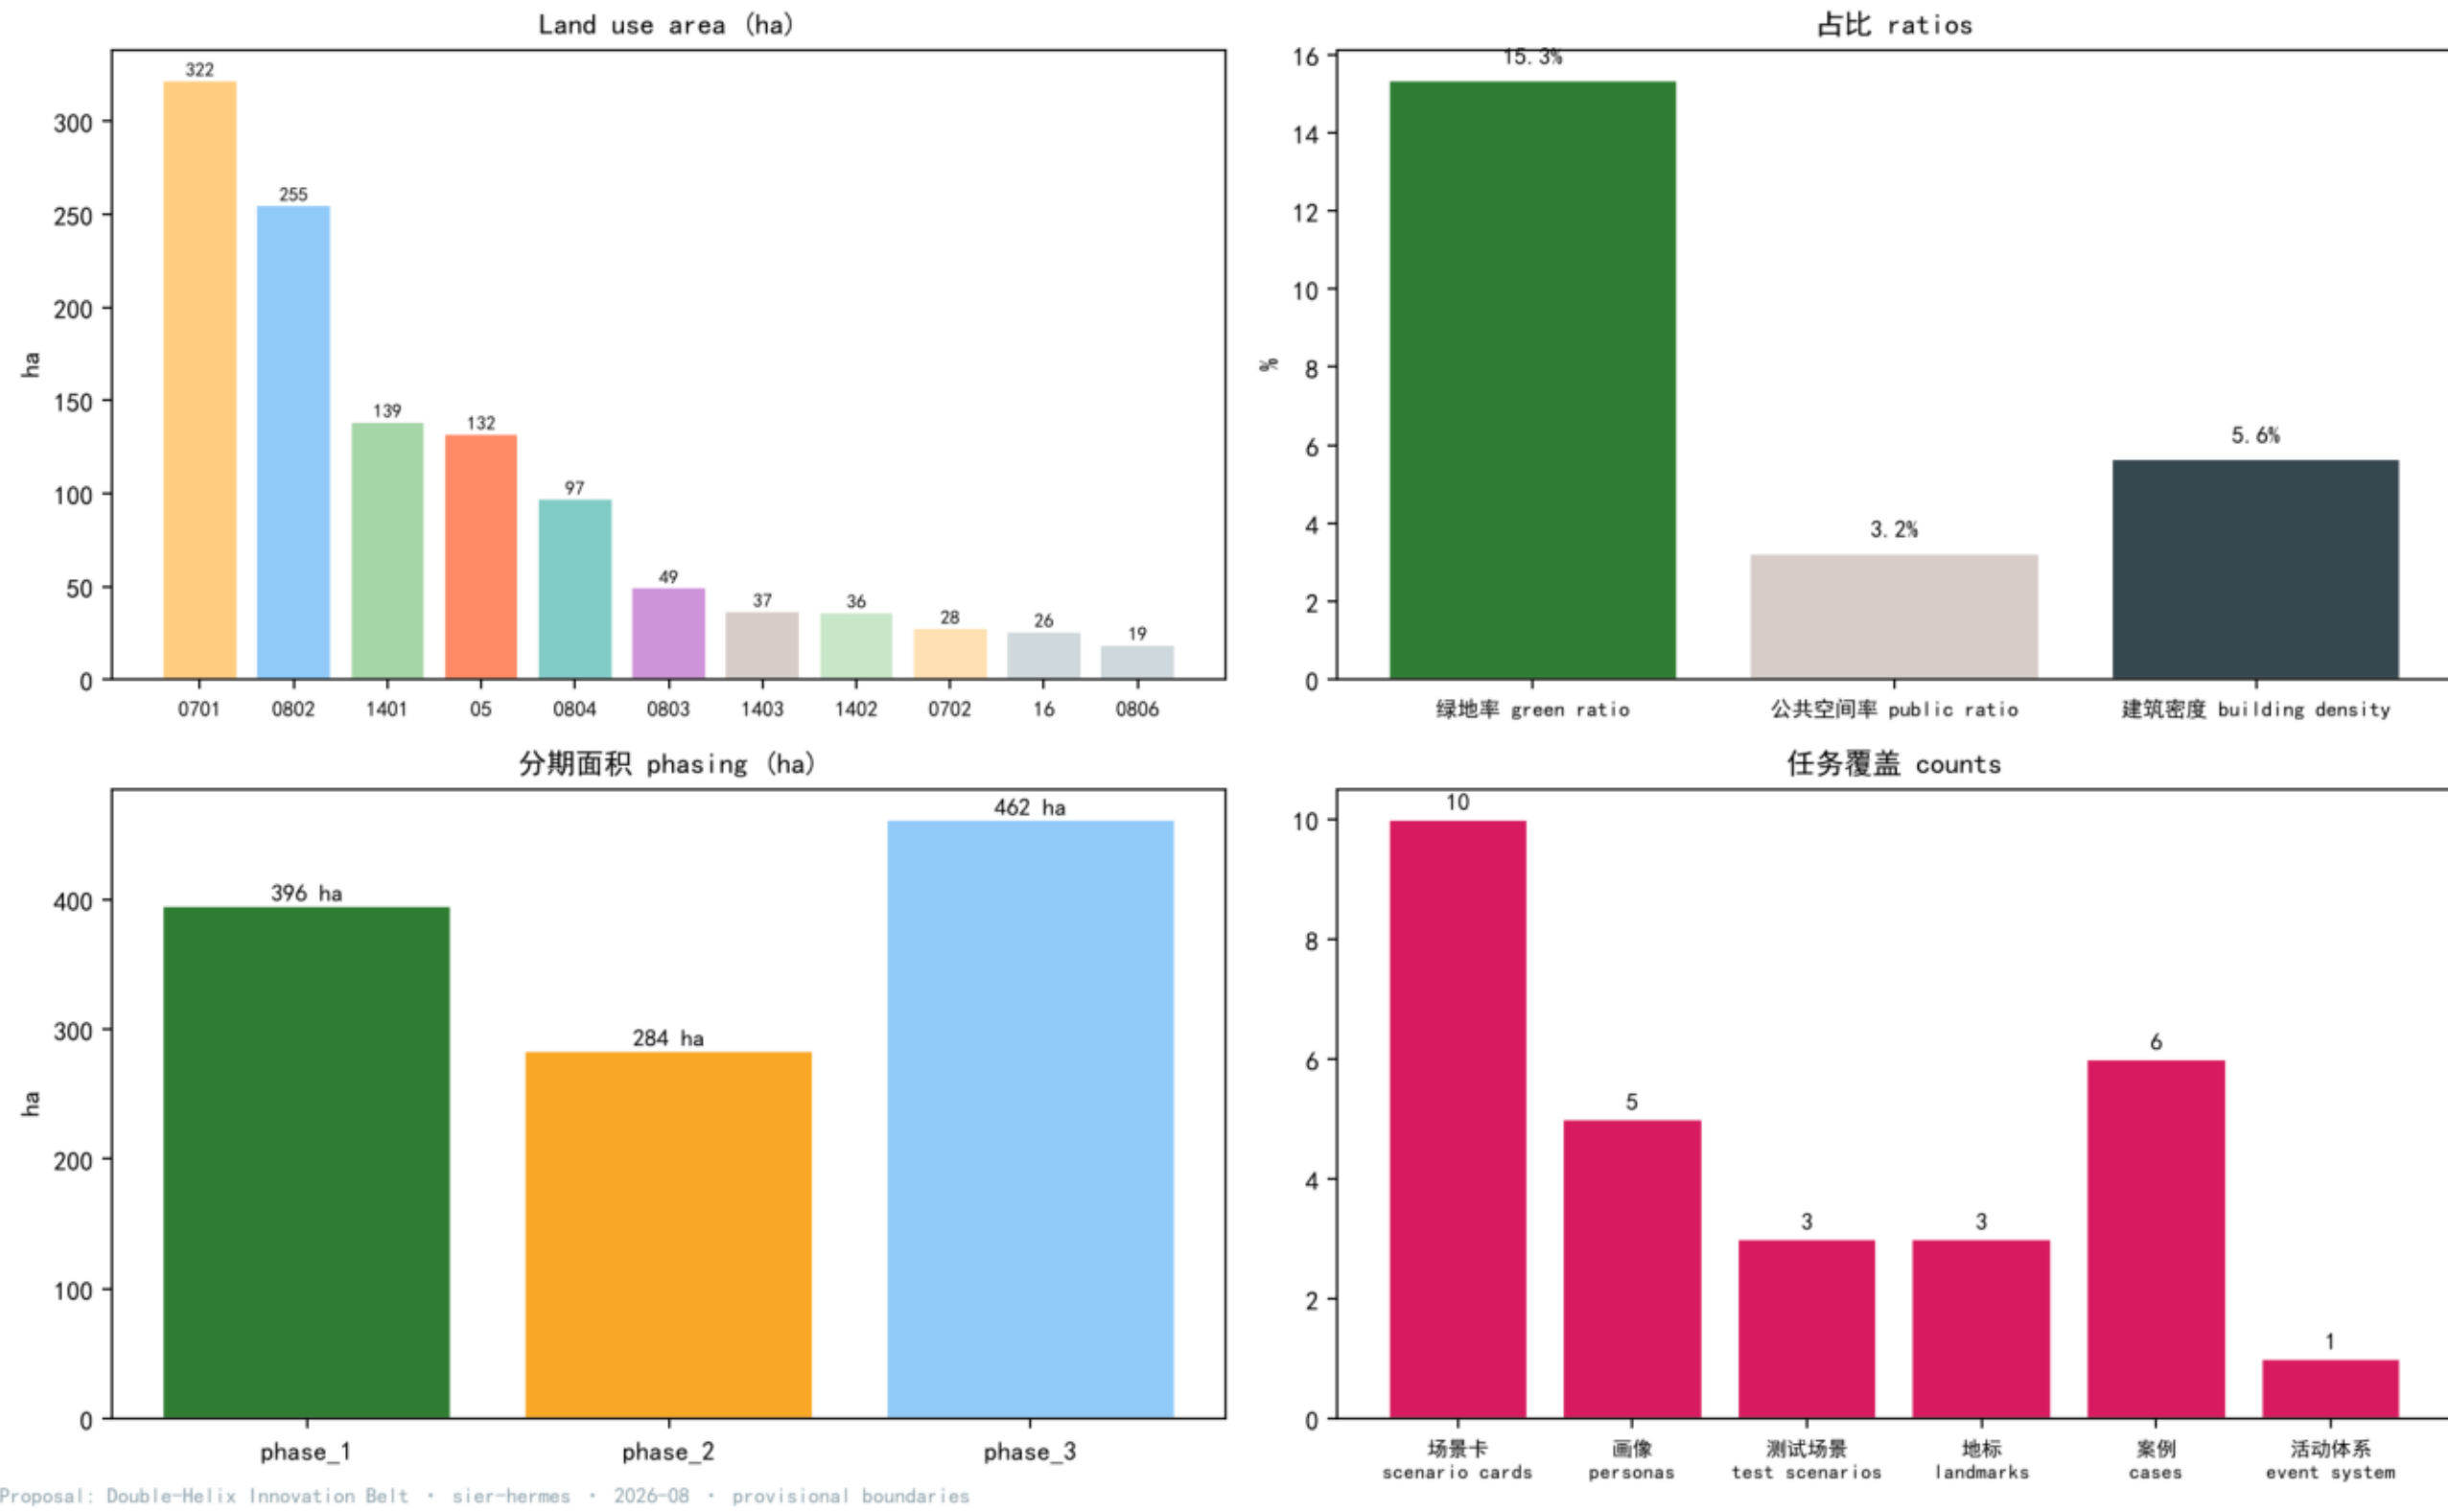

Key Areas – Three gene nodes

Fig.2 Double-helix land structure
Provisional constraint boundaries; recalculate when official redlines are published

Land Use – Double-helix land structure

Fig.5 Core metric recalculation evidence
Areas recalculated in EPSG:4548; control metrics pending official regulatory conditions

Metrics – Recalculation evidence and phasing
